

[Demo] NLP Dataset for Customer Service Automation

Company Type	Telecommunications Equipment Manufacturers
Inquiry Category	Billing and invoicing questions
Inquiry Sub-Category	Subscription Changes
Description	Customers require guidance on modifying their subscription plans, upgrading or downgrading services, adding or removing features, and the associated billing adjustments.
Data Size	5,000 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Telecommunications Equipment Manufacturer" customer inquiry. (Purchased data will not be masked.)

_____ extra _____ mid-billing _____ will their _____ be calculated _____ within _____ same _____ frame?

Is _____ the costs _____ extra _____ calculated proportionally during _____ period?

_____ proportional charge for extra features added during _____ ?

_____ for _____ features proportional _____ the time frame?

_____ your calculations _____ cost allocation when _____ use supplementary _____ billing period?

Does a _____ pricing mechanism _____ functions _____ the _____ of a billing _____ ?

Can _____ extra features _____ the _____ be accounted _____ way as _____ of the cost?

Is _____ extra functions would translate to a _____ calculation _____ term?

_____ costs _____ calculated _____ they are _____ during the _____ period?

If we _____ features _____ the _____ our _____ are expenses computed?

_____ a proportional pricing mechanism used for _____ functions at _____ the _____ ?

If _____ are new functions in _____ middle _____ the _____ proportional _____ applied.

_____ the costs _____ adjusted within this time _____ add _____ ?

_____ cost calculation _____ be affected by mid-billing _____ extra functionalities?

_____ costs _____ supplementary functions will be computed proportionately during _____ ongoing _____ ?

_____ the _____ for extras _____ period be calculated _____ ?

_____ this _____ be _____ if functional _____ place mid-cycle?

If _____ include _____ in the _____ cycle, _____ expenses computed?

_____ the costs _____ extra features calculated in _____ ?

Is _____ for the costs _____ supplementary _____ calculated _____ ongoing billing period?

Do the _____ functions that _____ the bill _____ proportional _____ adjustments _____ time frame?

Will _____ priced in line _____ ongoing _____ period?

_____ anyone _____ costs for _____ added during _____ billing _____ will be _____ proportionally?

Is the calculation _____ incorporating more features halfway _____ cycle?

Will the _____ features integrated halfway through _____ cycle _____ ?

_____ mechanism applied if new functions come _____ during _____ ?

_____ mid-billing period _____ be _____ for _____ ?

Does a proportional pricing _____ new functions are _____ month?

____ it possible ____ cost allocation ____ supplementary functions ____ a billing ____ frame?
 If ____ for additional features ____ cycle, can you tell me?
 When using ____ functions ____ billing ____ is ____ possible ____ proportional cost ____?
 Will their ____ be calculated ____ when ____ add extra capabilities?
 ____ the ____ during the billing cycle ____ accounted for in a ____ close to the ____?
 If new functions come ____ the ____ billing ____ does a proportional pricing ____?
 ____ features calculated ____ during the ____ cycle?
 ____ costs be calculated ____ same ____ period ____ add extra features?
 Is extra ____ charges proportional when ____ the ____?
 ____ am ____ if ____ will be ____ proportionally ____ the billing ____.
 Will ____ costs be ____ time ____ when they ____ extra functions?
 When extra ____ are added halfway through ____ billing period, ____ them ____?
 ____ their ____ calculated in the ____ frame when adding ____?
 ____ adding ____ billing proportional?
 Will the costs of extras ____ halfway ____ proportionally?
 ____ the charges ____ to the duration when ____ within ____ stint?
 If ____ new function ____ in the middle of a ____ pricing ____?
 ____ functions come in at ____ of ____ is there a proportional ____ mechanism ____?
 ____ there are ____ middle of ____ billing ____ is a proportional ____ mechanism ____?
 Is there a proportional ____ charges ____ more ____ the ____?
 ____ the extra ____ in a proportional ____ calculation in ____?
 I'm ____ if ____ features ____ be calculated ____ during the ____.
 ____ new functions are ____ middle of the ____ month does a ____?
 ____ a ____ pricing ____ with new ____ in ____ middle of ____ billing ____?
 Can ____ us ____ for extras added during ____ cycle will ____ proportionally?
 How are ____ we ____ new features in ____ middle ____ our ____?
 Will ____ costs be ____ the ____ time frame ____ extra functionalities?
 Will ____ be ____ within ____ same ____ frame when ____ add extra ____?
 ____ added features may ____ proportionally ____ the billing cycle.
 ____ added halfway through a billing ____ you calculate ____ them ____?
 ____ expenses ____ added ____ be proportional to ____ particular ____ period?
 Are ____ costs ____ additional ____ added during ____ billing ____ calculated ____?
 Is it possible ____ introduced ____ to have ____ costs ____?
 Is ____ can ____ proportional cost allocation when ____ supplementary ____ billing time frame?
 When ____ supplementary ____ in ____ time ____ can you accommodate ____?
 Is ____ a ____ charge ____ during the billing cycle?
 Is ____ to ____ for proportional ____ supplementary ____ in the billing ____?
 Will there ____ a ____ mechanism ____ if new functions ____ the month?
 I ____ know if ____ additional ____ will ____ during the billing cycle.
 ____ it possible that ____ for ____ extra functions ____ be calculated at ____?
 Is it ____ proportional cost ____ supplementary ____ in ____ time frame?
 Is ____ proportional charge for ____ features ____ during the ____?
 Is ____ a proportional charge ____ extra capabilities ____ cycle?
 Is a ____ mechanism applied ____ functions ____ included ____ through the ____?
 ____ new ____ halfway into ____ month, ____ there ____ proportional pricing ____ applied?
 Is it possible ____ extra functionalities ____ period translate to proportional cost ____ for ____?
 ____ mid-billing period ____ have ____ assessed?
 ____ your ____ proportional cost ____ you ____ supplementary ____ a billing period?
 ____ account for proportional ____ allocation ____ using ____ functions in billing?
 Is it ____ for additional ____ added ____ the ____ cycle will ____ proportionally.

____ we ____ costs ____ to the ____ involved if ____ add ____ features midway through ____ billing cycle?
 ____ recalculate ____ proportionally ____ functional additions occur ____?
 If new functions ____ the ____ of ____ month, is ____ proportional pricing ____?
 Is ____ proportional ____ mechanism used if new ____ the middle ____ billing ____?
 ____ the calculation ____ costs ____ when adding ____ during ____ frame?
 If the ____ functions ____ in the ____ of ____ billing month is ____?
 If ____ are included mid-month, is ____ a ____ applied?
 If ____ are ____ the month, is a proportional ____ used?
 I'm wondering if the costs ____ features ____ same ____.
 Should ____ costs of ____ functions ____ an ongoing billing period?
 Is ____ proportional ____ applied when a new ____ middle ____ a ____ month?
 Is it possible ____ new ____ proportionately ____ the billing ____?
 Is ____ proportional ____ applied ____ there are new ____ the month?
 ____ you use ____ in the billing ____ to calculate proportional ____ allocation?
 ____ the ____ features ____ the middle ____ the ____ taken into account?
 Is ____ proportional ____ applied ____ new ____ included in the ____?
 When ____ extra ____ are ____ halfway ____ billing period, do ____ them ____?
 ____ functions in the ____ period, can you account ____ proportional cost ____?
 If ____ use ____ in the billing ____ you calculate ____ allocation?
 Can you ____ me if ____ for added ____ proportionally?
 Is ____ wise to anticipate ____ supplementary ____ being ____ proportionally ____ ongoing ____ period?
 Is ____ possible to accommodate ____ using ____ in a ____ time frame?
 Will ____ costs ____ features be ____ for the time ____?
 Can ____ account for ____ cost ____ when ____ functions ____ the ____?
 Is ____ a ____ of the charges ____ adding ____ the billing ____?
 ____ added feature ____ computed in ____ the ____ duration?
 ____ new functions ____ at halfway ____ month, ____ a ____ pricing mechanism ____?
 If there are new ____ through the ____ is ____ proportional ____?
 Is there ____ calculation of charges ____ moreFunctionality ____ cycle?
 ____ extra features that ____ billing period be accounted ____ the same ____ the ____?
 When using supplementary ____ in the billing time ____ costs?
 ____ possible to bill ____ features ____ when ____ halfway through ____ period?
 ____ calculations allow ____ allocation ____ using ____ functions in ____ billing timeframe?
 ____ the ____ proportionally when they ____ mid-billing period?
 ____ use supplementary ____ billing time period, can ____ calculate ____ cost ____?
 Is ____ a ____ calculation ____ when ____ add ____ features?
 ____ you tell me if the ____ during a billing cycle ____ calculated ____ the period?
 Add features mid-billing time ____ is ____ costs?
 I'm not sure ____ features ____ proportionally during the billing ____.
 ____ possible ____ use proportional cost ____ when ____ functions in a ____?
 Does ____ have ____ cost ____ using supplementary ____ in ____ billing time frame?
 ____ wondering if ____ will be ____ proportionately ____ billing cycle.
 We ____ extra ____ implemented mid-billing period would translate to proportional ____.
 Is a ____ mechanism ____ there ____ a new ____ the halfway point of ____ billing ____?
 ____ using ____ in a billing time frame, ____ possible ____ cost ____ in the calculations?
 If ____ in at the halfway ____ of a ____ a ____ applied?
 Can the extra features ____ are included ____ the ____ accounted ____ by their ____ way?
 ____ a proportional pricing ____ applied ____ there ____ a new ____ month?
 ____ your calculations ____ proportional cost ____ functions in ____ timeframe?
 ____ in the same time frame when ____ extras?

____ it ____ for the ____ during a billing cycle ____ calculated proportionally?
 How are ____ if ____ the ____ of a billing cycle?
 Does ____ proportional ____ mechanism apply ____ is included ____ our ____ month?
 ____ mechanism applied ____ new functions ____ included ____ into the month.
 ____ are new features ____ the ____ of the ____ how are the ____?
 Is ____ proportional ____ if there ____ new functions during ____ of ____ month?
 Is ____ charges ____ relative to ____ expanding ____ an ongoing ____?
 ____ we ____ costs ____ to be ____ proportionately during the billing ____?
 ____ calculation accept ____ allocation when ____ supplementary functions in ____ frame?
 ____ new ____ get ____ our ____ month, Is a ____ mechanism applied?
 ____ a ____ pricing ____ there are ____ functions ____ halfway through ____ month?
 Is ____ possible the ____ features ____ be ____ proportionally during ____?
 ____ the ____ of features ____ during the ____ cycle?
 ____ it possible that ____ for those ____ functions ____ within the ____ time?
 When ____ supplementary functions in a billing ____ proportional costs ____ account?
 ____ using ____ the billing ____ frame, ____ your calculations support ____ cost ____?
 ____ using supplementary ____ a billing time ____ is ____ possible ____ accommodate ____ cost ____?
 ____ supplementary ____ within ____ timeframe, do your calculations ____ proportional cost ____?
 ____ using supplementary functions in ____ billing time, ____ calculations ____ proportional ____?
 Within the same ____ are expenses ____ functions ____?
 Is the extra ____ included ____ billing ____ for in ____ same ____ cost?
 ____ proportional pricing mechanism ____ a new function ____ included ____ billing ____?
 How are the ____ additional ____ during a ____ cycle?
 ____ you tell me ____ costs ____ additional features ____ be ____ in accordance with ____?
 ____ the ____ cycle, ____ functionalities priced ____?
 Will this ____ be calculated ____ if ____?
 When ____ functions halfway through ____ billing ____ a proportional calculation ____?
 I wonder if ____ proportional ____ incorporating moreFunctionality halfway ____ billing cycle.
 ____ a ____ mechanism applied ____ new functions ____ middle of ____ month?
 ____ there ____ charges ____ extra ____ during the ____ cycle?
 Should ____ additional ____ added during a ____ be ____ according to the ____?
 Will ____ charges ____ services be proportional when ____ bill?
 ____ expenses for ____ newly ____ features be ____ time period?
 ____ whether the ____ will ____ calculated proportionally during ____ cycle.
 ____ are the expenses calculated ____ features ____ included ____ cycle?
 If extraFunctionality ____ halfway ____ a ____ period, do ____ bill them ____?
 ____ period when expenses ____ added functionalities ____ calculated ____?
 If you ____ in a billing time ____ do your ____ allocation?
 Will extra services' ____ included in the ____?
 If ____ features in the middle ____ billing cycle, how ____?
 Do your calculations ____ proportional ____ supplementary functions in the ____?
 If ____ functions ____ halfway into ____ there a ____ pricing mechanism?
 ____ there a proportional calculation of charges when ____ moreFunctionality ____.
 Do ____ calculations ____ proportional cost allocation ____ use ____ in ____ billing time ____?
 ____ include ____ features in ____ middle of ____ billing cycle, ____ computed?
 How ____ extra ____ implemented ____ period translate to ____ calculation for ____ same ____?
 Is ____ possible ____ bill ____ charges ____ when ____ added ____ through the ____?
 Will the costs ____ extra ____ into ____ during ____ period?
 Can ____ extra ____ in ____ period ____ accounted for by ____ the ____ way?
 Do you ____ extra functions ____ are ____ halfway through the ____?

____ a new ____ in the ____ billing ____ is ____ proportional pricing ____ applied.
 ____ proportional ____ applied if some functions are ____ in our ____?
 When extra functions ____ halfway ____ billing ____ do ____ them proportionally?
 ____ a proportional ____ mechanism applied if ____ are ____ halfway ____ month?
 ____ use ____ in a billing ____ it ____ to accommodate proportional cost ____?
 When extra function ____ are added ____ through ____ do ____ proportionally?
 Is ____ possible ____ new ____ proportionately ____ the billing ____?
 ____ it ____ accommodate proportional ____ allocation with my ____ when ____ supplementary functions ____ a ____ time ____?
 ____ wondering if the additional features ____ be priced _____.
 Could ____ how ____ mid-billing period would translate ____ proportional ____ calculation?
 ____ mechanism ____ when ____ new functions ____ the middle of the month?
 When using ____ functions ____ billing time frame does it ____ account?
 Is the charge adjusted relative ____ expanding the function ____?
 Is ____ to ____ proportional ____ allocation when ____ supplementary functions ____ billing ____.
 ____ be ____ proportionally when they ____ added during ____ billing ____?
 I'm ____ if ____ be calculated proportionally ____ the ____ cycle.
 ____ wondering if the additional ____ proportionately during ____.
 ____ supplementary functions ____ the billing ____ are ____ able ____ account ____ costs?
 Does your ____ allocation when you use supplementary functions ____ the ____?
 When ____ in the billing, do ____ calculations ____ cost allocation?
 Does ____ apply if new functions are ____ in the ____?
 Is it ____ costs for ____ be computed ____ when ____?
 The cost ____ added ____ proportionally during a billing ____.
 Does your ____ accommodate proportional cost ____ when ____ functions ____ the ____?
 Will ____ cost ____ calculated ____ if ____ additions ____ mid-cycle?
 When ____ supplementary functions in ____ billing ____ you ____ account for ____?
 When included mid-billing ____ extra services ____?
 ____ using ____ in a billing ____ it possible ____ allocate ____ cost?
 ____ there a ____ calculation of charges ____ incorporating ____ halfway ____ the ____?
 ____ we figure ____ how extra ____ implemented ____ period ____ translate ____ cost ____?
 If ____ halfway ____ a billing ____ bill them proportionally?
 When ____ charges ____ halfway through a ____ do you ____ and ____?
 I wonder if ____ for the extra functions ____ same ____.
 Is the ____ functions ____ according to ____ same ____ period?
 Does ____ calculations support proportional ____ functions in the ____ time ____?
 ____ your calculation accommodate ____ cost ____ when using ____ in the ____?
 Should ____ cost of ____ functions ____ be computed ____ the billing ____?
 ____ costs ____ calculated in the ____ time ____ they ____ extra features?
 When ____ supplementary ____ time frame do you accept ____ cost allocation ____?
 ____ a proportional pricing ____ if ____ functions ____ through the month?
 Can we determine how ____ implemented ____ period would ____ cost ____?
 Is there ____ mechanism applied if ____ new ____ our ____ month?
 ____ the costs ____ calculated ____ the ____ time ____ when extra functions ____?
 ____ are expenses computed ____ add new ____ billing cycle?
 ____ pricing mechanism applied ____ new functions ____ in the ____ month?
 ____ wondering if ____ additional features ____ determined ____ billing cycle.
 If you ____ a ____ time frame, do ____ proportional cost ____ account?
 ____ a ____ be applied if new functions ____ included ____ billing ____?
 ____ a proportional ____ of charges when ____ are ____ functions ____ cycle?
 Would the ____ be ____ proportionally during the ____?

_____ there a _____ tell _____ the _____ for _____ features _____ a billing _____ be calculated proportionally?
 _____ wondering _____ the _____ are calculated proportionally _____ the _____ period.
 _____ for _____ functions be _____ during the billing _____?
 When _____ functions _____ billing _____ do your _____ take proportional _____ allocation _____ account?
 Is a _____ mechanism implemented if _____ come _____ at _____ halfway _____ month?
 _____ tell _____ if costs _____ features _____ during _____ billing cycle _____ be _____ proportionally?
 _____ a new _____ the middle _____ month, _____ a proportional pricing _____ used?
 If we include _____ the _____ of our billing cycle, _____ expenses _____?
 _____ features _____ during the _____ for _____ same as their cost?
 Can we _____ to _____ the _____ frame involved if _____ add _____ features midway _____ the _____?
 _____ adding _____ in the middle _____ bill, _____ the costs _____?
 _____ using _____ in _____ billing period, do your calculations _____?
 _____ wondering if additional _____ be _____ to the _____ cycle.
 Can _____ features included _____ billing _____ be accounted for _____ a _____ is _____ the time?
 Can you _____ costs _____ the additional features _____ be calculated _____?
 _____ it _____ costs of other supplementary functions proportionately during an _____?
 _____ the additional _____ prorated _____ in _____ billing cycle?
 _____ the ongoing _____ can _____ capabilities be priced _____?
 I _____ extra _____ will be calculated _____ in the billing _____.
 When using supplementary _____ in the billing _____ you _____ the _____?
 If _____ functions are _____ in the _____ pricing mechanism applied?
 Is there a proportional _____ moreFunctionality _____ through the _____ cycle?
 _____ allocation work _____ you _____ supplementary functions _____ a billing _____ frame?
 If _____ in the _____ able to account for proportional costs?
 Is _____ possible _____ calculate costs _____ adding _____ the _____ of _____ bill?
 When the _____ term _____ included, _____ extra services' _____ be _____?
 _____ adding _____ mid-billing _____ is there _____ calculation of costs _____?
 Does _____ support _____ cost allocation when you use _____ in _____?
 How _____ charges _____ adding _____ capabilities amidst an _____ payment _____?
 When added _____ the billing cycle period, _____ extra _____?
 _____ a _____ mechanism _____ are included in the _____ month?
 _____ it wise _____ anticipate costs _____ supplementary functions _____ proportionately during _____ period?
 Will _____ calculated in the _____ time frame _____ they _____ more _____?
 Is it possible _____ allocation _____ your calculations _____ use supplementary _____ a billing _____ frame?
 When using supplementary _____ in _____ billing time _____ is it _____ proportional _____ with your _____?
 _____ proportional pricing mechanism _____ new functions _____ our billing month?
 Will the _____ Integrated midway _____ the billing _____ proportionally?
 _____ features mid-billing _____ to _____?
 _____ costs of _____ features _____ the _____ way _____ the rest of _____ billing _____?
 _____ am _____ if the additional _____ will _____ proportionally _____ the billing _____.
 Will _____ costs _____ midway _____ the billing cycle be _____ proportionally?
 _____ charges determined _____ added _____ an active payment cycle?
 When using supplementary _____ billing _____ frame, _____ you use proportional _____ allocation _____?
 _____ it _____ that new capabilities _____ priced _____ billing period?
 _____ using supplementary functions _____ the _____ can _____ calculate the proportional _____?
 When _____ in the billing time _____ you able _____ calculate _____ allocation?
 I was _____ the _____ during a billing cycle will _____ calculated _____.
 _____ proportional pricing mechanism applied _____ functions _____ the _____ billing month?
 Do your _____ accept _____ when using supplementary functions _____ a _____?
 Is there _____ pricing mechanism _____ new _____ in _____ middle _____ a _____ month?

_____ that _____ functions implemented mid-billing _____ translate _____ cost calculation for the _____ term?
 When _____ functionality charges _____ halfway _____ the _____ period, do you _____ proportionally?
 When _____ supplementary _____ a _____ frame _____ possible to _____ proportional cost allocation?
 Does your calculations allow for proportional _____ allocation _____ in the _____?
 Is _____ possible for _____ for _____ be computed _____ billing period?
 _____ of the costs _____ when adding features _____ bill?
 _____ extra _____ charges be _____ included in a _____?
 _____ that the _____ for _____ functions _____ be computed _____ during the _____ period?
 Is it clear if _____ features _____ a _____ be calculated according to _____ period?
 _____ there _____ proportional _____ added during the billing cycle?
 _____ are in the middle _____ can a _____ pricing mechanism be _____?
 _____ be calculated in the same _____ frame _____ extra _____?
 _____ using supplementary functions in _____ billing _____ frame _____ it possible _____ allocation.
 We don't know _____ costs for supplementary _____ proportionately during _____ ongoing _____.
 Is _____ cost of _____ proportionally in a _____?
 Does it make _____ allow proportional _____ when _____ in _____ time frame?
 _____ a _____ mechanism _____ if there are _____ a billing month?
 _____ the billing _____ can new _____ proportionately?
 Should _____ proportional _____ mechanism be _____ new _____ into the month?
 _____ extra functionalities be _____ adjustments _____ same period _____ our _____?
 When expanding functions within _____ ongoing billable _____ are _____ to _____?
 If _____ are added halfway through a billing _____ you _____?
 _____ you tell _____ if the _____ for new _____ added during _____ cycle _____ be _____?
 _____ there a _____ of charges _____ more functionality _____ through the cycle?
 Can _____ extra features that are _____ the _____ for _____ will correspond to the billing cycle?
 _____ using _____ a billing _____ frame, is proportional cost _____?
 _____ the cost of added _____ calculated _____ cycle?
 Is _____ possible to bill extra functionality _____ they're added _____ period?
 _____ you tell me _____ additional features _____ during a _____ calculated _____?
 _____ the _____ features that are included _____ the billing _____ accounted _____ their _____ same way?
 Is _____ a _____ idea _____ for _____ functions being computed _____ during _____ billing period?
 Is _____ a proportional calculation _____ when _____ more _____?
 Does your _____ proportional cost allocation _____ you _____ supplementary _____ in the _____?
 If extra functions _____ added _____ billing _____ do _____ bill them _____?
 Is it _____ bill _____ functions _____ when they're _____ halfway through _____?
 _____ the extra features that are included during _____ billing cycle _____ manner _____ within _____ time?
 _____ new _____ are _____ billing month, is a _____ applied?
 I _____ wondering if _____ features _____ calculated proportionally _____ cycle.
 _____ come in at _____ month, is a _____ pricing mechanism applied?
 Is _____ applied _____ new _____ during the middle _____ a _____ month?
 _____ there be a _____ cost _____ the inclusion _____ extra _____?
 Will _____ costs for extra _____ according to _____ bill _____?
 _____ you _____ cost allocation when using _____ functions in _____ billing _____?
 Does _____ take proportional cost _____ account _____ use supplementary _____ in a billing _____?
 _____ for proportional cost allocation when using supplementary functions _____ timetable?
 Is _____ pricing mechanism applied _____ functions _____ middle of _____ billing _____?
 When using _____ the _____ timeframe are _____ to account _____ cost allocation?
 _____ if mid-billing _____ introduced _____ costs assessed?
 Is there _____ pricing mechanism applied _____ new _____ in _____ month?
 Is it _____ the _____ for _____ added _____ a billing _____ be calculated _____?

Will _____ be _____ to _____ cycle if we _____ more features?
 _____ you _____ account for _____ proportional cost allocation when _____ functions _____ period?
 Is a _____ if _____ functions are _____ in a _____ month?
 Is there _____ proportional _____ of charges when more functionality _____ through _____?
 _____ want _____ the features will be _____ the billing period.
 During _____ same _____ period, _____ the costs _____ calculated?
 _____ functions _____ in our billing month, is _____ a proportional _____?
 Will the _____ for _____ according to _____ time frame?
 _____ new features are _____ in _____ of _____ billing _____ are expenses _____?
 _____ there _____ of the _____ more _____ added halfway through _____ billing cycle?
 The _____ extra features _____ the middle of _____ billing _____ proportionally.
 _____ a proportional pricing _____ applied _____ functions in _____ middle _____ the billing _____?
 Adding features _____ frame, _____ there _____ calculation of _____?
 If new _____ get added _____ a proportional pricing mechanism _____?
 Can _____ be priced _____ billing period?
 Is _____ bill extra _____ they are _____ through a period?
 _____ new capabilities be priced _____ proportion _____ billing _____?
 Extra functionality _____ are _____ a _____ so do you _____ them proportionally?
 _____ the extra _____ in _____ be _____ for _____ way as their cost?
 Does a proportional _____ if a _____ is included _____ the _____?
 Is _____ functions _____ a billing _____?
 _____ proportional pricing _____ used for new _____ in the middle _____?
 Will the _____ be calculated in _____ same time _____ they _____?
 Is the added _____ in _____ to _____ duration?
 Do _____ for supplementary _____ be _____ during the billing period?
 Will _____ for _____ features _____ the same time they are _____?
 _____ you able _____ account _____ cost allocation _____ you _____ supplementary _____ the _____ time period?
 Is _____ that _____ costs for _____ features _____ be _____ according to _____?
 Are the _____ priced _____ a _____?
 Can _____ expect _____ be _____ given time frame _____ add more _____ midway through _____ billing _____?
 Isn't _____ possible to _____ cost _____ when _____ supplementary _____ in a _____ frame?
 _____ supplementary _____ billing _____ are you _____ to calculate _____ cost allocation?
 Is the cost _____ prorated within _____ same _____?
 _____ using _____ functions in _____ your calculations fit proportional _____ allocation?
 I'm _____ if _____ features will cost _____ period.
 _____ the _____ functionalities _____ in _____ billing cycle?
 _____ a _____ if _____ are new functions _____ middle _____ a billing month?
 Will the costs _____ features be _____ to _____ billing _____?
 Adding _____ mid-billing _____ frame _____ proportional _____ costs?
 _____ it _____ for _____ proportional cost allocation with your calculations _____ a billing time frame?
 Do you bill _____ proportionally _____ halfway through _____ billing period?
 Can _____ expect _____ the added functions to be _____ time?
 Is a _____ pricing mechanism applied _____ functions _____ in _____ billing _____?
 _____ expenses _____ new features _____ the _____ period?
 _____ function is _____ in a _____ month, _____ a _____ pricing _____ applied?
 Is the _____ mechanism _____ for new _____ the middle of _____?
 _____ pricing _____ applied _____ new functions are in _____ middle _____ bill?
 _____ would _____ for the _____ term _____ affected by the extra _____ mid-billing _____?
 _____ extra features _____ proportional?
 Is _____ necessary _____ the _____ of other supplementary _____ to be _____ proportionately during _____?

_____ extras _____ through a _____ do you _____ bill them proportionally?
 Is _____ necessary for _____ other supplementary functions to _____ ongoing _____ period?
 Is _____ possible to _____ charges proportionally when _____ added halfway _____?
 Does _____ if the additional _____ calculated proportionally during the _____?
 _____ the expenses _____ new features be _____ to _____ period?
 _____ it possible that extra _____ implemented _____ would translate _____ a _____ cost calculation _____ term?
 _____ be _____ at the same _____ frame when _____ add extra _____?
 Is _____ possible _____ allocation for _____ functions in a _____ frame?
 Is a proportional pricing _____ for _____ the middle of _____?
 Can the _____ features _____ during the billing _____ in a _____ that will _____ values?
 _____ are new _____ included in _____ month, is _____ mechanism applied?
 _____ adding extra _____ their costs be calculated _____ same _____?
 _____ the billing _____ do _____ incur prorated _____?
 _____ a proportional pricing _____ if _____ new functions _____ in _____ billing _____?
 If _____ features _____ included _____ cycle, _____ are the expenses _____?
 _____ the extra _____ included in _____ billing period be _____ in _____ fashion _____ cost?
 Halfway _____ do you _____ and bill extra functionality charges _____?
 _____ it possible to _____ extra features that _____ billing _____ by their cost?
 _____ functions come _____ at the halfway point _____ the _____ is there a _____ applied?
 Has it _____ possible _____ accommodate _____ allocation when using _____ in _____ billing _____?
 Can _____ proportional cost _____ with supplementary functions _____ billing _____?
 Do you _____ the _____ for extras _____ the _____ will be _____?
 _____ adding features _____ is the _____ of _____ proportional?
 _____ you able to account for _____ supplementary functions for _____?
 Will the _____ added _____ be _____ to _____ period?
 Is _____ priced proportionally within _____ billing _____?
 Within a _____ additional _____ proportionally?
 Is there _____ adjustment on our _____ extra _____ introduced?
 _____ there any _____ charges for _____ the billing _____ period?
 _____ new functions are _____ halfway into _____ billing month, is _____ a _____?
 _____ there _____ calculation _____ charges for incorporating _____ through _____ billing cycle?
 Is _____ to accommodate _____ cost _____ when using _____ within _____ billing time _____?
 Should a proportional _____ mechanism _____ applied _____ new functions _____ included _____?
 Is _____ to _____ for _____ allocation _____ your calculations _____ supplementary functions in the billing _____?
 When _____ functions _____ timeframe, _____ you _____ to account _____ proportional costs?
 _____ are _____ in _____ billing _____ is a _____ pricing mechanism applied.
 Will _____ costs of _____ added _____ be _____ the time _____?
 _____ costs for _____ features added mid-billing period _____ proportion.
 _____ question if _____ additional features _____ be calculated _____ the _____ cycle.
 _____ we expect costs _____ frame involved _____ we add more features?
 _____ the _____ in _____ same time frame _____ adding extra _____?
 _____ a _____ additional _____ priced proportionally?
 Can we expect costs to _____ within _____ we add more features midway _____?
 When using _____ functions _____ time _____ can you _____ for _____ allocation?
 _____ able _____ account for _____ allocation _____ functions in the billing _____ period?
 "Do the _____ that were put on _____ proportional cost _____ on the _____ "
 Will _____ be _____ in _____ same time _____ they add _____ things?
 _____ clear if the costs _____ features added during _____ cycle _____ be _____ in _____?
 _____ you _____ supplementary functions in a _____ time _____ to _____ proportional _____ allocation?
 _____ there _____ proportional _____ mechanism _____ new functions _____ included _____ our _____ month?

Will new capabilities be _____ billing _____?

_____ are the _____ calculated if _____ include _____ in _____ cycle?

_____ implemented mid-billing _____ a proportional cost calculation.

_____ make _____ the costs of _____ functions _____ be calculated _____ during _____ ongoing billing period?

Does _____ allocation take into _____ when using _____ functions _____ billing _____ frame?

_____ within an ongoing billable stint, _____ charges _____ relative _____ the _____?

_____ the costs _____ other supplementary functions computed _____ ongoing _____?

_____ we _____ costs _____ time involved _____ we add more features mid-cycle?

If _____ include _____ in the middle of _____ how _____ expenses calculated?

_____ like to _____ if the _____ will _____ proportionally _____ the billing _____.

Is _____ possible _____ charge new capabilities proportionately during _____?

Will the costs _____ in _____ proportional calculation?

_____ new functions _____ in _____ middle _____ month, is _____ proportional _____ mechanism applied?

I wonder if _____ those _____ functions will _____ within _____ time?

Is _____ accommodate proportional cost allocation _____ your calculations when using _____ time frame?

_____ we include _____ functionalities _____ the _____ of _____ billing cycle, _____ the expenses _____?

_____ a _____ used if _____ functions are included _____ through the _____ month?

Is there _____ pricing mechanism _____ halfway into the month.

_____ we _____ costs _____ in line with the time _____ if _____ features halfway _____ the _____ cycle?

_____ it possible that _____ implemented during _____ billing period _____ into a _____?

Within a _____ are the _____ proportionally?

If _____ halfway through _____ billing period, do _____ proportionally?

Extra _____ be proportional when included _____.

Will costs _____ adjusted through _____ for _____ functions?

Can _____ extra _____ that are _____ in _____ period be accounted for _____ way _____ their _____?

_____ costs for _____ added during the _____ period be _____?

Are the additional _____ calculated proportionally _____ the _____ cycle?

_____ costs for added functions be _____ the _____ time _____?

Is it _____ for _____ functions being computed _____ during an ongoing _____?

_____ possible to account for _____ cost _____ supplementary _____ the billing _____ period?

Is _____ expenses _____ added _____ prorated within _____ same _____?

_____ costs _____ features in the _____ of the _____ be calculated _____.

_____ included halfway _____ month, is a proportional pricing mechanism _____?

_____ it possible _____ calculate _____ when _____ features in the _____ a _____?

Within a _____ are the _____ functions _____?

When _____ supplementary functions in _____ time frame, is _____ allocation with your calculations?

_____ a _____ pricing mechanism _____ new _____ middle of the billing _____?

Is it _____ calculate _____ when _____ features to _____ bill?

_____ functionalities implemented during _____ period _____ proportional cost calculation for _____ term.

Is the _____ of charges _____ when _____ moreFunctionality halfway _____ billing _____?

_____ possible for costs _____ supplementary functions _____ be computed _____ a _____?

_____ there are new functions _____ of _____ month, _____ a _____ pricing mechanism _____?

Will _____ cost be changed _____ if functional _____?

_____ it possible for _____ costs for _____ functions to be _____ the _____?

When using _____ in _____ period, does _____ calculations _____ proportional _____ allocation?

There may be a _____ pricing _____ new _____ are included _____ into _____.

_____ you _____ if _____ costs _____ additional features _____ billing cycle will _____ proportionally?

Are _____ able to _____ for proportional _____ supplementary _____ in your _____?

Is there any proportional _____ extra _____ during _____ period?

Does the _____ be calculated according to _____ cycle?

Does _____ pricing mechanism _____ for new functions in the _____?

Will the _____ of _____ midway through _____ cycle be _____ according _____ time _____?

Is it possible _____ functions _____ proportionally _____ billing cycle?

Is it possible _____ could accommodate _____ supplementary functions _____ billing time _____?

_____ would like to _____ the additional features _____ be _____ the _____ period.

Can _____ tell _____ if the _____ for additional _____ during _____ billing _____ be calculated according _____?

_____ adding more _____ to a _____ be _____ at the _____?

Can _____ clarify _____ additional features will _____ according _____ billing period?

Are you able _____ account _____ in _____ calculations when using supplementary functions _____ the _____?

_____ you accept _____ cost allocation when using supplementary _____ in _____?

_____ able to account for _____ costs when _____ functions _____ billing period?

Will _____ result in _____ proportional cost calculation _____?

Can _____ extra _____ included in _____ billing _____ in _____ same way as _____ costs?

_____ want to _____ if _____ extra _____ will be calculated _____ during _____.

Is _____ possible for new capabilities _____ proportionally _____ billing _____.

I'm _____ the _____ calculated proportionally during _____ billing cycle.

How are _____ for adding capabilities _____ a _____?

Can _____ in the _____ be accounted _____ the same as the _____?

If new _____ the _____ of our billing _____ are the _____ calculated?

_____ the extra features that are _____ the billing period _____ for _____ way _____ their _____?

Is _____ proportional _____ of _____ adding more functions halfway _____ bill?

When _____ functions _____ ongoing billing period _____ be _____ proportionately?

Can _____ be priced _____ ongoing billing period?

_____ if _____ additional features will be _____ proportionally _____ the billing _____.

If new functions _____ in _____ of a _____ a proportional _____ apply?

_____ you know _____ additional _____ will _____ proportionally _____ the billing period?

I'm wondering _____ additional _____ cost proportionally in _____.

When using supplementary functions _____ able to calculate _____ allocation?

Will their _____ when they are _____ mid-bills?

When using _____ functions in a billing _____ do they take _____?

_____ mid-billing period _____ get assessed _____?

Extra _____ implemented mid-billing _____ proportional cost _____ the term.

Will _____ be _____ when added _____ period?

_____ expect _____ be _____ with _____ if we add more features midway _____ the billing _____?

Will extra _____ lead to a _____ cost _____?

Is it _____ functionalities implemented _____ billing _____ would translate into _____ cost _____?

Is there a proportional _____ of charges _____ there's _____ through _____?

I'm wondering if the new _____ will _____ during _____.

Does the extra functions _____ mean the same _____ adjustments _____ the _____?

Can _____ new _____ priced _____ to _____ billing period?

_____ calculations include _____ cost _____ using supplementary functions _____ a _____ time _____?

_____ is _____ anticipate the costs of other supplementary functions _____ computed _____ billing _____.

_____ you _____ within _____ billing timeframe, _____ your _____ accommodate proportional cost _____?

Is _____ mechanism applied if new _____ are _____ through _____ month?

Is it _____ for _____ costs _____ other _____ be computed _____ during the _____?

Will _____ added _____ be calculated in _____ with _____ billing _____?

Can _____ tell me if _____ costs for _____ will be _____ the _____?

_____ be _____ within _____ same time frame when _____ extra _____?

Is it possible _____ expenses for added _____?

Can the _____ features _____ are included _____ billing _____ be _____ a _____ that sticks to the _____?

Is it ____ for ____ other ____ functions ____ calculated proportionately during ____ period?
 ____ we ____ functions ____ of our ____ cycle, how ____ expenses computed?
 ____ new functions ____ in ____ a billing month ____ proportional ____ mechanism applied?
 ____ wondering if the extra ____ be ____ billing cycle.
 ____ new functions ____ halfway into our ____ month, ____ proportional ____ applied?
 ____ possible ____ price new capabilities ____ billing period.
 ____ are expenses ____ if ____ are new ____ the middle ____ billing ____?
 When extra functions ____ added ____ you bill proportionally?
 Can we expect ____ to ____ the ____ if we ____ more ____ through our billing ____?
 ____ a ____ cycle does the ____ of ____ get ____?
 Is ____ for ____ to ____ adjusted relative ____ duration when ____ an ____ stint?
 ____ are additional functionalities priced ____?
 Could we ____ how ____ extra functionalities implemented ____ period would ____ calculation?
 ____ new functions in ____ middle of ____ month, ____ pricing mechanism applied?
 Do your ____ for proportional ____ allocation when ____ functions ____ the ____?
 I ____ if the additional ____ will ____ proportionally ____ the ____ cycle.
 How are ____ calculated if we ____ features ____ the cycle?
 ____ are ____ include ____ features ____ the middle ____ our billing cycle?
 ____ proportional cost ____ the ____ term ____ the ____ functionalities implemented mid-billing period.
 ____ using supplementary ____ in ____ billing ____ frame, ____ you ____ cost allocation?
 In the ____ cycle, ____ prorated costs?
 Is ____ that ____ for ____ functions will ____ computed ____ during ____ billing ____?
 When using ____ functions in the ____ frame do ____ cost ____?
 ____ the charges adjusted ____ to ____ duration ____ function within ____ ongoing ____?
 ____ of ____ features added mid-billing ____ will ____ calculated ____.
 Can we ____ to ____ same as the time frame involved if we ____ midway ____?
 Is a ____ pricing ____ if ____ functions ____ in at ____ point of a ____?
 ____ the ____ for ____ a billing cycle will ____ proportionally, can ____ clarify?
 ____ proportional ____ adjustment ____ our bill for ____ functionalities introduced mid-period?
 Would the additional ____ proportionally during ____ period?
 ____ would like ____ if ____ for ____ added during ____ will be divided ____.
 Is ____ proportional pricing ____ if there ____ new ____ in ____ a billing ____?
 ____ supplementary functions ____ a ____ time frame, can ____ proportional cost ____.
 Is ____ the extra ____ implemented mid-billing period ____ translate ____ a proportional ____ calculation ____ term?
 When ____ will the ____ services' charges ____ proportional?
 ____ possible that ____ features ____ mid-billing ____ would ____ to ____ cost calculation?
 ____ using ____ functions ____ billing ____ your calculations ____ proportional cost allocation ____ account?
 Are you able to account ____ proportional ____ allocation when ____ the ____?
 ____ features during the ____ of our ____ cycle, how are ____?
 Will ____ for ____ functions ____ calculated ____ the ____ time period?
 ____ functions in ____ billing time frame, do they take ____ account?
 ____ it possible that the ____ those ____ will be calculated ____ the ____?
 Will the ____ determined proportionally ____ happen mid-cycle?
 ____ to ____ proportional ____ allocation when using supplementary ____ the billing ____?
 Does ____ cost for ____ will ____ proportionally ____ the ____?
 ____ new function ____ in ____ of ____ billing month, ____ it ____ proportional pricing ____?
 When ____ the ____ cycle, ____ there ____ charges ____ extra features?
 If ____ use supplementary functions in the ____ to ____ cost allocation?
 ____ me if ____ costs ____ features added ____ a billing cycle ____ be calculated ____ proportion?
 ____ calculations account ____ proportional ____ allocation when ____ functions in a billing ____?

Does your calculations accommodate ____ cost _____ functions in _____ timeframe?
 ____ their _____ calculated proportionally when adding _____?
 _____ a _____ time frame do you _____ proportional cost allocation?
 _____ charges for extra services _____ when added _____ term?
 When the extra _____ through the _____ do _____ them proportionally?
 I am ____ if the _____ be calculated ____ during _____ cycle
 ____ using supplementary ____ in a billing time _____ possible you _____ cost ____?
 ____ it possible to ____ and _____ charges _____ when they're added _____ billing ____?
 Is ____ possible _____ proportional cost ____ using supplementary _____ billing?
 _____ calculated at _____ same time ____ for _____ functions?
 Is ____ proportional pricing mechanism applied _____ functions ____ included ____ the _____?
 Is the calculation of costs _____ the _____ time ____?
 When ____ are _____ a billing ____ do you _____ them ____?
 _____ costs of extra ____ be _____ the time frame?
 Will ____ costs _____ within the _____ time ____ when they _____ extra ____?
 Will the costs ____ added _____ taken into ____ during _____?
 ____ there are _____ features in _____ middle ____ our billing cycle, how _____?
 ____ a _____ function is in the middle _____ billing _____ pricing mechanism ____?
 I wanted _____ if ____ additional _____ calculated proportionally ____ the billing ____.
 ____ using supplementary _____ the _____ time, are _____ to account _____ cost allocation?
 The _____ extra ____ in the middle of _____ will be _____.
 Will costs ____ adjusted _____ for newly adjoined functions?
 _____ possible to _____ proportional costs ____ using _____ in billing?
 _____ cycle, are additional functionalities _____?
 If _____ in _____ point of the month, Is a proportional _____?
 ____ it possible that the _____ extra functions _____ calculated _____ same ____?
 Can you _____ the _____ added during _____ cycle will be calculated ____ to _____ period?
 ____ new ____ are _____ a _____ month, is _____ pricing mechanism applied?
 _____ supplementary _____ be computed ____ during an _____ billing period.
 Is it possible ____ accommodate ____ cost _____ supplementary _____ a _____ period?
 ____ the ____ for ____ functions calculated ____ the _____ period?
 ____ new functions _____ at the _____ point ____ the ____ will _____ pricing mechanism ____ applied?
 If new _____ the middle _____ month ____ a proportional _____ be applied?
 _____ supplementary functions ____ the billing _____ are you ____ to _____ costs?
 Does your calculations ____ proportional ____ allocation ____ using _____ functions in _____?
 ____ it make _____ include ____ cost ____ when using _____ functions _____ billing time ____?
 When using supplementary _____ billing _____ frame, is it _____ use _____ allocation.
 Is it possible to have _____ calculations _____ using supplementary functions ____ a _____ frame?
 Shouldn't costs _____ functions be _____ proportionately during an _____?
 When ____ supplementary functions _____ timetable _____ able to ____ for proportional ____ allocation?
 Does your calculations _____ cost allocation if _____ supplementary _____ period?
 ____ extra _____ are added halfway ____ the _____ do you bill _____?
 ____ supplementary _____ the _____ timeframe able ____ account _____ proportional ____ allocation?
 Can _____ included during the _____ accounted ____ the same way ____ the _____ of the cost?
 ____ proportional pricing _____ new ____ are included _____ the month?
 ____ you ____ if the _____ extras _____ the ____ will ____ divided proportionally?
 Will ____ costs _____ integrated midway through _____ be _____ the same way?
 Can _____ proportional _____ when using _____ functions ____ a billing time ____?
 If ____ add _____ in _____ middle of _____ billing _____ are _____ expenses computed?
 ____ the extra ____ on ____ bill _____ same _____ on the _____ time frame?

____ costs ____ extra features ____ through the billing ____ be calculated ____.
 ____ able to ____ allocation using ____ functions in the ____?
 Should a ____ pricing ____ if new ____ through the billing month?
 ____ if ____ features will be calculated ____ billing cycle.
 Is ____ necessary ____ the costs ____ to be computed proportionately ____ billing period?
 Will the ____ adjusted ____ more features ____ current billing cycle?
 ____ the expenses ____ added ____ be calculated ____ to ____ time ____?
 ____ a proportional ____ if ____ a ____ function ____ of a billing month?
 ____ you bill ____ functions ____ added halfway ____ the billing ____?
 ____ be ____ to the features added ____ billing cycle?
 Will the ____ additional features ____ bill period be taken ____?
 When it ____ extra features ____ through the ____ cycle, ____ they be calculated proportionally?
 During ____ billing ____ can ____ added features be ____?
 Does ____ sense to expect ____ functions ____ be computed proportionately during ____ billing ____?
 ____ expenses for newly added ____ be ____ the ____?
 ____ features that ____ during ____ billing period ____ accounted ____ at the same ____?
 We should expect costs ____ be computed proportionately ____ period.
 ____ new functions are ____ through ____ month, is ____ a ____ pricing ____?
 When ____ extraFunctionality charges are ____ through the ____ period, do ____?
 Do we use ____ pricing ____ if ____ functions ____ through the ____?
 ____ proportional cost allocation when using supplemental functions in ____?
 Will newly incorporated ____ being calculated in line with ____?
 ____ it possible to account for proportional ____ allocation ____ calculations when ____ supplementary ____ period?
 Is ____ pricing mechanism ____ we ____ functions halfway through ____ month?
 Does ____ have their costs ____?
 Is ____ account ____ proportional costs ____ supplementary ____ in the ____ timeframe?
 ____ functions ____ included ____ month, ____ a proportional pricing mechanism ____?
 Is it ____ use ____ in ____ calculations when ____ use ____ functions ____ a billing ____ frame?
 Do ____ if costs ____ additional features added during ____ will be ____?
 When an ongoing ____ period begins, ____ expect ____ functions to ____ proportionately?
 ____ about ____ the ____ features ____ be calculated proportionally during ____ period.
 ____ it ____ supplementary functions ____ computed proportionately during ____ ongoing billing ____?
 Is ____ a ____ pricing mechanism applied ____ are new ____ month?
 Is ____ possible ____ to be priced proportionately ____ the current ____?
 ____ functionalities implemented during ____ would ____ to a ____ cost calculation ____ the ____.
 If ____ include ____ features in ____ middle of the ____ expenses ____?
 If ____ include new capabilities in ____ of ____ are the expenses ____?
 Is there ____ calculation of charges ____ more ____ through ____ bill?
 ____ a proportional pricing mechanism applied ____ new ____ the halfway ____ bill?
 Will their ____ be calculated ____ the ____ they ____ extras?
 Is it ____ for ____ to ____ adjusted ____ to ____ expanding function ____ an ____?
 Do mid-charging ____ have ____ assessed?
 ____ features integrated ____ the middle of the ____ cycle be ____ into ____?
 ____ know if ____ additional features ____ during a ____ cycle will ____ calculated proportionally.
 Is ____ computed ____ to bill ____?
 Is extra ____ proportional when ____ in a ____?
 Did your ____ accept ____ cost allocation ____ using ____ time frame?
 ____ wondering if the extra features ____ during ____ billing cycle.
 Will their ____ same ____ frame ____ they add additional features?
 ____ proportional ____ mechanism ____ if new functions ____ into the month?

Is there a ____ calculation _____ are ____ halfway through the billing ____?

_____ a billing time frame, is there _____ to accommodate proportional _____?

_____ we include new _____ the _____ of _____ how _____ expenses computed?

_____ the _____ be _____ proportionally if functional _____ occur _____?

_____ using supplementary _____ a billing time _____ to _____ cost allocation in the calculations?

Is _____ applied if there are _____ functions in _____ month?

When _____ mid-billing _____ is the _____ proportional?

_____ there _____ new functions in _____ middle _____ a _____ pricing mechanism applied?

_____ pricing _____ the new functions are in _____ of _____ month?

Is it _____ to use _____ cost _____ when _____ supplementary _____ in _____ billing _____?

Did you _____ the costs for _____ added _____ be _____ proportionally?

How are _____ computed if _____ features _____ the middle _____ the _____?

Does _____ accept proportional _____ using supplementary _____ a billing _____ frame?

Is it _____ would translate _____ calculation for the _____ term?

_____ proportional cost adjustment _____ bill when extra _____ are _____?

How _____ computed _____ there _____ new features in _____ billing _____?

Is _____ pricing _____ applied if _____ included _____ the month?

_____ proportional pricing mechanism applied if _____ through the month?

_____ features are included _____ the _____ our billing _____ how are the _____?

Can we _____ costs to be _____ the _____ we add more _____?

_____ using supplementary _____ billing, can you _____ cost allocation?

_____ are added halfway through _____ do _____ them proportionally?

If we include new features _____ what _____ expenses _____?

Is proportional cost allocation _____ using supplementary _____ billing _____?

_____ the _____ time frame, did the _____ put on _____ bill _____ proportional cost _____?

_____ there _____ pricing mechanism _____ the new functions _____ halfway _____ the _____?

Does _____ cost of added _____ a billing cycle?

_____ supplementary functions _____ the billing timetable, _____ for _____ costs?

I'd like _____ know _____ additional _____ calculated proportionally during the _____.

_____ included in _____ term, _____ services' charges be _____?

Will the _____ features that are integrated _____ through the _____?

_____ we _____ new functionalities _____ the _____ of our _____ how are _____?

When _____ mid-Billing time frame, _____ a proportional calculation _____?

Is _____ pricing mechanism _____ if _____ are _____ middle of _____ billing month

_____ costs _____ extra features Integrated _____ the _____ will _____ calculated proportionally

Will _____ be calculated _____ time _____ they add extra functionalities?

Are _____ able _____ cost allocation with supplementary _____ in _____ time period?

_____ calculated proportionately _____ bill duration?

When _____ added halfway _____ a billing period _____ you _____?

_____ it _____ expect the _____ for _____ to _____ calculated _____ the same time?

Is it _____ be adjusted _____ through _____ same span _____ newly _____ functions?

_____ calculation of charges for _____ through the _____ cycle?

_____ a _____ function _____ included _____ the billing _____ a _____ pricing _____ applied?

Is proportional pricing _____ functions _____ at the _____ point of the _____?

_____ possible that the extra functionalities _____ period _____ translate _____ cost calculation _____ same term?

_____ the _____ will be _____ the billing _____ I'm wondering.

_____ functions in the billing period, _____ account _____ proportional _____ your calculations?

_____ am wondering if _____ features will _____ proportionately _____ the _____ cycle.

If new functions are _____ through _____ month, _____ there _____ a _____ applied?

Will the costs _____ features integrated _____ the _____ cycle _____?

____ there a proportional charge for extra ____?

____ if ____ are calculated proportionally during ____ billing cycle.

Will ____ extra services' ____ when added to ____?

____ need ____ know if ____ cost proportionally ____ the period.

____ possible for new capabilities to ____ proportionally ____ the ____?

Is it ____ costs for ____ during a ____ cycle will ____ proportionally?

____ proportional pricing ____ if ____ function is ____ in our billing ____?

How ____ computed if ____ new features ____ our billing ____?

Is a ____ mechanism ____ if there ____ functions at ____ halfway ____ of the ____?

____ like to know ____ costs ____ added during a billing cycle ____ proportionally.

On ____ same ____ frame, did ____ extra ____ on ____ bill ____ cost ____?

____ using ____ a billing ____ period do your ____ accept ____ cost ____?

____ a ____ mechanism ____ if ____ functions are included halfway into _____.

____ proportional ____ mechanism ____ when new ____ arrive ____ halfway point ____ billing month?

____ this calculate ____ if ____ additions occur ____?

____ the ____ be adjusted ____ the ____ during the billing cycle?

When using supplementary functions ____ time ____ can ____ for proportional ____?

____ new ____ halfway through the ____ is a proportional ____ applied?

Can the ____ features ____ in ____ be ____ for ____ same ____ the costs?

Is ____ proportional ____ mechanism applied ____ function ____ in the billing ____?

____ new functions ____ in ____ middle ____ the ____ a ____ pricing mechanism ____?

Extra functionalities implemented mid-billing ____ to proportional ____ for the ____

Will ____ features be calculated in ____ to ____ span?

Does ____ cost allocation work ____ use supplementary ____ in ____ time ____?

Is there ____ proportional pricing ____ functions ____ included halfway into ____?

____ curious if the additional features would ____ period.

I'm ____ if the ____ proportionally during the ____ process.

If ____ new ____ our ____ cycle, how are ____ computed?

When ____ supplementary functions ____ an ____ period, should ____ expect costs ____ be ____?

____ new ____ get ____ in our ____ does a proportional ____ apply?

____ use supplementary ____ are you able to account for ____ cost ____?

Extra ____ mid-billing period ____ translate ____ proportional ____ calculation for ____ term.

____ a billing ____ added features get calculated?

____ wondering whether ____ additional ____ will ____ calculated ____ billing period.

____ there a proportional ____ for extra ____ cycle?

Is ____ possible ____ account for ____ costs ____ calculations ____ supplementary ____ in the ____ period?

____ that ____ for supplementary functions will ____ proportionately in ____ ongoing ____ period?

____ supplementary functions in the ____ are you ____ calculate the proportional ____?

I'm ____ be calculated proportionally during the ____ period

____ are charges determined ____ adding ____ capabilities amidst ____?

Will the costs be ____ according ____ the ____ added ____?

When ____ functions in a billing time ____ does your calculation ____?

____ proportional pricing mechanism ____ applied ____ new functions are in ____ month?

____ there ____ of ____ when adding more stuff halfway through ____?

____ new ____ the middle of ____ billing ____ is the proportional ____ applied?

____ new ____ are in ____ middle of ____ month, is ____ proportional ____ mechanism ____?

____ function charges are added halfway ____ billing ____ do you ____?

____ we ____ in ____ middle of ____ cycle, how are ____ computed?

Is it possible to ____ proportional ____ when you ____ in ____ billing ____?

Is it ____ to accommodate proportional cost ____ using ____ bill?

Can I expect ____ bill for ____ to be ____ at ____?

____ a ____ charge for extra things ____ during the ____?

____ wondering if the features will ____ in ____ cycle.

Can you tell ____ in a ____ cycle will be ____ proportionally?

____ new ____ halfway point ____ billing ____ a proportional pricing mechanism applied?

Is ____ proportional pricing mechanism applied ____ in a billing ____?

____ features ____ in the billing cycle?

____ apply ____ new functions are included in ____ billing month?

Will ____ pricing ____ applied ____ new ____ are included halfway ____ the ____?

____ proportional pricing mechanism ____ are new ____ at the ____ of ____ month?

Will ____ of extras ____ the ____ cycle be ____ according ____ the ____?

Is ____ charge ____ to the duration ____ function within an ongoing ____?

Is it ____ to account for proportional ____ allocation with ____ functions ____?

____ am wondering if ____ additional ____ will ____ calculated ____ billing period.

____ there a ____ calculation ____ charges ____ you add more ____ cycle?

Is ____ possible ____ costs ____ supplementary ____ be computed ____ during an ____ billing ____?

Extra functionality charges are ____ through a ____ you ____ them ____?

____ using supplementary functions ____ the ____ timeframe ____ you ____ to ____ proportional ____?

When using supplementary functions ____ timeframe, is ____ possible ____ account ____ proportional ____?

Does it ____ for supplementary functions to ____ during a ____ period?

____ whether ____ additional features ____ be calculated proportionally ____ the billing ____.

When ____ supplementary functions in the ____ can ____ allocation?

If ____ functions in the ____ of the ____ pricing mechanism applied?

Can ____ if the ____ for ____ features added ____ cycle ____ be calculated ____?

If we include new ____ middle ____ our ____ how ____ expenses ____?

____ it possible to ____ for proportional ____ in your calculations ____ functions in ____ billing ____?

Is the cost ____ added ____ calculated ____ cycle?

____ we ____ for supplementary functions ____ computed ____ to ____ billing period?

When using supplementary functions in the ____ calculations ____ allocation?

____ the costs ____ features ____ during ____ cycle be calculated ____?

____ halfway through ____ do you calculate and bill proportionally?

____ the ____ features ____ proportionally ____ period?

____ proportional pricing ____ used when new ____ are ____ middle ____ a ____ month?

____ a ____ mechanism ____ in the middle of the month?

Can you tell ____ additional features will ____ the ____?

Is the ____ of added ____ proportionally in ____?

____ features ____ billing result in ____ proportional cost ____?

Is ____ proportional ____ allocation when using ____ functions in a billing ____?

If ____ functionalities are included ____ the ____ of ____ how ____ the expenses ____?

Will there ____ calculation of ____ when ____ is ____ halfway through ____ billing ____?

Is ____ possible ____ anticipate ____ for ____ functions ____ proportionately ____ an ongoing billing ____?

____ proportional ____ mechanism applied ____ a ____ function is ____ in ____ month?

____ your ____ cost allocation when using supplementary ____ in the ____?

____ the ____ added functions calculated ____ time period?

____ allocation when ____ supplementary ____ in a billing time frame.

Is ____ on our ____ mean proportional cost adjustments ____ same time frame?

____ added feature charges computed in ____ duration?

____ the extra features that are included in ____ billing ____ be ____ in a ____ their ____?

When using ____ billing period, do ____ for a ____ cost allocation?

Will ____ for additional ____ be calculated proportionally ____ the ____?

Will the _____ calculated proportionally if _____ mid-cycle?
 _____ feature charges computed _____ to _____ bill _____?
 _____ expenses _____ added functions _____ within _____ same period?
 Is it _____ new _____ to _____ in _____ with the _____ period?
 When using supplementary _____ billing _____ period, is it _____ cost allocation?
 Is _____ a proportional pricing _____ used _____ halfway _____ the month?
 Is _____ a _____ a _____ is _____ halfway through the month?
 When using supplementary functions in _____ billing _____ frame _____ use _____?
 Should we _____ a _____ mechanism _____ functions are included _____ month?
 Should the costs _____ supplementary functions _____ billing period?
 _____ cost allocation when _____ supplementary functions in a billing _____?
 _____ it _____ that you could _____ cost allocation _____ in a billing time _____?
 Is there a proportional cost _____ our bill after _____?
 _____ calculation of _____ if there _____ moreFunctionality _____ through the billing _____?
 Will _____ costs _____ within the _____ frame when they add _____?
 _____ we expect _____ be in _____ we _____ more features midway _____ the billing cycle?
 _____ are expenses _____ if new functions are _____ in _____?
 _____ for supplementary functions _____ be _____ in _____ with the _____ period?
 _____ adding features _____ time frame, is _____ of costs?
 Is _____ to _____ proportional cost allocation _____ when _____ functions in _____ billing time _____?
 If _____ new _____ comes _____ at the halfway point of _____ billing month, _____ a _____?
 _____ the _____ for extra _____ calculated _____ to the time _____?
 _____ there _____ proportional calculation of charges _____ more _____ through the _____.
 Is the _____ of _____ proportional when moreFunctionality is _____ through _____?
 Is it possible _____ additional features _____ be calculated _____?
 _____ included _____ term, _____ extra services' charges be proportional?
 _____ functions in a _____ time _____ cost allocation possible?
 Is the added _____ costs _____ period?
 _____ it _____ that _____ features incur prorated _____ billing cycle?
 _____ the extra _____ charges _____ added halfway _____ billing period, _____ you bill _____?
 _____ supplementary _____ in a billing _____ frame, can _____ accommodate proportional _____?
 _____ possible for _____ to be _____ during the billing _____ period?
 _____ the _____ calculated _____ same time frame _____ extra features?
 I _____ if _____ additional _____ would be calculated _____ billing _____.
 In _____ are additional _____ priced _____?
 When using _____ time period _____ your calculations _____ proportional cost _____?
 _____ proportional _____ mechanism be _____ if _____ are included halfway through _____?
 Do _____ know _____ the additional _____ cost proportionally _____ the _____?
 _____ fit proportional cost allocation _____ using _____ the billing period?
 Can _____ bill _____ extra _____ to be calculated _____ same time?
 When _____ mid-billing term, will _____ services _____ be _____?
 _____ costs be _____ for newly adjoined functions _____?
 _____ the added _____ charges _____ to bill duration?
 Is _____ that costs for _____ are _____ proportionately during the _____?
 _____ the _____ computed _____ we add _____ features _____ the _____ of _____ billing cycle?
 Is it possible for charges _____ when expanding _____ a _____ stint?
 _____ additional features will be _____ in _____ to the _____ cycle.
 If _____ functions get _____ our billing _____ is _____ pricing _____ applied.
 _____ wondering if _____ additional _____ will be _____ the billingcycle.
 _____ wondering _____ the _____ features would _____ during _____ time.

Can _____ the _____ additional features added during _____ cycle will be _____ according to the _____?

_____ calculations take _____ cost _____ using supplementary functions _____ a billing _____ frame?

_____ whether _____ extras _____ during the _____ will be divided proportionally?

_____ costs for extras _____ during the _____ be calculated _____?

_____ your _____ take proportional cost _____ using _____ in a billing time _____?

Is _____ feasible to accommodate proportional _____ allocation _____ using supplementary _____ a _____?

_____ the expenses _____ the _____ be proportional to _____ period?

_____ a _____ pricing _____ if new _____ included _____ the month?

When adding functions _____ the _____ should the costs _____?

If _____ new _____ in _____ is a proportional pricing mechanism _____?

_____ bill extraFunctionality charges proportionally _____ they're _____ halfway _____ a billing _____?

Is _____ costs _____ functions in _____ time period?

If you _____ supplementary functions _____ a billing _____ are you _____ allocation?

Is it _____ functions implemented during _____ period would _____ proportional _____ calculation?

_____ the extras _____ calculated proportionally during the _____ cycle.

Will _____ cause _____ proportional _____ calculation in _____?

_____ period _____ for _____ functionalities calculated?

When using _____ functions in a _____ are _____ calculations _____ proportional cost _____?

Does _____ supplementary _____ in _____ allow you _____ account for _____ cost _____?

_____ a proportional pricing _____ applied _____ functions _____ our billing month?

_____ pricing _____ applied _____ new _____ are included _____ the month?

_____ added mid-billing _____ will be calculated proportionally.

Does _____ accept proportional _____ for _____ functions in _____ billing time _____?

When _____ functions in the _____ are _____ to calculate proportional _____ allocation?

If _____ for _____ features _____ during _____ billing cycle will _____ proportionally, _____ you _____ us?

Do _____ use proportional cost _____ calculations _____ functions in a _____ time _____?

Can _____ if the costs _____ features added during a _____ will _____ calculated _____?

_____ functions in a billing time frame, _____ it _____ proportional cost _____?

Will _____ costs be _____ to the _____ when _____ extra functions?

Will _____ charges _____ services _____ when included in _____ bill?

Will the _____ for additional features added _____ way?

Is it possible that _____ use _____ cost allocation _____ your _____ when using supplementary _____ time _____?

_____ functions in the _____ do your calculations _____ proportional cost _____?

_____ using _____ functions _____ the _____ time, do your calculations _____ cost _____?

Is there _____ charges _____ during the _____ period?

_____ are the _____ determined for _____ capabilities amidst _____ active _____?

Adding _____ mid billing time _____ proportional _____ costs?

Will expenses _____ features be _____ particular time _____?

When extraFunctionality _____ are added _____ period, _____ you _____ them proportionally?

Is _____ to accommodate _____ cost allocation when _____ functions in _____ frame?

_____ expect costs _____ be in _____ with _____ involved if we _____ more _____ mid-cycle?

_____ pricing _____ are added _____ the halfway point of the month?

_____ calculations _____ allocation, when using _____ in a _____ time frame?

_____ proportional _____ of charges _____ halfway through the billing cycle

_____ there _____ chance that _____ supplementary _____ will _____ proportionately during _____ billing period?

_____ it _____ for costs _____ functions to _____ proportionately during _____ ongoing _____ period?

Is it _____ that the _____ functionalities _____ mid-billing period _____ to _____ calculation for _____ term?

_____ in a billing _____ do your calculations include _____ cost _____?

If _____ functions _____ month, _____ a proportional pricing mechanism applied?

_____ it possible _____ are priced proportionally _____ billing cycle?

_____ the extra functions _____ the _____ mean _____ adjustments on _____ time frame?
 I'm wondering if _____ features cost proportionally _____.
 _____ proportional pricing _____ applied if a _____ function is _____ the _____ month?
 _____ are the expenses _____ we have _____ in _____ middle _____ the billing _____?
 _____ a proportional pricing _____ functions are included _____ a _____ month?
 _____ accept proportional cost _____ use _____ functions in _____ time frame?
 _____ are in _____ the _____ is a proportional pricing mechanism _____?
 _____ if _____ extra _____ be calculated _____ during _____ billing period
 _____ using supplementary _____ the _____ period, do _____ calculations _____ cost allocation?
 Can the extra _____ are included _____ billing cycle be _____ in _____ way that _____?
 Is a _____ pricing mechanism _____ add new functions _____ billing _____?
 _____ new _____ middle _____ our _____ cycle how are expenses computed?
 Will _____ be _____ within _____ same _____ frame _____ they _____ more features?
 _____ there a proportional _____ applied _____ there _____ functions _____ through the _____?
 When using supplementary _____ the _____ do your calculations _____ allocation?
 _____ it possible to _____ proportional cost allocation _____ your _____ when _____ supplementary functions _____ billing _____?
 When _____ in _____ time frame, are _____ able _____ proportional cost allocation _____ your calculations?
 _____ there _____ of charges _____ incorporating more features _____ the _____ cycle.
 Is _____ cost allocation possible _____ use _____ in _____ timeframe?
 Is _____ proportional pricing _____ applied _____ functions halfway through _____ billing _____?
 _____ their costs _____ calculated within _____ frame when adding _____?
 When using supplementary _____ in _____ billing time _____ proportional cost _____?
 During the billing cycle period, _____ there _____?
 _____ the costs _____ extra _____ the same period?
 _____ a _____ mechanism be applied _____ new _____ through the month?
 _____ using _____ functions _____ a _____ time frame could _____ cost allocation _____ your _____?
 Is _____ to _____ extra function _____ halfway through a billing period?
 Is there a _____ charges when _____ the billing cycle?
 _____ costs _____ calculated _____ when adding _____ functions?
 Do _____ introduced capabilities _____ costs _____?
 Is _____ pricing mechanism _____ is _____ function _____ our billing month?
 Does _____ calculations allow for a _____ allocation _____ using supplementary _____ the _____?
 Is there _____ proportional charge for _____ extras during _____?
 Is it _____ to use _____ cost _____ supplementary functions _____ time frame?
 _____ costs for _____ functions calculated in the _____?
 _____ expenses for _____ features be _____ to _____ particular _____?
 Will _____ for added _____ in _____ with _____ time period?
 _____ costs _____ features _____ the middle _____ the billing _____ be calculated?
 _____ the _____ new added _____ prorated within the _____?
 Can _____ tell _____ the costs _____ added features will _____ proportionally?
 How are _____ expenses computed _____ we _____ features in _____?
 I am _____ the _____ will be _____ proportionally in the _____.
 _____ it _____ that _____ functionalities implemented _____ would translate to _____ cost _____?
 _____ functions in the _____ time _____ do your _____ for _____ allocation?
 _____ it possible _____ costs _____ supplementary _____ computed proportionately during _____ ongoing _____ period?
 ExtraFunctionality charges _____ added _____ billing _____ so do you _____ them _____?
 How are charges calculated _____ additional _____ active payment _____?
 _____ extra _____ be calculated proportionally during _____ billing cycle
 _____ it _____ that extra functionalities _____ would translate _____ proportional cost calculation _____ the _____?
 _____ it _____ for the _____ of _____ supplementary functions to be _____ proportionally _____ an _____?

Will _____ be _____ relative _____ duration _____ expanding the function _____ an _____ ?
Is _____ cost adjusted _____ to duration when _____ function _____ ongoing _____ ?
_____ are _____ if we add new _____ the _____ billing cycle?
Will the _____ be _____ the _____ frame _____ add extra functionalities?
Add _____ frame _____ calculation of costs?
Is _____ proportional _____ applied when new _____ are _____ middle _____ billing month?
I'm _____ if _____ features _____ calculated proportionally _____ the billing _____ .
_____ you _____ to _____ allocation when you use supplementary functions in _____ ?
When _____ supplementary _____ a _____ time _____ do their _____ proportional cost _____ account?
Does the _____ our bill have the _____ proportional _____ adjustments _____ same _____ ?
_____ the costs _____ adjoined _____ be adjusted _____ the same _____ ?
_____ functions in the billing _____ do _____ to _____ proportional cost allocation?
Is a _____ pricing _____ applied if new _____ month?
_____ a _____ calculation of costs when adding _____ time _____ ?
Shall _____ adjoined functions be _____ through the _____ ?
_____ calculate _____ for adding _____ mid-billing time frame?
_____ added functions calculated at _____ time frame?
Will _____ expenses _____ features _____ calculated according _____ time period?
_____ charges determined if _____ are added amidst _____ cycle?
_____ pricing _____ when new functions _____ middle of _____ billing month?
_____ there _____ calculation _____ charges _____ through the billing cycle
_____ a proportional pricing _____ functions _____ the middle of a _____ month?
