

[Demo] NLP Dataset for Customer Service Automation

Company Type	Cable and Satellite TV Providers
Inquiry Category	Installation and set-up assistance
Inquiry Sub-Category	Signal or reception problems
Description	Customers may seek assistance with poor signal quality, loss of channels, or troubleshooting issues related to their satellite or cable connections.
Data Size	5,137 paraphrases
Want to buy data?	Please contact nlp-data@qross.me via your business email address.

Masked sample paraphrases of one "Cable and Satellite TV Provider" customer inquiry. (Purchased data will not be masked.)

_____ dish has _____ due _____ strong winds; what do _____ for realignment _____?

_____ dish needs _____ be _____ of the _____ winds.

I'm _____ with _____ satellite after _____ winds; could you _____?

_____ advice on realignment _____ my _____ dish _____ during strong _____.

_____ dish was _____ winds.

_____ strong winds shifted _____ dish from _____ position, how can _____?

What _____ I do _____ the _____ my satellite _____?

As a _____ of _____ my _____ has shifted.

I am _____ solution to _____ satellite dish _____ of the _____ winds.

_____ do you realign _____ dish _____ big _____?

What now after _____ my _____?

What _____ I do _____ my _____ dish since it has _____?

_____ satellite got _____ up _____ strong winds, so _____ realignment _____?

_____ for _____ realigning satellite after the _____.

_____ fix is needed _____ the wind _____?

Powerful _____ satellite dish.

I'd like _____ know _____ procedure _____ realigning _____ satellite _____ winds.

_____ need _____ for _____ because _____ the _____ of the _____ dish.

_____ do I _____ the _____ of my _____ there are powerful _____?

I _____ solution for _____ realignment of the _____ the strong _____.

The _____ blew my satellite _____ don't _____ what to do _____.

_____ would like _____ how to _____ satellite dish in _____ event _____ winds.

How _____ I _____ the wind _____ satellite dish?

_____ do _____ do _____ fix _____ after _____ strong wind shifted _____?

What _____ we _____ when _____ gusts affect _____ alignment of _____?

_____ needed to _____ my satellite _____ after a _____?

_____ needs _____ be _____ to realign _____ of strong winds?

_____ shifts _____ dish.

advice _____ for _____ after _____

_____ had wind that caused _____ antenna.

How do _____ a dish when _____ moved _____ big _____?

Satellite _____ to strong _____ and I _____ a _____ realignment.

I felt the _____ my _____.

Anyone _____ for _____ caused shift in my _____?

_____ a _____ the _____ my satellite dish because _____ it.

_____ I recalibrate _____ position _____ my satellite _____ powerful winds?

How to _____ strong winds?

My _____ by the wind.

Due _____ how _____ the _____ of my satellite dish?

_____ give _____ some _____ on how _____ my _____ dish _____ the event of _____ winds?

The _____ satellite dish

_____ the measures I should take _____ re-position _____?

After strong _____ what do _____ to _____ dish?

_____ a satellite dish _____ to _____ wind.

How _____ go about _____ the position _____ dish?

_____ re adjust my satellite _____?

_____ your _____ to the _____ was messed up _____ the _____?

_____ on _____ after my _____ dish moved?

_____ moved in the _____

How _____ satellite _____ after the wind shifted _____?

What _____ wind shifted _____ dish?

Is _____ a _____ reset my satellite dish _____ was _____ wind?

Is it possible _____ satellite dish _____ strong _____?

_____ winds _____ satellite dish!

What's _____ fix _____ by wind?

_____ my _____ misaligned during a heavy _____ some advice on how _____ fix it?

What _____ measures _____ re-position my satellite _____?

When severe gusts affect _____ steps _____ taken for _____ positioning of _____?

Good _____ need help _____ satellite _____ after wind damage.

_____ the wind blew _____ off _____ was _____ what to do.

_____ have _____ my satellite dish, what _____ do _____ it back?

_____ is required, _____ moved during strong gusts.

_____ there _____ way to reset _____ wind blew _____ off _____ again?

_____ I _____ my satellite dish _____ is _____ in the _____?

_____ anyone _____ to reset _____ satellite _____ a _____ period?

_____ dish _____ been _____ by _____ wind.

Good _____ need _____ my satellite dish after _____ damage.

I want to realign _____ dish _____ the strong _____ it to _____.

How _____ I shift my _____ to its original _____ after _____?

I _____ in _____ my satellite _____ after wind _____.

_____ I _____ my satellite _____ winds?

_____ be done in the _____ of _____ the alignment _____ satellite antenna?

I'm _____ issues with my satellite _____ you _____ me on _____ do?

What _____ messed up the dish alignment?

I _____ a _____ dish that _____ during _____.

_____ day, _____ need _____ to adjust my _____ dish _____ the _____ damage.

_____ a solution for _____ because of the _____ dish _____.

_____ correct the positioning _____ our satellite antenna in the _____ storm?

A _____ in strong winds.

How ____ I realign my satellite ____ ____ ____ ?
____ dish needs realignment because ____ ____ ____ .
____ my satellite dish ____ ____ can I ____ ____ ?
____ can I ____ about ____ ____ ____ after strong winds shifted ____ ?
____ resetting satellite ____ ____ windy ____ ?
Because of ____ ____ my satellite dish I ____ a ____ ____ ____ .
What ____ ____ consequences of ____ wind shifting ____ ____ dish?
Is it possible to ____ ____ ____ after ____ winds.
____ ____ ____ my dish after ____ shifted ____ high winds?
____ do ____ realign a dish that's ____ by ____ ____ ?
____ wind that ____ ____ ____ my space antenna.
Any ____ needed after moving ____ ____ from ____ ____ ?
How ____ ____ my dish ____ to ____ ____ was ____ the strong ____ shifted it?
During strong gusts, ____ ____ ____ .
____ ____ my satellite off ____ ____ advice on how to fix ____ ?
Are there any ____ needed ____ ____ dish ____ ____ winds?
____ ____ ____ for realignment ____ of the ____ dish shift.
____ is ____ need for ____ ____ for the ____ dish ____ ____ to strong ____ .
____ sought for ____ satellite ____ ____ .
The shift ____ my ____ antenna was caused ____ ____ ____ .
____ having issues with ____ satellite after ____ winds, ____ ____ tell me ____ to ____ it ____ ____ ?
____ can I get my ____ dish ____ ____ ____ winds caused it ____ ____ ?
____ ____ ____ after the ____ wind messed up my ____ alignment?
How to ____ ____ dish moved ____ ____ .
The storm shifted ____ ____ ____ .
What ____ I ____ to ____ ____ dish following ____ winds?
Good ____ I ____ ____ adjusting ____ satellite dish after ____ damage.
Can ____ ____ me ____ steps to follow ____ ____ ____ dish after severe ____ ?
How ____ ____ move my satellite ____ after ____ ____ ?
____ it ____ to adjust the dish ____ the ____ ____ ?
____ can ____ ____ ____ dish is dislocated by wind?
____ ____ ____ on ____ ____ adjust my satellite dish ____ the wind ____ .
I ____ to ____ my ____ dish ____ ____ ____ caused it ____ shift.
____ ____ needs ____ because of strong ____ .
What's the ____ process ____ ____ ____ was ____ by ____ winds?
I have ____ satellite dish ____ has moved ____ ____ ____ .
____ need a solution for realignment ____ the ____ dish ____ shifting ____ ____ ____ ____ .
____ have to realign ____ ____ ____ to ____ winds.
____ ____ ____ dish ____ a big wind?
How ____ I ____ my antenna ____ it shifted ____ ____ gusts ____ ____ ?
____ ____ I adjust ____ dish after ____ wind ____ it to ____ ?
____ can ____ ____ my ____ ____ the strong wind?
____ should ____ do ____ ____ my satellite dish ____ ____ shifted due ____ strong ____ ?
____ was sought about ____ ____ ____ after strong ____ .
____ ____ winds, ____ ____ correct a dish?
Is it possible to ____ my ____ ____ ____ wind ____ ____ ____ balance.
____ can ____ properly ____ my antenna after ____ messed ____ ____ ?
If ____ dish gets shifted ____ ____ heavy ____ could ____ ____ tell ____ about the corrective ____ ____ ?
____ moved by ____ what ____ ____ correct ____ ?
____ should I ____ to adjust my ____ after ____ ____ ____ ____ wind?

What do ____ need ____ to ____ my satellite ____ storm?
____ solution ____ the dish ____ messed up ____ the heavy ____?
____ to correct a dish is ____ by ____.
____ my satellite dish ____?

What's the ____ my satellite ____ got mangled ____ strong ____?
____ do I ____ about my ____ dish shifting ____?

The ____ in ____ wind.
____ wind blew ____ off ____ do you have any ____ on ____ it?
I need a ____ for realignment ____ of ____ dish.

Any adjustments need ____ made to ____ dish that ____ moved ____.
____ to ____ done ____ my satellite dish ____ of the strong ____?

I ____ a dish realignment ____ to ____.

What ____ for Satellite ____ by wind?
____ a solution ____ the ____ dish is shifting.

What ____ I do ____ that shifted due to ____?
____ after the strong winds ____ realign my ____ dish?

The wind ____ my ____ dish ____?
Can ____ me an ____ on how to ____ satellite ____ in the event ____?
How do ____ properly ____ the winds are powerful?

____ I adjust the ____ after the ____ it?
____ can ____ do ____ my ____ dish?
I ____ adjusting my ____ after sustained wind ____.
____ winds shifted ____ dish.

How ____ I rearrange ____ a storm?
____ I take after ____ due to wind?
How do I properly ____ position of my ____ there ____?
Large ____ shifted the ____.

____ I do ____ my ____ dish ____ it has shifted due to ____?
Satellite positioning may ____ to ____.
In the ____ of severe ____ the ____ what ____ be ____ for proper ____ of ____ satellite ____?
How ____ fix ____ dish ____ moved in the ____?

____ assistance ____ my ____ dish after sustaining wind damage.
____ wind shifted my ____ should I ____ it?
____ a solution for realignment ____ of ____ satellite dish.

Can ____ how to realign ____ satellite dish ____ winds?
What should ____ do to ____ antenna ____ it ____ to ____?
____ steps are being ____ now that ____ weather ____ caused ____ in ____?

I have a satellite ____ because of strong ____ can ____?

Big ____ moved ____.

What ____ the ____ wind that messed ____ my ____?
____ want ____ realign ____ satellite dish ____ winds ____ it.
____ wind ____ in my ____ antenna.

____ it possible to realign ____ satellite ____ strong ____ it ____ original position?
How ____ I repositioned ____ after a ____?

advice ____ for ____ in ____ gusts
In ____ of ____ gusts affecting ____ alignment, what ____ be ____ the satellite antenna?
How should i ____ dish ____ wind ____ it?

What ____ taken ____ the event of ____ the alignment ____ our satellite ____?
____ solution for ____ as the satellite ____ due to strong ____.
There was big winds ____.

What ____ I ____ position my satellite dish ____ the ____?
 What ____ I ____ to ____ after it ____ due to strong ____?
 ____ dish was ____ and I need ____ solution ____.
 Advice ____ after ____ satellite ____ gusts
 ____ the best ____ realign my ____ dish ____ to ____ winds?
 I had ____ satellite ____ strong ____.
 I'm having issues ____ satellite ____ so ____ you tell me ____ to ____?
 How to ____ dish ____ big ____?
 ____ should I realign ____ satellite ____ in the ____ winds?
 There were ____ shifted ____ satellite ____ from its ____ location.
 There was ____ winds that shifted ____ dish ____ position.
 ____ satellite dish ____ shifting because ____ winds.
 How do ____ the dish ____ big ____?
 ____ need a ____ for ____ realignment ____ my ____ dish because ____ the ____.
 My satellite ____ again ____ the ____.
 ____ sought ____ satellite after ____ gusts.
 ____ need to ____ to the dish ____ winds.
 ____ I recalibrate ____ location of ____ satellite ____ when ____ are ____?
 ____ protocol after the ____ messed up ____ alignment!
 The wind ____ satellite ____ balance ____ I am ____ sure ____ to ____.
 I have a satellite ____ that ____ in ____.
 ____ wind ____ my satellite off balance again, no ____ it?
 ____ of strong ____ shifting ____ I need a solution.
 My ____ when ____ were ____ gusts.
 ____ shifted ____ satellite dish.
 ____ a dish that moved ____ big wind.
 ____ shifted by wind, what's ____?
 I'm ____ for advice ____ satellite dish after severe ____.
 Big winds ____ dish.
 Advice ____ realigning ____ after ____ sought.
 ____ you ____ a ____ for that ____ wind that ____ my ____ alignment?
 The wind ____ my ____?
 The ____ needs to ____ realigned due ____.
 ____ I ____ my ____ dish after ____ windstorm?
 ____ in need ____ assistance with ____ procedure ____ my ____ following severe winds.
 ____ adjust my ____ after the ____ shifted it?
 ____ solution to ____ dish alignment ____ the heavy wind?
 ____ shifted a satellite ____
 How ____ I ____ my satellite ____ after ____ by ____ wind?
 What ____ to ____ proper ____ of our satellite ____ the ____ of severe ____?
 ____ you ____ procedure ____ realigning ____ satellite dish after ____ winds?
 I ____ a dish ____ because of strong ____.
 ____ have a question ____ the procedure for ____ my ____ winds.
 ____ shifted ____ to the winds.
 ____ I ____ reset my ____ dish ____ the wind?
 How do I ____ the ____ dish when ____ winds ____ strong?
 How should ____ after the wind shifted ____?
 Help ____ satellite ____ the ____ period?
 My ____ dish ____ gale.
 ____ am having problems ____ satellite after ____ tell me what ____ do ____ it?

____ I ____ my satellite ____ in the ____ powerful winds?
 What ____ to be done ____ re-position ____?
 I ____ in need ____ advice ____ how ____ realign my ____ severe ____.
 How ____ satellite dish be ____ wind ____ it?
 The ____ satellite off ____ again and ____ not sure how ____ ____.
 ____ my dish antenna ____ in ____ after winds ____ up?
 ____ have to ____ due to strong gusts.
 ____ have ____ satellite ____ shifts ____ high winds.
 ____ to be made because ____ was ____ from high ____.
 advice sought ____ strong gusts
 Advice sought ____ gusts.
 What ____ I ____ strong winds ____ realign my ____?
 ____ are steps ____ a dish that ____ been ____ by ____.
 I ____ a ____ for realignment ____ of ____ satellite dish ____ strong ____
 ____ dish shifted due to ____.
 ____ there a ____ to ____ satellite ____ that was displaced ____ the ____?
 There ____ winds that ____ the ____.
 Good ____ I ____ to know ____ adjust my satellite dish ____ ____.
 ____ satellite dish ____ the winds?
 ____ realignment because of the ____ winds ____ shift satellite dishes.
 The ____ shifted ____ wind.
 ____ on ____ necessary ____ adjust my satellite dish after ____ wind ____.
 I am ____ dire ____ of advice ____ to realign my ____ severe ____.
 Help resetting ____ during a ____.
 ____ have a ____ dish ____ in the wind.
 What should I ____ to ____ my ____ dish?
 ____ need help ____ my ____ dish in the ____ of ____.
 ____ realignment due to ____ gusts.
 I ____ for ____ satellite dish is shifting.
 I ____ for realignment after my ____ moved.
 I need to ____ my satellite ____ powerful ____.
 ____ to realign it?
 How ____ I adjust ____ dish, because ____ wind?
 I need ____ adjusting my ____ after ____ wind ____.
 Next ____ after ____ messed ____ position?
 ____ are the ____ that weather caused a shift ____?
 ____ have ____ dish that has ____ of ____ strong winds.
 I ____ on how ____ realign my satellite ____ in the ____ of ____ winds.
 ____ needs ____ because of strong winds.
 advice ____ realigning ____ strong gusts.
 What should ____ our ____ antenna ____ the event of severe ____?
 I need guidance ____ adjusting ____ wind damage.
 My ____ realignment due ____ winds.
 ____ the ____ to my ____ alignment messed ____ wind?
 ____ readjusting my ____ dish ____ wind damage.
 Can ____ me ____ on ____ to ____ my satellite dish ____ winds?
 ____ need a ____ for ____ realignment ____ dish due ____ the ____ winds.
 ____ shift ____ my ____ dish caused ____ to need ____ for ____.
 I ____ wind ____ off balance, what should ____ do with ____?
 The ____ antenna ____ due to the wind.

Satellite ____ by ____ what should ____ ?
 ____ supposed to do to realign ____ dish ____ strong ____ ?
 What steps ____ I ____ my ____ dish ____ strong winds?
 How should ____ adjust ____ dish ____ it shifted ____ wind?
 ____ is ____ correct ____ for satellite ____ wind?
 ____ shifted ____ the correct fix?
 Should ____ satellite dish after strong ____ caused ____ shift?
 The satellite ____ is shifting ____ strong ____ I ____ solution.
 I ____ help ____ my ____ after the wind ____ .
 ____ steps should be taken ____ gale ____ winds ____ alignment of ____ ?
 Due ____ strong winds ____ be rearranged.
 ____ have a ____ dish ____ has shifted ____ wind.
 There ____ way to reset ____ dish after ____ displaced it ____ .
 How ____ dish moved by ____ wind?
 ____ displaced my ____ is ____ a ____ to fix it?
 ____ positioning ____ adjusting due ____ strong ____ .
 ____ do ____ need ____ to ____ my ____ dish ____ strong ____ caused ____ to shift?
 ____ to strong ____ something I need a solution ____ .
 ____ do ____ do ____ strong ____ to ____ satellite dish?
 Big ____ a satellite ____ .
 I ____ guidance ____ necessary ____ to ____ my ____ dish ____ wind damage.
 I am having ____ after ____ winds, could you ____ how ____ fix ____ ?
 ____ do you realign ____ that's been ____ by ____ ?
 Is ____ necessary to ____ my satellite dish ____ ?
 ____ when ____ gusts ____ the alignment of our ____ antenna?
 ____ shifted my satellite ____ .
 ____ a solution for the ____ shift due ____ winds.
 ____ for realignment ____ of strong winds ____ the satellite dish ____ .
 ____ solution for the ____ of ____ satellite ____ because of ____ winds.
 ____ major wind shifts satellite ____ .
 Satellite ____ by wind, ____ the ____ ?
 ____ to know how ____ realign ____ dish following severe ____ .
 ____ to realign ____ satellite dish ____ strong ____ caused it ____ .
 My dish ____ be ____ due ____ strong ____ .
 My ____ turned ____ to ____ winds!
 What steps ____ I ____ to ____ my ____ the wind ____ ?
 Satellite ____ needed to ____ due ____ strong ____ .
 ____ your solution ____ that heavy ____ my ____ alignment?
 ____ I ____ my dish after the ____ wind?
 ____ by ____ what should ____ ?
 ____ wondering how I could ____ my ____ after ____ shifted.
 How ____ satellite ____ the ____ blew it off ____ again?
 ____ recalibrate ____ position ____ my satellite dish ____ the wind?
 ____ is the ____ after my satellite ____ up ____ winds?
 How ____ you realign a ____ a ____ wind?
 ____ adjust my dish after ____ wind ____ it?
 The ____ blew my ____ balance again ____ I am not ____ to ____ .
 ____ I re-adjust my dish ____ the ____ shifted ____ ?
 ____ position of ____ is affected by powerful ____ .
 I ____ a ____ has shifted ____ a result ____ strong ____ .

_____ a way _____ reset my _____ was displaced by the _____?
 _____ dish _____ during strong _____
 _____ suggest a step-by-step procedure for realigning _____ satellite _____ in _____ event _____?
 What do _____ do _____ strong winds _____ satellite _____?
 I _____ satellite dish move _____ strong _____.
 _____ need _____ solution for _____ dish _____ due to strong _____.
 How _____ I recalibrate my _____ dish _____ strong?
 I have _____ was shifted _____ strong _____ how can _____ it?
 _____ The _____ my satellite dish.
 How do you _____ a _____ that was _____ a _____?
 How can _____ realign my _____ dish _____ of _____?
 I'm having problems with _____ winds; _____ you know _____ to _____?
 _____ because the winds are _____.
 _____ need _____ realigned due _____ strong winds.
 _____ do _____ realign _____ dish that's _____ wind?
 _____ can _____ my _____ the wind shifted it?
 _____ do I _____ the satellite _____ position when _____ winds?
 Is the _____ to be realigned _____ winds?
 How can _____ realign my satellite _____ it shifted _____?
 _____ happen now that _____ wind shifted _____ dish?
 It _____ wind that _____ my _____ again.
 _____ was _____ you _____ tell me how to _____ my _____ dish after _____.
 Because of strong winds, my _____.
 _____ do in order to _____ my satellite _____?
 _____ winds _____ my dish _____.
 _____ is required as my _____ dish _____.
 _____ get my satellite _____ realigned?
 _____ do I realign _____ satellite _____ the _____?
 I am in _____ of _____ for _____ dish realignment due _____.
 _____ I respond to the shift _____ satellite dish _____ by _____?
 _____ dish _____ due _____ strong wind.
 _____ can _____ move my satellite dish after _____?
 Are _____ to _____ a _____ that _____ been moved _____ winds?
 How to _____ dish _____ big wind?
 I need _____ steps to adjust my _____ dish _____ the _____.
 How _____ reassign my _____?
 _____ having issues _____ satellite after high _____ how to change it?
 Is _____ to _____ satellite _____ the wind _____ it again?
 The satellite _____ moved _____.
 Big wind _____ satellite _____.
 _____ by wind, what's the _____?
 _____ should be the correct _____ shifted by _____?
 I need a solution _____ because _____ shifting _____ strong winds.
 _____ I move _____ satellite _____ to its _____ position after _____ caused it _____ shift?
 _____ satellite after _____ winds; do you know _____ do about it?
 I need to _____ satellite dish _____ strong _____ it _____ original _____.
 _____ I _____ my _____ when _____ wind is so strong?
 _____ large winds _____ the _____.
 _____ the correct _____ shifting by wind?
 _____ issues with my _____ high winds, _____ you _____ me _____ to _____?

I _____ dish _____ shifted in high winds.
 The satellite _____ shifts due to _____ and I need _____.
 _____ need _____ do to _____ my satellite dish?
 _____ should _____ after _____ caused a shift _____ dish alignment?
 The _____ dish _____ strong gusts.
 _____ winds and they need to _____ dish.
 _____ should _____ with _____ wind _____ my satellite dish?
 Any _____ on _____ needed _____ my satellite dish moved _____?
 _____ is _____ correct fix for _____ satellite _____ by the _____?
 I _____ to _____ my satellite _____ the _____ winds.
 What _____ to _____ my _____ dish after strong winds caused _____?
 What's _____ correct fix _____ the satellite _____ by _____?
 Big winds shifted _____.
 My _____ realignment due _____ wind.
 Advice _____ sought for realigning satellite _____.
 How do you realign _____ dish that _____ a _____?
 _____ dish _____ from the _____
 _____ dish _____ during a _____ windstorm, could _____ please _____ me _____ correct it?
 _____ I recalibrate the position _____ my satellite _____ wind?
 _____ steps should be taken _____ that the _____ a shift _____?
 How can _____ my satellite _____ to where _____ was before _____ winds _____?
 What's the _____ process _____ my satellite _____ got _____ winds?
 _____ wind blew my satellite _____ balance _____ I'm not _____.
 I am looking for advice _____ how _____ realign my _____.
 What can I do _____ dish _____ to _____ winds?
 _____ satellite dish _____ moved by _____.
 How _____ realign _____ dish when it _____ moved _____?
 _____ are strong _____ and _____ dish should _____.
 _____ a _____ for _____ because _____ strong _____ that move _____ satellite dish.
 _____ am in _____ of a solution _____ realign _____ dish because _____ the _____.
 _____ issues with my satellite _____ high _____ you tell me _____ to _____?
 _____ steps _____ after the _____ a shift _____ dish alignment?
 _____ may need to _____ adjusted due _____ the _____.
 I had _____ moved _____ strong _____.
 _____ do you _____ by big _____?
 _____ high _____ I'm _____ issues _____ satellite, do you know what _____?
 Need _____ realign dish _____?
 _____ I supposed to _____ dish?
 _____ wind _____ off balance _____ what _____ do about it?
 What's _____ realignment _____ after my _____ got _____ by _____?
 _____ in need _____ realigning my _____ dish following _____ winds.
 I _____ solution _____ because _____ the change in _____ dish.
 I'm _____ with my _____ high winds; _____ me advice?
 What should I _____ my _____ due to _____ winds?
 _____ problems with _____ satellite after _____ winds, could _____ me what _____ do?
 The wind _____ my _____ how should _____ fix _____?
 The _____ shifted due _____ strong _____ I need _____ solution to _____.
 _____ I _____ satellite dish after the wind _____?
 Advice _____ for _____ a _____ after _____ winds.
 What do I need _____ do _____ satellite _____?

What _____ realignment process after _____ messed _____ strong winds.

There's a way to reset _____ satellite _____ after _____.

_____ blew _____ off balance _____ and I _____ how to _____ it.

Satellite _____ winds shifted.

There _____ that shifted _____ dish.

What _____ the _____ my dish _____ being _____ up _____ the _____ wind?

I'm having issues with _____ satellite _____ winds, _____ you _____ me _____ it?

_____ it _____ to realign my satellite _____ high _____?

The wind _____ what?

_____ should _____ position _____ satellite _____ in _____ aftermath of a _____?

Advice _____ for _____ satellite in _____.

_____ my space antenna to _____.

_____ wind _____ what to do?

Satellite _____ altered _____ strong _____?

_____ are _____ the dish was _____ high winds?

_____ is a shift _____ to strong winds.

Big winds shift _____

How _____ I _____ my antenna after _____ shifted due _____?

_____ to realign _____ dish _____ by _____ wind?

I _____ my satellite _____ because _____ gusts.

_____ is the realignment _____ my _____ got messed _____ by _____?

_____ have _____ satellite dish that _____ moved by _____.

My _____ dish _____ gusts.

_____ shifted my Satellite _____.

_____ is the _____ after _____ satellite _____ caught up _____ strong _____?

How _____ I _____ dish _____ is dislocated _____ wind?

In high winds, _____ realign _____ satellite _____?

_____ after the _____ shifted my _____?

_____ regarding the _____ for realigning my _____ dish following severe _____.

_____ need a solution for _____ from _____ satellite dish.

The _____ to _____ because of _____ strong winds.

What _____ the correct _____ satellite _____ shifted by _____?

_____ had _____ that shifted my _____.

_____ you help me with the _____ my _____ after severe _____?

_____ my satellite _____ back to its _____ position _____ strong winds _____ it?

_____ a _____ dish _____ it was displaced by _____ wind _____.

_____ shifted due _____ strong winds, and I need _____ realignment.

Due _____ winds, _____ do _____ recalibrate my satellite _____.

_____ for _____ strong gusts.

_____ to be adjusted because of _____?

My _____ moved _____ to the _____.

I have a _____ dish _____ due to _____.

Is _____ relocated _____ of the _____?

How should _____ my _____ after _____ wind _____ it?

_____ the _____ for the _____ was shifted by wind?

Advice _____ sought about _____ strong gusts.

_____ altered satellite _____.

The _____ by large winds.

_____ the satellite dish!

_____ sought _____ realigning _____ satellite _____ gusts.

_____ dish _____ to be _____ with _____.

_____ realigning satellite _____ strong _____

In _____ case of _____ the _____ what _____ be _____ about the satellite _____?

Strong winds _____ dish.

_____ solution for realigning _____ of the _____ winds _____ caused _____ to shift.

Satellite positioning might _____ be adjusted because _____.

_____ winds _____ dish move.

How _____ a satellite dish _____ shifted in _____?

What _____ the protocol _____ the _____ up _____ dish _____?

Do you have _____ wind messing with _____ alignment?

I need advice _____ my _____ winds.

What do I _____ realign my _____ dish _____ it has _____?

_____ positioning _____ have to _____ to strong gusts.

_____ satty turned around _____ blatin' _____!

I'm _____ of some help realigning my _____ winds.

The _____ moved _____ dish.

In case _____ severe _____ the alignment, _____ be _____ for proper positioning of _____ antenna?

My _____ moved in _____.

There was _____ shifting _____ satellite _____.

How _____ I _____ my _____ after high _____?

It was _____ my space _____.

_____ I realign my _____ dish _____ strong winds _____?

What _____ to _____ satellite dish _____ strong winds?

Satellite _____ in the _____

_____ in dire need _____ advice on how _____ satellite _____ after severe _____.

_____ dish _____ the wind

_____ have _____ satellite _____ high winds; could you _____ to do?

Strong winds _____ to need _____.

gales _____ dish

Our _____ realignment _____ to strong _____.

_____ heavy wind _____ my alignment _____ dish.

My _____ moved by the _____.

Good _____ I _____ adjusting my _____ after sustaining _____ damage.

_____ strong _____ shifted _____ what can I _____ about it?

Satellite _____ to _____ of strong gusts.

The strong _____ my dish, what _____ to _____ it?

_____ winds _____ the satellite _____?

_____ have a _____ that _____ in _____ wind, how do _____ it?

_____ steps _____ to fix my dish _____ it _____ the strong wind?

Help! _____ do I _____ satellite dish that _____ in _____?

_____ can _____ move my satellite _____ its original location after _____ it?

_____ I take _____ adjust my antenna after it _____ to _____?

What's _____ realignment process after _____ satellite was _____?

_____ correct _____ moved by _____ winds?

_____ shifted _____ satellite _____.

_____ be taken after the _____ the shift in _____?

_____ on realignment required _____ satellite _____ moved?

What should I do about my _____ shifting _____?

How do _____ recalibrate _____ satellite _____ when _____ strong _____?

_____ the dish be _____ due _____?

How are _____ re-position my _____ after the _____?

_____ issues with _____ high winds; could you give _____ advice?

Help resetting _____ a _____ period?

_____ the _____ for my satellite _____ mangled by strong _____?

_____ need _____ due _____ strong winds that shift the _____ dish.

How _____ my satellite _____ following _____ winds?

_____ requested for _____ satellite after _____

_____ need _____ of my _____ dish _____ of strong winds.

_____ I properly recalibrate my satellite _____ there _____ winds?

How _____ I re-position _____?

_____ am trying to _____ my satellite _____ it _____ strong winds.

_____ I _____ about the _____ dish shifting _____ of _____ wind?

adjusting _____ dish _____ winds?

How do I _____ despite _____ strong winds?

Satellite _____ result of strong _____?

_____ the _____ realigned due to _____.

My _____ realignment _____ by _____ winds.

What _____ measures I _____ take _____ my _____ dish?

_____ of strong _____ dish _____ realigning.

_____ is _____ that moved _____ strong gusts.

_____ to _____ my satellite dish that _____ in _____ wind?

_____ need _____ what to do with _____ satellite after _____.

_____ can I correct _____ satellite dish after _____ shifted _____?

_____ wind shifted my _____ steps should _____ take?

I need _____ solution for realignment _____ shifted due _____ winds.

_____ may need _____ be _____ because of strong _____.

How should _____ adjust _____ satellite dish _____ shifted in _____?

I need _____ because of the _____ and the _____ is shifting.

_____ have _____ the satellite _____.

Due _____ strong winds, _____ do I properly _____ of my _____?

How _____ dish _____ back into place _____ winds messed _____ up?

I need _____ help _____ my satellite dish _____.

Due to the strong _____ I _____ the _____?

_____ adjustments _____ to strong gusts.

_____ wind shifts my _____.

How _____ fix alignment _____ dish is _____ by _____ wind?

Have adjustments needed _____ dish moved _____?

Satellite _____ required _____ as _____ of _____ gusts?

_____ realignment due to _____ strong _____.

As a result _____ satellite _____ shifted _____ its _____ position.

_____ sought regarding _____ after _____.

_____ is _____ correct fix _____ being moved _____ wind?

_____ dish _____ to _____ realigned _____ strong winds.

_____ is the _____ realigning my _____ after _____ winds?

_____ was _____ after _____ satellite _____ strong _____.

How _____ dish _____ moved in the wind.

_____ shifting my satellite _____.

My dish _____ there _____ winds.

_____ need _____ the _____ adjust my satellite dish _____ wind damage.

Satellite dish moved _____ it.

_____ realign my satellite dish?

The wind _____ dish.

How do _____ a dish _____ moved by _____?

The _____ by _____

_____ am I required to realign _____ dish?

_____ do I _____ to _____ to _____ satellite _____ after a _____?

_____ should _____ take _____ antenna shifted _____ to gusts of _____?

_____ strong _____ shifted _____ what steps _____ take to fix it?

how _____ dish _____ by wind?

My satellite _____ was _____ wind, _____ now?

_____ day, I _____ assistance in adjusting my satellite _____ it _____.

_____ blew _____ satellite _____ what _____ I do with it?

_____ in _____ of _____ my _____ dish after _____ winds.

_____ step _____ up the dish position?

_____ by wind, what's _____ fix?

What _____ the _____ process after _____ satellite got _____ strong _____?

How _____ reset _____ after the wind _____ it off _____?

What _____ I _____ do to _____ satellite _____ the windstorm?

_____ my satellite dish possible _____?

_____ the wind shifted _____ satellite _____?

_____ do _____ realign a _____ moved by a _____.

Hey, _____ by strong winds; _____ is the realignment _____?

Advice sought _____ satellite _____.

_____ we _____ for proper positioning of our satellite _____ the event _____?

What should we do _____ the _____ gusts _____ our satellite antenna?

Big winds _____ a _____.

_____ on realignment _____ my satellite dish _____.

Any adjustments _____ on _____ moved _____ winds?

_____ need guidance _____ my satellite _____ the wind damage.

Due to powerful _____ do I _____ my _____ dish?

The _____ needs _____ realigned with the _____.

If severe _____ alignment, what _____ should be _____ for _____ proper positioning _____ satellite _____?

_____ can _____ my satellite _____ after _____ shifted it from _____ position?

_____ to the _____ alignment _____ was messed _____ that heavy wind?

My satellite _____ the wind _____.

What _____ are _____ after the weather _____ a shift in _____?

Can you _____ a way _____ my _____ severe winds?

_____ may need _____ be _____ due to strong _____.

_____ I _____ my _____ dish during powerful _____?

_____ I recalibrate the position _____ my satellite _____ in _____?

Can _____ help _____ with _____ realigning my _____ dish in the event _____?

_____ needs realignment _____ of the _____.

What _____ you _____ after _____ realign your satellite _____?

What's the _____ process when your _____ messed _____ winds?

_____ issues with my satellite _____ could you tell me _____ to do _____?

Next _____ after the _____ satellite?

_____ a satellite dish!

I had _____ strong wind _____ can _____ do?

I'm in _____ my satellite dish _____ winds.

_____ sought _____ after strong gusts

Is _____ way to realign my _____ after strong _____ it _____?

_____ day, _____ need _____ my _____ dish after wind damage.

Help with reseting _____?

Any _____ needed _____ a _____ moved from _____ winds?

_____ I _____ my _____ after _____ wind blew _____ off _____ balance?

How _____ realign _____ dish _____ moved by _____.

_____ sought _____ after _____ gusts

I have a _____ after _____ winds.

How do I _____ my satellite _____ when there's _____?

Any _____ need to _____ made _____ dish moved _____?

_____ need _____ be _____ due to _____ winds.

My _____ moved _____ the _____ strong.

_____ cause _____ dish to need _____.

Strong winds _____ my dish _____.

How should I adjust _____ wind shifted _____?

_____ advice _____ dish during strong gusts?

My dish _____ due to _____.

advice needed _____ realigning _____ gusts.

_____ I _____ do to realign _____ dish due to strong _____?

_____ off balance again, _____ should _____ do with it?

Big _____ satellite dish.

What steps _____ weather caused shift in dish _____?

_____ adjustments _____ needed after the _____ moved _____ high _____?

What _____ I take after a _____ my _____?

_____ I adjust _____ dish if _____ due to the _____?

_____ to realign my satellite _____ of _____ winds.

_____ do I reset my _____ after _____ wind _____ off _____?

I'm _____ satellite _____ could you _____ me what I should do?

The satellite _____ strong winds, _____ realignment process?

How can _____ reprogram my _____ after _____ wind _____?

_____ dishes _____ to strong winds so _____ a solution _____.

I need _____ my satellite dish moving _____.

It was _____ shifted _____ dish.

_____ protocol after the wind messed up the _____?

Why _____ need to _____ dish _____ strong winds?

What is _____ solution to _____ dish _____ being _____ that _____ wind?
