

[Demo] NLP Dataset for Customer Service Automation

Company Type	Electricity Suppliers
Inquiry Category	Expansion project planning assistance
Inquiry Sub-Category	Load analysis and planning
Description	Customers require assistance in analyzing the anticipated electrical loads of their expansion project, estimating the energy consumption, and developing a comprehensive plan to meet their increased electricity demands.
Data Size	5,144 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Electricity Supplier" customer inquiry. (Purchased data will not be masked.)

____ would ____ need ____ additional voltages when ____ their commercial ____?

____ there ____ can ____ if expanded facilities will require added ____?

____ if I need more ____ grow my ____?

____ we ask ____ a professional opinion ____ whether ____ expansion ____ power?

Who ____ be asked ____ increased ____ in a ____ commercial space?

____ more ____ required in ____ expansion.

Is there ____ person who ____ the ____ power in commercial ____?

Someone might ____ able ____ determine if ____ is ____ when ____.

Who would make ____ assessment ____ the need ____ power ____ building ____?

If the ____ premises ____ to be ____ need for extra ____?

____ is ____ of evaluating ____ electrical boost ____ expanding ____ infrastructure?

____ make a determination on ____ power ____ the ____ is expanded?

Who ____ the need for increased voltage ____

____ decides the ____ of ____ more power ____ business ____?

Who ____ make ____ assessment ____ need for power ____ building is ____?

When expanding my store, who ____ if ____?

____ is need for increased voltage ____ premises?

____ we go for ____ opinion on ____ our ____ expansion needs ____?

Who ____ the ____ for ____ when ____ premises are expanded?

____ expanding a ____ would assess the need ____ power?

Who would look into ____ need for ____ are ____?

____ it ____ to ____ more voltage ____ required when scaling ____ operations?

____ would ____ for more power ____ the expanded premises ____?

____ verified ____ levels for commercial ____ expansions?

____ if we need ____ our expanding business?

Who would ____ at ____ need ____ when expanding?

When a ____ expands, who ____ the ____ power?

____ get an opinion ____ expansion requires more electrical ____?

Who would _____ an assessment _____ need _____ more _____ at _____ expanded _____?

_____ ask _____ professional opinion _____ whether our commercial _____ requires _____ power?

Who would _____ the _____ for additional _____ building is _____?

Who _____ for higher _____ in bigger buildings?

Should _____ a _____ opinion on _____ our commercial expansion _____ power?

When _____ a _____ premises, who would make _____ of _____ for _____?

_____ appraises the extra _____ expansion?

_____ can evaluate _____ need _____ more power _____?

Who _____ for _____ the necessity _____ wires in expanding _____?

Who _____ if more power is _____ for my _____?

Is _____ someone _____ can evaluate additional voltages _____?

When expanding their _____ do _____ consult for _____?

_____ will _____ look at _____ the need for power _____?

_____ would make an _____ need _____ power when they _____?

_____ make a _____ the need for more _____ the expanded _____?

When _____ premises _____ being expanded, _____ would _____ an assessment _____ need _____ power?

_____ a _____ its _____ who _____ make _____ assessment _____ need for power?

Who decides _____ for _____ larger buildings?

_____ expanding _____ business's premises, _____ need for additional voltage?

Who would _____ for _____ their premises are enlarged?

_____ should _____ involved _____ the necessity _____ voltage _____ a commercial building?

_____ would _____ an assessment _____ power when the commercial premises _____?

_____ would _____ at the _____ for _____ a business _____?

Someone _____ be _____ if more voltage _____ scaling up operations

_____ a question _____ who decides the _____ of extra _____ in _____.

_____ checks _____ voltages when expanding businesses?

When expanding _____ premises, _____ would check _____ need _____ additional _____?

_____ would appreciate your _____ whether the site expansion _____.

When _____ business establishments, _____ to increase voltages _____?

Who is _____ for determining an _____ boost _____ extending _____?

_____ verified _____ for _____ levels before space _____?

_____ should be consulted on _____ of increased voltage _____ a _____?

Is there _____ who knows _____ is _____ to _____ spaces?

_____ an assessment _____ the need for _____ when commercial premises _____?

_____ decides on _____ need to increase power?

When _____ a _____ adding more _____?

_____ a store, who _____?

_____ decides on increased _____ in _____?

Who takes _____ account the need _____ expanding business _____?

_____ a _____ who _____ the _____ for added voltage?

How can _____ trade _____ for _____ needs?

_____ would assess _____ extra power when _____ building is _____?

_____ would make a _____ need _____ additional power _____ they _____?

Is _____ a person _____ analyzes _____ voltages for _____?

When expanding _____ premises, _____ would make an _____ for _____?

_____ the need to increase _____ when _____ business?

_____ look _____ the need for additional _____ were expanding?

_____ a _____ who approves the addition _____?

_____ there _____ can tell if more _____ is needed _____?

Who _____ at the _____ power when expanding the _____?

_____ question of who _____ the necessity of _____ in business _____.

When _____ who do they consult about _____ power?

Is it possible _____ and advise _____ expanded _____ need _____ electricity?

Who would _____ the need _____ power when the _____?

_____ would _____ at the need _____ power _____ their _____ are _____?

Who _____ at to _____ more _____ when _____ expand?

_____ we _____ a professional _____ on whether _____ expansion _____ electrical _____?

Is _____ who knows if more power _____ commercial _____?

_____ decides _____ need for _____ in larger premises?

_____ appraises extra voltages _____ expanding _____?

Is _____ to determine if _____ is required _____ commercial _____?

Who would look at _____ when a business _____?

_____ an _____ demand for electrical potentiality _____ an expanded workspace?

_____ would _____ an assessment of _____ need _____ when there is _____?

_____ would decide _____ needs _____ power when it _____?

_____ a growing commercial _____ who should be _____ of increased _____?

Should more voltage be _____?

Who decides _____ the _____ increased power _____ premises?

Is there _____ who _____ if _____ power _____ needed _____ commercial _____?

Someone who _____ in evaluating _____ for _____?

What _____ be _____ of the _____ power when _____ are expanded?

Who _____ an assessment _____ the _____ when _____ are expanded?

_____ take _____ account _____ for additional _____ expanding a business?

Who decides on _____ need _____ premises _____ increased _____?

_____ there a _____ determine if _____ voltage is _____ a commercial _____?

_____ power at _____ premises _____ be assessed by a person.

_____ would make an assessment _____ for _____ power _____ expanding?

Is _____ assessing _____ demand of new _____ potentiality in _____ expanded _____?

Is _____ person in charge _____ assessing _____ in the expanded workspace?

_____ for _____ power levels before a _____ expansion?

_____ there is _____ way _____ additional _____ while expanding commercial buildings.

_____ it _____ to _____ the _____ power when our business _____?

Are _____ specialists _____ if _____ new commercial space _____ power?

Who _____ extra _____ for _____ commercial space?

Is there a way to _____ for _____ voltages _____?

_____ expansion of commercial _____?

_____ the extra _____ for _____ commercial _____?

Adding _____ power _____ expansion?

_____ it _____ to determine _____ more voltages _____ required _____ commercial _____?

_____ a determination _____ the _____ for power _____ the _____ are enlarged?

While expanding our _____ requirement for extra _____.

If _____ is required when expanding _____ who _____?

Are _____ experts _____ can determine _____ more _____ is _____ during _____ expansion?

_____ might be _____ figure _____ if more _____ needed when scaling _____.

Who would see _____ more _____ at their _____?

_____ check _____ the _____ for _____ power in their _____?

_____ there _____ that can _____ if _____ required in a _____ expansion?

Who _____ make _____ need for _____ when the _____ were expanded?

_____ whether or not to _____ in bigger _____?

Who _____ the _____ voltages _____ expansions of _____?

____ extra voltages ____ for expanding ____ ?
 ____ need ____ extra power when ____ an expansion of ____ business' premises?
 ____ anyone who knows ____ more power is ____ for ____ ?
 Who is responsible for ____ necessity of ____ in ____ ?
 Who ____ need for ____ power when a business ____ ?
 ____ make ____ of ____ need for power ____ the ____ are being expanded?
 ____ someone qualified ____ for expanded premises?
 Who ____ make ____ on the need ____ power ____ a business ____ ?
 When expanding ____ assess the need for ____ ?
 ____ expansion ____ commercial spaces with extra ____ ?
 Who approves the added ____ store ____ ?
 Who ____ assess ____ extra ____ when ____ premises ____ being expanded?
 ____ decides ____ we need ____ juice ____ expanding business?
 If the commercial ____ more ____ who would ____ ?

 Who would ____ at ____ power when expanding their ____ ?
 Who ____ make ____ determination ____ need for ____ when their ____ expanded?
 Businesses are expanding, should ____ ?
 Who ____ look ____ need for ____ expanding their business?
 Who would make ____ of the ____ voltages when their ____ ?
 ____ would ____ for ____ more power when they expanded?
 Who ____ for additional voltages when ____ ?
 ____ the ____ premises ____ being expanded, ____ will make ____ assessment of ____ for ____ ?
 ____ commercial premises, who do they ____ about ____ additional ____ ?
 ____ there anyone who ____ power is needed to ____ ?
 ____ someone ____ assessing ____ of electrical ____ in the expanded ____ ?
 Who would ____ an ____ of the ____ at ____ premises?
 ____ more ____ is ____ the business ____
 ____ responsible ____ the need to increase ____ when expanding ____ ?
 Should ____ ask a professional ____ whether we need ____ for ____ ?
 Who should be consulted ____ increased ____ in a ____ space?
 ____ extra voltages ____ expanding commercial ____ ?
 Who would ____ need for additional voltages ____ their ____ ?
 Someone ____ an ____ the need ____ more ____ at ____ place ____ business.
 Who would ____ for more power ____ premises?
 ____ should be ____ voltage ____ a growing commercial ____ ?
 ____ a ____ decides the ____ of extra volts ____ business ____ .
 ____ you ____ the ____ additional ____ when we expand?
 ____ requirement ____ extra voltages while ____ our premises.
 ____ anyone ____ decides if the new commercial ____ supply frequencies?
 Who ____ at the ____ for ____ voltages ____ expanding ____ premises?
 ____ commercial premises ____ would ____ an assessment of power needs?
 Who ____ look at the need ____ more ____ ?
 ____ for expanding commercial space?
 Who ____ on ____ for additional voltages when ____ their ____ ?
 ____ of ____ is taking place, who ____ the need for ____ power?
 Who ____ look at ____ to ____ the ____ for power?
 Expansion of ____ business' ____ may ____ an assessment ____ need ____ extra ____ .
 Who ____ evaluate the ____ for ____ when ____ ?
 ____ need for more power ____ we ____ our ____ space?

When the _____ of a business' _____ who would _____ for power?
 _____ store, who _____ the _____ voltage?
 _____ tell me if _____ capacity is _____ when _____ larger _____.
 Who _____ look at _____ for power _____ the _____ are _____?
 Who makes the decision _____ increased voltage _____ buildings?
 Does anyone _____ expertise _____ more _____ needed during commercial expansion?
 Someone would have _____ an _____ need for power when _____ expanded.
 Determine _____ needed _____ business expansion.
 When _____ premises, who would _____ an assessment _____ the _____ additional _____?
 Who would look _____ the _____ to see the need _____?
 Who would _____ their _____ see the _____ for _____ power?
 Who _____ make _____ assessment _____ the need _____ more power _____ the _____?
 _____ we seek professional opinion _____ more electrical power?
 _____ a _____ growing, who _____ added _____?
 _____ check _____ for more power when _____ their business?
 Can you _____ if _____ is necessary to _____ enlarge our _____?
 _____ need _____ increased _____ a growing commercial _____ be _____ by who.
 Who appraises _____ voltage _____ expanding _____?
 Who would _____ a _____ need for _____ when a _____ expands?
 _____ approves of added _____ growing _____?
 Is there a _____ if new commercial _____ increased _____ frequencies?
 _____ the premises are expanded, who will _____ an assessment _____?
 I would _____ know if _____ need more voltages _____ expanded _____.
 _____ it _____ determine if _____ power will be _____ when scaling _____?
 _____ there anyone _____ can _____ more _____ is required for _____?
 When the _____ premises _____ being _____ who _____ make _____ assessment _____ need _____ extra _____?
 Who would _____ of _____ for additional _____ the business is _____?
 _____ a _____ determine if more power is necessary _____ operations?
 Who _____ at the _____ for _____ when _____ are enlarged?
 _____ should be involved _____ the _____ increased _____ in a _____ space?
 _____ assess _____ for _____ when commercial premises are expanded?
 Who should be _____ in _____ for increased _____ in a _____?
 Who _____ into _____ extra voltages for expanding _____?
 When _____ are _____ would make _____ assessment of _____ needs?
 Who _____ see _____ need _____ power when the _____ premises _____?
 Who _____ assess the _____ for _____ when a _____ being _____?
 Who would _____ assessment of _____ additional _____ in _____ business?
 Who decides _____ commercial expansion?
 Is _____ possible _____ more _____ is required _____ commercial expansion.
 _____ would _____ an _____ the need _____ when _____ their business premises?
 _____ for _____ when the commercial premises are _____ be _____ someone.
 _____ expanding _____ premises, _____ would _____ a _____ need for additional power?
 The person who _____ for _____?
 Who do they _____ when expanding their _____?
 _____ there specialists _____ space needs increased power supply frequencies?
 _____ need _____ increase _____ when _____ business establishments _____ by who.
 _____ we _____ a _____ if our expansion needs _____?
 _____ would look at the _____ extra _____ a _____ expanded?
 _____ would make _____ assessment of _____ power _____ the _____ are expanded?
 _____ about additional voltages _____ when _____ their _____ premises?

_____ a determination about the _____ for _____ power when _____ premises _____ expanded?

Who _____ need _____ power at _____ expanded premises?

_____ is _____ during business expansion

_____ there a _____ to _____ in order to _____ commercial property?

When _____ a _____ premises, who _____ an assessment _____ for _____ power?

_____ seek _____ professional _____ whether our expansion needs _____ power?

When _____ commercial _____ is happening, who _____ the need for _____ power?

Who _____ at the _____ to _____ when expanding _____?

_____ more _____ at the _____ premises would be _____ by _____.

Does _____ more power _____ during commercial expansion?

_____ is an _____ of _____ commercial premises, who _____ need for extra _____?

When _____ premises are expanded, who would _____ for _____?

_____ make _____ the _____ power during the _____ of a business' premises?

Who _____ be _____ the _____ of _____ voltage in a commercial _____?

_____ assess the _____ for _____ expanding a business?

Who would make _____ assessment of _____ need _____ a _____ is _____?

Who would _____ the need _____ power _____ the _____ premises _____?

Is _____ can _____ the demand _____ new _____ potentiality in _____ expanded workspace?

_____ they _____ to see if they needed more _____?

Does anyone know _____ voltage _____ commercial expansion?

_____ a _____ who _____ assess _____ of _____ electrical potentiality _____ the expanded workspace?

_____ be _____ to figure out if more _____ necessary _____ scaling _____.

_____ business's premises, who would _____ additional voltages?

While expanding _____ buildings, is _____ assess _____ voltages?

_____ if more power _____ needed when scaling _____.

Does _____ have _____ to determine _____ voltage _____ required _____ a commercial _____?

Who _____ decision on _____ need for _____ larger premises?

Who would _____ the need _____ at the _____?

_____ someone with _____ in _____ additional voltages _____ expanded _____ premises?

_____ expansion _____ a business' premises _____ would _____ need _____ extra power?

Who checks _____ needed _____ commercial properties?

It's a question of who _____ review and _____ power.

Is _____ possible for _____ if expanded facilities will need _____?

_____ anyone _____ can tell _____ if _____ voltage is _____ during _____ expansion?

Someone _____ determine _____ more _____ scaling up operations.

Who is _____ evaluating an electrical _____ your corporate _____?

_____ would check _____ for additional voltages when expanding _____?

Who checks _____ electricity _____ needed _____ properties?

Does _____ know _____ more power _____ commercial expansion?

_____ expanding _____ who would assess _____ for _____ power?

Who _____ assess _____ extra _____ when a business _____?

_____ be more voltage?

_____ we ask _____ if _____ expansion needs _____ power?

Who _____ on _____ extra voltages for _____?

When _____ premises, who would _____ of _____ need _____ more power?

Who _____ to _____ when expanding businesses?

_____ look at _____ need for _____ power _____ the _____ are _____?

_____ determine if more power is required in _____ commercial _____?

It's a _____ can _____ advise if _____ facilities would require _____.

_____ about _____ more power in larger premises?

_____ my store, _____ for more power _____?
 Who _____ at expanded premises _____ need for _____?
 _____ would make an assessment _____ power _____ the premises _____ being expanded?
 Should we ask _____ on _____ our commercial _____ requires _____ power?
 _____ decide when _____ need _____ for _____ expanding business?
 Who _____ they _____ see a _____ power when they _____?
 _____ the _____ to increase voltages _____ expanding business _____?

 _____ make a _____ about _____ need _____ extra power when _____ is _____?
 _____ assessment would _____ made _____ the _____ for _____ power _____ premises are _____?
 When expanding _____ premises, _____ assess _____ for additional _____?
 Who _____ the _____ more _____ when their _____ were expanded?
 Is _____ who can assess the demand _____ electrical _____ the _____?
 Who reviews the _____ to _____ voltages _____ expanding _____?
 _____ would _____ the _____ more power _____ the expansion?
 Who will _____ look _____ to _____ need for more power _____?
 _____ of _____ business's _____ require _____ of the need for additional _____.
 _____ would _____ a _____ of the _____ additional _____ a business expands?
 _____ of a _____ might require _____ of _____ for additional power.
 _____ who works on _____ extra voltages _____ premises?
 Who _____ the extra voltages _____?
 Who _____ the _____ say _____ of extra volts _____ business premises?
 _____ growing a _____ approves _____ energy?
 _____ an _____ assess the demand _____ new _____ potentiality in an _____ workspace?
 _____ the need _____ more power _____ an expansion of _____ commercial premises?
 We would _____ on _____ more electricity during _____ expansion.
 The need _____ extra _____ expansion _____ a _____ is unknown.
 _____ an assessment _____ for more power when _____ building is _____?
 Is _____ possible to determine _____ more _____ is required _____?
 Which _____ requirements for _____ power levels _____ expansions?
 _____ expansion _____ the commercial _____ taking place, _____ assess _____ need for _____ power?
 _____ there someone _____ works on evaluating _____ voltages _____?
 Someone may _____ to _____ if more power _____ needed _____.
 Who would _____ the need for _____ power _____ the _____ premises are _____?
 Who _____ assess _____ power in _____ business's expansion?
 While expanding _____ who should _____ the _____ extra _____?
 _____ would look _____ see the need _____ power?
 Who _____ the _____ for commercial _____?
 In _____ business premises, who decides _____ of _____?
 Who makes _____ on _____ need for _____ in larger _____?
 _____ would someone _____ the _____ for _____ power at _____?

Is _____ determine if _____ power is _____ for _____ expansion?

Someone _____ assessing the _____ for new electrical potentiality in _____.

Who would _____ need for extra power when the _____?

_____ expanded, who _____ assess the _____ for additional power?

_____ voltages for expanding commercial _____?

Who _____ evaluate _____ need _____ additional voltages when expanding _____?

Who would _____ need for power _____ their _____?

When expanding their _____ who _____ consulted _____ voltages?

When expanding _____ who _____ more _____ is needed?

_____ should _____ involved _____ determining the necessity _____ increased _____ a commercial _____?

_____ it possible that _____ evaluate _____ for _____ premises?

When _____ of _____ commercial _____ is _____ would assess the _____ for _____?

Who decides _____ not to _____ voltages _____ businesses?

When expanding my _____ checks to _____ power _____ needed?

_____ they consult _____ voltages _____ expanding their premises?

_____ you _____ if there is a need to _____ order to _____ our _____?

Who _____ check out _____ need _____ they expand?

_____ possible for _____ to review and advise _____ will _____ volts?

Who can _____ the _____ for _____ expanding?

_____ of the _____ premises is imminent, who _____ assess _____ need _____?

Can _____ tell _____ for additional _____ when we expand _____ space?

Someone _____ assess _____ need for more _____ the _____.

_____ expand our business space can _____ us _____ need _____ power?

Who can _____ the _____ voltages while expanding _____?

_____ as _____ who determines _____ need for _____ volts in business _____.

_____ a _____ on _____ our commercial expansion requires _____ power?

Does anyone know _____ extra power _____ expansion?

Who _____ if it's _____ to _____ to _____ premises?

_____ checks _____ extra _____ expansion of commercial _____?

_____ would look _____ need for extra voltages when _____?

_____ would evaluate the need _____ when _____ premises?

_____ the expansion of _____ needs more power, _____ the _____?

Who _____ at _____ for _____?

Determine _____ is _____ business expansion.

_____ anyone responsible for _____ demand _____ potentiality in the expanded _____?

_____ is expanding, _____ more voltage?

_____ assessment _____ the _____ additional voltages when expanding their business _____?

_____ a _____ about the need _____ their building is expanded?

Would they _____ the _____ more _____ at _____ place of _____?

_____ a _____ need for more _____ the place of business?

When growing _____ store, _____ electric power?

Is there _____ to _____ additional _____ when _____ buildings are _____?

_____ look _____ the _____ for more _____ at _____ business?

_____ someone determine _____ more _____ is _____ up operations?

When scaling _____ operations _____ it _____ more power is needed?

_____ an expansion of a business' premises is _____ would make an _____ the _____?

Who decides _____ for _____ power in _____ buildings?

Who would take _____ account _____ need for _____ premises?

_____ would see the _____ power _____ expanding?

_____ to _____ business premises, _____ who needs extra power?

_____ expanding their commercial _____ would _____ need for _____ power?
 When expanding _____ is _____ necessary _____ the need _____ more _____ power?
 The _____ when _____ are expanded _____ be assessed by _____?
 _____ the _____ a _____ premises is taking place, _____ the _____ for _____ power?
 _____ the expansion of the _____ premises is _____ assess the _____ power?
 _____ responsible for evaluating _____ electrical _____ extending their _____?
 Do _____ know the requirement _____ extra voltages _____ expanding _____?
 _____ expanding business establishments, _____ for increased voltages?
 _____ whether more electricity is needed for _____ expansion.
 When _____ a store, who _____?
 There is _____ of who determines _____ necessity _____ additional _____ premises.
 Who _____ assess the _____ for additional power _____ the premises _____?
 _____ there a need _____ we _____ our business space?
 _____ need _____ voltages _____ businesses _____ assessed by who.
 Who _____ out the _____ additional _____ when expanding _____ business?
 Who decides on _____ need _____ increase in _____ larger _____?
 _____ if a new commercial _____ needs more power supply _____?
 _____ business' premises _____ would make _____ assessment _____ the need _____ power?
 _____ expanding business establishments, _____ decides _____ the voltages?
 _____ bigger premises, _____ the _____ for increased voltage?
 When _____ a _____ who would _____ the _____ for additional _____?
 When we expand _____ business _____ tell _____ the need _____ additional _____?
 When _____ expand _____ store, _____ checks if more _____?
 _____ would assess the need _____ power _____ the premises _____?
 Is _____ to determine if more voltage _____ during _____.
 _____ my _____ is expanded, _____ checks to _____ if _____ needed?
 _____ for commercial expansion?
 Is there _____ who _____ if more _____ for bigger _____?
 Is _____ who can determine _____ voltage is _____ in _____?
 _____ can _____ more power is _____ when _____ up _____.
 _____ need _____ increase voltage _____ order to enlarge _____ property?
 _____ check out _____ need _____ additional power _____ commercial building?
 If _____ premises _____ more power, who _____ assessment?
 Who _____ assess the need _____ power when _____ commercial _____?
 _____ would make an assessment _____ the need _____ power _____ the _____ being _____?
 Who _____ need _____ additional power _____ premises were to _____ expanded?
 Who _____ check if more _____ is _____ the _____?
 When _____ store _____ who approves _____?
 _____ the _____ premises are _____ would _____ determination _____ the need for _____?
 _____ would _____ the need _____ extra _____ when _____ expands?
 Does anyone know if _____ expansion?
 Does an _____ expanded _____ demand _____ new electrical _____?
 Can _____ the need _____ additional power _____ expanding _____ business?
 _____ there _____ who can _____ if expanded facilities would _____ volts?
 When expanding _____ commercial _____ assess _____ need _____ power?
 _____ the need _____ more _____ at the expanded _____?
 _____ the assessment of the need _____ power _____ a _____?
 When the _____ the _____ premises _____ happening, _____ would make an _____ of _____ need _____ power?
 _____ should _____ consulted to assess _____ of _____ power in _____ commercial _____?
 Someone _____ able to determine _____ power _____ when scaling up _____.

Who ____ the ____ more ____ in ____ buildings?

Who ____ assess ____ need for ____ the ____ are ____?

____ they expand ____ premises, who ____ make ____ of the ____ for ____?

When ____ premises is happening, who ____ make an ____ need for ____?

____ there ____ person who assesses ____ for ____ commercial space?

____ make a determination ____ the ____ for additional power ____ their ____?

Is ____ assessing the demand for new ____ of ____ expanded ____?

Who would take ____ power ____ expanding their premises?

____ would evaluate ____ power at ____ expanded premises.

Who would make ____ assessment ____ power ____ the ____ are enlarged?

Are ____ who decide if ____ spaces need ____?

____ decides on the need ____ higher voltage ____?

Who ____ on the ____ voltage in larger ____?

Can you assess ____ for additional ____ we expand ____?

Who decides on the ____ increased power?

____ would ____ for ____ power ____ the expanded ____?

____ who can tell if more voltage ____ commercial ____?

When ____ premises ____ to ____ more power, who would make ____ assessment ____?

Who ____ for ____ electrical boost when ____ corporate infrastructure?

____ a store ____ growing, who ____?

____ is ____ of ____ the necessity of ____ power in business ____.

____ we seek professional opinions ____ whether ____ needs ____ power?

____ it possible ____ voltage is ____ the commercial expansion?

____ me ____ my ____ needs more power when I ____ to ____?

____ business ____ about to expand, ____ would ____ an assessment of ____ for ____?

____ is a ____ as to ____ decides the necessity ____ business ____.

Is it ____ to determine ____ more voltage ____ during ____?

Who is going ____ if the ____ power?

____ business' premises are being expanded, who ____ an assessment ____?

____ expanding commercial ____ consultation ____ to ____ the ____ for increased ____?

____ expanding ____ premises, ____ would ____ an assessment ____ the ____ for additional ____?

Can ____ we need extra power ____ expansion?

____ growing ____ who ____ added power?
