

[Demo] NLP Dataset for Customer Service Automation

Company Type	Electricity Suppliers
Inquiry Category	New service connection requests
Inquiry Sub-Category	Connection regulations and safety standards
Description	Customers request information about the safety standards, code requirements, and regulatory guidelines for electrical connections, including any inspections or certifications that need to be obtained.
Data Size	5,968 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Electricity Supplier" customer inquiry. (Purchased data will not be masked.)

Who ____ that newly ____ ____ meet ____ regulations, ____ inspection/certification processes?
____ provide ____ electrical installations ____ meet the applicable industry ____?
____ aware of the ____ that ____ electric connections ____ with industry ____?
____ you ____ sure my ____ electrical ____ with ____ standards?
Who is ____ for ____ that ____ installed ____ connections meet ____ standard?
____ you confirm ____ new ____ meet industry-standard ____?
____ is Responsible for ____ installed ____ connections ____ industry standards?
____ makes sure ____ setup are ____ with industry ____?
Who ____ electrical ____ comply with ____ codes?
Who ____ responsible ____ making sure that ____ connections ____?
____ is ____ that ____ certifications newly connected electricity?
____ make ____ that newly installed ____ pass certification tests?
Who ____ meet industry requirements?
Do ____ sure that ____ electric ____ get inspected ____ certified ____ industry ____?
____ is ____ for ____ electric installations?
Who ____ industry-standard regs are followed ____?
Are you ____ that electricals ____ recently ____ industry standards?
____ party checks ____ electric installations ____ to ____?
How ____ I be sure ____ my ____ fixture ____ industry-approved ____?
Are newly ____ inspected and ____ reliable authority?
Who ____ going to ____ sure my ____ electrical ____ industry-approved ____?
Who will make ____ recently-installed electrical ____ follows ____?
____ it that an organization ____ individual ____ to ____ newly ____ electricity complies with ____?
____ that the newly installed ____ connections adhere ____ industry ____?
____ is ____ making ____ all newly installed ____ connections meet ____ standards?
Do ____ know whether ____ electric ____ the ____ imposed by the ____?
____ makes ____ that the ____ electric ____ complies ____ industry ____?
____ make sure electricity ____ tests?

____ you know ____ the newly ____ electric connections ____ ____ ____ ?
 Who ____ responsible for guaranteeing conformance ____ industry ____ ____ electrical ____ ?
 ____ guarantees ____ my recent-installed ____ fixture follow ____ ____ ?
 ____ those in ____ if recently ____ electricity connections ____ certification ____ ?
 Who makes ____ ____ ____ fixture follows industry-approved guidelines?
 Who inspects newly ____ electric ____ to ____ sure ____ ____ compliant with ____ ____ ?
 Who is ____ inspecting and certifying ____ electric connections ____ that ____ ____ ____ standards?
 ____ there ____ who ____ sure ____ fresh ____ hookups follow ____ guidelines?
 What party is ____ charge of inspection ____ ____ ____ ?
 Who checks ____ electrical installations that ____ industry ____ ?
 Are you ____ for ____ ____ ____ electricals adhere ____ ____ industry's standards?
 Who monitors ____ ____ industry ____ for new ____ ?
 Do ____ ____ ____ connections meet all industry standards?
 ____ ____ ____ are up to industry standards?
 Who ____ the new power ____ is up ____ ?
 ____ you know if ____ ____ work ____ with the industry ____ ?
 ____ ____ responsible ____ verification ____ compliance with new ____ setup rules?
 Can ____ tell ____ if electric connections ____ ____ been installed ____ ____ ?
 Can you confirm ____ electric connections ____ have ____ installed adhere ____ ____ ?
 ____ ____ that recently installed electric connections ____ compliant ____ industry ____ ?
 Who ____ of ____ new ____ connections meet industry standards?
 ____ sure electric installations ____ standards?
 Do you provide validation ____ electrical ____ ____ the ____ industry ____ ?
 ____ makes ____ that electric ____ regulations are ____ ____ in ____ installations?
 Who makes sure the industry-standard ____ are ____ new ____ ____ ?
 ____ makes ____ that new ____ comply with ____ industry ____ ?
 Who ____ sure new ____ setups ____ to ____ ?
 Do you ____ sure ____ process ____ inspecting and certifying ____ ____ in ____ with ____ standards?
 ____ is ____ for ____ and certifying new ____ connections ____ make them ____ ____ industry ____ ?
 ____ sure that ____ recently-installed electrical fixture follows ____ ____ ?
 Who ____ that electrical installations ____ the ____ ?
 Who ____ ____ ____ regs are followed for ____ installs?
 ____ ____ those ____ installations ____ industry standards?
 ____ that ____ installed electric ____ comply with ____ standards?
 How ____ be sure that ____ recent installations of ____ ____ standards?
 ____ supposed to make ____ ____ set up electric ____ comply ____ standards?
 Are the ____ installed ____ connections ____ certified ____ meet the ____ ?
 Can you ____ ____ ____ installed electric connections ____ to ____ standards?
 Does ____ ____ recently installed electricity connections ____ tests?
 Do ____ make sure the ____ electrical ____ in ____ industry ____ ?
 ____ a reliable ____ able to ____ new electric ____ ?
 What organization ____ reviews ____ to make sure it ____ regulatory ____ ?
 ____ to confirm if new ____ connections ____ industry ____ ?
 ____ sure that ____ recent electrical installations ____ guidelines?
 ____ you ____ sure that ____ electrical ____ met all industry ____ ?
 Who makes ____ new ____ ____ by industry-standard regs?
 ____ you ____ if the ____ electricity ____ follow industry ____ ?
 ____ sure that ____ ____ complies with ____ industry standards?
 ____ electric ____ are ____ compliance ____ industry regulations?
 Who ____ sure ____ ____ setup pass ____ ?

Which _____ electric _____ line _____ industry guidelines?

Does your _____ the _____ of new _____ installations _____ with _____?

Will _____ the _____ connections follow _____ standards?

Do _____ that _____ electric connections are inspected _____ certified _____ accordance _____ standards?

_____ makes _____ industry standards are followed _____ installs.

How _____ be _____ the recent electric _____ in _____ with industry standards?

_____ sure that _____ electric _____ complies with _____ rules?

Who makes _____ that electrical _____ certified _____ conform _____ standards?

Will _____ check to _____ the new _____ follow _____ standards?

_____ tell _____ if _____ new electric _____ adhere to industry _____?

Do you make _____ electrical _____ up _____ industry standards?

_____ and certifications _____ installed electric connections to make sure _____ with _____?

Who checks _____ electrical _____ comply with industry _____?

Who is _____ electric _____ comply _____ industry standards?

_____ new _____ and make sure that _____ industry standards?

_____ you _____ if _____ connections meet the _____ standard for compliance _____?

Who _____ that have just _____?

_____ guarantee new electrical work _____ industry _____?

_____ sure fresh electric _____ industry _____?

Can you tell _____ if _____ abide by industry _____?

Do you _____ validation of _____ installations _____ meet _____ standards?

_____ the _____ installed electrical _____ make sure _____ conform to industry _____?

Who _____ and _____ freshly _____ connections?

Is _____ makes sure _____ setup _____ with _____ standards?

Is the new electrical _____ certified to _____?

_____ is responsible for _____ sure that _____ electric _____ standards?

_____ confirm that the _____ installed _____ are _____ industry standards?

_____ to _____ sure my new _____ connections _____ up to _____?

Do you make _____ that _____ and _____ processes for new _____ connections _____ line _____ industry _____?

What _____ or _____ inspects and _____ newly connected _____ industry _____?

_____ organization or _____ makes _____ newly connected _____ the requirements of _____ industry?

_____ makes _____ the fresh electric _____ complies with _____.

Who will _____ sure _____ recent-installed electrical _____ guidelines?

How can _____ be _____ the _____ installed electric _____ the _____ standards?

_____ is _____ who _____ sure the _____ connections comply _____ standards.

Are _____ connections inspected _____ to meet _____ a reliable _____?

Who is _____ of electrical _____ industry standards?

Are _____ people _____ make sure _____ hookups follow the _____?

Do you _____ installed electrical work _____ with industry _____?

Do _____ make _____ that the _____ electric connections _____ certified according to _____?

_____ sure that _____ electrical _____ follow the guidelines?

_____ checks that newly _____ electric _____ industry _____?

Will _____ if _____ installed _____ are following industry standards?

How can we be sure _____ the _____ installed recently _____?

Who makes _____ the _____ connected electricity _____ standard _____?

Who _____ verify _____ electrical lines meet _____ requirements?

_____ tell me if _____ installed electric connections follow _____?

Is it _____ to _____ if _____ installed electric _____ standards?

_____ is _____ for inspecting _____ my _____ electrical fixture?

Do you make _____ the inspection _____ electric _____ with industry standards?

Which _____ to verify compliance _____ regulations _____ new _____ setup?

Which party inspects _____ certification _____ according _____ industry _____?

Who _____ the _____ setup _____ with _____ industry standards?

_____ can _____ be certain _____ the recently installed electric _____ meet _____?

_____ makes _____ that _____ are followed for _____ installs?

Who _____ checking _____ power connections?

Who checks newly _____ power _____ regulations?

_____ know if _____ new power _____ to accepted _____?

Do _____ sure new electric connections are _____ industry _____?

Can you confirm that _____ strictly follow _____?

Are _____ newly _____ connections strictly _____ along with inspection _____ certification processes?

_____ it _____ to _____ if _____ newly installed electric _____ meet _____?

Do you inspect _____ new electrical connections to _____ meet _____?

How _____ sure that _____ that were _____ are in compliance with _____ standards?

Which party is _____ for checking _____ new _____?

Is it _____ to confirm that _____ installed meet industry _____?

_____ sure _____ new electric connections _____ regulations?

_____ you _____ electric _____ are inspected and _____ according to industry _____?

Who is _____ of _____ industry-standard regs for _____?

_____ inspects and meets industry _____?

_____ would _____ for ensuring that _____ installed electric connections _____ standards?

_____ organization _____ inspects newly _____ electricity to make _____ with regulatory _____?

_____ going to make sure _____ my _____ fixture _____ industry-approved _____?

Who makes _____ new power _____ is _____ to _____?

Who makes _____ the _____ regs _____ followed _____ installs?

_____ make certain _____ new _____ work _____ industry standards?

_____ you _____ my new electrical _____ to _____ industry standards?

Who _____ that _____ installations are _____ with industry _____?

Who _____ if _____ electrical _____ requirements?

_____ you _____ if _____ freshly deployed electric _____ passes _____ compliance _____?

_____ sure _____ new _____ connections comply with _____ standards.

How _____ we be _____ installed electric connections _____ standards?

Which party _____ in _____ compliance with _____ in _____ setup?

Do you make sure _____ new _____ to _____?

_____ party deals with _____ certification of _____?

Which _____ has _____ over _____ inspection and _____ of _____?

_____ makes sure _____ the newly set _____ are _____ with industry _____?

Do _____ whether _____ deployed electric _____ comply _____ industry _____?

Can _____ tell _____ if the newly _____ electric _____ industry _____?

Who makes _____ setup _____ with _____ standards?

Is it _____ the _____ brand-new power connections _____ through standard _____?

_____ in charge _____ recently _____ electricity connections pass _____ tests?

Can _____ the newly installed _____ industry-standard rules?

_____ will verify _____ meet requirements?

Who _____ the _____ complies with the _____?

Can you tell _____ of _____ power connections goes _____ evaluation?

Who is responsible _____ guaranteeing _____ my _____ fixtures _____ industry _____?

Who _____ new electrical _____ make _____ they _____ with _____ codes?

Who _____ sure electrical connections are _____ with _____?

Who _____ ensuring that newly _____ connections _____ in _____ industry standards?

____ checks electric installations ____ ____ ?
 ____ you ____ new electric connections ____ with industry standards?
 Do ____ sure the ____ connections ____ up to ____?
 Who ____ that electrical ____ conformity to ____ standards?
 ____ makes ____ electric setups ____ in compliance ____ industry ____?
 Someone ____ to ____ the ____ up electric connections ____ industry ____.
 Do ____ know ____ freshly ____ connections ____ industry standards?
 Who ____ that freshly deployed electrical ____ in ____ standards?
 How ____ we be sure that the ____ installed ____ compliance ____ industry ____?
 Who makes ____ connections are in compliance ____?
 Who ____ new electrical ____ in ____ with ____ standards?
 ____ party ____ charge ____ checking compliance in new ____?
 ____ responsible ____ should ____ certify newly ____ electric connections ____ make sure ____ meet ____.
 Are the ____ electric ____ inspected to ____ the regulations?
 Who makes ____ that ____ connections ____ industry ____?
 ____ and certifies electrical connections?
 ____ needs ____ that ____ electric connections are ____ compliance with industry ____.
 ____ is ____ compliance in new electrical setup?
 Who ____ verify that the ____ installed electrical ____?
 ____ you tell ____ the installation of new power ____ in ____ with ____?
 Which ____ ensures that ____ industry ____?
 Who ____ newly ____ up ____ to ____ they comply with industry ____?
 Do ____ make ____ new ____ connections ____ inspected ____ to industry standard?
 ____ is ____ following ____ standard regs for electric ____?
 Who ____ the electric ____ rules?
 Who ____ that ____ industry standards?
 Who ____ my ____ electric ____ meet ____ standards?
 ____ you make ____ that ____ new ____ connections are ____ to ____?
 ____ checks that electrical ____ in ____ with ____ codes?
 Did ____ sure ____ connections meet ____ industry standards?
 ____ you make sure that ____ follow ____ when ____ certifying electric ____?
 ____ electrical ____ that have just been ____?
 Are we ____ electrical installations are ____ compliance?
 Who ____ sure new electric setups ____ in ____?
 ____ responsible ____ certifying ____ deployed electrical ____?
 Do you check ____ new ____ connections to ____ industry ____?
 ____ sure ____ regs are ____ for ____ new electric installs?
 ____ installed ____ connections to make sure they are in line ____?
 Who is ____ and certifying newly ____ to make ____ meet industry ____?
 Who is ____ for ____ that ____ connected ____ requirements?
 ____ individual ____ newly connected electricity ____ with industry standards?
 ____ power hookups?
 Do ____ inspect or certify ____ ensure ____ to ____ standards?
 ____ make sure ____ installed ____ are ____ with industry standards.
 ____ certifies electrical ____ industry ____?
 Will ____ sure that ____ newly installed ____ connections ____ standards?
 ____ makes sure ____ industry-standard regs follow for ____?
 ____ person ensures electric ____ standards?
 ____ is responsible ____ making ____ newly ____ electric ____ comply with industry ____?
 Who ____ that ____ connections meet the industry ____?

_____ you _____ sure _____ and certification _____ electric _____ are _____ line with industry standards?
_____ there _____ who makes _____ that _____ comply with industry _____?
_____ verify _____ electrical lines meet _____?
Who makes _____ installations _____ up _____ industry standards?
Will you _____ newly _____ connections follow industry-standard _____?
_____ you _____ the _____ installed electrical connections _____ make sure _____ compliant with _____?
Can _____ tell us _____ new _____ connections _____ regulations?
Who is responsible _____ making _____ new electrical _____?
_____ is _____ for _____ installations meet industry _____?
I wonder who _____ inspect and certify my _____?
Who makes _____ that newly installed _____ regulations?
Do _____ make sure _____ connections _____ and certified _____ with industry standards?
_____ do _____ confirm _____ newly _____ electricity _____ with _____ requirements?
_____ makes sure that new _____ are up _____ and _____?
_____ can _____ certain that _____ installed fulfill industry standards?
_____ organization or _____ that newly connected _____ in _____ with _____ standards?
Who is _____ for _____ are compliant with industry _____?
Who _____ electric _____ standards?
_____ organization or _____ certifies newly _____ electricity to meet _____?
_____ sure the _____ connections comply with _____ standards.
Which party is in _____ electric installations _____?
Who makes _____ that new _____ follow industry _____?
_____ you make sure _____ the inspection _____ electric connections _____ in _____ with _____?
Who _____ make _____ that _____ electrical _____ follows industry-approved _____?
Who _____ connected _____ meets standard rules?
Do you _____ my _____ electrical connections _____ make sure that _____ industry _____?
Are there agencies _____ installments _____ line _____ industry standards?
Someone _____ sure _____ connections comply with _____.
_____ you _____ sure _____ installed electrical _____ are compliant with industry _____?
_____ for ensuring _____ new electric _____ are in _____ with industry _____?
_____ inspects and certifies electric _____ to industry _____?
_____ makes sure _____ followed for _____ installs?
Who can verify _____ requirements?
_____ sure the new _____ are in compliance _____ standards?
Is _____ who makes _____ electrical hookups _____ guidelines?
_____ you inspect _____ certify my _____ electrical _____ to ensure _____ industry standards?
Who _____ sure _____ electrical _____ follows industry-approved guidelines?
_____ party oversaw inspection and _____?
Who _____ sure that the _____ up electric _____ industry _____?
_____ is Responsible for _____ all newly installed _____ industry _____.
_____ installed _____ connections _____ industry standard rules?
_____ the _____ comply with industry _____ after they've been _____ up?
Are _____ inspected _____ to meet regulations?
_____ the electrical lines _____ the _____?
_____ makes sure _____ setups _____?
_____ certain that new electric _____ regulations?
Do you know the entity _____ checks _____ industry _____?
_____ makes sure that _____ connections _____ to _____ standards?
Who _____ make sure _____ newly _____ electrical _____ requirements?
Who checks for _____ when _____ installations?

_____ makes sure electric _____ all _____ ?
_____ inspect and _____ newly installed _____ ?
_____ it possible _____ confirm if the electric connections _____ newly _____ ?
_____ a _____ that _____ electric lines _____ quality standards?
_____ in _____ certifying _____ installed electricity connections?
_____ me if electric _____ are newly _____ meet industry _____ ?
_____ makes _____ that _____ installed _____ comply _____ industry standards?
_____ you _____ to _____ newly _____ electrical _____ with industry standards?
Can you tell me _____ installed _____ industry standards?
_____ the newly _____ electric connections _____ sure _____ meet the _____ ?
Who _____ responsible for inspecting _____ certifying _____ installed _____ connections _____ compliance with _____ ?
_____ know _____ my _____ installed electrical connections comply with _____ ?
_____ don't know who _____ to make _____ my _____ meet _____ rules.
_____ inspect _____ electrical _____ to make sure _____ meet _____ standards?
Who _____ connected electricity _____ in line with _____ ?
Who _____ sure _____ electric _____ standards after they're _____ up?
Do you inspect or certify _____ electrical _____ sure _____ standards?
_____ a team that checks _____ lines for _____ standards?
Who _____ sure _____ meet _____ standards?
_____ you _____ the process _____ inspecting _____ certifying electric connections complies _____ ?
_____ responsible for making sure _____ connections meet standards?
_____ you _____ sure my electrical _____ is _____ industry _____ ?
_____ responsible _____ my recently-installed electrical fixture follows industry-approved _____ ?
_____ make _____ the _____ and certification processes _____ electric connections _____ industry-standard?
Do _____ inspect the newly _____ and make sure they _____ ?
_____ you know _____ newly _____ electrical _____ complies _____ industry _____ ?
_____ can _____ be sure that _____ electric connections recently _____ industry _____ ?
Who is _____ for making _____ new _____ setup _____ industry _____ ?
Can you tell _____ if _____ installed _____ follow industry-standard _____ ?
_____ responsible for _____ standards and certifying _____ ?
_____ party inspects _____ electrical installations according to _____ ?
_____ or _____ certifies the electricity that is _____ them?
_____ you _____ who makes sure _____ the _____ with industry _____ ?
Someone _____ to make sure that _____ set _____ electric _____ comply _____ .
_____ you ensure _____ the _____ installed electrical _____ with _____ standards?
_____ there _____ guarantee that my _____ electrical _____ guidelines?
_____ there _____ guarantee _____ the newly _____ complies with _____ standards?
Who makes sure _____ connected _____ with all the _____ ?
_____ electric installations and _____ meet _____ standards?
_____ installations meet industry standards?
_____ the _____ electric _____ complies with _____ industry norm?
Who _____ for _____ newly installed _____ meet industry standards?
_____ party _____ certifies _____ installations per _____ guidelines?
_____ is responsible for _____ sure _____ the electrical _____ with _____ ?
Who _____ responsible for _____ the new _____ meet industry _____ ?
_____ check if the new electricity _____ industry-standard _____ ?
Who checks if _____ installed _____ requirements?
_____ makes _____ electric _____ to _____ regulations?
_____ oversees electric installations _____ meet _____ ?
_____ sure that _____ electrical installations are compliant?

Do you _____ inspection or certification process for _____ connections _____ line with _____?

Who is _____ inspect _____ certify my _____ connections?

Are _____ that the newly installed _____ with _____ standards?

Who _____ sure _____ industry _____ regs are _____ for _____ electric _____?

Can you _____ if _____ connections goes through industry-standard evaluations?

_____ we be certain _____ connections we just _____ in compliance with _____?

_____ newly _____ electric _____ inspected _____ certified for _____ with _____?

Who checks _____ electrical installations _____ complying _____?

Which _____ new electrical setup rules?

_____ party ensures the _____ and _____ of _____?

_____ you confirm _____ newly installed _____ connections _____ to _____ regulations?

_____ sure _____ setup comply _____ standards?

Do you know _____ freshly deployed _____ industry regulations?

_____ it possible _____ confirm if _____ connections installed _____ industry _____?

_____ organization _____ individual reviews _____ electricity _____ make sure _____ complies with _____?

Is newly installed _____ inspected to _____ they _____?

How _____ certain _____ the recent installation of _____ industry standards?

_____ know _____ responsible for _____ that recently installed _____ follow _____ standards?

Who _____ electrical _____ to make _____ meet _____ codes?

Do _____ make _____ the _____ electrical connections _____ and _____?

_____ regulates _____ electric industry regulations for _____?

_____ make sure that _____ certification processes _____ are _____ line with industry _____?

Who _____ responsible _____ making sure that the _____ comply _____?

Will _____ installed electricity _____ pass _____?

Is _____ team that _____ set up _____ lines _____ standards?

Who _____ electrical _____ and guarantees conformity _____ industry _____?

_____ is _____ sure new electric connections _____ regulations?

Can _____ confirm whether _____ new _____ follow _____ regulations?

Who _____ going _____ the electrical _____ requirements?

Who is _____ ensuring _____ electric connections conform _____ industry _____?

_____ you check to _____ the _____ connections _____ industry-standard _____?

_____ make _____ for inspecting and certifying _____ are _____ with industry standards?

Who _____ with electric _____ regulations for new _____?

Do you _____ connections to _____ sure they _____ the _____?

_____ that my _____ electrical fixture _____ approved guidelines?

Which party oversees _____ inspection _____?

_____ you _____ newly _____ electrical _____ ensure they meet _____ standards?

Are the _____ electric connections inspected and _____ meet _____ a _____?

_____ makes _____ installed _____ meet the industry standards?

_____ making sure that all newly _____ electric _____ meet _____ standard?

Do agencies still _____ electric _____ with _____ standards?

Who makes _____ electric connections _____ with _____?

_____ makes _____ electric _____ are in _____ the industry standards?

_____ makes _____ for new electric installs _____ followed?

Who makes sure _____ electric setup _____ rules?

Who makes sure that _____ comply _____ regulations?

Is _____ possible to confirm _____ installation _____ new _____ through industry-standard _____?

_____ guarantees that the recently-installed _____ follows _____?

How _____ we be sure that the _____ of _____ connections _____?

Who is responsible for making _____ that newly _____ connections _____?

_____ makes _____ installed _____ connections are up to _____ with _____ standards?

Did you confirm that _____ installed electric _____ to _____?

Do agencies _____ align with industry standards?

Who _____ sure that electrical _____ in _____ standards.

_____ make _____ the processes for inspecting _____ certifying _____ connections _____ standards?

_____ who makes sure electrical _____ follow the _____?

_____ makes sure _____ regs are _____ for _____ electric _____?

_____ sure that _____ connections meet _____ standards?

Who is _____ for making sure _____ with _____ codes?

_____ sure electric _____ comply _____ industry _____.

Who checks the compliance _____ codes?

_____ if electrical lines meet _____?

_____ party _____ responsible _____ of compliance _____ new _____ setups?

_____ for ensuring _____ installed electricals are in _____ industry guidelines?

_____ or individual inspects _____ electricity _____ has recently been _____?

Who _____ sure _____ the newly setup electric connections _____?

_____ regs _____ followed _____ electric installations?

_____ makes sure _____ recently-installed _____ equipment _____ industry-approved _____?

Do you _____ newly installed _____ to _____ they _____ industry standards?

_____ the newly _____ connections _____ to _____ they meet regulations?

_____ that _____ connections conform with industry standards?

_____ I _____ sure _____ my recently-installed electrical fixtures _____ industry-approved _____?

Who inspects _____ electric connections _____ compliance _____ industry standards?

_____ party oversees the _____ installations?

_____ makes _____ industry-standard _____ are followed _____ electric _____?

Who makes sure _____ newly-installed _____ industry-approved _____?

Who _____ for _____ that _____ connected _____ meets all standards?

_____ electrical installations _____ industry codes?

_____ the _____ set _____ electric _____ with industry standards?

Which party _____ compliance _____ new _____ setup regulations?

_____ agencies make _____ with industry standards?

Can you tell _____ the new electric connections _____?

Who _____ industry-standard regs are _____ installs.

Who is _____ new electric connections to _____ they're _____ with industry _____?

Did you _____ electrical _____ meet industry standards?

_____ you check whether the _____ electricity _____ follow _____?

Do _____ sure your _____ or _____ processes _____ are in line _____ industry _____?

_____ can _____ be certain that _____ installed _____ been inspected _____ certified?

What _____ has _____ that _____ connected electricity _____ regulatory requirements?

_____ there someone who makes sure _____ fresh _____ follow _____?

Do _____ whether freshly _____ connections meet _____ industry's _____?

_____ makes _____ electric _____ meet standards?

_____ inspect and certify _____ established electric _____ to _____ standards?

Do _____ in charge _____ sure recently _____ certification tests?

_____ if new electric connections _____ standards?

_____ responsible for _____ certifying new _____ for compliance with _____ standards?

_____ is _____ for _____ of electrical _____ complying with _____?

_____ new electric connections _____ to meet standards?

Do you _____ sure _____ inspection _____ certification _____ for electric _____ is _____ with _____ standards?

_____ makes sure _____ installations _____ industry _____?

_____ electric _____ to make them meet _____?

Can _____ tell _____ electric connections follow _____ standards?

_____ inspect newly installed _____?

_____ or _____ inspects and certifications newly connected _____ to _____?

_____ made _____ up electric connections complied with _____ standards?

Someone _____ compliance _____ electric _____ for new installations.

_____ sure _____ electricity is in _____ with the _____ rules?

How can _____ the _____ electric _____ meet required industry standards?

Which party is responsible _____ new electrical _____?

Which _____ can confirm that newly _____ regulatory requirements?

_____ be sure that the _____ connections installed _____ are in _____ standards?

Who _____ sure that the _____ installed _____ connections _____?

It _____ not _____ who makes sure _____ newly _____ compliant with industry _____.

_____ responsible _____ ensuring _____ industry standards and certifying _____ connections?

_____ inspects _____ certifies _____ electric _____ to meet _____ standards?

_____ responsible _____ making _____ the newly set up _____ comply _____ industry _____?

_____ installed electrical _____ complies with industry standards?

_____ you _____ process _____ certifying electric connections complies with industry _____?

Do _____ inspect and _____ make sure they conform _____ standards?

_____ it _____ to confirm _____ the _____ installed electric connections adhere _____?

Is _____ to confirm that _____ go through _____ evaluations?

_____ makes _____ deployed electrical _____ are in line _____ industry _____?

_____ sure that new electric _____ compliant _____ industry's standards?

Who _____ meet electric industry _____?

_____ of inspecting compliance with _____ electrical rules?

_____ is _____ for ensuring that _____ fixture follows _____ guidelines?

_____ going _____ verify _____ electrical lines meet _____?

_____ will verify that new _____?

_____ the _____ and _____ of new _____ connections?

_____ you _____ the newly installed electricity connections to _____ rules?

Which _____ is _____ charge of inspecting _____ electrical setup?

_____ party inspects _____ certification _____ to industry guidelines?

_____ ensures _____ to industry standards?

_____ new electric installs are followed?

_____ the _____ installed _____ connections adhere to industry standards?

Who _____ newly installed electric _____ are _____ industry standards?

_____ to _____ the newly installed electric _____ adhere to industry _____?

Do _____ to follow industry standards _____ inspection _____ of electric _____?

Does _____ include validation of _____ installations _____ the _____ regulations?

_____ that _____ connections meet all industry standards?

Which _____ in _____ of certification _____ electric installations?

_____ that _____ installed electrical work _____ with _____ standards?

Do you _____ and _____ new _____ connections _____ ensure _____ industry-standard _____?

How _____ be certain that _____ installation of _____ connections _____ standards?

Who makes sure of _____ electrical _____?

_____ you know _____ checks _____ connections to make sure _____ meet _____?

Are newly _____ electric connections _____ and _____ to _____?

Someone should _____ sure _____ the _____ electric connections _____ with industry _____.

Who makes _____ are followed for electric _____?

_____ makes sure industry _____ for new _____ installations?

_____ who makes sure _____ setup comply _____ industry _____?
 _____ sure recently installed _____ connections _____ certification tests?
 _____ make _____ that electrical _____ are up to _____?
 Who is responsible for making _____ electric _____ _____?
 Do _____ to _____ and certification _____ newly established electric connections?
 _____ takes _____ that meet industry standards?
 Who is _____ my new _____ connections _____ up to _____?
 _____ for _____ sure electrical installations meet _____ standards?
 Do _____ know _____ connections _____ have _____ been _____ meet standards _____ the industry?
 _____ you _____ me _____ the installation _____ brand-new power _____ goes _____?
 Who makes _____ industry-standard _____ followed _____ new electric _____?
 _____ sure electric _____ conforming to _____?
 How can _____ sure _____ installed _____ fulfill the _____ industry standards?
 Are you _____ for _____ sure _____ recently _____ electricals _____ compliance _____ industry _____?
 Who _____ sure _____ follow _____ codes?
 Whom makes _____ installations _____ standards?
 _____ you know _____ deployed _____ connection meets standard regulations _____ industry?
 Does _____ that _____ electrical hookups follow _____?
 _____ is _____ newly _____ up electric connections comply with industry standards?
 _____ can _____ sure that the _____ electric _____ fulfill _____ standards?
 _____ maintain adherence to industry standards _____ inspection _____ certification _____?
 Do you know _____ electric _____ freshly _____ the _____ imposed _____ industry?
 Who _____ sure that _____ electric _____ conform to _____?
 Do people make _____ hookups _____ guidelines?
 _____ makes _____ that the _____ comply with industry _____?
 Do you _____ that _____ new electrical work _____ the _____?
 Who _____ electric _____ standards?
 _____ be _____ that the electric _____ installed _____ are in compliance with _____?
 _____ organization or _____ makes _____ connected electricity _____ with the _____ standards?
 Can _____ tell _____ if the _____ for inspection and certification?
 Who makes sure _____ my recent-installed electrical _____?
 Who _____ sure my _____ fixture follows _____ guidelines?
 Do _____ that new electrical _____ complies _____ the _____?
 Who makes _____ that _____ setups _____ compliance with _____ standards?
 Is _____ installed electric _____ and _____ meet regulations?
 _____ you know _____ freshly deployed _____ are compliant with _____?
 Who is _____ my recently-installed electrical fixture _____ guidelines?
 Who _____ codes _____ new electrical _____?
 _____ individual inspects _____ certifications _____ electricity to meet industry _____?
 _____ to _____ sure they meet industry standards?
 _____ that my new _____ equipment follows _____ guidelines?
 _____ the electric connections inspected _____ certified _____ regulations?
 _____ you _____ that _____ work complies _____ industry standards?
 Can _____ that the _____ of _____ connections _____ in accordance _____ industry _____?
 Can _____ that the newly _____ electric connections _____ industry-standard _____?
 Do _____ people in charge make _____ pass _____ tests?
 _____ guarantees _____ electrical _____ are conformed _____ standards?
 Are the _____ installed _____ inspected _____ compliance _____ regulations?
 Is anyone _____ of _____ sure that _____ pass certification tests?
 Do you inspect new electrical _____ industry standards?

_____ electric installations according to industry guidelines?

_____ which _____ oversees inspection and certification of electric _____?

_____ makes sure _____ industry-standard _____ are _____ electric installs?

_____ makes _____ that newly _____ electric _____ are _____ with _____ standards?

_____ party reviews electric _____ to _____?

How can we _____ the _____ are compliant with _____ standards?

Who makes sure _____ with _____?

Who is supposed to make _____ electric _____ comply _____?

_____ must _____ if electrical lines _____?

_____ you inspect and _____ connections _____ to make sure they meet _____?

_____ or individual confirms _____ newly _____ complies _____ regulatory requirements?

Who _____ that new _____ are _____ with industry _____?

_____ that electric installations _____ industry _____?

Who checks _____ electrical installations are _____?

_____ check if newly _____ connections follow industry-standard _____?

Who _____ sure _____ my _____ electrical fixtures follow _____?

Could _____ tell me _____ connections _____ meet industry _____?

_____ inspection and _____ processes _____ electric _____ are in line with _____ standards?

What organization _____ individual _____ connected electricity to make _____ regulatory _____?

Are newly _____ electric _____ inspected _____ with _____ regulations?

Who performs _____ task of _____ newly installed _____ meet _____?

_____ the newly _____ powerconnections?

_____ is going to make _____ recently-installed _____ industry _____ guidelines?

_____ makes _____ connections _____ in compliance with industry-standard regulations?

Which _____ is supposed to verify _____ setup _____?

Is _____ connection _____ by a reliable authority?

How _____ be certain _____ electric connections are in _____ with required _____?

_____ is responsible for _____ and certifying new _____ make sure _____ are _____ standards.

_____ electric connections _____ certified _____ meet regulations?

Which _____ for _____ installations _____ to industry guidelines?

Do those in _____ recent installed _____ pass _____ tests?

_____ makes sure _____ installed _____ connections meet _____ standards?

Who makes sure that _____ electric _____ compliant with _____?

_____ can _____ the electric connections _____ are _____ compliance with _____ standards?

_____ make _____ the _____ installed electricity connections pass _____ tests?

_____ is _____ makes sure _____ newly _____ up _____ comply with industry _____.

Do you _____ connections _____ to industry standards?

_____ newly _____ electric _____ and approved _____ meet _____ regulations?

Do you _____ the newly _____ connections to _____ they _____ standards?

_____ is in charge of _____ new _____ compliance?

Is _____ certified to meet the regulations?

_____ is _____ making sure _____ electric connections _____ with _____ standards?

_____ any _____ that _____ installed _____ complies with industry standards?

Who _____ sure _____ recently-installed _____ industry approved guidelines?

_____ connections inspected to _____ regulations?

Who makes _____ connections _____ to industry standards?

Who _____ responsible for _____ that _____ newly installed electric _____?

_____ inspection and _____ of electric installations _____ guidelines?

What organization _____ individual can _____ connected _____ meets _____ requirements?

Do _____ and _____ new electrical connections _____ with industry standards?

Is there _____ who makes sure _____ proper _____?

How _____ we _____ certain _____ the _____ were _____ fulfill industry standards?

Is it _____ to _____ if newly _____ connections _____ standards?

Who makes sure _____ electrical _____ are up _____?

_____ is responsible _____ inspecting _____ new _____ to _____ they _____ industry standards?

_____ inspecting new _____ to make sure they _____ industry standards?

Is _____ installed electric connections _____ meet regulations?

_____ you _____ if the new _____ industry-standard rules?

_____ or individual inspects _____ connected _____ for regulatory requirements?

Do you _____ electric connections _____ freshly _____ the industry regulations?

Is _____ installed _____ connections _____ approved to _____ regulations?

_____ it _____ to confirm _____ electric connections installed new _____?

Is _____ charge _____ making _____ electricity connections pass _____?

Who _____ and certifying newly installed electric _____ to _____ that they are _____ standards?

Do you _____ newly installed _____ make _____ meet _____ standards?

Do you _____ electrical connections _____ make _____ industry standards?

Who is _____ installed power _____?

_____ makes sure _____ regs are _____ electric _____?

_____ sure electric _____ to industry _____?

_____ is responsible for inspecting and certifying newly _____ electric _____ that _____ industry _____?

_____ makes _____ that fresh _____ setup _____ industry _____?

I _____ who _____ make sure _____ connections meet industry standards.

_____ makes _____ electrical _____ industry codes?

Someone _____ that the newly _____ connections _____ with _____ standards.

Who is in _____ of inspecting and certifying _____?

Who _____ in _____ of making _____ that _____ installed _____ connections _____ industry _____?

_____ sure _____ new electric _____ meet the _____ standards?

_____ you make sure _____ connections are in compliance _____ industry _____?

_____ you _____ deployed electric _____ compliance with industry regulations?

Is it possible _____ confirm _____ electric _____ meet industry standards?

I _____ know _____ sure fresh _____ setups _____ with industry _____.

_____ make sure _____ electricity _____ certification tests?

_____ you _____ the _____ connections follow _____ industry-standard regulations?

_____ sure the _____ are compliant with _____ standards?

Can you _____ newly _____ connections _____ to _____ standards, along _____ and certification processes?

_____ makes sure _____ the _____ connected _____ meets all _____?

Someone _____ that fresh _____ with industry guidelines.

Do _____ sure my _____ connections _____ industry standards?

_____ charge of making sure _____ comply _____ industry standards?

Who _____ sure _____ electrical _____ industry regulations?

Who _____ that new _____ adhere _____ industry _____?

Who _____ of inspecting and _____ installed _____ connections?

Which _____ inspection and _____ installations?

_____ makes _____ that new electrical _____ following industry _____?

What _____ or _____ and _____ new _____ meet regulatory requirements?

_____ we be _____ that the _____ connections are in _____ with the _____?

Can _____ new _____ connections meet industry-standard _____?

Who _____ sure _____ the _____ up electric _____ industry standards?

Who _____ sure industry _____ are _____ new _____ installs?

How _____ we _____ certain _____ the electric connections _____ compliant with _____?

_____ those in _____ that _____ installed electricity connections pass _____?

_____ compliance to industry _____ connections?

_____ industry-standard regs _____ followed for _____ electric installs?

Who _____ connections that _____ deployed?

Do _____ ensure _____ electric installments _____ with industry _____?

_____ guarantees that my recently-installed _____ follow _____ guidelines?

How can we be _____ the electric _____ installed _____ required _____?

Who makes sure _____ with _____ industry _____?

_____ make sure _____ the _____ electrical connections comply with _____?

_____ would _____ lines meet requirements?

_____ you make _____ follow industry-standard _____ when inspecting _____ connections?

Will _____ connections _____ inspected and certified to _____?

_____ you _____ my newly installed electrical connections _____ to comply _____ industry _____?

Who is responsible _____ new _____ make sure they meet industry _____?

_____ makes _____ setups conform with _____ standards?

Do _____ provide validation of new electrical installations _____?

_____ you tell _____ the _____ installed _____ connections adhere to _____?

_____ oversees compliance with _____ for new _____?

Who _____ sure _____ regs _____ for new electric _____?
