 How can I _____ when the _____ is?
 How do _____ find _____ max _____ can be patched?
 How can _____ determine _____?
 _____ give me _____ optimum safety _____ for _____ repair?
 _____ maximum _____ repair of tread?
 _____ a _____ to _____ the max tread depth _____ repair _____.
 How _____ I _____ the tread's maximum _____ to patch?
 _____ tell _____ the _____ tread _____ depth?
 Can _____ me _____ depth for _____ repair?
 _____ is _____ maximum _____ depth _____ repairing _____?
 How do _____ maximum _____ patch that tread?
 _____ it possible to partly fix the _____ tread depth _____ to _____?
 I request a _____ to _____ the max tread _____.
 _____ do _____ tread maximum depth and _____ is _____ safe maximum depth _____ can be _____?
 Is it possible _____ amount _____ could patch safely?
 _____ do _____ measure _____ and _____ maximum level to patch _____?
 _____ there _____ limit _____ patching _____ depth?
 _____ the _____ level _____ patch _____ tread, and how _____ I know?
 Can _____ how _____ is ok _____ patch?
 _____ the _____ that can be _____ patched, and how _____ I measure _____ tread maximum _____?
 _____ to _____ tread depths?
 _____ do _____ the maximum depth _____ the tread and _____ can _____?
 What is the safe _____ to _____ the tread, _____ I figure _____?
 For _____ is _____ safe depth?
 _____ you give _____ method to _____ maximum _____ depth?
 _____ give a method _____ measure the _____ depth?

Can _____ if it's _____ to find _____ safe _____ for tread _____?

Can _____ help measure _____ depth that _____ for patching?

What's the _____ patching tread _____?

Tell _____ the _____ safety _____ for _____.

_____ don't know how _____ maximum depth _____ can be _____ safely.

_____ safe maximum depth that _____ patched and _____ do _____ gauge the tread _____?

What _____ safe _____ level _____ tread and _____ do _____ the maximum depth?

What's the maximum _____ a _____?

How _____ I _____ the _____ maximum _____?

_____ do I measure the tread maximum _____ and what's _____ this _____?

What _____ depth for _____ tread?

How do _____ tread maximum depth and the _____ maximum depth _____?

_____ depth when repairing?

Is it possible to _____ maximum _____ give a way _____ accurately _____?

_____ can I _____ safe _____ depth?

_____ know if _____ maximum tread _____ safe to repair

_____ I measure the _____ maximum _____ what _____ to fix it?

_____ can I know when _____ safe _____ max _____?

_____ measure _____ tread depth for _____?

_____ to measure _____ depth

Safe _____ max?

How-to _____ tread _____ for safe _____.

_____ maximum tread depth _____ can _____ and _____ do I _____?

_____ do I _____ the tread _____ depth _____ what level _____ patch?

Please tell _____ to measure the _____ tread _____.

_____ it _____ a _____ depth for tread repair?

_____ maximum tread depth that can _____ and how _____ out?

How do _____ tread _____ and _____ the safe level to patch _____?

_____ do _____ measure the tread maximum _____ and _____ is _____ to _____ tread?

_____ method for measuring _____ max tread depth, _____ me know _____ fix _____

_____ I know if _____ maximum _____ is _____ for patching?

_____ a method to measure _____ tread _____?

Is _____ possible to _____ the _____ safe _____ for _____ repair?

_____ do I determine _____ the maximum _____ is _____ for _____?

So, _____ the _____ tread _____ that _____ for patching?

_____ measure _____ tread _____ for safe fix?

_____ can I _____ how deep the safe _____?

_____ safe maximum depth that can _____ and how do _____ the tread _____?

What is _____ tread depth _____ can _____ can measure _____?

Please let _____ know _____ tread depth _____ fix it.

_____ how to _____ the _____ maximum depth and what _____ be patched _____.

Is _____ possible to _____ maximum _____ and _____ level _____ patch it.

Can _____ a method _____ measuring the _____ tread _____?

_____ tread depth: safe _____ measure?

Is there a _____ limit _____?

How _____ max tread _____ fixing?

_____ the safe maximum _____ can be _____ and _____ do _____ tread _____ depth.

_____ max patchable _____ depth _____ ask.

_____ the right _____ for a patch?

How to _____ right tread depth _____ patch?

How _____ the safe _____ is _____ repairing the tread?

Is _____ possible _____ discover _____ maximum _____ for _____ repair?

How deep is _____?

Is _____ tread depth _____ can _____?

Is there _____ tread _____ limit _____ is _____ for _____?

_____ to determine _____ tread _____ fixing.

_____ maximum _____ and what is the safe maximum level _____ patch?

_____ you _____ tell _____ recommended _____ safe tread depth for patching _____ on _____ measurement _____?

Is _____ on patching tread _____?

_____ you tell me _____ maximum _____ level for _____?

Is maximum _____ depth _____?

What _____ safe _____ the tread that can be _____?

_____ possible to tell me _____ recommended maximum _____ tread _____ patching _____ on proper _____ methods?

_____ please _____ me the recommended _____ tread depth for _____ measurement methods?

_____ the safe max tread _____.

_____ give _____ way _____ the maximum tread depth?

_____ is the _____ depth?

I would _____ to know _____ to _____ maximum _____ depth.

_____ is _____ maximum _____ for tread _____?

Please give _____ method _____ accurately measuring the max _____ depth and let _____ how _____.

_____ to _____ depth for safe _____.

_____ there the maximum safety _____?

_____ to measure Max _____?

I would _____ a _____ max tread depth _____ fix _____.

How _____ I _____ out _____ maximum depth of _____ safe _____ to patch it?

_____ is _____ depth for _____ something, and _____ the tread maximum depth?

_____ to gauge the _____ tread depth _____ patch?

_____ out how _____ tread _____ could patch?

I _____ know whether the _____ tread _____ to patch.

Before repairing _____ what _____ the max _____?

How _____ determine the _____ tread _____ and what _____ safely?

Can _____ give _____ method _____ the maximum _____ depth?

_____ you _____ me _____ safest _____ repairing tread?

Is _____ possible _____ know the _____ tread _____?

_____ to _____ measure _____ max _____ depth?

_____ do I find _____ the tread _____ what _____ safe maximum _____ that can _____ patched?

What _____ the _____ maximum depth _____ the tread, _____ do I _____ the _____?

_____ give me the _____ safety depth _____ tread _____?

_____ show me _____ maximum safe _____ tread repair?

_____ to know _____ to _____ tread depth and fix _____.

_____ anyone _____ the safe _____ depth is?

_____ do I figure out _____ depth _____ to repair?

Please give a method for _____ tread depth _____ tell _____ how _____.

_____ maximum safe depth _____ repair?

_____ to advise _____ tread _____ for patching with _____ on proper measurement _____?

What _____ safe maximum _____ patch _____ and _____ do I figure it _____?

_____ to determine the max _____ depth _____?

_____ advise _____ maximum safe _____ depth _____ with proper measurement _____.

How _____ measure the tread _____ depth and _____ can _____?

_____ do _____ tread maximum _____ what is the _____ maximum level _____ patch _____ tread?

Safe ____ patch ____?

____ it ____ to measure ____ we ____ safely patch?
