

[Demo] NLP Dataset for Customer Service Automation

| | |
|----------------------|---|
| Company Type | Telecommunications Equipment Manufacturers |
| Inquiry Category | Customization and product configuration requests |
| Inquiry Sub-Category | Configuration support |
| Description | Customers requiring assistance in configuring their telecommunications equipment for specific applications or network settings. |
| Data Size | 7,359 paraphrases |
| Want to buy data? | Please contact nlp-data@gross.me via your business email address. |

Masked sample paraphrases of one "Telecommunications Equipment Manufacturer" customer inquiry. (Purchased data will not be masked.)

_____ any assistance available _____ the device's protocols and _____ to _____?

Can _____ provide support _____ the device's protocols _____?

_____ there _____ with configuring the _____ according _____?

Can _____ be available _____ the _____?

Inquire _____ are any _____ for setting _____ protocol/interface _____ inline _____ established _____?

For configuring _____ interface to _____ is _____ provided?

Is _____ to _____ up _____ on the device according _____?

Can I _____ setting _____ the _____?

_____ we _____ on _____ the device's _____ industry standards?

Do you offer _____ with setting _____?

Can _____ help set _____ the _____ as _____ industry _____?

_____ a guidance _____ aligning the device's _____ with _____ be _____?

_____ you _____ the device's protocols and interface as per _____?

Are _____ any resources that _____ used _____ up _____ protocols?

Is _____ any support _____ devices' protocols with _____?

_____ there any aid for _____ standards _____ configuring _____?

Can I _____ the device's _____?

Are there _____ support _____ getting the _____ right?

_____ any _____ exist _____ aligning _____ device's _____ and interface with _____?

_____ there assistance for _____ up protocols and interface _____?

Do you _____ guides _____ setting up _____ established industry guidelines?

_____ assistance with device protocol _____ with _____ rules?

Can _____ help me _____ the device's protocols and _____ line _____ industry standards?

Is there support _____ protocols with industry _____?

Do _____ set up _____ and _____ on _____ device?

Can _____ protocols be configured _____ comply _____?

_____ it _____ to _____ properly configuring the device's protocols _____?

Is _____ possible for _____ to _____ interface/protocol setup?

Can someone _____ a protocol setup?

_____ you _____ to _____ our equipment's protocol settings _____ to industry _____?

Assist ____ device's interface, ____ ?

____ possible ____ team to help ____ align our ____ protocol ____ according ____ patterns?

____ you show ____ how to make sure that the device's ____ in line ____ ?

____ in setting up the ____ for ____ ?

Guidance can ____ on aligning ____ device's protocols ____ industry ____ the ____.

Can ____ provide ____ up ____ device's protocols?

Do ____ have ____ for setting ____ protocol/interface ____ inline with ____ ?

Can ____ guidance on ____ the ____ protocols/interfaces with industry ____ ?

Is ____ for setting ____ protocols and ____ ?

Will you be ____ help ____ device's protocols ____ ?

____ on ____ of guides ____ setting ____ protocol/interface configurations ____ industry standards.

____ about adapting ____ protocols ____ meet ____

Are ____ in developing protocols ____ interface ____ industry standards?

Is ____ any ____ for setting up protocol/interface ____ with ____ standards?

____ get ____ setting ____ protocols for my ____ ?

____ it possible ____ on aligning ____ protocols/interfaces with ____ norm?

Can ____ device's ____ configuration be ____ ?

Is ____ any support ____ aligning ____ interface ____ standards?

____ you know ____ there are any ____ for setting ____ with ____ standards?

____ there any ____ device's protocols and ____ ?

____ there ____ help with ____ creation ____ protocols and ____ to ____ standards?

Are ____ any resources available ____ in configuring ____ device ____ adhering ____ practices?

Is it possible for ____ to ____ configuring the device's ____ benchmarks?

Can ____ help setup ____ device's ____ ?

____ the ____ protocols be configured ____ to industry ____ ?

Does any ____ device's protocols with industry ____ ?

____ have any guides for setting ____ with established industry ____ ?

____ it ____ to ____ protocols and ____ industry rules?

I ____ wondering ____ could ____ assistance ____ properly configuring the ____ interface.

Is ____ assistance ____ protocols ____ meet standards?

____ there any help ____ configuring ____ meet industry ____ ?

Is ____ anything that ____ used to ____ this device?

Are there ____ guides ____ setting ____ configurations ____ industry standards?

Can I ____ configuring my ____ ?

____ about adapting ____ to meet industrial ____.

____ there any ____ available to help ____ the device ____ to ____ ?

Someone ____ help set the device ____ standards.

____ be ____ for ____ us align ____ protocols with recognized industry patterns?

Can ____ for aligning the ____ protocols ____ industry ____ during ____ configuration ____ ?

____ assistance ____ to ____ device's ____ with industry benchmarking?

____ any ____ up ____ for ____ device?

____ for help with ____ interface and protocol ____ ?

Is ____ to provide ____ set protocols ____ interface as per ____ ?

____ device ____ set ____ following industry standards?

____ suggest ____ make sure the device's protocols and ____ are configured in ____ ?

____ able ____ help with configuring ____ device ____ to ____ protocols?

____ any ____ available ____ help with configuring the device, ____ interface?

Is it possible to set ____ as ____ ?

Do you have ____ that ____ set ____ and interface on ____ device?

Are ____ for setting up ____ configurations inline ____ industry ____ ?

Is _____ help crafting _____ interface _____ to industry _____?
 _____ you able to support setting up _____ protocols _____?

Is _____ to set protocols _____ meet _____?
 _____ I get _____ setting _____ device's _____?

Is there a way to _____ protocol/interface _____ demands?
 _____ you _____ assistance in configuring _____ to _____ industry _____?

Is _____ possible _____ set up _____ device's protocols and _____ meet _____?
 _____ there any _____ for setting up _____ requirements?
 _____ you _____ in setting _____ the device's _____?

Do you know if any guides _____ are _____?
 _____ there _____ for _____ related to interface and _____?
 _____ assistance _____ device protocol settings?

Are _____ resources or _____ the protocols in _____ industry standards?
 _____ that I could get assistance in _____ the device's protocols _____ according _____?
 _____ get _____ configuring the _____ protocols?

Is _____ way _____ implement standard-compliant protocols on _____?
 _____ help configuring _____ device's protocols/interfaces?

Is _____ possible _____ device's protocols/interfaces according to _____?
 Do there _____ that _____ set protocol _____ industry standards?

Are there _____ resources _____ up protocols _____ accordance _____ industry _____?
 _____ support _____ adjusting _____ device's interface/protocol configuration?
 _____ like _____ receive _____ properly configuring the _____ protocols _____ interfaces.

Is _____ setting up _____ for _____ device?
 _____ you provide _____ in setting _____ and interface for _____?

Would _____ help be given to _____ as _____ industry _____?

Is _____ a _____ to conform _____ while configuring _____?

Is _____ coming up with _____ and interfaces _____ standards?

Can you _____ up this thing _____ complies _____ industry's _____?

Is _____ for _____ configuration based on standardized _____?

I _____ about adapting _____ protocols to _____ standards.
 _____ help configuring this _____ for _____.

_____ get _____ configuring _____ protocols and interface according _____ accepted _____ standards?

I was _____ device's _____ meet industrial standards.

Can _____ help _____ it _____ so it complies _____ industry's _____?

Is there anyone _____ help _____ configuring the _____?
 _____ it _____ you to _____ align the device's _____?
 _____ there any _____ can _____ my device _____ follow _____ standard _____?

Can the _____ protocols _____ set _____ a way _____ complies _____ industry _____?
 _____ be _____ for aligning _____ device's protocols?

_____ there _____ assistance for configuring _____ according _____ standards?
 _____ there anyone _____ can help _____ protocols following _____ standards?

Is _____ support _____ industry standards?

Can _____ get _____ on _____ the _____ protocols?

Is _____ help _____ configuring _____ interface to _____ standards?
 _____ configuring _____ device's protocols according to industry _____.

_____ support _____ available _____ device's interface/protocol _____?

Is _____ any _____ provided _____ protocols _____ interfaces?
 _____ there aid _____ standards _____ configuring protocol settings?

I'm in _____ help _____ creating protocols _____ up _____ industry _____.

Does _____ have _____ support _____ aligning _____ protocols _____ interface _____ industry standards?

Are ____ able ____ help ____ configuring ____ interfaces ____ meet ____ standards?

Setting ____ device protocols ____ ?

Are there ____ available ____ adjusting ____ with established industry standards?

Is ____ help ____ configuring ____ device's ____ and ____ ?

____ assistance for ____ protocols aligning ____ Rules?

I ____ about adapting the ____ protocols ____ meet set ____ .

____ you looking for help ____ coming ____ protocols ____ interface ____ industry ____ ?

____ there ____ configuring the ____ protocols ____ according to ____ standards?

____ you ____ us ensure ____ protocols ____ are configured in accordance ____ industry ____ ?

____ the availability ____ for setting ____ protocol/interface ____ in ____ with industry ____ .

____ are ____ resources for setting up protocol ____ the device?

Can ____ set this ____ up ____ complies ____ industry rules?

Can ____ support ____ up the ____ per ____ standards?

Do ____ up the device's ____ to meet ____ standards?

____ looking for ____ my device ____ the standard protocols.

Do you ____ of ____ guides ____ protocol/interface ____ inline with industry ____ ?

____ possible ____ the devices ____ standard protocols?

Are there any resources that will ____ ?

____ us in ____ up ____ device's protocols and ____ ?

Is ____ possible to setup ____ interface ____ industry ____ ?

Is the ____ given ____ aligning ____ device's ____ with ____ ?

Can ____ be given ____ protocols ____ interface?

____ the device's ____ and interface ____ configured ____ to ____ ?

Is ____ configuring protocols to ____ standards?

Can ____ setting ____ device's protocols?

Is ____ any ____ coming ____ with protocols and interface ____ to ____ ?

____ there ____ assistance ____ configuring the ____ and interface?

____ you have ____ support for ____ protocols ____ interface?

____ me ensure ____ device's ____ configured as per industry standards?

____ any ____ available ____ can help ____ configuring the ____ adhering ____ standard practices?

____ for ____ protocols that meet ____ standards?

____ anyone who ____ develop ____ and interface ____ to industry ____ .

Is ____ possible to setup the ____ protocols ____ standards?

Is it ____ to ____ of the device according ____ industrial ____ ?

____ there resources that ____ with ____ interface settings?

____ tell ____ set this ____ up to meet ____ standards?

____ I get help ____ up ____ protocol and ____ the ____ ?

Ensure that the device's ____ interface are configured ____ per ____ can ____ ?

____ resources that can ____ in ____ settings?

Is there assistance in ____ the ____ Benchmarks?

____ questions ____ device's protocols/interfaces ____ meet ____ industrial standards.

____ the device's protocols be ____ industry ____ ?

Are ____ to offer ____ setting ____ device's ____ and interface?

____ you ____ any help ____ setting up ____ device?

Is support ____ device's protocols?

Any help ____ protocols/interfaces?

____ are ____ how device's protocols ____ to ____ industrial standards.

____ it ____ to ____ the ____ protocols with industry ____ ?

Is there any ____ to ____ device's ____ with industry ____ ?

____ you help me ____ device ____ meet industry ____ ?

_____ you help _____ up _____ and interface _____ industry standard?
 Wouldn't _____ possible _____ your _____ help align our _____ settings according to _____?
 _____ you offer _____ support for _____ device _____ industry _____?
 _____ protocols/interfaces _____ to be _____ according _____ industrial standards?
 Is _____ to _____ assistance in configuring the _____?
 Can _____ tell us _____ to make sure _____ device's _____ and _____ are _____ standards?
 Is _____ available for setting _____ inline with established industry _____?
 Can the device's _____ interface be _____ to _____?
 Would your _____ be _____ to _____ align _____ settings _____ to _____ patterns?
 _____ able to help set up _____ protocols and _____ per _____?
 Can _____ me _____ make sure _____ the device's protocols and _____ are configured _____ industry _____?
 Can _____ align _____ device's _____ with industry practices?
 Is it _____ support _____ be _____ device's interface/protocol configuration?
 Can _____ provide _____ up the device's protocols _____?
 _____ me set this _____ it _____ the industry's rules?
 Would _____ any _____ to _____ protocols _____ interface?
 Would _____ be _____ to set _____ protocols and _____?
 I _____ the device's protocols to _____ standards.
 Are _____ looking for help _____ creating _____ and _____ to _____?
 _____ support _____ given _____ adjusting device's _____?
 _____ there any _____ available _____ according to standard requirements?
 _____ offer _____ device functions according to protocols?
 Does _____ support for aligning _____ device's protocols _____?
 _____ to _____ standards, _____ there any _____ available _____ configuring _____ protocols?
 Can I _____ setting _____ the _____ meet industry standards?
 _____ for aligning interface and _____ this _____?
 Can I _____ protocols _____ interface according _____ accepted benchmarks?
 _____ there _____ align the interface _____ protocol configurations _____ this _____?
 _____ possible _____ ensure _____ device's _____ are in _____ with industry _____?
 _____ with _____ protocol settings?
 _____ possible _____ the _____ protocols _____ interfaces to _____ industry standards?
 _____ assistance be _____ aligning the device's _____ industry _____?
 _____ if _____ guides _____ available for setting _____ protocol/interface configurations _____ with _____ guidelines?
 _____ guides _____ will _____ up protocol/interface _____ inline _____ industry standards.
 _____ there _____ for configuring _____ device's protocols _____ industrial _____?
 _____ need of assistance _____ making protocols and _____ standards.
 _____ it possible _____ set _____ device's protocols according _____ standards?
 Can _____ be resources _____ set _____ device _____?
 _____ you _____ able to help _____ align the _____ protocols _____?
 There were _____ adapting device's protocols _____ industrial _____.
 Can someone give _____ on conforming _____ industry _____?
 Is there any _____ in configuring the _____ its protocols _____?
 _____ anyone _____ there _____ can _____ develop _____ and interface _____ to industry _____?
 _____ offer support with _____ up _____ protocols?
 _____ it _____ for your _____ to help _____ settings with industry patterns?
 Is _____ possible _____ guides for _____ configurations inline _____ industry norms?
 _____ I get help setting up _____?
 Is it _____ to _____ guides for setting _____ industry standards?
 _____ you have any _____ for setting _____?
 _____ looking for help with _____ protocols and _____ industry _____?

Any help ____ setting up ____ and interfaces ____ standard ____?

____ help configuring this ____ meet industry ____

Are ____ any available resources to ____?

____ there any help to ensure that the ____ industry ____?

____ help ____ conform ____ device's setup to ____ rules?

Can ____ us about the ____ protocols ____ interface based ____ the ____?

____ help ____ the ____ protocols ____ interfaces ____ industry standards.

Will ____ able to ____ help ____ the ____ protocols ____ interface?

Is there a way ____ industry standards ____ settings?

Is it ____ for ____ to get assistance in ____ protocols ____ according ____ accepted ____?

____ have ____ to help set up ____ for ____?

____ the device's ____ be aligned with industry benchmarks?

____ aligning ____ device's protocols with industry norms?

Do ____ offer help ____ protocols ____ on ____ device?

Is ____ way ____ get ____ with interface ____ protocol ____?

____ help ____ up protocols ____ for the ____?

____ protocols/interfaces according to ____?

____ you ____ help ____ the configuration ____ the ____ and interfaces?

____ there any ____ up protocols ____?

____ there ____ for aligning the ____ with ____ benchmark?

Can there be any ____ device's protocols/interfaces ____ industry ____?

____ about adapting ____ protocols ____ industrial ____.

Can ____ be adjusted ____ on standardized ____?

____ to know if I ____ properly ____ the device's protocols and ____.

Is it ____ to get ____ the device's ____?

____ questions ____ adapting ____ to meet the ____ standards.

Are ____ resources that can ____ to ____ the protocols and ____ established ____ standards?

Is ____ possible ____ aligning ____ device's protocols with industry ____?

____ set ____ device up ____ industry standards?

____ you ____ in setting up ____?

Can ____ help ____ protocols are configured ____ with industry ____?

____ device's ____ be aligned ____ standards?

____ there ____ set up protocols and ____?

____ can ____ configuration the device's protocols ____ on ____ requirements?

____ given in aligning the device's ____ standards?

Can there ____ assistance ____ device's protocols ____ interface?

Is there any ____ protocols ____ industry rules?

Are ____ for setting ____ configurations ____ with industry ____?

____ support be ____ while adjusting the ____ configuration?

Is ____ assistance in properly ____ the ____ and interfaces?

Is ____ for interface ____ protocol ____ that is aligned with ____?

____ resources available to help ____ device and adhering ____ practices?

____ for tweaking my device to follow ____.

____ configuring the ____ according ____ industry standards, ____ there ____?

I need ____ up ____ thing so ____ complies ____ the ____ rules.

____ it ____ me ____ receive assistance ____ configuring the ____ and interface?

Can ____ help me create ____ and ____?

____ it possible to get ____ configuring ____ to ____?

____ protocols be aligned with ____ standards ____ configuration?

Is ____ assistance offered in ____ protocols ____ benchmarks?

_____ you provide any support _____ device protocols _____?

Is adjusting _____ on _____ criteria possible?

_____ help me align the _____ protocols with industry _____?

Can I _____ to _____ with _____ up the _____?

Is _____ anything _____ be _____ to ensure _____ the _____ protocols are _____ industry _____?

Does anyone _____ help configuring _____ device's _____ interface _____ to industry _____?

_____ possible _____ device's protocols in line with accepted _____?

_____ guidance on _____ the _____ protocols/interfaces _____ industry norms?

_____ to help align the _____ protocols _____ industry _____?

_____ support for aligning _____ device's _____ and interface with _____?

Is _____ assistance with _____ the _____ on _____?

_____ for setting up _____ configurations inline with established industry _____?

Do you have any help _____ standards?

Do there resources _____ help _____ setting _____?

Are there any _____ for _____ device _____?

Can you _____ setting up protocols and interface _____?

_____ assistance in properly configuring _____ device's protocols and interface?

_____ help _____ configuring protocols to meet _____?

According to _____ benchmarks _____ the industry, _____ I get _____ device's _____?

_____ support _____ provided _____ device's _____ configuration?

_____ support be _____ the device's interface/protocol _____?

I need your _____ to set _____ it _____ with the _____.

I would like _____ get _____ configuring _____ interface according to _____.

Can you _____ meet _____ industry's rules?

Can _____ help _____ setting _____ an interface and _____?

Is there _____ way _____ make sure _____ are _____ with standards?

Can _____ setting up _____ device's protocols _____?

Can _____ setting up the _____ protocols _____ interface?

Can you _____ us how _____ the device's _____ interface are _____ in line _____ standards?

_____ you help ensure that _____ and interface _____ per _____ standards?

_____ your _____ to _____ in _____ our equipment's protocol settings according to _____?

Is there any _____ to set _____ interface _____ rules?

_____ there _____ way _____ the protocols and _____ accordance _____ established industry _____.

Can you _____ this device _____ to _____ standards?

_____ you _____ support for setting _____ device protocols?

_____ aligning the _____ protocols _____ interface _____ per industry standards.

Do you _____ for _____ the _____ and interface?

_____ there any _____ for _____ protocol/interface configurations inline _____ established industry _____?

Is _____ the _____ protocol with industry benchmarks?

Is there _____ to _____ with industry benchmarks?

Can you _____ set _____ this _____ it complies with _____?

_____ set up the device's protocols and interfaces according _____?

_____ can _____ make sure that _____ are in line _____ industry standards?

Is there _____ make _____ the _____ are _____ line _____ industry standards?

Is it _____ device's _____ and _____ based on industry requirements?

Is _____ anyone _____ help _____ and interface up to _____ standards?

_____ given for _____ protocols _____ comply with industry _____?

_____ you able to _____ setting _____ the device's _____?

_____ anyone know if _____ support _____ standard compliant _____ on _____ device?

Is _____ help _____ up _____ protocols and _____ to _____ standards?

Inquire _____ guides to _____ up protocol/interface configurations inline _____?

Is _____ possible to get assistance _____ the _____ protocols _____?

_____ there any help for setting _____ and _____?

_____ assistance with configuring _____ meet industry standards?

Is assistance _____ aligning _____ benchmarks?

_____ fit the device's protocols/interfaces according _____ accepted industrial _____?

_____ have _____ that can be _____ set _____ protocols _____ this device?

_____ there assistance _____ align _____ protocols with industry _____?

_____ any resources that can be _____ the protocols in accordance _____?

Is there any resources _____ setting _____ on _____?

_____ it possible to _____ the _____ to accepted _____ standards?

Is there anyone _____ can help with _____ to industry _____?

_____ the device's protocols _____ interface according to industry _____.

Are there resources that _____ be _____ protocols in _____ standards?

_____ there support _____ configuring the device's _____ accepted industrial _____?

Is _____ to _____ protocols according to _____ accepted _____ standards?

Is it _____ assistance _____ be _____ for configuring protocols to _____?

_____ there _____ that _____ help _____ setting _____ settings based _____ standards?

_____ it _____ get help configuring _____ protocols and interface _____ to _____ industry _____?

_____ you help _____ this _____ compliant with industry _____?

Is it _____ to _____ help _____ aligning _____ device _____ standard _____?

Would _____ help _____ given to _____ and interface according _____?

I _____ if I could get assistance _____ the device's _____ to _____ benchmarks.

Can you assist with setting up _____ per _____?

_____ any _____ set up _____ necessary device _____ and interface?

Could I _____ configuring _____ protocols _____ interface according _____ accepted benchmarks?

_____ help to ensure that the _____ protocols _____ line _____ industry _____.

Is _____ for the _____ protocols _____ interface to be aligned _____?

Is assistance _____ for _____ the _____ protocols _____ industry _____?

_____ anyone help with configuring _____ to standard _____?

_____ get _____ in _____ device's protocol?

Can you _____ setting up _____ this device?

Can _____ tell _____ about _____ device's protocols _____ based on _____?

Is there any _____ for aligning the _____?

_____ was wondering if there was support for _____ protocols.

_____ tell _____ make _____ that the device's protocols and _____ are _____ as per _____ standards?

_____ there any _____ for _____ up protocol and interface _____?

Can _____ be support _____ implementing _____ protocols _____ device?

_____ need help with creating protocols and _____.

Is there _____ up protocols _____ the _____ to industry standards?

I _____ wondering if _____ can get help _____ device's _____.

_____ able to _____ me align _____ protocols with industry _____?

There _____ about _____ a _____ meet industrial standards.

I have _____ about _____ device's _____ to meet _____.

Is _____ to _____ device _____ to follow _____ standards?

_____ you _____ me _____ I can _____ sure the device's protocols _____ interface _____?

_____ there any _____ to ensure the _____ are _____ the _____ standards?

Will you _____ me align the _____ protocols and _____?

Is _____ aligning _____ device's _____ with _____ standards during the configuration process?

_____ you tell _____ to _____ device's protocols and _____ are _____?

_____ way to _____ up _____ and interface on the _____?

I want to know if _____ in _____ protocols and _____ to accepted benchmarks.

_____ help me align _____ and protocols?

Are you _____ the _____ on the device?

_____ any _____ for _____ the protocols in accordance _____ industry standards?

_____ it _____ to _____ the device according _____ standard _____?

Can the _____ interface be _____ meet standards?

_____ were questions about _____ the _____ protocols _____ meet _____

_____ there support available _____ configuring _____?

_____ assistance _____ configuring the device's _____?

_____ the device's protocols _____ configured _____?

_____ to help with _____ the _____ as per _____?

Is _____ any help to ensure _____ protocols _____ with _____ industry _____?

_____ you lend a _____ aligning the _____ and _____?

Can _____ protocols and interface be _____ standards?

_____ provided _____ adjusting _____ device's interface configuration?

_____ about adapting device _____ meet industrial standards.

_____ there _____ to _____ protocols are in keeping _____ industry standards?

Is it _____ to set _____ protocols/interfaces _____ accepted industrial _____?

_____ to set protocols _____ interface in _____ industry standards?

Inquire _____ of _____ setting up protocol with _____?

_____ guides _____ for _____ up protocol/interface configurations inline with _____ industry guidelines?

Can _____ get _____ up the device's protocols _____?

Do you have _____ support in _____ up _____?

Is _____ a _____ assistance _____ interface and _____ configuration?

Could you _____ us with _____ protocols _____?

Can _____ help set _____ device's protocols _____?

_____ you _____ it _____ so it complies _____ the industry's _____?

_____ for _____ the _____ interface and protocol _____ available?

_____ anyone _____ who can _____ me _____ the specifications _____ my _____ interface points?

Can _____ get _____ to help set _____ my _____?

_____ to _____ protocols according to accepted industrial standards.

Is there a _____ setting up protocol/interface _____ standards?

Can _____ get assistance _____ protocols

Is _____ way to _____ device's _____ with industry _____?

I would _____ get _____ setting up the _____ protocols _____.

_____ device's protocols/interfaces be _____ industry _____?

_____ any way to _____ protocol/interface _____ with established _____ standards?

Is there _____ assistance with configuring protocols _____?

Can _____ be _____ aligning the device's protocols/interfaces with _____?

Is there _____ way _____ compliant protocols _____ device?

_____ it possible _____ up _____ interface _____ the device as _____ guidelines?

_____ need help _____ up this thing _____ meet the _____.

Can _____ me _____ the device's protocols and interface _____ in accordance _____?

_____ your help setting up the _____ it complies _____ the _____.

Is there help _____ to meet industry _____?

_____ there be _____ aligning _____ interface and _____ configurations of _____?

_____ possible _____ receive _____ the device's protocols _____ interface _____ to accepted benchmarks _____ industry?

I _____ the _____ protocols _____ meet _____ industrial standards.

_____ there _____ any guides _____ setting up _____ configurations inline with _____.

Are _____ any resources that _____ help _____ settings _____ standards?

Is _____ to set up _____ meet _____?

_____ aligned with _____ regulations _____ and protocol configuration?

_____ resources that can _____ the _____ specifically _____ protocols and interface?

Is _____ setting the _____ according to industry _____?

Can I _____ setting the device's protocols _____?

_____ a way _____ device's protocols according to industry _____?

Can _____ offered in aligning the _____ protocols _____?

_____ you _____ that the _____ protocols _____ interface are _____ in _____ with industry _____?

Is there _____ way _____ implement standard-compliant _____ device?

_____ you _____ me _____ this thing up _____ industry's rules?

Is _____ align _____ device with _____ standard protocols?

I _____ I can get _____ up _____ device's _____.

Can the device's protocols be _____ in _____ with _____?

Is there any _____ for _____ device's protocols _____?

_____ there be _____ aligning _____ device's _____ and interface?

_____ about the device's _____ and _____ based on industry requirements?

Can you _____ set this thing up _____ it _____?

Is _____ any help to _____ device's protocols _____ with _____?

_____ settings to industry standards?

_____ guides _____ setting _____ protocol/interface configurations inline with established _____ norms?

_____ support _____ while _____ device's _____ configuration?

_____ there _____ guide _____ for _____ up protocol/interface configurations inline with _____?

Do _____ have any _____ up _____ configurations that are _____ established _____ standards?

_____ it _____ set _____ protocols and interface on _____ in _____ industry standards?

Inquire if there _____ any _____ setting up protocol/interface configurations _____?

_____ anyone _____ how to make protocols _____ interface up _____ industry standards?

Is _____ people to help _____ the _____ protocols?

We would _____ to _____ configuration of _____ protocols and _____ on _____ requirements.

In regards _____ protocol _____ is _____ any provision _____ assistance?

Can I _____ setting up _____ protocols to _____ industry _____?

_____ resources _____ adjusting the protocols _____ interface _____ line _____ standards?

_____ I get assistance configuring _____ and _____?

_____ there _____ for _____ the device's _____ industry norm?

_____ help _____ an interface/protocol setup _____ guidelines.

Do you _____ any _____ making _____ interface _____ to _____ standards.

_____ do to align _____ device's protocols/interfaces _____ industry _____?

_____ need _____ the _____ protocols and interface as _____ norm.

Are _____ help _____ with the _____ of _____ device's protocols _____ interfaces?

Do you _____ aligning _____ interface _____ protocol _____ of this _____?

_____ protocols _____ configured to correspond _____ industry standards?

Can you _____ set up protocols and _____?

Can _____ the device compatible with _____ standards?

Can _____ given _____ aligning _____ protocols/interfaces to industry _____?

Can _____ guidance _____ aligning _____ device's protocols with _____?

Is it _____ of device's interface/protocol configuration based on _____?

Can I _____ the device's protocols _____ interfaces?

Is there any _____ to _____ protocols _____ in _____ with industry _____?

Can you _____ set it up so it _____ of _____?

_____ tell _____ how to setup this _____ industry standards?

Can you ____ me ____ up ____ so it ____ rules?
____ resources that can help ____ up device ____?
Are there any ____ that ____ up ____ on ____ device?
Is it possible to ____ the configuration ____ device's ____ and ____ based ____?
____ there be ____ up ____ and interface for the ____?
____ there anyone ____ help with ____ protocols and ____ up ____ standards?
____ there ____ support to ____ according to ____ requirements?
____ possible for assistance ____ aligning the device's protocols?
I was wondering ____ get ____ configuring ____ device's ____ interface according to industry ____.
____ protocols/interfaces be configured based on ____ standards?
____ would ____ to receive assistance configuring ____ device's protocols and interface ____ accepted ____.
____ there ____ can help ____ protocols ____ on industry standards?
____ it ____ to ____ protocols ____ to accepted industrial standards.
Is there ____ way ____ sure ____ and interface ____ compatible with industry ____?
Is help ____ to align ____ with ____ benchmarks?
Is there ____ conform ____ industry ____ while ____ settings?
Do ____ help ____ the protocols ____ to meet industry ____?
I ____ to know ____ are ____ resources for ____ up ____ device.
Can ____ aid in setting ____ protocols?
Is ____ any help ____ the ____ interface ____ to industry ____?
Can ____ get ____ with ____ device's ____ and interface?
____ aligning ____ protocols and interface ____ per industry standards.
Is it ____ to setup ____ and interfaces ____?
Can ____ give support ____ setting up ____ interface?
____ it ____ to make the device's protocols ____ compatible ____?
____ given ____ protocols to ____ to industry standards?
____ anyone ____ configuring ____ device ____ to protocols?
____ if any guides ____ setting up ____ available?
____ there any assistance to ____ sure that ____ are ____ line ____ standards?
____ setting up ____ and interfaces?
Is ____ a device with a ____ protocols?
I am ____ if ____ any resources for ____ protocols ____ device.
I ____ wondering if there ____ any ____ for ____ to follow ____.
____ there ____ creating protocols and interface up ____ standards.
Do ____ offer ____ setting up ____ device ____?
____ us align our ____ protocol ____ to recognised industry ____?
____ I get assistance setting up the ____?
____ there ____ to ____ device's ____ are in ____ with industry standards?
____ someone who can ____ guidance on ____ settings ____ standards?
____ you ____ help with ____ protocols and interface?
____ any help for ____ device's ____ according to ____ standards?
I ____ wondering ____ assistance in configuring ____ protocols and interfaces according ____ accepted ____.
____ help with setting up the ____?
Is ____ the ____ according ____ industry standard protocols?
____ on conforming ____ settings ____ industry ____ could be ____ by ____?
Are ____ or services ____ adjust the ____ in line with ____?
Do you have help coming ____ with ____ to ____?
Can ____ help ____ align ____ equipment's ____ settings ____ to ____ patterns?
Can ____ us how the ____ protocols and ____ should ____ based ____ requirements?
____ any ____ set ____ protocol/interface ____ inline with industry standards?

_____ offer help with _____ on this _____?

_____ assistance in device _____ with _____ rules?

Can _____ find _____ configuring _____ device's _____?

_____ in _____ protocols and interface _____ to industry standards.

Are _____ resources _____ for configuring _____ specifically its protocols _____?

Is it _____ the device _____ standard protocols?

I _____ like to _____ help _____ up _____ protocols to _____ industry _____.

_____ there anything _____ can _____ setting up _____ for _____ device?

Is _____ possible for _____ receive assistance _____ properly configuring the _____ protocols _____ interface _____ accepted _____?

_____ help _____ with _____ device's _____ and interface based on _____ requirements?

Is there _____ assistance _____ to _____ and protocol _____?

_____ I _____ device's protocols _____ meet industry standards?

_____ there any _____ resources to _____ configuring _____ adhering to standard _____?

_____ to _____ the _____ protocols with industry Benchmarks?

_____ you tell _____ how _____ configuration the _____ interfaces _____ industry requirements?

Ensuring _____ meets _____ is what _____ want _____ with.

Do you have _____ for _____ device _____?

Are there any _____ configuring protocol settings?

_____ help _____ setup this _____ meet the _____ rules?

_____ there any _____ for _____ and _____?

_____ anyone _____ any resources for _____ up protocols _____ device?

Is there _____ device protocols _____ with _____?

Can _____ on _____ make this device _____ industry standards?

Can _____ device's protocols _____ aligned _____ industry norms _____ configuration _____?

_____ able to _____ configuring _____ device using standard _____?

Can _____ the device's protocols _____ interface?

_____ support for _____ the _____ protocols _____ industry practices?

_____ provided for _____ meet industry standards?

_____ it possible _____ setup the _____ accordance _____ industrial standards?

Is _____ support _____ protocols/interfaces according to _____ standards?

_____ device _____ configured _____ to _____ protocols?

_____ it _____ set _____ device's protocols/interfaces according to _____ industrial _____?

Is there _____ configuring _____ standards?

Do _____ have anything that _____ help set _____ protocols _____?

Is there _____ assistance _____ device's _____ with industry _____?

Are _____ that _____ set _____ device protocols?

Are there _____ resources available _____ configuring _____ device _____ follow _____?

_____ guidance _____ on aligning the device's _____ with _____?

Can you help ensure that the _____ interface _____ industry _____?

_____ be _____ to help in _____ the device, specifically _____ and _____?

_____ there _____ on aligning _____ device's protocols with _____?

What support _____ found for _____ protocols according _____ standard _____?

_____ for help _____ making protocols and interface up _____.

Can _____ there are _____ setting _____ protocol and interface _____ the device?

Is support _____ the device's _____ according to _____ standards?

_____ possible _____ the device's protocols/interfaces _____ accepted industrial standards?

Is there _____ tweaking my _____ to follow _____ the _____?

_____ help _____ the device's protocols _____ in _____ with industry standards?

_____ get _____ in _____ the _____ protocol?

_____ possible _____ provide _____ conforming _____ settings to industry norm?

____ you ____ help ____ aligning ____ device ____ standard protocols?

Any ____ up ____ this device?

____ it ____ to implement ____ on this ____?

____ help me set it ____ so ____ with ____ rules?

Do you ____ any ____ protocol/interface configurations that are inline ____ norms?

____ you tell ____ to make ____ device's protocols and interface ____?

Can ____ help ____ setting ____ the ____ protocol and ____?

Can ____ get assistance ____ protocols.

Can anyone ____ align the ____ standard ____?

____ guides ____ configurations that are inline ____ industry standards?

As per industry ____ can ____ set ____ the ____?

Is there any help to make sure that ____ are ____?

____ any help coming ____ with protocols ____ industry standards?

Is ____ a ____ to ____ up ____ protocols and interface ____ to ____?

Is ____ for ____ the device, specifically its protocols ____ to standard ____?

____ you ____ up so it ____ the industry's ____?

____ there any ____ can ____ protocols for this device?

Guidance for ____ interface ____ protocols with industry-mandated ____?

____ it ____ someone ____ help ____ up ____ interface/protocol setup?

____ you tell us ____ setup the ____ protocols ____ industry requirements?

____ assistance ____ the device ____ industry standards.

____ are questions ____ adapting ____ to meet industrial ____.

Setting ____ device's protocols ____ interface is ____ I ____ with.

____ there ____ help configuring ____ according ____ industry standards?

____ possible for aligning ____ device ____ standard ____?

Is there help to ensure ____ the ____ with industry ____?

Inquire ____ of ____ set up ____ line with ____ standards.

Can ____ help ____ up the device's ____?

____ the ____ protocols and ____ be configured ____ industry ____?

____ help ____ this ____ to meet industry standards.

Can ____ set the ____ protocols ____ interface ____ to industry ____?

Can ____ me ____ help configuring ____ protocols?

Is there any ____ or resources ____ protocols in ____ with ____?

____ it ____ protocols and interface ____ industry guidelines?

Can ____ help ____ configuring the ____?

Can the ____ be configured to ____ industry ____?

____ you set ____ this thing so ____ the industry's ____?

Can ____ protocol ____ interface ____ configured ____ industry standards?

____ there any ____ or services available to adjust the ____ line ____?

____ get assistance ____ the device's protocols?

____ there ____ way ____ adjust ____ in accordance with established ____ standards?

____ need your help aligning the ____ and ____ industry ____.

____ help set up the device's ____ based ____?

____ need ____ configuring ____ protocols after standard ____.

Is ____ the device with standard ____?

Can ____ support ____ adjusting ____ interface/protocol ____?

____ provision for ____ in relation ____ and protocol configuration?

Is there any ____ align ____ industry standards?

I need ____ help setting this ____ so that ____ the ____.

Is there ____ assistance to setup ____ line with ____?

_____ anyone have _____ support _____ up protocols _____ standard requirements?
_____ setting up device protocols?
_____ how to make sure the _____ protocols _____ interface are _____ accordance _____ industry standards?
Is _____ any _____ device's _____ and _____ can be _____ industry standards?
Is there _____ up _____ protocols and interface?
Is there _____ way to ensure _____ the device's _____ aligned _____?
Can _____ in _____ equipment's protocol settings according to _____?
_____ questions _____ adapting _____ protocols to meet _____ industrial _____.
Is it possible _____ a _____ according to _____ industrial _____?
Is there _____ ensure _____ protocols _____ aligned with _____ standards?
_____ are questions about _____ adapt _____ protocols to meet _____.
Do you _____ for setting _____ device _____ and _____?
_____ it possible to set _____ protocols _____ standards?
Do _____ setting up the _____ and interface?
_____ me with _____ device according to standard _____?
Could _____ give me aid _____ setting up protocols _____?
_____ able to help us _____ our equipment's _____ industry patterns?
Can _____ be given while _____?
_____ of guides for _____ up _____ line with established industry _____?
Is _____ assistance given _____ to meet _____ standards?
Can anyone _____ in _____ the device's _____?
Can _____ be _____ available _____ adjusting device's _____?
_____ able _____ help _____ configuring _____ as per the standard _____?
_____ anyone able _____ with _____ device according _____ protocols?
_____ you _____ me how _____ sure _____ protocols and interfaces _____ configured _____?
Is _____ any help _____ device's protocols and interface _____ with industry _____?
_____ anyone _____ me _____ the _____ the _____ as _____ standard protocols?
_____ set the _____ according to standard protocols?
_____ benchmarks by _____ could I receive assistance in _____ device's protocols _____?
_____ there _____ help _____ creation of _____ and _____ to _____ standards?
Is _____ possible to _____ guides _____ setting _____ protocol/interface _____ with established _____?
_____ support be _____ while _____ device's _____ configuration?
Possible guidance on _____ standards?
_____ any help available _____ configuring the device, specifically _____?
Can you _____ of the _____ protocols and _____ based on _____?
Can _____ be _____ assist in configuring _____ device, _____ its protocols _____?
_____ there _____ can help me develop protocols _____ interface _____ standards?
_____ resources that can help with _____ protocols based _____?
_____ I _____ for assistance setting up the _____?
Can the _____ protocols be _____ comply _____ standards?
_____ a way to set _____ and interface _____ industry requirements?
Can _____ protocols and interfaces be aligned _____?
_____ offered _____ align the device's _____ with industry _____?
Can _____ us ensure that the _____ line with industry standards?
Is _____ possible _____ guidance on ensuring that the device's _____ and _____ configured _____ standards?
_____ wonder if I _____ get _____ configuring _____ protocols _____ interface according _____ benchmarks.
Is _____ to put _____ up to industry _____.
Is there assistance offered _____ align the _____?
_____ there _____ help _____ creating protocols _____ interface _____ to _____ standards?
_____ you have anything that can _____ protocols _____ device?

_____ there _____ setting _____ the required device protocols?

_____ it _____ come _____ with _____ and interface _____ to industry _____.

_____ it possible to set the _____ industry _____?

Guidance _____ aligning _____ interface and _____ of this _____?

Will _____ be _____ for aligning _____ and interface?

_____ there _____ aligning _____ interface with industry benchmarks?

_____ there _____ the device's protocols/interfaces?

_____ it _____ to set _____ protocols and _____ industry standards?

Can _____ set _____ interface according _____ industry standards?

Is there _____ help to make sure _____ protocols _____ are _____ industry _____?

_____ your _____ help _____ our equipment's protocol settings according _____ industry _____?

_____ there assistance _____ the device's _____ with industry _____?

_____ help _____ setting _____ protocols and interface _____ the device.

_____ need _____ assistance aligning _____ device's _____ and _____ as _____ norm.

_____ me _____ up an interface or protocol?

Is there _____ configuring protocols _____ meet _____?

Is _____ to help with _____ the device according _____?

Can _____ help set _____ it _____ with the industry's _____?

Is _____ up device protocols _____ industry standards?

Is _____ possible to _____ according _____ industrial standards?

_____ have _____ support _____ aligning the _____ protocols?

Does _____ support exist for _____ industry standards?

configuration of device's _____ interface _____ industry requirements

_____ me set up this _____ so _____ industry standards?

Are _____ resources _____ for _____ in _____ with _____ standards?

_____ support _____ implementing standard _____ protocols on _____ device.

_____ to _____ me set this device _____ to _____ standards?

_____ there _____ assistance to aligning device _____ industry _____?

_____ there _____ can help design protocols and _____ to _____ standards?

_____ be provided _____ aligning the _____ with _____ standards.

_____ per _____ standards, can you provide _____ in setting _____?

Is _____ to _____ aid _____ the device's protocols?

Can the _____ be _____ to _____ to _____?

Can _____ to _____ the device's protocols and _____ industry standards?

Is there _____ for _____ to meet industry _____?

_____ possible to _____ guidance on ensuring _____ the _____ according to industry _____?

_____ the _____ protocols be _____ to _____ industry _____?

Is _____ any provision to _____ configuring _____ according _____?

_____ there _____ to _____ the device up _____ standards?

Do you have any _____ device _____ and _____?

_____ you provide _____ on _____ to set _____ protocols _____ interface?

_____ there _____ help aligning the device's _____ industry _____?

Are _____ support for _____ the device's _____ with industry _____?

Is there _____ support for _____ the protocols _____ industry _____?

_____ you tell us _____ to _____ device's _____ and interface _____ industry _____?

_____ be given while _____ interface/protocol configuration?

Are there any _____ that _____ used for setting _____?

_____ there any help _____ the device's _____ in _____ with _____ standards

Can I _____ any help _____?

I _____ the _____ to meet industry standards.

Can you _____ me how _____ that _____ protocols and interface _____ configured in line _____ ?

As _____ are _____ resources for setting up protocols _____ the _____ ?

Is it _____ help tweaking the _____ of _____ device's interface points?

_____ I get some _____ setting _____ the _____ protocols _____ ?

_____ me how to ensure _____ the _____ are _____ as per _____ standards?

Is _____ help _____ the device's _____ ?

_____ there _____ device protocol settings?

Does anyone know of _____ up protocols _____ standard _____ ?

Can you help _____ my _____ meet _____ standards?

_____ to _____ protocols _____ interfaces on the device _____ per industry _____ ?

_____ to align the _____ and _____ of _____ device?

Is _____ any help _____ the _____ protocols are _____ line _____ standards?

_____ assistance _____ the device according to _____ standards?

Is _____ settings based on industry standards.

_____ any resources for _____ up _____ and interface on _____ ?

Can you _____ me _____ the _____ configured in line with _____ standards?

_____ you _____ assistance with configuring _____ this _____ industry standards?

Is there _____ the _____ of _____ device's protocols?

_____ wonder _____ can _____ with configuring _____ per standard protocols.

Are there any _____ aligning _____ protocol configurations _____ this _____ ?

_____ device's protocols/interfaces _____ configured in _____ with _____ standards?

Is there _____ assistance setting _____ for _____ ?

_____ it _____ to setup _____ and _____ per _____ norms?

_____ get _____ configuring the _____ protocols _____ interface?

Is there any help to _____ that _____ protocols _____ interface _____ in _____ ?

_____ can assist in _____ in _____ with industry standards?

_____ there _____ way _____ set _____ device _____ that are _____ with _____ standards?

_____ there resources _____ can be used to _____ protocols and _____ established _____ standards?

_____ any _____ for _____ the interface and _____ configurations of _____ ?

_____ you have any support for _____ protocols _____ ?

Is _____ to provide support _____ device's protocols _____ interface?

_____ be _____ adjusting _____ interface/protocol configuration?

Is _____ anyone who _____ develop protocols _____ industry standards.

Is _____ resources _____ up _____ protocols?

Is _____ that _____ setting protocols based on _____ standards?

_____ possible to _____ adjusting device's _____ configuration?

Is there any help for _____ standards _____ protocol _____ ?

Is _____ possible _____ configuration _____ device's _____ according to accepted _____ ?

Is there any way _____ protocols and _____ industry _____ ?

_____ get _____ setting _____ device _____ meet industry standards?

_____ there a way to make _____ the device's protocols _____ ?

_____ any resources for _____ protocols?

Is it _____ modify the _____ to industrial _____ ?

_____ need _____ with protocols and _____ to industry _____.

Is _____ possible _____ device protocol _____ industry rules?

_____ need your _____ the _____ as per industry _____.

_____ there _____ with configuring the device's protocols and _____ ?

_____ availability of _____ to _____ up protocol/interface configurations _____ with _____ ?

Are _____ able to _____ any _____ the necessary device _____ ?

_____ there _____ information _____ set up device protocols _____ standards?

Is _____ any support for modifying _____ to _____ the _____?

Are there _____ available for _____ adhere to _____ practices?

Is there _____ on _____ the _____ with _____ standards?

_____ there _____ device with standard protocols?

I want _____ know if I _____ get _____ the _____ protocols and _____ to _____.

_____ need _____ setting up _____ to _____ industry standards.

_____ protocols or interfaces according _____ standard _____?

_____ me _____ the device's protocols/interfaces?

_____ need to _____ and interfaces to _____ standards.

_____ any support _____ the necessary device protocols?

_____ have _____ support for implementing standard compliant _____ on _____?

Do you _____ support for _____ to guidelines?

_____ it possible to obtain _____ protocols?

Can _____ set _____ device _____ so it _____ with _____ standards?

_____ to _____ device's _____ according to popular industrial standards?

_____ setting _____ for the device?

Can I request _____ the device's protocols _____ standards?

Can you help _____ device's _____ interface?

Can you _____ help _____ the _____ up _____ meet industry _____?

Can _____ tell _____ how to _____ this _____ to meet _____?

_____ there any resources that _____ utilized _____ up _____ on _____ device?

_____ help _____ our equipment's _____ according to industry patterns.

_____ it possible _____ the device's protocols _____ standards?

Is _____ any _____ to _____ the device's protocols and _____ line with _____?

Is _____ possible for _____ set up _____ device's protocols and _____ meet _____?

_____ services _____ resources available for adjusting protocols in _____ standards?

Do _____ resources _____ can help with _____ protocol/interface _____?

Is there any _____ the _____ protocols to industry _____?

_____ you _____ up _____ device's protocols in _____ complies with _____ standards?

_____ would _____ assistance configuring _____ device's _____ and interface _____ industry standards.

_____ there any resources for adjusting the _____ standards?

_____ a support for _____ device _____ follow the standard _____.

_____ would _____ to receive help _____ the device's _____ according _____ accepted _____.

_____ am wondering if _____ could get _____ configuring _____ interface according _____ benchmarks.

Do _____ are resources _____ help with _____ protocol settings?

Can _____ get _____ configuring _____ protocols and _____?

Can there _____ aligning the _____ protocols/interfaces _____ standards?

Is it possible to modify my _____?

Can _____ set it _____ in line _____ industry rules?

Are _____ any _____ for _____ protocols _____ line _____ industry _____?

_____ tell me how _____ set _____ protocols _____ this _____?

Is _____ someone who could give _____ conforming _____ settings _____?

_____ I get _____ up _____ protocol?

Is there _____ with _____ device _____ to _____ standards?

_____ there _____ with _____ the device according _____ protocols?

Is _____ any _____ for _____ according to _____?

Is there _____ the device _____ industry standards?

Can _____ setting up _____ device's _____ and _____?

_____ need _____ with tweaking my _____ to _____ protocols.

For aligning _____ device with _____ accessible?

_____ there any guidance _____ the interface _____ of this _____?
 I _____ to _____ the _____ interfaces to industry _____.
 Someone can give guidance on _____ to _____.
 Are there _____ the protocols _____ accordance with _____ industry _____?
 Is it _____ to _____ in _____ the device's protocols _____ accepted industry _____?
 _____ there _____ for setting the _____ and _____ to industry _____?
 Could you help _____ with the _____ protocols _____ interface?
 Inquire availability of guides _____ up protocol/interface _____ line _____ standards.
 Does there _____ assistance related _____ interface and _____?
 _____ sure connection methods _____ set formats follow _____ guidelines?
 _____ setting up the protocols for _____ device?
 _____ it possible to _____ tweaking _____ of my _____ interface _____?
 configuration _____ protocols _____ device to meet industry _____?
 _____ you _____ our equipment's protocols according to _____?
 Is _____ to setup the _____ protocols based _____ accepted _____?
 _____ there resources _____ to _____ the _____ and interface _____ line _____ industry _____?
 _____ on _____ device settings to _____ norms _____ be given _____.
 _____ there _____ for setting up protocols according _____?
 _____ help tweaking my _____ follow the standard _____.
 _____ I _____ help setting _____ the _____ protocols _____ meet industry standards?
 Are you able to help _____ meet _____?
 Can I get _____ the device's protocols _____ to _____ benchmarks?
 _____ there exist _____ standards while configuring settings?
 Is it _____ the device's protocols with _____?
 Are there resources for _____ protocols and _____ line _____?
 _____ adjusting device's _____ configuration _____ criteria _____ support be provided?
 Is there _____ help _____ make sure the device's _____ compatible _____?
 I need _____ setting _____ thing _____ meets the industry's _____.
 _____ questions about _____ to _____ device's protocols to _____ industrial _____.
 _____ support _____ provided _____ device's interface/protocol configuration _____ criteria?
 _____ help _____ align my device's _____?
 _____ me set it _____ to _____ industry standards?
 Do _____ have anything to _____ up the _____?
 Do you _____ coming up with protocols and _____ to _____?
 Would _____ possible _____ your _____ assist us in _____ equipment's protocol _____ according _____ industry patterns?
 _____ align _____ protocols and interfaces as per industry _____.
 Are _____ available for adjusting the _____ industry standards?
 Is there _____ support for _____ up _____ with _____ requirements?
 _____ it _____ to support _____ interface/protocol _____ on standard criteria?
 Need any _____ up _____ for _____?
 Can _____ on aligning _____ device's protocols with _____?
 Can _____ be _____ in _____ device's _____ interface according to _____ standards?
 Are there _____ resources _____ services _____ adjusting protocols _____ accordance _____ established _____?
 Can you help me _____ to meet _____?
 Can I _____ with configuring _____?
 Is _____ for _____ interface to _____?
 _____ give _____ on _____ device settings _____ industry standards?
 Can you help us _____ protocols and interfaces?
 Is there help for _____ to industry-standard _____?
 _____ you _____ me _____ up this thing _____ can meet _____ industry's _____?

____ help with ____ up ____ device?
 Does ____ give ____ configuring ____ device ____ per standard ____?
 ____ there resources for ____ protocols ____ in ____ established ____ standards?
 Does ____ have ____ standard compliant protocols on ____?
 Can support be ____ to ____ interface/protocol ____?
 ____ there aid available ____ to ____ standards while ____?
 Will ____ be ____ aligning ____ with industry benchmarks?
 Is there ____ with aligning the device's ____?
 ____ up an interface/protocol setup in ____ with ____ guidelines.
 Is ____ assistance in configuring ____?
 ____ you ____ interface/protocol configuration ____ on standardized criteria.
 Is ____ to use ____ standards ____ the ____ protocols?
 ____ there be ____ to ____ sure ____ device's ____ and ____ are ____ line ____ standards?
 ____ device's ____ be configured to conform ____ industry ____?
 ____ there any ____ for ____ protocols with ____ standard?
 Can you help set ____ thing ____ so ____ complies ____?
 ____ it possible to ____ the device's ____ with ____ standards?
 ____ it ____ up the device's protocols to meet ____?
 I need ____ device's protocols and ____ according to ____.
 ____ there any help to ____ the ____ interface compatible ____ industry ____?
 Do you ____ any ____ protocols and ____ to ____ standards?
 Can ____ get the ____ setting ____ device's ____?
 ____ you ____ align the ____ protocols and ____?
 ____ help ____ the device's protocols/interfaces.
 Can ____ be used when ____?
 Can ____ get help ____ device's ____ and interfaces?
 ____ you ____ me set ____ the ____ to meet ____?
 ____ protocols to meet ____ possible?
 ____ it ____ to ____ the device's ____ with industry ____?
 ____ given ____ configuring protocols to meet ____?
 Can ____ device ____ settings ____ with ____?
 ____ you ____ align the ____ and interface ____ industry ____?
 Is support available ____ to accepted industrial standards?
 Is ____ a ____ make sure ____ the device's protocols ____ in line ____?
 ____ any help configuring the ____ protocols ____ standard ____?
 Any support ____ up interfaces ____ to ____?
 I would like ____ the ____ protocols ____ with ____ standards.
 ____ us ____ our ____ protocol settings according to industry patterns?
 Is ____ possible to align the ____ protocols ____?
 ____ help ____ the configuration ____ the ____?
 ____ in ____ protocol settings aligning ____ rules?
 Are ____ any services ____ for adjusting ____ in ____ established industry ____?
 Are there any ____ setting ____ inline with industry ____?
 Is ____ a way to set ____ to ____ standards?
 ____ provide support ____ setting up ____ protocols and ____?
 Is ____ to ____ conformity of ____ methods ____ formats according ____ industrial guidelines ____ devices?
 ____ anyone ____ for implementing standard compliant ____ on this ____?
 ____ it possible ____ support adjusting device ____ protocol ____?
 ____ team be able ____ help us ____ our ____ according to ____ patterns?
 ____ any ____ with developing protocols ____ to industry standards?

Is there ____ that ____ be ____ to ____ in line with ____ standards?
____ way to align ____ protocols with ____ standards?
Is ____ support while adjusting ____ interface/protocol configuration ____ on ____?
Does ____ the device's protocols with industry ____?
Will there ____ support ____ aligning ____ device's ____ interface with industry ____?
Is it ____ for ____ in aligning the ____ benchmarks?
____ we ____ given ____ on aligning ____ device's ____?
____ there ____ resources for setting up ____ on ____ device?
____ how to ensure the device's protocols and ____ are ____ line with ____?
Can the device's ____ configured ____ work in line ____?
____ it be possible for your ____ to ____ align our ____ protocol ____ patterns?
____ assistance setting ____ protocols ____ interface for ____?
____ able to give ____ settings to industry standards.
____ there ____ can be done to ____ up ____?
____ aligning ____ device's protocols with industry standards.
____ it possible to ____ us regarding ____ device's ____ interface based ____?
Is there ____ way ____ align ____ and ____ configurations ____ device?
How ____ device's protocols be ____ industry ____?
Is there ____ that ____ device's ____ are aligned with ____ standards?
Any ____ in ____ the ____?
____ asked about adapting ____ to ____ standards
Is ____ protocols and ____ per industry guidelines?
Can ____ help for ____ according ____ industry standards?
____ any ____ that can ____ used ____ protocols and interface ____ the device?
Can ____ in ____ up ____ and interface ____ the device?
Does ____ to align the device ____ standard ____?
Is ____ able ____ the ____ as per ____ protocols?
____ assistance given ____ protocols ____ industry ____?
Is it ____ device meets ____ standards?
____ like ____ know ____ assistance ____ given ____ protocols ____ meet industry standards.
____ me set ____ this thing so ____ with industry standards?
____ have any support ____ my device ____ the standard protocols?
____ anything to ____ with setting ____ for the device?
Is ____ to give ____ for ____ settings to ____ standards?
Can ____ get aid with ____?
Is it ____ provide ____ conforming ____ settings to ____ standards?
Are there any ____ or services ____ with established industry standards?
____ there any assistance for the ____ protocols?
Are you ____ provide ____ the device protocols?
Can ____ help ____ up ____ device's ____?
____ offered for ____ protocols to ____ industry ____?
____ assistance for ____ order ____ meet industry standards?
Could you please ____ with the ____ the ____ protocols ____?
Can ____ device's protocol be ____ standards during ____ process?
____ help me ____ that the device's protocols ____ configured as ____ standards?
Are there any guides ____ up ____ with ____ standards?
Are you ____ in ____ interface up to industry ____?
____ you ____ adjusting the interface/protocol configuration ____ criteria?
Does anyone have ____ help ____ protocols?
____ help ____ up an interface/protocol ____?

Is _____ possible _____ the device's protocols _____ to _____ standards?

For aligning the device _____ it _____?

Any _____ protocols or interfaces _____ to standard _____?

_____ device's interface/protocol configuration be _____ based _____ standardized _____?

Do you have anything to _____ protocols _____?

Can _____ help _____ thing up _____ it complies _____ the industry's _____?

Is _____ for aligning _____ and protocol _____ of _____ device?

Can _____ to adjust _____ configuration based on standardized _____?

Is there support _____ aligning _____ device's _____ industry _____?

I _____ looking _____ help configuring _____.

What resources can _____ set _____ settings _____ on industry _____?

Is _____ possible to _____ adjusting device's _____ configuration based _____?

_____ be able to help us _____ our equipment's _____ recognized _____ patterns?

_____ there _____ way _____ adjust _____ protocols _____ according to established _____ standards?

We _____ you can help _____ with _____ the device's protocols.

_____ device's protocols _____ configured to _____ with _____ standards?

Can _____ get _____ setting _____ the _____ protocol?

_____ are there any resources for _____ up protocols _____ the _____?

Is it possible that _____ give guidance _____ to industry _____?

Is _____ of assistance _____ interface and protocol _____?
