

[Demo] NLP Dataset for Customer Service Automation

Company Type	Internet Service Providers
Inquiry Category	Network equipment recommendations and compatibility
Inquiry Sub-Category	IoT device connectivity
Description	Customers interested in connecting smart home devices or Internet of Things (IoT) devices may seek advice on routers or modems that support the necessary protocols and provide a secure and reliable connection for their devices.
Data Size	5,076 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Internet Service Provider" customer inquiry. (Purchased data will not be masked.)

Are _____ network _____ options for _____ traffic _____ sensors in an IoT _____?

Is there _____ manage data from diverse _____ connected sensors?

_____ make the most of internet-enabled _____ data?

Do _____ priority to the internet _____ things?

_____ is a question about _____ recommendation _____ prioritize traffic _____ sensors.

_____ components _____ the flow _____ signals from _____ Internet-based _____ should _____.

Any suggestions _____ will give _____ to sensor information?

_____ gear that you _____ to prioritize sensor _____?

_____ to prioritize _____ data _____ internet-enabled sensor are needed.

Can _____ used to _____ from internet _____ sensors?

Recommendations for _____ from the _____?

_____ you have _____ on how _____ internet-connected sensors?

Suggestions on network _____ give _____ to sensor _____ across my _____ of _____?

Do you have any _____ on how _____ sensor _____ things?

_____ recommendation _____ prioritize internet connected sensor data flows?

_____ for network _____ prioritize my internet _____ Things _____?

_____ there any _____ equipment _____ that will help prioritize _____ from _____?

Does there _____ a recommendation _____ equipment to _____ from _____?

Recommendations _____ networking _____ to _____ sensor data _____.

I _____ to _____ any _____ that prioritize traffic from _____ internet- _____ devices.

_____ gear would help give _____ internet-enabled sensor _____?

The _____ traffic _____ for the _____ things?

Do _____ any network equipment _____ the internet _____ at the _____ of _____ priority _____?

Is it _____ get expert advice _____ network _____ choices that _____ us _____ prioritize _____ theIoT?

_____ to prioritize traffic _____ internet _____?

_____ you recommend _____ equipment that _____ to traffic _____ sensors?

_____ of any _____ equipment _____ would give precedence _____ traffic from _____?

_____ for giving _____ to _____ sensor data in an _____ things system?

_____ network gear should _____ to give priority _____ internet-enabled sensor data _____ an _____ ?

_____ network equipment to _____ my sensor _____ ?

Recommendations _____ internet connected sensor _____ ?

Is there _____ networking equipment _____ for _____ precedence _____ from _____ Internet-linked sensors?

_____ it possible to _____ network equipment _____ traffic _____ ?

Any suggestions _____ to prioritize _____ internet _____ sensor _____ ?

What _____ you recommend that _____ internet-enabled sensor data?

_____ you _____ of _____ network _____ that _____ prioritize _____ traffic?

Is _____ network _____ that prioritize _____ connected sensors?

Is there _____ networking _____ would _____ suitable _____ precedence _____ diverse Internet-linked sensors?

Do you have _____ network _____ for putting internet _____ ?

Can you give me _____ recommendations on _____ that are suitable _____ traffic _____ the _____ ?

Should _____ priority _____ of things sensors on the network?

_____ there a need _____ on _____ equipment to prioritize _____ internet _____ ?

Can you _____ me _____ network equipment _____ prioritize _____ sensors?

_____ it possible _____ recommend any _____ that will _____ from _____ internet-connected _____ ?

_____ there any _____ equipment _____ prioritize traffic _____ of things?

_____ a suggestion of the _____ to _____ multiple internet-enabled sensors?

Is there _____ network solution _____ the _____ sent by _____ sensors?

Is _____ possible _____ expert advice on _____ equipment choices _____ prioritize sensor-generated data in _____ Things?

Recommendations to _____ internet _____ ?

_____ there a _____ prioritize traffic _____ of _____ sensors?

Does anyone know _____ any good _____ devices that _____ from _____ ?

Does anyone have a recommendation _____ equipment _____ internet-enabled _____ ?

I _____ like _____ know _____ are _____ network _____ that _____ from different internet-linked _____ .

Are _____ any _____ network _____ choices that _____ help _____ traffic _____ sensors?

_____ need network gear _____ to _____ internet _____ sensor chaos?

What _____ gear would _____ to internet-enabled sensor data?

Do _____ know of _____ equipment _____ prioritization _____ sensors?

_____ you suggest _____ network _____ to _____ the _____ by _____ internet-equipped sensors in _____ ?

Is there any advice _____ network _____ sensor _____ ?

Is there a _____ data streams sent _____ internet-equipped sensors?

Can _____ suggest _____ that will _____ prioritize _____ flow of the _____ ?

_____ a network option _____ traffic from _____ internet-connected sensors?

_____ any _____ gear _____ prioritize sensor traffic?

_____ want _____ know if _____ are network _____ that prioritize _____ different _____ sensors.

_____ suggestions as to what _____ use to _____ sensor _____ ?

_____ I consider _____ network _____ give priority access to _____ ?

_____ recommendations _____ you have _____ equipment to _____ internet-enabled sensors?

Is there _____ network equipment choice that _____ help _____ the _____ coming _____ ?

Is _____ to _____ expert _____ on _____ equipment choices _____ allow us to prioritize data _____ of _____ ?

_____ recommendation _____ prioritize traffic from the internet?

I would like _____ are any _____ that prioritize _____ internet-connected sensors?

_____ any _____ equipment tips for _____ the _____ sensors on _____ priority _____ ?

Suggestions _____ gear I _____ use _____ priority _____ to sensor _____ ?

_____ on _____ to prioritize data _____ internet enabled sensors _____ .

Is it _____ advise a _____ to _____ data _____ transmitted _____ internet-equipped _____ ?

_____ a network _____ could prioritize data streams _____ various _____ ?

_____ want _____ if any _____ gear _____ appropriate _____ diverse internet- connected sensors.

What network _____ do _____ recommend _____ give priority _____ internet-enabled _____ ?

_____ prioritize _____ traffic _____ an internet _____ things system

Suggestions _____ to _____ traffic _____ an internet _____ things.

Suggestions need _____ be made about network _____ of signals _____ multiple _____.

How _____ internet-enabled sensor data in the network _____?

Does _____ a recommendation for _____ traffic _____ internet-enabled sensors?

Is _____ possible to _____ a _____ to _____ data streams transmitted by _____.

Is _____ possible to _____ expert advice on _____ equipment _____ prioritize _____ the internet of things?

Do _____ on what _____ to use to _____ traffic from _____ internet-enabled _____?

Is _____ a _____ to _____ internet-enabled sensors traffic?

Are _____ any specific network equipment _____ that _____ coming _____ connected sensors?

Is _____ any network _____ recommended _____ traffic?

_____ you able to suggest network _____ to _____ of things?

_____ you _____ me _____ that are suitable for the _____ traffic _____ of the _____ of Things?

Is _____ any _____ that _____ data transfer _____ sensors.

_____ want _____ know if _____ is any _____ gear for _____ data _____ sensors.

Does _____ recommendation _____ equipment to choose the right _____ traffic _____ enabled _____?

Do _____ know of _____ solution to prioritize _____ transmitted _____ sensors?

Do you _____ any _____ what _____ is best _____ prioritize _____ from multiple _____?

_____ advice _____ equipment for sensing data prioritization?

_____ there any network _____ traffic from different internet-connected _____?

_____ recommendations _____ equipment _____ traffic from various internet-enabled sensors?

Do you _____ recommendations _____ gear _____ the _____ from internet-enabled _____?

Do you _____ network _____ to _____ the _____ on priority?

_____ there any specific network equipment choices _____ coming _____ internet-linked _____?

Suggestions _____ components that favor the flow _____ multiple Internet-based _____

_____ any specific _____ equipment _____ that _____ prioritize _____ coming from the internet?

_____ for prioritizing traffic _____ sensors?

_____ that _____ be _____ to _____ network receiving from _____ things?

_____ how to prioritize _____ of things _____?

Is _____ to _____ advice _____ equipment _____ will allow _____ prioritize sensor-generated data?

Recommendations _____ priority _____ the _____ sensors' traffic are _____.

_____ it possible _____ equipment _____ prioritize traffic _____ Sensors?

Do _____ have any suggestions _____ equipment _____ prioritization traffic _____ multiple _____?

Is _____ any networking _____ sensor data flow?

_____ was _____ if _____ any recommended _____ manage _____ from _____ internet- connected sensors.

What _____ gear would you _____ for _____ internet-enabled sensor _____?

_____ there _____ network equipment choices _____ will help prioritize _____ coming from _____?

_____ there _____ network solution _____ will _____ transmitted by internet-equipped sensors?

Is it _____ to _____ a network that would _____ different _____?

_____ for _____ for _____ managing _____ sensors?

_____ you _____ suitable network solution _____ prioritize the data _____ internet-equipped _____?

_____ like to know if _____ options _____ prioritize traffic from different internet- _____.

_____ you _____ to prioritize the _____ by various internet-equipped sensors?

Does _____ any _____ equipment to _____ the internet of _____?

_____ networking equipment has _____ prioritize internet-enabled sensor _____?

What _____ should _____ to give priority to the _____ sensors _____ a _____?

Is it _____ to _____ advice on network _____ allow us _____ prioritize _____ data _____ internet of things?

Is _____ possible _____ recommend _____ networking equipment _____ give precedence _____ from Internet-linked _____?

Recommendations _____ network devices _____ my _____ of _____ traffic?

Suggestions _____ Network _____ favoring the flow of _____ from _____

What network ____ do ____ recommend in ____ to ____ priority ____ data?

Are ____ equipment choices that can be used to ____ sensors?

I want ____ know if there ____ a ____ data ____ internet-connected ____.

____ we ____ network gear ____ the internet of things?

What network gear ____ be given ____ internet-enabled ____?

____ components that favor the flow of signals ____ internet-based ____

____ you need recommendations ____ networking ____ of ____ sensors?

Recommendations ____ networking ____ the prioritization ____ data ____ sensors are ____.

____ way ____ network ____ to prioritize ____ from sensors?

____ you give me ____ on ____ can use to prioritize ____ traffic ____ of my ____?

Any suggestions ____ how to prioritize sensor ____ the ____

Is there ____ equipment ____ could prioritize ____ from ____ sensors?

____ need suggestions on network ____ priority ____ sensor data.

Does anyone have a ____ for ____ to ____ internet-enabled sensors ____?

Can ____ me ____ about ____ suitable for the prioritization of ____ traffic flow ____ the ____?

____ on network ____ for internet ____ prioritization?

Is there a ____ gear for handling ____?

____ recommend any ____ equipment that ____ give ____ to traffic ____ different ____?

____ that favor the ____ of signals ____ Internet-based sensors?

____ there network equipment ____ the Internet of Things?

Do ____ suggest ____ gear to prioritize ____ traffic?

Can you ____ network ____ prioritize data streams transmitted ____?

Do ____ internet devices that favor data ____ IoT sensors?

Can ____ please suggest ____ network equipment ____ traffic?

Is there a choice of ____ equipment ____ the ____ connected sensors?

I ____ know ____ there are ____ network ____ traffic from internet- ____ sensors.

Is it possible ____ recommend ____ equipment that would ____ Internet-linked sensors?

____ it possible to suggest ____ to ____ traffic from ____?

Do ____ have ____ for ____ gear ____ be ____ to prioritize ____ traffic?

Can ____ please suggest ____ to prioritize internet-enabled ____?

____ there any network equipment ____ will ____ traffic ____ from internet ____?

____ you have a ____ network ____ to ____ the internet of ____?

____ do you ____ for ____ priority ____ internet-enabled sensor data?

Is there ____ prioritize traffic from internet-enabled ____?

Suggestions ____ traffic from the ____ sensors?

____ network ____ would you ____ to ____ traffic?

____ any network ____ you ____ prioritize the ____ traffic?

____ you ____ recommendations for ____ equipment ____ prioritize traffic ____ the internet-enabled ____?

____ there suitable network ____ internet-enabled sensors?

____ network ____ to ____ sensor traffic in the ____

Is ____ a ____ equipment option ____ traffic ____ internet-enabled ____?

What network ____ do ____ to prioritize the ____?

I want ____ know if ____ are ____ options that prioritize ____ internet-linked ____.

Suggestions on ____ that ____ priority to ____ information?

____ how ____ prioritize ____ traffic in ____ internet of ____ system?

____ any recommended equipment for ____ priority ____ the internet ____?

Is it possible for ____ traffic from ____?

Do you ____ suitable network ____ the data ____ by ____ sensors?

What ____ gear ____ be ____ in order to ____ to internet-enabled ____?

____ gear ____ prioritize sensor traffic ____ internet of ____?

What network _____ you _____ that gives _____ to _____ data?

_____ network gear I can use _____ priority _____ sensor _____?

_____ there _____ network equipment _____ can _____ to prioritize traffic _____ internet-connected sensors?

_____ there any gear _____ to manage _____ diverse internet-connected sensors?

Can _____ give me _____ network _____ tips for _____ internet sensors _____?

What network _____ would _____ internet-enabled sensor _____?

_____ favor _____ flow _____ signals from multiple Internet-based sensors?

_____ priority to internet-enabled sensors' _____ sought

_____ network _____ we use for priority _____ sensor _____?

Do _____ have _____ for equipment for choosing _____ right _____ from the internet _____?

Do you know _____ a _____ solution _____ streams from internet-equipped _____?

Suggestions should be _____ the _____ signals _____ multiple Internet-based sensors.

Is _____ possible to _____ expert advice on _____ that allows us _____ prioritize _____ in _____ internet _____?

Do _____ gear for _____ of _____ traffic?

_____ for network _____ prioritize sensor _____?

Do _____ of _____ for _____ best equipment _____ traffic from multiple _____ sensors?

_____ you _____ for network gear that _____ sensor traffic?

Can you recommend equipment _____ to the traffic _____?

_____ recommended network _____ that would prioritize sensor _____?

Can you _____ network _____ that _____ data streams _____ various _____ sensors?

_____ network _____ to prioritize data transmitted by _____ internet-equipped _____?

Recommendations on networking _____ for _____ of _____ from _____ sensors.

_____ like to _____ there are any network options that _____ prioritize traffic _____ internet _____.

_____ on how to _____ sensor _____ flow _____ of Things?

_____ there any _____ equipment to _____ traffic _____ on _____ sensors?

Is _____ network _____ is recommended _____ prioritize the _____ traffic?

_____ any network _____ to prioritize _____ traffic?

What network gear should _____ to internet-enabled sensor _____.

I want _____ there are _____ network _____ options _____ prioritization _____ from _____ sensors.

_____ be _____ to prioritize _____ in the internet of things _____?

_____ there any _____ network gear _____ prioritize _____ traffic?

Is there _____ for _____ to prioritize _____ from _____?

Is _____ any _____ prioritize _____ flow of sensor data?

I'm _____ suggestions _____ gear _____ give priority access to _____.

Suggestions for _____ prioritize _____ traffic in _____ of Things _____?

_____ there _____ recommendation _____ to manage data from _____ internet-connected _____?

_____ networking _____ can _____ precedence to _____ from diverse Internet _____ sensors?

Suggestions for _____ traffic from _____?

Recommendations on how _____ internet _____ sensor _____?

_____ network gear _____ you use _____ give _____ internet-enabled sensor _____?

_____ any recommendations _____ gear _____ manage _____ diverse internet-linked sensors?

_____ you would recommend _____ prioritize the sensor traffic?

Do you know _____ recommended _____ equipment options for _____ traffic _____?

Do _____ recommend gear for giving _____ to _____?

Is there a recommendation _____ equipment _____ prioritize _____ sensors in _____ of _____?

Is _____ suitable _____ equipment _____ from internet-enabled sensors?

Which _____ equipment _____ the capacity _____ and _____ internet-enabled _____ data?

Recommendations _____ prioritize _____ traffic?

Is there _____ gear _____ suggest _____ the prioritization _____ sensor _____?

When _____ internet-enabled sensor _____ what network _____ be used?

_____ network _____ to prioritize sensor traffic?
 _____ it possible _____ to _____ network equipment _____ would prioritize traffic _____?
 Is it _____ recommend _____ network that _____ prioritize _____ different internet-connected _____?
 _____ there _____ of equipment _____ traffic from _____ sensors?
 Has there _____ for _____ to _____ internet-enabled sensors?
 Can _____ network _____ that _____ prioritize traffic _____ internet-enabled sensors?
 _____ have _____ to prioritize internet-connected sensors?
 Do _____ any network gear _____ internet _____ things _____ traffic?
 Do you have _____ suggestions _____ network options that _____ from _____?
 _____ you have any advice _____ data prioritization?
 _____ suggest _____ network solution _____ prioritize _____ data _____ various internet-equipped _____ our infrastructure?
 _____ networking _____ can _____ used _____ internet-enabled sensor data?
 _____ network gear is _____ sensor _____?
 _____ networking equipment _____ used _____ internet-enabled _____ data?
 What network equipment should _____ for _____ to internet-enabled _____?
 Is there any _____ gear _____ should _____ used _____ prioritize _____?
 Do _____ have _____ suggestions about how _____ traffic _____ sensors?
 Which networking _____ can _____ and _____ sensor _____?
 Is there any _____ sensor traffic?
 Recommendations to prioritize traffic _____?
 Does any recommendation _____ to _____ from _____ sensors?
 Is _____ possible to _____ on _____ that _____ prioritize _____ sensors?
 Is there _____ on network _____ for _____ prioritization?
 Is _____ a network solution _____ can _____ streams _____ sensors?
 Can you _____ me your recommendations _____ that _____ help prioritize the _____ for _____?
 I _____ like _____ if there are _____ network _____ prioritize traffic _____ sensors.
 _____ you _____ advise _____ that will prioritize internet-enabled _____?
 _____ there a recommendation _____ gear to _____ traffic?
 _____ have _____ networking equipment to prioritize _____ data from _____?
 _____ it possible to _____ gear _____ will prioritize _____?
 Any network _____ help _____ sensor _____?
 Do _____ any _____ options that are _____ from internet-enabled sensors?
 _____ you _____ any _____ tips _____ placing internet sensors on _____?
 Network _____ prioritization _____ sensor traffic _____ internet of _____ system.
 Is it possible to get _____ on network equipment _____ allow _____ to _____ the internet _____ things?
 Can you _____ networking equipment that _____ give precedence _____ sensors?
 _____ gear do _____ should be prioritized for _____?
 Can _____ for networking hardware _____ manage _____ data?
 Can _____ on _____ to _____ traffic from internet-enabled _____?
 _____ to prioritize data _____ something that needs to be done.
 _____ there a recommendation for equipment to _____ the _____?
 _____ there any _____ will give _____ from diverse Internet-linked sensors?
 _____ wondering if there are _____ equipment options _____ traffic from _____.
 _____ to know _____ there are _____ network options _____ will prioritize _____ connected _____.
 Do you _____ any suggestions on suitable _____ to _____?
 Is there a _____ equipment _____ the _____ from _____ sensors?
 Suggestions _____ how to _____ from _____ connected _____?
 _____ do _____ recommend that gives _____ the internet-enabled _____ data?
 Can you _____ to prioritize _____ things traffic?
 Is it possible _____ network _____ that _____ us to prioritize _____?

_____ it possible _____ network equipment _____ from the _____ of things?
_____ you _____ network _____ for prioritizing _____ traffic?
Do you _____ advice _____ network equipment _____ data _____?
_____ wondering if you could _____ network options that prioritize traffic _____.
Is there any _____ prioritize traffic _____ internet-connected sensors?
Recommended network _____ to _____ sensor _____ an _____ of _____ system.
_____ network gear would _____ to internet-enabled sensor data?
_____ recommend network gear _____ giving priority _____ data in _____ of _____ system?
_____ preferred network _____ for efficiently _____ sensor communications?
Is _____ network _____ will help prioritize traffic from _____ connected _____?
_____ equipment choices that will help _____ traffic _____ comes from _____ sensors?
Any advice on _____ network _____ use _____ traffic?
Are there _____ that will _____ prioritize _____ coming from _____ sensors?
Is there a _____ for _____ different _____ sensors?
Do _____ have _____ recommendations _____ network equipment _____ prioritize _____ from internet-enabled _____?
_____ you need _____ on _____ that can prioritize _____ sensors?
Do _____ any _____ for putting internet sensors _____?
_____ you _____ any _____ is used to prioritize sensor _____?
_____ there _____ to prioritize Internet of _____ traffic?
I am wondering if _____ are _____ network _____ prioritize _____ internet-enabled sensors.
_____ are _____ handle sensor communications _____ internet of things?
_____ is appropriate _____ giving _____ internet-enabled sensor data?
Can _____ suggest a suitable _____ to _____ data transmitted by the _____?
_____ about _____ prioritize _____ from internet-enabled sensors are _____.
Can you _____ precedence to _____ from the _____ Internet-linked sensors?
_____ want to _____ if _____ any recommended _____ managing data from diverse _____.
What equipment _____ give priority to internet of _____ sensors _____?
_____ was _____ there was any _____ for managing data _____ diverse _____ connected _____.
Can you give _____ recommendations on networking _____ are suitable _____ prioritization _____ flow of _____ sensors?
Recommended _____ that can _____ used to _____ traffic.
Suggestions on _____ to prioritize _____ the _____ sensors?
_____ equipment could _____ used to _____ sensor _____ flow?
Please tell _____ about suitable network _____ will _____ traffic _____.
You suggest any _____ that _____ be _____ sensor traffic?
_____ on equipment _____ traffic from _____ web _____ sensors?
What network _____ would you _____ to give priority _____?
Is _____ any gear that _____ sensor traffic?
_____ it possible _____ suggest _____ equipment to prioritize traffic _____?
Can you recommend _____ will _____ precedence to _____ from _____ Internet-linked _____?
Is _____ a _____ that will help _____ traffic _____ sensors?
_____ any network _____ you _____ suggest that will prioritize _____?
_____ you recommend _____ that _____ give _____ from diverse Internet-linked sensors?
Recommended _____ gear to prioritize _____ traffic _____ of _____.
_____ equipment _____ use _____ prioritize traffic from internet-enabled _____?
_____ there _____ network equipment options _____ prioritize traffic from _____?
Can _____ suggest _____ network solution _____ prioritize the data _____ by various _____?
Is _____ equipment to _____ priority _____ on a network?
Do you _____ network _____ for _____ sensor traffic?
Is _____ to _____ advice on network equipment choices _____ allow _____ prioritize _____ within theIoT?
_____ network equipment choices _____ prioritize traffic from _____ connected sensors?

_____ network gear that you _____ prioritization of sensor _____?
 _____ you suggest _____ equipment to _____ internet-enabled sensor _____?
 _____ how _____ prioritize internet of Things _____ traffic?
 Is _____ a _____ network equipment that _____ internet-enabled _____?
 Do _____ need recommendations _____ to _____ to prioritize _____ sensor data?
 _____ you have _____ the best equipment to _____ the _____ internet-enabled _____?
 Is _____ option _____ prioritize _____ from _____ internet- connected sensors?
 _____ network solution that _____ prioritize _____ data _____ by various _____ sensors?
 _____ recommend _____ equipment _____ prioritize data from _____ sensors?
 _____ you have recommendations _____ equipment _____ of internet-enabled _____?
 Any suggestions _____ what _____ should be _____ prioritize sensor _____?
 Which equipment _____ best _____ handling _____ priority _____ in _____ internet _____?
 Do you have _____ to _____ internet sensors on _____ priority _____?
 Are _____ to _____ network equipment to _____ traffic _____?
 Can you suggest _____ that can prioritize the _____?
 _____ how _____ prioritize sensor _____ in _____ of things system?
 _____ networking equipment _____ needed _____ prioritize internet-enabled _____
 Is there _____ for _____ equipment that _____ prioritize traffic _____?
 _____ need for recommendations on _____ equipment _____ internet-enabled _____ data?
 Network _____ should _____ used to _____ sensor traffic _____ of things _____.
 Suggestions needed for _____ components _____ the flow _____ Internet _____ sensors
 Suggestions _____ how _____ prioritize sensor data _____ in _____ Internet _____?
 Is there a _____ network _____ to _____ traffic from _____ in _____ Things?
 _____ a need for recommendations _____ networking equipment _____ prioritize _____?
 _____ you suggest _____ equipment _____ give precedence to _____ diverse _____ sensors?
 _____ components favoring the _____ of signals _____ sensors _____ be _____.
 Do _____ network gear that will _____ to _____ sensor _____?
 Recommendations for _____ connected devices _____ sensor _____?
 _____ prioritize sensor traffic?
 Is _____ a suitable _____ solution _____ prioritize the _____ is _____ by _____ sensors?
 Is there _____ network _____ help prioritize traffic _____ internet connected sensors?
 _____ possible to advise on suitable _____ to prioritize _____?
 _____ you _____ advice on network _____ traffic from internet-enabled sensors?
 Is there _____ recommendation _____ to choose the right _____ of _____ from _____?
 _____ there a _____ to prioritize _____ sensors?
 Does _____ have _____ to prioritize traffic from _____ sensors in the _____?
 Suggestions for network _____ prioritize _____ internet of _____.
 I want _____ know if there is _____ recommended gear _____ from _____.
 _____ you have _____ the best _____ traffic _____ multiple internet-enabled sensors?
 _____ you have any _____ on how _____ those _____ priority?
 Is _____ to _____ network options that prioritize _____ internet- _____ sensors?
 _____ tell _____ suitable network equipment _____ prioritize traffic from _____?
 _____ there a _____ equipment _____ prioritize traffic from _____ internet _____?
 _____ you _____ giving priority to _____ things sensors?
 _____ network gear _____ prioritize _____ traffic in _____ of Things _____.
 _____ you _____ any recommendations _____ network _____ the sensor traffic?
 Are there _____ equipment options that can _____ used _____?
 _____ recommended gear to _____ data from diverse _____ sensors?
 _____ would like to know _____ network _____ prioritize traffic _____ different internet- _____ sensors.
 Is _____ a _____ to prioritize traffic from _____ sensors _____ the _____ Things?

____ want to know ____ any ____ equipment ____ help ____ traffic ____ internet- connected ____.
 ____ it ____ get ____ advice on network ____ that ____ us to prioritize sensor-generated ____ in ____ connected ____?
 Is there any ____ that ____ help ____ traffic?
 I would ____ to know ____ any ____ options ____ traffic ____ different ____.
 ____ have any ____ for ____ manage ____ from diverse internet- ____ sensors?
 ____ any equipment that can ____ precedence ____ from ____ Internet-linked sensors ____ the ____?
 ____ there ____ for equipment to prioritize ____ sensor ____?
 ____ you ____ any network equipment ____ for ____ internet sensors ____?
 ____ have ____ on the best equipment ____ from ____ internet-enabled sensor?
 ____ recommended gear ____ data from diverse internet- ____ sensors in ____ things setup?
 Is ____ any gear ____ is ____ for ____ data ____ sensors?
 ____ network devices to prioritize ____ things traffic
 Can you suggest ____ solution to ____ streams that ____ transmitted ____ internet-equipped ____?
 ____ there ____ gear that should prioritize ____?
 ____ there any ____ for equipment ____ pick ____ traffic ____ the ____ enabled sensors?
 ____ network ____ the flow of signals from multiple ____?
 ____ equipment can ____ prioritize ____ data?
 ____ there ____ be used to manage data ____ diverse internet-connected ____?
 Is ____ a networking equipment that ____ give ____ to ____ Internet-linked ____?
 Can ____ recommend a ____ will give ____ to traffic from ____?
 Network ____ that ____ traffic ____ sensors?
 I ____ know if there ____ network equipment options ____ from internet-enabled ____.
 Is ____ a ____ equipment ____ correct amount of ____ from ____ internet enabled ____?
 Can you ____ any ____ will give precedence ____ the ____ Internet-linked sensors?
 ____ network ____ to ____ priority to internet-enabled sensor data?
 ____ there ____ recommendation ____ equipment ____ choosing ____ amount of ____ from internet ____ sensors?
 ____ want ____ know if there ____ network ____ from different internet- ____ sensor
 ____ for ____ sensor traffic?
 Any recommendations on what ____ use ____ sensor ____?
 Do you have ____ to ____ sensor ____ in ____ of things?
 What ____ is the best for ____ to ____ sensor ____?
 Is ____ will help prioritize ____ from internet-connected sensors?
 ____ for networking ____ prioritize data ____ the internet ____ things.
 Can you suggest ____ are suitable for ____ flow ____ the ____?
 Is it possible ____ a network ____ prioritize ____ streams ____ various ____ sensors?
 Is ____ a ____ equipment ____ from internet-enabled sensor
 Do ____ know ____ prioritize traffic ____ internet-enabled sensors?
 ____ you have ____ for ____ best equipment to ____ prioritize ____ internet-enabled sensors?
 Is there ____ network equipment that ____ prioritize ____?
 ____ gear ____ suggest for prioritization ____ sensor traffic?
 ____ to ____ network equipment ____ prioritization ____ traffic from sensor?
 ____ possible to ____ network equipment ____ would ____ traffic ____ sensors?
 Are ____ specific network ____ that ____ help prioritize traffic that ____ internet-connected ____?
 ____ network gear ____ to ____ internet ____ things sensors?
 Can ____ give me ____ equipment to prioritize ____ traffic?
 What ____ gear ____ recommend for the ____ of ____ sensor ____?
 ____ prioritize internet-enabled ____ in the internet of things are ____.
 Do you ____ suitable ____ solution to prioritize the data ____ sensors?
 Is ____ anything ____ can ____ prioritize internet of ____ traffic?
 Do ____ recommendations for ____ equipment ____ would give precedence ____ from ____ sensors?

I _____ wondering if _____ options _____ traffic from different _____ sensors.
 Is _____ advice on _____ equipment _____ allow _____ to prioritize data _____ the internet of things?
 Is _____ a _____ gear for managing data _____?
 Recommendations _____ equipment to prioritize _____ internet-enabled _____ should _____ looked _____.
 _____ there _____ for equipment to prioritize traffic _____?
 _____ for _____ prioritization _____ the web-connected sensors?
 _____ expert advice on network _____ that will _____ to _____ data _____ the Internet of Things?
 _____ on networking equipment to _____ the _____ from _____ needed.
 _____ you have any suggestions about _____ equipment _____ prioritize traffic _____?
 There _____ regarding the recommendation _____ equipment to prioritize _____ internet-enabled _____.
 Does anyone _____ a _____ traffic from _____ the internet of things?
 Any advice on _____ that should _____?
 _____ you have any _____ best _____ to prioritize _____ from _____ internet-enabled sensors?
 _____ any specific _____ that would help _____ traffic _____ internet- connected _____?
 _____ give _____ suggestions _____ networking _____ that are suitable for prioritization of _____ traffic _____ of _____?
 Suggestions _____ how _____ sensor _____ the _____ of Things system.
 _____ tell _____ about suitable network equipment _____ traffic _____ sensors
 Is there _____ for equipment to prioritize _____ enabled _____?
 _____ there any network gear you suggest _____?
 Is _____ equipment _____ that can _____ traffic coming from _____ sensors?
 Is _____ any equipment that _____ be used _____ prioritize _____?
 _____ any networking equipment that _____ precedence to traffic _____ Internet-linked _____ within _____?
 _____ prioritize my IoT device traffic?
 Do you _____ network _____ for placing _____ internet sensors _____?
 Is _____ to recommend _____ options _____ traffic from different _____ sensors?
 Network devices _____ handling of sensor _____ in _____ of _____?
 Are there any _____ choices _____ will _____ prioritize traffic _____ sensors?
 I _____ is _____ gear for managing data from internet-connected _____.
 _____ be used to _____ sensor _____ in _____ of Things?
 _____ it possible _____ that prioritize _____ from different internet- _____ sensors?
 Can you give me your _____ networking _____ the _____ of the traffic flow _____?
 Network devices _____ sensor communications in _____ of things
 Is _____ for _____ to prioritize traffic from _____ enabled _____?
 Is _____ for _____ traffic from internet-enabled sensor in the _____ of _____?
 _____ if _____ are any _____ that prioritize _____ from different internet- _____ sensors?
 You _____ any network gear _____ be _____ prioritize _____ traffic?
 _____ needed _____ network _____ that _____ the flow of _____ multiple internet-based _____
 What network _____ we _____ to _____ the internet-enabled _____ in the system?
 _____ have any _____ that you _____ to prioritize _____ traffic?
 Do _____ if there _____ recommended network equipment _____ prioritize _____ from internet-enabled _____?
 _____ there _____ network _____ for prioritization _____ sensor traffic?
 _____ the preferred _____ prioritization gear _____ the internet _____?
 Any _____ networking equipment _____ used to prioritize sensor _____?
 _____ on _____ equipment to _____ data from _____ sensors _____
 Do _____ recommend _____ gear that would give _____ data _____ system?
 _____ any network equipment options _____ from internet-enabled _____?
 _____ that can be _____ sensor traffic in _____ Internet _____ Things.
 _____ that could be used to prioritize _____?
 _____ there _____ suggestions _____ the best equipment _____ prioritize traffic from _____?
 Recommendations _____ networking _____ to prioritize _____ data _____ sensors should _____.

Is _____ specific _____ equipment _____ that will help _____ traffic _____ internet-linked _____?

Is _____ particular _____ that will help _____ traffic _____ internet-connected sensors?

Is _____ any _____ that can _____ from different _____ sensors?

Do _____ have any suggestions _____ network _____ to _____?

_____ for _____ prioritize sensor traffic _____ internet of _____.

_____ you suggest any network _____ to _____ sensor _____?

Does anyone _____ any recommended _____ for _____ from diverse _____?

_____ networking _____ suitable for giving _____ traffic from _____ Internet-linked sensors?

What _____ we use to give _____ internet _____ sensor _____?

_____ it _____ to _____ network _____ for the _____ of traffic _____?

Is it possible _____ on _____ prioritize internet-enabled sensors _____?

Is _____ equipment that _____ prioritize _____ data flow?

Which _____ able to _____ internet-enabled sensor data?

_____ you _____ recommendations _____ networking options that _____ for prioritization of _____ traffic _____ of _____ sensors?

_____ you have any ideas _____ equipment to _____ the _____ multiple _____ sensors?

_____ equipment _____ manage _____ internet-enabled _____ data?

Is _____ that _____ would recommend to give _____ to internet-enabled _____?

Is _____ recommendation _____ equipment _____ from internet-enabled sensors?

Is there network _____ recommended _____ prioritize _____ traffic?

_____ there any _____ gear that's recommended _____ traffic?

I _____ like _____ know if _____ are _____ that _____ prioritize _____ from different internet- connected _____.

_____ network _____ do you recommend that _____ priority to _____?

Is _____ a _____ equipment _____ can _____ traffic from diverse _____ sensors?

_____ choice of network equipment that _____ help _____ coming from internet- _____?

Do you _____ suggestion _____ best _____ traffic from _____ internet-enabled sensors?

Does there _____ suggestion _____ equipment _____ internet-enabled sensors?

_____ network _____ in _____ internet of things system?

Suggestions _____ prioritize traffic from _____ sensors.

_____ for equipment to _____ from _____ sensors?

_____ there any network _____ that _____ from _____ connected _____ sensors?

Suggestions for network _____ the flow _____ from _____ Internet-based _____

Is _____ any network equipment choices that _____ internet?

_____ any network equipment _____ that _____ be used to _____ sensors?

_____ devices that can _____ communications within the _____ Things?

_____ want to know _____ are any recommended network _____ traffic.

_____ networking equipment _____ sensor _____ flow?

Is _____ any network _____ that you _____ the _____ traffic?

_____ you _____ any recommendations _____ networking _____ that can give _____ to traffic _____?

Is _____ to suggest _____ that _____ traffic from the _____ of _____?

_____ networking equipment to prioritize _____ data from _____ need.

Is there _____ recommended _____ for _____ from varied _____?

Does there _____ recommendation for _____ of traffic from the internet _____?

Is _____ suitable network solution _____ streams _____ the various internet-equipped sensors?

_____ need advice _____ networking equipment _____ prioritize data from _____?

_____ a suggestion for network gear _____ sensor _____?

_____ there _____ network equipment _____ can be used _____ prioritize _____ internet-enabled sensors?

_____ it _____ a _____ data streams sent by various internet-equipped sensors?

Is it possible _____ recommend network _____ prioritize _____ different internet _____?

Do _____ know _____ equipment is to prioritize _____ from _____ sensor?

Can you recommend any _____ give _____ to _____ from Internet-linked _____?

I ____ like to know ____ there ____ prioritize sensor traffic.
 ____ any networking ____ that can ____ to traffic ____ diverse Internet-linked ____?
 Could ____ network ____ to prioritize internet-enabled sensors?
 Any ____ on which ____ gear ____ use ____ sensor ____?
 ____ any recommended ____ that could be ____ prioritize ____ from ____ sensors?
 Suggestions on how ____ prioritize ____ Internet of Things ____.
 Suggestions for prioritization ____ traffic ____ internet of ____?
 Is there any ____ from diverse internet-linked ____?
 ____ whether to ____ sensor data flows?
 Is ____ possible ____ give precedence to traffic from ____ sensors?
 Do ____ have any ____ for ____ manage ____ data?
 ____ on networking equipment ____ data ____ sensors should ____ the list.
 Is there ____ network ____ will help prioritize the ____ coming ____ internet-connected ____?
 Do ____ have a recommendation ____ equipment to ____ from ____ internet-enabled ____?
 ____ possible to ____ that will prioritize traffic ____ connected sensor?
 ____ there any network equipment ____ prioritize traffic from ____?
 ____ it ____ network equipment to prioritize traffic ____ things ____?
 ____ there ____ network options ____ the ____ from ____ different internet- ____ sensors?
 ____ anyone have a ____ for ____ the ____ traffic ____ internet enabled sensors?
 ____ there any ____ can ____ traffic from different ____ sensors?
 ____ components favoring the flow ____ from ____ Internet-based ____ should ____.
 Is it possible ____ expert advice on ____ allow us ____ data within ____ Internet of ____?
 Is ____ a ____ network ____ choice that will ____ prioritize traffic that ____?
 ____ wondering if ____ recommended ____ for managing data ____ internet-connected sensors.
 ____ on ____ equipment to prioritize data from ____ sensors ____.
 ____ there a specific ____ choice ____ will prioritize ____ from ____ sensors?
 ____ want ____ know if ____ any ____ for ____ to prioritize traffic ____ internet-enabled ____.
 ____ how to ____ in the internet of ____ system?
 Suggestions ____ gear ____ sensor traffic in my ____ system.
 ____ suggestions ____ which network ____ to use ____ prioritize sensor ____?
 What network ____ can ____ priority ____ internet-enabled sensor data?
 Do ____ have a ____ a network ____ prioritize ____ traffic?
 ____ help ____ find ____ options ____ are ____ for the ____ flow ____ the internet of things?
 Is there ____ advice ____ network ____ to ____ prioritize sensor ____?
 ____ you need recommendations on ____ to ____ sensor ____?
 ____ there a recommendation for equipment on ____ prioritize traffic ____?
 Is there ____ specific ____ that ____ prioritize traffic ____ internet-connected sensors?
 Is there ____ that can ____ the traffic from ____ sensors?
 Are ____ network ____ that ____ traffic ____ internet-enabled sensors?
 Is there a ____ to ____ traffic from ____ sensors ____ of Things?
 ____ gear ____ prioritize sensor traffic?
 Is ____ possible ____ recommend ____ prioritize internet-enabled traffic?
 ____ there exist a recommendation for ____ sensors ____ the internet ____?
 ____ you tell me about ____ network ____ prioritize internet-enabled ____?
 Do ____ any network equipment tips ____ internet sensors ____ priority?
 There ____ as to whether ____ equipment choices ____ help ____ traffic ____ connected sensors.
 Is there a ____ gear for ____?
 ____ recommendations ____ gear to manage ____ data from ____?
 ____ you have ____ on ____ to prioritize internet-enabled sensor ____?
 ____ choices that will help prioritize the traffic ____ internet-connected sensors?

_____ for network components _____ flow of _____ from multiple _____ sensors.

Suggestions _____ network _____ to prioritize _____ of things _____?

_____ there anyone have _____ to prioritize traffic _____ internet-enabled _____?

_____ on how to prioritize sensor _____ in _____ internet _____

_____ to know _____ there are specific _____ equipment choices _____ will _____ prioritize _____ connected sensors.

Can _____ any networking equipment that would _____ from _____ sensors?

_____ you _____ any ideas on _____ should _____ used to _____ from multiple _____?

_____ have any network equipment _____ sensor on priority?

Are there _____ gear _____ recommend to _____ sensor traffic?

Advice _____ network _____ for _____ of _____ prioritization?

_____ suggestions on which equipment to _____ prioritize traffic _____ sensors?

Is there _____ equipment _____ that _____ traffic _____ from internet- _____ sensors?

Suggestions needed _____ the flow of signals _____ Internet-based _____

Recommendations for networking _____ to _____ internet-enabled _____ in the internet _____

Is _____ that is _____ priority _____ sensors on a _____?

Is _____ a recommendation _____ equipment _____ from _____ Internet of _____?

_____ you have any network _____ you _____ to _____ sensor _____?

Are _____ network _____ that could _____ prioritize traffic from internet-enabled _____?

_____ looking for suggestions _____ network _____ access to sensor information.

_____ equipment be used _____ priority to internet _____ Things _____ a _____?

_____ for _____ to _____ sensor data _____ in _____ internet of _____

Is there _____ networking _____ for _____ precedence to _____ Internet-linked _____?

_____ be used to give priority access _____ sensor information?

Are there _____ equipment _____ for prioritization _____ from _____ sensors?

_____ networking _____ should be _____ to _____ in the internet _____ things?

Any network _____ you recommend _____ sensor _____?

_____ it possible _____ advice on network equipment _____ that allow _____ prioritize _____ data _____ the _____ things?

_____ equipment _____ for handling high _____ traffic _____ the _____ of _____?

Network devices that _____ handling _____ in _____ of things?

Is there anything _____ know about _____ best equipment to _____?

_____ you _____ on which _____ to use to _____ traffic _____ multiple _____ sensor?

_____ it _____ to _____ network _____ that _____ traffic _____ internet-connected sensor?

Is there any networking _____ that _____ data flow?

Do you _____ of any _____ equipment options _____ can _____ used _____ prioritize _____?

Can _____ suitable _____ equipment _____ traffic from _____ sensors?

Is _____ that _____ prioritize the _____ streams _____ by _____ internet-equipped sensors?

Networking equipment _____ data flow in _____ of things?

Do you recommend _____ gear _____ give _____ the _____ sensor _____?

_____ of suitable network equipment that will _____?

_____ you _____ any suggestions _____ equipment _____ prioritize traffic from _____ sensor?

_____ any _____ network _____ that _____ be used _____ prioritize the _____ internet-enabled sensors?

Is _____ possible _____ a _____ solution _____ prioritize data streams _____ by _____ internet-equipped sensors?

Do you _____ any _____ what _____ best _____ prioritize _____ from multiple _____ sensors?

Can _____ give me your _____ networking _____ suitable for prioritization of _____ traffic flow _____?

_____ any network _____ recommended _____ prioritize sensor traffic?

_____ recommendation for _____ to _____ traffic from _____ in the Internet _____ things?

_____ of _____ equipment _____ sensor data flow?

_____ on how to prioritize _____ flow?

_____ how _____ internet connected _____ data flows?

_____ any _____ equipment to _____ from internet-enabled sensors in _____ Internet _____ Things?

Is _____ recommended _____ managing data _____ diverse _____ in an _____ of things _____?

Is _____ to _____ that prioritize _____ different internet- connected sensor?

_____ it _____ you to recommend equipment _____ to traffic _____ diverse Internet-linked _____?

Should _____ to _____ internet-enabled sensors?

_____ there a way _____ sensor traffic _____ the internet _____?

_____ possible to give _____ to _____ sensor data in _____ gear _____?

Network devices _____ efficiently handling _____ internet of _____

_____ you suggest suitable _____ equipment to _____?

_____ of how _____ sensor traffic in an _____ of _____.

_____ as _____ which equipment to _____ to prioritize _____ data _____?

_____ there any _____ you _____ to prioritize traffic _____ the internet _____?

_____ advice _____ how to prioritize the internet _____?

Is _____ any network _____ help _____ traffic from internet _____ sensors?

Do you _____ which _____ to prioritize _____ from multiple _____?

_____ you recommend _____ to _____ priority _____ the internet _____ sensors?

Is there _____ equipment _____ precedence _____ from diverse Internet-linked sensors?

Do you have _____ that _____ suggest _____ sensor traffic?

_____ there a specific _____ equipment choice _____ help _____ the _____ sensors?

_____ recommend _____ network _____ to prioritize _____ is transmitted by various internet-equipped _____?

_____ any suggestion _____ to prioritize _____ traffic _____ the internet of _____?

Do _____ the best _____ should be to prioritize traffic from _____ internet-enabled _____?

_____ you suggest _____ way _____ prioritize traffic _____ the _____ of _____?

Should _____ be used _____ give priority _____ Internet _____ on _____ network?

Is _____ a specific network _____ will _____ the internet- connected _____?

_____ a _____ that _____ prioritize data _____ from internet-equipped sensors?

Is there any network _____ the _____ traffic?

Is there _____ precedence to traffic from internet-linked _____ the framework?

Is there _____ solution _____ can prioritize data _____ from _____ internet-equipped _____ in _____?

_____ a _____ gear _____ handling _____ from _____ internet- connected sensors?

Do _____ network gear _____ prioritize _____?

Is _____ any network option _____ would _____ different _____ connected _____?

_____ you know _____ to prioritize traffic from _____ sensors?

Is _____ equipment _____ internet-enabled sensors in the _____ of things?

Do you have any _____ for _____ gear _____ things?

Which _____ best for handling the high priority traffic _____?

_____ gear _____ prioritize _____ in _____ of Things system?

_____ any recommendation _____ gear _____ would _____ sensor traffic?

Is _____ to _____ any equipment _____ can give _____ from _____ Internet-linked sensors?

Do _____ have any recommendations _____ networking _____ that _____ prioritization of the _____ of _____ sensors?

Any suggestions _____ to _____ traffic?

_____ network _____ to prioritize the _____ transmitted by the _____ sensors?

Is _____ any recommended _____ that _____ prioritize traffic _____?

Suggestions Needed: _____ flow _____ signals from _____ Internet-based sensors

Is _____ a recommendation for equipment _____ pick the _____ from _____?

Is _____ how _____ internet-enabled sensors in the Internet _____ Things?

_____ any recommendations on _____ prioritize internet connected sensor _____?

Do there _____ network equipment _____ to prioritize _____ from _____?

_____ network _____ should be _____ for _____ internet-enabled sensor data?

Recommendations for _____ equipment _____ prioritize _____ sensors _____ required.

_____ to _____ if _____ a recommended _____ for managing _____ from _____ internet- _____ sensors.

Any _____ what _____ gear to use _____ prioritize _____?

Do _____ any recommendations on _____ sensor _____ in the internet _____?

_____ for _____ hardware _____ to manage sensor _____?

_____ is _____ need _____ equipment to _____ the data from _____ sensors.

Do you have _____ equipment _____ use _____ prioritize traffic from multiple _____?

_____ there _____ equipment you _____ suggest _____ prioritize _____ from _____ internet of _____?

_____ there a network _____ that will _____ from _____ connected _____?

_____ you know of _____ that can _____ traffic?

Suggestions for _____ components favoring _____ multiple internet-based sensors?

_____ on networking _____ prioritize _____ from internet-enabled sensors should _____ the _____.

Can you _____ network _____ that _____ data from _____ sensors?

What network gear _____ you _____ give priority _____ data?

_____ recommendations _____ prioritize traffic for _____?

Is it possible that certain _____ will _____ internet- connected _____?

_____ advice on _____ to _____ network _____ to prioritize _____?

_____ there any _____ for _____ equipment _____ traffic from _____ sensors?

Can _____ recommend a _____ the data transmitted _____ various _____ sensors?

Is there _____ network solution _____ data _____ is transmitted _____ internet-equipped sensors?

_____ suitable network solution that _____ the data _____ by _____ internet-equipped _____?

Is _____ any _____ you recommend _____ prioritize _____ traffic?

_____ possible _____ suggest network _____ that prioritize _____ from _____ internet-connected _____?

_____ a recommended network gear to prioritize sensor _____?

_____ can prioritize _____ data flow _____ internet of things?

Is _____ to suggest _____ to _____ traffic _____ the _____ Things?

Should network _____ be _____ to prioritize _____ traffic in _____ Things _____?

Is there any _____ network _____ that _____ prioritize _____?

_____ you have _____ on _____ data _____ internet-enabled sensors?

Is _____ possible to recommend _____ that _____ precedence to _____ diverse Internet-linked _____?

_____ like to _____ if _____ are any network _____ prioritize _____ from different _____ connected _____.

Can _____ help me _____ that _____ suitable for _____ the traffic flow _____ sensors?

_____ there a recommendation _____ gear to _____ traffic?

Is it possible to _____ prioritize _____ different internet-enabled _____?

_____ recommend any equipment _____ give _____ to traffic from diverse _____?

_____ you know _____ equipment _____ prioritize internet-enabled sensors?

_____ you _____ that will _____ priority _____ the internet-enabled _____ data?

_____ to know if _____ a _____ gear for _____ data _____ different internet-connected _____.

I _____ know if there are any _____ network equipment _____ for _____.

_____ it possible to suggest _____ to prioritize _____

_____ for network _____ that favor the _____ of _____ sensors.

_____ looking _____ a recommended _____ to _____ data from _____ internet-connected _____.

_____ any _____ equipment _____ will help _____ traffic that _____ connected sensors?

_____ want _____ know _____ there is any recommended gear _____ data _____ sensors.

Is _____ for managing _____ from multiple internet-connected _____?

_____ tell _____ if there are any _____ options that _____ internet-connected sensors?

Is there _____ recommended _____ from diverse _____ sensors?

_____ about _____ that _____ internet connected _____ data _____?

Can _____ equipment to _____ precedence to traffic from _____?

_____ networking equipment that would give _____ from diverse Internet-linked _____?

Do _____ equipment _____ on how _____ put internet _____ on priority?

Is there _____ network _____ placing _____ sensors _____ priority?

____ you suggest a ____ to prioritize ____ data transmitted ____ the ____?

Suggestions would ____ components ____ the ____ signals ____ multiple Internet-based sensors?

____ there any network equipment ____ traffic ____ sensors?

Any advice for network ____ on how ____?

____ good internet device ____ favors ____ transfer from Internet of ____?

____ was ____ if you ____ recommend ____ that prioritize traffic from ____ internet- _____.

____ ideas about ____ equipment to use to ____ traffic from multiple ____?

Do you have ____ equipment that ____ give ____ to ____ diverse Internet-linked ____?

Do ____ any ____ that ____ help prioritize ____ from internet- connected ____?

Suggestions for ____ an internet ____ things system

____ network ____ to ____ sensor ____

Should ____ be used ____ handle ____ in the internet of ____?

Suggestions for ____ traffic in ____ of things ____?

____ possible to ____ any network options ____ prioritize traffic ____ connected sensors?

____ there ____ network solution ____ streams from various internet-equipped ____ our infrastructure?

____ network ____ to prioritize ____ traffic

____ to ____ traffic for ____ sensors?

What options ____ available for giving ____ internet-based ____ data in ____ of ____?

____ any network ____ that can help prioritize ____ that ____ internet-connected ____?

Traffic ____ from ____ internet ____ things?

Suggestions could be made ____ favor the ____ from ____ Internet-based sensors.

Do ____ have ____ suggestions for networking equipment ____ prioritize ____?

Would you ____ suggest ____ traffic from internet-enabled sensors?

Do you recommend any network ____ to ____ sensor ____?

____ need ____ on gear ____ sensor ____ in ____ internet of ____ system.

____ equipment ____ you ____ to give priority ____ sensor ____?

Do you have any ____ tips ____ the ____ on ____?

Do you have recommendations ____ gear ____ the ____ of ____ sensor ____?

____ want ____ know if there ____ network ____ that prioritize ____ connected sensors?

Is ____ any ____ network equipment choices ____ can help prioritize ____ traffic ____?

Do you have any ____ for equipment ____ the internet ____ things?

Recommendations on ____ from ____ sensors should be considered.

____ like to ____ is any recommended ____ to prioritize sensor _____.

____ gear to prioritize ____ in ____ internet ____ system.

Do you ____ ideas ____ the ____ to ____ multiple internet-enabled sensors.

____ network gear that ____ use ____ give ____ access to ____ information?

____ that ____ recommended to ____ sensor ____?

Do ____ have any ____ for ____ to ____ traffic ____ multiple ____?

Should ____ on devices ____ internet ____ sensor data flows?

Is ____ networking equipment ____ would ____ precedence to the ____ Internet-linked ____?

Do ____ a recommendation for equipment ____ traffic ____ the ____ of Things?

Is there a ____ on networking equipment ____ data ____ internet-enabled ____?

Is ____ any ____ options ____ will ____ traffic ____ different ____ sensors?

____ you have any ____ for the best ____ to ____ traffic ____?

____ network equipment ____ are ____ prioritize the ____ from ____ sensors?

Can you recommend networking options ____ are ____ of ____ flow ____ the ____?

Suggestions for ____ traffic in an ____ of ____

Does ____ recommendation exist for ____ sensors?

Suggestions on ____ to ____ priority ____ sensor ____ across the internet of ____?

Do ____ need ____ networking ____ to ____ internet-enabled ____ are prioritized?

Can you _____ networking equipment _____ precedence _____ from _____ Internet-linked sensors _____ the _____?

Is _____ on _____ network gear _____ to _____ sensor traffic?

_____ there _____ equipment _____ that are recommended to _____ traffic from _____?

_____ any suggestion for _____ prioritize _____ internet-enabled sensors _____ the internet of _____?

_____ there _____ recommendation for network equipment to _____?

Recommendations _____ networking _____ from _____ sensors are in need of _____.

_____ any ideas on what _____ use _____ prioritize traffic from _____?

Is _____ to recommend _____ networking equipment _____ precedence _____ from _____ internet-linked sensors?

_____ exist a _____ for _____ for choosing _____ right _____ traffic _____ enabled sensors?

Is _____ recommend network _____ prioritize _____ from sensors?

_____ there _____ recommended gear to _____ data from _____ internet _____?

Any _____ how to _____ traffic in an _____ of _____?

_____ know any _____ devices that _____ data transfer from IoT _____?

I want to _____ there _____ recommended _____ equipment _____ for _____ from _____ internet-enabled sensors.

Is _____ to suggest _____ network _____ to prioritize data _____ transmitted _____?

_____ network _____ that can _____ to _____ sensor traffic?

Is _____ possible to advise _____ suitable network _____ transmitted by _____ sensors?

Are _____ network _____ to put _____ internet sensors on _____?

Are there any network _____ prioritize the _____ traffic?

Suggestions _____ to favor _____ flow of signals _____ multiple _____?

Suggestions on how to _____ an Internet of _____?

_____ network _____ to prioritize traffic in _____ system?

I need _____ network _____ prioritize _____ of _____ traffic.

Do you have _____ network _____ for the _____ things?

_____ for _____ to prioritize _____ things device traffic?

Is there any network _____ that _____?

Does there a recommendation _____ prioritize internet-enabled sensors _____ things?

_____ equipment to prioritize _____ from internet-enabled _____ needed.

_____ there any _____ network _____ prioritize traffic _____ internet-enabled sensors?

_____ you _____ any _____ the equipment _____ should prioritize _____ internet-enabled sensors?

Suggestions needed for _____ components _____ flow _____ from multiple _____ based _____?

_____ have any suggestions on _____ equipment to _____ sensors?

_____ there any recommendations _____ equipment to _____ from _____?

Is there _____ gear _____ to _____ sensor _____?

_____ a suitable network solution to _____ transmitted by various _____ sensors.

Is there _____ to _____ advice _____ network _____ choices _____ us _____ prioritize sensor-generated data in _____ of Things?

Is it _____ network equipment _____ prioritize _____ based _____ sensors?

_____ to suggest network _____ that can prioritize traffic _____ the _____?

Do _____ know what _____ can _____ used to _____ from _____?

Is there _____ gear _____ manage data _____ sensors?

_____ network equipment _____ can _____ the data from _____ sensors?

Do _____ give _____ sensors on a network?

_____ possible to _____ on suitable _____ to prioritize internet-enabled _____?

Recommendations _____ for prioritized sensor traffic _____ an _____ things _____.

There _____ a recommendation _____ equipment for choosing the right _____ of _____ internet _____.

Is _____ network _____ would recommend for prioritized _____?

Is there any _____ that can _____ used _____ manage _____ internet- _____ sensors?

Network devices that efficiently _____ the _____ Things?

Do you have _____ on _____ traffic from _____ internet-enabled sensors?

_____ you _____ suggestions _____ sort _____ the internet of things?

Can _____ recommend network _____ will _____ my sensors?

_____ there _____ network _____ prioritize the _____ streams transmitted by various _____?

Is _____ suitable network equipment _____ prioritize _____?

I need _____ gear to prioritize _____ things system.

What _____ should _____ given priority for _____ data?

_____ a recommendation _____ equipment to prioritize _____ from internet-enabled _____?

Do _____ know _____ should prioritize _____ internet-enabled sensors in _____ Internet _____?

_____ to _____ suitable _____ to prioritize the _____ sent by _____ internet-equipped sensors?

Do _____ have any network equipment _____ about _____ internet _____?

Any suggestions on _____ network _____ use _____ prioritize _____?

_____ to get _____ network equipment _____ that allow us _____ sensor-generated data?

What equipment _____ used _____ prioritize _____ data _____ in _____ internet _____ things?

Is there a _____ to prioritize _____ streams _____ various _____ sensors?

Which _____ is _____ prioritize internet-enabled sensor _____?

_____ you _____ recommendations for _____ gear to sort out _____ of _____ chaos?

Suggestions _____ be given _____ that _____ the flow of _____ multiple _____ sensors.

Do you _____ network _____ that should _____ the sensor _____?

Is it _____ network options that _____ traffic from _____?

Is _____ equipment _____ will prioritize traffic from _____ sensors?

Do you _____ equipment _____ the traffic from multiple _____ sensors?

_____ there _____ recommended _____ to prioritize traffic _____ sensors?

_____ it possible _____ expert advice on network equipment choices _____ sensor-generated _____ the internet things?

_____ there _____ recommended network equipment _____ could help prioritize _____?

_____ know _____ any network _____ can prioritize internet-enabled _____?

Is _____ recommendation _____ equipment to _____ traffic from _____?

_____ for devices _____ internet connected _____ flows?

Is _____ a network _____ that could prioritize _____ various internet-equipped _____?

_____ give priority to _____ sensor data?

_____ you have any suggestions for _____ prioritize _____?

_____ a _____ solution _____ can _____ the data sent by _____ internet-equipped _____?

_____ give _____ your _____ on networking _____ that _____ be used to prioritize _____ of the _____?

What gear should _____ use _____ priority _____ internet-enabled _____?

_____ to _____ of _____ sensors traffic?

_____ networking equipment should be _____ to _____ flow?

Is _____ a _____ can prioritize data streams _____ internet-equipped _____?

Are _____ specific network _____ choices _____ help prioritize _____ from _____ sensors?

_____ suggestions as to _____ equipment should _____ used to _____ data _____?

Can you _____ network solution that _____ data streams _____?

Is there a recommendation _____ the _____ prioritize traffic _____ of _____?

_____ there any network _____ tips _____ putting internet sensors _____ the top _____?

Do _____ recommend _____ gear _____ give priority to _____ in an _____ things _____?

_____ you have _____ suggestions _____ network _____ to prioritize _____ my _____?

_____ possible to advise _____ suitable _____ solution _____ the data _____ transmitted by _____ internet-equipped sensors?

_____ you have any ideas on the _____ should _____ used _____ internet-enabled sensors?

_____ for devices _____ sensor data?

_____ there _____ that _____ prioritize the data transmitted by _____ sensors?

Is there any _____ options that _____ traffic _____ different _____?

Should networking _____ prioritize _____ data from internet-enabled _____?

Is _____ any _____ equipment _____ that _____ from internet- connected sensors?

_____ how to prioritize _____ traffic in the _____ Things?

Recommendations _____ prioritize their internet of _____ traffic?

_____ there _____ networking hardware to manage _____ data?

Is there a network _____ would _____ data transmitted _____ internet-equipped _____?

_____ network _____ we use _____ traffic _____ internet-enabled sensors?

_____ any good internet _____ that _____ data _____ from IoT _____?

Is there any _____ that _____ sensor data _____?

_____ if _____ are _____ specific network equipment _____ that will help _____ traffic _____ sensors?

Is _____ any network equipment _____ prioritize _____ from the internet?

Is _____ any _____ gear you suggest _____ prioritization _____?

Is there _____ recommendation on _____ from internet-enabled _____?

_____ prioritize _____ traffic _____ the internet of things.

Recommendations on _____ equipment _____ prioritize data _____ sensors _____ be _____.

Can _____ recommend _____ prioritize _____ from my sensors?

_____ networking equipment that gives _____ to _____ diverse Internet-linked sensors?

Do _____ any recommendations _____ that will _____ from internet-enabled sensors?

Can _____ network solution _____ prioritize the data _____ transmitted _____ internet-equipped _____?

Suggestions about _____ sensors

_____ am wondering _____ there is _____ recommended gear _____ from _____ sensors.

_____ equipment to prioritize _____ data _____ internet-enabled _____ are needed.

_____ there _____ for network _____ to _____ traffic?

_____ there _____ equipment tips for _____ internet _____ priority?

_____ me _____ suitable network equipment to prioritize _____ internet-enabled _____?

_____ a preferred IoT traffic _____?

_____ networking equipment _____ flow in the internet _____ things.

Can you _____ on suitable network _____ to _____ internet-enabled _____?

_____ any _____ for equipment for choosing _____ of _____ come from _____ enabled _____?

_____ any network _____ for _____ internet sensors at _____ of the priority _____?

Suggestions on how _____ sensor traffic _____ of things _____.

Any suggestions _____ sensor traffic on _____ network?

_____ on _____ best _____ to prioritize traffic from _____ internet-enabled sensors?

Is there any _____ equipment _____ prioritization _____ traffic _____ internet-enabled _____?

_____ for equipment to _____ traffic from _____ web- _____?

Is _____ recommendation _____ to _____ from internet-enabled _____ in the _____ of Things?

Is there _____ network options _____ different _____ connected IoT sensors?

_____ you _____ any network equipment tips _____ internet _____ first?

_____ there any _____ equipment _____ prioritize _____ sensors?

_____ you _____ network _____ prioritize internet of things sensor _____?

Suggestions on _____ to prioritize _____ in _____ internet of _____?

Are there any _____ gear that _____ sensor _____?

_____ you know of any recommended _____ to manage data _____?

Do you _____ network _____ that would give _____ to _____?

_____ tell me _____ there _____ any recommended _____ to prioritize sensor _____?

Any suggestions _____ networking _____ would _____ sensor data _____?

Can _____ recommend network _____ that would _____ sensors?

_____ you _____ any _____ that could be used to _____ traffic from _____?

Are _____ any _____ that will _____ traffic _____ the internet?

_____ suggestions on _____ can _____ get _____ access to sensor information?

What _____ gear _____ you _____ in order to _____ priority _____ sensor _____?

Is _____ choice that will _____ prioritize _____ from _____ sensors?

Suggestions for _____ prioritize sensor _____ of Things?

_____ there _____ specific network equipment _____ prioritize traffic from internet- _____ ?
_____ equipment _____ priority to the Internet of _____ ?
_____ want to know _____ there _____ network _____ that _____ prioritize sensor _____.
_____ any recommendation for equipment for _____ right _____ of _____ from the _____ ?
Do you know of _____ recommendations for _____ equipment _____ from _____ sensors?
Any recommendations _____ manage data from _____ sensors?
_____ on networking _____ to prioritize the _____ from _____ required.
What is _____ best _____ to _____ the internet-enabled _____ data?
_____ there _____ recommendation for equipment _____ the right amount _____ from the _____ ?
What _____ gear _____ internet-enabled sensor _____ ?
Please _____ me _____ network _____ prioritize internet-enabled sensors.
_____ on networking equipment _____ data _____ sensors _____ be needed.
Are you aware of _____ tips _____ putting _____ sensors _____ ?
Any _____ network gear should prioritize _____ ?
_____ be _____ priority to Internet of Things sensors on _____ ?
Which _____ gear _____ use _____ to internet-enabled sensor data?
Do you _____ recommendations _____ equipment to prioritize _____ ?
Is _____ any _____ gear that can be _____ manage _____ internet-connected _____ ?
_____ like _____ know if _____ any network _____ traffic from internet connected _____.
_____ have _____ on network _____ should be prioritized _____ sensor traffic?
_____ for devices to prioritize _____ connected _____.
_____ prioritize _____ receiving from _____ Internet-enabled things?
Is _____ possible _____ network _____ to _____ sensor traffic?
Is there _____ recommendation for _____ equipment _____ the traffic _____ various _____ ?
Are there _____ network _____ prioritization of sensor traffic?
_____ do _____ is the _____ to give _____ to internet-enabled sensor _____ ?
_____ any _____ gear for prioritization of _____ traffic?
Do you _____ best _____ to prioritize _____ from _____ internet-enabled sensors?
Suggestions _____ devices _____ prioritize my _____ of things _____ ?
Are _____ gear you _____ suggest to _____ traffic?
_____ needed on _____ components _____ the flow of _____ from multiple _____.
Do you _____ recommendations _____ what _____ use to _____ internet-enabled _____ ?
_____ recommendation _____ equipment _____ prioritize the _____ from internet-enabled sensors?
Can _____ equipment _____ will prioritize traffic _____ internet _____ things?
Does there any _____ for equipment to _____ traffic _____ in _____ of _____ ?
_____ any networking equipment that would _____ precedence _____ from _____ sensors?
Is there _____ gear for _____ from diverse internet-connected _____ ?
_____ any network gear _____ can _____ sensor traffic?
Do _____ any _____ on network _____ that should _____ traffic?
I want _____ know if _____ any _____ that will _____ traffic _____ internet-enabled _____.
_____ there any gear _____ would _____ sensor _____ ?
Is there a suitable _____ solution to _____ the data _____ by _____.
_____ what the best _____ is for _____ traffic from _____ sensors?
_____ have _____ network gear recommendations to sort _____ of _____ ?
_____ there _____ network _____ choices that can _____ to prioritize traffic _____ from _____ ?
Is _____ any _____ equipment _____ precedence _____ traffic from Internet-linked _____ ?
Can _____ networking equipment _____ will give _____ the _____ from _____ sensors?
Is _____ equipment _____ will help _____ traffic from _____ connected sensors?
Is _____ any network equipment _____ to _____ from internet-enabled _____ ?
_____ you _____ on networking equipment to _____ internet-enabled _____ ?

_____ network gear should I use to _____ to _____?

Network devices _____ in the internet of Things?

_____ able to suggest network equipment to prioritize _____ from _____?

Can you tell _____ network _____ that will _____ internet-enabled _____?

_____ traffic _____ gear preferred _____ the _____ of _____?

Can _____ give me _____ networking options _____ are _____ prioritization of the traffic flow _____?

_____ there any _____ that will help _____ traffic from _____?

_____ network _____ is best to _____ to _____ data?

Can you _____ solution _____ the data _____ by _____ internet-equipped sensors _____ our infrastructure?

_____ networking equipment _____ data flow _____ the internet _____ things?

_____ there any specific _____ equipment _____ that will _____ coming _____ internet connected _____?

_____ network gear _____ to prioritize _____?

_____ a suggestion on how to prioritize _____ from _____ of _____?

Is there any _____ that _____ sensor traffic?

I _____ wondering _____ there _____ network equipment options _____ prioritization _____ internet-enabled sensors.

_____ you recommend suitable _____ equipment to _____ internet-enabled _____?

_____ that _____ be used to _____ receiving from _____ things?

_____ know _____ any _____ choices that _____ help prioritize _____ coming from internet-connected _____?

Is _____ recommendation for _____ prioritize _____ from internet-enabled _____ in the _____ Things?

_____ network equipment be used to _____ from _____?

_____ you have any _____ equipment to _____ internet-enabled sensors?

_____ the _____ traffic prioritization _____ internet of Things?
