

[Demo] NLP Dataset for Customer Service Automation

Company Type	Automotive manufacturers
Inquiry Category	Assistance with vehicle navigation and multimedia systems
Inquiry Sub-Category	Integration with other vehicle features
Description	Supporting customers in integrating their navigation and multimedia systems with other vehicle features like voice recognition, steering wheel controls, or vehicle settings customization.
Data Size	5,089 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Automotive manufacturer" customer inquiry. (Purchased data will not be masked.)

Bluetooth devices affect phone or media console?

Are the calls and streaming the connected?

Is there any and stream on console due devices used?

few devices viaBluetooth will use of phones entertainment consoles.

it possible that media calls using multiple linkedBluetooth?

possible severalBluetooth to potentially disrupting calls or music.

the quality media streamed into the entertainment console the use multiple?

The ability to transmit would disrupted we linked differentBLE.

It's possible a viaBluetooth affect the phone entertainment console.

it having a devices via wireless affects usage of entertainment?

Does of the functions of a concert?

Is Bluetooth devices for television the entertainment console?

It is possible that flows of phone call entertainment be affected.

possible that a could affect usage of a phone or console?

possible that the audio quality, stability, streaming performance of the number ofBluetooth devices

compatibleBluetooth peripherals are console, the to call and content via would.

connecting a of viaBluetooth how my music play?

Is it that a could the use of and entertainment consoles?

Can bunch ofBluetooth interfere phone and?

calls streaming on console may by connected.

Is it possible that a viaBluetooth will use phone entertainment?

is for severalBluetooth to coincide with other with calls music.

it that a devices wireless could the use a call appliance?

When different bluetooth the ability to call and transmit video be.

Did connecting a impact on the phone or screen of the?

it media feeds and calls affected by multiple?

effect on calls effects result using severalBluetooth devices with an console

Is it possible that a few devices via Bluetooth won't use of and ?

Can phone calls streamers be connecting one the entertainment ?

Phone calls suffer due having linked devices?

Is media feeds calls will affected by multiple .

and audio effects result of using devices in conjunction with consoles?

Is it affected by multiple Bluetooth devices?

Multiple devices be to interfere the console's ability to make

Is it and calls affected when using configurations?

The to call transmit video through may disrupted there an different Bluetooth

connecting a of devices have call or on play entertainment system?

multiple linked Bluetooth devices interfere phone ?

Will the conversations be hurt equipment?

phone and stream on the any to devices?

and viewing the console could be affected more one .

The phone calls and stream the problems due devices .

be linked at the time, interfering phone and audio ?

the usage of phone appliance having few devices wireless?

If we linked peripherals ability to transmit content via .

Will phone streamed an console be affected the number of Bluetooth ?

Is and audio effects the using several Bluetooth devices with Entertainment consoles?

and multimedia might be by matching up with the console.

Does the and on the issues due to ?

Is it possible phone-console by of Bluetooth ?

There possibility having a few devices via affect of phone or console.

for be linked at time, potentially with phone calls or .

The entertainment console can to calls can using multiple ?

It is for several Bluetooth gadgets to with phone music

and multimedia on would affected by the use of connected Bluetooth .

Is it the flows call or consoles affected by multiple ?

the multiple Bluetooth devices calls media on the entertainment ?

When there's interaction the ability call the console may disrupted.

it possible a devices affect the a call or video game?

possible media might be when using multiple linked Bluetooth simultaneously?

Is it that use of entertainment console will be by a ?

It is for gadgets to with each other phone music system.

Did connecting bunch devices have effect call quality and screen entertainment ?

Can bluetooth devices affect console's to calls media?

people multiple bluetooth devices entertainment console, is difference in calls and ?

is that a devices using wireless a or a video game.

It _____ possible that _____ and _____ will _____ affected _____ multiple _____ at the same time.

If there are more than _____ ofBluetooth _____ in _____ quality might _____.

Is the _____ impact on calls and _____ the _____ of using several _____ in _____?

_____ that _____ a few _____ via wireless could influence _____ use of a _____ consoles?

The _____ to call and _____ video _____ the _____ may _____ interrupted _____ there's an _____ bluetooth

connecting bunch devices have an on quality or entertainment system.
 the conversations the console be by of various BLE ?
 is that a few devices via wireless could affect of call game.
 Did bunch devices affect call quality media in system?
 Is true the simultaneous of can affect phones music entertainment ?
 calls entertainment consoles by the linked devices?
 Is harmful to phone or the console?
 of equipment hurt the conversations on the console?
 the impact on calls and audio to use devices in consoles?
 possible that having few devices via wireless can the phone call .
 Is it possible media feeds affected when linked Bluetooth together?
 a pair devices calls or through a ?
 Is that use a and consoles be affected by a via wireless?
 call and viewing on might be by than one device
 is few devices via wireless may a phone call entertainment appliance.
 to use devices affects the streaming of programs on an Entertainment .
 it multiple linked Bluetooth configurations affect feeds calls?
 Is possible having via wireless could the of a phone and ?
 Is the sound calls and audio multiple Bluetooth devices combination entertainment consoles?
 possible for gadgets to linked together at time, potentially interfering phone .
 Is phone media an entertainment console number devices pairing?
 The console can be make and stream media multiple devices ?
 Can the simultaneous connection phones music entertainment system?
 it that via Bluetooth will affect of and entertainment console?
 several Bluetooth linked together at once, interfering with calls or audio music?
 Does ability multiple affect the and of in entertainment console?
 Is for to be linked together, possibly with and ?
 Will problems calls and streaming if there of Bluetooth ?
 Is it possible audio phone on entertainment system with by the of ?
 phone calls and stream on the console any due to devices?
 the calls stream on console any issues due more than one being
 sound and audio effects come from using devices together ?
 Did the phone and the have any problems of connected used?
 is possible a few via can affect usage a entertainment console.
 Will on console affected the connection Bluetooth equipment?
 The ability to call the may when an different bluetooth.
 Is it possible having a few via wireless affect the call ?
 It's possible the of call or consoles be affected if more .
 and entertainment changed by ?
 Is the media on by the multiple bluetooth ?
 the quality of call media through entertainment console are affected ability use ?
 Did the and stream the console have connected BLE ?
 bluetooth devices interfere with the console, used make .
 Is phone media streamed an entertainment the of pairing?
 Will or media the be affected linking ?
 Did devices any problems phone and stream the ?
 it possible that calls affected multiple setups are used ?
 The quality media into an entertainment console may be the ability use .
 With linked to call and content console would be disrupted.
