

[Demo] NLP Dataset for Customer Service Automation

| | |
|-----------------------------|---|
| Company Type | Home Repair and Maintenance Companies |
| Inquiry Category | HVAC system maintenance and repair |
| Inquiry Sub-Category | HVAC system airflow concerns |
| Description | Customers ask about problems with the airflow in their HVAC system, including weak airflow, no airflow, or uneven air distribution, often caused by clogged air filters, malfunctioning fans, or ductwork issues. |
| Data Size | 6,024 paraphrases |
| Want to buy data? | Please contact nlp-data@gross.me via your business email address. |

Masked sample paraphrases of one "Home Repair and Maintenance Company" customer inquiry. (Purchased data will not be masked.)

_____ malfunctioning fans causing the weak _____ in _____ ?
Problems _____ fans might _____ circulation.
Is _____ movement _____ the fans?
_____ circulation bad due _____ fans?
Airflow is _____ due to _____ .
_____ it possible _____ the fans _____ in a reduced _____ ?
Have _____ reduced air _____ ?
Could fans messing _____ ?
_____ if faulty fans are the _____ for the _____ .
_____ flow _____ the _____ of _____ going bad.
_____ the fans are ruining _____ ?
_____ fans affect the _____ air?
Is the reduced air _____ fans _____ problem?
_____ don't _____ if busted fans are responsible for _____ Ventilation _____ .
_____ broken _____ air flow?
_____ malfunctioning fans the cause _____ air flow _____ my _____ ?
_____ fans the cause _____ in _____ ?
_____ air conditioning _____ to _____ fans.
Is _____ possible _____ improper fan _____ cause reduced _____ ?
_____ broken fans _____ blame _____ airflow?
_____ bad causing a poor _____ .
_____ weak air _____ heating _____ system the _____ of faulty fans?
The fans _____ malfunctioning _____ is why _____ is _____ .
The air _____ due _____ fan _____ .
The weak air circulation _____ my _____ by _____ .
There is bad _____ broken-down _____ .
_____ wonder if _____ fans _____ the _____ flow in _____ system.
_____ reduced _____ movement _____ by _____ fans?

Is it ____ that ____ fans have ____ movement?

Do fans ____ affect HVAC ____?

____ the weak air ____ in my heating, ____ and ____ conditioning ____ fans?

____ might be to blame ____ the lack ____ air ____ cooling system.

____ issues could be ____ the ____ air.

Do ____ have a negative ____ on air ____?

____ the ____ circulation bad ____ broken ____?

Why ____ is ____ fans?

____ air is ____ fans.

____ possible that improper fan ____ can cause ____?

I ____ if ____ fans are to ____ poor air ____ my ____.

____ the ____ circulation because ____ fans?

Is the ____ and ____ system due ____ malfunctioning fans?

____ it ____ that broken ____ to ____ poor ____ in my home?

bad ____ flow

____ air ____ result of ____ fan units.

____ myHVAC flow ____ by ____?

____ are ____ for ____ HVAC flow.

____ weak air ____ issues?

I ____ if malfunctioning ____ affect ____ weak ____ circulation in my ____.

____ air flow ____ my ____ system due to ____ fans?

Is ____ that malfunctioning ____ to blame ____ air ____ in ____ system?

____ problematic ____ be messing up ____?

Does broken fans ____?

Is the air ____ cooling system affected by ____?

The weakness ____ the ____ due to faulty ____.

____ trouble? ____ is blowing bad?

Is the air ____ my system bad ____?

____ it ____ fans that ____ airflow is weak?

I ____ if ____ fans ____ for the bad ____ home.

Is ____ that improper ____ functions will ____ air ____?

Is ____ my air conditioning system due ____?

____ the reduced air ____ the ____?

Is ____ possible that malfunctioning ____?

____ broken fans ____ the ____ air?

____ malfunctioning ____ the weak air circulation in ____?

Bad fans ____ to ____ for ____ flow.

____ fans ____ not ____ affect ____ flow?

____ wonder ____ are to ____ the lack of air flow ____ my ____.

The air ____ due ____ down fans.

____ broken fans ____ AC?

____ if ____ fans are ____ for the ____ airflow in my ____.

____ fans are ____ flow.

____ is a ____ due to ____ fans.

Do ____ fans affect the ____ air ____ home?

____ fans ____ be the ____ of insufficient air ____.

Are ____ fans ____ of ____ bad ____?

____ wonder ____ the ____ to blame for the ____ air ____.

Is the ____ in my system a ____ of ____?

Weak air in the ____ and ____ related ____ faulty ____.

____ poor fan ____ cause of ____ A/C ____?
 Are bad ____ the ____ air flow?
 ____ circulation ____ due to fans?
 Problematic fans ____ possibly ____ messing ____ circulation.
 ____ fans are ____ causes ____ air.
 Is it ____ fans have ____ less ____ movement?
 Are broken ____ the ____ bad air ____?
 I ____ fans are to blame ____ air flow ____ AC system.
 ____ it possible that ____ to ____ air flow from ____ air conditioning?
 I ____ fans are ____ poor air quality inside my home.
 ____ want to ____ if ____ fans ____ the weak ____.
 Is ____ broken ____ to blame for the poor ____ quality ____ my ____?
 ____ that ____ may ____ caused poor ____.
 Is the ____ movement due to ____?
 ____ fans may be ____ for ____ air ____.
 ____ fans ____ to blame for the ____?
 ____ the poor air circulation?
 The ____ weak ____ of ____ issues.
 Is the weak ____ to the ____?
 ____ malfunctioning fans that cause the subpar air ____?
 Some fans ____ subpar AC ____.
 ____ it be ____ to ____?
 It ____ possible ____ fans ____ causing subpar ____ flow.
 ____ fan performance ____ causes ____ A/C flow?
 Problematic fans ____ messing with ____ circulation.
 ____ the ____ conditioning ____ due ____ faulty ____?
 ____ the fans ____ affect ____ flow ____?
 Is the ____ to broken down ____?
 The ____ could ____ a result of ____.
 ____ if problematic fans ____ messing up my ____.
 Are ____ fans ____ an ____ on ____?
 ____ I ____ to deal ____ the ____ causing low air ____ in ____ heating ____?
 Do ____ that are faulty ____ circulation ____ the ____?
 ____ wonder if the ____ air ____ is due ____ faulty ____?
 Weak A/C ____ be due to ____.
 There ____ weakness in ____ to malfunctioning ____ units.
 ____ fans ____ of the ____ air?
 ____ that ____ fan function can cause reduced ____?
 Might malfunctioning ____ be ____ blame ____ the ____?
 ____ it possible ____ malfunctioning fans could ____ flow ____?
 ____ flow linked to ____ performance?
 malfunctioning ____ units ____ flow.
 Do I need to ____ fans that ____ the ____ in ____ heating ____ system?
 The ____ in myHVAC ____ be ____ by malfunctioning fans.
 ____ was ____ busted fans ____ the poor air quality ____ my home.
 ____ fans are ____ to ____ for ____ flow.
 ____ may be why ____ is ____.
 ____ there a ____ improper ____ function can cause reduced ____?
 ____ think my ____ weak because ____ bad ____.
 Why ____ are ____ broken?

_____ poor air _____ my system caused by _____?
 What _____ on with fan power _____ AC _____ so _____?
 The _____ are _____ the _____ is _____.
 Damn fan trouble _____ what _____ is _____?
 There is _____ due to the _____.
 _____ fan blades _____ air _____?
 Do _____ broken _____ flow?
 poor _____ circulation _____ by faulty _____.
 Fans _____ blame for _____ air.
 _____ is _____ flow is a result _____ fault fans.
 _____ it _____ are the cause _____ the _____ air flow?
 _____ is a weak airflow _____.
 _____ weak air _____ heating and cooling system the fault _____?
 _____ fans are _____ the poor flow _____.
 _____ the _____ flow _____ the result of faulty _____.
 Is weak A/C flow _____ fan _____?
 _____ it possible that _____ weak _____ is _____ to _____?
 _____ because _____ faulty _____ the AC air flow is _____?
 _____ wonder if busted _____ to blame _____ flow inside my _____.
 Is _____ the junky _____ that _____ system weak?
 _____ units _____ lead _____ weak air _____.
 _____ improper _____ the reduced air flow?
 _____ the weakness in _____ air _____ malfunctioning fans?
 Is _____ possible that malfunctioning _____ airflow to _____?
 _____ malfunctioning _____ affect the _____ in my system?
 Is the lack _____ circulation _____ to _____ down _____?
 _____ cause of weak flow _____ the _____ faulty _____.
 There are _____ are _____ that are _____ weak _____ flow.
 _____ fans might _____ why _____ AC _____.
 It is _____ weak _____ is _____ to fault _____.
 Do I _____ address the _____ cause _____ air flow _____ heating _____ system?
 Is it _____ that improper _____ can _____ air _____?
 _____ faulty fans _____ poor _____ circulation?
 Is _____ air _____ to _____ fans?
 _____ my _____ due _____ malfunctioning fans?
 _____ air circulation _____ to _____ fans?
 Some fans _____ malfunctioning which _____ AC _____ flow.
 _____ possible _____ air _____ is bad _____ broken down fans?
 Is _____ fans _____ the _____?
 Weak _____ might _____ of _____ issues.
 _____ fans that are _____ poor air _____?
 _____ possible _____ malfunctioning _____ to blame for _____ air in _____ system?
 _____ could be _____ blame _____ the poor _____ from my heating _____ system
 _____ the air-conditioning system _____?
 Is _____ problem _____ up _____ air _____?
 Weak air _____ malfunctioning _____?
 _____ could be messing up my air _____?
 Is the _____ air _____ a _____ of _____?
 malfunctioning fan units _____ blame _____ air flow.
 _____ possible faulty fans _____ circulation?

____ fan trouble, ____ blowing ____ air?
 Is ____ performance ____ A/C flow?
 ____ wonder if broken ____ responsible for ____ air quality ____ house.
 Air ____ is weak ____ to ____.
 Do ____ fans ____ the weak air circulation ____ heating ____?
 Do you ____ busted fans ____ messing with ____?
 ____ it ____ fault of faulty ____ my ____ conditioning is ____?
 Are lousy ____ of my ____ quality?
 ____ it ____ faulty ____ that ____ the ____ air flow ____ my air ____?
 Weak ____ in the heating ____ faulty fans.
 Is ____ possible fans are ____?
 ____ explain why ____ AC is ____?
 Do I ____ fix ____ that cause ____ air flow ____ my ____ unit?
 ____ the ____ air ____ in my ____ due to ____ fans.
 The ____ the ____ and ____ system may be ____ to faulty ____.
 Poor ____ due ____ faulty ____?
 ____ circulation ____ of faulty fans?
 I ____ if ____ fans ____ for ____ from ____ heating and cooling system.
 ____ the ____ result from malfunctioning ____?
 ____ fans could ____ the weak ____ in ____ setup.
 Fan units ____ which causes ____.
 Fan ____ be the ____ air.
 ____ trouble? my air ____ weak?
 I wonder ____ broken fans ____ poor air ____.
 ____ possible ____ for weak ____ could be ____ impact ____ faulty ____.
 ____ be to blame for ____ flow.
 malfunctioning ____ units ____ to ____ the weak ____.
 ____ poor ____ the ____ of ____ A/C?
 I would ____ to ____ faulty ____ are ____ for ____ air ____ from my HVAC.
 Some ____ might ____ for the ____ flow of ____.
 ____ the ____ my system caused ____ the malfunctioning fans?
 Do ____ fix the fans ____ cause low ____ flow ____ the ____?
 Is the ____ by inoperative-fans?
 ____ the ____ flow in ____ heating, ____ and airconditioning system ____ to ____?
 ____ broken fans ____ with ____ air ____?
 ____ AC is weak, is ____ of bad ____?
 Are ____ of the poor air flow ____ system?
 ____ malfunctioning fan units
 Is ____ possible ____ improper fan ____ reduced ____ flow?
 ____ ruining my flow?
 My AC ____ are ____?
 Is ____ weak flow of air ____ my system ____?
 ____ fans are to ____ the poor air flow ____ my heating ____ ventilating ____.
 ____ fans affect the ____.
 ____ fans may ____ the cause ____ in my system.
 ____ affect air flow?
 ____ fans ____ be ____ of inadequate air ____.
 ____ circulation been caused by ____ fans?
 Do fans ____ the ____ air ____ in ____ setup?
 Poor ____ could ____ caused ____ fans?

Are _____ affecting _____ conditioning?

_____ fans to blame for _____ air _____ my _____?

I'm wondering if _____ responsible _____ the poor _____ flow _____ system.

Fan issues _____ have _____ to _____.

_____ poor air _____ AC system may _____ down _____ fans.

_____ problematic fans _____ my air _____?

_____ faulty fans _____ cause of _____?

Can _____ fans _____ flow?

Do malfunctioning _____ affect the weak _____ setup?

What _____ with the _____ making _____ flow so bad?

_____ air in the _____ system is weak _____ the fans _____.

Is it possible _____ ruining _____?

_____ is caused _____ go bad.

_____ fans may be _____ for the lack _____ air flow _____ heating _____.

_____ the improper _____ function _____ reduced _____?

The _____ in my AC _____ do with broken _____.

_____ fans _____ and cause poor _____?

_____ don't _____ busted fans _____ for the poor _____ quality _____ my _____.

Is the weak air _____ in _____ malfunctioning _____.

_____ of the _____ could be caused by _____.

Fan _____ may _____ to weak _____.

_____ fans went bad _____.

Is it malfunctioning _____ that are causing _____ system?

_____ fans _____ be _____ air circulation.

Do _____ that are _____ the _____ of the _____?

_____ fans _____ be _____ with _____ air circulation.

Are _____ air movement?

Is the _____ caused by the _____?

_____ the _____ causing bad _____ circulation?

_____ fan trouble, is _____ blowing _____?

Weak _____ can be _____ malfunctioning _____.

Poor flow was _____ by _____?

_____ the _____ air _____ system due to faulty _____?

_____ to blame for insufficient _____?

_____ due to _____ issues.

The _____ air flow _____ AC system _____ be _____ broken _____.

airflow is weak _____ units

_____ the _____ in my _____ air conditioning system _____ by malfunctioning _____?

_____ if broken fans are _____ poor air _____ in my ac _____.

Is the _____ caused _____ faulty _____.

_____ that _____ fans _____ for the subpar air flow _____ my system?

_____ fans affect _____ circulation _____ the _____?

_____ circulation bad due to the _____?

The fans _____ malfunctioning and _____ air.

_____ reckon the busted _____ with _____ air conditioning?

_____ wonder _____ malfunctioning _____ impact _____ weak _____ in my setup.

_____ it necessary _____ the fans causing _____ in my _____ and _____ system?

_____ broken fans _____ the _____ of _____?

It _____ that _____ fans _____ air.

Do _____ make _____ weak air _____?

_____ trouble was _____ air?
 Could _____ fans reduce _____ flow _____?
 _____ air _____ due to _____ fans?
 _____ is a weak _____ because _____ units.
 _____ was weak air _____ fan _____.
 Is _____ subpar _____ flow _____ systems due _____ malfunctioning _____?
 _____ the subpar air _____ my system _____ malfunctioning _____?
 _____ poor air circulation because _____?
 The _____ circulation _____ may be due to _____ fans.
 _____ it _____ that the _____ air movement is due _____?
 _____ the lousy _____ of my _____ air?
 Weak air _____ related to _____.
 _____ if _____ could _____ to blame _____ the _____ of air in my _____.
 Weak air _____ is _____ units.
 _____ weak air _____ my heating _____ setup due to _____ fans?
 _____ broken _____ affect air _____?
 _____ bad _____ circulation is due to _____ fans?
 _____ be _____ up my _____ circulation?
 Are _____ to _____ air circulation?
 Is _____ fans _____ the poor _____?
 Is _____ weak _____ in my _____ and air _____ caused _____ fans?
 _____ fans _____ to blame for the _____ air _____?
 _____ possible that _____ air in _____ related to _____ fans?
 _____ possible _____ flow is _____ of fault fans.
 _____ fans are _____ HVAC _____ bad.
 _____ air circulation due _____ broken-down _____?
 Do _____ fans cause _____?
 _____ be _____ blame for _____ airflow.
 Is _____ air flow in the system _____ the _____?
 The _____ quality in _____ system _____ by _____ fans.
 _____ that _____ circulation _____ bad because of broken-down _____?
 _____ could be _____ blame _____ the _____ air flow.
 _____ that _____ are _____ for weak HVAC _____.
 _____ fan _____ My _____ is _____ weak.
 _____ could be malfunctioning _____ decrease _____ air _____.
 _____ the _____ making _____ air _____?
 _____ air _____ because of _____ fans.
 Is it _____ of _____?
 Are broken-down fans _____ circulation?
 There is a _____ the weak _____ of _____ fans.
 Are _____ bad fans _____ cause _____ poor _____ flow?
 Do _____ air circulation _____ my setup?
 _____ flow, fans _____?
 _____ weak airflow _____ to malfunctioning fan _____.
 _____ fans _____ for the _____ flow.
 _____ there a _____ performance and weak _____ flow?
 Fans _____ bad, causing _____.
 Is _____ reduced _____ movement _____ fans?
 _____ may be _____ the air _____.
 _____ air _____ the AC unit _____ be _____ strong _____ a _____ fan.

Damn fan trouble? _____ is _____.

Do malfunctioning _____ the weak _____ flow _____ system?

Is _____ possible that faulty fans _____ to _____ from my HVAC?

Is there weak _____ flow _____ fans malfunctioning?

_____ AC _____ of the broken _____.

_____ the _____ ailing the HVAC?

_____ weak due to _____ issues.

The _____ might _____ due _____ broken _____.

Are _____ fans _____ reason for _____?

_____ broken fans _____ weak _____?

Weak _____ air _____ due _____ fans?

_____ messing with _____ circulation?

_____ wonder if faulty fans _____ of _____ air flow in _____ air _____.

_____ bad _____ poor flow?

_____ weak air flow in my _____ system is caused _____.

_____ fans may _____ to blame for _____ AC _____.

The weak _____ circulation _____ my _____ malfunctioning fans.

I'm wondering if _____ fans _____ for the _____ of _____ home.

_____ fans the reason _____ bad _____?

Is _____ air quality in _____ heating, _____ and _____ due to malfunctioning _____?

_____ malfunctioning fans that are _____ for weak _____.

_____ malfunctioning _____ reduce _____ flow?

_____ causing poor flow?

_____ improper fan _____ for reduced _____ flow?

_____ AC _____ weak _____ why _____ fans bad?

Poor _____ circulation is _____ fans.

Weak A/C _____ may _____ a result of _____.

Do _____ fan _____ A/C flow?

Is _____ bad air _____ fans?

Are the bad _____ the _____ my _____?

_____ fans _____ affect my _____.

Are lousy _____ cause of _____?

_____ wonder if busted _____ are responsible _____ the lack of _____.

Maybe _____ to blame _____ weak flow of _____.

_____ messing with _____ air circulation.

Is _____ my _____ because of _____ fans?

The fans _____ malfunctioning and they _____ the _____ air.

_____ there _____ chance _____ improper fan function _____ cause _____ air _____?

_____ a possibility _____ the weak flow is _____ by _____.

Is _____ air _____ to _____ down _____?

Problems _____ fans _____ causing poor _____.

I wonder _____ air circulation _____ broken-down fans.

Is the _____ in my _____ and _____ to malfunctioning fans?

_____ wonder if _____ are _____ for _____ bad _____ my house.

_____ malfunctioning fans have _____ negative _____ air _____?

_____ it possible that _____ fan function _____ flow?

_____ malfunctioning fans _____ weak _____ in my setup?

Is the air _____ malfunctioning _____?

_____ faulty fans _____ for _____ circulation?

Do _____ busted _____ are _____ problem _____ my air _____?

Could faulty _____ be to _____ for _____ lack _____ flow from _____ system?

Are malfunctioning _____ blame _____ air _____?

Were _____ affecting _____ flow?

Maybe problematic fans _____ circulation.

_____ fans _____ for _____ air movement.

There may _____ a reason for _____ to _____.

I _____ if _____ fans are to _____ for _____ poor _____ inside _____.

_____ broken _____ air flow?

There are _____ fans _____ weak _____.

Bad _____ for _____ air _____.

Weak _____ might _____ the _____ fan _____.

_____ it _____ could _____ malfunctioning my _____ circulation?

Is _____ fans _____ cause _____ my _____ flow?

_____ the _____ air _____ and cooling _____ connected to _____ faulty fans?

Poor _____ may be related _____.

_____ fans affecting _____ circulation?

I'm wondering if _____ fans _____ blame for _____ of air _____ my _____.

_____ HVAC _____ by inoperative-fans?

Is it _____ that weak _____ faulty fans?

Is _____ possible _____ air _____ bad because of _____ fans?

I _____ know _____ are _____ subpar air _____ in my system.

I want to _____ if the reduced _____ fans.

Is _____ the _____ of my _____ my _____ flow _____ bad?

Is it _____ insufficient air _____ my heating and cooling _____ due to _____?

_____ air flow _____ fan units

_____ fans affect _____

Bad _____ may _____ blame for _____.

I wonder _____ responsible _____ the _____ ventilation _____ my home.

_____ to _____ if malfunctioning _____ to _____ for _____ subpar air flow.

_____ broken _____ weakness of AC?

_____ possible that improper fan function _____ less _____?

_____ the _____ flow in _____ system caused by _____?

Is _____ the fans _____ air?

I _____ ruining my HVAC flow.

Is the _____ my _____ related _____ the fans?

_____ fans _____ the cause of _____?

The _____ issues _____ making _____ air _____.

Could _____ fans _____ air _____?

_____ the weak air flow in my _____ my _____?

_____ need _____ any issues with the _____ are causing _____ flow?

Bad fans may _____ poor _____.

_____ weak _____ fan issues.

_____ airconditioning _____ weak _____ to _____ fans.

There _____ possibility that weak _____ because of _____.

_____ the _____ of air _____ the fans?

Is _____ for _____ flow in my system?

_____ the bad air circulation _____?

Could malfunctioning _____ to blame for _____ flow _____?

_____ broken _____ to _____ for the poor air _____ ac _____?

Malfunctioning fans _____ be _____ air _____.

Problematic _____ my air circulation.

Is _____ HVAC _____ circulation caused _____ fans?

I want _____ know _____ faulty fans are to blame _____ air _____.

Is _____ weak _____ in my HVAC _____ malfunctioning fans?

_____ bad _____ ruining my _____?

_____ wonder _____ fans are to _____ for the _____ of air _____ my _____.

_____ could be due _____ gone _____.

_____ there _____ because of _____ fans?

Problems _____ my flow?

Poor flow _____ caused by _____.

Is the lack _____ air flow _____ and cooling _____ to _____?

_____ be affecting the air _____?

_____ may _____ affected by poor fan _____.

_____ it because _____ fans?

_____ faulty _____ slow _____ of the _____?

_____ could _____ for inadequate _____ flow.

_____ wonder if _____ affect _____ air _____.

You _____ the _____ are messing with the _____?

Is _____ malfunctioning fans that are causing _____?

Is _____ that it is _____?

I _____ if _____ are _____ blame _____ the lack of _____ flow _____ my heating and _____.

Is _____ air _____ poor _____ fans?

Bad _____ may have _____ to blame _____ inadequate _____.

I wonder _____ the _____ in _____ system is due _____ malfunctioning _____.

Is _____ are malfunctioning _____ causing the _____ air flow?

I wonder if fans _____ are _____ blame _____ air _____.

_____ could be _____ fans _____ cause _____ weak _____.

There _____ malfunctioning fans _____ the weak _____ of air.

_____ issues _____ be _____ for weak _____.

The _____ system's airflow.

_____ the _____ AC _____ by broken _____?

Are fans malfunctioning _____ circulation?

_____ air _____ due to faulty fans?

_____ air flow in _____ air _____ due to _____ fans?

The _____ in my AC system _____ result _____ broken fans.

Might _____ cause airflow _____?

_____ air quality in _____ may _____ due _____ broken fans.

_____ messing _____ my _____ conditioning flow.

_____ that _____ malfunctioning might be to blame _____ HVAC _____.

There _____ malfunctioning fans that _____.

Is my _____ of _____ fans?

Bad fan _____ strength of _____ air in _____ unit.

I _____ if the _____ air _____ from _____ is _____ faulty _____.

I wonder _____ fans _____ malfunctioning _____ for _____ air _____ in my system.

_____ fans _____ malfunctioning and _____ why _____ flow _____ weak.

Fans that _____ malfunctioning could _____ for the _____.

_____ it _____ bad fan _____ air less strong _____ the _____ unit?

Is _____ that _____ are _____ blame for the _____ of _____ in _____ home?

_____ fans the _____ my subpar _____ flow?

My air _____ could _____ up _____ problematic _____.

Is the weak ____ flow ____ my ____ due ____?

It's ____ that ____ is a ____ malfunctioning fans.

Is it ____ air flow in ____ heating and cooling ____ is ____ fans?

Was ____ poor air ____ caused ____?

____ poor ____ the ____ of ____?

____ wonder if ____ fans are messing up ____.

____ the air ____ to ____ fans?

Is ____ my heating and air ____ fault ____ the faulty fans?

Fan ____ making ____ air weak.

I ____ if faulty fans are ____ air in my ____.

Is there ____ chance ____ up my ____ circulation?

____ bad fans ____ bad air?

Can ____ improper fan ____ a ____ in ____ flow?

____ my airflow bad because ____?

Is it ____ faulty ____ cause ____ air flow?

____ possible reason ____ may be ____ faulty fans.

____ if ____ poor air ____ my AC system is because ____.

____ fans ____ culprit for ____ weak ____ flow?

____ the air ____ up ____ fans?

____ the reason weak ____?

____ wondering if ____ fans are the culprit ____ the weak ____.

Is ____ problem with ____ ruining ____?

____ the ____ weak ____ of ____ fans?

____ wonder ____ fans ____ my air circulation.

There ____ the ____ to fan issues.

____ fans ____ problematic ____ be messing up my ____ circulation.

Fan ____ causing ____ air.

____ air ____ to ____ fan ____

____ there ____ circulation ____ to faulty ____?

____ AC weak because of ____?

Is it those ____ make my ____?

Weak ____ might be ____ problems.

____ improper ____ function to ____ for reduced ____?

____ broken ____ the airflow?

____ is ____ result of fans ____.

____ it ____ that ____ flow is caused by ____?

____ AC ____ weak, are it ____ fans?

Is the ____ flow from ____ heating and cooling ____ fans?

The weak ____ to faulty ____.

____ fans may ____ and ____ is weak.

____ malfunctioning decrease ____ flow?

____ system weak ____ malfunctioning fans?

I am ____ if malfunctioning ____ responsible ____ poor air ____ in ____.

____ there ____ ruining ____ flow?

____ flow could be blamed ____.

____ broken ____ responsible for ____?

____ the ____ the air flow?

Is the poor ____ heating and ____ system ____ faulty fans?

Fan ____ be ____ weak air.

Poor airflow due ____.

I'm _____ if malfunctioning _____ the _____ flow _____ my system.

Is _____ weakness _____ air flow due to _____?

_____ faulty _____ for the _____ air flow _____ my _____ and _____ system?

_____ fans _____ poor _____?

There are faulty _____ the _____.

_____ fans _____ be _____ blame _____ weak AC _____ flow.

_____ broken _____ impact _____ flow?

_____ air circulation bad _____ fans?

I _____ if the _____ malfunctioning _____ air flow in _____ system.

_____ might be _____ for the weak flow of _____.

I _____ if fans are messing _____.

Do fans _____ weak _____?

_____ went _____ causing _____ poor flow.

_____ it because _____ malfunctioning _____ the air _____ weak?

_____ fan performance _____ weak A/C _____.

_____ it _____ fan function _____ cause _____ air flow?

Bad _____ might _____ the reason _____ air _____.

_____ air coming _____ malfunctioning _____.

Do _____ fans make the _____ in _____?

_____ caused by the _____ bad.

_____ flow in _____ system due to malfunctioning _____?

There is _____ of _____ due _____ malfunctioning fan _____.

Is the _____ to broken _____?

Is _____ weakness in _____ air system _____ malfunctioning _____?

Is _____ weak air circulation in _____ fans?

_____ a _____ movement due to malfunctioning _____?

I wonder if _____ fans are to blame _____ air _____.

_____ wonder if _____ fans could _____ blame for _____ lack _____ air _____ house.

Is _____ a _____ air movement _____ my _____ because _____ faulty _____?

_____ fans may affect the _____.

Is _____ the reason that _____?

I _____ malfunctioning _____ circulation in my setup.

_____ air quality _____ because of malfunctioning fans.

do crummy _____ air _____

_____ faulty _____ are to _____ for the lack of _____ flow from _____ conditioning _____.

Is _____ possible _____ are messing _____ my _____ circulation?

Is _____ airflow due _____?

Is _____ affected by _____?

There _____ that _____ malfunctioning that are _____ for _____ weak _____.

Is broken _____ why _____ is _____?

_____ problems _____ causing _____ air.

_____ it the _____ that _____ heating _____ system weak?

_____ fans _____ with my _____ flow?

Is the _____ the reason _____ airflow _____?

_____ at _____ poor ventilation?

I wonder _____ are to blame _____ air in my _____.

Are _____ poor fans the _____ my _____?

Is _____ to bad fans?

Damn _____ air conditioning _____ feeble?

_____ malfunctioning fans _____ to _____ for the weak _____.

_____ if busted fans are to blame for _____ inside _____.

Did broken _____ the _____?

_____ possible that weak _____ is the _____ malfunctioning _____.

_____ the airconditioning weak _____ faulty _____.

_____ it _____ that malfunctioning fans _____ air flow?

I was _____ if _____ responsible _____ the _____ air _____ in my _____.

Is it _____ bad _____?

_____ weak _____ may _____ due to malfunctioning _____.

Is _____ possible _____ fans _____ malfunctioning my air _____?

_____ the _____ in _____ cooling system related to faulty _____?

_____ the _____ of _____ system due to _____ fans?

_____ wonder _____ malfunctioning _____ are _____ blame for _____ bad air _____ heating and _____.

Bad _____ to _____ for the _____ airflow.

Fan units are _____ causing _____.

The _____ is _____ due _____ fan _____.

_____ the _____ in _____ setup due to malfunctioning _____?

Could broken fans _____ to _____ the _____ in my _____?

_____ be to blame for _____ flowing _____.

_____ is _____ of fan issues.

Is _____ fan performance _____ for _____ A/C _____?

_____ bad _____ my AC system _____ result _____ broken fans?

_____ to blame for insufficient air flow from my _____.

_____ is a weak _____ malfunctioning _____ units.

_____ problematic _____ my _____ circulation?

Is _____ possible that _____ may be _____ my _____?

_____ air flow _____ to _____ units

Could _____ fans be to blame for _____ poor _____?

Maybe _____ reason _____ flow is _____ of faulty _____.

Problems with _____ be _____ reason for _____.

_____ it _____ that _____ to blame for the _____ air _____?

_____ reduced _____ be _____ result of faulty fans.

I _____ broken fans are to blame _____ the _____ air _____ my _____.

Was _____ weak _____ the heating and _____ to _____ faulty fans?

Are those _____ the _____ system _____ weak?

_____ cause of my airflow?

_____ there _____ movement _____ a _____ of _____ faulty fans?

Is it _____ are _____ with my air _____?

broken _____ affecting _____?

_____ flow _____ malfunctioning fan units

I am _____ faulty _____ are _____ culprit _____ weak _____ in my _____ cooling system.

Is it _____ weak flow _____ because of _____?

Fan _____ and _____ weak air _____.

I wonder _____ busted _____ could _____ to blame _____ inside my _____.

_____ trouble? _____ air _____ is blowing _____.

The _____ for _____ flow _____ on fans.

I _____ are the reason for the weak air _____ in my _____.

I _____ malfunctioning _____ are to _____ for _____ poor _____ my system.

_____ air _____ from _____ heating, _____ and _____ system due to _____ fans?

_____ fans _____ possibly be _____ my air _____.

_____ the fans _____ are _____ that are _____ subpar _____ flow _____ my _____?

_____ fan _____ HVAC's _____ is _____ weak?

Did the _____ occur _____ of the _____ fans?

_____ think busted _____ problem with my _____ conditioning?

Do bad _____ cause _____ to _____?

_____ the subpar air flow _____ conditioning _____ because of malfunctioning fans?

_____ problematic fans be _____ my air _____?

The weak _____ may _____ faulty _____.

_____ are ruining my heating and cooling _____.

_____ the lack of air _____ down to _____?

Is _____ air _____ due to malfunctioning _____ problem?

_____ fans may _____ air.

_____ bad fans result _____ movement?

Is _____ faulty _____ are _____ blame _____ the weak air _____ air conditioning?

Is broken fans the reason _____ air _____ in _____?

Has _____ fans _____ messing _____ my _____?

Is there any _____ that _____ fan _____ cause _____ air _____?

Weak A/C _____ is _____ because _____ fan _____.

Damn fan trouble _____ air conditioning is _____?

Do _____ fans _____ weak _____ circulation?

Is _____ low _____ my _____ due to fans _____?

_____ possible _____ the _____ fans are _____ culprit?

_____ bad fans explain _____ AC's _____?

_____ fans _____ flow?

Possible _____ for weak flow _____ caused _____.

Is the weak air flow _____ system _____.

_____ fans that are _____ my system?

_____ the fans that cause _____ flow in _____ system?

_____ bad _____ make the air weak _____?

_____ problem _____ causing subpar AC air?

Bad _____ air flow.

_____ the _____ air _____ from my heating and _____ system is _____ faulty _____.

I want to know _____ fans _____ the bad _____ in _____ system.

Fans _____ bad _____ causing poor _____.

_____ it possible _____ decrease the air flow?

_____ problematic fans be _____ with _____?

_____ if the reduced air movement _____ faulty fans?

Is _____ weak air in _____ caused _____ malfunctioning _____?

Is _____ reason the _____ weak?

_____ fans _____ blame for the poor _____?

_____ you _____ me if the _____ bad _____ broken-down fans?

_____ malfunctioning _____ to blame _____ the weak _____ flow in _____?

_____ the _____ in my heating, _____ and air _____ to _____ fans?

Is it _____ are the _____?

_____ affected by broken fans?

_____ fan performance may _____ flow.

I wonder if _____ malfunctioning _____ responsible _____ air _____ in my _____.

_____ it possible _____ the reduced air movement _____ malfunctioning _____?
