

[Demo] NLP Dataset for Customer Service Automation

Company Type	Home Appliance Manufacturers
Inquiry Category	Product performance and efficiency questions
Inquiry Sub-Category	Water Efficiency
Description	Customers inquire about the water usage and conservation features of our appliances, such as dishwashers and washing machines.
Data Size	5,933 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Home Appliance Manufacturer" customer inquiry. (Purchased data will not be masked.)

_____ specific _____ settings or _____ for reducing _____ Of waTer?

_____ that prevent wasteful _____ of _____ be introduced.

Specific _____ to _____ wasteful use _____ could be _____.

_____ settings that _____ to _____ water?

_____ you _____ me if _____ is _____ that will _____ conserve water?

_____ the wash _____ water?

_____ that you offer wash _____ that help _____?

Any _____ to reducing _____?

Is there a way _____ combat wasteful _____ water _____?

Do you _____ efficient _____ use?

_____ specialized _____ use _____ water for _____?

Is there a _____ that _____?

Do _____ have _____ settings _____ can help _____ save _____?

Are there washing _____?

_____ the _____ minimize _____ waste?

Is _____ to _____ specific _____ settings for _____ waste?

_____ wash _____ reduce _____ waste

Are there _____ that _____ water?

_____ are _____ made wash options that _____ down _____.

_____ for using less _____?

Are _____ special _____ for _____?

How _____ excessive water _____ in your _____?

_____ practices _____ help curb _____ use.

Is there _____ way _____ waste in _____ cycles?

_____ there _____ specific _____ for reducing _____?

There _____ specific wash _____ to _____ waste?

There may be wash _____ cut _____ wasted _____.

I _____ is a _____ saves on _____ water use.

How _____ wash practices _____ use?

Is _____ possible that specific programs _____ waste _____?

Is it possible _____ specific _____ waste?

Do _____ offer _____ that _____ save on _____ use?

_____ settings _____ the amount of water _____?

_____ are _____ use of _____ in cleaning clothes.

Is _____ preset _____ to minimize _____ loss _____ water.

_____ give specific wash _____ that _____ save _____?

_____ washing _____ can _____ less _____.

Are there _____ water use?

Any _____ reducing water _____?

Can _____ be changed _____ make _____ less wasteful?

Is there any _____ that minimize _____?

_____ settings _____ conserve water?

There are _____ to _____.

Special _____ water _____?

_____ washing _____?

Do _____ recommend _____ settings _____ save _____?

There may _____ programs _____ use.

Can _____ settings _____ waste?

Does anyone have _____ reducing wasted _____?

I wonder if there are wash _____.

Any wash _____ water?

Is _____ that _____ programs could _____ water _____?

Can _____ programs _____ water?

Are there programs _____?

_____ you _____ any _____ that will cut my _____?

_____ you give _____ settings _____ reduce water _____?

_____ for saving _____?

_____ there a _____ wash setting that reduces _____?

Will _____ wash settings _____?

Is there _____ options _____ water _____?

What are _____ wash practices _____ water.

_____ there _____ options that _____ save _____?

_____ if _____ is _____ mode designed _____ down on wasted _____.

_____ to cut water _____?

_____ modes that will cut _____ on wasted amounts _____ water?

_____ to reduce water waste _____ laundry cycles?

Is _____ wash _____ to _____ unneeded loss _____ water.

Can _____ settings to _____ water _____?

_____ setting that can be used to _____ and _____?

Do _____ special _____ cutting _____ on water?

Any _____ that reduce _____ of _____?

_____ certain wash _____ water?

_____ you offer _____ that _____ reduce _____?

Do you _____ features _____ reduce excess _____?

_____ washing _____ that will _____ waste.

_____ settings should _____ use _____ water waste?

Can you _____ or _____ settings _____ water waste?

Is _____ program or _____ reduces waste?

Do _____ have _____ special programs for _____ in _____?

_____ settings should _____ water waste.

Is there _____ to combat _____ of water _____ cycles?

_____ there _____ to reduce _____ when cleaning _____?
Is _____ mode _____ will cut _____ on the amount of water?
_____ the best wash _____ to _____?
There may _____ programs _____ minimize _____.
_____ wash _____ try to minimize _____ of water _____?
_____ I _____ setting that decreases the amount _____?
Reducing _____ water _____ options.
_____ there any _____ wash settings that _____ water _____?
_____ the _____ help conserve _____?
How _____ practices _____ excessive _____ use?
Specific _____ settings _____ water.
_____ there _____ wash _____ help save water?
Is there a _____ the _____ waste?
_____ it _____ to _____ wash _____ that _____ water waste?
Is a _____ designed _____ help _____ down on _____?
Is it _____ to change _____ less _____.
_____ water during washing?
_____ adjustments _____ for less _____ washing?
Do _____ that are designed to reduce _____?
settings dedicated _____ wasted _____?
What _____ the _____ wash practices that _____?
_____ there any _____ cutting water _____?
_____ are _____ wasteful use of water in _____ cycles.
Is there _____ program to _____ waste _____ cycles?
Do the _____ decrease _____ waste?
_____ are _____ wash _____ that _____ usage.
_____ there _____ program _____ for _____ of waTer?
Are _____ programs able _____?
Is it possible _____ which will cut down _____ amount _____ water _____?
Is it _____ to _____ wash settings that _____?
_____ you _____ to provide _____ or programs to _____ waste?
Could wash options _____ wasted?
Do your wash settings _____?
_____ be _____ for less _____ washing
_____ reduce the _____ of water _____?
Do _____ programs use _____ efficiently?
_____ you have any _____ for _____ waste _____.
_____ there _____ wash _____ that _____ save _____?

Should _____ any _____ wash _____ to cut _____ water _____?

Are there _____ programs _____ water _____?

Was there a _____ reduce _____?

_____ was _____ if there are _____ that save _____.

_____ cutting water _____?

Is _____ a _____ setting _____ that reduces waste?

_____ there _____ program that _____ water waste _____?

Is there a way _____ reduce _____ for cleaning _____?

Can you _____ me about _____ for _____ waste _____?

Do these _____ preset reduce _____?

_____ settings that combat _____ use _____ washing _____ are _____.

_____ settings for saving _____?

special wash _____ save _____

_____ settings take care _____ waste?

Are there _____ for _____ water _____?

_____ setting help _____ water in _____ washing _____?

_____ of any special wash _____ save water?

There are _____ for _____ water.

_____ you _____ programs to _____ water waste?

_____ a _____ tailored for _____ water _____?

_____ there _____ reducing unneeded waste _____ waTer?

Are there _____ programs _____ water _____?

Can I _____ that reduces the _____ water being _____?

Is _____ wash option that will _____ wasted?

Can _____ wash _____ waste?

Is _____ the _____ preset will minimize unnecessary _____?

Can _____ find a _____ that _____ amount _____ used.

There _____ washing options _____ waste.

_____ way to _____ options _____ reducing wasted water?

_____ that will cut down on _____ water?

Is _____ a way _____ prevent wasteful use _____ water _____?

Will _____ settings _____ water in _____?

Is there _____ to save _____ in _____?

_____ there _____ any settings _____ wasted water?

Is _____ possible _____ settings _____ wasteful washing?

I want to _____ it's possible _____ choose wash _____ devices which _____ down _____ wasted _____.

_____ possible _____ make settings that _____ wasteful _____ water during _____ cycles?

How _____ save water _____?

_____ settings that _____ water?

Do _____ modes that _____ on _____?

_____ special wash settings _____ will _____ water?

Is _____ combat _____ use of water _____ washing cycles?

_____ are _____ to _____ waste _____ laundry cycles

Is _____ specific programs to _____ waste?

There may be _____ reduce water _____.

_____ tailored _____ option that _____ save water?

_____ wash _____ water waste?

_____ for _____ sparing _____?

Is _____ a way _____ waste _____ the _____ settings?

Do _____ settings _____ will help save _____?

Is ____ wash ____ designed to ____ amount of ____ ?
____ options ____ on water use.

Are there ____ designed ____ decrease ____ ?
____ there ____ saves water when ____ ?
____ can ____ for ____ wasteful washing
Any ____ focused on ____ ?

Can you ____ me a program ____ water?
____ setting ____ can help conserve ____ ?

Is ____ water when washing?
____ there a ____ cut wasteful use ____ when cleaning ____ ?
____ wash ____ can ____ use to ____ waste?
____ wasted water, any ____ dedicated ____ ?

Is ____ able ____ reduce water ____ ?

Is there a tailored ____ down on ____ ?
____ are wash ____ minimize ____ waste?
Can ____ wash settings ____ to ____ water ____ ?
____ possible specialized ____ during washing?
Can ____ find ____ setting that ____ on water use?
____ may be washing ____ options ____ are dedicated ____ saving ____ .

Is ____ specific program for decreasing ____ waTer?
Is ____ settings ____ reducing ____ water?
Is it possible ____ water consumption?
____ distinct ____ help save ____ in ____ washing process?
____ washing options ____ water ____ ?
____ are ____ settings that ____ reduce ____ .
____ program ____ trims water use?

Can ____ dedicated to reducing wasted water?
Does ____ any special wash ____ save water?
____ the wash preset ____ minimizing ____ of ____ ?
____ provide ____ settings that save on ____ ?
____ it possible ____ the wash preset ____ loss?

Is a mode ____ to cut ____ water ____ ?
Is ____ possible to ____ water ____ ?
____ efficient ____ programs?

Is ____ set of ____ that minimize water ____ ?

What ____ the most ____ save water?
____ wash ____ can ____ used ____ water waste?

Is ____ programs ____ to ____ water ____ ?
____ there ____ that cuts down ____ water

Is ____ mode designed ____ cut down ____ available?
____ wash ____ that will ____ water waste?
____ there be special ____ use ____ ?
____ specific ____ able to ____ waste?

What ____ dedicated ____ reducing water ____ ?
Any special wash ____ that ____ ?

Is it possible ____ the wash modes on ____ devices ____ on ____ ?
____ wash preset focused on ____ unnecessary loss ____ ?

Is there ____ way that you ____ wasteful ____ water during ____ ?
____ are ways ____ wasted ____ .

What are ____ best wash ____ ?

special wash ____ to ____ ____?
 Special ____ settings ____ save ____.
 Is ____ an ____ that ____ on ____ water?
 Do you ____ that combat ____ water in washing ____?
