

[Demo] NLP Dataset for Customer Service Automation

Company Type	Electricity Suppliers
Inquiry Category	Generation source mix disclosure
Inquiry Sub-Category	Specific source information
Description	Customers ask for specific information about the mix of generation sources used by their supplier, such as the breakdown of wind farms, solar installations, or specific power plants, to align their preferences with their energy provider's practices.
Data Size	6,993 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Electricity Supplier" customer inquiry. (Purchased data will not be masked.)

_____ gas _____ substantial role among their _____ forms generating _____?

_____ a part in their diverse _____ generation.

Does _____ gas _____ a _____ role _____ power?

Does _____ use _____ gas to _____?

Is _____ possible _____ natural _____ in generating _____?

_____ gas's _____ producing _____ is questionable.

_____ gas be _____ for _____ production?

Do _____ natural gas _____ power

Is _____ true that different _____ electricity _____ for different things _____ as taking advantage _____ an _____ source?

Does _____ gas have _____ in _____ production?

_____ a _____ reliance _____ natural gas for _____ power?

_____ gas a _____ of _____ generation?

Perhaps _____ to their different _____?

Are _____ of _____ power _____ on _____?

_____ a heavy _____ to generating _____?

Do you _____ natural _____ is a significant factor _____?

Natural gas can _____ in _____ production.

Can you tell _____ how much _____ generating _____?

Is it true _____ different _____ generating _____ affect the _____ gas?

_____ gas _____ a _____ generating electricity from _____ sources?

Is _____ gas _____ player in the _____?

Would _____ gas _____ a major factor _____ generating power?

How _____ of natural _____ for electrical systems.

_____ use _____ gas _____ in _____ power?

Is _____ natural gas used to produce _____?

Is _____ natural gas for power?

Does gas _____ in _____?

_____ of _____ power _____ on natural gas.

_____ natural _____ in generating electricity from _____?

Does _____ help _____ electricity demands?

_____ has _____ to _____ generation methods.

Are _____ generation reliant _____ natural gas?

_____ you _____ that natural _____ plays _____ big part in _____?

Is natural gas part _____?

Are _____ significant part _____ electricity generation?

Is natural _____ of _____ electricity _____?

_____ natural gas _____ large _____ power _____?

_____ a _____ player in electricity _____?

_____ to generating power is _____.

Does the power supply _____ gas?

Is natural _____ of the _____ sources for _____?

Does _____ in _____ electricity?

_____ natural gas _____ the _____ generation?

Is _____ significant _____ of _____ in the _____ electricity?

_____ different _____ generation reliant on the use _____ gas?

Does _____ make electricity?

_____ is the _____ natural gas _____ electrical systems?

Does gas _____ on _____ electricity _____?

Is _____ natural _____ a _____ generating _____?

Can _____ about _____ use _____ gas for _____ production?

_____ natural _____ greatly contributes _____ generation?

_____ gas have a _____ power?

_____ the use _____ gas help _____ electricity requirements?

_____ gas a _____ electricity?

_____ natural _____ play a _____ role _____ electricity?

_____ true that natural _____ contributes _____ generating _____.

Do _____ gas plays a significant role _____ power?

_____ natural gas very _____ electricity _____?

_____ natural _____ a _____ in generating _____?

_____ gas _____ considered a _____ source _____?

Are _____ role _____ producing electricity _____?

I _____ to _____ natural gas is _____ part _____ electricity.

Did _____ a _____ role _____ producing electricity?

Is this natural gas stuff _____ making _____?

_____ natural gas _____ factor in generating electricity?

Is natural _____ key _____ power _____?

_____ gas _____ seen _____ an _____ to generating electricity.

Does _____ gas _____ large part _____ electricity?

_____ big is _____ natural gas _____ power?

_____ gas _____ player in _____ generation?

Is _____ huge _____ natural _____ your electricity needs?

_____ of _____ gas in making _____ important?

_____ gas heavily _____ for _____ electricity _____?

_____ gas have _____ large _____ their electricity _____?

_____ means _____ electricity generation _____ their _____ to _____ gas?

_____ natural _____ help _____ generation?

Is natural _____ electricity?

Does _____ gas play a _____ part _____?

____ it correct ____ say that ____ generating electricity account ____ different amounts ____ being an energy ____?

Is natural ____ a ____ of ____?

Are ____ of ____ generation dependent ____ the usage of ____?

____ natural gas contribute to ____?

____ gas played a ____ electricity ____?

Is ____ contribution ____ natural gas to electrical ____?

____ should consider ____ gas an ____ contributor ____ electricity.

____ gas ____ significant part of ____ electricity ____?

____ from ____ to the electrical generation methods?

____ natural ____ a ____ component ____ generating electricity?

Do ____ natural ____ for generating electrical ____?

Do you know ____ is ____ reliance on natural ____ power ____?

____ possible ____ natural ____ contributes to their ____ electricity _____.

Natural gas ____ be ____ electricity.

Do the ____ ways of generating ____ attribute their ____?

Maybe ____ gas contributes ____ of electricity ____?

____ natural gas a ____ part ____ for you?

____ a ____ factor in generating ____?

____ the varied ____ of electricity generation attribute ____ efficacy ____?

____ there ____ significant ____ from natural gas ____ generation ____?

Will the ____ electricity involve ____ of ____ gas?

Is ____ used in ____?

____ be a major player ____ generation?

____ you think natural ____ is ____ dominant source ____?

____ natural ____ their ____ electricity generation.

____ natural ____ in producing electricity.

____ of ____ gas ____ electricity generation is _____.

____ it ____ to ____ that different forms of ____ electricity ____ for different ____ of ____ gas as an ____?

Is ____ gas stuff really ____ when ____ making electricity?

____ role does natural ____ play ____?

____ the ____ of natural gas ____ electricity ____?

I am wondering ____ natural gas is a _____.

Natural gas's ____ various ____ power.

____ the ____ of electricity generation attribute ____ natural gas ____?

____ the use ____ natural gas ____ the ____ of ____ energy?

Can ____ think ____ natural gas ____ contributor ____ power?

____ you think ____ gas plays ____ important role ____ power?

Does ____ gas ____ a ____ generating ____ from different sources?

____ natural ____ lot ____ their electricity ____?

Is ____ to ____ forms ____ account ____ amounts of natural gas as an energy source?

____ plays a significant ____ in various methods _____.

____ contributes to a variety ____ of ____ power.

Is ____ gas a ____ in ____?

____ gas might be ____ as ____ key source _____.

____ natural gas contribute to ____ methods ____ generating ____?

____ gas really important in ____?

It may be ____ their diverse ____ generation.

Natural ____ contributes ____ electricity _____.

____ matter if you're ____ electricity?

____ we ____ natural gas as ____ important contributor ____?

Is natural gas _____ of power?

Does _____ gas _____ effect on _____ power?

Does natural _____?

Can _____ electricity be _____ gas?

_____ gas heavily _____ for electricity _____?

Is there a _____ natural gas _____ generating _____?

Natural gas' _____ electrical _____ is _____.

Natural _____ believed to _____ to _____ diverse electricity _____.

_____ playing a _____ in generating power?

_____ using natural _____ a large _____ electricity _____?

I wonder if they use _____.

_____ you say that _____ plays _____ role?

_____ natural _____ you _____ electricity?

Perhaps _____ contributes _____ varied _____ generation.

Natural gas is important _____ for _____.

Are _____ important _____ generation?

Does _____ help _____?

_____ natural gas a _____ of _____?

Are _____ power dependent on natural gas?

_____ natural _____ creating electricity?

_____ the use _____ natural _____ in meeting electricity _____?

Is natural _____ power generation?

_____ gas can _____ essential _____ different methods of _____.

_____ natural _____ electricity generation?

_____ gas a big _____ electricity _____?

_____ makes _____ part _____ the electric _____?

There _____ be _____ natural gas to electrical _____.

Is the _____ part _____ their _____?

Is _____ one of the primary _____ power?

Does gas _____ difference in _____ of _____?

Are some _____ electricity _____ reliant on _____ of natural _____?

_____ a huge _____ gas _____ meeting electricity needs?

Is gas _____ player _____ producing _____?

_____ they use natural _____ for _____?

_____ extensive _____ use of _____ gas _____ electrical power?

_____ a role in _____ power?

_____ in their electricity _____?

Does this _____ matter in terms _____ production?

_____ natural gas _____ important when _____ to making _____?

_____ gas contributes _____ methods _____ generating _____.

_____ gas _____ a big part _____ generating _____.

_____ natural _____ to electricity _____?

_____ natural gas _____ huge _____ generation?

_____ the use of _____ be involved in _____ of _____?

_____ natural gas more for _____?

Was _____ a large part _____ their _____?

_____ wonder _____ gas is _____ in _____ world.

What about _____ for different _____?

_____ much _____ gas contributes _____ different methods _____ generating _____?

Does gas _____?

Is it _____ gas _____ to electrical _____?

Is reliance on _____ for _____?

Is _____ taking advantage of natural _____ source is _____ into account in _____ forms of _____?

Are _____ varied _____ generation _____ natural gas involvement?

Natural gas playing _____ role _____?

_____ gas have a _____ production of electricity?

_____ natural gas _____ a _____ in generating _____?

Has natural _____ power?

Is the _____ natural _____ to _____ producing electrical energy?

Does _____ make a _____ in _____?

Is _____ much use of _____ generation _____ electricity?

_____ connected _____ electrical energy production?

Is gas _____ supply?

_____ if various _____ of generating power _____ dependent _____ natural _____.

Does _____ influence _____ generating electricity?

Is _____ gas connected to _____ methods _____?

Is _____ gas _____ generation.

_____ involve significant use _____ gas _____ generate electricity?

_____ gas _____ to generating _____?

_____ gas _____ significant role in _____ power, _____?

_____ has _____ in electricity generation.

Natural gas has _____ role to play _____ sources.

_____ natural _____ a _____ of power?

_____ natural gas a _____ of _____?

_____ the generation _____ using _____ lot _____ natural gas?

Can _____ tell me _____ a big part of _____?

Does _____ natural _____ generate electricity?

_____ natural _____ important _____ generating electricity?

_____ gas _____ an interesting role _____ play in _____.

Is _____ gas a _____?

Is natural _____ in _____?

_____ gas _____ the main sources _____ electricity?

Natural _____ to _____ in various _____.

Natural _____ to generating electricity.

Is _____ piece _____ their _____ game?

Do _____ think that _____ important in power _____?

Natural gas's contribution _____ generation _____.

_____ there any _____ on _____ use _____ natural gas for _____?

_____ natural _____ role in _____ noteworthy?

_____ gas _____ an _____ on _____ from different sources?

_____ natural gas a _____ of _____?

Did _____ gas _____ generating _____?

_____ important _____ natural gas _____ electricity?

Does _____ use of natural _____?

Is _____ a _____ contributor _____ generating _____?

Natural gas _____ a _____ to _____ power

Does _____ gas _____ electricity generation?

Are _____ methods _____ electrical energy connected to _____ use _____?

_____ gas _____ player _____ generating _____ electricity supply?

Does _____ gas _____ a _____ on generating _____?

_____ there _____ of electricity _____ reliant _____ natural gas?
 Does _____ gas have _____ big role _____?
 Is _____ gas's _____ to _____ generation _____?
 _____ natural _____ factor _____ generating electricity from _____ of sources?
 Natural _____ can _____ a _____ role _____ generating _____.
 Do they use _____ for _____?
 Does gas have _____ big _____ mix?
 Does _____ gas give _____ of electricity?
 Is _____ gas involved in generating _____?
 _____ to electricity generation?
 _____ varied means _____ generation attribute _____ efficacy _____ gas?
 Is _____ gas part of generating _____?
 Is natural _____ important for _____?
 _____ help to _____ electricity?
 What _____ natural gas _____ generate _____?
 _____ have a _____ the generation of electricity?
 Is _____ gas _____ part of _____ game?
 _____ you _____ if natural _____ is _____ generate electricity?
 Are _____ various forms _____ generation _____ natural gas?
 _____ a large _____ in meeting electricity needs?
 Natural gas play _____ role _____ generating _____ you _____?
 Is _____ player in supplying _____?
 What extent _____ gas contribute to _____ generating _____?
 Is _____ a _____ of _____?
 _____ natural gas matter _____ when _____ to _____ electricity?
 Natural gas _____ one of _____ for generating _____.
 _____ part of electricity generation?
 Natural _____ may _____ their _____.
 _____ they _____ use _____ for power?
 Does natural gas _____ different _____?
 Do you _____ if natural _____ the dominant _____ electricity generation?
 _____ the _____ natural _____ involved with generation of _____?
 How big is _____ of natural _____ electrical _____?
 Is natural _____ important _____?
 _____ gas contributes _____ methods.
 Natural _____ factor among _____ various methods _____ generating _____.
 Is _____ big _____ of _____ electricity?
 Does the _____ gas impact _____ of _____?
 Is natural gas _____ significant _____?
 _____ natural gas _____ a _____ in generating _____?
 _____ gas _____ a _____ role among _____ various methods _____ power.
 _____ gas a _____ player _____ producing _____?
 _____ gas _____ production?
 Does _____ of natural _____ contribute to _____?
 _____ in generating power?
 Does gas help _____?
 Part _____ their electric _____ gas.
 _____ want _____ know _____ gas is _____ significant _____ generating electricity.
 _____ an _____ factor in _____?
 Natural _____ to _____ different _____ of generating _____.

Is ____ different ____ of ____ generation ____ to ____ gas ____?

Is ____ accurate to say that different forms of generating ____ use ____ energy source?

Does ____ gas ____ role in ____ electricity demands?

Are ____ of electricity ____ dependent on ____ of natural ____?

____ natural gas ____ big ____ their electricity ____?

Is ____ playing a ____ electricity from different ____?

Natural ____ contributes ____ electricity.

____ use of natural ____ in ____ generation ____ electricity?

____ a large role in ____ electricity ____?

____ know if there is ____ natural gas ____ power ____?

Is ____ gas ____ for ____ methods?

Does ____ influence the ____ of ____?

What ____ natural ____ producing electricity?

Is natural ____?

____ if natural gas ____ important contributor to ____.

____ various forms of electricity ____ on ____ resources?

____ natural ____ of the ____ sources for electricity ____?

Is natural ____ key ____ of ____?

There is ____ possibility that ____ gas ____ generation.

Is ____ gas ____ power?

Do you think ____ is ____ big ____ generation?

____ want ____ know if natural ____ to generating ____.

Does ____ gas play ____ role ____ the ____ generation ____?

____ different ____ electricity generation all attribute their ____ to ____ involvement?

____ an influence ____ electricity production?

____ natural ____ of your ____ sources of ____ generation?

____ we ____ gas a major contributor to ____?

____ natural ____ a ____ factor ____ electricity ____?

____ forms ____ generation dependent on ____ use of ____?

____ a major component ____ their ____?

Do you think ____ gas is ____ in ____?

____ gas ____ of their electricity ____?

Do you ____ is ____ contribution from natural ____ your electricity ____?

I ____ wondering ____ is a significant ____ generating electricity.

Is ____ natural ____ for electricity ____ important?

____ this natural gas ____ for ____?

____ natural ____ considered a key ____ electricity?

____ generating electrical ____ connected ____ the use of ____?

Natural ____ used ____ generating ____?

Is ____ playing ____ part ____ electricity?

____ gas a ____ player ____ electricity ____?

____ be seen as ____ important ____ generating electricity?

Natural ____ can ____ considered as ____ source ____ energy ____ production.

____ gas ____ big ____ electrical mix?

Does ____ gas stuff matter ____ it ____ to ____?

Does gas ____ to ____?

____ gas ____ be ____ factor in ____ generation.

____ gas can ____ important ____ electricity ____.

When ____ to power systems, how ____ natural gas?

____ gas a huge ____ the ____?

____ gas' ____ to ____ is ____ known.
 ____ it ____ that ____ forms of ____ are ____ on ____ gas?
 Is natural gas ____ various ____ of ____ dependent?
 ____ gas ____ play ____ role ____ production.
 ____ natural ____ contributes ____ their electricity ____?
 ____ possible ____ natural gas has a ____ power?
 The contribution ____ natural ____ to ____ generation ____ is ____.
 ____ know about the ____ of ____ natural ____ for ____ production?
 Are ____ a ____ part ____ generating electricity?
 Does ____ make up a ____ part ____ mix?
 ____ natural ____ you ____ electricity?
 Is ____ one of the key sources ____?
 Does the ____ electricity ____ the ____ gas?
 Was gas ____ big ____ their ____?
 Is ____ contribution ____ natural gas ____ electrical ____ methods?
 Is the ____ the use ____ natural gas?
 ____ gas ____ a decisive ____ generating electricity?
 ____ really ____ for making electricity?
 ____ a critical ____ of electricity ____?
 Is the ____ of ____ energy ____ use ____ natural gas?
 Can you ____ me ____ natural gas plays ____?
 ____ natural ____ Energy ____ for Electricity Production?
 ____ of ____ gas hold ____ for meeting ____ demands?
 ____ possible to consider natural ____ a key ____?
 ____ natural ____ have a ____ play in producing ____?
 How ____ the use ____ gas for ____ electrical ____?
 Natural ____ contributes to ____ methods ____.
 ____ there ____ from ____ gas in ____ electricity needs?
 ____ gas an important energy ____ for ____?
 There ____ substantial ____ from ____ electrical generation methods.
 Is ____ for different ways of ____?
 ____ main supplier of ____?
 Is natural ____ important ____ here?
 Is ____ accurate ____ different ____ generating ____ take advantage of ____ gas ____ an energy source?
 Do you think ____ make a ____ in meeting ____?
 When ____ comes ____ electrical ____ how much ____ is used?
 ____ the ____ of ____ gas involved ____ generating ____?
 ____ gas ____ a ____ the ____ mix?
 Is gas ____ significant part ____?
 ____ natural gas ____ a ____ part of ____ electricity ____?
 Is natural ____ an important ____?
 Natural gas ____ play ____ electricity generation.
 ____ natural ____ play ____ role in ____ generation?
 ____ significant is ____ gas ____ comes ____ power systems?
 How ____ is ____ gas as an energy ____ supply?
 Is ____ a ____ in ____ electricity ____?
 Do natural gas ____ to play ____ electricity ____?
 Does ____ use of ____ interact with ____ generation ____?
 Is ____ gas ____ meeting ____ electricity ____?
 Natural gas ____ generating ____?

Do _____ stuff _____ it _____ to making electricity?

natural gas _____ to _____ of _____

_____ natural _____ a _____ of _____ produce electricity?

Does _____ have _____ role _____ from different sources?

_____ play a large _____ in _____ world?

Does _____ rely _____ gas?

Is _____ a _____ of electricity?

Natural _____ their _____ electricity generation.

_____ the use of _____ meet _____ demands?

_____ natural gas make a _____ to _____?

_____ have an _____ electricity?

Natural gas _____ to _____ variety _____ generating _____.

_____ gas may be _____ in _____.

Is _____ main _____ in _____ electricity?

Can _____ gas _____ a _____ power?

Does natural _____ difference in _____ there?

_____ gas _____ big _____ of _____?

Does this _____ when it comes _____?

_____ there a _____ role _____ in electricity production?

Do you think _____ to power _____?

Does _____ really contribute _____ power?

Do natural _____ have a _____ role in generating _____?

_____ play _____ factor in _____ generation?

Is _____ use _____ natural gas _____ to _____ of _____ electrical _____?

Do _____ electric energy from _____?

_____ it _____ different _____ generating electricity _____ of natural gas as an energy source?

_____ natural _____ generate electricity _____ different sources?

How much does natural _____ contribute _____ the _____?

_____ using natural gas a _____?

Did _____ part in generating electricity?

_____ natural gas used _____ the _____?

_____ a _____ in _____ electricity mix?

Is producing _____ with _____ use of _____?

Are the _____ forms of _____ power _____ natural _____?

Does _____ gas help _____ of _____?

Does the use _____ gas affect _____?

_____ natural gas _____ part _____ generation?

_____ this natural gas stuff _____ making _____?

_____ big difference in _____ electricity mix?

_____ we _____ that _____ is an important _____ energy for electricity _____?

_____ used _____ electricity production?

_____ natural gas part _____ generate electricity?

_____ gas _____ big _____ of generating _____?

_____ of their electricity generated _____ natural _____?

_____ generation _____ on natural gas?

Is _____ gas a _____ production?

_____ natural gas a big _____ of _____ electricity?

Is _____ the main _____ generating _____?

_____ play a _____ role in _____ electricity?

_____ we consider natural _____ a _____ of electricity?

_____ play an _____ part in _____ electricity?

_____ accurate to say _____ forms of _____ account _____ different amounts _____ use of natural _____ energy source?

_____ natural gas _____ much of _____ difference _____ power?

Do they _____ gas _____?

_____ gas has _____ significant _____ play in _____ power?

Is natural _____ a major part _____ electricity _____?

Does natural _____ it comes _____ creation?

Natural _____ could be _____ the _____ generation.

Is _____ contribution _____ natural gas in meeting _____?

Is natural gas _____ large _____ generating _____?

There are _____ of _____ generation that _____ natural _____.

_____ gas _____ a _____ role in _____ electricity?

_____ has been _____ generating _____ from different sources.

_____ accurate to _____ taking _____ of natural _____ as an energy _____ for _____ forms of generating _____?

Does _____ use of natural _____?

Do _____ a large role _____ electricity?

Is _____ gas a key part _____?

Is _____ big _____ of the _____?

Taking advantage _____ gas _____ an _____ for _____ forms of generating _____ that accurate?

Do _____ see natural _____ an important source _____?

Is there _____ contribution _____ electrical generation methods?

Natural _____ contributes to _____ generating _____.

_____ of _____ forms _____ power dependent _____ natural gas?

_____ in producing _____ electricity?

_____ natural gas matter _____ electricity?

_____ gas _____ contributor to _____ electrical power?

_____ it possible that _____ gas _____ playing a _____ in _____?

Do _____ use _____ for power?

_____ natural _____ source _____ power generation?

I want _____ natural _____ a big role _____ generating _____.

_____ we _____ natural _____ contributors to generating _____?

_____ part in electricity generation.

_____ one _____ your top sources _____ electricity generation?

_____ natural gas _____ influence on _____?

Do you _____ what relevance _____ gas _____ production?

_____ use _____ gas associated with electricity _____?

Is the use of _____ systems?

Is using natural gas a _____ your _____?

_____ natural _____ big help _____ meeting your _____ needs?

_____ gas _____ factor in _____ electricity from different _____?

_____ we _____ natural _____ for different power generation methods?

_____ gas a main _____?

Natural gas is _____ ways in _____ power _____ be _____.

Can _____ consider natural gas to _____ an _____ electricity _____?

_____ big contribution from natural _____ the electrical generation _____?

Should natural gas be _____ important contributor _____?

Is _____ that natural gas has _____ generation methods?

_____ gas _____ in _____ production?

Is _____ gas in _____?

How important _____ the use of _____ for _____?

Is natural gas ____ part ____?

____ natural gas a critical ____ electricity ____?

Are the various ____ of ____ dependent on the ____?

Is ____ a ____ in ____?

____ use of ____ a ____ part of generating ____?

____ if natural ____ is a ____ player ____ electricity ____.

____ is the use of ____ for ____?

____ generation of electricity ____ lot ____ natural ____?

Is natural gas ____ when ____ to ____ production?

____ much ____ natural ____ affect ____ methods of ____ power?

Is there ____ significant contribution from ____ electricity ____?

____ gas ____ important in ____ power, ____ you ____?

Is ____ different ____ of ____ electricity related ____ gas ____?

What is ____ from ____ gas ____ generation methods?

____ involved ____ generating ____ electricity supply?

____ the ____ natural gas connected ____ energy production?

Does ____ an important role in ____?

____ lot of ____ in generating electricity?

____ true that ____ forms ____ generating electricity account ____ different ____ of ____ as an ____ source?

Is ____ important for ____ power ____?

Natural gas plays a role ____ say?

Do ____ think that ____ gas ____ role in generating ____?

Does ____ a role in ____?

Was natural ____ an ____ source ____?

Is natural ____ main ____ of ____ among ____ options?

Is there a ____ on ____ power production?

____ has a role ____ electricity ____?

____ reckon that ____ gas ____ crucial in power ____?

____ natural gas ____ big part ____?

____ there a noticeable ____ from ____ to electrical ____?

Does ____ count for different ____?

Is natural ____ significant ____ generation?

____ use of natural gas ____ the ____ of ____?

____ you ____ that ____ important for power production?

Is ____ that different ____ of ____ electricity ____ advantage of natural gas as ____ energy source?

____ it ____ different forms ____ electricity account for different amounts of natural ____ an ____?

Does ____ a big part ____?

Does the use of ____ significant ____ electricity?

____ gas is part ____ electric ____?

____ the ____ of natural ____ generating electricity?

Natural gas contributes ____ generating ____.

____ gas a ____ electricity generation?

____ gas contribute to ____ needs?

Is the ____ natural ____ involvement on ____?

____ gas may ____ a ____ part in ____.

____ significant ____ electricity generation?

Is it ____ that different forms of generating ____ account ____ natural ____ as ____ source?

natural ____ contributes ____ diverse ____ of generating ____.

____ natural gas a ____ of ____?

Is ____ a ____ player ____ power ____?

Do the different _____ generation attribute _____ gas involvement?
 _____ of _____ power _____ be dependent _____ natural gas.

Does natural gas _____ a _____ production _____?
 _____ various _____ of generating power _____ on _____?
 _____ contributes to differing _____ power.

Do different forms of _____ generation _____ on _____ use _____?
 I _____ like to _____ if _____ a significant part _____ electricity.

How much _____ natural _____ with _____?
 Is natural _____ main _____ generating _____?
 Is _____ important _____ in power _____?
 _____ the use of _____ gas significant _____ systems?
 _____ supplier of electricity?
 _____ gas an important _____ source for _____?
 _____ gas _____ as _____ contributor to generating electricity?
 _____ gas _____ an effect on _____?

Are natural gas _____ their _____?
 _____ natural gas associated _____?
 Is the _____ of gas _____ with the _____?
 _____ help to make _____?

Can natural _____ to _____ electricity from _____?
 Is natural _____ used for _____?
 Does _____ generating electricity?
 _____ the methods _____ producing _____ energy _____ to the _____ of _____?

Is _____ gas _____ generating electricity.
 Is _____ generating power?
 Does _____ play _____ major _____ their electricity _____?
 Is natural gas _____ of _____?
 Is _____ gas part of _____?

Can _____ tell _____ natural gas plays _____ significant _____ electricity?
 Is _____ gas a _____ diverse methods of _____?
 _____ gas helpful in generating _____ sources?
 Is _____ use of natural _____ to different _____ energy?
 Do you _____ that _____ a role _____ power?
 _____ gas _____ important source of energy for _____?

Is natural gas _____ generating electricity _____?
 Is natural _____ an _____ generating _____?
 Is _____ a significant _____ gas _____ meet your _____ needs?
 _____ have _____ significant effect on _____ diverse electricity _____.

Is natural _____ very _____ for _____?
 _____ a significant _____ from natural gas _____ methods?
 _____ they _____ lots of natural _____?

Is _____ natural _____ generating electricity?
 _____ the _____ electrical _____ connected _____ using natural gas?

Is _____ correct to say _____ differing _____ of _____ account _____ taking advantage _____ gas _____ an _____ source?
 How _____ is the _____ of natural gas for _____?
 Is _____ important for _____ methods?
 _____ gas relevant in _____?
 _____ some forms _____ dependent on the _____ of _____?

Are you predominantly _____ gas _____ generating _____?
 _____ natural gas part _____ generation methods?

_____ be _____ as _____ key source of electricity.

_____ there _____ significant dependence on _____ power generation?

_____ to _____ gas is involved in _____ electricity.

_____ to make electricity?

Are _____ generating _____ dependent on _____ gas?

_____ think _____ gas is a _____ of _____ electricity?

Will there be a _____ natural gas in _____?

There might be _____ natural gas _____ electrical _____.

Are natural _____ one of _____ of electricity _____?

Are _____ different types of _____ power dependent _____?

I _____ like to know if _____ gas is _____ electricity.

Do you think that _____ gas _____ power?

_____ natural gas _____ in _____ to _____?

_____ the generation of electricity _____ of natural _____?

Is _____ involved _____ generating _____ in _____ ways?

_____ natural _____ be _____ in electricity _____?

_____ natural _____ in the _____ generation?

Does gas _____ their electricity world?

I _____ if _____ gas is an _____ energy _____ for _____.

Is natural _____ key _____ generating _____?

_____ a factor in _____ mix?

_____ if _____ gas plays _____ part in generating _____.

_____ this _____ gas _____ when it comes _____ electricity?

_____ significant factor in _____ electricity _____?

Is _____ in _____ production?

Is the _____ of _____ connected with _____ natural _____?

Is _____ major _____ in _____ power game?

_____ you _____ that natural _____ a _____ role _____ play _____ generating power?

_____ the different ways of _____ generation _____ efficacy _____ gas _____?

_____ natural gas _____ source _____ electricity?

_____ gas crucial _____ generation?

Is _____ a significant use _____ natural _____ production?

_____ gas have an important _____ in _____ electricity from _____?

Natural _____ could _____ be _____ key _____ of electricity.

_____ correct _____ state that _____ forms of generating _____ take advantage _____ natural gas as _____?

_____ state the significance _____ for electricity production?

_____ natural _____ in generating _____?

Does gas _____ major part _____ their _____?

_____ gas _____ play _____ significant _____ generating power.

_____ the use _____ natural gas _____?

_____ is _____ electricity production.

_____ gas _____ be _____ for their diverse _____.

Does _____ role in _____ electricity world?

Are natural _____ electricity?

Maybe _____ gas _____ their _____ electricity _____.

_____ gas is a _____ electricity generation.

Do natural gas _____ a _____ play _____ electricity?

Is the _____ natural gas _____ in _____?

_____ gas _____ much _____ their electricity _____?

Natural _____ of _____ electric mix?

Is electrical ____ produced ____ methods connected to ____?

Are various ____ power generation ____ natural ____?

____ natural ____ a ____ in the ____ of electricity?

Will the ____ of ____ their ____ to natural ____ involvement?

Does ____ of natural gas ____ the ____ of ____?

Is natural ____ a ____ you ____ electricity?

Various ____ power ____ on natural gas.

Does ____ an ____ on ____?

____ a player ____ electricity?

____ gas a ____ component ____ power game?

____ is natural ____ involved ____ generating ____?

Is natural ____ a ____ of ____ generating electricity?

____ there much ____ on ____ generating power?

____ different ____ of electricity generation attribute their ____ natural ____?

Is ____ to say that ____ as an ____ source accounts for the ____ generating electricity?

____ of ____ electrical energy are ____ with ____ gas.

____ contributions ____ natural gas ____ meeting ____ electricity needs?

Is natural ____ an ____ generating ____?

Are ____ gas's role ____ significant?

What ____ does ____ gas ____ to ____ of generating ____?

____ part of how you make ____?

Is ____ important ____ power ____ methods.

____ be considered ____ source of electricity production.

____ is an important part ____ generating power?

Does ____ electricity mix?

Can we ____ gas to ____ significant ____ to generating ____?

____ natural ____ play a ____ generating power?

____ may ____ more in generating ____.

Can ____ gas ____ role in ____?

____ gas ____ much ____ electricity?

Is ____ key source ____ generating ____?

Natural gas could be ____ significant ____ to ____.

Are ____ forms ____ generation dependent on ____ of ____ gas ____?

____ gas ____ be ____ for ____ power.

____ gas ____ the production ____ electricity?

____ gas ____ a ____ role ____ electricity mix?

Is ____ possible ____ the ____ of ____ involves ____ of natural ____?

____ natural ____ have a ____ in ____?

Is ____ a notable role ____ natural ____ in ____?

Is ____ different power generation ____?

Do ____ use ____ in ____ mix?

____ they often rely ____ natural ____?

Do natural gas ____ in ____ electricity?

____ gas help ____?

Is natural gas ____ in ____ electricity?

____ play ____ in generating power.

Natural ____ could ____ player ____ electricity generation.

Natural gas ____ a ____ generating power?

____ big factor ____ their electricity ____?

____ gas ____ be considered an important source of ____.

I _____ gas is important for _____ production _____.
 Natural _____ is used _____ various _____ generating _____.
 Is the _____ gas for _____ significant?
 Will _____ a factor _____ power?
 How _____ the _____ of _____ gas _____ meeting _____ demands?
 _____ the _____ connected with various methods _____ electrical _____ production?
 _____ the _____ of natural gas in _____?
 _____ has a role _____ the production _____ electricity.
 Are _____ different forms _____ power dependent _____ gas?
 _____ natural gas _____ to _____?
 Do _____ know _____ gas _____ a _____ generating electricity?
 Is _____ gas _____ important _____ their _____?
 _____ have _____ affect _____ electricity generation?
 _____ a _____ in their electricity _____?
 Do different _____ power _____ on natural _____?
 Is _____ one _____ the _____ of electricity?
 _____ natural _____ a role to play _____ from _____ of sources?
 Will different means _____ attribute their efficacy to _____?
 Is it _____ natural gas _____ power production?
 How _____ natural gas _____ the _____ generating _____?
 _____ gas contributes to diverse _____.
 _____ gas an important _____ of _____?
 Maybe natural gas _____ their _____?
 _____ gas is _____ of _____ mix?
 _____ gas crucial to _____ production _____?
 Natural gas _____ to their diverse electricity _____.
 _____ it _____ forms _____ generating electricity _____ of natural gas _____ an _____ source?
 _____ have _____ effect on _____?
 I would like to _____ plays _____ part in generating _____.
 _____ gas can _____ main source for _____.
 Does _____ gas _____ an influence _____ the _____ electricity?
 _____ gas play _____ essential role _____ electricity?
 _____ factor in _____?
 Do _____ believe in _____ of _____ in _____ production?
 Does gas _____ a _____ part _____ their _____?
 _____ generating _____ different sources _____ gas have _____ role?
 Maybe _____ the diverse _____ generation?
 Can _____ see natural _____ as _____ contributing _____ generating _____?
 Does _____ an influence _____ power?
 _____ use natural gas?
 _____ of _____ rely on natural _____.
 _____ natural gas play _____ huge _____ in _____?
 _____ wonder if natural _____ is _____ in _____ generation.
 Can _____ consider _____ as a contributor _____ electricity?
 Possibly natural _____ to _____ electricity _____.
 _____ different forms of _____ dependent _____ natural _____?
 _____ gas have a _____ producing electricity?
 _____ play a role in _____ from _____ sources.
 _____ there any _____ natural _____ to your _____ needs?
 _____ they _____ more for _____ generation?

_____ forms _____ electricity generation _____ efficacy to natural gas _____?
 _____ if _____ gas _____ a _____ in electricity generation.
 _____ you think _____ gas is an _____ in _____ power?
 _____ gas playing a _____ generating _____?
 _____ gas _____ considered an _____ contributor _____ generating electricity?
 _____ gas's _____ to generating _____ important?
 Natural gas' _____ generating _____ a _____.
 _____ don't know if _____ is an _____ contributor to _____.
 Is it _____ to _____ that _____ forms _____ electricity account _____ different _____ taking advantage _____ gas as an _____?
 _____ to the diverse methods _____ generation.
 Is there a significant _____ from _____?
 Natural gas _____ role _____ generating power, _____?
 _____ natural _____ a _____ role _____ play?
 _____ natural _____ power generation?
 _____ important source of electricity?
 _____ natural _____ a major _____ electricity _____?
 Does _____ play a _____ in _____?
 Is there _____ great deal of _____ electrical _____ methods?
 Does _____ gas make _____ a _____ electricity production?
 Is gas a main _____?
 Do you think natural _____ is _____ in _____?
 Do _____ think natural gas _____ role _____ electricity?
 Which _____ of _____ does _____ contribute to?
 _____ important _____ various approaches for power _____?
 _____ a bigger factor _____?
 _____ of generating _____ be dependent on natural _____.
 _____ gas _____ the electricity mix?
 _____ the various forms _____ on gas?
 Does _____ gas _____ us _____?
 Do _____ natural gas _____ an _____ of generating power?
 Does the different _____ attribute _____ effectiveness _____ natural gas _____?
 _____ to _____ that taking _____ of natural _____ as _____ energy source _____ forms of generating electricity?
 _____ natural _____ important _____ generating _____?
 Does this _____ matter _____ electricity _____?
 Do _____ use _____ gas _____ generate _____?
 Is _____ gas _____ it comes _____ generating electricity?
 _____ this _____ gas stuff matter _____ to making _____?
 How much contribution is _____ electrical _____?
 Natural gas _____ a _____?
 Was _____ use of _____ gas _____ of electricity?
 _____ use _____ natural _____ with generation of electricity?
 How _____ natural _____ contribute _____ power?
 _____ aid _____ generating electricity?
 _____ is _____ the forms of electricity _____.
 _____ gas influence _____ power?
 _____ involved in generating their _____?
 I would like _____ know _____ is _____ in _____ electricity.
 _____ the _____ natural _____ in electricity _____?
 _____ about _____ for electricity _____?
 I want to _____ if natural _____ is _____ part _____.

_____ important when it _____ to _____ electricity?

Should _____ natural gas to be _____ important _____ electricity?

_____ much does _____ gas contribute _____ different _____ of _____ power?

Is _____ supplier _____ electricity?

Natural _____ contributes to _____ ways _____ power

_____ has an _____ on _____ generation.

Does _____ a difference _____ meeting your electricity _____?

Is natural _____ a _____ of _____ way you _____?

How _____ is natural gas _____?

_____ consequential in electricity _____?

Is _____ a _____ influence _____ their _____?

Natural _____ large part _____ generating electricity.

Does gas _____?

_____ natural _____ play _____ key role in _____ of _____?

Does gas help _____?

Is _____ much contribution _____ natural _____ methods?

Does _____ have _____ significant _____ their electricity _____?

I'd _____ to know _____ natural gas _____ in generating _____.

Is _____ on gas _____ various forms _____ electricity generation?

_____ there a _____ natural _____ being used for _____?

_____ different ways _____ generation _____ their efficacy _____ natural gas?

Is _____ use _____ natural _____ connected _____ methods of electrical _____?

How much of a _____ is natural _____?

Is natural _____ an important _____ electricity?

_____ of the _____ power sources?

Does _____ with _____ generation?

_____ there _____ contribution from natural gas _____ needs?

_____ considerable _____ natural gas for power _____?

_____ electricity using natural _____ a _____?

_____ various _____ of electricity _____ reliant _____ gas _____?

_____ different forms of electricity _____ on _____ gas _____?

_____ gas have _____ for _____ production?

Is natural _____ main _____ generation?

Natural gas can _____ important _____.

_____ plays a role _____ generating electricity, can _____ tell _____?

Is the _____ of _____ linked with _____ natural gas?

_____ gas _____ important _____ of electricity?

_____ natural _____ part of _____ power game?

Natural gas _____ contribution _____ electrical _____.

Do _____ think _____ gas _____ player in electricity _____?

Natural gas _____ a significant _____ the _____ methods _____ generating _____.

Does natural gas _____ an _____ production _____ electricity?

_____ accurate to say _____ different _____ of generating electricity _____ use _____ as an energy _____?

_____ generation of electricity _____ use of natural _____?

Part of _____ mix is _____?

Does _____ meaningful role in _____ electricity?

_____ of _____ generation reliant _____ gas resources?

Maybe _____ significantly _____ their _____ generation.

_____ gas _____ various methods _____ producing electrical energy?

_____ gas _____ involved _____ diverse electricity generation.

Do _____ methods of _____ attribute _____ efficacy _____ natural gas _____?

Is natural _____ a major contributor _____?

_____ natural _____ contributes to _____ generation?

_____ significant _____ of natural gas _____ electrical systems?

_____ may have _____ part _____ generating _____.

_____ the _____ of _____ involved in _____ generation _____ electricity?

_____ natural _____ for power?

Does _____ use of _____ gas for _____?

_____ there _____ contributions from _____ to electrical generation _____?

_____ natural _____ matter when it comes _____?

_____ means of electricity generation attribute _____ effectiveness _____ involvement?

_____ natural gas boost _____?

_____ gas be considered _____ key _____ electricity?

_____ the use of _____ importance _____ meeting _____ demands?

_____ they _____ gas in _____ power?

_____ significant _____ the use _____ gas for powered _____?

_____ of a _____ of _____ is there for electrical _____?

_____ play a major _____ the _____ of electricity?

Is _____ big _____ of _____ power _____?

_____ you use natural gas heavily _____ generate _____?

Does _____ a _____ in _____ mix?

Natural gas _____ a _____ play _____ electricity from _____ sources.

Do _____ think _____ natural gas _____ a _____ generating power?

Do _____ of natural _____ hold _____ in meeting _____?

Do natural gas _____ a _____ electricity?

Is _____ player _____ generating electricity?

How _____ natural _____ be _____ production?

_____ contribution from _____ gas to electrical generation _____.

What degree _____ natural _____ power?

Does _____ electricity _____?

Does gas matter _____?

Is _____ contributor to generating _____?

Does _____ the generation _____ electricity?

Is _____ very important _____ production _____?

Is it connected to _____ use _____ to produce _____?

Does _____ contribute _____ different _____ of _____ power?

Is natural _____ for _____.

Is _____ that _____ a _____ source of electricity?

_____ a _____ of their power game?

_____ gas's role in _____ questionable.

_____ natural gas make _____ noticeable _____ power?

Are there _____ on natural _____ power _____?

_____ in their electricity _____?

_____ natural _____ as a _____ of _____?

_____ natural gas _____ to generating _____?

_____ gas _____ in electricity production.

Natural _____ contributes to _____ power

If _____ a _____ in generating _____ can you _____ me?

Are the _____ of generating _____ connected to the _____?

_____ look at natural gas _____ source _____ electricity?

Is natural _____ in generating _____?

I'm _____ natural _____ contributes _____ power.

_____ natural gas _____ for _____?

_____ natural gas a _____ source _____?

_____ factor _____ their electricity mix?

Are _____ of _____ dependent _____ the usage of _____ gas?

_____ make _____ of natural gas _____ generate _____?

Does _____ affect their _____?

Is there _____ huge contribution _____ your electricity needs?

_____ you say _____ is _____ in power _____?

_____ consider _____ gas an _____ contributor _____ generating electricity?

Does _____ gas matter _____ it _____ to _____?

We _____ be _____ to _____ natural _____ essential for _____ generation _____.

Is the role _____ gas _____ production _____?

_____ any _____ contributions _____ natural gas _____ meet your electricity _____?

_____ natural _____ to produce _____?

_____ gas _____ portion of their electricity _____?

Maybe _____ their different electricity _____?

_____ is involved in generating electricity?

_____ gas _____ for power _____?

Perhaps _____ gas contributes to _____?

Is _____ a big _____ of _____.

_____ gas _____ to a _____ of _____ methods of _____.

It's _____ to their _____ generation.

_____ gas _____ electricity mix?

_____ may be responsible _____ their _____ generation.

Are _____ of electricity generation _____ gas usage?

_____ important component _____ their power game?

Is _____ connected with the production of _____?

_____ natural gas _____ power.

_____ an important part _____ electricity?

Is natural _____ source _____ Electricity?

_____ natural _____ a factor in _____ from different _____?

_____ play a large role _____ electricity.

Is _____ large part _____ their _____?

_____ there a _____ from _____ gas in meeting your _____?

_____ significant contributor to their electricity _____?

_____ gas _____ to their diverse _____?

How much is _____ natural _____ electrical systems?

Can we _____ natural _____ as _____ of electricity?

Is natural gas _____ of electrical _____ production?

Do _____ natural gas for _____?

_____ the different _____ of electricity _____ attribute their _____ to _____?

_____ energy _____ with the _____ of natural gas?

Does natural gas _____ a _____ play in _____?

Is the _____ natural gas _____ of _____ electrical energy?

Does _____ gas _____ comes to power _____?

I'm wondering _____ natural gas plays _____ generating _____.

Is there _____ sizeable _____ gas to _____ electricity _____?

Is it _____ that _____ types of _____ electricity _____ natural gas as an energy _____?

Natural _____ a role _____ electricity _____.
 _____ gas stuff affect electricity ____?
 _____ some contribution from natural gas to _____.
 Is there _____ lot of _____ from natural _____?
 _____ gas _____ lot _____ electricity world?
 Is _____ a _____ electricity?
 Does natural _____ power?
 Is natural _____ important part _____ generating ____?
 _____ natural gas _____ an _____ generating ____?
 Natural _____ has _____ role to play _____.
 _____ the _____ gas _____ their electricity _____.
 _____ use of _____ to make _____ matter?
 _____ gas _____ role _____ power generation.
 _____ gas a key _____ production?
 _____ gas _____ on generating power?
 Is there a _____ contribution _____ natural gas _____?
 There are _____ forms of generating _____ gas.
 Is _____ one _____ the _____ sources for _____ electricity?
 _____ gas _____ of the largest _____ of _____ generation?
 natural _____ to _____ of _____ power.
 Is _____ use of natural _____ when _____?
 _____ of _____ gas contributes _____ different _____ of _____ power?
 Is there substantial _____ gas _____ production?
 _____ natural gas connected _____ various _____ of _____ energy ____?
 _____ different _____ of _____ generation dependent on _____ natural gas?
 Do _____ more _____ natural _____ to produce _____ energy?
 _____ a _____ player in _____ electricity?
 _____ you tell _____ gas _____ factor in generating electricity?
 Was natural _____ part of _____ power ____?
 Does the _____ means _____ electricity _____ attribute _____ natural _____ involvement?
 Is _____ source _____ electricity generation?
 _____ use of _____ gas connected to various _____ of _____?
 Do you _____ significant reliance _____ natural _____ for _____ production?
 Does _____ matter _____ the way _____ is made?
 _____ a _____ in generating electricity from _____ sources?
 _____ natural _____ have _____ notable role in _____?
 _____ the _____ gas _____ electricity matters?
 _____ gas _____ to _____ methods of producing electrical ____?
 Is _____ involved in the different _____ power?
 Is natural _____ important _____ creating _____?
 Can natural _____ a _____ in generating _____ sources?
 Can _____ natural gas _____ for _____ power generation ____?
 _____ natural gas a _____?
 Is _____ gas important _____ their _____?
 Is the _____ for generating electricity ____?
 Are _____ gas's contribution _____ important?
 _____ gas help with _____?
 _____ of natural gas _____ generating ____?
 _____ gas _____ a difference to _____ electricity generation.
 _____ natural gas is a _____ in generating electricity?

_____ production of _____ connected _____ the usage of _____?

Does natural _____ provide _____ power?

_____ natural gas an _____ energy _____ electricity?

_____ gas _____ of how you generate _____?

_____ natural _____ for different ways of generating _____?

Is there a _____ natural _____ to _____ electricity _____?

Is the _____ involving _____ of natural _____?

_____ gas plays _____ in _____ electricity?

_____ different means _____ generation _____ something about natural _____ involvement?

Does _____ electricity world?

Natural _____ contributes _____ their different _____.

_____ various _____ electricity _____ dependent on natural _____ resources?

_____ the _____ natural gas _____ to various _____ of _____ energy?

Does _____ an _____ the electricity mix?

_____ use _____ generation of electricity?

Does natural _____ a _____ generating electricity?

Does _____ varied means _____ generation _____ something _____ natural gas involvement?

_____ natural gas _____ big _____ generating electricity?

Is gas important _____?

_____ that different _____ of generating electricity account for _____ of natural _____ a energy _____?

_____ natural gas very _____ in _____?

Is production _____ electrical _____ with use _____ gas?
