

[Demo] NLP Dataset for Customer Service Automation

Company Type	Electricity Suppliers
Inquiry Category	Meter reading disputes or queries
Inquiry Sub-Category	Incorrect meter reading
Description	Customers dispute meter readings due to discrepancies between their actual usage and the readings provided by the supplier. This can lead to billing issues and calls for clarification or adjustment of charges.
Data Size	5,209 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Electricity Supplier" customer inquiry. (Purchased data will not be masked.)

Can ____ explain why there's a ____ my ____ your recorded ____?

____ come my ____ is ____ in ____ with your ____?

What might be ____ between ____ and what you ____ on ____?

What is the ____ for the ____ my power ____ reading?

I ____ my ____ the meter measurement.

I want ____ know ____ can clarify ____ and recorded meter.

____ need to know why ____ consumption ____ different ____ measurement.

Please ____ reason for ____ between ____ and ____ energy usage.

____ is ____ consumption ____ the meter.

____ possible ____ clarify ____ my consumption is ____ from ____ meter?

Why ____ my ____ and ____ match?

____ our consumption varies from what is ____ recorded measurements.

____ is the difference ____ usage ____ your ____ usage?

____ have ____ question as ____ why ____ usage ____ match up ____ readings.

What is causing ____ usage ____ your meter ____?

Why ____ difference ____ my usage ____ reading?
