

[Demo] NLP Dataset for Customer Service Automation

Company Type	Natural Gas Companies
Inquiry Category	Information about renewable natural gas
Inquiry Sub-Category	Renewable Natural Gas Certification and Standards
Description	Customers may seek information on the certification processes and standards used to ensure the quality and sustainability of renewable natural gas, including industry certifications and compliance with regulatory requirements.
Data Size	5,295 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Natural Gas Company" customer inquiry. (Purchased data will not be masked.)

____ measures ____ ____ ____ guarantee that ____ natural ____ ____ all necessary sustainability standards?
 ____ do we ____ sure ____ natural gas ____ ____ line ____ sustainable ____?
 How ____ ____ your ____ ____ is eco-friendly?
 ____ be ____ to guarantee ____ natural ____.
 What measures are ____ put ____ place to ____ ____ renewable ____ ____ is ____?
 ____ do ____ have that ____ ____ will live ____ to all the ____ environmental ____?
 What can ____ to make sure ____ ____ is ____?
 ____ do ____ ____ renewable natural ____ safe?
 ____ can ____ do to make ____ ____ gas ____ the standards?
 ____ you ____ ____ overview ____ the steps ____ ____ make sure renewable natural gas is ____ with ____ ____?
 ____ ____ ____ to ensure ____ natural gas is sustainable?
 ____ measures are ____ place to ____ that ____ natural ____ ____ sustainable?
 There ____ any ____ ____ make ____ gas ____?
 ____ the measures ____ have ____ ____ in place to ensure thatrenewable natural ____ ____ ____?
 ____ some measures that can ____ ____ to ____ sure ____ ____ is sustainable.
 ____ was ____ about the ____ measures for ____ ____ sources.
 What can be ____ ____ green ____ meet ____ standards?
 Is ____ ____ ____ adhering ____ all the sustainable ____?
 ____ are ____ ____ to ensure that ____ gas is ____.
 Can ____ ____ more ____ ____ the ____ in place for sustainable ____ natural ____?
 What ____ the procedures you have ____ ____ ____ renewable natural ____ is ____?
 ____ are ____ ____ measures for ____ renewable ____ gas sources?
 What are ____ measures ____ place ____ make ____ that ____ ____ gas meets ____ necessary ____?
 ____ steps ____ you taken to make ____ ____ natural gas ____ in ____ the ____?
 Is ____ specific ____ in place for sustainable ____ ____ ____?
 ____ are ____ ____ to make sure that renewable natural ____ is ____?
 I ____ how renewable ____ gas ____ ensured ____ ____ sustainable.
 There ____ ____ that ____ ____ ____ guarantee renewable natural gas'ssustainability.

Can _____ secure the adherence _____ natural _____?

_____ me _____ the _____ that _____ taken _____ make sure _____ natural gas is in line _____ the _____?

How _____ going _____ make sure _____ gas is _____?

How _____ we _____ renewable _____ gas complies with _____?

What measures _____ to guarantee _____ renewable _____ sustainable?

Have you put _____ in _____ to _____ gases?

_____ do _____ keep _____ natural _____ safe?

Measures _____ assure _____ natural gas.

What procedures _____ make sure renewable natural gas _____?

_____ you make _____ the _____ natural gas you use _____?

Are there _____ place to _____ sure _____ gas is _____?

Is _____ possible _____ clarify _____ measures _____ sustainable/renewable natural _____?

_____ we _____ the eco-friendly gas we use _____ up _____ environmental standards?

I was wondering about _____ for _____ sources.

How do you _____ renewable _____?

Is there a _____ to _____ eco-friendly _____?

What _____ you _____ to make _____ your _____ is sustainable?

There _____ to ensure _____ gas _____.

_____ is the _____ guarantee _____ green gas meets _____ standards?

_____ exist _____ make renewable _____ conform?

What kind of measures are _____ place _____ natural _____ sustainable?

_____ renewable _____ gas _____ ensured?

How can you _____ natural gas _____?

_____ safeguards _____ be used to _____ that renewable _____ is sustainable.

How _____ be _____ renewable _____ good for the environment?

How can _____ know _____ renewable natural _____ line _____ essential sustainable _____?

_____ do _____ determine _____ natural gas complies _____ guidelines.

I am _____ renewable natural gas sources.

_____ are put in _____ sustainable renewable _____.

Do set _____ adherence of _____ natural _____ to sustainable _____?

What _____ do we have that _____ lives _____ the standards?

_____ framework exist _____ ensure RNG's _____?

How can we _____ natural _____ with _____ guidelines?

_____ know your _____ gas is sustainable?

Do _____ measures _____ place _____ the natural gases _____ eco-friendly?

What _____ the _____ used _____ make renewable gas _____?

How do _____ make _____ your _____ are eco _____?

Is there _____ place _____ make _____ production _____ RNG?

How _____ you ensure _____ natural _____ safe?

Can _____ the assurance measures for sustainable _____ natural _____?

Do _____ place to make _____ that renewable natural _____ meets _____ necessary _____?

How _____ we _____ sure sustainable standards _____ satisfied _____ RNG _____?

_____ measures _____ place to _____ that _____ renewable gas is _____.

_____ do _____ gas is _____?

_____ comply with _____ guidelines?

_____ steps _____ been taken _____ ensure that _____ gas is in _____ with the regulations?

Does your _____ that _____ gas meets _____ required standards?

_____ steps are _____ make _____ gas _____?

How _____ that renewable _____ gas complies with _____ guidelines?

There are _____ place _____ make sure the _____ sustainable.

____ there ____ place to ____ the ____ gases eco-friendly?
 ____ your ____ have ____ make ____ that renewable ____ gas is sustainable?
 What ____ do to ensure ____ natural ____ is ____?
 ____ do we know if ____ sustainable guidelines?
 What are ____ measures ____ place ____ make sure renewable ____ ____?
 What ____ you use ____ make ____ gas ____ eco-friendly?
 ____ steps are being taken ____ make ____ that ____ natural ____ standards?
 What ____ we need to do ____ sure ____ gas ____?
 ____ there ____ plan ____ sure the ____ for renewable gas?
 ____ making sure ____ natural gas ____?
 ____ do ____ do to ____ sure renewable ____ gas is ____?
 Do you have procedures in place to ____ meets ____?
 Is ____ plan ____ ensure ____ standards for ____ gas?
 ____ might ____ know ____ renewable ____ gas complies with ____?
 ____ are implemented ____ renewable natural ____.
 ____ place to make sure ____ this ____ is sustainable.
 ____ exist ____ sure ____ standards are ____ by renewable ____ gas.
 ____ renewable ____ gas be guaranteed to meet ____?
 How ____ gas is in ____ with standards?
 I ____ the ____ measures for sustainable renewable natural ____.
 ____ there measures ____ place ____ make ____ gasses?
 What ____ the best way ____ ensure the ____ of ____?
 Are there ____ sure ____ natural ____ is sustainable?
 ____ there ____ make ____ standards for renewable gas ____?
 What measures ____ in place ____ natural ____ is sustainable?
 ____ plans ____ make sure ____ friendly ____ for renewable ____.
 ____ you ____ to ____ the compliance ____ renewable ____ gas?
 How can ____ ensure ____ sustainable?
 How is renewable ____ ensured ____ the ____ sustainable?
 How can ____ sure that ____ gas ____?
 What ____ be ____ make sure ____ green gas ____ standards?
 Can ____ tell ____ measures in place to make ____ renewable ____ sustainable?
 ____ renewable ____ gas ____ criteria?
 Can you ____ description of the steps taken ____ ensure that ____ is ____ line ____ the ____?
 ____ a ____ ensure that ____ natural gas ____ sustainable?
 ____ renewable natural gas comply ____?
 There are measures ____ can be ____ place to ____ adherence of ____.
 ____ steps ____ to make ____ renewable ____ gas is sustainable?
 Measures ____ taken ____ guarantee sustainable ____.
 Did your ____ make sure ____ gas is ____?
 Is there ____ make sure that renewable natural ____ meets ____?
 ____ give me ____ guarantees ____ your ____ gas won't ____ environment?
 How ____ make sure renewable ____ is ____?
 ____ the steps taken to ____ that renewable natural ____?
 Do your ____ make ____ natural gas ____ the ____?
 ____ are procedures that must be ____ ensure ____ sustainable ____ gas.
 What ____ are in place to ____ sure ____ sustainable criteria?
 Does your practices ensure ____ gas ____ sustainable?
 ____ there checks made to make ____ renewable ____?
 ____ are procedures to ____ sure ____ sustainable ____ of renewable _____.

_____ the _____ way to _____ gas meets the standards?
 _____ sure renewable _____ is _____ what _____ the _____?
 How _____ make _____ natural gas _____ sustainable?
 Measures _____ guaranteed _____ natural _____?
 _____ may be _____ to _____ eco-friendly standards _____ renewable _____.
 How _____ make _____ that your renewable _____ sustainable?
 What can you do _____ renewable gas _____?
 How _____ you make _____ that renewable _____ is _____?
 _____ there measures in place _____ natural _____?
 Measures may _____ to _____ standards _____ met by _____ gas.
 Measures _____ sustainable _____ natural gas.
 What measures _____ place _____ ensure renewable gas _____?
 _____ sustainable/renewable/natural gas _____ being implemented.
 Are your _____ to ensure _____ natural gas meets _____?
 _____ are _____ measures in place _____ renewable _____ gas.
 _____ want _____ if there _____ measures _____ place for sustainable renewable _____.
 _____ guarantee sustainable renewable _____ implemented.
 Is _____ any measures _____ to _____ this _____ is sustainable?
 _____ we make _____ renewable natural _____ sustainable?
 How can I be certain that _____ standards?
 _____ specific procedures to _____ sure _____ natural gas is _____?
 _____ checks _____ sure renewable _____ is eco-friendly?
 _____ the _____ that _____ put in place _____ adherence _____ renewable natural _____?
 Is _____ place to _____ that _____ natural gas _____ all _____ relevant standards?
 _____ sure the standards for renewable gas _____?
 _____ the steps to _____ sure renewable _____ is _____?
 How do you _____ your renewable natural _____?
 _____ your _____ sure _____ natural gas _____ from renewable _____?
 I'm looking _____ information _____ the assurance _____ renewable _____ sources.
 _____ safeguards _____ make sure _____ natural gas _____ line with the _____ practices?
 _____ there _____ frameworks _____ ensure sustainable _____ of _____?
 Is _____ a _____ make _____ natural gas _____ with relevant standards?
 How _____ know _____ renewable natural gas _____ guidelines?
 What are some _____ have _____ put in place _____ renewable _____ is sustainable?
 How _____ if _____ renewable _____ gas _____ sustainable standards?
 What _____ the _____ used to _____ that renewable _____?
 _____ renewable _____ gas ensured to _____ criteria?
 _____ to ensure renewable _____ is sustainable?
 _____ are we sure if _____ natural _____ sustainable _____?
 What can _____ done to _____ the _____ use _____?
 Measures _____ guarantee _____ gas _____ implemented.
 _____ make _____ green gas meets the standards?
 _____ framework exist _____ guaranteeing _____ production of _____?
 _____ you _____ description _____ the _____ taken _____ make sure _____ natural gas is compatible with _____?
 Will _____ ensure sustainable production _____ RNG?
 _____ being _____ in _____ to make _____ gas conform?
 _____ you give _____ guarantees _____ your renewable _____ won't _____ the _____?
 Measures are _____ renewable natural _____.
 _____ assurances _____ we have _____ your eco-friendly _____ up _____ the _____?
 Is there _____ plan to _____ for renewable _____?

What ____ do you ____ place to make sure ____ natural ____ meets ____?

What can ____ sure ____ natural gas ____ compliant with standards?

To ____ sustainable ____ satisfied ____ processes, what steps ____ taken?

Can you ____ a ____ the steps ____ natural gas is ____ with the regulations?

How can ____ natural gas ____ in ____ with sustainable ____?

____ are ____ measures put in place ____ guarantee ____ natural gas ____?

Which procedures ____ in ____ to ____ sure ____ natural gas ____?

____ precautions ____ to ensure ____ natural gases?

How do we know if ____ with ____ guidelines?

____ there are safeguards that ensure ____ renewable natural ____ the ____ standards.

Did you ____ in place ____ ensure eco-friendly ____?

____ you tell us ____ the ____ sustainable ____ gas?

____ procedures are in ____ to ____ that renewable ____ is ____ a ____ manner?

Plans ____ eco- friendly standards ____?

____ a ____ steps taken to ensure ____ natural gas is in ____ sustainable practices?

____ make sure ____ gas meets sustainable ____?

____ guarantee ____ gas are implemented.

____ do we ____ your ____ gas lives ____ to ____ environmental standards?

____ do you ____ gas ____?

I wonder ____ there ____ ways ____ verify the ____ of ____.

____ there any way to ____ standards are ____ renewable ____ gas?

The checks ____ renewable ____ eco-friendly, what are ____?

____ the ____ taken ____ ensure that ____ natural gas is in ____ with the rules?

____ there ____ that will ____ the ____ renewable natural ____ to sustainable ____?

____ do you ____ sure ____ sustainable?

____ gas ____ guaranteed to be ____?

____ is ____ compliance of renewable natural ____ standards?

What ____ it mean ____ the ____ of ____ with sustainable ____?

____ have ____ to ____ sustainable ____ of renewable natural gas?

Is there any ____ sure the renewable ____ sustainable?

There are ____ in ____ to guarantee ____ gas is ____.

____ can we be ____ that your eco-friendly ____ lives ____ to ____ the ____?

There are ____ in place ____ make ____ is sustainable.

I ____ know ____ about the assurance ____ for ____ natural ____ sources.

Are ____ in place ____ eco-friendly natural gasses?

I would ____ know ____ the assurance ____ for ____ renewable ____.

____ you ____ natural gases?

Is it possible to ensure ____ sustainable ____ gas?

Is there ____ eco-friendly natural gases?

____ should ____ in place to make sure ____ gas ____.

____ assurances do ____ that ____ eco-friendly ____ really lives up to ____ the ____?

____ do ____ make sure the renewable ____ is ____?

Set ____ should secure ____ adherence ____ natural gas ____ sustainable ____.

I ____ to know ____ assurance measures ____ sustainable ____ natural ____.

Is your ____ complying ____ standards?

____ wondering about ____ measures for sustainable ____ sources.

How ____ confirm ____ standards ____ in the RNG ____ processes?

How renewable ____ is ____ sustainable?

____ any way ____ make sure ____ sustainable ____ of ____ gas?

How are the steps ____ natural ____?

Set measures can help _____ the adherence _____ criteria.

_____ there any way _____ make _____ the _____ gas is _____?

Measures should be taken _____ ensure that _____ standards are _____.

_____ you _____ to _____ eco-friendly natural _____?

_____ your _____ ensure _____ the renewable _____ gas _____ sustainable?

_____ the measures in place for _____?

_____ do _____ renewable natural _____ is _____ with sustainable guidelines?

What _____ are _____ in _____ sure _____ renewable natural gas _____ the required _____?

_____ the measures that _____ in place _____ renewable _____ gas _____ the necessary _____?

_____ ensure eco-friendly natural _____?

Can _____ give _____ steps _____ to make sure renewable _____ gas is _____ line with _____?

What are _____ in _____ sustainable _____ gas?

Is there _____ way _____ that the renewable natural _____ relevant _____?

_____ to make sure your eco-friendly _____ are safe?

Are _____ sustainable standards _____ gas?

I'm _____ the assurance _____ sustainable _____ natural gas _____.

_____ you _____ are sustainable standards for renewable _____?

_____ sure renewable natural gas _____ good for _____ planet?

What sustainable _____ to ensure renewable _____ complies?

Do you have any specific procedures _____ renewable _____ gas?

_____ you _____ procedures to ensure _____ use _____ gas?

What _____ in _____ to _____ that renewable _____ conforms?

What is _____ the _____ renewable natural gas _____?

_____ there a _____ to ensure _____ for _____ gas?

_____ that will guarantee _____ renewable _____ gas.

Is _____ to make sure _____ are eco-friendly _____ for _____?

_____ are the steps _____ been _____ natural gas is sustainable?

measures to _____ sustainable _____

_____ do you have _____ ensure renewable _____ gas is _____?

Is _____ a way _____ make sure _____ renewable natural _____?

_____ measures be implemented _____ sustainable _____ gas?

I _____ to _____ are safeguards that _____ renewable natural _____ meets all relevant _____.

_____ if renewable natural _____ is in _____ with sustainable _____?

_____ are _____ sustainable measures _____ make renewable _____?

_____ renewable natural _____ guaranteed _____ criteria?

_____ can _____ the _____ renewable _____ gas to the _____ criteria.

Is _____ a way to _____ eco-friendliness _____ renewable _____?

_____ have the _____ in place _____ ensure eco-friendly _____?

_____ to know _____ are _____ measures _____ sustainable renewable natural gas _____.

How _____ we _____ sure _____ gas _____ sustainable guidelines?

_____ ensure that _____ gas is _____?

Is _____ measures _____ sustainable renewable natural gas?

_____ you _____ sustainable _____ renewable gas?

_____ me how _____ ensure renewable _____ is sustainable?

Ensuring _____ for _____ natural _____?

_____ there _____ safeguard _____ make sure _____ renewable _____ is sustainable?

_____ I be _____ you _____ that is sustainable?

You have _____ in _____ ensure eco-friendly _____?

What are _____ steps _____ to _____ gas _____ in _____ the regulations?

_____ steps taken _____ renewable natural _____?

What _____ the measures that _____ gas _____ in _____?

_____ there _____ assurance _____ for _____ gas sources?

I am _____ measures in place _____ sustainable renewable _____.

_____ tell me _____ to _____ the sustainable use _____ natural gas?

_____ anyone have any _____ to _____ sure that the _____ gas _____?

_____ be measures to ensure that _____ standards _____ met _____ natural _____?

_____ are used to ensure _____ complies?

I _____ wondering about the _____ measures for _____.

_____ can _____ to make _____ renewable _____ gas complies _____ standards?

What _____ to make renewable _____?

Can _____ verify the eco-friendly _____?

I was _____ about _____ for sustainable renewable _____.

_____ must _____ measures in place _____ make _____ gas _____ sustainable.

Can _____ tell me _____ steps _____ sure that renewable natural _____ in line _____ the _____?

_____ can be done _____ make sure _____ eco-friendly?

Do the measures _____ put _____ the _____ of renewable _____ gas?

Does _____ sure that renewable natural _____ the _____ standards?

What steps are _____ make _____ renewable natural _____ meets _____ standards?

_____ adherence _____ gas be secured by _____ measures?

_____ do _____ think _____ of renewable natural gas?

_____ your _____ make sure _____ renewable _____ complies with _____ standards?

What _____ have _____ taken _____ assure that renewable natural _____ sustainable?

_____ eco-friendly _____ are in place.

_____ measures to _____ sustainable renewable _____ implemented?

Is _____ framework _____ ensure _____ RNG production?

_____ there _____ ensure _____ sustainable use of renewable _____?

Is _____ to make sure _____ the renewable gas _____.

Is there _____ standards of renewable _____?

_____ can be done _____ the _____ of _____ to necessary criteria?

_____ sustainable standards for _____?

I _____ if there is _____ ensure sustainable production _____.

Does _____ company use specific _____ make _____ that _____ natural _____ sustainable?

_____ there a _____ to _____ the renewable _____ is _____?

_____ ways _____ the eco-friendliness of renewable _____?

Do you _____ renewable _____ gas _____?

Can you explain the _____?

_____ anything in place to _____ that the _____ sustainable?

_____ can _____ gas _____ the _____ standards?

What can be done to ensure _____ of _____ gas _____?

How do we _____ natural _____ with guidelines?

Does _____ know _____ exists _____ production of RNG?

I am curious _____ for _____ natural gas.

_____ it exist to _____ sure _____ standards are _____ gas?

There are any _____ to ensure eco-friendly _____?

_____ to _____ about assurance measures for sustainable _____ natural _____.

How _____ I be sure that _____ natural gas _____ line _____?

Do you make _____ that _____ natural _____ standards?

_____ you have _____ plan in _____ to _____ gases?

I _____ to _____ what _____ are for sustainable renewable _____ gas _____.

_____ do _____ sure _____ natural gas is _____ sustainable guidelines?

What are _____ that _____ been taken _____ that renewable _____ gas _____ in _____ with _____ rules?
 _____ ensure that _____ natural gas is _____ in a _____?

Is _____ to _____ that renewable natural _____ relevant standards?

Are there _____ make renewable _____ friendly?

What _____ measures in place _____ that renewable _____ gas _____?

Are _____ check the _____ of renewable _____?

Are you _____ sure that _____ gas?

_____ do _____ sure _____ standards _____ within the _____ development process?

_____ renewable natural gas complies with guidelines?

_____ are methods available to verify _____ renewable _____.

How _____ compliance with the _____ for _____ natural gas?

_____ there any _____ sure eco-friendly standards for _____?

_____ do you _____ sure renewable _____ gas _____ to waste?

_____ are _____ to _____ eco-friendliness of renewable _____

_____ sustainable renewable _____ gas are in _____.

_____ are the _____ are in _____ guarantee _____ gas is sustainable?

_____ sustainable renewable _____ gas.

_____ it _____ the adherence of renewable _____ gas _____ criteria?

Specific procedures _____ of _____ natural gas are needed.

_____ be done _____ ensure _____ standards are met _____ renewable _____?

In order _____ natural gases, _____ have _____ in place?

_____ you _____ means to make sure eco-friendly _____?

What _____ the steps you have _____ ensure that _____ gas _____ in _____ the _____?

What _____ you do to _____ renewable _____ meets _____?

What procedures _____ place to _____ natural gas is _____?

_____ you _____ about the _____ that _____ been _____ ensure that _____ natural gas _____ in _____ with the _____?

I am _____ assurance _____ sustainable _____ natural gas.

_____ are needed _____ sustainable standards _____ renewable _____ gas.

_____ there _____ to make _____ gas _____ friendly?

Measures _____ to make _____ that sustainable standards _____ gas.

_____ do we _____ standards _____ within the RNG development _____?

What _____ best way _____ guarantee _____ gas will _____ the _____?

_____ we _____ sure _____ gas _____ lives _____ all the environmental indicators?

How _____ we confirm sustainable _____ are _____ RNG _____?

What _____ we do _____ make _____ renewable _____ gas _____ the _____ standards?

_____ made sure to _____ standards?

_____ there anything _____ to make _____ gas is _____?

_____ I be _____ that your renewable _____ standards?

Measures _____ renewable _____ are implemented

_____ a plan _____ make _____ natural gas is sustainable?

Do your practices _____ natural gas _____ sources?

_____ you have specific _____ that _____ natural gas is _____?

Is _____ possible to _____ natural _____ in _____ with _____ criteria?

Measures should _____ to _____ the _____ renewable natural _____ to _____ necessary _____.

Does there _____ a _____ ensures sustainable production _____?

What _____ you _____ to _____ meet requirements?

_____ are things that can _____ to _____ complies.

_____ a _____ that your _____ gas won't harm our _____?

_____ for _____ standards for _____ gas?

_____ you let _____ know _____ assurance _____ for _____ renewable natural gas _____?

Is ____ a ____ to ensure ____ gas ____ the ____ standards?

Is ____ to ____ the ____ the renewable gas?

Are ____ sustainable renewable ____ in place?

____ it possible ____ the sustainable ____ of renewable ____?

What ____ the ____ that ____ been ____ place to ____ natural gas is ____?

Will ____ ensure eco-friendly ____ for ____?

____ guarantee your natural ____ sustainable?

____ are things ____ can be done ____ conforms.

____ measures ____ to guarantee that renewable ____ is ____.

____ you give ____ description ____ the ____ taken to ensure ____ renewable ____ gas ____ in line with ____?

____ assurances do we ____ that your ____ lives ____ strictest environmental ____?

What ____ the measures ____ ensure ____ conforms?

____ the checks ____ make sure renewable ____ is ____?

____ procedures ____ place to make sure ____ gas ____ met?

____ are ____ sure ____ natural gas ____?

____ are ____ guarantee ____ natural gas.

____ anyone ____ a framework ____ sustainable production of RNG?

____ the measures ____ to ____ sure ____ the ____ gas is sustainable?

Is ____ any ____ to make sure ____ the relevant ____?

____ don't ____ how ____ be sure ____ renewable ____ gas meets ____.

____ there ____ framework ____ sustainable production of RNG?

____ the ____ to make sure ____ gas ____ eco-friendly?

What needs ____ be done to ____ eco-friendly?

____ there procedures ____ that ____ natural gas ____ sustainable?

____ natural gas ____ to ____ the requirements?

Do you ____ sure ____ standards for ____ natural ____?

Measures to ____ gas?

Are there measures ____ to ____ natural ____?

____ have ____ put in place ____ make ____ gas ____?

____ are the ____ being ____ to ____ renewable gas ____?

____ is the ____ for making ____ renewable ____ eco-friendly?

What ____ are taken ____ that natural ____ sustainable?

Is ____ to ensure sustainable ____?

What are the measures ____ to ____ that ____ natural ____ sustainable?

Measures ____ renewable natural gas?

Are ____ sure the standards ____ gas are ____?

How do you ____ with ____ required ____ renewable natural ____?

What are ____ measures ____ have ____ to guarantee ____ renewable ____ is ____?

How ____ I be sure ____ natural gas ____ sustainable ____?

What should we ____ to ____ renewable ____ gas ____ guidelines?

How ____ sure renewable gas ____ with ____?

Does anyone know if there are any ____ in place ____?

____ way to ensure the sustainable ____ natural ____?

____ are things that ____ be ____ green ____ sustainable standards.

____ we ____ your ____ really lives up to all ____ environmental barometers?

Are you ____ the ____ for ____ gas are ____?

____ do ____ make sure ____ have eco-friendly ____?

____ assurances do ____ our eco-friendly ____ lives ____ to ____ standards?

____ you ____ renewable natural gas is meeting ____?

How can ____ sure ____ satisfied ____ RNG development processes?

_____ do you make sure _____ standards _____ the _____ process?
 _____ a _____ of _____ renewable natural gas is _____.
 What are the _____ used _____ renewable _____?
 Has there any _____ verify _____ of renewable _____?
 _____ compliance with _____ required sustainable standards _____ renewable natural _____?
 _____ in compliance with _____ guidelines?
 What measures are _____ gas is in _____?
 Do you _____ how _____ ensure _____ gases are _____?
 _____ are _____ to make sure _____ gas _____ eco- _____?
 How _____ you make _____ with sustainable practices?
 Is _____ safeguards to make sure that renewable _____ relevant _____?
 Is _____ in _____ to _____ sure green gas _____ sustainable?
 There are steps _____ have _____ to _____ that renewable natural gas _____ line with _____.
 Can you tell me _____ measures _____ natural _____ sources?
 What _____ of measures _____ make _____ conform?
 Are there specific procedures to _____ gas _____?
 What processes _____ make _____ that _____ natural gas is _____?
 _____ steps _____ make sure _____ renewable natural gas is _____ the regulations?
 _____ is the _____ making sure renewable gas _____?
 How can renewable _____ gas be _____ to meet _____?
 _____ be implemented to _____ renewable _____ gas.
 _____ there _____ ensure that _____ natural _____ is sustainable?
 What _____ are _____ place to _____ sure _____ is sustainable?
 _____ a _____ make _____ that _____ natural gas _____ all _____ applicable standards?
 Should there be _____ eco-friendliness of renewable _____?
 _____ make sure that renewable natural gas meets all relevant _____.
 I want _____ are safeguards _____ sure _____ natural gas meets _____ relevant _____.
 _____ a _____ about how _____ natural _____ ensured to _____ sustainable standards.
 _____ making sure _____ gas standards are sustainable?
 Is there any safeguards _____ ensure _____ sustainable?
 _____ gas guaranteed _____ be sustainable?
 What are the precautions _____ renewable gas _____?
 How _____ you make _____ compatible _____ the environment?
 _____ there _____ way _____ the eco-friendliness of renewable _____?
 _____ your practices make sure _____ renewable _____ with the _____?
 _____ you tell me _____ are taken _____ renewable natural _____ is in _____ with _____ rules?
 _____ to ensure that _____ natural _____ the required standards?
 What can _____ to make sure _____ gas _____?
 Measures _____ ensure _____ standards _____ met _____ renewable _____ gas.
 Is it clear what _____ are in _____ gas?
 How _____ make _____ eco-friendly natural _____?
 Do you _____ that _____ gas that you _____ is _____?
 _____ are _____ to _____ eco-friendliness of renewable gas.
 _____ can I _____ that _____ gas you use is _____?
 _____ want to _____ sustainable renewable natural gas sources.
 Is _____ safeguards _____ make _____ renewable natural gas _____ applicable standards?
 Are _____ sure the _____ for renewable _____ are _____?
 Measures _____ to _____ sustainable renewable _____.
 _____ the steps taken _____ make _____ renewable natural _____ is _____?
 How _____ be certain that your natural _____ with _____?

_____ procedures _____ ensuring the _____ use _____ renewable natural gas?

_____ there plans _____ eco-friendly _____ for renewable _____?

_____ adherence of _____ gas _____ criteria can be secured _____ measures.

_____ make _____ the gas is _____?

There are measures _____ make sure _____ this renewable _____.

_____ exist that _____ production of RNG?

Do _____ have measures in _____ for _____?

What _____ to make _____ that natural gas is _____?

What _____ do you have _____ surer renewable _____ gas _____ sustainable?

What _____ need to _____ sure renewable gas _____?

_____ exist to ensure a _____ production of _____?

_____ want to _____ measures are in place _____ sure _____ natural gas _____.

_____ assess if _____ natural _____ with sustainable guidelines?

What _____ you do to _____ renewable _____ sustainable?

_____ you tell _____ about the _____ in _____ renewable gas?

How _____ you _____ your _____ natural gas _____ sustainable?

_____ there _____ to make sure _____ renewable _____ gas meets all _____ standards?

_____ measures are in _____ renewable _____ complies?

_____ do you ensure _____ the _____ sustainable?

_____ any measures _____ for sustainable renewable natural _____?

_____ comes to _____ gas, _____ do we have?

_____ I be _____ that the _____ natural gas _____ use is _____?

How _____ be _____ that _____ natural gas meets the _____?

How can we _____ eco-friendly _____?

What can be _____ to _____ meets _____ rules?

_____ to _____ if renewable _____ gas complies with _____.

_____ there _____ to _____ sure _____ natural gas meets _____ standards?

How _____ you confirm _____ sustainable _____ satisfied _____ the RNG _____?

Do _____ make sure the sustainable _____ resources?

_____ safeguards _____ make _____ that _____ natural _____ is _____ line with sustainable _____?

Is _____ that renewable _____ gas is sustainable?

How do we _____ natural gas _____ sustainable guidelines?

_____ do you _____ is in line with _____ requirements?

How _____ make _____ natural gas stays _____?

How _____ renewable _____ to _____ the _____?

Is _____ to _____ sustainable _____ are _____ by natural gas?

There is _____ how renewable _____ gas is _____.

_____ your _____ sure renewable _____ gas meets _____ standards?

What _____ make sure sustainable _____ within RNG _____ processes?

_____ ensure the _____ of _____ gas?

_____ it possible _____ guarantee _____?

Are there _____ eco-friendly natural gases?

_____ provide any _____ that your _____ harm the environment?

_____ there _____ way _____ make _____ natural _____ complies with relevant standards?

_____ there a _____ to ensure _____ sustainable _____ of _____?

_____ do _____ do _____ ensure renewable gas _____ requirements?

_____ are _____ measures being _____ to make _____ renewable _____ sustainable?

_____ sustainable standards for _____ natural _____?

Are there _____ to ensure eco- friendly _____?

Which _____ in place to make _____ is sustainable?

You _____ for sustainable renewable natural _____?
 Are there steps _____ ensure _____ gas _____ in _____ with the _____?
 What _____ are _____ to _____ sustainable _____ of natural _____?
 _____ any measures _____ have in place _____ natural gases?
 There are _____ eco-friendliness of renewable _____.
 _____ done _____ make sure _____ renewable natural gas _____ necessary standards?
 _____ framework exist to _____ sure sustainable _____ of _____?
 _____ measures _____ the adherence _____ natural gas?
 _____ there _____ way _____ this so-called renewable _____ is sustainable?
 _____ can be done to ensure _____ gas.
 What can _____ to _____ renewable natural _____ is _____ with _____?
 Does the _____ sustainable _____ gas _____?
 How do _____ sure renewable gas _____ requirements?
 What _____ place _____ guarantee _____ gas is sustainable?
 _____ do you do to _____ gas _____?
 Are _____ for sustainable renewable _____?
 _____ procedures _____ make sure renewable natural gas _____.
 _____ it possible _____ measures _____ sustainable _____ natural gas?
 _____ anyone _____ in _____ to _____ that renewable gas is sustainable?
 There are measures in _____ therenewable gas _____.
 _____ can we _____ ensure that _____ gas _____ with standards?
 What _____ are _____ make _____ renewable _____ conforms?
 _____ measures _____ secure the adherence of _____.
 _____ we determine if renewable natural _____ complies _____ the _____?
 _____ to _____ sustainable _____ gas _____ implemented.
 Do _____ how _____ make _____ renewable gas _____ sustainable?
 _____ you make _____ that _____ standards for _____ gas are _____?
 What _____ do to _____ sure _____ is sustainable?
 How _____ be sure _____ renewable natural _____ with _____ standards?
 What _____ have that _____ will live _____ to environmental standards?
 _____ for _____ gas being ensured?
 _____ put in place _____ ensure _____ renewable natural _____.
 Is there _____ renewable natural gas?
 _____ you tell me the _____ to make _____ is _____ line with the _____?
 Are _____ checks to _____ gas is _____?
 Can you _____ that _____ renewable _____ won't _____ the environment?
 _____ your _____ that _____ natural gas is _____ in _____ sustainable _____?
 What _____ we do _____ gas _____ the standards?
 _____ are measures _____ have _____ put in _____ to _____ that renewable _____ gas _____?
 _____ there _____ to make _____ your natural gas _____?
 What _____ the compliance with sustainable standards _____?
 What _____ exist _____ sustainable _____ natural _____?
 _____ there _____ a _____ make _____ sustainable production _____ RNG?
 Do _____ ways to _____ the eco-friendliness of _____?
 _____ assurances do _____ that _____ gas _____ to all the _____ indicators?
 Can _____ secure the adherence _____ gas _____ sustainable criteria?
 _____ you make _____ natural gases are kept _____?
 _____ are the measures _____ to _____ sure renewable _____ gas _____?
 _____ you _____ any assurances that your _____ won't _____ environment?
 How can we _____ sustainable _____ are _____ development processes?

_____ taken _____ ensure renewable natural _____ is _____ line with the _____?

_____ the measures in place for _____?

I was looking _____ assurance _____ natural _____ sources.

_____ will the _____ renewable _____ gas _____ ensured?

How do _____ know _____ gas _____ by _____ guidelines?

There _____ to _____ the eco-friendliness _____

What is it _____ gas _____ with standards?

What _____ the measures _____ put in _____ ensure _____ natural _____ sustainable?

How do you make _____ gas _____ sustainable _____?

What plans _____ in place _____ standards for _____?

How do _____ sure _____ gas _____?

_____ are _____ to _____ renewable natural gas _____?

Can you _____ the _____ place _____ sustainable renewable _____ gas?

_____ how to make _____ renewable _____ is eco-friendly?

_____ it possible _____ eco-friendly _____ gases?

I _____ to know if _____ place _____ make sure _____ is sustainable.

What do we _____ to ensure _____ gas _____?

_____ the _____ ensure _____ renewable gas complies?

How can _____ natural _____ be sustainable?

I'm not sure how _____ sure _____ gas is _____.

Do _____ know _____ to _____ eco-friendly natural _____ are _____ clean?

_____ if _____ gas complies with guidelines?

_____ need _____ determine if _____ gas complies _____ guidelines.

How do _____ make _____ natural gas _____ the sustainable _____?

Can _____ be plans _____ for _____ gas?

What _____ the _____ have _____ place _____ guarantee _____ natural gas is sustainable?

How _____ be _____ that _____ natural gas _____ sustainable.

_____ describe the steps taken _____ that renewable natural gas _____ the regulations?

Is _____ a framework _____ production _____ RNG?

How _____ gas is _____ for the planet?

Can you _____ taken to make sure _____ renewable natural gas _____ line _____ regulations?

Is there a _____ sustainable _____ of RNG?

How _____ natural _____ meet the criteria?

Can _____ tell _____ there are _____ measures _____ place _____ guarantee that _____ sustainable?

How can _____ be sure to _____ sustainable _____?

_____ renewable _____ gas are unclear.

There are measures in _____ renewable natural _____ meets _____ necessary _____.

There are measures _____ take to _____ eco-friendly _____.

Does a framework exist _____ RNG?

_____ to _____ guarantees the compliance _____ renewable _____ gas.

_____ to _____ gas

There _____ be plans _____ standards _____ gas.

_____ measures _____ used _____ renewable gas _____?

_____ you _____ sure _____ the standards for _____ natural gas _____?

Will the _____ renewable _____ gas be _____ measures?

Measures to _____ are met _____ renewable _____ exist.

Measures _____ implemented _____ guarantee _____ renewable _____?

_____ do we have that your _____ gas _____ lives up to _____?

_____ safeguards _____ need _____ be in _____ make sure _____ renewable _____ gas is _____.

Can _____ the steps taken _____ renewable _____ gas is in _____ with _____ regulations?

Does _____ what measures _____ to _____ renewable gas is sustainable?

Is _____ you can make sure eco-friendly _____?

Do you _____ natural gas you _____ is _____?

_____ are _____ that _____ be _____ to _____ sure _____ gas _____ eco-friendly.

Can _____ tell me about _____ for _____ renewable _____ gas _____?

Do you _____ for _____ gas?

Ensuring _____ standards _____ natural _____?

_____ can _____ sure that _____ natural _____ is sustainable?

Measures should _____ to ensure the _____ to required criteria.

_____ will _____ make sure _____ is sustainable?

Do _____ set _____ adherence of renewable _____ gas?

Does _____ practices _____ renewable _____ gas _____ with _____ standards?

_____ give _____ example of the steps _____ to _____ sure renewable _____ is in _____ the _____?
