

[Demo] NLP Dataset for Customer Service Automation

Company Type	Mobile Network Operators
Inquiry Category	SIM card replacement and activation
Inquiry Sub-Category	SIM Card PUK Code
Description	When customers input their SIM card PIN code incorrectly multiple times, the SIM card may get locked and request a PUK (Personal Unblocking Key) code. Operators provide this code to customers to unlock their SIM cards and regain access to their mobile services.
Data Size	5,022 paraphrases
