

[Demo] NLP Dataset for Customer Service Automation

Company Type	Water and Wastewater Utility Companies
Inquiry Category	Construction and development applications
Inquiry Sub-Category	Environmental Impact Assessments
Description	Customers inquire about the procedures and guidelines for assessing and mitigating the potential environmental impacts of their construction or development projects on water and wastewater systems.
Data Size	5,111 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Water and Wastewater Utility Company" customer inquiry. (Purchased data will not be masked.)

How can we avoid impacting _____ and _____ construction project?
 _____ will you protect your _____ systems _____?
 _____ we make sure _____ water _____ Wastewater systems?
 Can _____ your water and wastewater systems in _____?
 _____ can _____ make _____ our work _____ affect _____ utility's _____ wastewater systems?
 _____ to _____ your _____ and wastewater systems _____ our _____.
 How _____ our _____ not cause _____ water _____ Wastewater systems?
 _____ our _____ to disrupt _____ water and _____ systems?
 _____ a _____ this construction _____ to deal with the _____ and water?
 How _____ we make sure _____ doesn't _____ the _____?
 Suggestions to protect utility's aqueducts _____ construction _____?
 How can _____ ensure minimal impact _____ systems during our _____ activities?
 How could we _____ that our _____ work _____ water and _____?
 How can _____ project doesn't _____ problems with the _____ and _____?
 _____ there _____ way _____ of your water infrastructure while we _____?
 _____ our construction _____ disrupt the _____ or wastewater _____?
 What _____ we _____ prevent harm to _____ system during _____?
 Can _____ sure _____ disrupt wastewater _____?
 Is _____ a _____ any impact _____ the _____ wastewater _____ during construction?
 How _____ you _____ interference with _____ water/wastewater _____ construction?
 _____ there _____ to maintain _____ functioning _____ infrastructure while we work?
 How can _____ project doesn't cause issues with your water _____?
 _____ can we minimize _____ water _____ wastewater _____ during the _____?
 _____ our construction _____ affect _____ water and _____ structures?
 _____ do _____ ensure minimal _____ your _____ and wastewater systems during _____?
 How do _____ cause harm to _____ sewer _____ your _____?
 How _____ we make _____ does not _____ the _____ of your utility?
 Can _____ make _____ don't disrupt _____ and wastewater _____?

_____ sure _____ doesn't affect _____ utility's water and _____ structures?
 How _____ construction not _____ the water _____ Wastewater _____?
 Measures _____ impact on _____ during _____?
 _____ we make _____ our construction work _____ affect _____ water _____ wastewater _____?
 Can we _____ cause _____ problem with your _____ and wastewater _____?
 How do _____ projects _____ water _____?
 _____ we protect _____ from our construction?
 How _____ make _____ construction work _____ your water and wastewater _____?
 Suggestions _____ to _____ water and wastewater during _____?
 Can _____ our _____ affect the _____ and sewer systems?
 _____ can _____ make _____ that _____ won't affect _____ water and wastewater _____?
 _____ your water and _____ don't get affected?
 _____ we make sure we _____ your _____ systems?
 _____ can _____ make sure _____ have _____ with your water and wastewater _____ our _____?
 _____ make _____ our work _____ affect your sewer and _____?
 _____ you _____ to your _____ water and wastewater _____ we execute _____ plans?
 How _____ we make sure _____ activities _____ your water _____ wastewater _____?
 Can _____ tell _____ to do to avoid _____?
 Suggestions for _____ your utility's water _____ construction?
 _____ can we assure _____ activities won't _____ water and _____ systems?
 How to _____ your _____ water _____ construction?
 Suggestions _____ how _____ can _____ during _____ construction work.
 _____ done _____ on your water facilities during construction?
 Any suggestions _____ disruptions to your _____ during construction?
 Can _____ your water and _____ systems _____ not disrupted?
 _____ you _____ minimize _____ the _____ water _____ wastewater _____ during construction?
 Can _____ stop your _____ from ruining _____ wastewater systems?
 _____ we _____ our impact on your _____ system during _____?
 _____ do you _____ utility's water/wastewater during construction?
 Can _____ effects _____ construction on your water and _____?
 _____ make _____ sewage systems _____ we work here?
 How _____ we minimize the _____ on your _____ and wastewater _____?
 How _____ our construction activities _____ affect _____ and wastewater systems?
 Can we _____ we _____ interfere _____ your utility's _____ water _____ structures?
 How _____ we _____ construction _____ affect your water _____ wastewater _____?
 _____ there _____ the _____ of your _____ infrastructure while we work?
 _____ have to _____ construction activities _____ your _____ and wastewater systems.
 _____ can we _____ the _____ affect utilities' _____ infrastructure?
 How _____ stop _____ wastewater _____ projects?
 _____ do we _____ construction _____ ruin the water _____?
 _____ ruin the _____ out of your _____ sewage stuff while _____ building.
 Can we be sure _____ don't _____ sewer _____?
 Can we _____ the effects of construction _____ systems?
 _____ there a way _____ do _____ draining your sewer _____?
 How can _____ disrupt your utility's water and _____?
 _____ a way to prevent _____ impact on _____ water and wastewater _____?
 How _____ not hurt _____ during _____ construction project?
 Can _____ preserve _____ of _____ water infrastructure while we _____?
 How can _____ make sure our construction _____ your _____ wastewater _____?
 _____ can _____ reduce the impacts _____ your water _____ systems _____ project?

____ construction ____ not affect ____ utilities' water ____.
 ____ can we ____ our impacts ____ wastewater systems during the ____?
 ____ there ____ to ____ this ____ without ____ sewer and water?
 How can we ensure minimal impact ____ utility's ____ systems ____?
 There is a ____ without messing ____ the ____ sewer stuff.
 How to ____ your water facilities ____ during ____?
 Can we ____ sure ____ won't affect ____ sewer systems?
 How can you ____ water ____ wastewater systems ____ project?
 How can ____ our construction activities ____ not affecting ____ water ____?
 Is there a way to ____ impact ____ and ____ systems ____?
 ____ sure we don't cause problems ____ your water ____?
 How can ____ sure that ____ affect the water and ____ of ____?
 ____ can ____ to ____ your ____ water ____ sewage systems during ____ project?
 ____ we keep your ____ and ____ systems ____ construction?
 How can ____ wastewater ____ water ____?
 How ____ ensure that ____ won't ____ and wastewater ____?
 ____ there ____ way to ____ this ____ without the ____ and sewer?
 ____ there ____ to do ____ construction ____ down your ____ and ____ pipes?
 ____ us ____ water or waste ____?
 ____ there a ____ your ____ water and wastewater ____ stable ____ construction?
 How ____ sure ____ ruin ____ water and wastewater systems?
 ____ a ____ to ____ the ____ of ____ water and wastewater services?
 Can ____ work not ____ water ____ systems?
 Suggestions ____ how we can ____ aqueducts ____ work.
 Avoid ____ your ____ during construction.
 What ____ prevent the water and wastewater ____ from being ____?
 ____ make sure that ____ don't ____ water and ____?
 ____ stop ____ work from messing up ____ water ____?
 ____ do ____ damage your sewer system ____ our ____?
 ____ to not ____ your ____ water facilities ____?
 Is ____ way to make sure the water ____ disrupted during ____?
 ____ we prevent ____ from messing up the ____ systems?
 ____ your ____ and ____ systems out of ____ work?
 We need to make ____ our ____ not affect ____.
 ____ not ____ your water systems with ____ construction?
 How can ____ sure that our ____ doesn't ____ and ____ systems?
 How can water and ____ be ____ our ____?
 ____ a ____ prevent your water ____ systems from ____ disrupted ____ construction?
 ____ to make sure the construction ____ the ____ infrastructure.
 ____ to keep ____ of your ____?
 We need to ____ that our construction activities ____ affect ____.
 What ____ our ____ water and wastewater systems?
 ____ we make sure ____ won't ____ your water ____ wastewater ____
 Can ____ construction ____ the water ____ Wastewater ____?
 Is ____ possible ____ preserve water and ____ integrity ____ work?
 ____ you ____ your ____ water ____ safe while you ____ here?
 ____ our construction interfere with ____ and sewage ____?
 Suggestions as ____ to ____ utility's aqueducts ____ work?
 ____ there a ____ to preserve ____ your ____ during work?
 ____ protect your ____ vital ____ and ____ structures from ____ construction?

_____ protecting utility's _____ while _____?
 _____ can construction _____ the _____ and wastewater _____?
 _____ we _____ sure _____ we don't affect your water _____?
 Is _____ way to not _____ over _____ system _____ we _____ things?
 _____ make sure our _____ does _____ the water and _____ structures of _____?
 _____ make your _____ systems safe _____ we are here?
 Can _____ not impact _____ utility's water _____ during _____?
 Is _____ a _____ to avoid _____ water facilities _____?
 What can we do _____ sure construction doesn't _____ the _____?
 _____ a way _____ not impact _____ during construction?
 _____ can _____ disrupt _____ utility's water and wastewater _____ our _____?
 Do _____ know how _____ avoid disrupting _____ lines?
 _____ may we _____ sure that _____ does _____ affect your _____ wastewater systems?
 _____ you help minimize disruption _____ your _____ water _____ construction project?
 Is _____ a _____ to help minimize _____ your utility's _____ during construction?
 How _____ our _____ not _____ water and wastewater _____ of _____ utility?
 _____ sure that _____ don't affect the water _____ systems?
 _____ there a way _____ any impact on _____ utility's _____ during construction?
 _____ that we do not _____ the water _____ wastewater _____?
 Do we _____ a way _____ your water infrastructure _____?
 _____ we _____ any _____ the _____ wastewater services _____ our utility during construction?
 What is _____ secret to reconstructing _____ here _____ disturbing' _____?
 How can _____ sewer system during _____ construction _____?
 Suggestions _____ protecting utility's _____ construction _____?
 Is _____ a _____ to _____ without damaging your _____?
 Is it possible to preserve _____ water infrastructure _____?
 How _____ work _____ affect _____ water and _____ systems?
 _____ there _____ to _____ this _____ the water and sewer?
 How can _____ make sure _____ don't hurt your _____?
 How _____ that our construction project _____ affect _____ infrastructure?
 Can we _____ our construction doesn't _____ the utility's _____ and _____?
 How _____ prevent water facilities _____ impacted during _____?
 How _____ we make sure _____ water infrastructure?
 _____ you _____ water facilities during _____?
 _____ do we make _____ construction doesn't disrupt _____ and _____?
 _____ to _____ the _____ of your utility _____ construction?
 Is _____ a way _____ sure our _____ affect _____ infrastructure?
 _____ do _____ keep your sewer system safe _____?
 _____ that _____ construction _____ will _____ your water and wastewater systems?
 _____ we _____ sure construction work _____ not _____ and wastewater systems of _____?
 _____ we _____ the _____ construction on _____ and wastewater systems?
 Is _____ possible _____ properly preserve the _____ of _____ infrastructure _____ we _____?
 How _____ we _____ doesn't _____ water and wastewater systems?
 How can _____ make sure that _____ doesn't _____ the _____ of your _____?
 _____ you tell _____ we _____ minimize disruption to the _____ systems _____ our _____?
 _____ we _____ impact your _____ and wastewater _____ construction?
 _____ we _____ sure your _____ and _____ systems are _____ are here?
 Can _____ sure _____ your wastewater systems?
 _____ make sure our _____ work _____ not ruin your _____ wastewater _____?
 _____ do we _____ harm _____ sewer system _____ your _____ project?

Is there a _____ do _____ without ruining _____ water _____ sewer _____?

_____ we _____ water _____ wastewater systems from _____ affected _____?

_____ will _____ and wastewater systems be protected _____?

_____ can construction not interrupt _____ systems?

How _____ we _____ harm _____ your sewer system _____?

_____ to prevent water and wastewater systems from _____ construction?

During the project, what _____ we _____ impact _____ water _____ systems?

Can we make _____ to _____ the _____ systems?

_____ do we _____ construction _____ the water and _____ system?

_____ there a way _____ on your utility's _____ and wastewater _____ construction?

_____ for _____ aqueducts during _____ work?

_____ can _____ not _____ your water and _____ systems _____ the _____?

Can _____ water _____ wastewater _____ being _____ in construction work?

Any recommendations for _____ water _____ construction?

_____ not _____ your sewer _____ water systems?

Can _____ tell us _____ of vital _____ lines?

Avoid interfering _____ your _____ during _____.

What _____ be _____ to stop troubling water _____?

How can _____ don't _____ any problems with your water and _____ the _____?

How _____ we _____ our construction does _____ disrupt _____ wastewater systems?

How _____ we not _____ harm _____ the _____ during our _____?

How do _____ the _____ system during _____ project?

_____ do we not _____ your sewer system _____?

_____ you help _____ avoid _____ vital water and _____?

_____ can _____ water during construction?

How _____ we protect _____ water _____ from construction?

_____ our _____ your _____ vital water _____ sewage structures?

How _____ project _____ affect water and _____?

Is there _____ to _____ functional _____ water infrastructure while _____ work?

_____ do _____ cause harm to _____ during construction?

Isn't there _____ do _____ without _____ your sewer and water?

_____ our work _____ disrupt water _____?

_____ we make sure our _____ work _____ water _____ wastewater _____?

How can _____ ensure _____ affect water infrastructure?

_____ make sure our _____ project doesn't _____ water _____?

Is there a _____ to _____ ruin your _____ system _____ we _____?

_____ there a _____ to do _____ ruining _____ sewer _____ water?

_____ we _____ that our _____ project _____ affect utilities' _____ infrastructure?

_____ make _____ our work _____ not disruptive to the _____ and _____?

_____ your water _____ systems during construction?

Does our construction not _____ the water _____ utility?

What do _____ to _____ the _____ your _____ and wastewater systems?

_____ it possible to _____ completely _____ the _____ system _____ build something?

_____ we make sure _____ our _____ the _____ vital _____ and sewage _____?

Measures _____ limit disruptions _____ utilities' water facilities _____ construction.

How can we _____ sure our _____ utilities' water _____?

_____ there any _____ to _____ systems from _____ impacted _____ construction?

_____ to _____ your water and wastewater systems from _____?

_____ we minimize interference with _____ utility's _____ water?

How _____ we _____ sure our _____ won't _____ water and _____ systems?

_____ can _____ your utility's water _____ sewer _____ undamaged?
 Is it possible _____ keep _____ water systems safe _____ are _____?
 How _____ we _____ your _____ and wastewater _____ our _____?
 How can we _____ wastewater issues _____?
 _____ we _____ systems' integrity during our work?
 How _____ make _____ will not _____ the _____ wastewater systems?
 Is _____ a _____ to _____ your _____ and _____ systems _____ construction?
 How do _____ stop _____ water and _____?
 _____ for _____ disruptions _____ your utility's water and _____ construction?
 Can _____ make sure _____ the _____ wastewater systems?
 _____ a way _____ protect the _____ your _____ infrastructure while _____ work?
 _____ a way to _____ construction _____ the sewage and _____?
 How do _____ know _____ ruin the _____ and _____?
 Suggestions for protecting utility's aqueducts _____ are _____?
 _____ with your _____ water/ _____ construction.
 Is _____ a _____ to do this _____ the _____ sewer _____ water?
 Do _____ think there's a way _____ do _____ messing _____ water _____ sewer?
 How do we _____ your sewer _____ construction _____?
 How _____ prevent any impact on your _____ we are _____ construction?
 _____ how to protect _____ while we _____ construction work?
 How _____ sure that our construction _____ doesn't affect _____ wastewater _____?
 What _____ do to _____ your _____ and _____ systems _____ during the project?
 Is _____ possible _____ disrupt _____ water _____ sewer systems?
 _____ make _____ our work _____ hurt your _____ sewer systems?
 There is a _____ do this _____ water and _____ stuff.
 _____ interference _____ your utility's water and waste _____.
 _____ on how to _____ utility's _____ are doing _____ work?
 How _____ we make _____ doesn't cause _____ problem with _____ systems?
 Do you _____ a way _____ your _____ facilities during _____?
 How _____ we make sure _____ project doesn't _____ with _____ and _____ systems?
 _____ do _____ ensure construction doesn't _____ the _____ and _____?
 How _____ avoid causing harm _____ your _____ construction?
 _____ we do to _____ sure our _____ affect your water _____?
 _____ our _____ disrupt your sewer and _____?
 Is _____ way to _____ construction _____ your water and _____?
 What _____ we do to protect _____ water _____ sewage systems _____?
 _____ do _____ protect your water _____ sewage systems _____ project?
 Is there _____ do _____ construction without _____ the water _____ down?
 _____ can we _____ that _____ won't ruin _____ and wastewater _____?
 How _____ make sure _____ work _____ not _____ the _____ water and wastewater _____?
 _____ we _____ sure _____ don't disrupt _____ and Wastewater systems?
 Is there a way _____ sewage _____?
 Can we not interfere _____ and sewage _____?
 _____ can _____ sure _____ affect the water systems?
 _____ sure our construction _____ affect your water _____?
 _____ make _____ that our _____ not cause _____ problem with _____ water and wastewater _____?
 _____ we make sure the _____ project _____ affect the _____?
 _____ do _____ affect _____ water/sewer systems?
 _____ there a _____ to _____ any impact on water _____ during _____?
 Can you _____ me _____ I _____ prevent _____ water _____ wastewater _____ during construction?

____ can we minimize ____ your ____ water and ____ during construction ____?
 ____ we ____ damage to the ____ drinking ____ services?
 Can we make sure ____ affect ____ water ____?
 ____ it possible to avoid ____ utility's water ____ systems ____?
 How ____ we not ____ with ____ systems during our project?
 Do ____ have ____ for ____ to water ____ wastewater during ____?
 ____ should ____ water ____ wastewater systems from ____ construction?
 ____ we ____ we don't ____ water ____ wastewater ____?
 ____ will ____ and ____ systems from our construction?
 ____ can ____ done ____ prevent ____ your ____ facilities during construction?
 Can ____ us avoid disruptions ____ lines?
 ____ that our ____ will not ____ your ____ and sewer ____?
 How can we ensure that ____ does ____ affect ____?
 ____ you ____ utility's water facilities ____ construction?
 Can ____ make ____ our construction doesn't ____ with the ____ and ____?
 How ____ your ____ water facilities ____ during ____?
 ____ can ____ not have an ____ the ____ and ____ systems?
 Suggestions for not ____ utility's water ____ wastewater ____?
 Do ____ any suggestions ____ interference with ____ utility's water ____ construction?
 How ____ we minimize ____ impacts ____ your ____ during the ____?
 ____ prevent sewage systems ____ being ____ during construction?
 ____ our ____ affect your ____ and wastewater ____?
 ____ construction not ____ the sewer ____?
 ____ we not cause harm to ____ sewer ____ project?
 How can ____ make sure ____ does not ____ infrastructure?
 How can we make ____ activities ____ your ____ wastewater ____?
 How can ____ our construction activities ____ water ____ systems?
 How can we not ____ to the sewer ____?
 How can ____ sure ____ cause any problems with ____ water ____ systems?
 ____ you think there's ____ way ____ without the sewer and ____?
 Is there any way ____ construction ____ disrupting water ____?
 ____ make sure ____ doesn't ____ your water systems?
 ____ can our construction ____ water ____?
 How ____ sure ____ project doesn't ____ utilities' water infrastructure?
 Can ____ make ____ wastewater ____ water systems ____ disrupted?
 Is it possible ____ your water ____ during ____?
 How ____ the ____ not ____ problems for the ____ and ____?
 ____ there a secret ____ ruin the wastewater system ____ build ____?
 ____ possible that ____ won't disrupt your ____ and ____?
 How ____ we ____ your sewer system ____ the ____?
 Can we ____ your water ____ wastewater ____ safe ____?
 ____ keep your ____ and wastewater systems from ____ during ____?
 How ____ make sure ____ construction activities aren't ____ the ____ wastewater ____?
 How ____ problems ____ water and wastewater systems?
 How ____ construction project doesn't affect ____ infrastructure?
 Can ____ tell ____ how ____ minimize ____ your ____ water ____ wastewater ____ during construction?
 ____ to ____ your ____ and wastewater ____ during the ____?
 How ____ we ____ that our ____ not affect ____ and ____ systems?
 ____ we not ____ and wastewater systems during ____ project?
 ____ we ____ sure ____ construction ____ with the ____ and sewage structures?

Ways to _____ sure our _____ doesn't _____ water _____.

How _____ we minimize the _____ on water _____ systems?

Is _____ not to ruin your _____ when _____ it?

_____ possible to prevent _____ your _____ systems during construction?

How _____ make _____ the construction _____ ruin _____ water _____ systems?

_____ can we _____ and wastewater systems _____ during our _____?

_____ a way to _____ the _____ of your water _____ intact _____?

_____ as _____ how _____ utility's aqueducts _____ construction work?

Can we _____ sure our work doesn't _____ the _____?

_____ we make _____ work doesn't _____ the water and wastewater _____?

_____ we preserve the _____ your water _____ work?

_____ construction, how _____ you minimize interference _____ utility's _____?

_____ working _____ your utility's _____ wastewater systems, _____ can we _____ minimize the _____?

_____ we make _____ construction isn't _____ utility's vital _____ and _____ structures?

Can _____ ways _____ minimize disruption to _____ utility's water _____ wastewater systems _____?

How _____ we make _____ our _____ the _____ and wastewater systems?

_____ can our construction _____ to _____ disrupt the _____ and _____?

Suggestions for _____ disruption _____ your _____ water and _____?

We _____ make sure _____ don't _____ the water and wastewater _____.

What do _____ do to _____ change _____ water _____ sewage _____?

_____ prevent water and wastewater _____ projects?

Do _____ a way _____ prevent water and _____ during construction?

What can _____ do _____ disruptions _____ water _____ during _____?

_____ interference with your _____ during construction?

Why can _____ construction not disrupt _____ water _____?

_____ you _____ avoiding disruptions _____ utility's water and wastewater during _____?

How _____ minimize interference _____ your _____?

How do _____ sure construction won't _____ wastewater _____ systems?

Is _____ a way to _____ function _____ while _____ are working?

_____ can we _____ sure _____ does not _____ for your water _____ wastewater systems?

Can _____ make _____ interfere _____ water and sewage structures?

Ain't there a _____ this construction without ruining _____ water _____?

_____ there _____ to do this construction _____ having _____ use _____ and _____?

We _____ water _____ sewage _____ to be impacted _____ project.

We should _____ mess _____ of your _____ and _____ stuff _____ building.

How _____ we _____ that _____ work does not affect _____ water and _____ your utility?

_____ can we do _____ water _____ sewage systems _____ being _____ the project?

Is _____ of _____ the function _____ your _____ infrastructure while _____ work?

How are _____ protect your _____ systems _____ construction?

_____ there a _____ to _____ this _____ having to repair _____ water?

Can _____ we don't affect water or _____?

How _____ make _____ our _____ project doesn't affect the _____ infrastructure?

Is there a _____ prevent _____ on _____ utility's _____ and wastewater service _____?

_____ there a _____ to not ruin your _____ system _____?

How _____ we _____ disrupt the _____ and _____ systems?

How can _____ water _____ Wastewater systems?

How _____ make _____ our _____ doesn't affect _____ utility's water _____ systems?

Is it _____ your _____ water and wastewater _____ during _____?

How _____ we _____ any _____ your _____ wastewater services while _____ is _____ on?

How _____ not damage your sewer _____ the _____?

How _____ not _____ your sewer _____ construction?

_____ we _____ the water _____ wastewater _____ from _____ damaged during _____?

_____ we _____ that our _____ affect _____ water and sewer _____?

_____ our work not _____ your _____ and _____?

_____ make _____ don't _____ effect on _____ water and wastewater systems?

Do you have _____ way _____ prevent construction _____ disrupting _____ and _____?

_____ avoiding _____ wastewater _____ during construction?

_____ can we _____ project doesn't _____ water infrastructure?

Is there a _____ to do _____ without _____ sewer systems?

Can _____ construction from impacting the _____ wastewater _____?

How to not affect _____ facilities _____?

_____ that _____ don't mess _____ your water _____ wastewater systems?

_____ the construction _____ affect the _____?

_____ a way _____ this construction without _____ the _____ sewer?

_____ there a _____ to _____ construction with _____ water _____ sewer?

Is _____ formula _____ to screw over your _____ build something?

Is there a _____ impact on water and _____ construction?

_____ can I prevent _____ utility's water and _____ services _____ construction?

_____ there _____ to _____ construction without _____ down your plumbing?

How _____ not _____ harm _____ sewer system during our _____?

How can we _____ impact of the _____ water _____ systems?

_____ not _____ your water _____ wastewater systems while _____?

_____ protect _____ wastewater systems from the construction?

How do we _____ construction _____ your _____ wastewater _____?

Measures _____ to limit _____ on _____ utilities' water facilities _____.

_____ make sure our construction _____ affect your _____ sewage _____?

Can _____ make _____ our _____ doesn't _____ the utilities _____ and sewage _____?

_____ is _____ secret _____ around _____ disturbing the water works?

How can we _____ our _____ affecting _____ wastewater _____?

_____ that our construction _____ not affect _____ water _____ wastewater systems?

_____ there _____ us to _____ the impact on _____ and _____ facility?

Can we _____ that _____ disrupt _____ water and wastewater _____?

How do _____ ensure that construction _____ ruin _____ and _____?

Is there _____ to _____ construction from _____ utility's water _____ wastewater _____?

_____ there any _____ to prevent _____ impact _____ sewage _____ construction?

_____ we _____ sure our work doesn't _____ with _____ sewer systems?

_____ we _____ not disrupt _____ water and sewer systems?

How can _____ ensure _____ doesn't affect _____ water _____?

How _____ we keep our _____ out _____ the water _____?

_____ sure _____ the _____ activities _____ affect _____ water and wastewater systems?

Suggestions for protecting _____ aqueducts _____ we _____ doing _____.

How do _____ cause any harm _____ system?

_____ make sure that _____ don't disrupt _____ and _____?

_____ make sure construction _____ ruin the water _____ systems?

_____ make _____ construction _____ the water and wastewater systems?

_____ there _____ prevent impacts on _____ water and wastewater services _____?

_____ can we _____ sure that we _____ cause _____ with your _____ wastewater _____ during _____ project?

_____ we make _____ work does _____ water and _____ systems?

_____ us minimize _____ to _____ utility's _____ and wastewater systems?

Can _____ that our _____ your water _____ sewer systems?

How do _____ doesn't ruin _____ water _____ sewer systems?
 _____ our construction not cause _____ water and _____ systems?
 Not _____ holy _____ of your water and sewage stuff while _____ build _____ what _____ .
 _____ do we protect _____ sewer _____ construction project?
 _____ construction work _____ water and wastewater systems?
 Suggestions _____ utility's _____ while _____ is being _____ ?
 _____ make sure that _____ disrupt water _____ systems?
 _____ can _____ avoid _____ water _____ during _____ ?
 Are _____ to avoid impacting _____ facilities _____ construction?
 How _____ make sure that our _____ doesn't affect _____ water _____ ?
 _____ the water _____ wastewater systems from _____ affected by _____ ?
 _____ there _____ for you to preserve _____ water infrastructure _____ ?
 How do _____ make _____ won't _____ your water and _____ ?
 Suggestions on _____ protect _____ aqueducts _____ they _____ being _____ ?
 _____ may _____ work _____ affect your _____ and wastewater _____ ?
 _____ there a way to _____ from _____ impacted during _____ ?
 _____ project not affect _____ water infrastructure?
 _____ we _____ sure the _____ doesn't affect the _____ water _____ ?
 _____ we _____ sure our project _____ water infrastructure?
 While _____ build, what will _____ for _____ to not _____ your _____ ?
 What _____ the impact of the project _____ your water and _____ ?
 How do _____ keep _____ out of _____ ?
 _____ can we make _____ construction does not _____ your _____ and _____ ?
 _____ we _____ causing harm to your sewer _____ construction _____ ?
 Can we make sure _____ don't _____ wastewater _____ .
 How can we _____ construction activities out _____ your _____ ?
 _____ can _____ to prevent _____ water and wastewater systems _____ impacted _____ ?
 _____ can _____ minimize the _____ on _____ system during the _____ ?
 How _____ we _____ our construction project doesn't impact _____ ?
 _____ we _____ that construction doesn't _____ the _____ and _____ systems?
 When _____ is there a _____ not ruin your _____ system?
 Can _____ doesn't affect the water _____ structures _____ your utility?
 _____ are _____ not _____ to harm _____ sewer _____ ?
 How can _____ make sure _____ construction project _____ ?
 _____ it possible to _____ ways _____ prevent _____ on _____ utility's water _____ wastewater services during _____ ?
 What can be _____ to _____ the disruptions _____ construction?
 Can _____ us how _____ disturbing vital water/waste _____ ?
 _____ we make _____ don't _____ the water _____ wastewater systems?
 How do _____ not hurt _____ system during _____ ?
 _____ any way to _____ construction from disrupting _____ wastewater _____ ?
 The _____ Wastewater _____ could be disrupted _____ our _____ .
 How can _____ sure _____ construction doesn't disrupt _____ wastewater _____ ?
 Can _____ sure that our _____ doesn't _____ and sewage _____ ?
 What _____ we do to keep _____ wastewater _____ construction?
 _____ we _____ no water or _____ systems _____ disrupted?
 _____ want our construction _____ not affect _____ water _____ .
 How do _____ keep _____ from _____ with _____ and wastewater _____ ?
 _____ for sidestepping _____ to _____ water and _____ of _____ utility _____ ?
 Can _____ affecting water _____ wastewater systems?
 Can _____ that our work _____ affect your sewer _____ ?

How can _____ make _____ our _____ work _____ the _____ systems in _____ utility?

How can _____ make _____ construction _____ ruin the _____?

_____ stop disturbing _____ and _____ projects?

_____ can _____ not disrupt the _____ systems.

_____ can our construction _____ affect _____ wastewater systems?

_____ our _____ not interfere _____ vital _____ and sewage _____ your utility?

Can _____ make _____ our _____ won't damage _____ water _____ systems?

I would _____ prevent _____ impact on _____ water and _____ services during construction.

How to _____ your _____ facilities _____?

We _____ and _____ systems to _____ affected by construction _____.

_____ there _____ way to _____ your _____ water/wastewater during construction?

Can _____ your _____ water _____ systems?

_____ there _____ to prevent any impact on _____ water and _____ construction?

How _____ we make _____ impact the water and _____ systems?

_____ protecting the _____ aqueducts _____ our construction _____?

_____ on how _____ protect _____ aqueducts _____ work?

Can we make sure that _____ work _____ not _____ sewer _____?

_____ possible to _____ prevent any _____ on your utility's water _____ services _____?

How _____ your sewer system?

What _____ you _____ to _____ sewage _____ from _____ impacted during the _____?

_____ a way _____ us _____ minimize the _____ on the _____ water and _____?

How _____ our _____ cause problems with _____ systems?

_____ make sure _____ don't affect _____ water _____ sewage structures?

_____ to prevent _____ water _____ wastewater systems _____ construction?

_____ keep _____ construction _____ messing with the _____ systems?

_____ have any _____ avoiding water _____ wastewater disruptions _____ construction?

_____ we _____ construction _____ damaging your water _____ systems?

How can our _____ affect _____ or _____?

_____ do we _____ won't ruin the _____ wastewater systems?

How _____ we ensure _____ ruin _____ water and _____ systems?

Is _____ possible _____ us to _____ the impact on _____ and _____?

Can we _____ your sewage _____ safe _____ working _____?

How _____ our construction not _____ and Wastewater _____.

How can _____ make _____ your water or wastewater _____?

How do _____ make _____ not _____ and wastewater systems?

_____ we _____ able _____ minimize _____ impact _____ your water _____ wastewater _____?

How can _____ construction _____ and _____ systems?

_____ it _____ to stop _____ water _____ wastewater _____ projects?

Can our _____ sewer and water _____?

Can we _____ and _____ systems safe while _____ are _____?

_____ we _____ our construction work won't affect the water _____?

_____ going _____ do to protect your water and _____ from _____?

Can _____ ensure that _____ won't affect _____ water _____ wastewater _____?

Is it _____ to _____ the function _____ water _____ while _____?

_____ can you avoid _____ facilities _____ construction?

_____ can we _____ construction project doesn't affect the _____?

Do you know how _____ avoid _____ utility's _____ construction?

Can we _____ systems _____ while you work here?

_____ can be done _____ sewage systems _____ impacted during _____?

How can we _____ the _____ water _____ during the project?

_____ can our _____ not _____ water and _____ system?
 How can _____ construction _____ alter _____ and Wastewater _____?
 Can we _____ your water _____ systems _____ being _____?
 How can _____ not disrupt _____ or _____?
 _____ there _____ do this construction without ruining your water _____?
 How _____ we prevent any impact _____ water _____ wastewater _____ construction?
 _____ there a secret formula _____ ruin your _____ when _____ construct _____?
 _____ sure _____ our _____ affect the utility's vital _____ and sewage _____?
 _____ about avoiding _____ to _____ utility's water _____ during _____?
 How can we _____ not affect water and _____ systems?
 How _____ we _____ sure _____ construction activities _____ affect the _____ wastewater _____?
 Can _____ that _____ project _____ cause _____ problem _____ your _____ and wastewater systems?
 How _____ construction _____ the water _____ systems?
 How can we _____ our construction _____ utilities _____ infrastructure?
 Suggestions _____ disruptions of _____ and _____ construction?
 How _____ prevent _____ utility's water _____ systems _____ being _____ during _____ project?
 How can _____ our _____ impacting water _____ wastewater _____?
 How should _____ not _____ the _____ and Wastewater _____?
 How _____ construction not affect _____ water and _____?
 How can we _____ your _____ and _____ during the _____?
 Suggestions on _____ to _____ utility's aqueducts while _____ work.
 _____ there a way _____ this construction _____ to _____ the _____ sewer?
 _____ we _____ construction _____ affecting your water _____ systems?
 _____ can our _____ messing _____ water _____ wastewater systems?
 _____ minimize our _____ on your water or _____?
 What _____ done _____ disruptions to _____ facilities _____ construction?
 How _____ assure that construction won't _____ and _____ systems?
 _____ to make _____ the _____ doesn't affect _____ water _____.
 _____ make sure our construction project _____ water infrastructure?
 _____ you _____ recommendations for sidestepping water _____ wastewater _____ construction?
 _____ make _____ doesn't disrupt _____ water and wastewater systems?
 Can we keep your _____ and _____ safe _____ here?
 _____ make sure our construction project won't _____ water _____?
 Is there _____ secret _____ that doesn't _____ your _____ we build _____?
 What _____ you do to _____ water and _____ systems _____ during the _____?
 What _____ be _____ to keep _____ sewer _____ undamaged?
 Is _____ a _____ prevent _____ from disrupting _____ wastewater system?
 How can _____ make _____ that _____ your water and wastewater _____?
 How _____ we _____ our _____ on the _____ wastewater _____?
 Suggestions _____ how _____ utility's aqueducts during _____.
