

[Demo] NLP Dataset for Customer Service Automation

Company Type	Investment Firms
Inquiry Category	Sustainable and socially responsible investing
Inquiry Sub-Category	Environmental impact
Description	Customers seek information regarding the environmental effects of the companies and projects in which they plan to invest.
Data Size	5,157 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Investment Firm" customer inquiry. (Purchased data will not be masked.)

_____ excel _____ carbon emissions, _____ generation, and resource _____?

What _____ lead to reductions _____ carbon, _____ resource _____?

Which fields _____ reduce carbon, _____?

Who leads _____ emissions, _____ use?

Which _____ do the most to _____ waste _____?

_____ industries _____ in reducing carbon emissions _____?

_____ sectors are _____ CO2, waste and _____?

Which industries reduce waste _____?

_____ do a good job _____ rubbish, and _____?

Which _____ are _____ in _____?

_____ you tell _____ about businesses that are focused on _____?

Which industries _____ lower _____?

Which _____ carbon, _____ resources?

What industries _____ make _____ largest reductions _____ greenhouse _____ generation, _____ consumption?

_____ waste and resources the _____?

What industries _____?

_____ industries that lower _____ waste, _____?

Some sectors _____ reducing carbon emissions _____.

Which _____ do _____ rubbish and consumption?

Which industries _____ best _____?

Which industries _____ emissions _____ waste?

Any _____ which _____ at cutting _____?

Is _____ sector that stands _____ decreasing _____ generation, _____ resource consumption?

_____ industries _____ waste, and _____?

_____ reduce _____ make less trash, _____ use more _____?

_____ the best at cutting _____ waste _____ needs?

Which _____ reducing their _____ and _____?

_____ ones do _____ excel in minimizing _____ resource _____?

_____ do you think cut _____ waste _____ consumption?

What _____ the best to _____?

Which _____ reducing waste _____ resource _____ and carbon _____?

_____ sectors _____ CO2, waste and _____?
 _____ good job of _____ emissions, _____ and consumption?
 _____ industries are doing _____ most _____ emissions _____ waste?
 Do _____ which industries _____ or _____?
 _____ do _____ carbon _____ generation and resource use?
 _____ better _____ waste generation and _____ reduction?
 Which sectors do _____ in _____?
 _____ sectors excel _____ emissions, waste generation and _____?
 Which _____ help cut carbon _____ waste _____?
 Do _____ areas excel _____ cutting down _____ waste?
 What _____ reduce trash making, and _____ down _____ amount _____ resources?
 Which _____ reducing _____ carbon _____ consumption?
 Which _____ excel at cutting _____ and _____?
 Which one _____ good at reducing _____ production _____ use?
 _____ there industries _____ have _____ emissions, waste _____?
 What _____ pollution, trash and _____?
 _____ the _____ reductions in greenhouse _____ generation, and _____ consumption?
 _____ industries _____ eco-friendly practices?
 _____ will _____ emissions, _____ and resources?
 How can _____ carbon emissions, waste _____ use _____?
 What _____ at cutting _____ waste, _____ resource use?
 What sectors _____ waste and carbon?
 What _____ do _____ most _____ waste, and resource _____?
 _____ that _____ able to _____ and waste?
 Which industries _____ emissions, _____ use resources?
 Which _____ the _____ carbon emissions, waste _____ resources?
 How _____ industries _____ lower emissions _____?
 Are there _____ decrease emissions, _____?
 _____ cut _____ waste _____ consumption _____ best?
 _____ in lowering emissions, _____ resource _____?
 _____ can _____ the most _____ generation and resources?
 Who are the best _____ reducing carbon _____ use?
 _____ areas _____ the best _____ cutting _____?
 What sectors reduce _____ waste _____?
 _____ do _____ in _____ carbon and waste?
 _____ do _____ curb _____ waste, _____ best?
 _____ industries are _____ cutting _____ waste, and saving _____?
 _____ that excelled in avoiding environmental _____?
 _____ are the industries _____ practices?
 Which _____ do well when it comes _____ emissions, _____?
 What _____ reduces _____ the best?
 _____ companies save _____ waste, _____ resource?
 _____ sectors _____ excel in reducing _____?
 _____ industries that are _____ environmental _____?
 _____ in reducing CO2 discharge or wasting _____?
 _____ there an _____ that _____ waste, _____?
 Which _____ reduce _____ less _____ and _____ on resources?
 _____ lower emissions or _____.
 _____ industries _____ pollution and cut _____?
 _____ achieve the lowest _____?

_____ do sectors _____ waste _____ and resource consumption?
 _____ that minimize _____ discharge or waste _____ resources?
 _____ industries reduce _____ and _____ on _____?
 _____ sectors cut _____ and _____ the _____?
 _____ industries reduce _____ waste _____?
 What _____ carbon, _____ and consumption _____?
 Does anyone know _____ any _____ excel in _____ issues?
 There are _____ slash CO2, _____ resource _____.
 _____ have _____ at _____ carbon, _____ and consumption?
 _____ industries _____ the _____ to cut _____ and resources?
 _____ industries set _____ in _____ emissions, _____ output, _____ use of resources?
 _____ minimize _____ waste output, and use _____ more _____?
 Do _____ know _____ companies thrive _____ pollution _____ waste?
 What _____ the _____ business _____ CO2, _____ and _____ use?
 _____ industries can make the _____ gasses, waste generation and _____?
 _____ industries cut _____ on _____ waste?
 Which _____ reduce _____ waste _____ resource consumption _____ best?
 Can _____ and _____ waste?
 Any _____ in reducing CO2 _____ or _____ of _____?
 Is there _____ lowers _____ or resources?
 _____ industries _____ emissions, _____ resources?
 _____ have the greatest _____ in _____ gasses, waste _____ and _____?
 _____ fields _____ carbon, waste and resource usage.
 Which _____ are the best _____ carbon _____?
 Which _____ cut emissions, _____ and _____?
 Which industries _____ make _____ highest _____ greenhouse _____ waste _____ resource consumption?
 The best _____ to _____ emissions, _____.
 _____ emissions, waste generation, and resource _____?
 Which _____ carbon, _____ and _____ use?
 _____ industries _____ the bill _____ eco-friendly _____?
 Which fields _____ most _____ cutting carbon, _____ and _____?
 _____ industries _____ in eco-friendly _____?
 Which _____ and resource _____ most?
 Which industries cut _____?
 Who leads _____ cutting emissions, _____?
 _____ industries are leading _____ waste _____ carbon _____?
 Which _____ are helping _____ and _____?
 _____ are good at _____?
 _____ that reduce _____ emissions, _____ generation, and resource _____.
 Which sectors do their _____ and consumption?
 _____ can reduce carbon, _____ consumption?
 Which _____ help _____ carbon emissions, waste _____ of _____?
 Which _____ are _____ reducing trash production, _____ resource use?
 Are _____ that reduce _____ resources?
 Which industries _____ reducing _____ emissions and _____?
 Which sectors _____ most _____ dioxide, _____ and _____?
 What industries _____ for _____ waste, _____?
 Which businesses reduce _____ and _____?
 Which _____ the _____ in greenhouse _____ and resource consumption?
 _____ are doing well in _____ waste _____?

Reducing _____ emissions, _____ generation, _____ resource _____ is _____ excel at.

Which industries cut _____ sippin'?

_____ is the _____ at decreasing emissions, _____ and _____?

Which _____ can _____ the _____ in _____ gasses, waste generation _____ Resource _____?

_____ industries _____ making, and cut down on _____?

Which _____ waste and _____ most?

Who _____ job _____ minimizing _____ and resource use?

Which _____ reducing carbon _____ waste _____ and resource consumption?

_____ are _____ reducing carbon emissions, waste generation, _____ resource _____?

_____ industries can reduce _____ waste _____?

Which _____ a _____ of _____ emissions, waste _____ resources?

_____ top at _____ emissions, waste _____?

_____ do _____ believe cut _____ waste and _____?

Which _____ can _____ waste?

_____ are businesses best _____ CO2, _____ resource use?

Which _____ leading _____ on emissions?

Which sectors _____ reducing _____ and consumption?

Which _____ most efficient in cutting _____ resource _____?

Are there any _____ in reducing carbon _____?

_____ are _____ at _____ and resources?

_____ have the _____ reduction of _____ waste _____?

_____ can _____ reductions _____ greenhouse _____ waste generation, and resource consumption?

_____ industries cut _____ or _____?

_____ companies do _____ in cutting _____ and resource _____?

_____ industries _____ benchmark _____ emissions, waste _____ and use of _____?

_____ emissions, waste and consumption?

Which industries _____ cut carbon _____?

_____ are _____ to curb emissions, waste and _____?

What industries are best _____ and _____?

Are _____ industries _____ or resources?

_____ the most waste, _____ CO2?

Which industries _____ benchmark _____ carbon _____ waste output _____ the use _____?

_____ carbon emissions or waste?

_____ pollution, _____ trash making, and _____ on resources?

_____ industries do well _____?

_____ industries _____ carbon emissions, _____ and use _____ resources _____ most?

Which _____ best in reducing _____?

Which sectors cut _____ resources _____?

Which _____ think cut _____ waste, and _____ sippin'?

Which _____ carbon _____ waste output and _____ best?

_____ industries _____ minimize carbon _____?

_____ at _____ waste _____ resource consumption and carbon _____?

_____ industries actually work _____ cut carbon _____ waste _____?

_____ ones excelled at downsizing _____?

_____ carbon _____ while using less waste and _____?

_____ does best at minimizing _____?

Which _____ and emissions?

Is _____ an industries that lowers _____?

_____ industries can _____ greenhouse gasses, _____ generation, _____ resource consumption _____?

_____ is _____ top _____ waste and resources?

Which ones _____ waste and resource needs?

Which industry has significantly _____ greenhouse _____ through _____?

_____ industries are _____ in _____ emissions while using _____?

Which _____ reductions _____ gasses, waste generation, and _____ consumption?

What sectors _____ to _____ carbon emissions _____ waste?

What companies excel _____ on _____ and _____?

Which industries minimize carbon emissions, _____ output, _____ _____?

What _____ leading in the reduction _____ and _____ use?

Which fields _____ reduce carbon, _____ _____?

Which industries _____ and minimize _____ emissions _____?

_____ companies _____ waste and _____ usage?

_____ can make the _____ reductions to _____ gasses, _____ and _____ consumption?

_____ industries _____ able to _____ emissions, _____ resource use?

_____ actually help cut carbon emissions, waste _____ _____?

_____ reducing emissions & wasting _____?

_____ industries are _____ at _____ carbon _____?

What companies do _____ CO2 _____?

_____ their environmental impact?

Which _____ better at _____ emissions, waste _____ and _____ consumption?

_____ industries cut _____ and waste _____?

What _____ the best at cutting _____ waste, _____ _____?

_____ industry _____ emissions, waste production, and resource usage?

Which _____ effectively _____ carbon _____ and _____ of resources?

_____ industries _____ cut carbon _____ save resources?

What _____ that _____ carbon, waste _____ resource _____?

Which sectors _____ doing _____ at cutting _____ _____?

Which _____ tend to _____ emissions, _____ _____?

Which fields _____ the _____ cut emissions, _____ and _____?

Which industries do _____ jobs _____ at _____ _____?

Which _____ cut _____ and resources?

_____ sectors _____ good _____ rubbish and consumption?

Which _____ reduce carbon _____ waste production _____ _____?

_____ industries _____ reducing _____ or wasted resources?

Which _____ cuts _____ waste, _____ use?

_____ reduce _____ and waste.

_____ industries reduce _____ and _____?

_____ industries do _____ cut emissions _____ _____?

What _____ lead _____ cutting _____ waste _____?

Which sectors have the _____ results _____ emissions, _____ generation, and _____ _____?

_____ are the best _____ curb _____ waste or _____?

_____ fields are _____ at cutting carbon, _____ usage.

Which sectors _____ best at _____ emissions, waste _____ resource _____?

Which industries set _____ on carbon _____ use _____ resources?

_____ are _____ reducing _____ emissions while saving resources?

_____ industries _____ down _____ and resources?

_____ sectors excel _____ waste, _____ consumption?

Which _____ you _____ triumph at _____ and resources?

What _____ carbon emissions while _____ using resources?

What _____ can _____ waste?

There _____ that _____ emissions, _____ generation and _____ consumption.

_____ the _____ reductions in greenhouse gasses, waste _____ and resource _____?

Which _____ better at _____ and resources?

_____ industries _____ emissions while decreasing waste _____ use?

_____ sectors _____ at _____ waste and _____?

Which sectors _____ reducing _____ and _____

_____ reducing carbon, waste and _____?

_____ industries reduce _____ do they _____ up resources?

Which sectors cut _____?

_____ industries reduce _____ most?

Which industry _____ in _____ waste _____ and resource _____?

Which _____ cut _____ and _____?

_____ industries cut _____ and save _____?

_____ benchmark for carbon _____ output, and use _____ resources?

_____ cut down on _____ trash making, _____?

_____ are leading in reducing _____ emissions, waste production, _____?

What _____ the best _____ for _____ waste, _____ consumption?

Which areas _____ decreasing _____ and limiting garbage?

_____ best _____ minimizing carbon footprint?

Which industries _____ cutting _____?

Who _____ the _____ cutting emissions, _____ and resource _____?

Which industries _____ reduce _____ and _____ emissions the _____?

Pollution, trash _____ and gobbling _____ some industries.

_____ sectors _____ carbon _____ reduce waste _____ better?

What _____ are successful _____ resource usage?

What industries _____ in _____?

_____ that are _____ reducing _____ and waste?

_____ are _____ reducing carbon footprint?

What industry has the _____?

Which _____ are _____ decreasing their _____ and _____ garbage?

Who leads _____ emissions, waste, _____?

_____ companies do _____ to slash _____ waste?

_____ industries are the _____ reducing carbon, _____ use?

_____ companies _____ down _____ waste _____ use?

Which _____ better at _____ and _____?

_____ sectors _____ waste and consumption?

What _____ carbon, waste and resource _____?

_____ can cut _____ waste, and _____?

Name _____ that _____ waste, _____ resources.

_____ industries are _____ to reduce _____ waste _____ resource consumption?

_____ ones _____ reducing emissions and _____?

Which industries can _____ carbon _____?

What _____ the _____ that _____ leading _____ decreasing carbon, _____ resource _____?

Which _____ are _____ best _____ decreasing carbon _____ and _____ generation?

_____ in minimizing _____ and resources?

_____ industries _____ reducing carbon footprints?

_____ can make _____ largest reductions in _____ gasses, waste _____ resource _____.

Which _____ the best _____ CO2 _____ waste?

Which _____ reduce _____ output and use resources _____?

Is there any _____ that leads _____ reducing _____ use?

_____ well in _____ waste _____ resource usage?

What _____ are _____ best _____ waste and resources?
 _____ industries can do the _____ reduce _____ gasses, waste _____ consumption?
 _____ industries _____ decreasing carbon, _____ resource use?
 How _____ industries _____ curb _____ waste, _____?
 _____ industries reduce carbon _____ waste _____ resource use _____?
 Who _____ in _____ and use _____ resources?
 Which fields help _____ waste, _____?
 What _____ CO2 and _____?
 _____ minimize carbon _____ waste output, _____ use _____ most _____?
 Which industries efficiently _____ carbon emissions, _____ resources?
 What industries _____ at _____ environmental impact?
 Is there _____ is _____ in cutting _____ impact?
 What _____ do best _____ cutting _____ resource _____?
 Which _____ benchmarks for _____ carbon emissions, _____ use _____ resources?
 What _____ lower their _____?
 _____ best at controlling _____ waste or _____?
 Businesses _____ best at _____ CO2, _____ and _____.
 _____ do a _____ job _____ emissions and waste?
 Which _____ cut carbon, _____ resource _____?
 Is there a _____ lower CO2, _____ and _____?
 _____ cut emissions, waste, and _____?
 _____ industries are _____ cutting emissions _____ wasting _____?
 What sectors _____ the _____ cutting _____ waste and _____?
 _____ does the _____ in _____ and resource _____?
 Which _____ are best _____ carbon _____ issues?
 _____ industries _____ carbon _____ and waste _____ most?
 _____ industries _____ in _____ carbon, waste _____?
 Which _____ in cutting emissions, rubbish, and _____?
 Is there an _____ lower _____?
 Which _____ set a benchmark for _____ of resources?
 Which _____ help _____ and resource _____?
 Which _____ impact?
 _____ best at _____ emissions _____ resource use?
 _____ industries can _____ the most greenhouse _____ waste generation _____?
 Which industries can _____ most greenhouse _____ waste _____ consumption?
 _____ the _____ at reducing _____ and resource usage?
 Which industries _____ footprint _____?
 Which industries minimize carbon emissions, _____ output _____?
 _____ know how companies _____ by cutting _____ waste?
 _____ industries _____ are good at _____ pollution?
 _____ minimize carbon _____ waste generation and _____?
 Which _____ carbon footprint _____ most?
 _____ reduce pollution and _____?
 What _____ do _____ in _____ emissions, _____ generation, and _____ consumption?
 _____ make _____ biggest reductions _____ greenhouse gasses, _____ resource consumption?
 _____ industries are cutting _____ resources?
 What _____ do _____ shrink carbon, _____ and resource _____?
 _____ industries are _____ emissions _____ resources?
 Which _____ can actually cut _____?
 Who _____ and Resource use?

Which sectors are _____ the _____ decreasing _____ emissions _____?

_____ reduce waste, carbon, _____ use?

What industries _____ the most _____ in _____ and _____?

Who _____ in cutting _____ and _____?

industries _____ environmental _____?

_____ sectors are _____ CO2, _____ and _____ best?

Which _____ carbon _____ waste output and _____ of _____?

What _____ in cutting _____ resource usage.

Which industries can make _____ largest _____ gasses, waste _____ and _____?

_____ industries can _____ the best?

What industries _____ practices?

Which _____ able _____ emissions and _____?

What _____ less CO2, _____ and _____?

What _____ doing well for _____?

Which _____ on _____ or waste?

Which _____ minimize _____ emissions, waste _____ use _____ efficiently?

Which businesses _____ at cutting _____ and resource _____?

_____ do _____ cutting emissions, _____ and resources?

_____ that _____ minimizing CO2 _____?

_____ industries _____ in minimizing CO2 _____ or _____ resources?

Which _____ at _____ their carbon _____?

_____ emissions, waste, and resources?

Which _____ use _____ resources, and _____?

_____ industries have the highest reduction _____ waste _____ and _____?

_____ to reduce carbon footprint?

_____ industries _____ emissions, waste, _____?

Which _____ effectively _____ and resources?

What _____ do well _____ waste, _____ resources?

_____ sectors _____ most to _____ waste, _____ resources?

How about _____ that _____ resources?

_____ businesses are _____ at _____ CO2, _____ and resource _____?

Which industries _____ cut _____ waste, _____?

What _____ can _____ waste _____ resource use _____ most?

What _____ involved _____ decreasing _____ and _____ use?

What _____ reduce carbon _____ resources?

Some _____ curb _____ waste, _____ resources _____.

_____ reduces _____ footprint _____ most?

Which companies _____ CO2 and _____?

_____ do the best at _____ waste, and _____?

Which _____ are best at _____ CO2, _____ use?

_____ in cutting carbon emissions?

_____ sectors _____ best _____ carbon emissions, _____ generation, and _____ consumption?

Which _____ reduces _____ best?

_____ do you _____ minimizing CO2 discharge?

Which _____ and waste _____ most?

Which _____ do _____ emissions, waste, and _____?

What _____ set _____ reducing carbon emissions, _____ the _____ of resources?

_____ industries affect pollution, _____ making _____ cut down _____ resources?

_____ their best _____ emissions, waste and resources?

_____ are the _____ lower _____ impact?

_____ industries set _____ for _____ emissions, _____ output, and _____ resources?

Which _____ set benchmarks for _____ carbon _____ output, _____ of _____?

_____ are _____ reducing _____ and waste?

Which _____ do _____ best _____ cutting emissions, _____ and _____?

What _____ best _____ to _____ CO₂, _____ resource use.

What industries are _____ carbon, _____ resource use?

_____ cut _____ waste and resource use?

What _____ some _____ are _____ pollution and waste?

_____ do well _____ cutting _____ rubbish, and _____?

Which fields help _____ waste, _____?

_____ carbon emissions, waste _____ and use _____ most?

_____ sectors do _____ best at _____ carbon _____ waste _____ and _____?

Which _____ shrink _____ waste and _____?

_____ reduce _____ waste _____ resource consumption?

_____ on carbon footprint?

What industries _____ in reducing _____ emissions while _____?

There are industries _____ good at _____.

_____ to _____ reduction _____ carbon, waste and _____ use?

_____ industries are _____?

_____ sectors do _____ best at cutting _____ and _____?

Which _____ are best _____.

Which _____ the ability _____ and waste?

_____ industries minimize carbon emissions, _____ and use _____?

_____ to decreasing _____ waste, and _____ use?

_____ industries _____ make _____ biggest reductions for greenhouse gasses, _____ and _____?

_____ industries _____ way _____ carbon emissions while saving resources?

_____ save _____ most carbon, _____ and _____?

Which sectors _____ the _____ cut emissions, _____ consumption?

_____ industries _____ carbon, _____ resource use?

_____ sectors do well in _____ and _____?

_____ can cut CO₂, waste _____?

What _____ are _____ at _____ carbon _____ waste _____ and _____ consumption?

_____ you know what areas excel at _____ down _____?

_____ proficient _____ reducing carbon _____ trash production, _____ use?

_____ industries _____ reduce pollution?

_____ industries cut _____ and resource _____ most?

_____ businesses _____ best _____ reducing _____ waste and _____ use?

_____ lower _____ or waste?

Which sectors _____ in carbon _____ and resource consumption?

_____ sectors are responsible _____ carbon emissions, _____ and _____ consumption?

Which industries _____ benchmark _____ reducing carbon _____ and resources?

Which _____ cut _____ waste, and _____ most?

Which _____ emissions, waste and _____?

Any sectors _____ reducing carbon _____?

What _____ do _____ carbon, _____ and consumption?

_____ industries _____ carbon emissions, _____ and _____ consumption?

_____ the largest _____ in greenhouse gasses, _____ generation, and _____?

_____ industries reduce _____ while reducing _____?

_____ have _____ reductions in greenhouse _____ generation, and _____ consumption?

Which _____ cut _____ the best?

Which _____ are _____ cutting _____ waste, _____ resource use?

Is there _____ company _____ thrives by _____ levels _____ waste?

_____ are best _____ waste _____?

What _____ reduce _____ impact _____ the _____?

_____ industries _____ their carbon footprint _____?

_____ industries _____ best at cutting carbon _____ waste generation, _____ _____?

Which _____ at _____ carbon emissions, _____ resource usage?

_____ is _____ minimizing emissions and _____?

_____ sectors _____ cutting _____ most _____ and _____?

_____ you _____ me _____ industries reduce emissions, _____ and _____?

_____ industries _____ and _____ less trash?

Does _____ carbon and reducing waste?

Who has _____ at _____ waste, and _____?

What industries _____?

_____ are _____ at _____ emissions, _____ and resources?

Which _____ production and _____ emissions?

Which industries _____ carbon _____?

_____ sectors _____ CO2, _____ resources?

What _____ decrease pollution, reduce trash, _____ resources?

_____ companies do _____ to _____ CO2, waste, and _____?

What industries _____ to _____ carbon, waste _____ resource _____?

_____ well in _____ resource use?

_____ excelled _____ downsizing _____ and _____?

Which _____ footprint _____ greatest?

_____ sector _____ and resources?

_____ industries set benchmark by _____ carbon _____ use of resources?

Which _____ excel _____ waste issues?

Which sectors do _____ at _____ and _____?

Any sectors _____ carbon and _____?

_____ businesses are _____ cutting CO2, _____ and _____ use?

What _____ are _____ well _____ reducing _____ and resource _____?

Which industries _____ good _____ cutting _____ waste, _____?

_____ are _____ for _____ emissions, waste _____ resources?

Which _____ can make _____ reductions _____ greenhouse _____ waste generation?

_____ carbon emissions and waste?

_____ to _____ emissions, waste and resources?

Who is the _____ to _____ production and _____ use?

Any industries that _____ environmental _____?

_____ leads _____ carbon, _____ and resource use?

Which _____ is cutting _____ waste production _____ resource _____?

_____ reduce waste _____ resource _____?

Which industries _____ carbon emissions _____ most?

_____ sector is _____ at _____ carbon _____ generation _____ resource consumption?

_____ cut carbon, waste, and _____ most?

What businesses _____ best at reducing _____ and _____?

_____ to reduce pollution _____ waste?

Which industries really _____ emissions, _____ and _____?

Which areas _____ well _____ carbon/ _____?

_____ industries _____ good _____ pollution and _____?

What _____ reduce CO2, _____ use?

_____ industries _____ best _____ of making the biggest reductions _____ gasses, waste _____ consumption?

Which _____ sets benchmark _____ effectively minimizing _____ emissions, _____ the use _____?

_____ carbon emissions, _____ output and _____?

What _____ reduce _____ and resources _____?

Which sectors _____ cutting _____ and _____?

What _____ can _____ carbon, _____ consume the _____?

_____ sectors that decrease carbon _____ resource consumption.

Is there a sector _____ does _____ waste issues?

Which industries _____ reducing _____ emissions, _____ generation, _____ resources?

What _____ can shrink _____ waste _____ resource _____ the _____?

What are _____ and waste?

_____ actually do _____ cutting carbon emissions, waste and _____?

_____ know industries _____ reduce _____ and _____?

Which _____ cut _____?

Which sectors _____ waste _____ the _____?

What industries are reducing _____ less _____?

_____ best _____ curtailing emissions, waste and _____?

Is there _____ emissions, waste and _____?

_____ industries can _____ greenhouse _____ most?

_____ industries _____ emissions, waste, _____?

Which industries reduce carbon _____ use the _____?

What are the industries _____ do _____?

Which _____ cut _____ most _____ and _____?

Which _____ pollution?

_____ emissions, waste, and _____ best?

Who _____ emissions, waste _____ resource _____?

_____ industries lower _____ waste and resources?

_____ sectors do _____ best _____ emissions and _____?

Which industries help cut _____?

Which _____ footprint?

_____ are _____ to reduce CO2, waste and _____?

_____ you name industries that _____?

Are there _____ focus _____ decreasing _____ waste generation?

_____ save carbon, waste _____?

_____ ones _____ at _____ emissions _____ footprints?

_____ industries _____ reduce _____ and _____ use?

_____ industries _____ lower _____ and resources?

Which _____ the _____ at _____ emissions, rubbish _____ consumption?

What _____ you prefer to curb _____ and _____?

_____ industries _____ are effective for eco-friendly _____?

Which _____ cutting emissions, rubbish and _____?

_____ excel in _____ CO2 and _____?

Which _____ at reducing carbon _____?

_____ industries _____ at cutting _____ and _____?

What sectors _____ well in _____ waste generation, _____ resource _____?

_____ reduce _____ trash making, _____ cut down on resources?

_____ industries are _____ emissions _____ waste?

_____ are _____ at _____ waste and _____?

Which _____ benchmark by _____ and minimizing _____ emissions?

Any businesses _____ at minimising _____?

Which industries _____ by using _____ minimizing _____?

_____ sectors do better _____ waste, and _____?

_____ industries _____ for emissions _____ waste?

Which sectors _____ reducing carbon, waste, _____?

Which sectors reduce _____ the _____?

Which _____ reducing carbon and _____ waste?

Who excelled at downsizing _____?

What _____ are _____ carbon footprint _____ limiting garbage?

_____ about _____ that _____ and _____ issues?

What sectors _____ at _____ carbon, _____ consumption?

Who has _____ at _____ emissions, _____ resource needs?

Reducing _____ waste, _____ consumption is _____ some _____ at.

_____ industries _____ carbon footprint _____?

_____ reduce trash _____ and cut _____ on resources?

_____ sectors _____ cut _____ waste and _____?

_____ reduced greenhouse gasses?

_____ industries are _____ in reducing waste _____?

_____ fields are _____ waste and resource usage?

What _____ excel at _____ waste _____ and _____ consumption?

_____ industries cut CO2, _____ resources _____?

What _____ reduce _____ of waste?

_____ industries _____ to reduce carbon, _____ resources?

_____ industries are _____ reducing carbon _____ and _____ generation?

What industries are leading _____ reducing _____ waste _____?

Who _____ top _____ diminishing _____ waste _____ resource _____?

What industry _____ out _____?

_____ saving CO2, waste, and resources?

_____ industries _____ best _____ reducing _____ emissions?

Which _____ save resources, _____ waste?

What industries _____ waste?

Which _____ excel at _____ waste, _____?

_____ industries _____ biggest _____ in greenhouse gasses, waste _____ and resource _____?

Do _____ cutting _____ and waste?

How _____ sectors _____ carbon emissions, _____ resource consumption?

_____ at reducing emissions and _____?

Which industries do their _____ reduce _____ emissions _____?

_____ industries are _____ for _____ resources?

Which sectors _____ cut _____ and _____?

Which _____ do _____ best to _____ waste, _____ resource _____?

_____ industries _____ emissions and waste?

_____ about industries that _____ CO2 _____ waste _____?

_____ industries _____ to _____ carbon, waste and _____ use?

What _____ shrink _____ and resource _____?

What _____ reducing carbon _____ and waste production?

_____ industries excel _____ waste _____ resource consumption?

Which sectors _____ reducing _____ and consumption?

Which industries _____ the _____ amount _____ carbon, waste, _____?

How _____ sectors _____ reduce carbon _____?

For effective _____ industries _____ out?

Which _____ you think _____ emissions?

Do any _____ stand out _____ carbon _____?

_____ is tops in _____ waste _____?

_____ carbon, _____ and consumption _____ best?

What _____ are _____ at _____ waste and _____?

_____ best _____ decreasing carbon _____ and waste?

_____ are _____ to _____ waste and CO2?

_____ industries _____ good at cutting _____?

Are _____ industries that _____ or _____?

_____ are _____ best _____ to reduce _____ waste, and _____?

Which _____ cutting carbon, _____ and _____ use?

Which _____ emissions, _____ best?

_____ do _____ in saving _____ waste _____ resources?

_____ industries _____ leading the _____ in _____ carbon emissions while _____?

_____ companies _____ best in _____ and resource _____?

What _____ do you _____ in _____ practices?

_____ there an _____ has lower _____ waste, _____ resources?

Do you _____ what industries _____ eco-friendly _____?

_____ sectors are _____ at _____ emissions _____?

Which _____ cut _____ the best?

_____ industries set _____ waste output and use of _____?

_____ save _____ most money on _____ emissions, waste, _____?

_____ sectors _____ carbon _____ waste generation, and _____ consumption _____?

_____ leads in reducing emissions, _____ resources?

What businesses do _____ to _____ CO2, _____ use?

_____ businesses _____ waste and _____ the best?

Which _____ waste?

_____ industries do you _____ in eco-friendly _____?

Which _____ reduce carbon footprint _____?

Any sectors that _____ doing _____ of _____ carbon and _____?

_____ at reducing CO2, waste _____ use.

What are _____ industries that _____ pollution, _____ waste?

What industries _____ and use _____?

_____ can _____ carbon, waste _____ resources?

_____ companies do their _____ cut _____ and resource _____?

_____ industries are decreasing _____ emissions _____?

_____ know which areas excel at cutting down _____?

_____ sectors shine _____ cut carbon _____?

What _____ CO2, waste, and resource _____?

Which businesses _____ best at _____ and resource _____?

_____ the greatest reductions in _____ generation, and resource consumption?

What _____ do they _____ in _____?

_____ help _____ carbon _____ waste production, and resource _____?

_____ you _____ any _____ at cutting _____ on carbon, waste, and _____?

Any industries that _____ pollution?

What industries do the _____ shrink _____ use?

What _____ reduce pollution, _____ resources?

There _____ businesses _____ best at lowering CO2, waste _____.

Which industries _____ effectively _____ carbon emissions, _____ and resources?

_____ you _____ which industries _____ waste, or _____?

Which _____ are _____ emissions, rubbish, _____ consumption?

_____ are best at reducing _____?

Which _____ are _____ cutting waste _____?

_____ are best at reducing carbon emissions, _____ generation, _____?

_____ their carbon footprints the _____?

Which industries do _____ think _____ resource use?

_____ sectors can _____ waste, and _____?

What industries _____ the best _____?

Which sectors _____ the _____ waste or _____?

Which _____ the best in _____ rubbish, and _____?

Which sectors are _____ at _____ rubbish _____?

_____ help _____ cutting _____ and resources?

_____ there _____ sectors _____ excel _____ reducing waste and _____?

Which industries reduce carbon _____ waste _____?

Is there _____ best _____ carbon and waste _____?

Which _____ while using less resources?

_____ reduce emissions, waste, _____ resources?

Do _____ companies _____ by reducing pollution _____ waste?

_____ sectors _____ emissions, _____ consumption the _____?

_____ does _____ in _____ emissions and _____?

_____ are best _____ decreasing _____ and _____?

Which _____ emissions, _____ or _____?

_____ sectors that do _____ job of _____ carbon _____?

_____ industries _____ emissions, waste, _____?

Which _____ are _____ best at _____ and _____?

_____ there a sector _____ succeeding _____ reducing their _____?

_____ carbon emissions, _____ output _____ resources more effectively?

What sectors are _____ and waste?

What _____ best _____ carbon emissions, waste _____ resource consumption?

_____ best business _____ CO2, waste and _____ use?

Any sectors _____ are _____ at _____ waste _____?

What _____ industries _____ to _____ and resources?

_____ industries lead in _____?

Which _____ the most _____ decrease carbon emissions, _____ resource _____?

_____ make the most _____ in _____ gasses, waste _____ resources?

What _____ the most _____ carbon, waste and _____?

Which industry _____ eco-friendly _____?

_____ do _____ curb _____ waste, _____ resources _____ best?

_____ is _____ emissions, _____ and resource needs?

What _____ reducing _____ and consumption?

_____ industries that reduce _____ discharge _____ resources?

_____ ones do _____ think excel _____ resource use?

_____ can make the greatest _____ in greenhouse _____ generation _____ resource _____?

_____ industries _____ successful eco-friendly _____?

_____ impact pollution, reduce trash making, _____ resources?

How _____ sectors _____ CO2, _____ and _____?

Which sectors help _____ waste generation, _____ consumption?

Which sectors _____ rubbish _____?

Which _____ are responsible _____ decreasing _____ waste generation _____ consumption?

_____ excel in _____ CO2 discharge _____ resources?

_____ industries are the best at _____ CO2, _____?

Which sectors _____ best _____ cutting _____ waste _____ consumption?

Which _____ can _____ waste and _____?

What industries _____ think _____ the _____ eco-friendly _____?

What _____ the _____ at eco-friendly _____?

_____ businesses _____ lower _____ waste _____ resource use _____ best?

_____ at cutting _____ and rubbish?

_____ best in _____ carbon/waste?

_____ industries _____ decrease _____ footprint?

Which _____ the _____ CO2, waste and _____?

Which industries _____ have the most _____ practices?

_____ you _____ which areas excel _____ down _____ carbon/waste/ _____?

Which _____ cut _____ rubbish, _____?

Which _____ and consume?

_____ industries curb _____ resources best.

Which _____ emissions, _____ resources?

_____ can _____ the _____ reductions _____ greenhouse gasses, waste _____ resource _____?

_____ reduce carbon emissions _____ also _____?

_____ have _____ in _____ and waste?

_____ sectors do _____ job _____ rubbish, and consumption?

Which _____ reduce _____ reduce _____ down on waste?

_____ is the top _____ cutting _____ and _____ needs?

_____ sectors _____ doing well in reducing carbon, _____?

Which sectors _____ their _____ reduce carbon, waste _____?

_____ the sectors _____ well by _____ and _____ waste?

_____ benchmark _____ effectively decreasing _____ emissions, waste output, and use _____?

_____ industry _____ gas levels _____ sustainable _____?

What _____ pollution, _____ cut _____ on the amount _____?

Which _____ the biggest reductions _____ gasses, _____ generation, and _____?

Which _____ waste, carbon, _____ well?

Which _____ emissions, _____ resources?

_____ are able to _____?

Which industries do _____ best _____ waste and _____ resources?

Who _____ best _____ minimizing emissions and _____?

_____ footprints the most?

What industries can _____?

_____ are _____ to reduce _____ and _____?

_____ industries _____ make the biggest reductions _____ and _____ consumption?

_____ are _____ in cutting _____ and _____?

_____ cut CO2, _____ and _____ usage?

Which _____ best at reducing _____ waste generation, _____ resource _____?

industries _____ harm

What _____ excel _____ cutting _____ on _____ and _____?

_____ sectors _____ the most _____ waste _____ and resource consumption?

_____ sectors have _____ reducing _____ and _____ issues?

_____ industries _____ able to _____ carbon emissions _____?

_____ cut CO2, _____ and _____?

_____ do _____ minimizing carbon footprint?

_____ carbon, waste, _____ consumption _____ the _____ excel at.

_____ decrease _____ impact the best?

_____ an industries that lower _____?

_____ industries _____ to the reduction of _____ waste _____ ?
 _____ businesses _____ in _____ environmental _____ ?
 _____ industries do _____ best _____ footprint?
 _____ industries help _____ make less _____ and _____ less _____ ?
 _____ sectors do _____ and rubbish?
 _____ best for reducing emissions, _____ resources?
 _____ industries _____ waste and _____ the most?
 _____ do well _____ reducing _____ carbon _____ ?
 Any _____ CO2 _____ or _____ of resources?
 What industries _____ use?
 _____ can _____ industries _____ emissions, _____ and _____ ?
 _____ carbon, waste, _____ resources effectively?
 Any industries that can _____ of resources?
 _____ use less carbon, _____ resource?
 What _____ good _____ CO2 _____ waste?
 _____ industries can _____ the _____ gasses, waste generation, and _____ ?
 _____ sectors _____ to decrease carbon emissions, _____ and resource _____ ?
 Which _____ are _____ the forefront _____ cutting _____ and _____ ?
 What _____ reduce _____ and _____ ?
 Which _____ do _____ best _____ cutting emissions, waste _____ ?
 _____ industries have the _____ in greenhouse _____ waste _____ and _____ ?
 _____ industries _____ cut emissions, _____ resources?
 Name _____ that _____ waste, _____ resources.
 _____ sectors _____ at decreasing _____ and waste generation?
 Which _____ at cutting _____ and resources?
 _____ industries are _____ managing _____ and _____ ?
 _____ emissions and waste.
 _____ excel in minimizing CO2 _____ or wasting _____ ?
 Which _____ waste generation, and _____ ?
 Which _____ cut _____ waste _____ save _____ ?
 Which _____ and waste?
 Which _____ cut emissions or _____ ?
 Which industries _____ the _____ and _____ ?
 Which _____ resources well?
 Do sectors that _____ carbon _____ perform _____ ?
 Which ones _____ lowering emissions, _____ and _____ ?
 Which industries minimize _____ use _____ ?
 _____ leading in decreasing carbon, waste _____ resource _____ ?
 _____ best _____ carbon _____ trash production and resource use?
 What _____ do they _____ at _____ ?
 _____ industries are _____ at _____ emissions, _____ resources?
 _____ a _____ succeeding in decreasing their environmental _____ ?
 Which _____ can make the greatest _____ greenhouse _____ waste _____ consumption?
 _____ sectors can _____ carbon emissions, _____ generation and _____ ?
 What _____ the _____ decreasing _____ waste and _____ use?
 _____ able to minimize _____ and _____ ?
 _____ know what areas excel at _____ on _____ ?
 _____ is _____ at _____ emissions, _____ and resource _____ ?
 _____ their _____ to _____ their carbon footprint?
 _____ help minimize carbon _____ waste output and _____ ?

_____ industries _____ the most _____ reduce _____ waste?

_____ industries _____ resources _____ cut _____ emissions?

_____ are the best _____ emissions _____ waste?

_____ waste _____ resources the best?

What _____ decreasing carbon use?

Which industries have _____ reductions _____ generation and _____ consumption?

Which _____ save the most _____ waste generation _____?

_____ industries _____ emissions, _____ the best?

_____ industries _____ most to cut _____ and _____?

What _____ excel _____ footprint?

_____ industries cut _____ waste, _____ resource _____.

_____ companies do their _____ CO2 and _____?

_____ best _____ decreasing _____ waste and resource needs?

_____ are _____ best _____ decreasing waste and _____ use?

_____ sectors _____ carbon _____ waste?

_____ greenhouse gasses, waste generation, _____ resource _____ the most?

_____ at reducing _____ footprint.

Which fields are _____ emissions, _____ and _____?

_____ industries lead _____ in reducing _____ saving resources?

_____ industries try _____ minimize _____ emissions, _____ output and _____?

_____ in _____ carbon and _____ issues?

_____ have _____ largest decreases in carbon _____ and resource _____?

What _____ while also reducing _____?

Which _____ the most _____ waste and resources?

Which industries _____ to _____ waste _____ save resources?

_____ industries lead in _____ carbon, _____ use?

_____ industries _____ reduce carbon _____?

_____ industries reduce _____ reduce trash making _____ down _____?

Which industries cut _____ carbon _____?

What industries are _____ likely _____ carbon, _____ and resource _____?

What industries do _____ eco-friendly practices?

Which _____ cut emissions, _____ well?

_____ the _____ cutting emissions and resource _____?

What _____ at _____ carbon, _____ consumption?

What industries _____ well _____ CO2 _____ wasting resources?

_____ industries are _____ reducing _____ footprint?

_____ industries _____ down on _____ and _____?

_____ waste generation _____ carbon emissions the _____?

Who _____ the _____ downsizing emissions _____ waste footprints?

Which sectors _____ able _____ emissions, waste generation and _____?

_____ can lead in _____ and resource _____?

_____ fields can _____ waste and _____?

_____ are _____ decreasing carbon _____ waste _____ and resource consumption?

_____ any _____ excel in _____ CO2 _____ waste of _____?

Which _____ do best _____ decreasing carbon emissions, _____ generation _____?

_____ can make _____ biggest reductions _____ greenhouse gasses, _____ generation, _____ resource _____?

_____ industries _____ reducing CO2 _____ or waste of _____?

_____ industries _____ in eco-friendly practices?

_____ help cut _____ waste _____ resources?

_____ you _____ of _____ emissions or waste?

_____ can _____ CO2, waste, and _____?

_____ ones excel in _____ resources?

Which _____ has _____ decrease in _____ emissions, _____ generation, and _____?

_____ lower _____ reduce _____ and cut down _____ resources?

_____ industries _____ to _____ waste and _____ use?

_____ through _____ operations? Which industry?

Which _____ are best _____ resources?

Which _____ have _____ decreasing _____ emissions, _____ generation and resource consumption?

_____ are able _____ carbon?

Which _____ are the best _____ carbon emissions, _____ and _____?

_____ you think do the _____ eco-friendly _____?

Which _____ can _____ carbon _____?

_____ can _____ carbon, waste _____ use?

How about _____ emissions _____ waste?

_____ industries _____ cut _____ waste and _____ resources?

What industries do _____ discharge or _____ resources?

Are _____ by cutting _____ levels?

There _____ reduce CO2 _____ or _____ of resources.

_____ industries actually _____ waste and _____?

_____ industries _____ emissions, waste, _____?

Which businesses did _____ environmental _____?

Which sectors help _____ carbon emissions, _____ consumption?

Who _____ decreasing emissions, waste and _____ use?

Can you _____ any _____ excel _____ cutting down on _____ carbon?

Which _____ mitigated _____ levels?

_____ combat _____ reduce trash _____ cut down on _____?

_____ industries can _____ the largest _____ greenhouse gasses, _____ generation, _____ Resource _____?

_____ are _____ at _____ practices?

Which _____ good _____ waste and resource use?

_____ shine because of _____ carbon _____ waste?

Which industries _____ carbon _____ most and use _____?

Is there a _____ that _____ cutting _____ and _____?

Which _____ cut emissions, _____ and _____.

Which industries excel _____?

Which industries _____ and _____ use?

_____ that _____ carbon and reduce _____ perform well?

Which _____ have _____ lower _____?

Is there an industries _____ lowers _____?

Which _____ their _____ and _____?

_____ reduce carbon emissions, _____ resource usage?

Which industries _____ cut carbon _____ and saving resources _____?

_____ can do better _____ and carbon?

Who _____ tops _____ emissions, waste _____ needs?

Which _____ best _____ cutting _____ waste?

Which _____ output, and the use _____ resources?

Which industries _____ carbon _____ and _____?

_____ if any sectors excel _____ carbon _____ waste issues?

Which industries _____ their _____?

What _____ have _____ at _____ carbon _____ waste generation, _____ consumption?

_____ best at reducing carbon _____ generation, and resource _____?

_____ do _____ in fighting pollution?

_____ that cut _____ most _____ waste and _____?

Which ones _____ you _____ excel _____ & wastage _____?

What _____ do _____ best in cutting _____ usage?

What _____ trash making, _____ down on resources?

Do sectors _____ cut _____ reduce _____ fare _____?

_____ sectors that cut carbon _____ reduce _____?

Any industries _____ excel _____ CO2 discharge _____ resources?

Who _____ decreasing _____ waste, _____ use?

_____ sectors cut _____ and _____?

_____ do _____ job of cutting _____ and waste?

_____ do _____ decreasing _____ emissions, waste _____ and resource consumption?

_____ industries _____ to decreased carbon, _____ resource _____?

_____ there _____ sector that can reduce _____ consumption?

_____ triumph _____ emissions and resources?

Which industries _____ most _____ carbon _____ waste?

Which sectors _____ cut _____ and _____?

_____ excel _____ reducing carbon _____ generation and _____ consumption?

_____ do you think _____ good for _____?

_____ cut carbon, waste, and _____ the _____?

What _____ pollution and _____?

_____ are good at _____ output, _____ and _____ use?

Is there any _____ leads _____ decreasing _____ and _____ use?

_____ that _____ saving the environment?

What industries _____ waste, and _____?

What _____ emissions, _____ and _____ use?

_____ lower emissions, waste, and resources?

Which sectors _____ the best _____ carbon emissions, _____ generation _____ resource _____?

_____ know _____ industries _____ and waste?

Which sectors _____ CO2, waste, and resources?

Which _____ cutting carbon _____ and _____?

_____ cut emissions and _____?

_____ do best in _____ and resource usage?

What industries curb _____ reduce trash, and _____?

Which _____ best _____ their carbon footprint?

What _____ are the _____ at reducing _____ waste _____ consumption?

There _____ that reduce carbon _____ waste _____ and _____.

_____ good at reducing _____ waste, and _____?

Which _____ cut emissions _____ the _____?

_____ industries _____ decreasing waste _____ and _____?

Which industries _____ emissions _____ resources?

_____ industries _____ best _____ practices?

What businesses are best _____ resource _____?

_____ sectors _____ cutting _____ rubbish and _____?

_____ are best at _____ generation and carbon _____?

_____ reduce _____ waste, _____ consumption.

What _____ are _____ in _____ carbon, waste, _____ resource _____?

_____ excel at cutting _____ consumption?

_____ does the _____ emissions and resource _____?

Which industries _____ carbon, and _____ best?

_____ sectors that _____ reducing carbon _____ issues?

What _____ do their best to _____ carbon _____ waste _____?

Which _____ help cut _____ and _____?

Any _____ that _____ excelled _____ minimizing _____?

What _____ cutting carbon emissions?

What industries lower _____ the _____?

Which _____ can _____ the most greenhouse _____ and _____ consumption?

_____ industries excel _____ reduction?

Which _____ can minimize _____ most?

Which _____ are _____ most _____ cutting CO2 _____ waste?

_____ sectors _____ involved in _____ CO2, waste _____?

_____ at reducing carbon, _____ generation?

Which sectors _____ reductions in carbon _____ resource consumption?

_____ industries are _____ at reducing _____?

_____ in decreasing emissions, _____ and _____?

Which _____ minimize carbon _____?

Which _____ resources and _____ carbon _____ most?

_____ carbon, _____ and resources well?

There are _____ lower _____ waste, and _____ use.

_____ environmental impact the _____?

Which industries _____ benchmark by _____ and the use _____ resources?

Which _____ cut emissions, _____?

What _____ can reduce carbon, waste, and _____?

_____ help _____ emissions and waste?

_____ are _____ efficient in reducing _____?

_____ will lower _____ waste, _____ resources?

_____ industries _____ carbon emissions, waste generation, and _____?

Are there _____ industries _____ lower emissions, _____?

_____ leads in lowering _____ resource use?

Which _____ resources, cut _____ waste?

_____ reduce _____ carbon and _____ use?

_____ industries _____ benchmark by _____ and minimizing _____?

_____ industries _____ waste _____ emissions, and _____ resources?

_____ are _____ at reducing _____ waste generation and resource _____?

Which industries use _____ carbon, _____?

Who _____ cutting emissions, _____ resource needs?

Which sectors do well _____ reducing _____ emissions, waste _____?

_____ lead _____ reducing _____ and waste?

_____ set _____ carbon _____ waste output _____ use of resources?

Which sectors _____ at _____ emissions, rubbish, _____?

Which _____ lead _____ cutting _____ on _____?

Which sectors _____ pollution?

What businesses _____ waste and _____?

_____ reduce carbon emissions, waste _____ to set benchmark?

How _____ lower CO2, _____ and _____?

Do _____ excel by _____ and _____?

Which _____ waste, resources?

What industries do _____ to _____?

_____ best at reducing _____ waste _____ and resource consumption?

_____ are the best at _____?

_____ are _____ industries for _____ practices?

_____ industries _____ well _____ pollution?

Which _____ excel in reducing carbon _____ waste _____?

_____ excel in cutting _____ resources?

_____ strive to minimize carbon emissions, _____ use _____ resources?

Which industries _____ good _____ reducing _____?

Which _____ do _____ cutting carbon emissions, _____ and _____ resources?

What industries are at the _____ of _____ and _____?

_____ sectors _____ you _____ in reducing _____ and carbon?

Which _____ able _____ emissions _____ waste?

_____ industries _____ you think _____ at _____ practices?

_____ make _____ minimize carbon _____ waste output and _____ resources?

_____ industries will cut _____ waste _____?

Which industries _____ at cutting carbon, _____?

_____ excel in reducing _____ and _____ issues?

_____ industries _____ and waste?

Which industries _____ and _____ emissions?

_____ fields can cut _____ resources?

_____ excel at cutting _____ waste _____ usage?
