

[Demo] NLP Dataset for Customer Service Automation

Company Type	Car Dealerships
Inquiry Category	Vehicle specifications and features queries
Inquiry Sub-Category	Advanced Technology and Innovation
Description	Customers are interested in learning about any cutting-edge technology or innovations in the vehicle, such as hybrid or electric powertrains, autonomous driving capabilities, park assist, adaptive cruise control, and advanced sensors, to stay ahead of automotive trends and advancements.
Data Size	10,436 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Car Dealership" customer inquiry. (Purchased data will not be masked.)

____ electric powertrains ____ as an option ____ this ____ offering ____ solutions?

____ it possible to choose ____ eco-friendly electric ____ model?

Can ____ electric ____ for transportation?

____ the car be ____ electric ____?

Is it ____ eco-friendly transportation ____ an ____ model?

Is ____ possible ____ get a ____ transport ____ an electric ____?

Does ____ model ____ electric ____ to ____?

____ model include eco-conscious ____?

____ I ____ the ____ of adding an electric ____ this ____?

____ about a ____ solution ____ an ____ powertrain?

____ this model have electric ____?

____ electric ____ option in this ____?

Is it possible ____ electrical ____ this particular make ____?

Is ____ car engineered to offer more ____ of ____?

Is ____ use an ____ engine ____ this ____ specifications.

____ model have electric ____ green ____?

____ I ____ vehicle with an ____ system?

Is there ____ for ____ here?

I don't ____ this model ____ an ____ power ____.

____ switch ____ an ____ power ____ for this vehicle?

____ the ____ provide ____ transport with ____?

____ vehicle come with ____ electric ____ for more ____?

I was ____ get ____ powertrain for the model.

____ this vehicle have ____ of electric powertrains ____ more ____ driving ____?

____ any option ____ green transportation with ____ electric ____?

____ model have ____ power source?

Is ____ possible ____ add ____ to this ____ in a way ____ is ____?

____ are ____ for this car?

Are green ____ alternatives ____ electricity-driven engines ____ these ____?

____ there ____ an ____ to ____ electric ____?

____ a choice of electric powertrains for ____ more ____ driving ____?

Does the particular ____ offer ____?

I ____ transportation flexibility ____ I use ____ powertrains ____ model?

____ they ____ electric-power alternatives in ____?

Is there ____ powertrain ____ vehicle?

Are ____ an ____ for ____ here?

____ it possible to ____ flexibility by opting ____ powertrains?

Does ____ an electric motor that ____ green?

____ electric ____ this car?

____ offer ____ powered alternatives?

Is ____ possible ____ environment ____ transportation by choosing ____ electrical version of ____ model?

Can ____ add ____ electric ____ this particular car?

____ this particular ____ electric ____?

Does ____ model ____ an ____ option?

Is this ____ an ____ powertrain ____ a ____ commute?

Is ____ electric option ____ this ____?

Is it ____ this model ____ powertrains ____ an add ____?

____ this ____ of going ____ an electric powertrain?

Does ____ model ____ engines?

____ an option ____ use ____ powertrain?

Is ____ to ____ with this model's ____ powertrain?

Does ____ have ____ an electric vehicle?

You ____ tell ____ this ____ electric powertrains.

Is ____ possible ____ choose a ____ solution with ____ electric ____?

Is ____ possible ____ choose ____ electric powertrain on ____?

Does this car have ____ is ____ to the ____?

____ be an option to ____ with ____ engines.

____ electric ____ available for ____ looking ____ go green?

Is ____ possible ____ electric ____ in the ____ specifications?

Is this a model ____?

Can ____ choose ____ eco-friendly ____ this ____ of car?

____ may be an option ____ this car.

____ electric powertrain option ____?

Is there electric powertrains available ____ who ____?

Does ____ vehicle provide sustainable ____ electric ____?

Does the vehicle ____ the ____ electric ____ a more ____ experience?

____ an ____ to retrofit ____ car with ____ engines?

Is it possible to ____ green transportation alternative ____ power system ____?

Will I ____ go green ____ an electric ____?

Is ____ eco-conscious electric ____ model?

Is ____ choose sustainable transport ____ an electric ____?

____ options are ____ with an electric powertrain?

____ I get an electric ____?

____ you ____ if this car is ____ with ____ powertrains ____ transportation?

Would you like ____ learn if this ____ model has ____?

____ possible to ____ through ____ powered ____?

Is ____ possible ____ opt for ____ the choice of ____?

____ it possible for ____ model to offer a ____ solution ____?

Is _____ engines _____ models green mobility _____?
 _____ the _____ come with _____ for those who _____ to _____?
 _____ vehicle _____ with _____ for a more eco-friendly driving _____?
 _____ am _____ this model _____ an electric power option.
 _____ chance of _____ electric-power driven _____ of _____ vehicle?
 I'm wondering _____ this model _____ electric _____.
 Electric powertrains _____ provide _____ transport.
 _____ optional _____ powertrain _____ the model _____?
 _____ the _____ with an _____ option.
 Is _____ of offering _____ powertrains?
 _____ electric powertrains?
 Should electric _____ be _____ in _____?
 Is _____ possible that _____ particular model has _____ for _____?
 _____ your cars have _____ powertrain _____?
 Is it possible _____ use _____ powered engines _____?
 Is it _____ to choose _____ in this _____ for _____?
 Does this vehicle _____ with _____ powertrains _____ driving?
 _____ they _____ electric-powered _____ in this _____?
 Do _____ any _____ green _____ with _____ electric powertrain?
 Is _____ model compatible _____ electric _____ eco-friendly transportation?
 _____ wonder _____ electric powertrains are available _____.
 Is _____ electrical version _____ this _____ make _____ model that _____ environment _____?
 _____ the car _____ power system _____ eco-friendly transportation?
 _____ to find an electric powertrain for this _____?
 Is it possible I _____ powertrain _____ model?
 _____ possible that the car _____ powertrain?
 _____ I _____ electric _____ this _____ in a _____ isn't harmful _____ the environment?
 Is _____ option of adding _____ system to _____ possible?
 Is _____ electric _____ option _____ the _____?
 _____ a chance the model _____ electric _____ option.
 Is _____ true that _____ come _____ electricity-driven _____?
 _____ it possible _____ green _____ flexibility _____ I use electric _____?
 Are _____ with electricity-driven engines _____ are _____?
 The _____ car _____ can I _____ an _____ electric _____?
 Is _____ model _____ eco-friendly _____?
 _____ you _____ this car to _____?
 Do these _____ have _____ that _____?
 _____ powertrains _____ for _____ solutions in this car?
 Is it possible _____ use _____ solutions through _____ in _____ particular _____?
 _____ the _____ lineup include _____ electric _____?
 _____ possible _____ an _____ powertrain for this specific car _____?
 _____ would _____ get _____ transportation flexibility with _____ this model.
 _____ has _____ electric _____ option
 _____ the _____ have electric _____ for _____?
 Is there _____ electric _____ for those who _____?
 Is _____ me to go _____ with _____ electric _____?
 _____ electric equipment _____ option for _____?
 Does _____ an electric _____?
 Can you get an _____ version of _____ make _____?
 _____ the model _____ an _____ drivetrain?

_____ get _____ eco-friendly, electricity-powered thingamajigs _____ ride?
 _____ will _____ find the _____ of eco-friendly transportation solutions _____ electric powertrains?
 Interested _____ knowing _____ the model is equipped _____ transportation?
 _____ are _____ alternatives with _____ engines _____ these models.
 Does the _____ electric _____?
 Is _____ possible to _____ electric engine?
 _____ I _____ an electric _____ model.
 Is _____ to make _____ solutions _____ electric cars?
 Is it _____ an _____ version of _____ particular _____?
 They might _____ a sustainable _____ solution _____ electric _____.
 Is _____ to use an _____?
 Is it _____ choose _____ transportation solution _____ electric powertrains _____ this _____?
 _____ it _____ for the model to _____ an _____ powertrain?
 Does _____ have an _____ transport?
 _____ the vehicle offer _____ with _____ options?
 Can this _____ get _____?
 _____ this model _____ electric _____ option?
 Is _____ powertrains on this specific model?
 Are electric _____ option _____ the _____?
 _____ it possible _____ this _____ comes with _____ powertrain.
 _____ powertrain option _____ this model _____.
 Can I _____ my car?
 _____ electric _____ accessible in _____ for eco-friendly _____?
 _____ add _____ electric powertrain _____ my _____?
 I would _____ to _____ if _____ sustainable _____ solution _____ an _____ powertrain.
 _____ model _____ possibly _____ electric powertrain _____.
 Will _____ be able to _____ vehicle with a _____ electric power _____?
 Is _____ to incorporate _____ powertrain in this _____?
 This _____ an option _____ electric powertrains.
 _____ possible that this _____ comes with an _____?
 Does _____ come _____ electric _____?
 Do _____ think electric-powered _____ are _____ this _____?
 Is _____ to go _____ adding an electric _____ car?
 _____ wonder if this car has a _____.
 _____ in _____ this _____ equipped _____ electric powertrains for _____ transportation?
 _____ exist _____ the car?
 _____ it _____ to _____ using electric powered _____?
 Is _____ to _____ the _____ electric engines?
 Does the _____ have _____ transportation?
 Is _____ transportation _____ an _____ model?
 _____ it _____ to _____ an eco-friendly transport solution using _____ electric _____?
 Is _____ car equipped _____ an _____?
 Does _____ come _____ a more green driving experience?
 _____ way to _____ this car with _____ engine?
 Is _____ with _____ engines?
 Does this model _____?
 _____ possible _____ electric powerplant _____ this car's specifications?
 _____ this _____ equipped _____ electric _____?
 _____ it possible to use electric _____ on this _____ order to _____?
 This _____ model _____ have _____ electric _____.

Is it _____ transportation _____ by using electric powertrains _____ this _____?

Does the _____ have _____?

This car _____ had _____ right?

Is it _____ electric powertrains _____ this _____ friendly transport?

_____ has an _____ Powertrain _____.

Is _____ an electric _____ in _____?

Is the _____ an _____ powertrain?

Is _____ for _____ in this car?

_____ wonder _____ are an option _____ this particular _____.

Can _____ green _____ electric engine?

Can _____ me _____ there _____ powertrain _____ for this model?

_____ I be able to _____ flexibility _____ electric _____ on this _____?

Is there a _____ to put electric _____?

_____ electric capabilities _____ car?

Can _____ have an eco-friendly _____?

_____ there _____ version of this _____ that _____ can go _____?

I _____ model can be equipped _____ powertrain.

Can _____ with an _____ version of this particular _____?

This _____ have _____ electric _____.

_____ it _____ to _____ sustainable transport solutions with _____?

_____ you _____ me know _____ model offers _____ powertrains?

_____ equipped with an _____ power _____?

_____ the _____ electric for _____?

Is there _____ option?

_____ the car have _____ electric _____ lineup?

_____ it be a _____ with _____?

_____ it _____ to go _____ engines?

Is _____ Powertrains an _____ in _____?

_____ it _____ get eco-friendly _____ by using _____ powertrains?

_____ to get an _____ this _____ make and model?

_____ it _____ that _____ will _____ green with an electric _____?

_____ this _____ with an _____ for a more eco-friendly _____?

_____ variation of this vehicle being _____ by _____?

_____ there a _____ to _____ green with the _____ of _____?

Do your _____ have options _____?

Electric powertrains _____ for _____ solutions.

_____ there an option _____ car to _____ engines?

Does _____ this car _____ electric power system?

Is it _____ to _____ eco-friendly _____ electric vehicles?

_____ equipped with electric powertrains for _____ friendly _____?

_____ possible to _____ version of this _____ and make?

_____ in this model?

_____ transportation accessible _____ this _____ car?

_____ be able to find alternative _____ transport _____ such as _____ this _____?

_____ possible _____ solutions to use an electric _____?

Do _____ electric _____ exist?

In _____ car, is there _____ electric powertrains?

Is _____ electric _____?

Does this _____ the _____ powertrains _____ a _____ sustainable driving experience?

Does _____ model _____ with _____ electric _____?

_____ to use sustainable _____ solutions _____ electric vehicles?
_____ car have an _____?
Is _____ possible _____ electric version of _____ of vehicle?
Is there an option _____ electric _____ on _____.
_____ be able to _____ eco-friendly electric _____ this car _____?
The lineup _____ this car _____ an _____.
_____ choose to _____ electric _____ for this vehicle?
_____ an electric _____ option available _____ model.
Are _____ interested in understanding _____ this _____ with _____ powertrains?
_____ to use electric _____ in this _____?
_____ there _____ for green _____ with an electric _____?
Is _____ for _____ edition?
Does this _____ for people that want _____ go _____?
_____ you _____ model _____ electric _____ to promote eco-friendly transportation?
Is _____ a way _____ electricity _____ car?
Does _____ car have _____ option of an _____?
_____ this car go _____ electric motor?
_____ they _____ a sustainable _____ with an electric _____ model?
Is _____ this model _____ an electric power _____?
_____ possible to go green with an _____?
Is _____ a _____ with an electric _____ option.
_____ this _____ engineered to _____ more sustainable mode of _____ like _____?
Does _____ an _____ option for _____ eco-friendly experience?
Is _____ choose eco-friendly _____ electric _____ available in this model?
_____ engines come as an _____ model?
_____ electric version _____ this model for those _____ go _____?
Does _____ electric _____ as _____ option?
_____ for _____ transport _____ the use of _____ powertrains?
_____ have any _____ green transportation with _____ electric _____?
Is the _____ this particular _____ and model _____?
Does this particular model _____ option?
_____ possible to choose _____ transport solutions _____ electric _____.
_____ model offer _____ transport solution or _____ electric _____?
Can _____ upgrade _____ electric powertrain in _____?
_____ want _____ know if it _____ choose _____ electric transportation _____.
_____ this _____ has electric _____ would you _____?
It _____ possible _____ electric powertrain _____ is _____ in _____ model.
Is it possible _____ through _____ engines in _____?
_____ model _____ for _____ transport?
_____ powertrain option _____ choose from?
Is it _____ could be equipped with an _____?
Is _____ an electric _____ model that _____ can opt _____?
_____ this model an _____ for _____?
_____ possible _____ offer electric options?
_____ it possible to _____ an electric powertrains _____?
_____ this model _____ have an _____ electric _____?
Is there an _____ the _____ model _____ transportation?
Is _____ to _____ this car _____ electric _____ will _____ transportation solutions?
Can I _____ electric _____?
Is it possible _____ get _____?

Does _____ electric powertrain option?

Is _____ electric _____ option for _____?

_____ it possible to _____ this car's specifications.

I want _____ transportation flexibility _____ can I _____ this _____?

Are these _____ equipped _____ engines _____ provide _____ mobility alternatives?

_____ choose an eco-friendly electric powertrain _____ my _____?

Is _____ the option of adding an electric powertrain _____ the _____?

Could you _____ me _____ this _____ offers _____?

_____ particular _____ with electric engines?

_____ powertrains _____ used _____ friendly transportation?

Does the _____ come _____ electric _____ a more _____ driving _____?

Could _____ electric _____ for _____ more efficient commute?

Is _____ electricity _____ these _____ green mobility alternatives?

Is it _____ for this _____ specifications _____ an _____ an _____ transport solution?

Maybe electric-powered engines could _____.

_____ electric powertrain _____ be found _____ model.

Should _____ electric options?

Is _____ get _____ electrical version _____ particular make _____ model?

Is it _____ model has electric _____ that _____?

_____ this model come with _____ for _____?

_____ designed to offer more _____ modes _____ transportation, _____ powertrains?

Is this _____?

_____ this _____ go green _____ an _____?

There _____ be _____ electric _____ here.

_____ you interested in knowing if the _____ equipped _____ for _____?

_____ this car come with a _____ powertrains for _____ experience?

Do _____ know _____ the _____ an _____ powertrain?

_____ it _____ equipped _____ an electric _____?

Is it _____ to _____ an electric _____ vehicle?

Is it possible _____ version _____ particular make and _____.

Is _____ electric-powered _____?

Is it possible to _____ an electrical version?

Is _____ for save-the-earth _____?

_____ electric powertrains _____ option in _____ model, _____ transportation _____?

Does _____ have electric _____?

_____ to use electric powers in _____ car?

_____ they _____ a sustainable _____ solution with an _____.

Is _____ use an electric _____ this car's _____?

Is _____ adding an electric system _____ this car _____ more _____?

If this _____ has electric _____?

Is _____ to add an _____ to this _____?

_____ transport is possible _____ are _____.

Could _____ equipped _____ a _____ vehicle?

_____ green mobility _____ with _____ engines?

_____ model likely to come _____ electric power _____?

_____ to choose _____ electric powertrain _____ for transportation?

Does _____ model _____ with an _____?

Is _____ available _____ this _____.

Is this model _____ to _____ electric engines _____?

_____ it possible _____ opt for _____ transport _____ electric powertrains _____ model?

Does _____ vehicle _____ transport _____ options?

_____ wants to know if _____ model _____ with an _____.

Do they have _____ electric _____ in _____?

_____ model able to _____ powertrains for _____?

Do eco-conscious _____ for _____ model?

_____ I equip _____ vehicle _____ an _____ system?

_____ model has electric _____ for _____.

_____ have the option _____ electric option?

Eco-friendly transport might _____ powertrains.

_____ it _____ to _____ for eco-friendly _____ powertrains in _____ model?

_____ it possible _____ use _____ electric _____ a car?

_____ vehicle come with _____ electric _____?

Electric _____ could _____ option in this _____ eco-friendly transportation _____.

_____ this model _____ electric vehicles?

Can this _____ components?

_____ possible _____ go _____ with _____ electric powertrain _____ this vehicle?

_____ car engineered _____ a _____ of transportation, such as _____ powertrains?

Is it _____ to _____ green by _____ an _____ this _____.

Is _____ car _____ have an _____?

_____ it _____ to choose electric _____ this model _____ opt _____ eco-friendly _____?

Does _____ an _____ in _____ lineup?

_____ was wondering if I could _____ an option _____ on _____.

_____ I be _____ to _____ electric version _____ model?

_____ also _____ with _____ electric powertrain?

Is there _____ electric _____ could _____ used _____ transportation?

_____ to _____ an electric powertrain in this _____?

_____ to use electric transportation _____ this _____?

Is there _____ power system in _____ is _____?

Has _____ been designed _____ offer _____ sustainable modes _____ like _____ powertrains?

The _____ has _____ for _____.

Is _____ Powertrains _____ the _____?

Is there _____ option to _____ electric _____ this _____?

_____ is an _____ system in _____ car that _____ be _____ eco-friendly _____.

Can I choose _____ in this _____ eco-friendly _____?

_____ electric powertrains _____ eco-friendly transportation?

_____ model available for this _____?

_____ it possible _____ model _____ an electric powertrain?

_____ it possible _____ use _____ with an electric drivetrain.

_____ possible _____ an alternative _____ solution like electric powertrains in _____?

_____ use the electric _____ this _____ to obtain _____ transportation flexibility?

_____ choose _____ powertrains on this model _____ obtain green transportation _____?

Can _____ have electric engines _____?

_____ electric _____ option _____ particular model of vehicle?

There is _____ powertrains _____ this car.

_____ it possible to choose _____ transport _____ using _____?

Can I _____ the _____ electric _____ to this vehicle?

_____ power _____ this model?

Is the _____ designed _____ offer a _____ sustainable _____ like _____?

_____ specific _____ with an _____ option.

_____ this model, _____ a _____ solution with _____ electric powertrain?

Is ____ possible ____ sustainable ____ solutions that use ____ drive?

Can ____ model ____ an ____ option?

Can ____ the option of adding ____ this vehicle?

I ____ can ____ electric powertrain for ____ vehicle.

____ car ____ green ____ an electric ____?

Is there ____ transportation with ____?

____ of ____ car ____ an electric option?

Is ____ an ____ add-on ____ model?

____ possible to choose an ____ version ____ particular ____ model?

Is ____ possible ____ go ____ in ____ through electric-powered ____?

____ a ____ could this ____ an electric powertrain?

____ there be an option ____ an ____ powertrain ____?

Can this ____ with ____ electric ____?

Any chance of ____ driven ____?

Is the ____ to use ____ the ____?

Can the ____ an ____ one?

____ wondering if there ____ options for ____ transportation with an ____.

Is ____ to ____ an ____ through an electric powertrain?

The electric ____ is ____ in ____.

Is this car engineered ____ more ____ of ____ like electric ____?

____ electric-powered ____ transportation ____ this car?

____ electric powertrains available ____ model ____ used for eco-friendly transport?

Is an electric ____ solutions?

Can ____ buy ____ electric ____ this ____?

Has the ____ sustainable ____ with ____?

____ the ____ powertrain in ____ model ____?

There ____ green ____ with ____ electric ____ on this vehicle?

Can ____ be an ____ particular model?

____ this particular vehicle ____ of ____ electric powertrain?

Is there an ____ to add ____ engines ____ car ____ solutions?

Should ____ be ____ with ____ to offer ____ transportation solutions?

____ this ____ have ____ for those ____ want to go ____?

Can ____ powertrains ____ used in ____?

____ it ____ for me ____ choose ____ electric powertrains available?

Can ____ powertrains ____ this car?

Is that ____ variant.

____ I get an ____ for ____?

Is ____ electric powertrains ____ model?

____ particular model ____ electric power for eco-friendly ____?

Do they ____ this vehicle?

Is ____ possible to use sustainable transport ____?

____ be equipped with ____ electric ____.

____ an electric-power ____ variation of this ____.

Is ____ an electric ____ is ____?

____ there an electric ____ this ____?

Is ____ possible ____ option of ____ transportation solutions ____ electric ____?

Has the ____ electric powertrain?

____ electric upgrade on my ____?

Does ____ vehicle ____ with electric ____?

____ there ____ electric powertrain with ____ solution ____ this model?

_____ model _____ cars _____ those who _____ to go green?
 Is there an _____ upgrade _____?
 _____ that this model comes with _____ power option?
 There _____ transportation _____ this vehicle.
 _____ an electric _____ to _____ vehicle _____ I want to _____ green?
 Is there _____ way for sustainable _____ solutions _____ electric _____?
 Has the car _____ offer a more _____ of transportation, _____?
 _____ mobility alternatives _____ electricity-driven engines in _____ models?
 There is _____ powertrain _____ eco-conscious _____ in this _____.
 Is there an _____ powertrain for _____ this _____?
 _____ I use _____ powertrains on _____ get _____ transportation flexibility?
 _____ this _____ have electric capabilities for those _____ want _____?
 Can the _____ model _____ option?
 Do _____ a sustainable transport _____ with _____ electric _____?
 _____ a _____ green with an electric powertrain?
 Is _____ possible _____ this _____ to _____ with an _____ system?
 _____ the _____ electric motor for a _____ eco-friendly _____ experience?
 Would _____ to _____ this _____ car is equipped _____ electric _____?
 Is it _____ sustainable transport _____ an electric _____.
 Does this _____ have _____ of _____ powertrains?
 Is _____ with an _____ powertrain?
 Does _____ particular _____ offer _____?
 Is _____ possible _____ an _____ vehicle _____ transport solutions?
 Does the _____ electric power _____ people _____ want _____ green?
 Does _____ vehicle _____ electric _____?
 _____ I _____ eco-friendly _____ powertrain on _____ car?
 _____ it _____ for _____ model to have eco-conscious _____?
 Is _____ system optional _____ car?
 _____ the option _____ powertrains included in the _____?
 I want to know _____ choose _____ eco-friendly _____.
 Can _____ electrical _____ of _____ particular _____ of vehicle?
 Are electric-powered _____ in _____?
 _____ the _____ with _____ electric powertrain?
 Is _____ way _____ take green transportation _____ powertrain?
 _____ this _____ do _____ electric-powered alternatives?
 _____ might _____ with _____ electric option.
 Can _____ electric powertrain?
 Is _____ electric power system _____?
 _____ use an _____ version of _____ model _____ transportation?
 _____ add an electric _____ to _____ in _____ to be _____?
 _____ for this edition to _____ electric-powered engines?
 _____ this model electric _____ eco _____?
 _____ wonder if this _____ could _____ with _____ powertrain.
 _____ it _____ use _____ powertrains to _____ transportation flexibility?
 _____ get in _____ eco-friendly _____ variant.
 Is _____ an _____ for _____ offer eco-friendly transportation solutions?
 _____ I _____ an electric _____ car?
 _____ it possible _____ fit _____ solutions with an _____?
 Does the _____ have electric _____ that can _____ going _____?
 _____ model has an electric _____.

Is _____ equipped _____ an _____ a cleaner commute?
 _____ it _____ use _____ by _____ powertrains in this model?

Is there _____ electric powertrain _____ those who _____ to _____?

Is _____ possible that _____ with _____ electric power _____?

Is _____ this model _____ have _____ electric option?
 _____ powered by electricity?

Should eco-conscious electric _____?

_____ I be able to _____ powertrain on _____?

Would you _____ know if _____ with electric powertrains?

Can _____ electric powertrain _____ this _____?

Can I _____ electric _____ model?
 _____ this _____ electric powertrains for _____ who are interested _____?

Is _____ made with a choice like _____?
 _____ this _____ provide eco-friendly transport _____ electric powertrains?
 _____ using _____ engines possible _____ edition?

Do they have _____ electric-powered _____?
 _____ are _____ engines for _____ right?

Will I _____ eco-friendly _____ like electric powertrains?

Does _____ have _____ as an _____?
 _____ I be able _____ opt _____ if I use _____?

Does this particular _____ with _____?

Is _____ option to _____ electric _____ in _____ car?

Is _____ possible _____ go green with the _____ of adding _____ powertrain _____?

Is it possible _____ electric powertrains on this _____ green _____?
 _____ it _____ use sustainable transport _____ with _____ electricdrive?

Does _____ model _____ an _____ transportation _____?

Is _____ possible to opt for _____ eco-friendly _____ electric _____?

There's an _____ available _____ this _____.
 _____ it include _____ electric _____?

Would this _____ offer _____ an _____?

Does _____ model have _____?
 _____ transport solutions _____ an _____ drivetrain?
 _____ a green _____ electric car?

Do electric _____ an option _____ this _____?
 _____ your _____ electric options?

Is _____ engineered to offer _____ mode of transportation, like _____?

If _____ is equipped _____ electric powertrains, would _____ know?
 _____ able to _____ if _____ model _____ electric powertrains.
 _____ it possible to _____ solutions with an _____
 _____ it _____ flexibility by opting for _____ powertrains _____ this model.
 _____ you tell me _____ this _____ is _____ powertrains for _____ transportation?

Is an _____ system in _____ an eco-friendly _____?

Does this _____ an electric _____ is _____?

Is it _____ to get _____ sustainable transportation _____ choosing _____?

Does _____ have an _____ powertrain?
 _____ it possible to use an electric powertrain _____?
 _____ the model _____ as an _____?
 _____ there an _____ for _____?
 _____ lineup include _____ choice?

Can _____ model _____ an _____ option?

_____ an electric _____ to this vehicle?

Does _____ vehicle _____ with electric _____ friendly driving experience?

_____ I _____ the _____ to get green transportation flexibility?

Does _____ have _____ of electric powertrains _____ a _____ ecofriendly driving _____?

Is this model able _____ electric _____ transportation?

_____ car _____ to _____ more _____ of transportation, like _____ powertrains?

_____ commute be _____ with an electric _____?

"Any _____ of choosing _____ of this _____ "

_____ there an _____ Powertrain _____?

_____ if there are any green transportation _____ an _____.

_____ the model _____ ways _____ green?

Is it possible to go _____ with an _____?

Is it _____ an eco-friendly _____ through an _____ in _____ car's _____?

Is _____ equipped with an _____ motor _____ commute?

Does _____ model _____ electric _____ eco-friendly _____?

_____ have the optional electric _____ this car?

_____ car have an _____ option in _____?

_____ the _____ include a _____ of _____ systems?

I _____ the model has _____ powertrains _____ transportation.

Is _____ possible _____ an _____ powertrain _____ car _____ eco-friendly transportation?

_____ this _____ with an electric _____?

_____ for me _____ electric powertrain for this model?

_____ the _____ a _____ electric or hybrid vehicles?

_____ fit this vehicle with an _____ system?

_____ electric-powered alternatives included _____?

Is _____ possible _____ add _____ electric _____ to this car _____ an _____?

Do _____ have _____ sustainable transport solution _____ powertrain _____ this _____?

There is a choice _____ with electric Powertrains _____.

_____ electric vehicles _____ obtain green transportation _____?

_____ there _____ for an _____ here?

This is a _____ that _____ with an _____.

_____ the _____ come with _____?

_____ it _____ to _____ an electric _____ solution in _____?

Is _____ transportation flexibility with _____ powertrains on _____ particular model?

_____ wondering _____ can _____ an electric _____ in this _____.

_____ there _____ electric _____ alternative to transportation in _____?

Does the model _____ a green option?

Is there _____ for _____ via electric _____?

_____ don't _____ if _____ powertrains are _____ in this _____.

Can this _____ go _____ it _____ an electric _____?

_____ this _____ allow _____ to go green _____ powertrain?

_____ wonder _____ there is _____ powertrains in this car.

_____ model _____ with an _____ that's friendly to _____ environment?

_____ anyone know _____ there _____ electric option _____ model?

_____ to add an electric powertrain to _____?

Can _____ this model to _____ green transportation flexibility?

Is _____ models _____ with _____?

Does _____ engines for _____ transportation?

_____ this model have _____ powertrains _____ eco- _____?

I don't _____ this model _____ an option.

____ I ____ to get an ____ upgrade ____ car?
 ____ the vehicle ____ with ____ electric option ____ more ____ ride?
 ____ model ____ have ____ powertrain option ____ travel.
 Could ____ equipped with ____ engine?
 Could electric ____ be ____ edition?
 ____ this ____ going green with ____ ?
 ____ wonder ____ this model ____ with an ____ option.
 ____ be available ____ who want ____ go green?
 Is it possible to go ____ with an ____ .
 Could ____ be ____ with ____ power?
 You might ____ able to confirm ____ model ____ electric powertrains ____ .
 Is ____ one ____ eco-friendly transport?
 ____ this particular model have ____ as ____ ?
 There ____ a chance ____ model ____ with ____ option.
 Can you ____ an electrical ____ particular ____ transportation?
 Does ____ electric ____ for ____ transport?
 ____ don't ____ if ____ comes ____ an electric power ____ .
 ____ electric ____ accessible in ____ ?
 ____ car ____ have the option ____ an ____ .
 ____ the ____ electric ____ eco-friendly ____ ?
 ____ are ____ for ____ transportation with ____ electric ____ on this ____ .
 Any ____ choosing ____ electric power driven variant ____ ?
 ____ it ____ could have an electric powertrain for ____ commute?
 ____ it possible ____ equip this ____ transportation alternative like ____ power system?
 ____ electric powertrains for transportation?
 Can I go ____ with ____ an electric ____ ?
 They ____ alternatives ____ car.
 Is ____ capable ____ capabilities?
 Are electric ____ available ____ ?
 ____ there ____ chance ____ a ____ of this ____ being ____ driven?
 ____ are ____ for this ____ right?
 ____ green ____ through electric-powered engines ____ ?
 ____ this ____ compatible with ____ option?
 Will ____ to ____ transportation ____ with ____ powertrains on ____ specific model?
 Is ____ possible to ____ for this model.
 ____ eco-conscious ____ vehicle an ____ this model?
 ____ me ____ choose ____ by ____ electric powertrains in this model?
 Is it ____ to ____ green with ____ my vehicle?
 ____ chance ____ electric-power driven ____ this vehicle?
 ____ of the ____ an electric choice?
 Is it possible ____ an ____ of ____ particular ____ .
 ____ provide sustainable transport with ____ ?
 ____ it in ____ eco-friendly ____ ?
 ____ specific ____ come ____ an electric ____ .
 ____ model ____ with ____ electric system?
 ____ alternatives in this car?
 Is ____ a ____ to ____ transport ____ an electric drivetrain?
 Does this ____ electric ____ ?
 If this ____ is equipped with electric ____ ?
 Are eco-conscious electric ____ ?

_____ model _____ with _____ powertrains for eco friendly _____?
 _____ commute _____ if this _____ equipped with an _____ powertrain?
 _____ to _____ an electric powertrain in the _____?
 _____ to get an electric _____ on _____ car?
 _____ possible to use _____ electric version _____ this _____?
 Is _____ option _____ powertrains an _____ this model?
 Is _____ electric _____ an option _____?
 _____ there an _____ this car?
 _____ there _____ alternatives _____ electricity-driven _____ on these models?
 There _____ this vehicle.
 Is there _____ options with an _____?
 _____ it _____ for _____ edition to _____ engines?
 _____ have _____ in the car?
 Is it _____ the _____ powertrains _____ in _____ model?
 _____ I _____ electric _____ with this _____?
 It's possible _____ could _____ equipped with _____ powertrain.
 Does _____ offer electric _____?
 _____ this _____ vehicle come _____ electric powertrains _____ a _____ experience?
 Does the model come _____?
 _____ particular model _____ electric power?
 _____ it possible that _____ model comes _____ options?
 _____ model include _____ electric _____?
 _____ possible to go green with _____?
 _____ specific _____ could _____ with an _____.
 Is _____ powertrains an option _____ this _____?
 _____ you _____ that this _____ electric _____?
 _____ add an electric powertrain to _____ order _____ green?
 Is _____ for _____ car to _____ an electric _____?
 There are _____ in this model.
 _____ option of an electric _____?
 _____ this _____ by _____ powertrains?
 Are _____ powertrains _____ eco-friendly transportation _____ this _____?
 _____ get _____ green transportation by _____ an electrical version?
 Are electric _____ available _____?
 _____ there is _____ option to equip _____ electric engines.
 _____ for this _____ to _____ an electric powertrain?
 _____ it possible to get an _____ solution _____ electric _____?
 It's possible that _____ offers electric _____ an _____.
 _____ learn _____ model _____ equipped with _____ powertrains for eco-friendly transportation?
 _____ this _____ electric enough for _____?
 _____ they willing to _____ transport _____ an electric powertrain?
 _____ it possible to _____ an electric _____ this _____?
 Can _____ car _____ with _____ power?
 Any _____ seeing an _____ variation of this _____?
 Do _____ have _____ options?
 Is there _____ powertrain in _____?
 Can _____ get this _____ an _____ system?
 Sustainably-focused answer preferred, _____ chance of _____ driven _____ vehicle?
 Could _____ car be _____ with _____ electric _____?
 _____ have _____ engines for _____ transportation?

Is it _____ transportation _____ electric powertrains on this specific _____?

_____ they offer _____ powered _____ in _____?

_____ an _____ eco-friendly electric model.

_____ I _____ an _____ power system to _____ vehicle?

Is the _____ system in _____ car an _____ transportation?

_____ this vehicle _____ green transportation option like _____ electric power system?

_____ it _____ to offer _____ transport solutions _____ drive?

Do you _____ electric option for _____ model?

Is it possible _____ this _____ green transportation alternative such _____ an _____?

Is _____ to get _____ with electric powertrains _____ model?

Is _____ to _____ eco-friendly _____ by choosing electric _____ model?

_____ this car have _____ option _____ an _____?

_____ this model _____ electric engines?

_____ possible _____ choose _____ electric _____ for this car model?

Does this model _____ an _____ will be _____?

Can _____ model use _____ transportation?

_____ it _____ for this _____ have an electric _____ specifications?

_____ I _____ an eco-friendly _____ system _____ this _____ model?

Is _____ to _____ an electric powertrain _____ a _____?

_____ model _____ electric powertrains _____ you go green?

_____ this _____ green if it _____ an _____ engine?

_____ would like _____ know _____ is _____ choose an electric _____ solution.

Does _____ vehicle come _____ of electric _____ for _____ more _____ friendly _____ experience?

_____ an electric-powered option _____ this _____?

Is it possible to _____ by choosing an _____ version _____?

Were you able _____ if the _____ powertrains?

_____ possible _____ a car _____ electric powertrains that is _____?

Do you guys _____ powertrain _____ for this _____?

Is _____ an eco-friendly electric _____ this _____?

The car _____ the _____ an electric _____.

Is _____ version _____ this _____ make and _____ that is _____?

Is _____ to _____ an _____ electric _____ on this _____?

_____ it _____ to _____ transport _____ with _____ powertrains in _____ car?

Will _____ model come _____ electric _____?

Is _____ an _____ option _____?

_____ is an _____ electric system to the _____.

If _____ is equipped _____ electric _____ are you _____ in _____?

Is this _____ going to go _____ electric _____?

Is there _____ electric _____ option _____?

_____ I _____ an _____ system in _____?

Are _____ in knowing if this _____ has _____ eco-friendly _____?

_____ this car _____ electric _____?

_____ the model _____ electric powertrains _____ who want _____ green?

_____ to _____ an _____ of this particular _____ of vehicle?

_____ upgrade _____ car to _____ vehicle?

_____ this model offers electric _____ could _____ an _____?

_____ electric _____ used on _____ particular _____ to obtain _____ flexibility?

_____ come with electric options for _____ more _____ driving _____?

Is _____ this _____ to use _____ powertrains?

_____ possible _____ electricity powered thingamajigs in _____ ride?

Is the _____ this vehicle?

Is there _____ option _____ electric _____?

Does _____ model _____ an _____ for _____ powertrains or _____ it going to emit _____?

This _____ has electricity-powered _____?

I'm _____ if I _____ an electric powertrain _____ this _____.

_____ to use electric powertrains _____ obtain green transportation _____?

Can _____ this vehicle _____ an _____ fuels _____ an electric _____ system?

Is it possible _____ transport _____ to be _____ through an _____?

_____ you think this _____ comes _____ an electric _____?

_____ this model _____ an eco-friendly electric _____?

Does _____ allow _____ use of _____?

Does _____ vehicle provide _____ with its _____?

_____ model have electric _____ for _____ looking _____ go _____?

_____ electric version of _____ model?

Is _____ an _____ system _____ this _____?

_____ this _____ have _____ components?

Do you _____ model has _____?

_____ electric powertrain _____ for the _____?

Is it _____ vehicle with a green alternative _____ an _____?

_____ this car _____ powered alternatives _____?

Would _____ engines _____ possible _____ edition?

Does the _____ powertrains _____ a _____ green experience?

_____ be _____ to go green with _____ an _____ powertrain?

_____ the model _____ a sustainable _____ electric powertrain?

Does _____ have electric _____ green?

_____ possible _____ use an _____ drivetrain _____ this _____ specifications?

_____ you _____ to _____ this _____ is _____ with electric powertrains?

Is _____ eco-friendly _____ powertrain on this model _____?

_____ particular _____ have _____ Powertrains?

Is it possible _____ vehicle _____ electric _____ System?

Does _____ vehicle _____ electric option for a more _____?

_____ they _____ a _____ transport _____ with _____ in this model?

_____ have electric _____ eco-friendly transportation?

_____ I be _____ to _____ an _____ powertrain _____ this model?

_____ this _____ sustainable transport _____ options?

_____ this _____ have electric _____ transportation?

_____ know _____ is an electric powertrain _____ this _____?

There _____ an _____ this vehicle?

Is this _____ have _____ powertrains _____ transportation?

_____ to put electric _____ in this car _____ green _____ solutions?

Can _____ come with an _____?

Any _____ electric-power driven variant?

_____ a possibility _____ this car with electric _____?

_____ it _____ to _____ an electric upgrade _____ this _____.

_____ there a _____ this model?

Is this _____ have an _____?

Is _____ go _____ with _____ addition _____ an electric engine?

_____ there a _____ the _____ with _____ power?

Can this _____ equipped _____ an _____?

Does the model _____ transportation?

____ it possible ____ the ____ specifications ____ have an ____ ____?
 ____ may ____ to confirm if ____ model ____ powertrains.
 It ____ to ____ sustainable transport ____ with ____ drivetrain.
 Is it possible ____ transport solution ____ an electric ____?
 This car ____ electric capabilities, ____ a green ____?
 ____ possible ____ transport ____ choosing electric ____ in this model?
 ____ it possible ____ go green with ____ addition ____ an _____.
 Would it be possible to ____ transport solutions ____ this model?
 Does ____ vehicle ____ with ____ electric engines for a ____ eco-friendly ____?
 Can ____ an ____ for ____ specific model?
 Does the ____ have electric ____ those wanting ____?
 ____ provide ____ transportation with ____ options?
 ____ model have electric ____ for ____?
 Is ____ environmental ____ transportation by ____ version of this model?
 Is ____ possible ____ choose ____ electric ____ in this ____?
 Does the ____ have ____ components ____?
 Does ____ have electric ____ an ____?
 There ____ an option ____ use ____ powertrains in _____.
 Do ____ for green mobility?
 ____ get ____ program for this ____?
 ____ an option ____ electric powertrains in this ____?
 Does ____ have ____ electric power ____?
 Can ____ an ____ system ____ this car ____ be more ____ the ____?
 ____ model can ____ with ____ option.
 ____ this particular ____ powertrains for a more green ____?
 Can ____ model ____ an ____ powertrain?
 Could ____ be ____ with an ____ powertrain ____ cleaner commute?
 ____ they ____ electric-powered ____ for ____ car?
 Does this car have ____?
 Does ____ particular model ____?
 ____ want ____ know ____ there ____ option ____ powertrain on this model.
 ____ chance ____ electric-power driven variation of this ____?
 Is the ____ system ____ option ____ this ____?
 Can this ____ go ____ with ____?
 Is ____ car engineered ____ offer ____ sustainable ____ of ____ like ____ powertrains?
 ____ to choose ____ transport if ____ choose electric ____?
 Is ____ chance ____ finding an electric-power driven ____ of ____?
 Can ____ be ____ for this ____?
 ____ your car ____ any ____?
 Can ____ vehicle be ____ with an ____?
 ____ the ____ powertrains for ____ transportation?
 Is this model ____ have electric powertrains ____?
 ____ edition ____ electric-powered engines?
 ____ is ____ powertrain ____ this model?
 Interested in ____ is equipped with electric ____?
 Would I ____ an option for an ____ powertrain ____ car?
 ____ it possible to ____ transport solutions accessible through electric ____?
 ____ powertrains available ____ this model ____ eco-friendly transportation ____?
 Would ____ be ____ the ____ has electric powertrains for ____ transportation?
 Is ____ possible ____ get ____ transportation flexibility by opting ____ on ____?

_____ model come with _____ source _____ energy?
 _____ there _____ way _____ make _____ electric?
 _____ choose the more sustainable _____ adding an _____ to this _____?
 There _____ an option to add electric _____.
 Can _____ use electric powertrains on _____ get _____ transportation _____?
 Is _____ possible _____ sustainable _____ to have _____ drivetrain?
 Can _____ equip _____ vehicle with _____ electric power system?
 This particular _____ have _____ option.
 Do _____ model comes with an _____?
 _____ electric _____ an eco-friendly option for _____ car?
 Can I _____ electric system _____ this car _____?
 Does _____ model have _____ for _____ want to _____ green?
 _____ an electrical version _____ this _____ model in your _____?
 Does _____ model come _____ vehicle?
 _____ confirm that _____ model offers _____?
 _____ this model compatible with _____ for _____?
 Does _____ come _____ choice of _____ powertrains for _____ driving experience?
 _____ solutions _____ offered by _____ in this model.
 Is _____ model _____ eco-friendly _____ solutions such as _____?
 Could electric- powered _____ this _____?
 _____ you like to _____ this _____ model _____ electric engines _____ transportation?
 Is _____ electric variant?
 _____ come with a choice of _____?
 _____ possible _____ get _____ electric _____ for this vehicle.
 Can _____ powertrains _____ eco-friendly transportation?
 _____ this _____ have _____ powertrains included?
 Is _____ to add _____ engines to _____ for _____ transportation _____?
 _____ particular vehicle have _____ of _____ for a more _____ friendly _____ experience?
 Is electric _____ option in _____.
 Is _____ electricity-driven _____ in _____ models green mobility _____?
 _____ model _____ an _____ option?
 _____ Powertrains be an _____ this _____?
 _____ I _____ to _____ an _____ to this vehicle?
 Has the _____ electric _____ option?
 _____ model offered with an _____?
 _____ possible to _____ an _____ powertrain for the _____?
 Does _____ offer _____ capabilities?
 _____ want to know _____ this car _____ use _____ powertrains.
 Is _____ to _____ green transport _____ like _____ for this model?
 _____ possible _____ transport _____ opting for electric powertrains in _____ model?
 _____ you like to _____ is _____ electric engines for _____ transportation?
 Is there an option _____ use _____ electric power _____?
 Does _____ include _____ electric _____?
 Does _____ particular _____ have _____ of _____ electric vehicle?
 _____ particular model offer _____ options?
 _____ possible to find alternative green transport _____ that _____ model?
 Is _____ electric-powered alternatives?
 Is _____ to use an electric _____ in _____ for an _____?
 _____ a green _____ alternative _____ equipped _____ electricity-driven engines?
 _____ I add an _____ to _____?

Does _____ have _____ option of eco-friendly _____ solutions like _____?

Can _____ specific _____ include _____ option?

_____ it possible to buy a _____ with _____?

_____ it possible _____ choose an eco-friendly _____ for this _____?

Do they _____ transport _____ with an _____?

Is _____ possible to _____ an _____ drivetrain _____ transport?

It's possible _____ powertrain _____ this car's specifications.

_____ possible _____ use an _____ in this car?

Is it possible to use _____ electric _____?

Does this _____ model _____?

Is it possible _____ this car _____ to _____ green _____ options?

Is it possible _____ opt _____ an electric _____?

_____ this model _____ powertrains to _____ eco-friendly transportation?

Is _____ an eco-friendly transport solution _____ powertrain in _____ car?

_____ it _____ have sustainable transport _____ an electric drivetrain?

Is electric _____ accessible in _____ for eco-friendly _____?

_____ an option for this _____ to have electric _____?

_____ the specific model _____ to come with _____?

Can there _____ eco-friendly electric _____ on _____ particular _____?

_____ they _____ a sustainable transport _____ an electric _____?

Is there _____ an electric _____ system in this _____?

Is _____ an option _____ this _____ to _____ engines?

Does this model _____ transporting?

Can _____ add an electric power _____?

Is it _____ electric _____ of the make and _____ of _____?

Is it possible to choose _____ electric _____?

_____ transportation feasible _____ model?

Does this _____ have _____ option for _____ more _____ driving _____?

_____ know if _____ model is equipped with electric _____?

_____ the _____ an electric choice _____ its _____?

Would _____ be able _____ an electric option _____?

Can _____ green transportation _____ powertrains on _____ particular model?

_____ the model _____ transport?

_____ there an _____ transportation _____ available in _____?

_____ this _____ sustainable transport with electric powertrain _____?

Is it possible _____ make _____ powertrain _____ this car's _____?

Is _____ possible to _____ car with electric engines to _____?

_____ chance of choosing _____ electric-power _____ the vehicle?

_____ is equipped with electric powertrains, would _____?

Is it possible to _____ electric power _____.

_____ there _____ chance that _____ comes _____ an electric _____ option?

It might be _____ that _____ with _____ power option.

_____ to _____ model offers electric powertrains as _____ option.

_____ this vehicle have _____ powertrains _____?

_____ vehicle come with the _____ of electric _____ a _____ experience?

_____ this model comes _____ an _____?

_____ you interested _____ understanding _____ this particular _____ powertrains?

_____ it possible for _____ get _____ electrical version _____ this _____ and _____?

Is _____ electric _____ alternatives in _____?

_____ model should _____ electric _____ option.

Any chance this _____ an _____?

_____ to _____ by electric-powered engines?

Can this _____ go _____ battery?

_____ electric _____ to get green transportation _____?

_____ the model _____ to _____ eco-friendly transportation _____ powertrains?

Can this _____ green _____ engine?

_____ if _____ could _____ electric _____ for this car.

You might be able _____ confirm _____ powertrains.

You could _____ if _____ electric _____.

Can _____ electric _____ on this _____ to _____ green _____ flexibility?

_____ powertrains _____ in _____ particular model?

_____ to choose an eco-friendly _____ powertrain _____ this _____ car _____?

Does _____ think this _____ comes with an _____?

Can _____ version of the _____ and model _____ transportation?

_____ an _____ to use electric systems _____ the _____?

Does anyone _____ if _____ comes _____ electric power _____?

_____ vehicle capable _____ transport with electric options?

_____ electric _____ possibility _____ this model?

Is _____ an _____ this _____ with an _____ engine?

Do they _____ a sustainable transport _____ electric _____?

Is there an _____ to _____ an _____ system _____ car?

_____ it _____ for eco-friendly transport with _____ of electric _____?

_____ electric _____ be _____ option for _____ when considering this _____?

Is _____ with electricity-driven _____ provide _____ mobility alternatives?

Is _____ option _____ an _____ powertrain in this _____?

Is _____ possible to _____ version of this particular make _____?

_____ if I can _____ electric _____ for _____ car.

With the _____ electric _____ I go green?

_____ this _____ electric options for _____?

Does _____ sustainable transport solution _____ electric powertrain?

_____ particular model offer _____?

Electric _____ an option _____ this _____.

Is _____ car designed to _____ transportation, like electric?

_____ it possible to _____ to obtain green _____?

Does _____ electric _____ for _____ transportation?

_____ the _____ on these _____ mobility alternatives?

_____ it _____ to _____ eco-friendly transport by using the electric _____?

Can I _____ an _____ for my _____?

_____ possible _____ me to choose _____ electric _____ in _____ model?

_____ this _____ can go green _____ electric _____?

_____ you say if the _____?

So do they offer _____ sustainable _____ an _____?

_____ electric _____ an _____ this model for _____ transportation?

Can I _____ electric power _____ car?

Is _____ specific _____ to come with _____ option?

_____ lineup of this _____ an _____ choice?

Are _____ in knowing _____ this _____ model _____ equipped with _____?

Is _____ of _____ electric powertrain?

Can it have _____?

Is it possible _____ choose _____ alternative _____ to this car?

Is there ____ electric upgrade ____ ____ ?

Do ____ any ____ alternatives ____ transportation?

____ could ____ that ____ with an electric power ____.

____ ____ for the car ____ have electric powertrains?

____ it ____ a model ____ electric option?

____ an ____ powertrain choice?

Is it ____ add ____ electric powertrain to ____ ?

____ this car eco-friendly ____ system?

____ they have an ____ for an ____ model?

Is it possible ____ environmental ____ choosing an ____ make and model?

____ the eco-conscious ____ powertrains be ____ ?

____ the vehicle ____ with ____ powertrains ____ more environment ____ experience?

____ green ____ engines ____ this edition?

This model might ____ powertrain ____ eco-conscious ____.

____ this model have ____ power ____ ?

Is ____ engines ____ this ____ ?

Does ____ model have ____ people who want to ____ ?

____ these ____ with ____ engines?

When ____ the ____ will ____ find eco-friendly ____ like ____ ?

Could this ____ an ____ powertrain ____ the ____ ?

____ I ____ an electric ____ car for the sake of ____ ?

____ this car ____ an ____ option?
