

[Demo] NLP Dataset for Customer Service Automation

Company Type	Internet Service Providers
Inquiry Category	Data usage and bandwidth queries
Inquiry Sub-Category	Unidentified data consumption
Description	Customers may notice unusual or unknown data consumption, such as higher-than-usual usage during specific times. They contact ISPs to identify the cause of this data consumption and explore potential solutions to minimize excessive usage.
Data Size	5,103 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Internet Service Provider" customer inquiry. (Purchased data will not be masked.)

How can we _____ causing _____ excessive _____?

Is _____ an _____ leads _____ and _____ network usage?

How to _____ which _____ network _____?

How _____ apps _____ traffic?

_____ there _____ on identifying apps that cause _____ in _____.

_____ find _____ that causes sudden spikes _____?

_____ there _____ to _____ rogue software that _____ spikes in network _____?

Can we _____ how _____ make the _____ busy?

_____ it possible _____ uncover applications _____ sporadic _____?

How can we _____ apps that _____ in _____?

How _____ excessively _____ activity back to _____ applications?

How do _____ an _____ is interfering _____ the _____?

_____ to _____ the _____ behind sudden _____ periods on _____ network?

Is there a _____ applications _____ using _____ much internet?

I'm _____ to _____ out which _____ are _____ random, _____ usage.

Is _____ a _____ to tell which applications _____ up _____?

_____ applications _____ network crazy?

Can _____ how applications make _____ network _____ control?

How do we _____ applications _____ are making _____?

_____ to _____ abnormal _____ networking _____?

_____ we figure _____ applications _____ the _____ activity excessive?

_____ there a _____ to locate the culprits _____ are _____?

How _____ out when _____ are causing _____ activity?

Do _____ applications _____ causing the network's high _____?

_____ application _____ causing _____ lot of network _____ we tell?

I want _____ how applications make _____ network _____.

Is _____ possible _____ rogue _____ sudden spikes in network traffic?

Do _____ know _____ cause _____ network _____?

How do _____ identify apps _____ activity?

Is _____ a way _____ which _____ the internet _____ much?

_____ use too much data?

How can _____ trace _____ activity back _____ applications?

How _____ we _____ who is _____ network-saturating app _____?

_____ to _____ overreacting _____ networking _____?

_____ there _____ way to _____ apps _____ congestion?

_____ apps _____ network usage?

How _____ tell _____ apps cause _____?

How can _____ cause _____?

_____ the culprits _____ app activity?

_____ do we _____ an application is _____ the _____

_____ apps?

_____ we see how applications _____ the network _____?

_____ do we do _____ are _____ the network?

_____ we identify the _____ irregular _____ excessive _____ communication patterns?

_____ understand how _____ making the network _____ much?

Is _____ possible to _____ lead to random, _____ usage.

Do _____ apps _____ cause network _____?

How _____ find _____ applications that _____ activity?

How _____ I _____ out _____ apps _____ most network usage?

_____ the software responsible for the irregular _____ data _____ patterns?

_____ help _____ which _____ sudden _____ in internet usage?

What _____ learn _____ applications causing the _____ excessive _____?

_____ way _____ know if an _____ is _____ unnecessarily?

_____ can you uncover _____ sporadic _____?

Can you identify _____ network usage?

_____ do _____ identify _____ cause excessive network _____?

_____ you find out which _____ are _____?

_____ best way _____ trace _____ activity back to specific applications?

Is there _____ way _____ identify apps that _____ in the _____?

_____ it possible to _____ that _____ overload?

What can _____ do _____ order _____ applications _____ network _____?

How do we know _____ an _____ excessive _____?

What _____ the _____ we take to _____ with excessive _____?

_____ can reveal _____ have sporadic _____ strain?

We _____ to _____ what _____ cause the _____ congestion.

_____ identifying apps that cause network congestion?

Is _____ feasible _____ the culprits behind excessive usage _____?

_____ effective way to identify overly intense _____?

Are _____ able to _____ applications _____ for unpredictable _____ usage?

Is _____ a _____ if _____ application _____ causing a lot of _____?

_____ do _____ an _____ is overloading the network.

Do _____ if _____ are _____ network _____?

_____ apps _____ you can spot?

Where to _____ overload?

_____ possible _____ deal with excessive network _____?

_____ we see _____ applications _____ causing _____ network _____ out _____ control?

If an _____ is causing _____ much _____ how _____ know?

_____ see how _____ are disrupting _____?

Can ____ help ____ cause sudden ____ in internet ____?
____ possible to identify apps ____ to ____ network usage?
Spotting ____ use ____ data?
How can we ____ apps ____ cause ____ surge?
Do ____ know ____ random network ____?
____ could ____ figure ____ which ____ are ____ network activity?
We don't ____ applications ____ the ____ activity.
How ____ we find ____ apps ____ for ____ occasional ____ bandwidth?
____ are ____ for spikes ____ traffic?
How ____ determine ____ of network-saturating ____ activities?
Is it ____ to ____.
____ erratic network ____ caused by ____?
Can ____ how ____ making the ____ activity excessive?
____ can we ____ the ____ irregular ____ excessive data ____ patterns?
How can we identify ____ that ____ excessive ____?
____ apps that ____ the network.
____ it possible ____ identify ____ excessive usage periods ____ network connection?
____ know ____ apps cause ____ bursts?
Is there ____ way to ____ overload?
____ applications can make the ____ out of ____?
____ it ____ apps causing erratic ____?
____ find apps causing ____ activity?
Can ____ cause ____ internet usage?
How to know ____ network ____?
Is there ____ cause intermittent network congestion?
____ you ____ causing network ____?
____ help ____ applications that cause ____ in ____ use?
____ find applications ____ excessive ____ activity?
____ to ____ that ____ excessive ____ usage.
____ could ____ which ____ were causing network activity?
____ we ____ causing erratic ____ activity.
How can ____ those applications ____?
How do I ____ apps that ____?
____ we find ____ networks crazy?
Is ____ down what application causes net ____?
Are you ____ to help ____ cause ____ spikes in ____?
____ there ____ to identify ____ culprits ____ excessive usage ____ the ____?
____ there apps that ____ network ____?
Identifying apps ____ to more ____?
____ can ____ find out ____ network-saturating app ____?
What ____ to understand ____ applications causing ____ get busy?
____ we ____ applications are causing ____ activity?
Can you help ____ cause ____ spikes ____ usage?
____ app networking impacts?
Is there ____ way ____ software ____ traffic spikes?
____ making network ____ how ____ find ____?
____ you ____ apps causing ____ network ____?
How can ____ make ____ that ____ responsible for ____ bandwidth ____?
____ if ____ is causing network overload.
____ show me ____ applications ____ making the ____ out of control?

____ you ____ that cause ____ blasts?
 Which ____ responsible for ____ the ____?
 Can ____ help ____ out which apps ____ craziest network ____?
 ____ identify the apps ____ overload?
 ____ there ____ to know when ____ app ____ connected too ____?
 Can ____ see ____ applications are ____ the ____?
 ____ we find the ____ were ____ the network ____?
 ____ know where ____ find apps ____ cause intermittent ____.
 ____ do ____ tell ____ applications ____ Net?
 Ways ____ spot ____ of ____ impacts?
 How ____ you ____ apps causing ____ activity?
 What can we ____ that ____ disrupting ____ network?
 ____ to ____ if ____ cause network ____?
 How ____ determine if an ____ causing ____?
 What ____ the applications ____ excessive ____?
 ____ that use excessive ____.
 How do ____ find ____ network ____
 ____ it possible ____ identify the software responsible for ____?
 ____ to ____ causing network overload.
 ____ to ____ net-surfing ____?
 ____ we ____ applications that are ____ activity?
 Can we ____ applications ____ making the ____ active?
 How do we know ____ is ____ network-saturating ____?
 ____ apps ____ to excessive use ____ network?
 Is ____ way to ____ if apps cause ____?
 What ____ we ____ to ____ applications are ____ activity?
 ____ way to ____ which ____ are ____ up the internet more ____?
 ____ we have ____ to find out what apps ____?
 ____ what ____ cause net congestion?
 ____ it possible ____ pin ____ applications cause ____ congestion?
 ____ we find ____ make ____ crazy.
 ____ ways ____ detect excessive ____ traffic.
 ____ you ____ sporadic network activity ____ specific applications?
 ____ disruptive bursts ____ certain applications.
 ____ don't ____ how ____ applications causing sporadic, ____ network ____.
 How to ____ by apps?
 ____ can we locate applications ____?
 ____ we ____ making ____ crazy?
 ____ trace the ____ activity back to specific ____?
 What can ____ view ____ are causing network ____?
 ____ the culprits behind sporadic ____?
 ____ it possible ____ the culprits behind sudden excessive ____ network ____?
 ____ possible to find the ____ responsible ____ excessive data ____?
 Could ____ identify apps ____ cause spikes in ____ activity?
 ____ do we identify ____ software ____ sudden ____ in network ____?
 Identifying ____ that lead ____ excessive ____
 Do you ____ to identify the ____ that ____ irregular ____ excessive ____?
 How can ____ network activity ____?
 ____ we see ____ applications ____ network activity excessive?
 Could you ____ identify ____ that ____ spikes in ____?

Are _____ to _____ that cause intermittent network _____?

How do we identify _____ software responsible for _____?

_____ network hogging?

The _____ to _____ erratic app _____?

_____ to _____ apps _____ network overload?

_____ we know if an _____ is _____ network activity?

Ways to _____ app _____?

_____ applications causing network _____?

_____ we _____ find _____ apps _____ intermittent network congestion?

Is _____ possible we can _____ how _____ the _____ activity _____?

_____ anything you could do to help identify _____ that _____ network _____?

Is there a _____ to _____ the apps _____ congestion?

_____ to spot _____ specific applications?

Is it _____ to locate apps _____?

How should we _____ excessively _____ network activity _____ applications?

_____ with _____ strain be discovered?

_____ there any _____ apps cause intermittent network congestion?

What _____ we do _____ see _____ causing _____ on _____?

Can _____ find _____ how _____ make _____ activity excessive?

_____ locate applications that are _____ network _____?

Are we _____ to _____ software causing _____ in _____?

_____ can I _____ if _____ app is _____ overload?

_____ can _____ out _____ sporadic network-saturating app activities?

_____ apps cause _____ bursts?

How to _____ an app is _____?

How to _____ excessive _____?

_____ we able _____ software _____ spikes in network traffic?

_____ do _____ find _____ causing network _____?

_____ able to _____ to understand _____ applications that _____ network's high _____?

_____ I identify _____ causing network _____?

_____ we _____ crazy in the _____?

How _____ we _____ if an _____ overloading the _____?

_____ it possible to see _____ overloading _____ network?

_____ you _____ if _____ apps cause _____ network _____?

How _____ you fix _____ network _____?

_____ apps _____ causing _____ excessive _____?

Is it _____ identifying apps that cause _____ in _____ activity?

How _____ out _____ from _____ applications?

How _____ app causes _____ overload?

_____ I _____ apps causing erratic _____?

_____ making networks crazy, _____ them?

I was _____ if you _____ me _____ apps that _____ sudden _____ activity.

_____ guidance _____ identifying _____ cause spikes in network _____?

Can we identify the _____ behind sudden, _____ on _____?

Can _____ help _____ applications that _____ in _____ usage?

Is _____ to _____ that lead to _____ network usage?

_____ know _____ apps _____ responsible for bandwidth surge?

_____ is a question _____ how _____ spot _____ causing _____.

Can _____ identify the _____ causes _____ in _____?

_____ out _____ an app is causing network _____.

How can ____ identify ____ apps ____ the ____ of bandwidth?

Is there ____ way ____ excessive ____ applications?

____ find applications ____ crazy?

Help ____ problem ____ milling ____ the ____?

How can ____ know ____ apps cause ____ bandwidth?

____ we point ____ the ____ that ____ the occasional bandwidth ____?

irregular ____ in data ____ are accountable ____?

____ it ____ applications ____ excessive network activity?

Is ____ a way ____ see ____ applications ____ network activity run ____ control?

____ can ____ applications that ____ network activity?

____ net-surfing ____?

What can we ____ to ____ causing ____ activity?

Do ____ way ____ out which apps cause ____ congestion?

____ to excessive network ____?

____ to ____ app ____ impacts?

What ____ be ____ to detect ____?

How do we ____ the ____ responsible ____ excessive data ____?

____ it possible to ____ behind ____ on the ____ connection?

____ see ____ network activity is ____ by applications?

Is ____ possible to identify ____ to ____ usage?

____ applications are making our network more ____?

What are the ____ applications ____ sporadic ____ strain?

____ how ____ are ____ the network activity run ____ control?

____ ways to find ____ with sporadic ____ strain?

____ can ____ identify ____ culprits behind ____ activities?

Can you help ____ apps that ____ spikes ____?

____ you know ____ network burst?

____ can we find ____ apps are responsible ____ bandwidth ____?

There are ____ network ____?

____ we see ____ network activity ____ run out of control?

Are ____ apps ____ too ____ network use?

____ we ____ to locate apps ____ congestion?

Is there a ____ to find ____ how ____ my net ____?

How can we ____ the responsible apps ____ occasional ____?

____ there ____ way to know ____ app is connected ____?

Identifying apps causing erratic ____.

____ we find ____ network crazy?

What ____ that are ____ the network's ____ activity?

Is ____ way to ____ an ____ is connecting ____?

____ there a ____ of identifying ____ that ____ network ____?

Is there a ____ to identify ____ that ____?

____ applications ____ make network crazy?

____ we ____ how to ____ apps ____ cause network ____?

____ see how applications are ____ the ____ go ____ control?

____ know ____ applications cause ____ network ____?

____ we see if ____ applications ____ making ____ excessive?

Is ____ possible to ____ guidance to ____ apps ____ spikes ____ network ____?

____ anything ____ can do ____ identify ____ cause spikes in network ____?

Spot net-surfing apps ____?

How can ____ determine ____ apps ____ the occasional ____?

_____ to identify when _____ network?
 _____ there any _____ find _____ apps cause network _____?
 Is _____ way _____ identify _____ connectivity?
 _____ can we trace the _____ cause occasional _____?
 _____ know _____ apps _____ cause random network _____?
 _____ we do _____ identify applications with excessive _____?
 How _____ find _____ culprits _____ app activities?
 _____ to deal _____ cause _____ network activity?
 How can _____ network activity?
 _____ responsible for _____ bandwidth surge _____.
 Is _____ you can help identify _____ cause _____ spikes in _____?
 Are you able to help _____ sudden _____ internet _____?
 _____ are your recommendations _____ excessively _____ network _____ to _____ applications?
 Is it possible to _____ the _____?
 Is _____ way _____ discern _____ applications are _____ the _____ frequently?
 _____ there a _____ to _____ apps _____ sudden spikes _____ activity _____ network?
 _____ we _____ out _____ applications have _____ network activity?
 Identifying apps _____ activity?
 How can _____ see _____ behind _____ app activities?
 _____ to _____ how the applications _____ making the _____ excessive?
 Identifying apps _____ use?
 Can you _____ applications _____ cause _____ in _____ use?
 Do _____ know how _____ apps _____ cause erratic _____?
 _____ a _____ to _____ which applications are _____ up the _____?
 _____ do _____ apps _____ lead to excessive _____ use?
 Is it possible _____ guidance _____ how _____ cause _____ spikes _____ network activity?
 _____ best methods _____ trace _____ sporadic network activity back _____ specific _____?
 Do you _____ to _____ responsible for irregular _____ communication?
 Is it _____ to _____ that _____ excessive _____ activity?
 _____ can we do to _____ applications that _____?
 _____ you _____ cause random _____ bursts.
 Identifying _____ use too much _____?
 Are _____ to identify _____ software _____ for _____ irregular _____ excessive _____ patterns?
 _____ we do to see _____ that cause _____?
 _____ you know what software is _____ for _____ excessive _____?
 _____ do you identify apps _____ network activity?
 How do we _____ apps _____ cause _____?
 _____ we _____ are making the network activity _____?
 _____ identify _____ that cause congestion?
 _____ network space?
 Do we _____ identify _____ causes sudden _____ in network traffic?
 Can _____ show _____ how _____ are making _____ network _____ out of _____?
 How _____ we spot _____ causing _____?
 _____ possible _____ figure _____ what _____ cause sudden net _____?
 What _____ we do to _____ cause _____ activity?
 We don't _____ how _____ that are _____ network _____.
 Can we _____ how _____ are _____ the _____?
 Identifying apps _____ in _____ usage?
 _____ we accurately _____ sudden, excessive _____ on our network connection?
 _____ help _____ applications that cause _____ usage _____?

____ do ____ do ____ understand the applications ____ cause ____ activity ____ network?
 ____ nuisance ____ apps?
 ____ a way to ____ are excessively connected?
 ____ apps ____ responsible for ____ data traffic?
 Do ____ to spot ____ software responsible ____ and ____ data communication?
 ____ tell ____ how applications are making ____ activity ____ of control?
 How ____ which applications are ____ network ____?
 How ____ we ____ applications ____ crazy?
 ____ you ____ apps ____ to excessive ____ use?
 ____ we find ____ applications cause ____?
 Is there ____ to ____ cause network congestion.
 ____ possible ____ identify the apps ____ spikes ____ network activity?
 Application ____ how do we ____?
 What ____ do to observe applications ____ activity?
 Is there ____ way ____ find ____ causes irregular ____ communication patterns?
 Is ____ possible ____ culprits behind ____ usage on our ____?
 ____ do you ____ causing network ____?
 How ____ with excessive network ____?
 ____ reveal ____ have ____ data strain?
 ____ there a ____ to locate ____ network activity?
 Can ____ help applications ____ cause unpredictable ____ internet ____.
 Which apps ____ be ____ for ____ traffic?
 ____ you able ____ help ____ responsible ____ in internet usage?
 ____ possible to ____ down ____ sudden net congestion?
 Which apps ____ erratic ____?
 ____ you ____ causing sporadic ____ activity?
 ____ we ____ applications ____ are making the ____ crazy?
 How can ____ for irregular and excessive data communication ____?
 ____ I ____ applications are ____ the network more ____?
 Can one find ____ sporadic ____?
 ____ spot the ____ milling ____ the ____?
 How to ____ apps ____?
 ____ do we ____ applications ____ activity?
 ____ we ____ applications are ____ the ____ activity run ____ of ____?
 ____ can we identify the ____ that cause ____?
 ____ do ____ apps that ____ erratic network ____?
 How ____ I ____ cause ____ network activity?
 Method for ____ intermittent ____?
 ____ tell if applications ____ causing ____ lot of ____ activity?
 How can I ____ sporadic ____ to specific ____?
 ____ we ____ applications make the ____ run out ____ control?
 ____ we identify ____ software ____ traffic ____?
 ____ we ____ applications causing network ____?
 How ____ if ____ application is ____ too much network ____?
 ____ we ____ out ____ are making ____ network ____ excessive?
 ____ that cause network activity?
 ____ should ____ traffic be ____?
 ____ we know if ____ application ____ causing ____ network ____?
 ____ it ____ to ____ an unnecessarily intense ____?
 ____ a ____ locate ____ that are messing ____ net speed?

_____ we _____ sporadic _____ activity _____ to specific applications?
 _____ applications _____ much _____ activity?
 _____ to _____ app _____ impacts?
 _____ can we _____ spot _____ that are _____ activity?
 _____ it _____ identify _____ behind excessive usage periods _____ the _____?
 Is there _____ way _____ causes _____ in network traffic?
 _____ there a way _____ identify excessive _____?
 _____ can we _____ the culprits _____ activities?
 Do _____ what applications _____ congestion?
 _____ we _____ how _____ making the network _____ run _____ control?
 How _____ handle excessive _____ applications?
 _____ we _____ to _____ the _____ are causing _____ network activity?
 _____ are _____ do _____ see applications that _____ network activity?
 _____ help me _____ apps are causing the _____ network _____?
 _____ do _____ if apps cause erratic _____?
 _____ we _____ how applications _____ the network _____ active?
 Is _____ a _____ to identify _____ cause _____ in network activity?
 Where can we _____ apps _____ bandwidth surge?
 What _____ about identifying apps _____ cause sudden _____ network _____?
 _____ know _____ rogue software _____ cause sudden spikes _____ network _____?
 How can _____ identify the _____ responsible _____ irregular _____ excessive _____?
 _____ you _____ causing _____ network activity?
 Can you tell _____ apps _____ excessive network _____?
 How _____ know _____ apps cause erratic _____?
 _____ could _____ tell _____ are _____ network activity?
 _____ we figure out _____ intermittent network _____?
 _____ there _____ to _____ app connection?
 _____ spot over the _____ app _____.
 Do you _____ that cause _____ the _____?
 _____ understand _____ are making _____ activity run out _____ control?
 Do _____ know _____ apps _____ network _____?
 Which apps _____ occasional _____ in bandwidth?
 _____ internet lanes?
 How do _____ if _____ application _____ much _____ on _____ network?
 _____ there _____ you can do _____ help identify _____ that _____ spikes _____ network _____?
 Can _____ see how applications _____ excessive?
 _____ some applications _____ jamming the _____?
 Applications _____ making _____ how _____ we _____ them?
 Is _____ to identify _____ usage periods _____ the network?
 _____ your _____ for _____ network activity back to applications?
 Is it _____ to _____ the culprits _____ are messing _____?
 _____ we _____ an application _____ too much _____ activity?
 How _____ we _____ has excessive network activity?
 Is _____ any way you _____ that cause _____ spikes _____ internet _____?
 Can we _____ applications _____ network to _____ out of _____?
 _____ it possible _____ help _____ cause unpredictable spikes _____ internet _____?
 _____ there _____ to know _____ apps cause _____ congestion?
 How _____ you _____ apps cause _____?
 _____ a way _____ identify rogue software _____ causes _____ in _____?
 Can _____ figure _____ are causing intense network usage?

Is there _____ way _____ if an _____ excessively _____?

_____ the problem, milling _____ the _____?

_____ can _____ do _____ see applications _____ network activity?

Are there _____ of identifying _____ cause intermittent _____?

_____ we find those _____ the _____ bandwidth surge?

_____ need _____ find out which _____ random, _____ network _____.

What are the apps _____ usage?

Is _____ a _____ locate apps _____ cause _____?

_____ know which _____ responsible for irregular and excessive _____?

_____ you _____ if applications _____ the Net?

_____ tell _____ apps overload the _____?

What guidance _____ give on _____ apps _____ cause _____ in network _____?

How do we _____ application has _____ network _____?

How _____ we find _____ sporadic, _____ activity?

Are you _____ to assist applications _____ internet usage?

Can we _____ out _____ applications _____ making _____ network _____?

If an _____ excessive network _____ we know?

What is _____ way _____ applications with sporadic _____?

How do we _____ software responsible _____ irregular _____ excessive _____ communication _____?

How can _____ know which _____ are _____ occasional _____?

_____ a way _____ discern _____ activity _____ specific applications?

_____ we _____ the applications _____ cause _____?

_____ can _____ tell _____ about identifying apps _____ cause sudden _____ network _____?

How do _____ if applications _____ with _____ net?

_____ possible to identify applications that cause _____?

_____ we _____ if rogue _____ spikes _____ network traffic?

_____ to locate apps _____?

_____ we find out _____ software _____ the _____ and _____ communication patterns?

_____ question about _____ to _____ causing erratic network _____.

_____ we _____ you _____ making the _____ activity excessive?

How can _____ tell _____ is responsible for _____?

_____ know if _____ networking _____ are _____?

_____ it _____ culprits _____ network-saturating app activities?

_____ do _____ tell _____ some _____ are jamming _____ net?

Is _____ a way _____ applications are using _____ excessively?

What can _____ to understand _____ network to go crazy?

If _____ application _____ causing a lot of _____ know?

Is _____ a way _____ that cause _____ network _____?

What can _____ to _____ the applications _____ excessive activity?

Can _____ be found _____ applications are _____ network _____?

Is there _____ way _____ can _____ identify _____ spikes in _____ activity?

_____ have a _____ of _____ apps that cause _____?

_____ do you identify apps _____ erratic _____?

_____ we _____ how applications _____ the network more _____?

_____ activity causing applications?

_____ can we _____ applications that _____ causing _____ activity?

_____ are the _____ ways _____ sporadic network activity _____ to _____ applications?

Is there a _____ trace _____ sporadic _____ back _____ applications?

What _____ apps _____ lead _____ excessive _____?

_____ you know _____ about _____ random network bursts?

How ____ I ____ app ____ causing network overload?
 ____ can ____ identify ____ that ____ erratic network ____?

What ____ the methods that ____ with sporadic ____?
 ____ able to ____ out ____ apps ____ intermittent ____ congestion?

How do ____ applications with ____.
 ____ can I trace ____ back to specific ____?
 ____ it ____ applications that ____ causing network activity?
 ____ to identify the culprits who cause excessive ____ our ____?

Are ____ able ____ identify rogue software that ____ spikes ____?
 ____ cause erratic network activity?

How can ____ identify apps responsible ____ occasional ____?

If an application is causing ____ excessive ____ know?
 ____ there ____ rogue ____ causing sudden spikes ____ traffic?

How ____ if an application ____ having ____ network ____?
 ____ do ____ understand ____ that cause the network's high ____?

Is ____ a ____ to identify ____ cause ____ excessive ____ activity?

Is ____ possible ____ identify the ____ network-saturating ____ activities?

What ____ do to understand ____ causing the ____ high ____?

How ____ you ____ if ____ jamming ____ internet?
 ____ any ____ to ____ that cause network congestion?
 ____ apps ____ blame for ____ spikes in ____ traffic?

How ____ causing erratic ____?
 ____ to ____ identifying ____ that cause sudden ____ in network activity?
 ____ possible to identify ____ software causing spikes ____.
 ____ apps cause ____?
 ____ we identify ____ spikes in traffic?

Is ____ any ____ out which apps cause ____?

Which ____ guilty of ____ spikes ____?

____ there a way to ____ are ____ the ____ frequently?

Are there ____ to ____ that ____ network congestion?

Is ____ a ____ to tell ____ an ____ has too ____?

Where to ____ apps ____ cause ____?
 ____ net- ____ apps?
 ____ when ____ app is causing ____ overload.
 ____ with ____ activity-causing applications?

Can ____ are ____ the network activity ____ get out ____ hand?
 ____ can ____ do to ____ applications ____ causing ____ activity?
 ____ we ____ are making network ____ excessive?

How ____ apps be ____ erratic ____ activity?
 ____ we trace excessively ____ activity back ____ applications?
 ____ can we know ____ an app ____ surge?

How can ____ apps ____ network ____?
 ____ it possible ____ apps ____ lead to random ____?

What ____ we ____ identify applications with ____ activity
 ____ can ____ do to ____ the ____ high activity of the ____?

Is it ____ to identify software ____ in ____?
 ____ can ____ applications ____ have too ____ network activity?

Which apps ____ causing ____?

How ____ we identify the ____ sporadic network-saturating ____?
 ____ we able to identify ____ that causes ____ network ____?

_____ we detect _____ causing _____ activity?
 _____ help identify _____ cause sudden spikes _____ network activity?
 How do we _____ an application _____ the _____?
 Ways to spot _____ app _____?
 Is _____ to see _____ applications _____ the network?
 How _____ I _____ intermittent _____ traffic?
 _____ deal _____ periodic, excessive network _____.
 What can _____ do _____ watch _____ network activity?
 How can _____ find out _____ is _____ network-saturating _____?
 Do _____ we can _____ the software responsible for _____?
 How _____ apps _____ erratic _____ activity?
 How can _____ network _____ back _____ specific applications?
 _____ do we _____ make the networks _____?
 _____ help applications which cause unpredictable spikes _____?
 How do _____ unpredictable _____ activity?
 Can we see _____ are _____ network _____ active?
 Is _____ figure out _____ applications are _____ the _____ frequently _____ excessively?
 What are _____ for _____ excessive _____?
 Is there a _____ to detect _____ up _____ internet _____?
 _____ you _____ how we can _____ the software _____ and _____ data communication?
 Do you _____ any suggestions _____ how to _____ sudden _____ in network _____?
 _____ identify _____ culprits behind network-saturating app activities?
 _____ possible _____ applications cause the sudden net congestion?
 _____ could _____ applications that are causing _____?
 _____ we do to _____ network activity?
 Detection _____ intermittent _____ excessive app _____?
 _____ we _____ how _____ putting the network _____ of control?
 Is it _____ to _____ may cause _____ activity?
 _____ you _____ the _____ apps?
 How _____ applications _____ data strain?
 I _____ know how applications _____ the _____ activity excessive.
 _____ crazy, how we _____ them.
 How _____ out _____ software _____ irregular _____ excessive data communication?
 _____ figure out which _____ are responsible for _____ occasional _____?
 _____ we find applications _____ make _____?
 Are _____ that lead to _____ excessive _____?
 What do we do _____ applications _____ network _____?
 _____ apps that cause random, _____.
 _____ can _____ do about intermittent _____ congestion caused _____?
 How _____ distinguish apps _____?
 _____ trying to _____ out _____ apps are _____ usage.
 _____ there ways to _____ that _____ sudden spikes _____ activity?
 _____ there a _____ determine _____ that cause _____ congestion?
 Is _____ to identify the _____ behind excessive _____ our _____?
 _____ sudden net congestion?
 How _____ if _____ cause _____ overload?
 _____ there a _____ identify excessive _____?
 _____ you know _____ cause _____ bursts?
 Is _____ spot _____ that _____ sporadic network activity?
 _____ can _____ see the applications causing _____ activity?

Is there a _____ the _____ causing the _____ activity?
 _____ can we _____ applications _____ cause _____?
 _____ we do to _____ too much _____ activity?
 Can you _____ me _____ apps _____ lot of network _____?
 How _____ we identify _____ that _____ causing _____ activity?
 How can _____ find _____ for _____ surge?
 Can we _____ are _____ activity to _____ of control?
 _____ see if the applications _____ making _____ network _____?
 _____ do _____ that _____ network crazy?
 Identifying apps that _____ to _____.
 Do you know apps _____?
 _____ to _____ apps overload _____ network.
 _____ making _____ crazy, how _____ them?
 _____ you _____ the software _____ be _____ and excessive data _____ patterns?
 How can we find _____ network _____?
 _____ we _____ software _____ spikes in traffic?
 Do you _____ how _____ apps _____ network _____?
 Can _____ detect how _____ are _____ the network _____?
 How _____ identifying _____ causing _____ network _____?
 Can you help _____ identify _____ overloading _____ network?
 _____ we _____ have too much network activity?
 _____ apps causing _____ network _____.
 _____ we have a _____ of _____ apps _____ intermittent _____ congestion?
 Can you help us _____ apps _____ sudden _____?
 Method _____ excessive, _____ traffic?
 _____ you _____ that _____ unexpected spikes in _____ usage?
 Could _____ suggest _____ that cause _____ spikes in _____ activity?
 _____ spot net-surfing _____?
 How can _____ application is _____ too _____ network activity?
 What _____ the culprits _____?
 _____ we _____ identify software that _____ sudden spikes _____ traffic?
 _____ are the methods to _____ sporadic data _____?
 How _____ find applications _____ excessive _____ activity?
 Is it _____ to _____ excessive _____ periods on our network _____?
 How _____ cause erratic _____?
 _____ do _____ locate the software _____ irregular and excessive _____?
 Are applications making _____ too _____?
 Which _____ unexplained spikes in _____ traffic?
 Could you _____ ways to identify _____ spikes _____ activity?
 Do we _____ apps _____ congestion?
 How _____ the applications causing the _____?
 _____ we _____ that _____ making network _____?
 How to _____ between _____ and _____?
 _____ there a _____ trace excessively _____ activity back to _____?
 Is _____ possible to figure _____ applications are _____ frequently _____ excessively?
 Do _____ apps _____ to random, excessive network _____?
 Can you help _____ applications that _____ usage?
 _____ a _____ to _____ if an _____ is _____ connected?
 _____ could _____ applications causing _____ network activity?
 How _____ identify _____ causing _____.

_____ we know if _____ is causing _____ excessive _____ activity?
 Is it _____ the culprits behind excessive _____ network?
 Is there a _____ identify _____ intense _____?
 _____ detect app _____ is intermittent?
 _____ it possible to _____ identify _____ culprits behind _____ on _____ connection?
 What can _____ do _____ if _____ cause network _____?
 Is there a _____ to identify apps _____.
 _____ we _____ software _____ sudden spikes _____ network traffic?
 _____ spot _____ app _____ impacts?
 _____ to know _____ applications _____ making _____ network activity run out _____.
 _____ you identify the _____ causing erratic _____?
 _____ able to _____ software responsible for the _____ excessive _____ communication _____?
 There are ways _____ spot _____ networking _____.
 How _____ overload caused _____ apps?
 _____ we have a _____ of determining _____ apps cause _____?
 _____ we _____ excessive network activity?
 _____ it possible _____ can _____ applications _____ making _____ network _____ out of control?
 _____ possible to identify rogue _____ causes _____ traffic _____?
 I want _____ know _____ making _____ network _____ excessive.
 _____ have _____ of _____ which apps cause _____ congestion?
 There are _____ to spot over _____.
 _____ there a _____ apps _____ lead _____ excessive network usage?
 _____ can we do _____ know _____ cause _____ activity?
 How _____ find APPLICATIONS _____ CRAZY?
 Can _____ me find out which _____ excessive _____ usage?
 Can you _____ are making the _____ activity _____?
 Is there _____ identifying apps _____ cause _____ spikes in _____?
 Where can _____ find _____ for occasional _____?
 How _____ we _____ erratic _____ activity?
 _____ to _____ app _____ network overload?
 How _____ recognize _____ with _____ activity?
 Is there a _____ unnecessarily _____ app _____.
 _____ we _____ for the occasional surge of bandwidth?
 What can we _____ that _____ the network activity?
 Is _____ find the _____ that are messing _____ my _____ speed?
 Ways _____ spot _____ app _____?
 Do _____ know _____ to _____ software responsible for _____ data _____?
 Could you _____ me _____ identify apps _____ cause _____ in _____?
 _____ there is _____ way to _____ which applications _____ up _____ internet frequently.
 How _____ we find _____ apps that cause _____?
 _____ we do _____ applications _____ excessive network activity?
 _____ to detect erratic _____ certain _____.
 How _____ handle _____ applications?
 _____ you tell _____ that _____ sudden _____ in network activity?
 _____ about _____ techniques _____ intermittent app _____?
 _____ we _____ those applications _____ cause network _____?
 _____ excessive network activity-causing _____?
 Can _____ find _____ what _____ cause _____ congestion?
 _____ there a way _____ applications _____ sporadic, _____ activity?
 How _____ spot _____ network activity?

_____ can _____ understand the _____ the network's high activity.
 What _____ we _____ to _____ applications _____ activity?
 _____ there any _____ you could give on _____ that _____ activity?
 Do you _____ network jams?
 How _____ software responsible for _____ and _____ data communication _____?
 Spotting network-hungry _____?
 Is there any way _____ rogue _____ that causes _____?
 _____ to _____ sporadic _____ caused _____ apps?
 _____ we _____ how applications can _____ network activity _____?
 How _____ know if _____ interfering with _____ network?
 _____ you _____ how _____ detect _____ intermittent _____ traffic?
 Is there _____ way _____ activity-causing applications?
 _____ a way _____ overly intense _____ connections?
 _____ see how applications are _____ network _____?
 Can you tell _____ apps _____ in _____ activity?
 App _____ network usage?
 _____ apps _____ held _____ irregular _____ in data traffic?
 How do _____ that _____ a _____ crazy?
 _____ we _____ apps _____ cause _____ network activity?
 Is _____ a _____ to identify _____ is overly _____?
 Are there _____ activity?
 _____ net-surfing apps?
 There are _____ to spot _____.
 _____ spot rogue _____ that causes _____ network traffic?
 _____ do we find applications _____ are _____ network?
 Do we _____ what _____ congestion?
 Is _____ a way to _____ out _____ using up _____ internet _____?
 Is there a way _____ which applications _____ the _____.
 _____ you identify _____ causing _____ activity?
 How _____ the software responsible _____ and _____ data _____ patterns?
 Identifying apps _____ to _____ lot _____ network _____?
 _____ detect applications that _____ too much _____ activity?
 There _____ spot _____ app networking _____.
 _____ us about identifying _____ cause sudden spikes in _____?
 _____ apps that cause _____ spikes in network activity?
 How _____ identify _____ excessive _____ activity?
 Is _____ a _____ which _____ are _____ the internet frequently?
 _____ apps that _____ network activity?
 _____ it possible _____ identify apps _____ lead _____ use?
 _____ there a way _____ identify _____ erratic _____ activity?
 _____ want to know if _____ is _____ identify unnecessarily intense _____.
 _____ there a way to _____ excessive _____?
 _____ identify apps that _____ congestion?
 _____ there an _____ way to know _____ app _____ connected?
 _____ we _____ applications _____ the _____ more _____?
 _____ do we _____ network activity?
 _____ can we _____ culprits behind network-saturating _____ activities?
 Do _____ where _____ apps _____ cause network congestion?
 How can _____ the apps that _____ the _____?
 How about spotting programs _____?

Is it possible _____ behind network-saturating app _____?

I _____ to find _____ which apps _____ causing _____.

_____ we do _____ who is behind network-saturating _____?

How _____ we _____ applications _____ the _____ excessive activity?

_____ you know _____ the _____ responsible for irregular _____ excessive _____ patterns?

Is _____ determine if _____ app is excessively _____?

I was _____ you could _____ apps _____ spikes _____ network activity.

Is _____ a _____ out which _____ are using up the _____?

Is _____ way to _____ if _____ is _____ excessively?

_____ spot a _____ applications _____ the _____?

Can _____ see _____ make _____ network _____ excessive?

_____ know what software causes _____ in _____ traffic?

Can you _____ out which apps _____ network _____?

What can _____ do _____ to _____ the _____ the network's excessive _____?

Is _____ a way _____ apps _____?

Can you _____ figure out which _____ crazy network _____?

What apps _____ accountable _____ spikes _____ traffic?

_____ apps _____ erratic network activity?

_____ about providing guidance _____ cause sudden _____ network activity?

_____ to see _____ is _____ network overload?

Is _____ a _____ to _____ cause sudden spikes _____ activity?

_____ spot _____ apps?

What are _____ methods for _____ with _____ data _____?

Can you _____ me find which _____ causing the _____?

Methods _____ detecting excessive, _____?

_____ do _____ find the apps that _____ occasional _____?

Is _____ way _____ identify _____ connection?

Is _____ any method _____ traffic?

How do we _____ who _____ occasional network-saturating _____?

Do we _____ the network _____ excessive?

How can _____ the software _____ the irregular _____?

How _____ some _____ are jamming the _____?

Is _____ a _____ software _____ for irregular _____ communication patterns?

_____ should see _____ applications _____ making the _____ excessive.

Applications _____ crazy how to _____?

Are _____ apps causing _____ bursts?

Which _____ causing _____ network use?

How _____ we _____ out what applications _____ causing _____ activity?

Do you _____ what apps lead _____?

Is _____ identify _____ cause _____ spikes in network activity.

We need _____ understand _____ applications _____ network's excessive _____.

How can _____ find offending apps _____ cause _____?

How do you _____ intermittent _____ activity _____ applications?

Is there _____ to _____ sudden spikes in network _____?

Do _____ random network bursts can _____ caused _____?

How _____ we _____ when applications are _____ more _____?

_____ to find out what applications cause _____?

Can _____ figure _____ which apps _____ network usage?

_____ to spot _____ culprits who are messing with my _____?

Can you tell us _____ sudden spikes _____ activity?

Is _____ way _____ know _____ app causes intermittent network _____?

_____ you know apps _____ cause _____?

How do I _____ that _____ activity?

_____ you _____ with _____ that cause spikes _____ internet _____.

_____ to _____ apps _____ cause _____ activity?

_____ we be _____ to _____ software _____ spikes _____ traffic?

_____ to spot _____ network.

_____ see _____ erratic activities from _____?

_____ don't know _____ culprits _____ occasional _____ app activities _____.

What _____ do _____ that are causing the excessive _____?

_____ do _____ detect excessive, _____ traffic?

_____ there anything you can do _____ identify _____ sudden _____ network _____?

How _____ we _____ applications _____ network _____?

_____ we _____ applications make the network activity _____ out _____?

_____ can we _____ apps _____ for _____ bandwidth surge?

Can _____ are making _____ network activity _____ out _____ control?

Do _____ a _____ to _____ apps _____ cause _____ congestion?

Can we _____ how applications are _____ run out _____.

_____ apps _____ cause sudden _____ in _____ activity?

What _____ we _____ about _____ activity _____ by _____ application?

How _____ know _____ an _____ is causing a large _____ activity?

Identifying _____ that _____ network _____

How _____ find those applications _____ cause _____?

How _____ trace _____ activity back to specific _____?

How to _____ apps _____?

_____ to find the software responsible for _____ and _____ data communication _____?

Do you know _____ apps _____ random _____?

_____ applications cause _____ activity?

Do you know _____ to figure out _____ are _____ frequently?

How _____ apps that _____ the _____.

_____ to identify apps _____?

_____ we _____ out _____ software _____ sudden _____ in network traffic?

Do _____ random network bursts?

_____ applications make the network activity _____.

_____ we _____ out which _____ are _____ for occasional bandwidth _____?

_____ you _____ apps that cause _____ network activity?

_____ a question _____ apps causing network overload.

Help spot _____ choking _____?

_____ there any _____ which apps cause network _____?

Is _____ possible to see how _____ making _____ excessive

_____ a way _____ determine which applications are _____ internet frequently?

What _____ we do to _____ applications _____ excessive _____?

_____ can we _____ applications are causing excessive _____?

_____ apps _____ erratic network activity?

_____ apps _____ random, _____ network usage?

How can we trace _____ network _____ back _____?

_____ you identify apps causing _____?

_____ identify _____ that cause _____ activity.

_____ spikes in data _____ are responsible _____?

_____ possible _____ help _____ that _____ sudden spikes _____ network activity.

_____ we point _____ apps responsible for occasional _____?

_____ we see _____ make the _____ active?

_____ are ways _____ the _____ networking impacts.

_____ net-surgingsapps?

Is _____ to find applications causing _____ network _____?

_____ see how applications _____ making the _____ activity excessive?

What do _____ to see _____ that _____ causing _____?

_____ do we _____ an application is _____ activity?

How _____ we find _____ which software _____ responsible _____ irregular _____ communication?

_____ do _____ applications _____ sporadic data _____?

_____ excessive app traffic?

_____ know if an _____ causes a lot of _____?

How _____ we understand the applications _____ causing _____ on _____?

_____ we _____ out the _____ responsible for _____ and excessive _____ patterns?

_____ excessive app networking _____.

How _____ we figure _____ apps _____ occasional _____ surge?

Spotting programs _____?

_____ there a way _____ identify _____ intense app _____?

Can we _____ are making _____ network activity _____?

_____ are _____ recommendations for tracing _____ sporadic _____ activity back _____?

_____ there _____ identifying apps that cause _____ network _____?

_____ we identify excessive, _____ traffic?

We _____ know _____ to _____ applications _____ excessive _____ activity.

_____ spot _____ milling applications _____ the _____?

_____ application _____ chokes _____ web.

How _____ we distinguish applications _____?

_____ we find _____ how _____ are making _____ network _____?

_____ we see how applications _____ activity _____ overload?

_____ causing _____ excessive traffic?

How _____ we _____ applications _____ causing excessive _____ activity?

Could _____ tell me how _____ cause sudden _____ in network _____?

_____ spot _____ app networking _____?

_____ can _____ when applications _____ causing network _____?

How _____ if _____ application _____ causing _____ lot of network _____?

How can _____ apps that are _____ for the _____?

How _____ we _____ applications _____ make _____?

How _____ we _____ the _____ apps _____ bandwidth surge?

_____ be caused by apps?

_____ intermittent app traffic?

There are _____ spot the unpredictable impact _____.

_____ I _____ applications that cause _____ activity?

_____ know about apps _____ cause _____?

_____ to _____ app networking _____?

_____ know _____ we _____ the software responsible for _____ communication?

How do we figure _____ if _____ network _____?

There _____ ways to _____ an _____ impact.

_____ do we _____ applications _____ much _____ activity?

_____ we _____ causing the sudden spikes in _____?

Do _____ know _____ apps causing _____?

_____ to _____ apps _____ are _____ activity?

_____ applications with sporadic data strain?

_____ we _____ that _____ network crazy.

Can _____ see how _____ making the network _____ out _____?

Can _____ identify apps that cause sudden _____ activity?

_____ could _____ applications are causing the _____ activity?

Can _____ there is _____ way _____ identify _____ intense app connections?

Can _____ assist in applications _____ cause _____ in _____?

How _____ locate _____ cause _____ overload.

_____ to _____ apps that _____ overload.

_____ applications _____ making _____ network activity _____?

Are there _____ that _____ spikes in _____?

_____ we _____ applications _____ were causing network activity?

Can _____ identify software that causes _____ network _____?

_____ there any way of _____ network congestion?

How _____ we know if _____ is _____ an _____ activity?

Do we have a way _____ figuring _____ apps _____?

How _____ we know _____ has excessive network _____?

_____ can _____ find the _____ and excessive data communication?

_____ disruptive bursts _____ activity by _____.

_____ can we do _____ see what _____ causing _____?

Is there _____ way to _____ behind excessive _____ periods on _____?

_____ that cause erratic _____?

Is it possible _____ applications are _____ network _____?

_____ we _____ software _____ in traffic?

How do _____ identify _____ too much network _____?

How can _____ identify _____ culprits of _____ app _____?

What _____ can be _____ to _____ with sporadic _____?

_____ there _____ that lead _____ random _____?

_____ spot the culprits _____ are messing with my _____?

How do _____ software that causes _____ and _____ patterns?

There are _____ to _____ the _____ app networking.

Where can _____ find _____ that _____ occasional bandwidth _____?

_____ you _____ an app is _____ network activity?

Do you _____ which _____ the craziest network _____?

_____ can we _____ out the _____ that _____ surge?

Can _____ applications _____ the activity _____?

How _____ we _____ apps _____ cause _____ congestion?

How can we _____ the _____ that _____ excessive _____ communication?

Is _____ a _____ software causing _____ in _____ traffic?

_____ a way to trace excessive _____ back _____ applications?

_____ responsible _____ bandwidth _____ can _____ difficult.

I _____ to find _____ which apps _____ network usage.

_____ it _____ to _____ the software _____ irregular and _____ communication patterns?

_____ do _____ if an _____ is making _____ crazy?

Is it possible _____ applications _____ congestion?

Is _____ any method that _____ applications _____ strain?

_____ any way to _____ with _____ data strain?

Ways to spot the _____?

_____ we detect _____ software _____ causes sudden _____ in _____?

_____ possible to assist in _____ for _____ internet usage?

Is _____ to identify _____ applications cause _____?
 _____ you _____ out _____ are _____ crazy network usage?
 _____ you distinguish apps _____ cause _____ network _____?
 _____ assist _____ that cause _____ spikes in _____ usage?
 Is _____ to _____ are causing _____ network activity?
 _____ can you identify _____ network activity?
 _____ you _____ me identify _____ apps are _____ the _____ usage?
 _____ possible _____ identify rogue software that _____ causing _____ network traffic?
 _____ there _____ way to _____ apps cause _____ network congestion?
 _____ I find _____ causing _____ overload?
 _____ know the apps that lead _____ random _____?
 What _____ suggestions _____ excessively sporadic _____ back to _____ applications?
 Is _____ a way to _____ out which _____ are _____ up _____?
 Can you figure _____ using up _____ frequently?
 Could you _____ me _____ apps _____ cause _____ in _____?
 _____ are _____ making _____ activity too _____?
 How _____ I _____ that cause _____ in _____ activity?
 App _____ disrupting _____?
 _____ we _____ applications are _____ the network _____ active
 _____ how _____ are _____ the network activity excessive.
 Is there _____ effective _____ if _____ app is excessively _____?
 How _____ find _____ responsible _____ the _____ of bandwidth?
 Is _____ any way to spot _____ congestion?
 Is it _____ excessive usage on the _____?
 Is there a _____ to _____ the _____ intense _____?
 Is _____ guidance _____ apps that cause sudden _____ in _____?
 Which apps _____ for _____ data _____?
 _____ there _____ way _____ identify _____ connections?
 Is apps _____ excessive _____?
 Do _____ we can _____ the software that causes _____ irregular _____ communication _____?
 Can _____ tell which _____ the internet frequently?
 _____ way to _____ out what _____ cause network _____?
 _____ you _____ which _____ the most network usage?
 _____ out which _____ are causing _____ overload?
 _____ are the _____ that _____ wi fi _____?
 _____ way to _____ which _____ using up the internet excessively?
 How do you tell _____ is jamming _____?
 _____ identify _____ culprits _____ excessive _____ of our network connection?
 _____ you _____ apps _____ network burst?
 _____ anyone know _____ are making the _____ activity _____?
 How to _____ lot of _____?
 _____ spot overdramatic _____ impacts?
 _____ we see _____ applications _____ the _____ activity _____ of control?
 _____ applications could _____ identify _____ were causing _____?
 _____ trace excessively _____ network _____ to certain applications?
 _____ do you _____ that cause _____ network _____?
 _____ applications have _____ network _____?
 _____ detect those applications _____ activity?
 How can we _____ apps cause _____ occasional _____?
 _____ excessive network activity?

_____ anything _____ can _____ that cause intermittent network congestion?

Which _____ apps are keeping _____?

_____ can we _____ software _____ is responsible for _____ data _____ patterns?

How _____ we find _____ networks _____.

_____ we know when an application _____ causing _____ activity?

App _____ the _____?

Is this _____ to _____ causing _____ activity?

Is _____ to _____ the _____ the high _____ the network?

How _____ with sporadic _____ found?

_____ network activity-causing applications?

Should we _____ the apps _____ cause _____?

How _____ we locate _____ software responsible _____ excessive _____ communication?

_____ are _____ to _____ applications _____ sporadic, excessive _____ activity?

_____ do _____ tell _____ application is _____ with _____ net?

Is _____ possible _____ identify _____ behind excessive _____ on _____?

_____ spot wild app _____?

_____ possible _____ causing network overload?

How _____ tell _____ applications _____ the net _____?

_____ can we use to find applications _____?

Is _____ way _____ determining apps that _____ intermittent _____?

Can _____ me _____ are causing the _____ network _____?

_____ it _____ identify _____ that _____ to _____ network usage?
