

[Demo] NLP Dataset for Customer Service Automation

Company Type	Mobile Network Operators
Inquiry Category	Assistance with mobile number portability
Inquiry Sub-Category	Service disruption
Description	Customers experiencing service disruptions during the number porting process, including difficulties in making or receiving calls, accessing mobile data, or receiving SMS messages.
Data Size	9,600 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Mobile Network Operator" customer inquiry. (Purchased data will not be masked.)

Could ongoing _____ and _____ services _____ to an incomplete _____ yet?
 _____ the _____ switch hamper _____ data?
 _____ and data services _____ disrupted by incomplete _____.
 _____ pose _____ risk to online and phone _____?
 _____ there _____ chance _____ and data services will _____ affected _____ unfinished _____ process?
 Is _____ a degradation in _____ and Data _____?
 _____ could _____ an _____ on _____ and _____ services due _____ handover.
 _____ potentially disrupting _____ data services?
 Is _____ transfer _____ about _____ and _____ disruptions?
 Is _____ possible _____ voice call quality _____ data use?
 _____ it _____ incomplete transfer will cause _____ and calls _____?
 Can voice _____ be impacted _____ incomplete transfer?
 _____ unfinished transfers _____ disrupt voice and data _____.
 It's _____ unfinished transfers may _____ voice and _____.
 Is _____ voice and _____ service _____ to unfinished transfer?
 Is _____ causing issues _____ data _____?
 Is _____ possible that a faulty _____ affect _____ voice _____?
 Do _____ affect _____ for _____ and voice _____?
 Due _____ an _____ will service disruption _____ and _____ transfer?
 Could _____ transition _____ data and _____?
 Will voice _____ data _____ by incomplete _____?
 _____ incomplete _____ with _____ and voice _____?
 _____ types of _____ by incomplete _____?
 _____ connection could be impacted _____ partial _____.
 Can transfer issues _____ on _____ data services?
 If _____ not go _____ will _____ be problems with _____ services?
 A _____ cause _____ voice _____ and disrupted downloads.
 Is voice-data _____ impacted _____ partial network _____?

_____ possible that transfer issues impact voice _____ ?
 _____ disruptions affect _____ of data?
 _____ transfer _____ to data and _____ ?
 _____ a lousy transfer, will _____ problems _____ my calls _____ messages?
 Is _____ causing concerns _____ voice _____ data _____ ?
 An incomplete _____ cause disruptions _____ data services.
 If _____ transfer is not _____ will there _____ problems _____ data?
 Problems _____ and _____ connections _____ be caused by possible _____ of _____.
 I wonder if _____ transfers might _____ services.
 Is incomplete transfers impacting _____ call _____ as _____ ?
 _____ incomplete transfer a _____ with both _____ data _____.
 Is it _____ that _____ data services can be _____ transfers?
 _____ disruptions _____ calls and _____ happen _____ to incomplete _____ ?
 Problems for voice _____ likely _____ by _____ disruptions in completing transfer.
 _____ isn't done _____ will there _____ issues with voice _____ services?
 _____ affecting both _____ and _____ services alike?
 Is transfer _____ an impact _____ services?
 _____ still disrupted _____ transfers?
 _____ chance of impacting _____ for _____ and data services?
 Can there _____ problems _____ and _____ services _____ the transfer _____ smooth?
 _____ this _____ transfer hurt _____ services?
 _____ transfer issues impact voice _____.
 _____ and online _____ bugged with incomplete _____.
 Both voice _____ data _____ be affected by _____ process.
 _____ might _____ effects on _____ and _____ service _____ to incomplete _____.
 Problems with _____ may be caused by _____ disruptions _____ transfer.
 The _____ of _____ data connection _____ be _____ by _____ unfinished _____.
 _____ information exchange can be caused _____ lack _____ completion.
 _____ it _____ for lack _____ completion during transmission _____ output _____ information exchange?
 _____ problems caused _____ an _____ process might _____ voice _____ data _____.
 There _____ disruptions in _____ and data if _____ are not _____.
 Is _____ unfinished transfer a risk _____ ?
 _____ partial switch affect _____ and _____ services?
 Problems for voice _____ data _____ disruptions in _____ transfer
 Is it possible _____ cause _____ voice _____ the _____ of electronic information?
 I _____ an incomplete _____ could _____ disruptions _____ and _____ services.
 _____ a chance that the _____ could _____ call and _____ ?
 Can a _____ affect _____ data?
 Is _____ risk to _____ connections due _____ unresolved file transmissions?
 _____ for both communication channels if _____ is _____ halt _____ transfers?
 Data services _____ disrupted _____ transfers.
 _____ downloads and compromised _____ services result from _____ ?
 It _____ possible _____ disruptions in _____ will cause _____ voice and _____.
 _____ of _____ incomplete _____ will the current _____ affect voice _____ ?
 Is it _____ disruptions _____ and _____ services due to a _____ transfer?
 _____ transferring _____ voice and _____ in the same _____ ?
 If the transfer _____ correctly, could we have _____ and _____.
 If _____ messed _____ the transfer, _____ we going _____ data outages _____ ?
 Is it possible for _____ due to _____ and data?
 Voice _____ features might _____ incomplete transfers?

_____ and _____ suffer disruptions due to incomplete _____?

_____ be implications for _____ channels _____ there are _____ transfers.

_____ transfers affect both types _____?

_____ possible _____ the incomplete _____ affect _____ and internet access?

_____ issues _____ affect _____ data services.

_____ that a lack of _____ during transmission can cause problems _____ output and _____?

Will _____ incomplete transfer _____ and _____.

_____ transfer _____ affect both _____ data services.

Is _____ any _____ and _____ service from _____ transfer?

_____ you _____ a partial _____ to _____ voice _____ data connection?

Is unfinished transfer _____ data _____?

Is _____ transfers _____ of communication?

_____ possible that a _____ of completion during _____ can lead _____ in vocal _____ exchange?

_____ wonder _____ voice and _____ will _____ affected by _____ transfers.

Is _____ transfer _____ voice _____ hampered by _____ disruptions?

_____ voice and _____ because of incomplete _____?

Is _____ possible that _____ can _____ in _____ or transfers of _____?

Data _____ voice risks can _____ by _____ transfer.

_____ incomplete _____ disrupt both voice and _____?

Do _____ file transmissions _____ a _____ phone _____ internet?

_____ you think _____ network transition _____ affect voice or _____?

_____ that voice and _____ services are affected _____ incomplete _____ process?

_____ the incomplete swap affects _____ data stuff.

_____ and data services can _____ incomplete transfers.

Impacts _____ services _____ be caused by an _____ transfer.

_____ incomplete _____ impact _____ data services the _____?

incomplete transfers may _____ communication.

_____ voice _____ data service disruptions _____ by _____?

_____ and _____ services could be _____ unfinished transfers.

Is the _____ voice and _____ of incomplete _____?

_____ transfer isn't done _____ might we _____ our voice and _____?

Is there _____ impact _____ voice _____ services due _____ handover?

_____ correctly, might we have problems _____ and voice services?

_____ the _____ may have issues with _____ and data services.

Will _____ to calls _____ because of _____ incomplete _____?

_____ effect on the _____ and data _____ due _____ partial transfer?

_____ incomplete _____ disruption _____ calls and browsing.

_____ a chance that the _____ might _____ voice-data?

_____ a switch that _____ disruptions in _____ browsing?

_____ disruptions hamper _____ transfer _____ and _____?

_____ and data services _____ be _____ this unfinished _____.

Could _____ partial, unfinished _____ affect both _____ data _____?

Is _____ faulty _____ can cause disruptions to _____ data services?

Is there _____ effect on _____ data service because _____?

Is _____ possible _____ can cause problems _____ output and information exchange _____ or _____ connection _____?

Is _____ any _____ service due _____ incomplete transfer?

_____ negatively impacting voice-data connectivity?

Both _____ and data _____ may _____ by a _____.

_____ unfinished transfer cause problems with data _____?

Problems with both voice _____ services could _____ incomplete _____.

____ are ____ in ____ data ____ you guys ____ finishing ____ properly.
 ____ affecting ____ data-services transfer completeness?
 ____ data connection ____ be negatively ____ by ____ transfer ____.
 If there is ____ unfinished ____ process, ____ both ____ data ____ be ____?
 ____ incomplete transfers affect voice ____ use?
 Impacts ____ voice ____ data services ____ be ____ by ____ incomplete transfers.
 ____ incomplete ____ disrupting ____ voice?
 ____ trade could be ____ by ____ unfinished transition.
 ____ transfers for ____ voice and data?
 ____ may ____ unfinished transfers ____ may ____ and ____ services.
 What ____ transfers interrupt voice call ____ as data ____?
 Problems ____ voice ____ data connections are ____ by disruptions in ____.
 Do ____ think ____ partial network ____ affect ____ or ____ connection?
 Is it ____ faulty ____ voice and data services?
 ____ incomplete ____ may affect ____ and ____.
 ____ can ____ voice and ____
 Is ____ possible ____ transferring ____ affect both voice ____ data ____?
 Is it ____ to ____ transfers ____ data ____ voice services?
 ____ wonder if ____ network transfer will ____ voice-data ____.
 disruptions to ____ data services ____ of incomplete transfers.
 ____ uncompleted transfers affecting ____ and ____?
 ____ possible ____ an unfinished transfer to ____ connection risks?
 Is ____ effect on ____ and ____ a result of incomplete ____?
 There may be disruptions ____ voice ____ data ____ to ____.
 ____ the transfer isn't ____ might ____ problems ____ and voice services.
 Is ____ possible for a ____ completion to cause ____ and ____ exchange?
 ____ disrupting ____ and ____ services too?
 ____ it possible that ____ issues with both ____ and internet ____?
 ____ that call and information trade could ____ by ____ unfinished ____.
 Will ____ impact ____ data services?
 ____ voice ____ by an ongoing partial switch?
 ____ voice and data ____ ongoing faults?
 Is ____ possible ____ voice and data services ____ be ____ by ____?
 Is it ____ disturbances to ____ transfers for voice ____?
 Voice and data ____ be ____ unfinished ____ process.
 ____ an incomplete switch ____ in ____ and ____?
 The ____ information transmission may be ____ by unsettled ____.
 Is the ____ of ____ call audio ____ by ____ transfers?
 ____ it possible that ____ of completion during transmission ____ to disruptions ____ and ____ exchange?
 Can't ____ if this incomplete swap ____.
 Is there still ongoing ____ and ____ transfer ____?
 ____ voice ____ risks ____ be ____ an unfinished transfer.
 Can't ____ if ____ incomplete swap ____.
 If ____ transfer is ____ smoothly, will ____ data ____ work?
 Is ____ possible ____ a lack ____ can ____ vocal output along ____ information exchange?
 Is it likely ____ with ____ can ____ voice and data ____?
 Could uncompleted ____ affect ____ and ____?
 ____ data service ____ still affected by ____ faults?
 Due to ____ disruption ____ calls and data transfer?
 ____ a chance ____ unfinished ____ call and information trade.

Is it _____ the incomplete _____ voice-data?
 _____ disruptions _____ of voice and data.
 _____ the _____ is not _____ will _____ with voice _____ data services?
 Is there a risk _____ file _____ online _____ phone _____?
 Is incomplete _____ a _____ with _____ communication?
 Voice _____ disruptions _____ by incomplete transfer.
 Can voice and _____ services _____ by _____?
 Will performance of _____ affected _____ incomplete transfer?
 _____ disruptions in _____ cause _____ for data _____?
 _____ it _____ that _____ of completion can affect vocal _____ and _____ exchange _____ or _____?
 The _____ can _____ voice and _____.
 _____ file _____ a risk _____ phone calls and _____ internet?
 Voice-data _____ could _____ impacted by partial _____ now.
 _____ messed _____ are we going to have _____ and _____ again?
 _____ possible _____ the _____ transfer could cause issues for _____ internet _____?
 _____ transfers going to _____ the _____ and data _____?
 Can data _____ incomplete transfers?
 _____ data services may be _____ disrupted _____.
 Does _____ incomplete swap _____?
 _____ the _____ of voice _____ data services a _____?
 There may be an impact _____ and data _____ incomplete _____.
 Will there be _____ data _____ services if _____ is a _____ the _____?
 _____ incomplete _____ cause _____ in _____ services?
 Is _____ likely _____ completing _____ cause problems for _____ data connections?
 _____ the _____ call audio & _____ transmission affected by _____?
 _____ might both voice and data _____ be affected by _____?
 There's a _____ that _____ unfinished _____ could _____ call _____ trade.
 Is the incomplete _____ my talking _____ using _____?
 Is the _____ voice _____ data _____?
 _____ that _____ could _____ voice call _____ and data use?
 _____ file transmissions pose a risk _____ phone _____ communication?
 _____ it possible _____ and _____ features will be _____ incomplete _____?
 If _____ transfer _____ done _____ we _____ have _____ voice and _____ services.
 _____ transfer doesn't go smoothly, _____ and data _____ not _____?
 _____ voice _____ data _____ will be _____ by uncompleted _____
 _____ voice _____ data services affected _____ partial switch?
 Both _____ and data services _____ be _____ uncompleted _____.
 _____ result in disrupted _____ and compromising _____ services?
 There may be _____ voice _____ service _____ of a partial _____.
 Is _____ transfer _____ and data _____?
 Is _____ and voice services _____?
 _____ incomplete transfer going _____ problems for calls _____ internet _____?
 Is incomplete _____ disruption _____ data and _____?
 Is there _____ affecting _____ data _____ transfer completeness _____?
 _____ incomplete _____ interrupt voice _____ as data use?
 Is phone _____ online connections at risk _____?
 Due to _____ unfinished _____ service _____ and data transfer?
 Will voice- _____ operations _____ affected _____ incomplete _____?
 _____ a _____ network _____ affect data and voice connections?
 _____ still _____ affecting voice and _____?

_____ could _____ problems for both _____ data services.

Is _____ in Voice & _____ now?

_____ are _____ by an _____ that _____ affect both voice and data _____.

Is voice _____ transfer _____ incomplete?

What impact _____ incomplete transferring _____ on _____ voice _____?

Voice _____ data services may _____ transferring.

Is disrupted voice _____ data _____ possible _____ faulty _____?

_____ a _____ unfinished _____ both voice and _____ service?

_____ there _____ any _____ for both _____ there _____ halt in transfers?

_____ it _____ that partial network _____ may affect _____?

_____ it _____ in completing _____ could _____ problems with data _____ voice _____?

_____ are _____ with _____ transfer, _____ there be _____ with _____ services?

_____ incomplete transfer _____ and data _____?

Is _____ affecting _____ voice services?

Is _____ incomplete transfer _____ and _____ services?

Is it _____ data _____ are impacted by incomplete _____?

There could be _____ to _____ data _____ an _____ transfer _____.

Is it possible _____ disrupted _____ could _____ and _____?

_____ a partial _____ voice _____ data _____ at the _____ time?

_____ and _____ services _____ disrupted _____ incomplete transfer.

_____ can _____ trouble _____ spoken and net _____ interruption.

Is phone calls and online _____ to unresolved _____?

Is _____ possible that issues with _____ can affect _____.

Will _____ problems _____ data services?

_____ issues impact _____ voice and _____?

Will _____ voice _____ disrupted downloads come _____ partial _____?

Is an _____ affecting _____ and _____ services?

The unfinished _____ could _____ both _____ services.

_____ partial transfer _____ the _____ data service?

_____ of an unfinished _____ interfering _____ and information trade?

_____ likely _____ completing transfer could _____ problems for _____ and _____ connections?

Can voice _____ data _____ be affected _____?

_____ unfinished transition interference _____ call _____ information _____?

If the _____ smoothly _____ there be _____ and data services?

Is an _____ transfer disrupting _____?

Is _____ that _____ completing transfer will _____ issues with _____ and _____?

Because of _____ incomplete _____ could _____ services _____ disrupted?

Is _____ transfer _____ to _____ about voice and _____?

Can _____ affect _____ of voice _____ data services?

_____ it _____ transfer _____ cause _____ in both voice and data _____?

_____ if the _____ swap might affect _____?

_____ transfers _____ issues with our calling _____ access _____ internet?

_____ problems caused _____ unfinished _____ process affect voice _____ data _____?

Is voice and _____ going to _____ by _____?

Alterations _____ along with _____ exchange _____ cellular connection reception, _____ caused by _____ completion during transmission.

I _____ if the incomplete swap affects _____.

Does _____ switch _____ voice and data _____ the _____ time?

_____ you _____ network transition _____ affect voice _____ data connection?

_____ possible that partial _____ transfer could _____ data?

Could incomplete _____ in voice _____ services?

_____ transfers cause problems _____ both voice _____?

Problems for _____ service can arise from _____.

Could _____ unfinished _____ ruin _____ and _____ services?

Is it _____ that voice _____ data disruptions _____ transfer?

Can incomplete _____ voice _____ data _____?

Is _____ possible _____ interruptions could _____ for both voice _____?

The _____ transition could _____ affect _____ data services.

_____ it possible _____ disruptions _____ affect _____ and data _____ incomplete transfers?

_____ unfinished transfers disrupt voice _____?

_____ that service disruption _____ and data transfer?

_____ possible _____ interruptions in Voice & Data _____ to degradation _____?

We might have issues _____ and _____ if _____ not _____ correctly.

Can _____ affect voice and _____?

_____ disruption _____ browsing happen _____ of incomplete switch?

Might the _____ the _____ voice and _____?

_____ Voice & _____ transmission _____ to be degraded by _____?

Is there any _____ on _____ voice _____ service due _____ a _____?

_____ and _____ transfer _____ be affected by ongoing _____.

_____ voice _____ data connections may _____ caused _____ disruptions in _____ transfer.

Is _____ possible that an _____ will _____ disruptions _____ and _____?

Is _____ voice and _____ by _____ incomplete _____?

_____ possible that disruptions can impact voice, _____ as _____?

Is it _____ that incomplete _____ lead to _____ calls _____ the transfer of _____?

_____ unfinished transfers _____ disrupting _____ services?

Is _____ transfer affecting _____ services?

Is the _____ transmission functions going _____ degraded _____ now?

Is _____ possible _____ disruptions may hinder smooth _____ and _____?

_____ the _____ and data _____ completeness still _____ by _____ faults?

If the transfer _____ issues _____ voice and data services.

_____ there _____ problems _____ and _____ the transfer is not flawless?

Problems for voice and _____ connections _____ caused _____ disruptions in _____

Does the _____ disruptions _____ transfer of _____ data?

Is _____ for a _____ of completion to lead to _____ and _____?

Are _____ affecting _____ as data, service _____?

Is _____ call and information _____?

An incomplete handover _____ impact on _____ and _____.

_____ there an _____ voice and data connections?

It _____ that _____ transfers disrupt both types _____.

Can _____ incomplete transfer _____ and _____?

Will _____ transfers affect _____ services _____ same?

_____ transfer _____ issues _____ calls and _____ access?

_____ disrupted by incomplete _____?

Voice-data _____ be _____ by partial _____ transfer.

Is incomplete _____ disrupted data _____?

Is a _____ online and _____ calls _____ file transmissions?

Are we going _____ have problems _____ voice and _____ again _____?

_____ possible that _____ transitions can lead _____ in _____ or _____ transfer _____ information promptly?

Do interruptions affect _____ transfer _____ both _____ data _____?

The _____ issues with voice _____ data _____.

_____ incomplete transfers affecting voice _____ as well _____?

The ____ transfer might ____ issues ____ internet access.
 ____ impede ____ transfer of ____ and data ____?
 Is ____ possible ____ disrupt ____ types ____ communication?
 Do ____ still disrupt ____?
 Maybe ____ incomplete transfer will ____ for ____ and ____ access?
 This ____ transition ____ and data services.
 Do you ____ a ____ could ____ voice ____ data connections?
 ____ and data ____ might be ____ due ____ transfers.
 ____ it ____ that ____ data services ____ disrupted due to ____ transfer?
 ____ this unfinished transition hurt ____ data ____?
 ____ possible unfinished transition ____ and ____ trade?
 Can ____ transfer ____ voice and ____ be hampered by ____?
 Is ____ affecting ____ and data services ____ of ____?
 ____ incomplete transferring affect ____ and ____?
 Do ____ that a partial ____ will affect ____ voice or ____?
 Is ____ transfer ____ voice ____ disruptions?
 ____ affect voice and ____ services
 disruptions in both voice and ____ by ____ transfer.
 ____ it ____ that the incomplete ____ voice-data stuff?
 ____ transfer ____ complete ____ will there be problems ____ voice ____ data?
 ____ unsuccessful transfers ____ us ____ with ____ phone ____ use?
 A partial network transfer ____ on ____ connection.
 Will incomplete ____ too?
 ____ are ____ might ____ smooth transfer of voice ____.
 ____ transfer cause problems ____ services?
 ____ voice and data ____ as well?
 ____ current turmoil, ____ uncompleted ____ affect voice ____ services?
 Will ____ be problems ____ voice ____ if ____ transfer isn't completed ____?
 Will services like ____ and ____ disrupted ____ incomplete ____?
 ____ for ____ cause problems in vocal ____ and information exchange using internet or ____?
 Could ____ cause ____ for both voice ____ data?
 ____ incomplete ____ can cause disruptions ____ voice calls or ____ transfer of electronic ____?
 ____ transfers ____ voice and data ____?
 Considering the current ____ voice and ____ services?
 Can voice ____ data ____ be affected ____?
 ____ there ____ chance unfinished transfers ____ data services?
 Is ____ ongoing ____ switch ____ voice ____ data ____?
 ____ we ____ with ____ and data issues again, because ____ messed up ____?
 ____ there ____ problems with the ____ data services ____ affected?
 ____ transfer ____ there be problems with ____ and data ____?
 Problems with ____ incomplete transfer ____ voice ____ services.
 ____ an ____ cause ____ for voice and ____?
 ____ it probable that ____ transferring can have an ____ both voice ____?
 If the transfer ____ completed smoothly, ____ there ____ with ____ data services?
 ____ of completion can ____ to ____ vocal ____ along with information exchange?
 ____ data services could be ____ by ____.
 ____ interruptions ____ both voice and ____?
 ____ services be ____ incomplete transferring?
 ____ incomplete ____ disrupt ____ of communication?
 ____ caused by ____ unfinished transfer process ____ and ____ services?

_____ don't know if _____ swap will _____.
 _____ transfer _____ could be issues with voice _____ data services.
 Is _____ unfinished transition a problem _____ voice _____?
 If the _____ isn't _____ there _____ with voice and data _____?
 _____ with _____ transfer will _____ voice and _____ services.
 _____ you think a _____ network _____ may _____ voice _____ data _____?
 Is _____ and voice _____ to _____ now?
 There is a _____ that voice _____ be _____ an _____ transfer.
 _____ transfer _____ people worried _____ and voice disruptions?
 _____ likely _____ disruptions _____ completing transfer will _____ problems _____ connections?
 How _____ transfers affect vocal _____ communications _____?
 _____ if the _____ messes up _____ data services?
 _____ we _____ have voice _____ again because of _____ transfer?
 _____ transfer _____ impact both voice _____ services.
 _____ transfer may _____ with _____ and _____ services.
 _____ faulty _____ voice and data services.
 _____ it possible _____ lack of completion _____ to _____ vocal output and _____?
 _____ incomplete transfers _____ to affect _____ and _____?
 _____ it _____ disruptions may impact _____ well as _____ transfers?
 _____ of _____ and data connections _____ be _____ by an _____.
 Is _____ to impact _____ for voice _____ services _____?
 Voice and _____ services _____ may not be _____ issues.
 I _____ know if this incomplete swap _____.
 Is a _____ voice and _____ service?
 _____ disrupt communication
 _____ problems with _____ and _____ if _____ transfer isn't smooth?
 Is _____ possible _____ transfers _____ disruptions to _____ data _____?
 Is _____ transfer _____ to cause _____ for _____ internet?
 Problems for spoke _____ can be _____ errors.
 _____ this _____ transition _____ both voice and _____?
 There _____ can _____ trouble for spoken and _____ service.
 _____ it possible for voice _____ services _____ due _____ faulty transfer?
 _____ data services _____ be _____ by _____ transfer process.
 Unresolved file transmissions _____ risk to phone _____ connections.
 _____ impact voice and data _____.
 _____ and voice services _____ affected by _____.
 Is _____ transferring can cause _____ with voice and _____?
 Is it _____ for disruptions to affect the _____ and _____?
 _____ that _____ disruptions _____ affect _____ voice and data services?
 _____ and data services _____ affected by the unfinished transfer _____.
 Is it possible _____ data _____ will be _____ the _____ process?
 Possibly the incomplete _____ cause issues _____ calls and _____.
 _____ quality _____ both call audio and _____ transmission _____ by _____ nowadays?
 _____ it possible _____ file _____ pose a risk to online _____?
 _____ this _____ problems for both _____ and _____ services?
 _____ are disrupted due _____ incomplete transfers.
 Due _____ an unfinished switch, will _____ affect calls _____?
 _____ possible _____ incomplete transfers _____ voice _____ online features.
 Is _____ data _____ affected _____ unfinished transfer process?
 Have _____ transfers _____ and _____ services?

Will _____ data _____ be _____ service disruption?

Is _____ with data _____ and voice _____ quality?

Is _____ disruptions _____ and data services?

_____ both voice and _____ services _____ disrupted _____ to a faulty transfer?

Will _____ with _____ and data services _____ the _____ is _____ smooth?

Is it possible _____ affect the transfers _____ data _____?

_____ incomplete _____ going to _____ problems _____ and calls?

_____ an _____ going to _____ an impact on _____ and _____?

This unfinished transition _____ cause _____ and _____ services.

Is _____ partial switch to affect voice and _____ services _____?

_____ transition _____ result _____ disrupted voice _____ and disrupted _____.

_____ likely that ongoing _____ with _____ voice and data _____?

_____ calls _____ transfer be affected by _____ disruption?

Is _____ possible _____ voice _____ data _____ are affected _____ an unfinished _____?

Is _____ transfers _____ for both _____ and data _____?

_____ this incomplete _____ ongoing _____ affect _____ and data services?

Is it _____ lack of _____ during _____ will _____ in _____ output and _____?

_____ incomplete _____ causing _____ to _____ data?

Are _____ issues _____ voice _____ services?

_____ transfer mess _____ voice and _____?

_____ and data services _____ incomplete _____?

_____ the _____ isn't _____ there _____ problems with _____ and data?

_____ transition messing _____ both _____ and data services?

Is the _____ affected _____ the incomplete transfer?

Problems with an _____ both voice _____ data services.

_____ incomplete transfers _____ voice _____ data services?

_____ it possible _____ disruptions _____ hinder smooth _____ of _____ data?

_____ voice _____ data get _____ by _____ switch?

_____ and data services could _____ by _____ transfer.

_____ there still an impact on _____ data services?

If the _____ isn't _____ correctly, could _____ experience _____ with voice _____?

Is _____ that disruptions _____ completing transfer _____ for _____ connections?

_____ incomplete switch make it _____ to combine _____?

It's _____ the _____ cause _____ with calls and _____ access.

Is _____ chance that _____ affect _____ as well as _____ transfers?

Voice data connection _____ be _____ impacted _____ transfer.

Could disruptions _____ transfer cause problems for _____?

_____ incomplete _____ voice and _____ services?

_____ the transfer _____ to _____ for _____ and data?

An _____ could _____ to services.

_____ transfers impact both _____?

_____ be _____ transfers _____ disrupt communication.

Considering the _____ voice _____ data _____ affected by _____ transfers?

Will _____ transfer _____ both _____ services?

Is an _____ and information _____?

_____ transfer of both _____ and data services _____ disruptions.

_____ it _____ that _____ transfer _____ problems for _____ and _____ connections?

This _____ transition _____ affect _____.

Will _____ and _____ occur _____ an incomplete switch?

Possibly unfinished _____ voice _____ data _____.

_____ transfers _____ and voice services?

_____ performance _____ voice-data operations be _____ transfer?

_____ both _____ of communication still disrupted _____?

Will _____ incomplete _____ and data _____?

_____ possible _____ data services can _____ due to faulty transfers?

Problems with voice and _____ connections _____ possible _____ completing transfer.

_____ it _____ that unresolved _____ pose a _____ and online connections?

_____ it _____ move _____ is bothering my _____ and _____?

_____ it likely _____ the issues _____ transferring _____ affect _____ voice _____?

_____ to _____ and _____ services _____ a result of _____ transfer.

_____ be impacts _____ voice and data _____ due _____ incomplete _____.

Does _____ transfers _____ voice _____ online _____?

_____ impacts _____ and data services _____ incomplete transfer?

Is _____ partial _____ of voice _____ affected by _____ disturbances?

Considering the current _____ may _____ data services _____ by _____?

_____ wonder _____ incomplete _____ affect both _____ of _____.

Is _____ affecting voice _____ now?

Problems _____ spoken _____ interruption _____ be caused _____ transfer errors.

_____ you think a _____ transition _____ affect voice _____ connection?

_____ data services could _____ impacted by _____ unfinished _____.

Voice _____ data _____ be _____ incomplete _____.

Problems _____ voice _____ be _____ by disruptions in _____ transfer.

Is it _____ during _____ can _____ problems in vocal output _____ with _____ exchange?

Is it possible _____ are disrupting _____ and _____?

Can transfer issues _____ data _____?

_____ the _____ isn't done _____ we might _____ voice _____ data.

_____ to _____ and _____ caused by an _____ switch?

It's possible _____ the _____ transfer could _____ issues _____ and _____.

Voice-data _____ may _____ impacted by _____ transfer _____.

Is _____ faulty transfer _____ affect both _____ and data?

There could be _____ to _____ voice _____ data _____ to _____ faulty _____.

There are problems _____ by an _____ process _____ might affect both _____.

_____ the unfinished _____ a problem _____ and data?

Will _____ and voice services be _____ incomplete _____?

What _____ the transfer _____ voice and _____?

_____ incomplete transferring affect _____ and _____?

_____ will incomplete _____ affect _____ services?

Is _____ transfer causing _____ data _____?

_____ incomplete transfers _____ voice _____ quality _____ well _____ data _____?

Voice and _____ be disrupted _____ incomplete _____.

Is it likely _____ with _____ have an _____ and voice _____?

Is _____ issues with transferring can have _____ impact _____ and _____ services?

Will incomplete _____ disruptions _____ and _____?

_____ an _____ transfer cause voice _____?

Is there _____ unfinished transition might _____ and _____ trade?

_____ a faulty transfer _____ voice _____ services?

_____ vocal output along _____ information exchange _____ by _____ of completion.

disruptions to voice _____ services _____ by _____ transfers?

Possible _____ voice and data _____ to an _____.

Maybe _____ data _____ be affected by uncompleted _____?

There _____ some effects _____ and _____ service _____ incomplete transfer.
 Are _____ calls and data because _____ transfers correctly?
 _____ unfinished transfers _____ voice and _____?
 There are potential _____ voice and data _____ incomplete _____.
 _____ likely _____ transferring can have an effect _____ both _____ data services?
 Could _____ transfers _____?
 Is _____ there are _____ in _____ transmission by now?
 How _____ incomplete transfers _____ services?
 Is _____ network _____ voice-data _____?
 _____ file transmissions pose _____ risk _____ both _____ calls and _____?
 _____ transfer affect data and _____?
 _____ and _____ be affected _____ incomplete transferring?
 _____ in vocal _____ information exchange can _____ caused _____ lacking _____ during _____.
 Will _____ have _____ on _____ voice and data _____?
 A partial _____ can _____ voice services _____ disrupted _____.
 _____ that _____ in _____ cause problems for data and voice _____?
 Do the ongoing _____ voice _____ completeness?
 _____ it _____ for spoke _____ net service _____ caused by _____?
 _____ unfinished transition going _____ affect call _____ trade?
 _____ might be negatively _____ by _____ transfer.
 Is _____ incomplete _____ to problems with vocal output _____ exchange?
 _____ bad _____ both voice and data?
 _____ cause trouble _____ spoken and net _____.
 Is _____ transfers affecting voice _____?
 _____ transfer issues could affect _____ data services?
 There can be trouble _____ spoke and net _____.
 If the _____ isn't done _____ we have issues _____ and _____?
 _____ data transfer be disrupted _____ unfinished switch?
 Will _____ transfer and calls _____ service _____?
 _____ partial network _____ voice-data connections.
 Is incomplete transfer _____ voice and data _____?
 Is _____ that _____ with transferring _____ impact both _____?
 Can a _____ transition result _____ compromised _____ downloads?
 Is _____ still a _____ of _____ for _____ and _____ services?
 _____ voice _____ Services _____ completeness affected by ongoing _____?
 _____ voice _____ data services _____ by uncompleted transfers?
 Can an unfinished _____ cause problems _____?
 _____ deal with voice _____ again because of the transfer?
 _____ it _____ that _____ network transfer _____ voice-data availability?
 Will voice _____ disrupted _____ switch.
 Is it _____ and data services are _____ to _____?
 It might _____ transfers disrupt _____ types _____ communication.
 _____ data _____ may _____ to an incomplete transfer.
 _____ transfer _____ have impact _____ data services?
 _____ to voice _____ data _____ be a result _____ transfer
 Is _____ transfers _____ data?
 Is _____ voice and data _____ to _____ handover?
 Is there _____ effect _____ both voice and _____ to _____?
 _____ both _____ and data _____ service disruption?
 _____ incomplete _____ to cause disruptions to _____ and _____ services?

Due _____ an unfinished switch, _____ transfer be _____?

Is _____ transfers causing _____ to _____ services?

_____ problems caused _____ the unfinished _____ could _____ both voice _____ data _____.

_____ sure if _____ incomplete _____ will _____ calls and internet access.

Voice _____ services _____ be _____ uncompleted transfers

Does _____ affect the voice _____?

_____ incomplete transfer causing _____ disruptions _____?

Considering the _____ uncompleted transfers _____ and data _____?

Voice-data connection _____ be _____ transfer.

_____ messed _____ the _____ so _____ we going to have voice _____?

Is _____ possible _____ swap might affect voice _____?

_____ disruptions impede _____ of _____ and _____?

_____ transfer affect _____ and _____ services?

unfinished _____ voice and data _____

_____ the service _____ and _____ transfer?

There is _____ chance that _____ and _____ will _____ due to _____.

_____ possible _____ voice and data services _____ due _____ a _____ transfer?

_____ it possible _____ partial network _____ could _____ connection?

_____ might be _____ on _____ and _____ because of _____ transfers.

Do interruptions affect transfers for _____?

Is it possible _____ issues _____ and data?

_____ possible _____ incomplete transfer could cause disruptions _____ data and _____?

_____ that issues with transferring can _____ and _____ services?

_____ wonder _____ the incomplete transfer will cause _____ calls.

_____ spoke and net service _____ caused by _____ errors?

Did you _____ finish _____ leading _____ in _____ and data?

_____ possible _____ issues _____ transferring _____ result _____ voice and data services?

_____ move that _____ bothering my talking _____ using the _____?

_____ possible _____ lack _____ during transmission to _____ in vocal _____ information exchange?

_____ going to _____ and data outages _____ because _____ messed up _____?

_____ disrupted by _____ transfers.

Is it _____ and _____ can be affected _____ ongoing partial switch?

There will _____ for both channels _____ there are _____.

Is _____ transfer _____ voice _____ data _____?

_____ disruptions _____ make _____ harder to transfer voice _____.

_____ it _____ affect voice, _____ well _____ data, service transfers?

Is _____ issues with transferring _____ affect voice _____ services?

Is _____ that _____ network transfer could _____ data _____?

Is _____ possible _____ transfer issues _____ impact _____ data _____?

_____ it possible _____ both types of communication?

_____ are _____ if a _____ will _____ voice services and _____ downloads.

Can _____ voice _____ data services?

If the transfer isn't _____ might _____ with data _____ services.

Can't _____ incomplete swap _____ voice-data.

_____ information _____ may be _____ by an unfinished _____.

_____ data transfers _____ affected by _____.

_____ to affect voice and _____ transfers fully?

Is _____ possible that _____ in completing _____ cause issues _____ data _____?

Do I have _____ worry _____ bad _____ messing with _____?

_____ and data services _____ disrupted _____ incomplete _____ well?

Does _____ the impact of _____ and _____ services?
 _____ to an _____ switch, _____ service disruptions affect _____ transfer?
 Will _____ transfers impact voice _____?
