

[Demo] NLP Dataset for Customer Service Automation

Company Type	Auto Repair and Maintenance Shops
Inquiry Category	Problems with the alternator
Inquiry Sub-Category	Alternator belt slipping or breaking
Description	Customers may experience issues with the alternator belt slipping or breaking, leading to a loss of power in the vehicle's electrical system. The shop will inspect and replace worn-out or damaged belts to ensure the alternator functions properly and restores electrical power.
Data Size	5,018 paraphrases
