

[Demo] NLP Dataset for Customer Service Automation

Company Type	Internet Service Providers
Inquiry Category	Modem or router configuration assistance
Inquiry Sub-Category	DNS Configuration
Description	Customers may require assistance in configuring Domain Name System (DNS) settings on their modems or routers to improve browsing speed, access restricted content, or resolve DNS-related issues.
Data Size	5,012 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Internet Service Provider" customer inquiry. (Purchased data will not be masked.)

Will reconfiguring DNS settings _____ with _____ browsing speeds _____ connection issues?

Will we _____ able _____ speed _____ web surfing and _____ any _____ with _____ our _____ network _____?
 _____ changing the _____ speed?

The re _____ of _____ settings of our home _____ help _____ issues, _____ a benefit for slow browsing
 _____ possible to fix _____ web speeds by _____.

_____ of the DNS settings _____ with slower internet _____.

_____ the _____ of _____ of _____ home network help _____ slow browsing?

_____ the _____ network's nameservers _____ affect _____.

_____ re _____ of the _____ settings _____ home network help _____ issues with _____?

Changing _____ network's _____ browsing speeds?

_____ DNS settings on our home _____ equipment _____ browsing speeds or _____?

Will the re _____ of _____ DNS settings of _____ network _____ connection?

_____ it possible _____ fix sluggish websurfing _____ a _____ dns _____?

_____ the re-configuration _____ the _____ settings _____ slower speeds _____ Connection issues?

Is it possible _____ our home _____ our slow _____?

We have _____ service _____ if re _____ settings will help.
 _____ the DNS settings to _____ our network?

Will we _____ up _____ if _____ the setup _____ our home network?

Slow browsing _____ network _____ fixed by changing _____.

Will _____ re _____ of the _____ with _____ or is _____ for _____ speeds?

_____ the _____ configuring of _____ settings _____ connection issues or is it _____ a _____ speeds?

Is changing the _____ improve my _____?

Reconfiguring the DNS _____ household's networking gear _____ able to _____ slow _____ connection challenges.

Reconfiguring the DNS _____ networking _____ could _____ browsers and connection challenges.

The _____ configuring of the DNS settings of _____ equipment will help with _____.

_____ configuring _____ DNS settings _____ network _____ can _____ with slow browsing and _____.

Any _____ speed _____ adjusting the _____ nameservers?

Will the _____ the DNS settings _____ network _____ help with _____ issues or _____ just a benefit _____ speeds?

_____ the internet service issues we _____ will be solved by _____?

_____ the re configuring of _____ settings of _____ equipment help _____ when using _____?

Reconfiguring _____ DNS settings _____ household's _____ with slow _____ performance and _____ challenges.

Slow _____ our network _____ fixed with _____ settings.

Is _____ to _____ connection issues _____ home _____ configuring DNS settings?

Is _____ for sluggish websurfing _____ to _____ resolved _____ setup?

_____ changing home network's _____ able _____?

_____ think _____ the DNS _____ in _____ equipment would improve _____ browsing speeds?

Is _____ re configuring _____ the _____ settings of our _____ network _____ just _____?

_____ changing _____ DNS _____ browsing?

The _____ configuring of the DNS _____ of _____ equipment _____ help _____ issues.

_____ it possible to adjust the DNS settings _____ gear to _____?

_____ the home network's _____ could _____.

_____ altering the _____ server work to _____?

_____ change the settings _____ to increase our browsing _____?

_____ re _____ the DNS settings _____ home network help _____ is it just slow browsing _____?

_____ it possible to improve _____ browsing _____ by _____ the DNS _____ in _____?

Will we be able _____ speed _____ if _____ setup _____ our _____ network equipment?

Is it possible _____ network's DNS _____ with speed or _____?

Is _____ for the _____ service _____ to be _____ re configuring the DNS _____?

_____ be _____ to _____ connection issues by _____ DNS?

_____ the DNS _____ resolve _____ internet browsing.

Slow _____ may _____ fixed _____ settings.

Slow _____ can be fixed _____ my _____ network's _____.

Will _____ re _____ of the DNS _____ home network help _____ browsing _____ problems?

Will the _____ the dns settings _____ network _____ help us _____ connection _____ or is _____ just _____ speeds?

_____ change the _____ of the dns _____ our home network _____ to deal _____ internet?

_____ home network's _____ will be changed _____.

_____ possible that tweaking the _____ could _____ the _____ connection?

_____ for _____ speeds to be resolved _____ domain setup?

Do _____ think _____ service issues we have _____ solved _____ re configuring _____ DNS _____?

_____ the re-configuration _____ dns settings _____ to help _____ slower _____ speeds?

_____ re-configuration of the _____ help us _____ slow _____?

_____ possible to _____ browsing speeds and _____ connection _____ by _____ the DNS settings _____ home _____?

_____ the domain _____ on our network _____ to make _____ internet easier _____?

_____ internet service _____ and we want _____ if _____ configuring DNS _____ will _____.

The _____ the DNS settings _____ help us _____.

_____ can _____ my internet speed.

_____ reconfiguring the _____ settings on _____ network help us _____ speeds?

_____ changing _____ DNS _____ network equipment help us with slow _____?

Does changing _____ config _____ speed up _____ internet?

_____ to improve browsing speeds _____ tuning the DNS settings _____ our _____?

Is changing _____ going _____ aid browsing speeds?

_____ changing the _____ domain _____ and other problems?

Will _____ DNS settings of _____ home _____ help _____ connection _____ slow _____ speeds?

Will we _____ able to _____ up _____ surfing _____ fix _____ if _____ change our _____ setup?

Slow browsing _____ be _____ by _____ network's DNS settings.

_____ it possible _____ the _____ issues we have will _____ helped _____ re configuring of _____?

Is it possible _____ network's _____ to _____ with connection _____?

Will the _____ the DNS settings of our _____ equipment _____ with connection _____ it just _____ have slower browsing _____?

Is _____ to _____ internet by messing with the DNS _____?

Does _____ DNS help with _____?

With _____ slow browsing or connection _____ re configuring of _____ of our home _____?

Will modifying the _____ sluggishness and _____ issues?

Do you _____ internet service _____ solved _____ re configuring the _____?

_____ the DNS settings in _____ gear _____ browser performance.

Is _____ sluggish websurfing _____ with _____ modified DNS setup?

_____ you _____ re-configuring _____ settings will help _____ internet speeds?

Is it _____ to fix connection issues _____ home _____ by _____ configuring _____?

Will _____ home network's _____ sluggishness?

_____ it _____ improve browsing speeds _____ tuning the DNS _____ in _____?

_____ changing _____ nameservers _____ slow browsing?

Is _____ get _____ internet _____ solved _____ re configuring the DNS _____?

Can we change _____ domain settings _____ network _____ to _____ it _____ the _____?

_____ re-configuring of the dns _____ help us _____ slower _____?

_____ the _____ configuring _____ the DNS settings of our home network equipment _____ with _____?

Is _____ possible that _____ with a modified _____ setup.

_____ the _____ able to _____ sluggishness _____ the internet?

Is _____ possible _____ the _____ in our setup resolve _____?

Is _____ to _____ the domain name _____ gear to _____ things up _____?

_____ the _____ of the _____ of _____ home _____ help us _____ connection _____ or is it just _____ speeds?

Slow _____ can be _____ settings on the network.

Is it _____ that _____ we _____ be solved by _____ the DNS settings.

_____ re configuring _____ DNS _____ of _____ network equipment _____ help with connection _____ or is it _____ for _____ browsing _____

_____ the _____ be modified to fix _____?

_____ the _____ configuring _____ the DNS _____ with _____ issues _____ it just for browsing speeds?

Reconfiguring the _____ in _____ networking _____ could address slow browser _____ connection _____.

_____ it possible _____ service _____ mitigated by re configuring DNS settings?

Will _____ network's nameserver _____ sluggishness and _____?

_____ the _____ configuring of the _____ of our home _____ connection _____ or just _____ for _____ browsing speeds?

Is it _____ the _____ sluggishness in web browsing?

Is _____ possible to _____ internet _____ changing _____ config?

Slower _____ may be _____ modified DNS _____.

Can the _____ of the _____ fix slow _____?

_____ configuring of _____ of our home _____ help _____ or _____ it only for browsing speeds?

Is it possible _____ settings _____ slow browsing?

We may _____ able to address slow browser _____ and connection challenges _____ gear.

_____ re-configuring _____ dns settings _____ help with _____ internet speeds?

Does altering _____ domain name _____ work for _____?

Can we _____ settings _____ our network _____ to _____ it easier _____ internet?

Is it worth _____ my _____ get better _____ access and _____?

_____ possible to fix slow internet _____ changing _____?

_____ to improve _____ by tweaking the domain _____ system _____?

_____ the home network's _____ be changed _____ issues?

_____ it possible that websurfing _____ with _____ modified _____ setup?

Slower _____ be resolved _____ the DNS setup.

The re _____ the DNS _____ can help with slow browsing or _____ issues.

____ you ____ tuning the ____ settings in ____ home ____ improve browsing ____?
 Will ____ re ____ settings of the ____ network equipment ____ with ____ or is it ____ browsing speeds?
 ____ configuring of the DNS ____ our home network equipment ____ with ____ issues, ____ just ____ have ____
 browsing ____?
 ____ it ____ sluggish websurfing ____ to be resolved ____ modified ____?
 ____ it possible ____ modify ____ to improve search speed?
 ____ have internet ____ we want ____ if re ____ DNS settings will ____.
 ____ browsing ____ fixed ____ changing my home network's ____.
 ____ tuning ____ DNS ____ in ____ household ____ improve browsing speeds?
 ____ my ____ network's ____ able ____ fix slow ____ speeds?
 ____ configuring ____ the DNS settings ____ our home network ____ with internet ____ issues?
 Slow ____ speeds ____ be ____ modified DNS setup.
 ____ we be able ____ speed up ____ surfing ____ fix connection issues ____ change ____?
 ____ want ____ know ____ the DNS settings ____ improve internet ____.
 ____ I ____ my ____ speed ____ changing ____ domain name?
 The re configuring ____ network equipment ____ with slow browsing.
 Is ____ adjust DNS ____ to ____ slow browsing?
 Will ____ the DNS settings ____ help with connection ____ or is it ____ browsing ____?
 Is it ____ to ____ the ____ to fix ____?
 ____ speeds ____ resolved with modified DNS ____.
 ____ you think ____ the ____ will help with ____ speeds?
 ____ we be ____ up web ____ if we change ____ home network gear?
 ____ the ____ configuring of ____ DNS settings of ____ help ____ connection issues ____ is ____ slow browsing
 speeds?
 Will modifying ____ domain name system ____ with ____?
 Is ____ the ____ to help ____ slower internet ____?
 Will ____ network's domain ____ system ____ browsing ____?
 Reconfiguring the ____ resolve ____ in web ____.
 Is ____ possible ____ resolve ____ speeds ____ modified domain ____.
 ____ it possible ____ in ____ browsing by ____ the domain?
 Is the re-configuring the ____ to ____ with slower ____?
 Slow ____ will ____ aided ____ changing home ____.
 Is ____ the ____ of the ____ settings will ____ with slower internet ____?
 ____ browsing speeds ____ by changing ____ home network's DNS.
 ____ DNS fix sluggishness?
 Can reconfiguring ____ improve our ____?
 Is ____ DNS ____ helpful ____ slow ____?
 Can changing ____ home ____ setting fix ____ search ____?
 Is ____ possible ____ change the ____ settings ____ things up online?
 Will ____ re ____ the DNS settings ____ our ____ network ____ help with slow browsing ____?
 ____ possible to improve ____ browsing speeds by tuning ____ DNS ____ our ____?
 ____ settings of ____ home network help with connection ____ or slow browsing ____?
 ____ the internet ____ issues ____ have be solved with the ____?
 ____ re configuring of the ____ network equipment ____ with ____ with connection?
 Will the ____ of the DNS ____ our ____ network equipment help ____ connection ____ or is ____ a ____ slower
 ____ speeds
 Our ____ could be improved ____ reconfiguring ____ settings.
 ____ we ____ able to speed ____ our ____ issues if we ____ our home network ____?
 ____ make it ____ use the internet ____ changing ____ settings ____ network equipment?
 ____ changing ____ settings ____ the slow ____?
 ____ possible ____ settings to increase browsing speeds?

Is _____ settings at home _____?

_____ modifying _____ DNS fix _____ sluggishness?

_____ the home network's _____ changed to address _____ connectivity _____?

Will _____ configuring of the DNS settings _____ our _____ help _____ with connection _____ is it just _____ slower browsing _____

Will _____ re _____ settings help _____ is _____ just a benefit for slow browsing speeds?

Do _____ think adjusting home _____ speed?

Can _____ DNS _____ speed?

_____ changing _____ on the network solve _____ issues?

_____ speeds _____ be improved by _____ network's DNS.

_____ the re configuring _____ the DNS _____ home network _____ slow _____ or connection _____?

_____ fix connection issues with our home _____ by changing _____?

_____ we change _____ nameservers to _____ our internet _____?

_____ the _____ service _____ we _____ be _____ by _____ DNS settings?

_____ the _____ can _____ our browsing _____.

_____ settings at home useful for slow _____?

Will the _____ configuring _____ the _____ settings _____ our _____ network _____ with slow browsing _____ connection _____?

Could changing _____ dns _____ internet _____?

Can we _____ the _____ settings on _____ network _____ to _____ to use _____?

Is _____ to speed up internet _____ config?

The _____ could _____ improved by changing the _____.

_____ think the internet service issues we have _____ re _____ settings?

_____ re _____ of the dns _____ of _____ network equipment help _____ issues _____ connection or _____?

Reconfiguring the _____ settings _____ gear could _____ used to _____ slow _____ performance _____ connection _____.

_____ my _____ network's DNS _____ slow browsing _____?

_____ changing the _____ network's domain _____ system aid _____?

The internet _____ could _____ by changing _____ settings.

_____ the re _____ the _____ settings help _____ issues, or is _____ because we have _____ browsing _____?

Is _____ possible _____ the domain _____ on our network _____ to _____ it easier _____ on _____?

Is it _____ to change _____ network's dns to _____?

Can _____ the _____ settings _____ network equipment to _____ to _____ the internet?

Can changing _____ DNS _____?

Will _____ connection issues _____ our home network with re configuring _____?

_____ it _____ to resolve _____ websurfing _____ with a _____ setup?

Can _____ settings fix _____ slow _____?

_____ the home network's DNS _____ sluggishness _____?

_____ possible _____ change _____ name server settings to fix _____?

_____ change the dns _____ network gear to _____ internet issues?

Is _____ the _____ to improve _____ internet speed?

_____ changing _____ home network's _____ going to _____?

_____ changing _____ settings _____ the _____ equipment solve internet _____?

_____ changing _____ home network's nameserver _____?

_____ to _____ web speeds _____ changing the _____ DNS.

_____ reconfiguring dns able _____ resolve _____ in _____?

_____ be changed to _____ up web surfing _____ any connection issues?

We could _____ browser performance _____ changing the DNS _____ in _____.

Is it possible that _____ sluggishness _____ web _____?

Is _____ worth configuring _____ settings _____ devices for faster internet _____ reliability?

Can _____ DNS _____ improve internet _____?

Can the internet service issues we have _____ of _____ settings?

_____ changing home _____ solve _____?

_____ re configuring of the _____ settings of our _____ network equipment will _____ or _____ .
 _____ think _____ the _____ settings _____ devices for better internet access?
 _____ configuring _____ of _____ home network equipment just a benefit _____ speeds?
 _____ change the settings of _____ DNS _____ browsing faster?
 Will the _____ service issues _____ be solved _____ re configuring _____ ?
 Is _____ to improve _____ connection by _____ setting?
 _____ the _____ service _____ be helped by re _____ DNS _____ ?
 _____ re configuring _____ the _____ settings of our _____ network equipment help with _____ just for _____ ?
 Will re _____ settings _____ network _____ help with _____ browsing or connection _____ ?
 _____ re _____ DNS _____ with _____ internet service issues we _____ ?
 _____ the _____ DNS settings _____ to help _____ the _____ internet speeds?
 Will modifying _____ network's _____ and connection problems?
 Can _____ the network _____ to make _____ easier to _____ on the internet?
 Reconfiguring the _____ settings in our _____ gear could _____ us address _____ performance _____ .
 Can changing _____ settings _____ the _____ fix _____ browsing?
 _____ re configuring _____ settings _____ us _____ connection _____ or _____ browsing speeds?
 Will the _____ configuring _____ dns _____ us with connection _____ or is _____ just _____ have slower _____ ?
 _____ it _____ speeds to be resolved with a modified _____ ?
 Can changing the _____ server _____ browsing?
 Do _____ think it's worth _____ the DNS _____ for _____ access _____ reliability?
 We _____ be able _____ slow _____ and connection _____ changing the DNS _____ our networking _____ .
 _____ re configuring _____ the _____ settings of _____ home _____ help _____ browsing speeds?
 _____ DNS _____ at _____ helpful when browsing?
 Will we be _____ to _____ connection issues _____ by _____ configuring _____ settings?
 _____ the re _____ the DNS settings of the home _____ with _____ is it _____ slow browsing _____ ?
 Do you _____ tuning the _____ in _____ equipment _____ improve _____ speeds?
 Is _____ possible _____ browser _____ connection challenges by _____ the _____ settings _____ our networking gear?
 Reconfiguring the _____ settings _____ could help address _____ performance.
 _____ the _____ help _____ sluggishness in _____ browsing?
 Will _____ re _____ of the DNS _____ our home _____ with connection _____ because we have slower _____ speeds?
 Is it possible to alter _____ make our _____ ?
 _____ able to speed _____ web surfing if we _____ domain _____ our home _____ gear?
 _____ configuring _____ DNS _____ of _____ network equipment help with slow browsing _____ ?
 _____ the home _____ changed to _____ sluggishness?
 Will the _____ have _____ helped _____ configuring _____ domain name settings?
 Does _____ the _____ work _____ speed _____ ?
 _____ websurfing _____ resolved with _____ dns setup.
 _____ the _____ configuring _____ the DNS _____ of our _____ network _____ help _____ with _____ ?
 _____ to fix _____ browsing _____ the DNS settings?
 With issues with connection or slow browsing, _____ settings _____ network equipment?
 _____ setup _____ our _____ speed up web surfing and _____ any _____ issues?
 Will _____ home _____ be changed _____ our web _____ and _____ connection issues?
 _____ changing the _____ on our _____ equipment _____ us _____ slow _____ speeds?
 With speed or connection _____ reconfiguring _____ help?
 I would _____ to know if it is possible to resolve _____ our _____ protocol _____ .
 _____ I _____ my home _____ nameservers to _____ speeds?
 Will _____ home _____ name system _____ sluggishness _____ connection _____ ?
 _____ to _____ internet connection by _____ the DNS _____ ?
 _____ we be _____ resolve _____ issues _____ home network by _____ our DNS _____ ?
 _____ change my nameserver to _____ my _____ ?

_____ we _____ able _____ up web surfing _____ the domain _____ our home network gear?

I _____ if changing my home network's _____ browsing _____.

Can changing _____ home network's _____ with _____?

Is changing _____ settings at _____ slow _____?

Will _____ fix sluggishness _____ other problems?

_____ possible to modify DNS _____ to _____ sluggish browsing?

Is _____ DNS _____ home good _____?

_____ it _____ to increase _____ and resolve connection _____ changing the _____ settings on _____ network?

_____ DNS _____ could improve internet _____.

_____ change the _____ settings to _____ slow internet?

Slow browsing _____ fixed by _____ DNS _____.

_____ re _____ DNS settings _____ home network help with slow browsing _____ connection _____?

_____ modifying _____ network's _____ fix _____ issues?

_____ the re-configuration _____ DNS going to _____ speeds?

Will changing _____ setup on _____ network help _____ web _____ fix any _____ issues?

Slow browsing speeds _____ aid _____ changing home _____.

_____ re-configuring of _____ DNS settings _____ with _____ speeds.

With _____ or connection _____ will _____ re configuring of _____ help?

_____ sluggish _____ resolved _____ a modified DNS _____?

_____ the re _____ the DNS settings helping _____ connection issues _____ it _____ browsing _____?

_____ it _____ increase browsing speeds _____ issues by changing _____ DNS settings on _____ network?

_____ DNS settings in _____ household's networking _____ help _____ slow _____ performance and _____.

Can _____ my internet speed?

_____ the internet _____ by changing the domain _____ our _____ equipment?

Re configuring _____ DNS settings _____ our _____ equipment _____ browsing _____ connection issues.

Is it possible _____ the _____ name _____ improve _____ internet _____?

_____ have internet _____ issues, will _____ DNS _____?

_____ our home network's DNS to fix _____ slow _____?

Slow _____ will _____ helped by _____ the _____ network's _____.

Is the re configuring _____ of _____ home network _____ going _____ help with _____ or _____ browsing _____?

Can you tell _____ if _____ possible to resolve _____ web _____ our _____?

Will the re _____ of the _____ of _____ network _____ help _____ browsing?

Will we be _____ to _____ up web _____ any connection issues _____ our home _____?

Will the _____ configuring _____ settings _____ our _____ network _____ or _____ it _____ benefit for slow browsing speeds?

Is _____ home _____ able to _____ with _____ connection issues?

_____ service _____ have, _____ configuring the DNS settings help?

Can _____ the _____ improve _____ speed?

Will _____ the home network's _____ sluggishness?

Is _____ resolve sluggish _____ speeds _____ modified DNS _____?

Is it possible _____ fix _____ messing _____ theDNS?

I would _____ know if _____ is _____ to resolve slow web _____ in _____ router's _____.

Do _____ think tuning _____ our household equipment _____ improve browsing _____?

_____ settings improve our _____ speeds?

Will _____ re configuring of _____ dns _____ help with connection issues or is _____ just _____

_____ a _____ regarding the _____ of sluggish _____ speeds with modified _____.

_____ be resolved with modifiedDNS _____.

_____ changing _____ network's _____ slow downs?

Will _____ of _____ settings _____ our home network help _____ browsing speeds?

Will the reconfiguration of _____ settings of our _____ network _____ with _____ connection _____?

Will the home _____ DNS _____ to _____ ?

Will the re configuring of _____ of the _____ network equipment _____ with _____ or is _____ ?

Is it _____ to _____ browsing _____ tuning _____ DNS _____ your household _____ ?

Is _____ change the home network's _____ solve connection _____ ?

_____ configuring of _____ of our home _____ may _____ issues or is _____ benefit for slow browsing speeds.

Slow _____ speeds _____ be _____ my _____ network's DNS.

Is _____ possible to _____ web speeds _____ altering _____ ?

Slow internet browsing or connection _____ be solved _____ on _____ home network _____.

Can you tell _____ possible _____ slow _____ changes in _____ internet protocol address?

_____ speeds _____ be resolved with a modified DNS setup?

Is _____ possible that _____ are resolved _____ modified _____ ?

Is it _____ home network's DNS to help _____ ?

Slow _____ on our network can _____ fixed _____

Will _____ re _____ the _____ settings on _____ home network help with _____ issues?

_____ slow _____ or _____ will _____ re configuring of _____ our home network _____ help?

_____ it _____ websurfing _____ to _____ with modified DNS setup?

Will the _____ configuring _____ the _____ of _____ home _____ help _____ is it only _____ browsing speeds?

_____ tell _____ the DNS settings could improve internet _____ ?

_____ change _____ nameserver _____ improve my _____ speed?

_____ it _____ to adjust the network _____ settings _____ things _____ online?

_____ be aided by changing _____ network's DNS.

_____ changing _____ domain _____ on our home network _____ web surfing _____ fix any _____ ?

Will _____ configuring of the DNS settings _____ is it just a benefit _____ speeds?

Will _____ re _____ the DNS settings of _____ home network _____ help _____ and _____ browsing _____ ?

Do _____ think tuning the DNS settings _____ improve browsing _____ resolve _____ ?

Will _____ settings on _____ home _____ equipment _____ with slower _____ ?

Will the _____ the DNS _____ of _____ network _____ with slow browsing _____ connection _____ ?

_____ of the DNS settings _____ help with _____.

_____ browsing on our _____ fixed by changing the _____

Can _____ the _____ on our _____ make _____ easier to use _____ internet?

_____ the re configuring of _____ settings of our _____ network _____ with _____ issues _____ speeds?

Will changing _____ browsing speeds?

_____ configuring _____ the _____ settings _____ the _____ network help with connection issues, or is _____ just _____ for _____ browsing _____ ?

_____ it _____ to _____ browsing speeds _____ tuning _____ in our household _____.

_____ think _____ settings in our household equipment _____ improve browsing speeds _____ ?

Do _____ re configuring _____ DNS settings of _____ home network equipment _____ connection _____ or slow browsing _____ ?

Will _____ home network's _____ ?

_____ re configuring _____ the DNS settings _____ the _____ may _____ connection issues or _____ browsing _____.

Will reconfiguring DNS settings _____ network _____ with _____ speeds or _____ issues?

Will _____ home _____ nameservers _____ slow browsing _____ ?

_____ the internet _____ issues _____ with the _____ of DNS _____ ?

_____ home _____ name _____ affect speed.

_____ my internet speed _____ changing _____ domain?

_____ was wondering _____ tweaking _____ DNS _____ could improve _____ ?

_____ it possible to _____ connection issues _____ our _____ configuring _____ settings?

Can _____ network's _____ fix _____ browsing speeds?

Will _____ re-configuring the domain name server help _____ ?

_____ the _____ could _____ an impact on speed.

____ the re ____ of the ____ settings ____ help ____ connection ____ or ____ it because ____ have slower browsing speeds?

____ changing the ____ network's nameserver ____ browsing?

____ changing the DNS settings ____ for ____ browsing?

____ changing the ____ setup on ____ help ____ speed up web surfing ____ fix any ____?

Will the ____ of ____ settings ____ our ____ help us, ____ is it ____ we have ____ browsing speeds?

Is ____ resolve sluggishness ____ browsing ____ reconfiguring dns?

____ changing ____ home network's ____ aid ____?

____ the DNS work ____ internet ____?

Can changing my ____ my ____ browsing ____?

____ configuring of the DNS settings help ____ issues ____ just slow browsing speeds?

____ be ____ to ____ connection ____ our home network by ____ configuring dns ____?

____ settings ____ DNS fix browsing?

____ dns settings ____ this problem?

Is sluggish websurfing ____ with ____ dns ____?

Will the re ____ settings of the ____ network help with ____ or ____?

Slow ____ speeds could ____ changing my ____ network's ____ name _____.

Will ____ configuring of ____ the ____ help with connection ____ is it just ____ we have slower browsing ____?

We have ____ service issues and ____ be possible ____ settings?

____ connection issues ____ will re ____ DNS settings help?

____ the DNS settings ____ our home network equipment may ____ connection ____ a benefit ____ slow browsing _____.

Is ____ fix this ____ by messing ____ the ____ stuff?

____ of the ____ our home network ____ can help with ____ and connection problems.

Reconfiguring ____ DNS settings in ____ household's networking gear ____ fix slow _____.

Do ____ think ____ our household equipment would ____ browsing speeds?

____ reconfiguring home ____ help with ____?

____ re ____ settings ____ our ____ issues or is it just ____ browsing speeds?

Is it possible ____ the internet service ____ we have ____ DNS _____.

Can ____ home fix this?

____ caused by changing home network's domain ____?

Will ____ re ____ DNS settings of our ____ network ____ help ____ issues with ____ slow ____?

Is ____ possible that the internet service issues we ____ be ____ domain ____ system?

____ websurfing ____ may be resolved with ____ dns _____.

____ you ____ in our household equipment would ____ browsing speeds?

Can ____ the ____ nameservers ____ internet ____?

____ possible ____ slow internet with changing DNS ____?

Slow browsing ____ changing my ____ network's domain name _____.

Will ____ re ____ of ____ dns settings ____ the home ____ help ____ issues ____ slow browsing ____?

We could address slow browser ____ the ____ on ____ networking gear

Will the re configuring ____ the ____ help with ____ it only ____ we have ____ speeds?

Is ____ the home network's DNS to ____ connection ____?

Is the re-configuring ____ the dns settings ____ to ____?

Can we change our home network's ____ name ____?

____ DNS be changed ____ sluggishness and ____ problems?

____ changing the domain ____ work ____ the ____ up?

Can changing the ____ name server on my home ____?

____ it ____ to ____ the domain ____ fix ____ browsing?

____ configuring ____ the ____ settings ____ home network ____ help with ____ with connection or slow _____.

Changing ____ network's ____ an ____ on speed.

_____ home network's _____ speed up _____ browsing?
 Is the re _____ of _____ settings _____ home _____ equipment going to _____ issues?
 Will reconfiguring _____ our home _____ equipment _____ us with _____ browsing _____?
 _____ network's DNS _____ with connection problems.
 _____ the internet service issues _____ have can be _____ re configuring _____ dns _____?
 _____ the _____ the DNS settings help _____ with _____?
 Is it _____ configuring the DNS _____ devices _____ internet access?
 Would we _____ up _____ if we changed the DNS settings _____ network _____?
 Can _____ settings _____ remedy internet problems?
 Is _____ possible to change _____ on our _____ gear _____ speed _____?
 Can _____ setting of the _____ on our _____ network _____ to _____ with _____ internet?
 Should _____ modify my _____ network's DNS _____ slow _____ times?
 Re configuring the DNS _____ of our _____ with connection issues, or _____ it _____ browsing _____?
 _____ re _____ the dns settings help _____ or is it just _____ we have _____ browsing _____?
 Is _____ the home _____ help with _____?
 Will re-configuring _____ DNS _____ us _____?
 _____ to resolve connection _____ changing the DNS?
 Can I _____ nameserver _____ speed _____ my browsing?
 _____ re _____ of the DNS _____ on _____ home network help with _____ or is it _____ browsing speeds?
 Will _____ re configuring _____ settings _____ network help with _____ browsing?
 _____ it _____ to _____ the _____ to _____ our browsing speed?
 Will _____ configuring the DNS settings _____ our _____ network equipment _____ issues, _____ is it _____ have _____ speeds?
 _____ changing _____ nameservers improve _____ speeds?
 Can _____ the _____ settings _____ the slow _____ network?
 _____ the _____ network's DNS fix _____?
 _____ the DNS _____ to help _____ connection _____?
 Will changing _____ DNS _____ browsing?
 The internet _____ we _____ re _____ settings help?
 The _____ DNS _____ us with slower internet speeds.
 _____ the internet service _____ by re _____ domain _____ system?
 _____ my _____ network's network nameserver fix slow _____?
 _____ the _____ of the _____ settings _____ our home _____ with connection issues _____ is _____ just because _____ have _____ browsing _____.
 _____ we _____ our _____ settings to make _____ browsing _____?
 _____ sluggish websurfing _____ with _____ modified DNS _____?
 Is it _____ to modify _____ network's DNS _____ improve _____?
 _____ it _____ connection _____ our home network by _____ DNS settings?
 Re-configuring _____ settings will help us _____ internet _____.
 _____ it possible _____ websurfing speeds _____ resolved with a _____ domain _____?
 Can _____ DNS _____ slow _____ browsing?
 _____ it _____ that sluggish websurfing _____ are resolved by _____?
 Will changing the nameserver on _____ home network _____ up _____ fix _____?
 Will we _____ able to speed up web _____ issues by changing _____ home _____?
 Can _____ the domain settings on _____ to _____ it easier _____ the _____?
 We have _____ service _____ are _____ if _____ the DNS _____ will help _____.
 _____ home network's domain _____ slowdowns?
 _____ it _____ that the internet service issues _____ could _____ by _____ configuring the _____?
 Will _____ on our home network _____ help with _____ browsing _____ connection _____?
 _____ the _____ of _____ settings help us _____ internet speeds?
 Will adjusting _____ slow _____?

_____ can _____ fixed if my _____ name system is changed.

Is tuning the DNS _____ in _____ equipment _____ to _____?

Can _____ home network's _____ name resolve _____ speeds?

_____ can fix slow _____

_____ configuring _____ the _____ of our home network _____ help _____ connection issues or _____ just _____ browsing speeds.

_____ you think _____ the _____ settings will _____ with _____?

Is _____ to improve _____ adjusting the _____ settings on _____ network?

Will _____ to _____ up web surfing if _____ DNS _____ on _____ network gear?

_____ home network's DNS _____ speeds?

_____ it possible that _____ sluggishness?

_____ possible to increase _____ speeds _____ DNS _____ on our home _____?

Is it possible to _____ websurfing _____ with _____ setup?

_____ changing my home _____ nameserver _____ my slow _____?

Is _____ worth configuring the _____ settings _____ devices _____ better internet _____ and _____?

Will the _____ to fix sluggishness and other _____?

Can _____ change my _____ nameserver _____ speed up _____?

_____ changing the DNS _____ to _____ browsing on _____ network?

_____ am wondering if changing the _____ can _____.

Will the re _____ of the DNS _____ of _____ equipment _____ problems?

_____ DNS settings at home _____ fix this?

_____ changing the nameserver setup _____ speed up _____ surfing and _____ connection _____?

Is _____ possible to improve _____ browsing speeds _____ tuning _____ in _____?

_____ nameserver _____ our home _____ up _____ surfing and fix _____ issues?

_____ have _____ are _____ if re _____ the dns settings _____ help.

_____ of the _____ of our _____ network equipment help _____ connection issues _____ just _____ browsing speeds?

Does reconfiguring _____ resolve sluggishness _____?

Will we be able _____ changing the _____?

Will the _____ configuring of the DNS settings _____ home _____ equipment _____ with _____ connection _____ slow _____?

Speed or _____ problems _____ be _____ with reconfiguring the _____.

_____ the name _____ the network solve _____ issues?

Is it _____ that tuning the DNS _____ in _____ our browsing _____?

_____ browsing speeds _____ by _____ network's domain nameserver.

_____ speed from _____ the home _____ domain name _____?

_____ the _____ configuring of _____ DNS settings of our _____ network _____ connection issues, or is _____ benefit _____ slow _____

_____ it possible to _____ dns settings _____ increase our _____?

_____ configuring of the DNS _____ of our _____ network equipment help _____ issues _____ slow _____?

Does altering _____ domain name _____ work to _____?

Will the _____ configuring _____ DNS _____ on our _____ help us with _____ or _____ speeds?

_____ we _____ to _____ connection issues _____ our _____ network _____ re _____ DNS settings?

Will we be able _____ surfing _____ issues after _____ our _____ network setup?

_____ we be _____ resolve _____ with changing DNS?

Can we change the _____ the _____ it _____ to _____ the internet?

_____ configuring of the _____ settings help _____ browsing or _____ problems?

Will _____ settings _____ our home _____ help us with _____ browsing _____?

_____ settings _____ improve internet or connection problems?

_____ the domain settings on _____ network _____ be _____ make it easier _____?

Will the change _____ name _____ slow _____ speeds?

Will the internet _____ having be solved by _____ configuring _____ settings?

_____ able to _____ web surfing _____ fix any connection _____ when _____ change _____ home network _____?

Is _____ possible _____ help with connection _____ our home network _____ configuring _____?

Is _____ that the re-configuration of _____ settings will _____ with _____?

Is there _____ solution _____ slow _____ modified DNS setup?

_____ re _____ of the DNS _____ of _____ home network equipment _____ issues or slow _____?

_____ modify _____ system to address slow webpage load times?

Will _____ settings _____ network help with _____ speeds?

Reconfiguring _____ sluggishness in web _____.
