

[Demo] NLP Dataset for Customer Service Automation

Company Type	Smartphone Manufacturers
Inquiry Category	Software updates and compatibility issues
Inquiry Sub-Category	Bluetooth connectivity problems
Description	Customers may experience difficulties connecting their smartphones to other Bluetooth devices, such as headphones, smartwatches, or car audio systems, and require support in troubleshooting and resolving these compatibility issues.
Data Size	5,099 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Smartphone Manufacturer" customer inquiry. (Purchased data will not be masked.)

_____ aren't _____ apps _____ properly after updating Android _____ making it _____ to _____ gadgets _____ BT _____?

BT tech _____ are _____ apps _____ features after the _____.

When _____ OS _____ have difficulties connecting toBT.

The _____ gadgets toBT _____ of the _____ after _____ has been updated.

The _____ to _____ devices _____ jeopardized because _____ malfunctioning _____ I upgraded my _____.

_____ thatANDROID OS _____ come out, why _____ gadgets _____?

_____ is _____ the trouble _____ due _____ updatedANDROID _____ affecting specific apps _____ features.

_____ apps and features in _____ new OS _____ not _____ is _____ issues _____ ties _____

_____ acting _____ updated _____ hook up B/T kits _____ ease?

TheBT technology _____ affected _____ malfunctioning features as _____ theAndroid _____ update.

Some _____ apps and _____ troubles with _____ connection _____ after the latest _____ the _____.

_____ is _____ have problems connecting gadgets toBT.

_____ challenge for _____ could _____ the _____ the glitch afterANDROID OS has _____.

It is possible that _____ make _____ hard to _____ devices _____.

_____ an app _____ and bad _____ gadgets that useBT _____ an updated version of _____

_____ you have _____ update _____ don't work _____ and it's _____ to _____.

_____ an _____ Android system affecting _____ apps _____ there's _____ Bluetooth devices.

There _____ problems when attempting _____ connect _____ usingBT _____ because of _____.

After _____ release _____ android OS updateBT _____ affected.

The recent Android OS _____ cause _____ connect _____ theBT technology.

TheBT _____ were affected by malfunctioning feature _____ due to _____.

_____ the _____ is changed, some _____ experience _____ for gadgets _____ connected _____ technology.

_____ gadgets work correctly now _____ theANDROID _____ update has _____?

_____ be _____ the difficulty in connectingBT-enabled devices _____ theandroid.

_____ do _____ of specific _____ and _____ challenges come about _____ the _____ platform _____

Following _____ update of a platform _____ Android, malfunctioning _____ specific apps _____.

_____ tech integration problems can be caused _____ certain _____ not _____ on Android _____ an _____.

_____ connections _____ affected by _____ features _____ apps due to _____ updates

_____ occurs _____ the ANDROID OS has been updated _____ be a _____ the challenge _____ gadgets _____.

Following _____ update, _____ encounter problems connecting to gadgets _____.

What _____ app _____ connection between _____ that _____ after _____ an updated version of the ANDROID BT _____ were _____ malfunctioning _____ and features as _____ of the _____ OS _____.

Updating my _____ my apps _____ working _____ which makes it _____ connect BT _____.

Problems _____ connecting devices using Bluetooth _____ can _____ by some _____ functioning _____ after an _____ to Android.

_____ Android _____ affecting specific _____ and features _____ is causing _____ in connecting Bluetooth _____.

_____ technology connections were _____ malfunctioning features _____ apps _____ the _____.

_____ technology connections _____ malfunctioning of apps _____ due to _____ OS updates.

_____ is trouble connecting Bluetooth devices _____ an updated Android _____ affecting specific _____.

A few _____ and some _____ a _____ connection _____ reported following the _____ new OS.

_____ issues _____ make it _____ connect BT-enabled _____ after an _____

BT _____ connections were _____ by _____ on apps _____ of Android _____ updates.

_____ is _____ to _____ gadgets using BT tech _____ to the fact _____ certain _____ features _____ working properly after _____.

_____ makes my _____ not _____ correctly, which limits my _____ connect to BT _____.

The compatibility issues _____ connect BT-enabled products _____ an upgrade _____ may _____ it difficult to _____ after an _____.

_____ and features in my _____ OS aren't working correctly, which _____.

_____ Android OS updates may _____ problems _____ connect devices _____ technology.

_____ after _____ the _____ of the _____ what could be _____ trouble with _____ through _____ technology.

_____ OS update has _____ so why _____ work?

BT technology _____ affected _____ malfunctioning features _____ malfunctioning _____ due _____ OS updates.

_____ with connecting devices _____ Bluetooth _____ caused by _____ or features _____ functioning properly _____ updating _____ version.

A few _____ and some _____ a broadband connection _____ after _____ latest _____.

The ability _____ connect my BT _____ is jeopardized due _____ apps _____ performing _____ updating _____ OS.

What causes an _____ malfunction and _____ connection _____ after _____ updated version of the android _____ app _____ malfunction and _____ between gadgets _____ use BT _____ an updated version of the ANDROID _____ occur because some apps won't _____ correctly after _____

BT technology _____ malfunctioning features _____ of the Android OS update.

The _____ connect _____ devices _____ and features are not functional after _____.

_____ the ANDROID _____ update has occurred, _____ doesn't _____ gadgets _____?

_____ features in my new _____ is causing issues with _____ to BT

BT technology _____ were _____ malfunctioning _____ apps, after the _____ the _____ update.

Some applications have _____ the _____ changed, _____ causes problems _____ gadgets to _____.

BT technology connections _____ features due to the _____.

_____ technology _____ were affected by _____ due _____ to the ANDROID _____.

_____ OS _____ doesn't my Bluetooth gadgets work?

The ability _____ connect _____ is jeopardized _____ my apps and _____ being _____ after _____ update

Why does _____ gadgets _____ work correctly _____ the ANDROID _____ update _____ out?

_____ to _____ my BT _____ to my apps and features not _____ after I _____ my OS.

_____ affected by _____ features and malfunctioning _____ due to the _____.

_____ my OS _____ ability to _____ because _____ and features aren't _____ correctly.

_____ an _____ and bad _____ between _____ that use BT _____ after having _____ updated version of _____ android _____ is _____ cause _____ the _____ devices due _____ an _____ system affecting _____ apps and _____

Some faulty _____ and problems _____ broadband connection _____ reported _____ the _____.

_____ a malfunctioning app and bad _____ gadgets following _____ version _____ the Android operating _____?

My _____ to BT _____ is limited _____ OS _____ makes _____ apps and features _____ working properly.

_____ gadget-to-BT technology when some applications _____ glitch _____ an _____ to _____ Android _____.

_____ an update _____ applications don't work correctly, _____ it can _____ to connect.

After _____ OS update, a _____ faulty apps _____ some troubles _____ internet.

An updated ANDROID system affecting specific _____ features _____ connecting _____ devices.

_____ is the _____ trouble connecting Bluetooth _____ due to _____ system?

_____ OS _____ been released, _____ does my Bluetooth gadgets not _____?

BT _____ connections _____ by the malfunctioning _____ and apps _____ updates.

_____ updated OS _____ apps and _____ working correctly, which _____ my _____ to _____ devices.

_____ updated Android system _____ affecting specific apps _____ which _____ the _____ in connecting Bluetooth _____.

_____ apps and _____ of _____ work _____ which _____ issues with ties to BT

There _____ problems _____ using BT _____ devices due to recent _____ updates.

Updating _____ makes _____ apps and _____ which _____ my _____ to connect _____ devices.

How do malfunctioning _____ specific apps _____ following _____ platform like Android?

_____ could _____ a reason for the compatibility _____ make _____ to _____ devices _____ an _____.

_____ technology _____ affected by malfunctioning features _____ by _____ OS _____.

There are problems _____ devices _____ the BT _____ due _____ recent OS _____.

_____ compatibility _____ make it _____ connect BT-enabled _____ after _____ upgrade.

In _____ of _____ OS _____ certain _____ applications are malfunctioning _____ connection issues with _____ devices.

Updating my OS _____ my apps and _____ not _____ correctly, _____ limits _____ connect _____ BT _____.

_____ to connect my BT _____ is in _____ due to _____ features not being _____ update.

The BT technology connections were _____ malfunctioning features _____ OS updates.

_____ my _____ makes _____ apps _____ features not _____ correctly, and limits _____ connect to BT _____.

How come a bad _____ was _____ to _____ and BT connections _____ updated ANDROID _____?

When there _____ an update, _____ don't work correctly and make _____

The _____ updates _____ caused problems _____ connect _____ devices using BT technology.

BT technology _____ by _____ on apps _____ the release _____ updates.

The challenges for _____ are caused _____ in _____ after _____ been updated.

_____ are _____ using BT _____ to _____ multiple devices because of _____ recent _____.

_____ is changed, _____ applications experience _____ gadgets _____ connected to BT.

_____ were _____ app and feature malfunctioning due to _____ updates.

Some _____ experience problems when _____ which _____ problems _____ to be connected _____ technology.

Now that _____ update has _____ released, why doesn't _____?

_____ and features in my new OS don't _____ affecting _____

_____ were impacted by _____ features _____ apps _____ to the OS _____.

Recent Android _____ problems _____ trying to connect _____ using the BT _____.

Is there _____ cause of _____ connection _____ when using _____?

There could _____ it's difficult to _____ devices _____ the android

Certain apps _____ in my _____ OS _____ properly, _____ causing _____ with ties to BT.

Due to an update of _____ Android _____ and features _____ connection _____.

_____ trouble connecting Bluetooth devices due _____ an updated ANDROID _____ apps _____.

_____ come _____ idea was brought to ruin _____ and BT connections _____?

_____ fail, affecting BT _____ connections after the _____.

_____ my BT _____ is _____ due _____ my apps _____ features not performing properly after _____ OS

_____ technology _____ were _____ by malfunctioning features in apps _____ of _____ OS _____.

_____ to ANDROID OS caused _____ connections.

a _____ faulty apps and _____ troubles _____ connection _____ after _____ new OS _____ released

_____ are causing problems _____ multiple devices using BT technology.

BT _____ connections _____ features as a result _____ OS update.

_____ to _____ updated Android system _____ apps _____ features, the trouble _____ devices _____.

Some applications don't work _____ it's _____ connect _____ when there's _____.

_____ connect _____ devices _____ jeopardized due to my apps _____ functional after the updating.

An _____ apps _____ features _____ what's causing the trouble in _____ devices

____ it ____ that features and ____ the ____ Android ____ are ____ connection?
 ____ connections were affected ____ malfunctioning features ____ OS update.
 Updating ____ makes my ____ features not work ____ which limits ____ connectBT ____.
 An app ____ and ____ gadgets that ____ technology ____ caused by an updated ____ the ____
 Recent OS ____ have ____ trying to connect multiple ____ technology.
 BT ____ connections ____ features on apps ____ OS updates were ____.
 Some applications ____ correctly, and ____ to connect ____ when ____ update.
 BT technology connections ____ the ____ features malfunctioning because of ____.
 BT technology connections were affected by ____ to ____ OS ____.
 An ____ to my ____ and ____ not ____ correctly, which ____ ability to ____ toBT devices.
 How ____ of ____ apps and ____ following an ____ of a platform ____?
 Updating my ____ makes my ____ work differently, which ____ ability ____ connectBT ____
 After ____ version ____ theANDROID ____ system, ____ the app ____ malfunction ____ the gadgets to ____ trouble ____
 The ____ in connectingBluetooth ____ due ____ updatedAndroid system affecting ____ and ____.
 ____ for ____ be caused by the ____ that occurs ____ theANDROID ____ has ____.
 How do malfunctioning ____ apps and tech-pairing challenges ____ of ____ platform ____
 BT ____ connections were ____ by malfunctioning ____ after the ____ of ____ androidOS ____.
 ____ issues to ____ for inability ____ usingBT ____ update
 There ____ challenges for gadget-to-BT ____ when ____ applications ____ OS has ____ updated.
 ____ malfunctioning ____ specific ____ tech-pairing challenges occur following ____ update ____ a ____ likeAndroid?
 ____ malfunctioning ____ specific ____ and tech-pairing challenges occur ____ of ____ platform likeandroid?
 ____ an ____ affecting ____ apps and ____ it's ____ to connectBluetooth devices.
 ____ connections were ____ malfunctioning features and ____ because of ____ update.
 The ____ to connect myBT ____ is ____ apps ____ I ____ my ____.
 ____ faulty apps ____ with a ____ connection were reported after the ____.
 Problems when trying ____ devices usingBT ____ are caused ____ updates.
 When you ____ some applications ____ work ____ and ____ it ____ connect toBluetooth.
 ____ make it ____ to ____ devices after an ____
 How is ____ a ____ internet connection between gadgets following ____ of ____ operating system?
 ____ OS ____ can cause ____ when ____ to connect ____ using ____ technology.
 ____ connections were adversely ____ by ____ on apps ____ the ____ ofAndroid ____ updates.
 ____ do ____ specific apps ____ come about following ____ update of a platform ____?
 It's ____ forBT ____ to ____ of ____ update ____ on ____ OS.
 Why does ____ don't ____ correctly ____ that ____ OS update ____ out?
 BT technology ____ were affected ____ malfunctioning ____ after ____ of the OS ____.
 The update ____ makes ____ hard ____ gadgets to ____.
 ____ for ____ toBT ____ be ____ by the glitch that ____ has been ____.
 There ____ be ____ why it's ____ connectBT-enabled ____ after theandroid.
 ____ ability ____ devices is ____ due ____ malfunctioning ____ after I ____ my OS
 ____ few faulty apps ____ a ____ connection ____ reported after a new OS ____
 What causes ____ malfunctioning and ____ that utilizeBT ____ after ____ an updated version ____ theANDROID
 ____ messed everything ____ now ____ do I ____ gadgets usingBT ____?
 TheBT technology ____ affected by ____ features due ____ the ____ updates.
 Some applications ____ work correctly ____ it ____ to ____ toBluetooth when ____ an ____.
 ____ there ____ some applications don't ____ and make ____ hard to ____.
 ____ technology ____ malfunctioning ____ on apps after the release ____ OS updates.
 BT ____ were ____ malfunctioning because of the OS ____.
 Compatibility ____ can ____ it difficult ____ connectBT-enabled ____ theANDROID.
 ____ technology ____ affected by malfunctioning ____ apps after ____ release ____ the OS ____.
 The ____ gadgets ____ could be caused ____ glitch ____ happen after theANDROID OS _____.

BT technology _____ affected _____ malfunctioning _____ and _____ due _____ OS updates?

BT technology _____ were affected by malfunctioning _____ the _____ updated.

Some _____ the Android _____ function correctly after _____ can cause problems _____.

_____ to _____ android _____ updates, BT _____ were affected.

_____ to _____ my BT devices is _____ because _____ my _____ and features not being _____ updating.

_____ do malfunctioning _____ specific _____ challenges come about following _____ update _____ platform _____?

The BT technology _____ were _____ features because of the _____.

An _____ system affects specific _____ and _____ is causing _____ trouble _____ devices.

_____ causes _____ to malfunction _____ bad _____ that _____ technology after having an _____ version of _____

Did the _____ my Bluetooth _____ to stop _____?

_____ could be _____ reason for the difficulties _____ establishing _____ after _____ Android _____?

_____ for _____ are _____ by _____ in some _____ after the Android OS has been _____.

_____ technology connections were affected _____ malfunctioning _____ apps after _____ Android _____ update.

_____ version of the _____ causes an app to malfunction _____ between gadgets that _____

_____ my OS _____ my ability to _____ as my _____ features are _____.

_____ and _____ troubles with _____ the internet after a _____ OS update

_____ for gadgets to BT _____ due to _____ glitch _____ OS has _____ updated.

It is _____ to _____ using BT tech _____ the _____ that certain apps _____ features _____ working _____ after _____ OS.

BT _____ connections were _____ by malfunctioning features _____ following _____ release _____ OS _____.

_____ be _____ reason why _____ difficult _____ devices after the android

_____ were disrupted _____ features due to _____ OS update.

_____ are challenges for gadget-to-BT technology _____ glitch after _____ Android _____ updated.

How do _____ specific _____ tech-pairing challenges _____ of a platform like Android

_____ might be _____ for _____ being hard to _____ the ANDROID.

_____ challenges _____ connecting Bluetooth-enabled _____ certain apps _____ work _____ on _____ latest update.

The BT technology connections _____ by _____ malfunctioning because of the _____.

_____ a _____ app and a _____ internet _____ following an _____ of the Android operating system?

_____ to _____ updated ANDROID system _____ specific _____ and _____ is _____ connecting Bluetooth devices.

_____ updated Android system affecting _____ apps _____ trouble _____ connecting Bluetooth devices

BT technology connections were _____ features and _____ after _____.

_____ the Android operating _____ cause _____ malfunctioning app _____ internet connection _____ gadgets.

_____ are problems with _____ devices using BT _____ recent OS updates.

BT _____ affected _____ features in _____ the release _____ OS updates.

The causes of _____ malfunctioning and _____ between gadgets _____ use BT _____ after having an _____ Android

_____ it _____ of _____ issues when using _____ after an _____?

The ANDROID _____ has _____ my Bluetooth _____ don't work right now.

_____ causes _____ app to malfunction and _____ between gadgets that _____ updated version of _____

The BT technology connections _____ the _____ to the ANDROID _____.

_____ connections were affected by _____ features as _____ of _____ OS _____.

_____ connections _____ affected by malfunctioning features on apps _____ android _____ updates

_____ is difficult _____ gadgets _____ due to the update _____ OS.

When there is an _____ applications _____ work correctly, and _____ hard _____.

_____ issues _____ make _____ to connect BT-enabled _____ after _____ OS

My ability to connect my BT _____ is _____ after I upgraded _____

_____ might _____ a _____ for the compatibility _____ to make _____ to _____ devices after _____.

When the _____ some applications _____ problems for _____ to _____ connected _____.

I _____ why _____ gadgets _____ properly now that _____ OS update _____.

_____ technology _____ affected because of the Android _____.

_____ faulty applications _____ with a broadband connection were _____ the _____ the _____.

Apps are not _____ new Android, _____ it _____ to _____.

My _____ to connect _____ devices _____ jeopardized _____ to _____ not _____ functioning after the update. _____ wake _____ the OS _____ applications are _____ causing _____ issues with _____ devices.

The BT _____ connections _____ impacted _____ malfunctioning _____ apps _____ of the OS update.

BT technology _____ were _____ on apps after the _____.

When there _____ an _____ don't work correctly _____ make it hard to connect to _____.

_____ challenges _____ gadget-to-BT technology are caused _____ the glitch in _____ after the _____ OS _____.

_____ the Bluetooth connection _____ using gadgets after _____ update is being _____.

_____ were _____ by malfunctioning features _____ the latest _____ updates.

_____ are problems _____ due to an _____ system affecting _____ apps _____.

The BT _____ connections were _____ updates to _____ OS

Problems when _____ devices _____ are caused _____ not functioning _____ after updating.

What causes an app to malfunction _____ between _____ that _____ after _____ updated version _____

_____ the ANDROID _____ has come _____ does _____ gadgets _____ work properly?

_____ there _____ an update to _____ work correctly and it _____ be _____ connect to Bluetooth.

There _____ be a reason _____ it is _____ to _____.

_____ connections _____ affected _____ features because of the Android _____ update.

Recent Android _____ difficult to connect multiple _____ using _____ technology.

_____ causes _____ to malfunction _____ a bad connection _____ gadgets _____ use BT technology after an _____.

_____ connection _____ affected by _____ after the _____ the OS update.

BT technology _____ affected by _____ apps _____ features _____ OS updates.

_____ can be difficult _____ devices after _____ to _____ issues.

There might be a _____ hard _____ after the ANDROID.

_____ to connect my BT devices is jeopardized due to _____ apps _____ features _____ updating android _____

_____ connect _____ devices is _____ due to _____ and _____ not performing properly _____ updating ANDROID OS.

BT _____ were affected _____ malfunctioning _____ and _____ after the _____.

_____ OS _____ can _____ problems when _____ to _____ devices.

Some _____ issues when _____ OS is changed, _____ causes _____ gadgets to _____.

An _____ Android _____ system _____ cause a _____ app and a _____ internet _____ between gadgets.

Updating _____ applications _____ features _____ working correctly, which _____ my _____ connect BT devices.

_____ my OS makes _____ apps and _____ not working _____ which _____ to _____ devices

Some apps on Android _____ properly after _____ connecting _____.

My _____ to _____ jeopardized due to my apps _____ features not _____ I _____ my OS.

Certain _____ and _____ my _____ OS _____ which _____ causing _____ with connections to BT.

It _____ that _____ issues make it _____ to _____ devices _____ the android

The ability to _____ devices _____ jeopardized _____ apps _____ features _____ being functional after _____.

A _____ faulty _____ some troubles with a broadband _____ were _____ after _____.

Some apps _____ affect BT _____ after the _____ OS.

_____ an app _____ and bad connection _____ use BT _____ after an updated _____ of the _____.

When there is an _____ don't _____ and make _____ hard _____ connect to a _____.

_____ to an updated _____ system _____ and features, _____ have been _____ devices.

_____ to _____ is jeopardized by _____ features not performing properly after updating _____ OS.

_____ hard for BT gadgets _____ due to _____ on _____ OS.

There _____ be a _____ the _____ issues _____ it hard _____ connect BT-enabled devices _____.

There may be _____ to connect BT-enabled _____ after the Android.

_____ technology connections _____ affected _____ features after _____ of _____ operating _____ update.

An updated ANDROID _____ specific apps _____ features, _____ in connecting Bluetooth devices.

_____ hard for BT _____ to connect due to _____ issues _____.

_____ there is _____ update to Android, _____ applications _____ work _____ and _____ connect to the wireless _____.

_____ be a reason _____ it's _____ connect BT-enabled devices after _____.

An updated Android _____ affecting specific _____ and _____ causing _____ problem _____ devices.

_____ causes an _____ to _____ and _____ between gadgets that _____ technology after _____ an updated version _____

Certain apps and features in _____ correctly which _____ issues _____ ties _____

The _____ for _____ could be _____ of the glitches _____ the ANDROID OS has been _____.

The recent Android _____ to _____ multiple devices using _____ technology.

_____ and _____ in my new _____ correctly, _____ is leading to _____ ties to BT.

How is a malfunctioning app and _____ between gadgets _____ the Android operating _____?

_____ ability to connect my BT _____ apps and features not performing _____ after _____ OS

_____ are _____ gadget-to-BT technology _____ application _____ encounters a glitch _____ OS has been updated.

_____ the ANDROID OS affected BT _____ connections

The _____ to connect my BT _____ is jeopardized _____ to my _____ and features _____.

_____ the _____ OS update, _____ my Bluetooth gadgets properly.

_____ can _____ problems when attempting to _____ devices using _____ technology.

_____ connections were affected _____ updates to _____.

Some _____ experience _____ when the _____ changed, _____ causes _____ for gadgets _____ be _____ to BT.

Some _____ trouble when _____ changed, which causes problems _____ gadgets _____ to BT.

_____ faulty apps _____ with a _____ reported after the _____.

_____ connections _____ by _____ features in _____ after the Android _____ updates.

_____ be _____ reason _____ it _____ to connect BT-enabled devices _____ the android.

_____ technology connections were _____ malfunctioning _____ features _____ of _____ updates to _____ OS.

It has _____ noted that some _____ have _____ gadgets via Bluetooth after _____.

Compatibility issues make _____ to _____ products _____ upgrade.

_____ ability _____ connect my BT _____ is in jeopardy _____ malfunctioning _____ I _____ my OS.

BT technology _____ were _____ by _____ of the OS updates.

_____ apps _____ features _____ cause _____ integration problems if they _____ after.

There is a malfunctioning app _____ troublesome _____ after an updated version _____.

_____ is trouble _____ Bluetooth _____ due _____ affecting _____ apps and features.

Certain _____ and features _____ new OS don't work right _____ issues _____.

_____ connections _____ affected by _____ apps after _____ release of the _____.

A few _____ and difficulties _____ a _____ connection _____ reported _____ the new _____.

Some faulty apps and _____ with connecting to _____ OS _____ reported.

_____ is a malfunctioning app _____ troublesome _____ connection _____ gadgets after _____ updated version of _____.

There is a _____ compatibility _____ it difficult _____ devices _____ an _____.

_____ for gadgets _____ may be the result _____ that occur _____ the ANDROID OS _____ been _____.

_____ arise _____ trying to connect _____ using BT technology _____ updates

It's hard _____ gadgets _____ when _____ features _____ working properly after updating Android _____.

There is an app malfunctioning and bad _____ between _____ they _____ updated _____ of _____.

_____ faulty apps and some troubles _____ broadband connection _____ new OS was released.

_____ there is _____ update, some _____ and _____ hard to connect _____.

BT _____ were affected by feature _____ the _____.

A _____ apps _____ troubles _____ a _____ reported after the _____ update _____ the OS.

As a _____ of recent _____ there are _____ trying to _____

_____ do some applications not _____ correctly and make it hard _____ when _____ is _____?

_____ issues _____ make it difficult to _____ devices _____.

When _____ have an _____ to _____ some applications _____ correctly _____ it can _____ connect to Bluetooth.

Certain apps and _____ new _____ do _____ work _____ which causes _____ to BT.

BT _____ were affected by malfunctioning _____ apps due to _____ Android _____.

_____ to BT _____ be caused by the _____ after the ANDROID OS has _____.

How do _____ apps _____ about _____ the _____ of a platform like android?

_____ few faulty apps _____ with a _____ were reported after _____ OS _____.

Is _____ reason _____ connection _____ using _____ after Android update?

An _____ of _____ system _____ malfunctioning app _____ internet connection _____ gadgets
 _____ connections were affected by _____ features _____ malfunctioning _____ OS update.
 _____ technology _____ by _____ features on _____ after _____ release _____ the upgrade.
 There _____ challenges _____ technology _____ some applications or _____ encounter _____ after _____ OS has _____.
 _____ faulty apps and _____ a _____ connection were reported _____ OS _____ released.
 _____ to connect _____ devices is _____ by _____ apps after _____ my _____.
 The challenges _____ caused by _____ some _____ the ANDROID OS has been _____.
 _____ you have _____ update to Android, _____ applications _____ work _____ hard to _____ to Bluetooth.
 _____ my OS makes my _____ not work, _____ ability _____ connect to BT _____.
 _____ problems occur when _____ apps _____ on Android _____ an _____.
 Why doesn't _____ the ANDROID OS update has been _____?
 When you have an update _____ don't work _____ can be _____ connect.
 I _____ my OS and the _____ ability to connect _____.
 My _____ to _____ my BT _____ has been jeopardized _____ after _____ upgraded my _____.
 It _____ by _____ app malfunctioning and bad _____ that use BT _____ after having an _____ Android.
 There _____ technology when _____ applications or functions encounter _____ after _____ OS has _____ updated.
 BT _____ had issues _____ the Android OS _____.
 Challenges in _____ caused by _____ or functionalities not working _____ on _____ latest _____.
 _____ apps and some _____ a _____ connection _____ after the OS _____.
 _____ do _____ of _____ apps _____ tech-pairing challenges _____ about _____ a platform like ANDROID
 There _____ a problem _____ to _____ affecting specific apps and _____
 Certain _____ my new OS _____ work, which is causing _____ with _____
 The BT technology _____ affected due to updates _____.
 _____ were affected by malfunctioning features due to _____.
 _____ issues could _____ it difficult _____ after an upgrade
 BT technology _____ by malfunctioning _____ the OS _____.
 Due to _____ Android _____ specific _____ features, there's _____ connecting Bluetooth devices.
 A _____ apps _____ some issues _____ a broadband _____ after the _____ update of the _____.
 BT technology connections _____ affected _____ due _____ the _____ of the _____.
 Updating my OS _____ and features _____ right which _____ ability _____ connect to BT _____.
 _____ there is _____ some applications _____ work _____ and _____ can be _____ connect to Bluetooth.
 Updating _____ OS _____ my apps and features _____ correctly, _____ my ability _____ devices.
 _____ to _____ updated Android system affecting _____ there is trouble _____.
 _____ an updated Android system _____ and features, _____ trouble _____ devices
 The challenge for gadgets _____ be because _____ that _____ after the ANDROID OS _____.
 BT technology connections were affected _____ malfunctioning features _____ because _____.
 Some _____ the _____ is changed, and _____ for gadgets to _____ connected to BT.
 There is an _____ between gadgets that use BT _____ after _____ updated version _____ the _____
 Updating my OS makes _____ and limits my ability _____ devices
 The challenge _____ gadgets to BT might _____ due to _____ that occurs _____ updated.
 _____ my apps _____ features not work correctly, which limits my _____ devices
 Updating _____ OS causes _____ apps _____ to _____ work right, which limits _____ to connect _____.
 The Updating my _____ my apps _____ limits my _____ to connect BT devices
 What causes _____ specific _____ and _____ after updating to _____?
 An _____ system _____ specific apps _____ features is causing _____ trouble _____
 Updating _____ OS _____ my apps _____ limiting my _____ to connect BT devices.
 Tech integration problems _____ some apps won't _____ the _____
 How do _____ and tech-pairing challenges _____ the update of _____ like ANDROID?
 Due to _____ update BT _____ affected.
 _____ technology _____ were affected by _____ apps _____ of the update.

There are _____ devices because certain _____ don't work _____ latest _____.

_____ ability to _____ jeopardized _____ the _____ and features not _____ after the update.

_____ have _____ by _____ and apps due to the _____ updates.

There _____ difficulties _____ multiple _____ using BT technology due to _____.

There are problems when trying _____ due to _____ updates.

It's _____ that _____ issues make _____ to connect BT-enabled devices _____.

_____ to an updated Android system _____ the trouble in connecting Bluetooth _____

_____ app _____ and bad _____ gadgets that _____ an updated version of the ANDROID.

BT _____ were _____ by _____ malfunctioning after the OS _____.

It _____ hard for BT gadgets _____ because _____ update issues _____ OS.

_____ could be _____ for _____ challenge _____ gadgets _____ after the ANDROID _____ been updated.

Compatibility issues _____ make it _____ after a _____.

_____ ability _____ devices _____ jeopardized by _____ after I upgraded my _____.

The BT technology connections _____ malfunctioning _____ due _____ the OS update.

_____ isn't _____ gadgets working _____ that _____ OS update _____ come _____?

_____ integration problems _____ work on _____ after an update.

How _____ malfunctioning app _____ internet connection between gadgets following _____ updated version _____ the _____?

Compatibility _____ may _____ harder _____ connect BT-enabled devices after _____.

compatibility issues _____ difficult to _____ devices after _____

_____ OS updates can _____ when _____ to _____ devices _____ technology.

Since the ANDROID _____ update _____ been _____ why does _____ not _____?

_____ the ANDROID OS _____ been released, _____ does _____ gadgets _____ differently?

A few faulty _____ and _____ were _____ after the _____ of the OS.

_____ does _____ not work _____ that the ANDROID OS update _____ been _____?

The glitch that _____ the ANDROID _____ has been _____ could _____ gadgets-to-BT.

BT _____ were _____ by malfunctioning _____ in apps _____ of android _____ updates

Problems _____ to connect _____ using BT _____ a result _____ recent _____ updates

_____ you know how the BT _____ connections _____ affected _____ and features _____ of the _____?

_____ do _____ of specific _____ and tech-pairing _____ happen after _____ of _____ like Android

As _____ of recent Android _____ updates, _____ when trying _____ connect devices _____.

_____ apps _____ some troubles connecting _____ the _____ after _____ recent OS update _____

BT technology _____ are affected _____ malfunctioning _____ to the OS _____.

_____ technology connections were _____ by _____ features _____ malfunctioning _____ a _____ of the _____.

_____ to _____ my BT devices _____ the malfunctioning apps after I upgraded _____.

Now _____ update _____ been released, why _____ gadgets _____ properly?

BT technology connections _____ by _____ on _____ after Android OS _____

_____ bad connection _____ technology _____ an app _____ after _____ an updated version of the ANDROID

_____ apps and _____ with a _____ connection _____ after the latest _____ update.

The _____ gadgets _____ could _____ due _____ the glitches _____ after _____ OS has been _____.

_____ reason for the problems _____ connecting BT-enabled devices _____ the Android.

My _____ to _____ devices _____ jeopardized due _____ malfunctioning _____ after I _____ my _____.

The trouble in _____ is caused _____ system _____ specific apps _____

_____ to connect _____ jeopardized _____ my apps _____ features are not _____ after _____ updating.

When there is _____ update to Android, some applications do _____ connect.

_____ technology _____ were affected _____ of updates _____ the ANDROID _____.

_____ reason _____ it is hard _____ connect BT-enabled devices _____ the android.

_____ technology _____ were _____ by malfunctioning _____ due to the _____.

How is a _____ and a _____ internet _____ gadgets _____ an _____ of the Android operating _____?

A malfunctioning app _____ bad connection between _____ is _____ updated version of _____.

There are _____ apps that may cause _____ if _____ on ANDROID after.

BT technology ____ were _____ to the ANDROID OS updates.

Due ____ recent OS ____ there are _____ multiple ____ using BT ____.

When the ANDROID ____ update was ____ my Bluetooth gadgets _____.

My ____ to connect ____ devices ____ jeopardized _____ apps and ____ performing ____ after updating OS.

The ANDROID OS ____ has occurred, so ____ my Bluetooth _____?

____ technology connections were ____ by malfunctioning ____ as _____ OS update.

____ is ____ some _____ that cause problems ____ gadgets to be connected ____ technology.

When there _____ some _____ correctly, making it hard to ____ to Bluetooth.

BT _____ were ____ by ____ features ____ apps ____ the ____ the ____ OS Update.

My ability to connect BT devices is _____ OS that _____ and features _____.

____ come ____ bad _____ app function ____ connections was ____ to ANDROID phones?

Some applications _____ when _____ an ____ and ____ hard to connect ____.

____ is _____ a ____ internet ____ between gadgets after an _____ of the Android operating system?

____ be a reason for the inability _____ devices _____.

compatibility issues _____ it difficult to ____ products _____.

____ cause of ____ connection ____ when using _____ an Android update?

a ____ faulty _____ some _____ a broadband _____ reported after the ____ update ____ the OS.

In _____ of ____ OS update, _____ of some applications malfunctioning and _____ mobile devices.

____ if there ____ something ____ with _____ of Android OS made connecting gadgets difficult.

____ were ____ by malfunctioning ____ on apps after the _____ OS update.

The ability to connect ____ devices _____ by ____ malfunctioning _____ I upgraded _____.

The challenges for ____ technology are caused _____ in some applications _____.

____ there ____ an ____ to the operating system, some ____ don't _____ and it can _____ to Bluetooth.

There is a ____ connecting Bluetooth _____ to an updated ANDROID _____ apps _____.

____ to connect my BT _____ jeopardized ____ to _____ and features not functioning properly _____ OS.

BT technology connections _____ by _____ to ____ OS updates.

____ connecting ____ using Bluetooth are ____ by some apps _____ functioning properly _____ update.

____ affected ____ malfunctioning features ____ to the update.

____ my _____ my _____ work ____ which limits my ability to connect _____.

____ challenges _____ technology ____ caused _____ after the ____ OS has ____ updated.

____ is ____ problem connecting Bluetooth ____ due to _____ system affecting _____.

BT _____ were affected by apps ____ features _____ changes ____ their ____.

____ experience problems when the OS is _____ it ____ for gadgets _____ to BT ____.

When ____ have ____ update to Android, ____ applications _____ correctly _____ it hard _____ a wireless network.

Some ____ and features in _____ work ____ which is ____ issues with _____.

____ challenges _____ technology are caused by the glitch ____ some _____ OS ____ updated.

____ an ____ version ____ the Android ____ system, what ____ app ____ be _____ the gadgets ____ have ____ connecting?

My _____ connect _____ jeopardized ____ to ____ malfunctioning apps that I _____ OS to.

____ gadgets ____ properly after ____ OS update?

Some ____ experience ____ when the ____ is changed, _____ problems _____ connect to BT.

Tech integration ____ occur _____ not ____ correctly ____ the update.

The ability ____ connect ____ devices is ____ due _____ and ____ not _____ the updating.

____ connections _____ malfunctioning features _____ the release of ____ android OS update.

It's hard for BT gadgets _____ because _____ update issues _____ system.

What _____ the ____ in connecting devices due ____ an _____?

____ ability to ____ my BT ____ is _____ to my apps and features not performing _____ the ____.

Updating my OS _____ features ____ working ____ which ____ my _____ devices.

____ applications don't work ____ and it can _____ connect ____ when ____ have ____ update ____.

____ is an update to Android, ____ applications ____ it ____ to _____.

What is _____ of _____ in _____ to an updated Android system?

_____ an app malfunctioning and _____ between _____ that _____ technology after _____ updated _____ of _____.

BT _____ connections _____ malfunctioning _____ to _____ updates _____ OS.

Why _____ some _____ functioning correctly _____ the ability _____ connect gadgets via _____ after _____ the OS?

_____ applications _____ when the _____ this _____ problems for gadgets to _____ toBT.

_____ is a malfunctioning _____ between _____ an updated version of _____ system.

My ability to _____ devices is limited by theUpdating _____ OS _____ apps _____ not _____ correctly, _____ connect

_____ to _____ devices is jeopardized by the _____ apps _____ my OS.

_____ problems connecting _____ usingBT _____ to the recent _____ updates.

TheANDROID _____ update _____ come out, _____ doesn't _____ gadgets work _____?

Now that _____ has occurred, _____ does myBluetooth _____ correctly?

_____ my _____ my apps _____ working properly, _____ limits my _____ to connect toBT _____

_____ devices _____ are caused by _____ apps or features _____ properly _____ updating.

_____ challenge for _____ might _____ because of _____ glitch _____ after _____ has been updated.

Updating my OS makes _____ work _____ limits my _____ to connect toBT _____

It can _____ difficult to connectBT-enabled _____ theAndroid _____ compatibility _____.

Some _____ malfunction,affectingBT _____ OS updates.

_____ faulty _____ and some _____ with _____ have been _____ after a new OS _____ released.

When _____ OS _____ changed, _____ applications _____ gadgets toBT technology.

Why _____ work correctly now that theANDROID OS update _____?

_____ for gadget-to-BT _____ some applications encounter glitch _____ update _____ the Android _____.

When _____ is updated, there are _____ for _____ technology in _____.

It causes _____ app _____ and _____ technology after having an updated version _____ theANDROID

My ability _____ myBT _____ is jeopardized _____ my _____ and _____ performing properly after the _____.

_____ recentAndroid _____ make it hard _____ multiple devices using _____.

Since _____ OS _____ has been released, _____ gadgets _____ correctly?

The problem _____ and _____ connection between _____ that _____ technology _____ caused by _____ updated version _____ Android.

There _____ an _____ malfunctioning and _____ between gadgets that _____ technology after _____ version _____ phone.

A _____ faulty apps _____ troubles with a _____ been _____ latest update of the _____.

_____ issues _____ hard _____ connectBT-enabled devices after theandroid.

_____ update _____ occurred, so why doesn't _____ work?

There _____ reason _____ it is difficult to _____ devices _____.

Some functions _____ encounter _____ connecting _____ gadgets _____ after _____ new _____.

_____ be a _____ why it is _____ connectBT-enabled _____ after _____

_____ has _____ updated, there can be problems _____ toBT.

The _____ with _____ app malfunctioning _____ bad connection _____ gadgets _____ is _____ an _____ version _____ the Android.

_____ ability to connect _____ is jeopardized _____ my _____ and features _____ being functional after _____

An _____ system _____ affecting specific apps _____ which _____ the _____ connectingBluetooth devices

What happened _____ app _____ andBT _____ updatedANDROID _____?

The _____ gadgets _____ the _____ of the glitch that _____ theANDROID _____ has been updated.

After the _____ ofAndroid _____ by malfunctioning features on apps.

_____ malfunctioning _____ apps _____ tech-pairing _____ occur _____ update of a platform likeANDROID

There are some _____ make it _____ connect _____ you _____ update toAndroid.

BT _____ were affected by malfunctioning _____ apps _____ the release _____

_____ and _____ my new OS don't work correctly _____ causing _____ ties _____

_____ the _____ applications don't work correctly and it's _____ to _____ toBluetooth.

TheBT technology _____ malfunctioning _____ and apps _____ a result of _____ OS _____.

The challenges _____ by the glitch _____ some _____ after the _____ OS _____ been updated.

Compatibility _____ could _____ to _____ difficult _____ connectBT-enabled devices _____ theAndroid.

An _____ of the Android _____ system _____ cause _____ app _____ connection.

BT _____ connections _____ affected by _____ release of ANDROID OS _____.

BT technology _____ were affected by _____ on _____ after _____ OS _____

There _____ updated ANDROID system _____ specific apps _____ features _____ is _____ connecting Bluetooth devices.

_____ technology connections _____ affected _____ malfunctioning _____ the release of the _____ updates.

Is _____ a reason _____ when _____ gadgets after _____ update?

_____ technology connections were _____ by _____ features _____ the _____ of the _____.

How is _____ malfunctioning _____ troublesome _____ between gadgets after _____ of the android _____ system?

_____ technology connections _____ affected _____ malfunctioning features _____ android _____ updates.

_____ is an update, some _____ work _____ connect to Bluetooth.

_____ features in _____ new _____ don't work _____ it's causing issues _____ to BT.

Is there _____ cause for _____ problems _____ after _____ update?

_____ compatibility _____ may _____ difficult to _____ after the Android.

What causes _____ app _____ malfunction and _____ bad _____ between gadgets _____ use BT _____ having _____ of _____ Android.

_____ malfunctioning app and _____ gadgets that use BT _____ are caused _____ version of _____.

_____ ability to _____ my BT _____ because of my _____ and features _____ being functional _____ the _____

Some _____ Android _____ function properly after an update, and _____ causes problems _____.

Challenges _____ connecting Bluetooth-enabled devices _____ created by certain _____ or _____ on _____ latest Android _____.

_____ connect _____ is _____ due to _____ apps _____ features not performing _____ expected after the _____.

Tech integration _____ occur when _____ apps _____ correctly on _____ after _____.

It is _____ connect BT-enabled devices after _____ due _____ issues.

There _____ be _____ it is _____ to connect BT-enabled devices _____.

_____ technology _____ affected by _____ features _____ after the Android _____ update.

_____ my OS _____ my apps and _____ working correctly and _____ ability to _____.

_____ trying _____ multiple _____ technology due to recent OS updates.

Certain _____ and _____ OS _____ work correctly and _____ is causing _____ ties to BT

compatibility issues _____ it _____ connect BT-enabled products _____ OS

Updating my _____ work correctly and limits my ability to _____ to _____ devices.

Something that causes an _____ and _____ between _____ technology after _____ updated _____ of the ANDROID

The BT technology _____ were affected _____ malfunctioning _____ in _____ the _____.

There _____ malfunctioning and _____ gadgets that _____ technology after _____ updated version of the Android

Why _____ work correctly now that _____ OS has _____?

_____ connections _____ affected _____ malfunctioning features _____ apps _____ of the _____ updates

BT _____ connections _____ by _____ features and _____ OS change.

What's _____ the _____ connecting Bluetooth _____ to an _____ system?

_____ gadgets work properly _____ that the ANDROID OS _____ come _____?

_____ doesn't my Bluetooth gadgets work perfectly _____ that _____ happened?

_____ may _____ a reason why _____ hard to _____ after _____.

_____ OS _____ can _____ problems when _____ to _____ devices using BT _____.

_____ an updated Android _____ specific _____ features, _____ has _____ trouble connecting _____ devices.

There _____ be a _____ being hard _____ connect BT-enabled _____ the ANDROID.

_____ do malfunctioning of _____ occur after the update of _____ Android?

_____ Android _____ cause _____ when trying _____ connect devices _____ Telecom technology.

My ability to _____ devices _____ jeopardized due to _____ and _____ being functional _____ the _____.

_____ technology _____ were _____ by malfunctioning apps _____ because _____ the _____ updates.

_____ technology _____ affected _____ malfunctioning features _____ apps due to _____ OS _____.

There are challenges _____ gadget-to-BT _____ when some applications _____ the _____ updated.

_____ causes _____ fail and a _____ that use BT technology _____ an updated version of _____

compatibility _____ it _____ to connect BT-enabled _____ an OS

_____ technology connections were _____ the updates _____ OS

BT technology ____ were affected ____ update to ____

____ is ____ some applications ____ affect gadgets to be ____ toBT.

____ connections were affected ____ after ____ OS was changed.

Why isn't ____ gadgets working ____ OS update has ____ huh?

____ don't ____ properly now ____ theANDROID OS ____ occurred.

____ myBluetooth ____ not ____ properly now ____ OS ____ has occurred?

The ____ to ____ devices ____ jeopardized because my ____ don't ____ the update.

____ ability ____ connect myBT devices is ____ by ____ apps after ____ OS.

The ____ apps after ____ my OS ____ my ____ to ____ myBT ____.

____ are problems ____ connect multiple devices usingBT ____ the recent ____.

An updated ____ causes an ____ and bad connection between ____ that ____.

The ____ to ____ technology connections.

____ technology connections ____ affected ____ features and ____ apps ____ OS update.

My ____ connect myBT ____ jeopardized ____ my ____ not being functional after the ____

____ technology ____ by ____ features and ____ due to ____ OS updates.

Problems ____ Bluetooth can be caused by ____ or features not ____ update.

What is causing the ____ connecting ____ an updatedAndroid ____?

An ____ malfunctioning ____ connection between gadgets that useBT technology after having ____ version of ____

____ is jeopardized since ____ apps and ____ are not ____ after the updating.

How is ____ malfunctioning app ____ connection between ____ updated version of ____ system?

After the ____ android ____ update, ____ features ____ apps affectedBT technology ____.

BT ____ due ____ updates to theANDROID OS.

There ____ a ____ apps and ____ troubles with ____ broadband ____ after ____ OS was ____.

Why are ____ apps ____ creating ____ issues withBluetooth ____ the ____ update?

Some applications ____ problems ____ which causes ____ with gadgets to ____ toBT.

Is ____ a problem to establishBluetooth connections ____ an ____ following an ____?

BT ____ and features ____ after changes to their OS.

How ____ a ____ idea ____ to ____ the ____ connections ____ updatedANDROID phones?

____ experience problems ____ the ____ changed, ____ problems for ____ to ____ toBT technology.

____ connections were ____ by malfunctioning ____ after the ____ updates.

Some applications ____ and it ____ difficult to ____ toBluetooth when ____ an ____ toAndroid.

____ few ____ apps and some issues ____ were reported ____ the ____ update.

____ ability to ____ devices ____ limited by ____ makes my apps and features not working ____ to connect

An ____ affecting ____ and features, which is ____ the ____ Bluetooth devices.

____ system affecting specific apps ____ is ____ the trouble in ____ devices.

____ might be a ____ that it's ____ connectBT-enabled ____ theandroid.

____ system affects specific apps and features, ____ the ____ connectingBluetooth ____

____ my OS ____ my apps and ____ and ____ my ability ____ toBT devices

Compatibility ____ make ____ difficult ____ connectBT-enabled ____ after theandroid.

Something is ____ the ____ in connectingBluetooth ____ updatedANDROID system ____ specific ____ features

Updating ____ makes my ____ and ____ well, ____ ability to connectBT devices.

____ ability to connect ____ devices ____ and features not being usable after the ____.

____ my OS ____ not functioning correctly ____ limits my ability ____ connectBT ____.

____ an updated version ____ theANDROID OS, ____ the ____ to malfunction ____ the ____ have ____ connecting?

There ____ a malfunctioning ____ bad ____ connection between ____ after an updated ____ theAndroid operating ____.

TheANDROID OS ____ has ____ so ____ myBluetooth gadgets ____?

____ difficult ____ connect to ____ apps ____ not ____ new Android.

How do malfunctioning ____ specific ____ tech-pairing challenges happen ____ the ____ like ____.

____ myBluetooth gadgets ____ properly now ____ update has occurred?

A ____ faulty ____ and difficulties with ____ connection ____ after ____ was released.

Some ____ on the Android ____ don't ____ causing problems ____ connecting devices.

____ were affected by malfunctioning ____ after the ____ of the latest ____.

____ hard ____ connect to Bluetooth ____ you ____ an update to Android.

The ____ to the ANDROID OS ____ technology ____ affected.

The ____ gadgets ____ could be ____ result of the glitch ____ has been updated.

Why ____ correctly ____ that the ANDROID OS update ____ come ____?

Updating my ____ features work differently ____ limits ____ ability to ____ devices

____ ability to connect my BT ____ jeopardized due ____ apps and features ____ after ____ OS.

____ updated ____ the phone ____ an app ____ and bad ____ between gadgets that ____.

BT technology ____ by ____ after ____ release of ____ OS updates.

After the OS ____ apps ____ affecting BT ____.

____ updates to ____ OS ____ be ____ for the challenge ____ gadgets ____.

Some ____ the Android ____ function ____ after ____ update, which ____ cause ____ when connecting ____.

____ apps and features ____ my new ____ don't work ____ which ____ ties ____.

What is ____ in connecting Bluetooth ____ to ____ updated ANDROID ____ affecting specific apps ____?

____ connect my BT ____ is jeopardized because ____ features ____ functional after the update

____ have problems ____ changed, causing ____ for gadgets to be ____ to BT

BT ____ affected by features malfunctioning ____ to ____ to ____.

There might ____ for ____ inability ____ devices after the ANDROID.

____ does ____ right now that the ANDROID ____ update has ____?

____ technology ____ affected ____ malfunctioning features ____ after the release of the ____.

____ is a ____ app and ____ internet ____ between ____ updated version of the ____ operating ____.

My ability to ____ my BT ____ is jeopardized ____ my ____ not ____ as expected ____ OS

____ in ____ are created by certain apps ____ working ____ on the ____.

____ connections ____ affected by malfunctioning ____ OS updates, do you think?

Problems when connecting ____ using Bluetooth ____ be caused ____ or ____ functioning ____ after updating ____ latest ____.

The BT ____ were ____ malfunctioning features due ____ the ____ OS ____.

How ____ and internet connection between ____ updated version ____ operating system?

____ affecting BT tech connections after updates ____.

____ ability ____ connect ____ devices ____ due to ____ apps ____ I upgrade ____ OS.

My ____ to connect ____ jeopardized due ____ my apps and ____ not ____ correctly after ____

____ ability to connect ____ jeopardized by ____ malfunctioning apps after ____.

____ don't my Bluetooth gadgets ____ now ____ the ANDROID OS update ____?

Some apps and ____ in ____ new ____ don't work correctly which ____

The cause of ____ when ____ gadgets after Android ____ not ____.

Due ____ an ____ specific ____ features, the trouble in connecting Bluetooth ____

____ know that ____ technology connections ____ affected ____ and features malfunctioning due ____ the OS ____?

____ apps and broadband connection ____ were reported after ____ latest ____.

The ability ____ connect my BT devices is ____ and ____ not ____ functional after ____.

____ OS makes ____ apps ____ working the way ____ should, which ____ my ability ____ connect to BT ____.

____ for gadgets to BT ____ be ____ the glitch ____ occur after ____ OS has been ____.

____ affecting BT tech ____ after the ____ update.

____ ability ____ connect ____ devices is jeopardized because of my apps and ____ not ____.

____ how ____ were affected by apps and ____ malfunctioning due to the ____?

The ____ for gadget-to-BT ____ are caused ____ in some ____ when ____ Android ____ has ____.

How do ____ specific ____ challenges come about ____ of ____ platform like ANDROID?

Tech ____ problems ____ caused ____ certain apps ____ correctly ____ update

BT technology ____ features ____ after the release of the OS ____.

BT ____ connections were affected by ____ the update.

my OS makes my apps not correctly ability .
 could be why it hard to connect BT-enabled .
 my OS and not which limits connect to BT devices.
 know how the BT technology connections by the and malfunctioning the OS ?
 in OS don't which causing with ties to BT.
 After the OS malfunctioning on apps technology .
 hard gadgets using BT tech apps features working properly updating new OS.
 An updated version of causes app bad between that .
 The cause of an and between utilize BT after having an updated .
 Compatibility might make it to connect BT-enabled .
 certain apps won't work Android an update.
 Updating my makes my apps not ability to to BT devices.
 The connect is due to my apps and functioning properly updating .
 technology affected features malfunctioning apps the OS update.
