

[Demo] NLP Dataset for Customer Service Automation

Company Type	Automotive manufacturers
Inquiry Category	Technical support and troubleshooting
Inquiry Sub-Category	Engine performance problems
Description	Customers seek technical support for diagnosing and resolving issues concerning engine performance, including rough idling, stalling, loss of power, or abnormal sounds.
Data Size	9,323 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Automotive manufacturer" customer inquiry. (Purchased data will not be masked.)

____ low ____ affect smooth running ____ overall ____ of ____ vehicle's ____?

Does not ____ affect how ____ the vehicle ____?

Is ____ oil affecting ____?

Is the ____ oil ____ and efficiency?

Will ____ my ____?

____ low ____ affect vehicle ____?

____ oil might ____ performance.

Is reduced ____ motor's efficiency?

____ enough oil affect ____ car's ____?

The smooth ____ high performance expected ____ vehicle's ____ could be ____ by ____.

Is ____ possible ____ expect ____ if ____ lubrication is insufficient?

Do ____ oil level ____ running ____?

Is low ____ oil something ____ hurt ____?

____ can ____ affect operational quality?

____ low ____ affect motor ____

In simple ____ how ____ lack ____ lubrication ____ functioning?

How ____ diminished ____ internal combustion engine efficiency ____?

____ run on less ____?

____ not ____ enough motor oil cause ____ with how ____?

____ auto ____ be affected ____ oil.

Can low ____ affect the ____ of ____?

Does ____ decrease ____ oil ____ the ____ performance?

____ insufficient ____ affect auto ____?

____ insufficient ____ levels affect ____ of the ____?

Does ____ decrease in ____ affect a ____?

Does ____ an effect on ____?

____ a drop in the oil ____ the ____?

____ smoothly the ____ operates ____ its overall ____ would ____ affected by ____ of ____.

_____ a low level _____ bad _____?

How _____ oil levels _____ smooth _____ of _____ motor?

_____ engine operates, plus its _____ be impacted by _____ levels _____ oil.

_____ oil _____ affect performance of _____?

_____ bad _____ my vehicle's performance?

Does lower oil _____?

_____ low _____ oil _____ and effectiveness.

_____ reduce engine performance?

_____ insufficient _____ hurting _____ performance?

_____ lower _____ levels _____ functioning _____ motor?

Does lack _____ of a vehicle?

_____ running _____ engine suffer because _____ insufficient oil?

_____ motor's smooth _____ by too little oil.

_____ does diminished lubrication affect _____ of _____ engine?

How well the engine _____ be _____ of oil.

Will _____ affect the performance _____ vehicle's _____?

_____ on _____ affect smoothness _____ efficiency?

_____ dolow _____ levels _____ motor _____?

_____ possible _____ smooth operation is _____ by _____ oil levels?

The _____ might _____ with _____ oil volume.

_____ less _____ running

Is _____ to auto efficiency?

How _____ lack _____ lubricating oil _____ functioning?

_____ does _____ low oil _____ Motor _____?

Does _____ oil _____ the _____ performance?

Is _____ that low _____ impair _____ vehicle performance?

_____ a drop in the oil _____ affect _____?

_____ lacking sufficient oil _____ the _____ a _____?

_____ lower-than-normal _____ levels _____ vehicle's performance?

Is smooth _____ the _____ engine _____ levels?

_____ oil affect _____ vehicle _____?

_____ lubrication affect _____ performance _____ car?

_____ runs are affected _____ oil?

_____ a _____ level _____ for _____ engine?

_____ does _____ oil affect _____?

_____ not have enough motor oil _____ my _____ run _____?

Does _____ of oil _____?

Is _____ low _____ running _____ motor performance.

_____ runs are _____ by less _____?

Does _____ drop in the _____ level _____ overall _____?

_____ vehicle's _____ is _____ I expect reduced overall _____?

Can lower-than-normal _____ affect _____ performance?

Can _____ little-to-no-oil affect my _____?

Is _____ of oil _____ the engine operates?

_____ oil _____ of the vehicle's motor?

Can _____ lubrication levels affect the performance _____?

_____ oil bad _____ my _____ smooth _____?

_____ insufficient _____ oil affect _____?

_____ oilaffect _____ performance?

_____ a lower-than-normal _____ affect _____ vehicle?

_____ low _____ my car's _____?

_____ of oil _____ the engine?

_____ hurt car performance?

Can lower-than-normal _____ levels affect _____ vehicle?

Is it possible that low _____ of _____?

Does _____ oil quantity affect _____?

Can low _____ the operation and _____ of _____ car's _____?

_____ a decline in _____ content _____ smoothly _____ runs?

Does _____ oil _____ the performance _____ vehicle?

_____ not _____ enough _____ problem _____ my car's performance?

_____ low _____ of _____ impediment to _____ vehicle performance?

Has _____ motor's smooth functioning been _____ by _____?

_____ drop _____ oil levels _____ the performance _____ the _____?

Will _____ lack _____ oil affect _____?

Will _____ your vehicle's _____?

Does _____ oil _____ smoothness?

Does _____ oil _____ car _____?

Does a decrease _____ levels affect _____ a _____?

_____ a lack _____ disrupt _____ running of _____ engine?

_____ insufficient oil _____ car _____?

_____ an insufficient amount _____ oil _____ running _____ engine?

Is low _____ oil _____ performance?

Does _____ decrease _____ oil _____ the performance _____ the _____.

Does a _____ the _____ the performance _____ the vehicle?

_____ low _____ level _____ performance?

_____ a decrease in _____ engine's performance?

Is _____ detrimental to _____ running _____ to have low _____?

How will _____ be _____ oil?

_____ lack of _____ content _____ smoothly _____ engine runs?

_____ inadequate _____ affect the performance _____ vehicle?

Can _____ lubrication _____ affect _____ vehicle's _____?

Will _____ having enough _____ how _____ my _____ is?

Is it _____ that reduced _____ running of _____ motor?

Will _____ little-to-no-oil _____ car's _____?

Does _____ in oil _____ an impact _____ the engine's _____?

How do _____ affect the performance _____ vehicles?

_____ insufficient _____ functioning _____ high performance of the vehicle's _____?

_____ a decrease in _____ affect _____ of _____ engine?

_____ run with less _____?

Does _____ a car _____?

_____ level bad for your motor _____.

Does not have _____ affect _____ car's _____ or _____?

_____ low oil _____ affect _____.

_____ low oil level _____ running?

_____ the _____ and _____ overall _____ would be affected by a depletion _____ oil _____.

_____ hurt _____ vehicle's get up-and-go?

_____ smoothly the _____ performance are _____ by inadequate levels of _____.

_____ insufficient _____ quantity affect _____?

Would _____ in _____ affect the engine's _____?

Does a _____ the _____ level affect _____ of _____ car?

Is a ____ in ____ oil ____ ?
 ____ levels affect ____ functioning?
 ____ that inadequate oil ____ to lower ____ efficiency?
 ____ oil might be bad ____ .
 Can ____ levels ____ the ____ performance.
 ____ the ____ of ____ affect how ____ vehicle runs?
 ____ effect auto efficiency?
 ____ low oil hurting ____ ?
 Does a decrease ____ level ____ performance?
 ____ oil ____ change performance?
 Will low ____ affect ____ ?
 Does ____ oil quantities ____ ?
 Will low ____ use ____ the ____ the engine ____ ?
 How smoothly the ____ operates ____ be affected ____ of ____ .
 How will ____ engine ____ affect ____ ?
 ____ possible ____ low ____ of ____ will affect ____ performance.
 How do low ____ affect ____ ?
 ____ low ____ your ____ get-up-and-go?
 ____ low on oil ____ car's ____ ?
 The ____ smooth ____ may be ____ oil ____ .
 Is ____ lubricant levels bad ____ ?
 Can ____ motor functioning?
 Is ____ oil level going ____ affect ____ of ____ car's ____ ?
 Is ____ that ____ quantities of ____ restrict optimal ____ ?
 Does ____ affect your motor ____ ?
 Will insufficient oil ____ ?
 ____ affect efficiency in ____ engine?
 ____ having ____ oil impact ____ performance?
 Do ____ oil affect ____ ?
 ____ the engine oil ____ of ____ vehicle?
 Does ____ levels impact smooth ____ vehicle's motor?
 ____ smooth operation ____ by ____ lower ____ oil ____ .
 Is ____ engine ____ vehicle performance?
 Does the ____ oil ____ running of an ____ ?
 ____ lack of ____ affect ____ vehicle operates?
 Can not ____ enough oil ____ my ____ performance?
 ____ lubricant levels ____ the ____ performance?
 Can lower oil ____ have ____ effect on ____ ?
 Would a ____ in oil ____ engine runs?
 Can ____ level ____ your ____ performance?
 Might low ____ of ____ performance?
 Can ____ disrupted ____ insufficient lubrication?
 ____ insufficient oil ____ motor ____ ?
 ____ less ____ oil affect ____ ?
 ____ oil impact ____ performance of ____ ?
 ____ level hurting ____ performance?
 Does lower-than- normal ____ performance?
 ____ less oil ____ times?
 Is the ____ smooth ____ affected ____ insufficient ____ ?
 ____ be affected by a lack of oil ____ the ____ .

_____ it possible that _____ lack _____ would affect its performance.

_____ a _____ oil _____ affect the performance _____ car?

How _____ oil impact _____?

Can a lower oil _____?

_____ could _____ my _____ performance.

_____ insufficient oil _____ the function _____?

_____ change running performance?

_____ insufficient _____ performance _____ the vehicle?

_____ oil _____ car performance?

Will _____ on oil _____ engine?

_____ disrupted _____ running of _____ engine?

_____ it _____ that _____ will affect the motor's _____?

_____ lower-than-normal levels of _____ vehicle's _____?

_____ decline in _____ content _____ performance?

_____ affect vehicle's performance?

Can _____ lubricating _____ the performance _____ the vehicle?

Does lower _____ levels impact _____?

Is _____ operation _____ by having _____ required _____?

Will _____ on _____ engine function?

Does low _____ vehicle _____ it?

Does _____ decrease _____ oil _____ affect the _____ of the _____?

_____ having _____ engine _____ do to the _____?

Can low oil _____ the _____ the motor?

Has low oil level _____?

Does _____ little _____ disrupt _____ running _____ the engine?

_____ by having _____ engine oil _____?

Will _____ oil _____ car's performance?

Is it _____ less _____ affects _____?

_____ lower-than-normal _____ affect vehicle _____?

_____ oil ruin the ride _____ engines?

_____ running smoothly _____ is low oil volume?

Will running _____ my _____ functions?

The running _____ a _____ by decreased fuel _____.

_____ possible that _____ levels will _____ the motor's _____?

_____ lower _____ levels able _____ functioning?

_____ oil disrupt running of the _____?

Does low oil _____?

Is insufficient lubrication disrupting _____ smooth _____ high _____ expected _____ vehicle's _____?

Reducing quantities of lubrication _____ both engine _____ seamless _____.

Can _____ the _____ smoothness?

_____ oil _____ affect motor _____?

_____ oil _____ effect car _____?

_____ oil affect smooth _____?

Is it possible _____ quantities _____ impede _____ performance?

Will _____ hurt _____ power?

Will insufficient oil _____ motor _____?

Does _____ an impact _____ performance?

Does low _____ affect the performance _____?

_____ low _____ cause motor _____?

Do _____ oil _____ affect _____ the _____?

Is ____ oil ____ motor ____?

____ low oil ____ operation ____ an engine?

Doesn't ____ oil affect ____?

How does a ____ lubrication ____?

____ lack ____ lubrication can ____.

____ smoothly the engine ____ the low levels ____ oil.

____ quantities ____ affect ____ performance of vehicles.

Is ____ operation affected ____ having ____ lower ____ level?

____ oil ____ the engine's ____?

____ affect overall ____ performance?

____ question about ____ quantity ____ to decreased ____ efficiency.

____ oil can ____ smoothness of ____.

____ does ____ run under ____ oil?

Does ____ oil affect ____ of ____?

Does ____ oil ____ affect ____ performance of ____?

____ does ____ oil ____ auto ____?

How ____ operates would ____ by the level of ____.

How well the engine ____ by insufficient levels ____.

____ low ____ usage affect the smoothness ____?

____ lack ____ oil affect ____ the ____ performs?

Does ____ oil level ____ running ____?

____ does the low oil ____ the ____ engine?

____ do low ____ performance?

____ it possible ____ low quantities ____ oil ____ performance?

Does ____ enough motor ____ cause ____ with ____ efficiency?

____ a low ____ influence ____ performance?

Does having ____ affect ____ performance of my ____?

____ smoothly ____ engine ____ would be affected by ____ levels ____.

Is it ____ that low amounts ____ oil ____?

Can ____ the performance ____ the ____?

____ low oil consumption affect ____ engine?

____ a ____ lubrication affect ____?

____ running of a motor ____ be ____ decreasing ____ levels.

____ having too ____ impact ____ vehicle ____?

Can ____ the engine's performance?

____ insufficient ____ levels affect ____ running ____ the vehicle?

____ well ____ operates would be ____ by ____ of oil.

____ smoothly ____ engine ____ along with its ____ performance, would be ____ by ____.

Is low ____ running and motor ____?

____ lower-than-normal lubricating levels ____ of ____ vehicle?

____ it possible that ____ having enough ____ cause issues ____ my ____?

____ oil ____ car's engine.

____ affect vehicle running?

Is it ____ motor ____ to have a low ____?

____ oil ____ bad ____ motor's efficiency?

____ low quantities of ____ car ____?

____ levels affect ____ well the engine ____?

Is inadequate ____ the ____ functioning ____ high performance ____ the ____?

Does ____ oil ____ running of ____?

Does ____ drop in ____ oil level ____?

Does _____ oil _____ of a motor _____?

_____ low oil _____ engine's operation?

_____ a low _____ running and _____?

_____ reduced oil _____ the motor's execution _____?

_____ have enough _____ my _____ to _____ slower or _____ worse?

_____ the _____ affected by _____ lubricant _____?

_____ low oil _____ operation of _____?

_____ decreased _____ quantity _____ the _____?

_____ drop in _____ level affect _____ car's performance?

Does _____ enough _____ affect _____ well a _____ works?

How _____ runs are _____ by _____.

Can low _____ levels _____ the functioning _____?

_____ an effect on car performance?

_____ oil levels affect _____ of the car?

_____ be affected by _____ oil _____.

_____ too little _____ affect the _____ running _____ motor?

_____ car runs _____ affected _____ less _____?

_____ the smooth _____ car's _____ by insufficient oil levels?

Will _____ car's Performance?

_____ I _____ performance _____ my vehicle has insufficient _____?

_____ less _____ oil impact its _____?

_____ low oil _____ engine _____ efficiency?

Will _____ harm my _____?

Is _____ low on oil going to _____?

Does _____ decline _____ oil level affect _____ performance _____ the _____?

_____ automobile runs are _____ oil?

_____ it possible _____ insufficient oil _____ affect the _____ smooth _____?

_____ low _____ level _____ performance of my _____ engine?

Does low _____ affect _____?

Smooth _____ performance _____ be affected _____ less _____.

Is _____ engine power?

_____ oil level _____ your vehicle's performance?

_____ be _____ by having low engine _____ levels.

Can _____ car's performance.

_____ a lower _____ level affect _____?

_____ does _____ lubrication _____ engine _____?

How does _____ lubrication affect _____?

_____ decrease _____ level affect the _____ of _____ vehicle?

_____ a _____ in _____ affect performance?

Is the _____ of _____ by a _____ in _____ content?

_____ affect _____ car's performance?

How does _____ lack _____ affect proper _____?

_____ oil _____ to _____ motor's function?

_____ having less engine _____ functions?

_____ affecting running of _____ engine?

Will _____ operation _____ affected _____ oil?

_____ inadequate _____ affect the smooth _____ motor?

Does too _____ auto efficiency?

_____ oil _____ have an _____ on _____ car's performance?

Is _____ by _____ having enough _____ oil?

Does having ____ little oil ____ the ____ of ____ ?
 ____ lubricant affect ____ vehicle's performance?
 How does ____ lubrication effect ____ ?
 ____ reduced ____ affect the engine's ____ ?
 Proper ____ can be hindered ____ of ____ .
 ____ deplete of ____ affect ____ smoothly the engine ____ ?
 Does ____ oil ____ an ____ smoothness?
 Is low oil ____ car's performance?
 ____ reduced ____ bad for the ____ ?
 ____ decreasing lubrication ____ of an engine?
 How does ____ operation?
 ____ insufficient oil ____ function?
 ____ levels bad ____ my car's ____ ?
 ____ inadequate engine ____ vehicle performance?
 How ____ runs ____ hurt ____ less ____ ?
 Do ____ decreased oil quantity ____ bad ____ the ____ ?
 What is ____ impact of ____ smoothness?
 ____ does ____ levels affect the performance ____ the ____ ?
 Does ____ quantity ____ motor performance?
 ____ engine ____ plus ____ general performance, ____ affected by insufficient levels of ____ .
 ____ less lubricating ____ running?
 ____ possible ____ inadequate ____ would affect how smoothly ____ engine operates.
 ____ operates and ____ general performance would ____ affected ____ levels of oil.
 ____ impact engine functioning?
 ____ the drop ____ the oil level affect ____ ?
 Is ____ lubrication bad ____ motor's ____ ?
 ____ how well ____ car runs.
 Can ____ decrease ____ oil level affect ____ overall ____ ?
 ____ oil impact ____ get-up-and-go?
 Does a reduction in ____ performance ____ a ____ ?
 ____ less oil quantity ____ to ____ ?
 Is ____ affecting ____ car's ____ ?
 Does ____ motor run smoothly ____ it has ____ ?
 How car ____ affected by ____ ?
 Is a ____ oil ____ for the ____ performance?
 ____ does having less ____ affect the ____ of ____ ?
 ____ does ____ oil impact ____ .
 ____ oil level ____ and motor performance?
 Is ____ a decrease in oil level ____ performance?
 Is ____ possible that a decrease ____ level ____ affect ____ the ____ ?
 Does having ____ oil affect ____ ?
 Will insufficient ____ motor's ____ ?
 How ____ the ____ run ____ is less ____ ?
 Does insufficient ____ harm ____ ?
 Do ____ to worry about low ____ messing ____ car's ____ ?
 ____ having less ____ oil ____ its ____ ?
 ____ low ____ affect ____ engine?
 Has ____ operation been ____ lower engine oil ____ ?
 ____ low ____ the running ____ a vehicle?
 ____ having ____ engine ____ affect performance?

_____ does diminished lubrication _____ the _____ an _____?
 Is _____ of _____ vehicle will _____ reduced if _____ lubricant is insufficient?
 How _____ engine _____ be affected _____ in oil content.
 Is a _____ oil level _____?
 Is _____ disrupting _____ smooth functioning of _____ motor?
 _____ having less engine _____ affect _____?
 _____ shortage of lubrication affect _____?
 Is insufficient _____ the smooth functioning _____ vehicle's _____?
 _____ bad _____ how smooth _____ car _____?
 _____ lower _____ affect the _____ functioning?
 Can _____ lubrication _____ have _____ on the _____ performance?
 Does _____ drop _____ the _____ level affect a _____?
 Does a _____ of oil affect _____ performance _____?
 _____ the lower oil quantity _____ performance _____ motor?
 Is it _____ that _____ performance will be _____ my _____ insufficient?
 What _____ oil _____ engine?
 _____ runs are _____ oil.
 _____ low oil _____ engine operation?
 _____ low _____ impact the _____?
 Has low oil _____?
 Does insufficient oil _____?
 Is _____ hurting engine _____?
 Can a _____ affect _____?
 _____ oil affect running _____ motor?
 The efficiency of _____ motor _____ be _____ fuel _____.
 _____ it possible that _____ less engine oil _____?
 _____ low level of oil _____ engine's _____?
 _____ do auto runs be _____?
 How _____ low _____ affect _____?
 Will low _____ effect _____?
 _____ insufficient _____ affect vehicle _____?
 Can _____ vehicle's performance?
 Optimal vehicle _____ might _____ hampered _____ low _____ oil.
 Is low _____ a _____ engine?
 _____ insufficient oil levels _____ the smooth _____ motor?
 Is low _____ of _____ bad _____?
 _____ low _____ performance?
 How does having less engine oil _____?
 _____ low _____ car performance.
 _____ it possible that low amounts _____ oil _____?
 _____ low _____ the _____ of your _____?
 _____ wonder _____ low oil will _____ with _____ car's _____.
 _____ reduction in _____ content _____ the _____ the engine?
 _____ lower _____ of _____ affect the _____?
 _____ lower oil _____ affecting the _____?
 Does having _____ affect _____ performance of a _____?
 _____ oil _____ running?
 Will low _____ hurt _____ go?
 _____ decreasing _____ problem _____ the motor?
 _____ insufficient _____ affect how smooth _____?

Is it possible _____ inadequate _____ leads _____ decreased _____?

Will _____ motor's _____ smoothly?

Does _____ affect motor _____?

How does low _____ your _____?

_____ the _____ operation affected by _____ lower _____?

Will _____ engine oil _____ vehicle's _____?

_____ running _____ reduce the performance _____ the engine?

Is _____ oil _____ your _____ engine?

If _____ car's lubricant _____ can _____ expect _____ performance?

Does _____ oil quantity _____ an _____ performance?

_____ a _____ oil levels _____ performance?

How do _____ the _____?

_____ affect the performance _____ motor of _____ vehicle?

Will _____ oil affect the _____?

_____ insufficient oil _____ the _____ the _____.

_____ there an issue with too _____ impact _____?

Does _____ affect the _____?

Will _____ harm my _____ performance?

Engine power _____ could be affected _____.

_____ drop _____ oil affect the _____?

_____ motor _____ efficiently with _____ oil?

_____ the _____ performance _____ engine affected _____ insufficient levels of _____?

_____ a decrease _____ oil _____ affect _____ performance of _____?

Does lower _____ quantity _____ the _____?

_____ well the engine _____ and its _____ would _____ inadequate _____ of oil.

Can lower-than-normal _____ lubricant _____ the _____?

Does the _____ oil _____?

_____ that poor lubrication can affect _____ performance?

_____ low _____ running of _____ vehicle?

Will _____ oil consumption _____ effectiveness of _____ engine?

_____ oil _____ motor's functions?

_____ do autos run _____ less _____?

Does _____ oil _____ the engine?

_____ insufficient _____ motor's performance?

Does _____ low oil?

Does _____ quantity affect _____?

Will _____ oil _____ get-up-and-Go?

_____ do auto _____ suffer _____ less _____?

_____ my vehicle's lubrication is _____ expect _____ reduction _____ performance?

_____ low _____ oil affect smoothness?

_____ oil _____ engines?

_____ high performance _____ the _____ motor can _____ inadequate lubrication.

How smoothly the _____ operates and _____ be _____ levels of oil.

Will _____ engine performance?

Is _____ affected by _____ levels?

Does _____ oil _____ a difference _____ car _____?

_____ decreased oil _____ detrimental to _____?

Will _____ functioning be _____ by low oil _____?

_____ quantity bad _____ motor performance?

_____ the motor _____ smoothly _____ oil _____ it?

_____ possible _____ quantities _____ oil _____ optimal vehicle performance?
 _____ having _____ oil affect _____ car _____?
 Does a drop _____ level _____ affect _____ performance?
 Insufficient _____ can _____ smooth _____ the motor.
 Is _____ low level _____ oil _____ for running _____?
 _____ well the engine _____ would _____ by _____ of _____ content.
 Can _____ affect _____?
 _____ do less engine oil _____?
 _____ the quantity _____ lubrication will affect _____ engine _____ operation.
 _____ oil likely _____ my vehicle's performance?
 How _____ runs affected _____ oil?
 Does _____ affect how _____ the car runs?
 _____ do _____ levels _____ motor performance.
 _____ does _____ engine oil _____ its _____?
 _____ there _____ between _____ quantity and _____ auto efficiency?
 _____ levels _____ affect the vehicle's performance?
 Is too _____ vehicle performance?
 _____ affect engine _____ or efficiency?
 _____ insufficient oil _____ the _____ function _____?
 _____ low _____ mess with _____?
 Is low oil _____ power _____?
 _____ oil _____ car's performance?
 Is _____ possible _____ insufficient _____ quantity affects _____?
 _____ a car's performance _____ affected _____ oil _____?
 Does _____ level affect _____ operation _____ car's engine?
 _____ deplete of _____ the _____ performance?
 Is _____ low oil _____ bad for running _____?
 Can low _____ levels affect _____ motor?
 Optimal _____ performance _____ be _____ quantities of oil.
 _____ oil _____ the operation _____ my _____?
 How _____ oil _____ affect _____ performance?
 Will _____ running _____ smoothness and effectiveness of _____?
 _____ little _____ impact _____ performance?
 Is _____ oil _____ affecting smooth running _____?
 _____ decreased _____ affect _____ of a motor?
 _____ oil _____ engine performance?
 How _____ runs with _____?
 Can a _____ affect _____ motor?
 Is _____ cause for _____ auto efficiency?
 _____ low oil _____ affect _____ performance _____ vehicle.
 _____ it _____ inadequate _____ can _____ performance of the motor?
 _____ smooth _____ jeopardized by _____ than _____ oil levels?
 _____ a decrease _____ level _____ the _____ of vehicles?
 Does low _____ affect _____?
 _____ lower-than-normal lubricant _____ problem for _____?
 _____ drop in _____ level _____ performance.
 _____ inadequate _____ affect the performance of _____?
 _____ oil _____ affect _____ efficiency?
 _____ well _____ engine operates _____ its general _____ be affected by _____ of _____.
 How _____ oil impact _____ engine _____?

_____ lower quantity _____ affect _____?

_____ oil affect a _____?

_____ operation _____ optimal _____ of an _____ combustion engine can be _____ by _____.

Does _____ reduction _____ oil _____ affect _____ performance?

Is _____ engine oil _____ vehicle?

_____ messes _____ my car's performance?

_____ reduced _____ quantity affect _____?

_____ affecting performance?

Can _____ oil _____ affect the operation of _____ engine?

How smoothly the _____ as _____ performance, would _____ affected by _____ of oil.

Proper functioning _____ hampered by a _____.

Does not _____ enough oil affect _____ car _____?

Low _____ hurt vehicle's _____.

Will _____ get-up and go?

The _____ may _____ affected _____ insufficient _____.

_____ oil impact _____ and _____.

_____ low _____ well my car _____?

Is _____ efficient running _____ a _____ disrupted by _____?

Does not have _____ affect _____ car _____?

_____ low _____ levels _____ the overall _____ my _____ engine?

_____ a low _____ run?

Does _____ of oil affect _____?

The _____ could _____ affected by insufficient _____.

Does less _____ affect _____?

_____ motor smoothness.

Is _____ in _____ harmful _____ the motor?

Is low _____ bad _____ the _____?

Is _____ on _____ bad for _____?

_____ the _____ runs if there _____ insufficient _____?

Is the smooth functioning _____ by _____ oil _____?

_____ lubricant levels affect the _____ the _____?

_____ on oil might _____.

Is smooth _____ compromised _____ engine _____?

_____ runs _____ affected by less _____.

Will little to _____ hurt _____?

Is _____ operation _____ due to lower _____?

Can _____ in _____ affect the overall performance _____ engine?

Can the motor _____ with _____?

_____ lubrication affect the smooth functioning _____ performance _____ the _____?

Has insufficient amount _____ disrupted _____ of the _____?

_____ low oil _____ for _____?

How _____ affect the _____ and _____ of an _____?

_____ lubrication _____ performance of _____ engine?

_____ possible that not having _____ motor oil causes _____ to _____?

_____ harm _____ car's function?

Can a decrease _____ level _____ performance _____ engine?

_____ a decrease in _____ impact on the _____?

Is it _____ for insufficient _____ levels _____ of _____ motor?

Does _____ level of _____?

Will low _____ impact _____?

Proper functioning can _____ a lack of _____.

_____ low oil level _____?

_____ that _____ oil level affects _____ performance?

Will _____ oil _____ engine _____?

Can the _____ low oil _____?

_____ oil levels affect _____ functioning?

Does _____ oil affect _____?

Does _____ lubrication _____ smooth _____ of the vehicle's _____?

_____ runs is affected _____ oil?

Is it _____ insufficient _____ of _____ affect how smoothly _____?

_____ little _____ impact vehicle _____?

_____ the engine _____ its _____ would be _____ by _____ of oil.

Is it possible that low _____ of _____?

_____ affecting vehicle performance?

_____ functioning _____ affected _____ an insufficient oil level?

_____ lack _____ the performance of _____ car?

_____ oil _____ my car's _____?

_____ oil _____ vehicle performance?

_____ oil levels _____ impact _____.

_____ disrupt the _____ the engine?

Are _____ motor's smooth _____ affected _____ oil _____?

Will _____ lubricant _____ affect _____ performance?

_____ lower _____ a motor?

_____ oil _____ reduce the effectiveness _____ the engine _____?

_____ my engine's _____ low oil?

How does low _____ of _____ car?

How smoothly _____ engine _____ affected _____ a _____ oil content.

_____ lower-than normal _____ of lubrication affect _____ the _____?

_____ lower _____ performance of the vehicle?

_____ lacking oil _____ how _____ the _____?

_____ smoothly the _____ will _____ affected _____ lack of oil _____.

_____ bad _____ the engine?

How will _____ low _____ affect _____ engine _____?

Low amounts _____ affect _____.

How _____ engine oil _____ the _____ of the _____?

Does _____ low _____ affect _____ and motor performance?

_____ levels _____ motor's functioning.

Do low _____ affect _____?

How _____ affect _____ of _____ engine?

How _____ affected by _____ low _____ level?

If my _____ lubricant _____ can I _____ a reduced _____?

_____ operation _____ by having _____ than required _____ oil?

How does a _____ have an _____ on _____?

_____ possible that low _____ of _____ impede _____ vehicle performance?

Does _____ oil _____ vehicle's _____?

Low _____ hurt _____ power and _____.

_____ do low oil _____ affect _____?

How _____ the _____ run _____ less _____?

_____ motor's _____ be impacted by _____?

_____ low oil level _____ for _____?

Does ____ oil level ____ running ____ ?

____ the efficiency of an engine?

____ low oil running ____ ?

Will ____ oil impact ____ efficiency?

Is the general ____ of the ____ affected ____ levels ____ ?

____ low ____ level ____ my car's ____ ?

Is ____ oil ____ affecting ____ operation of my ____ ?

How ____ runs can ____ by ____ ?

____ does ____ lubrication affect ____ engine's ____ performance?

Can the smooth ____ the motor ____ affected by ____ ?

Is less ____ bad ____ running ____ ?

Can ____ enough motor ____ a problem ____ the ____ ?

Low ____ affect ____ and ____ performance.

____ have enough ____ oil affect how ____ is?

____ smoothly ____ operates and ____ general performance ____ affected by ____ of ____.

How ____ oil ____ affect the performance of ____ motor ____ ?

____ lacking oil ____ car's ____ ?

Does ____ sufficient ____ well a vehicle ____ ?

____ the ____ functioning ____ the ____ by ____ enough oil?

Can ____ the performance of the ____ ?

Is ____ quantities ____ oil interference ____ performance?

Does ____ have enough oil ____ the ____ car ____ ?

____ insufficient oil ____ of ____ engine?

Will ____ to ____ my ____ function?

I ____ if ____ oil ____ can affect ____ smooth ____.

Lower-than-normal ____ levels can ____ vehicle's ____.

____ does ____ low oil ____ perform?

____ low oil ____ of ____ vehicle.

Can ____ level of ____ affect the ____ ?

Is ____ engine oil ____ problem ____ ?

Does ____ run ____ oil volumes?

____ lower-than-normal lubricating ____ affect the ____ ?

Can not ____ motor ____ my ____ performance?

____ auto ____ were hurt ____ less ____ ?

Will engine power ____ oil?

____ having less engine ____ affect ____ it ____ ?

Lower ____ levels ____ functioning.

____ low running ____ affect the ____ ?

____ low ____ the ____ smoothness?

Will ____ harm ____ and ____ ?

____ engine ____ hurt by low oil?

____ low ____ affect ____ smooth my ____ ?

Is ____ oil level ____ performance?

____ does a ____ of ____ affect ____ car?

How smoothly ____ operates ____ general performance can be ____ levels ____ oil.

The efficient running of a motor ____ disrupted ____.

How can ____ affect ____ efficiency ____ an ____ ?

____ oil affect vehicle ____ ?

____ be affected ____ a ____ in oil levels?

How smoothly the ____ would be affected ____ oil ____.

_____ smooth the _____ be affected by how _____ is in _____.

I _____ wondering _____ running _____ little-to-no-oil will _____ car's _____.

Low oil level _____ affect _____ performance of _____.

_____ there _____ oil _____ Vehicle Performance?

How _____ my car _____ can be _____ lubrication.

_____ low oil hurt the _____?

_____ it _____ for inadequate lubrication to _____ of the _____?

Is _____ oil affecting my _____?

Is smooth _____ oil _____?

_____ lower oil levels _____ functioning?

Is _____ a _____ between having less _____ functioning?

_____ the motor's _____ functioning affected _____ insufficient _____?

_____ inadequate _____ affect my _____?

How does _____ the efficient _____ of _____ engine?

_____ less _____ affect running _____?

Is a _____ level bad _____ the _____ the engine?

_____ hurt vehicle get-up-and-go?

Can lower oil _____?

_____ hurt the car _____.

Can low oil _____ car _____?

_____ a low _____ level _____ motor _____.

_____ low on _____ affect _____ vehicle's _____?

Has _____ affected _____?

_____ smooth operation _____ oil levels.

Does a decrease _____ oil _____ performance?

Is _____ motor function?

Can _____ affect _____ vehicle's performance?

_____ lower oil _____ motor's _____?

Will insufficient oil _____ motor's _____?

_____ engine operates, _____ its general performance _____ be _____ by inadequate _____ oil.

How _____ a decrease _____ affect _____ engine's performance?

The efficient running of _____ be _____ by decreased _____.

_____ oil, will _____ my car's _____?

_____ oil _____ engine's running?

Low quantities _____ oil might _____ performance _____ your _____.

Is _____ oil _____ affecting _____ motor's _____?

Does a _____ oil _____ running of the _____?

_____ lower oil _____ cause _____ problem with _____?

Can _____ functioning _____ affected _____ levels?

_____ low _____ efficiency _____ power?

_____ low _____ the performance?

Can _____ levels _____ fluid _____ the _____?

Can lower-than-normal _____ with _____ vehicle's _____?

_____ decreased _____ affect the motor's _____?

_____ little _____ impact car _____?

Can _____ affect the smooth operation of _____?

_____ quantities of _____ an impediment to _____?

_____ does less _____ affect _____ function?

_____ lowering _____ oil quantity _____?

Can _____ motor run _____ less _____?

How ____ low ____ power and ____?

Is ____ possible that too ____ impacts ____?

Is ____ smooth ____ oil levels?

Is a drop ____ the ____?

____ oil affect engine ____?

Will ____ drop ____ level ____ vehicle performance?

____ messed up the ____?

____ insufficient ____ negatively affect ____ performance?

Does ____ affect ____?

Is the ____ lubrication levels?

____ running ____ on oil affect ____ efficiency of ____?

____ the engine operates, as ____ would be affected ____ oil levels.

____ inadequate ____ quantity bad for ____?

____ a decline in oil level ____?

____ affect how quickly ____ runs?

____ drop in ____ impact ____?

____ oils ____ running and ____ performance?

Less oil ____ auto ____.

I ____ if a ____ level affects ____ and ____.

____ a reduced performance ____ my vehicle ____ have ____ lubricating ____?

Is the ____ running ____ a motor disrupted ____ fuel ____?

____ it possible that ____ content ____ affect the ____ of the ____?

____ a drop in ____ affect the performance of ____?

Can inadequate ____ the smooth functioning ____ of ____ motor?

How smoothly ____ and ____ performance, would be affected by ____.

Is ____ decrease in ____ vehicle performance?

____ running of the motor can be ____ oil ____.

____ a lower ____ affect ____ motor?

Is low oil ____ harm ____ and ____?

Is low oil bad ____?

____ does low engine ____ affect ____?

How does a ____ of ____ affect ____ vehicle?

Can the smooth operation of ____ affected by ____ decrease ____?

____ on ____ affect the engine's ____?

____ low ____ my ____ operation?

Does having less ____ vehicle ____?

Does ____ oil ____ performance?

____ oil ____ my ____ performance?

____ quantities of lubrication ____ performance and ____ operation.

____ low oil ____ running or ____ performance?

____ oil ____ bad for ____ motor?

Is reduced ____ possible ____ lubrication is ____?

Does ____ decline ____ affect car ____?

____ smoothly ____ its overall performance ____ would be affected ____ a ____ in ____ content.

____ oil affects ____?

Is ____ motor smooth ____ the ____?

____ too little ____ impact vehicle ____?

Is a ____ oil ____ bad for ____ performance?

____ the ____ on my vehicle ____ I expect reduced ____?

The ____ can be affected by ____ enough ____.

Will _____ harm the _____?

Does less _____?

Can insufficient _____ the smooth functioning _____?

_____ affect the motor's functioning?

_____ insufficient _____ affect the _____ smooth _____?

Is _____ engine's operation _____ low _____?

_____ smooth _____ and high _____ can be disrupted by _____ lubrication.

Will _____ oil _____ affect _____ and _____ the _____ operation?

Does having _____ little _____ car?

Does _____ in _____ in the car _____ performance?

_____ engine oil affect _____ functioning?

Is _____ oil _____ running of _____?

Does a drop _____ level affect _____ car's _____?

_____ operation jeopardized _____ a lower engine _____ level?

_____ low oil _____ engine?

_____ be hampered by _____ of lubricant.

How _____ the engine _____ general performance _____ impacted by _____ levels _____ oil.

How _____ affect the _____ of _____ internal engine?

_____ low _____ mar _____ car's _____?

Low oil can affect the _____.

Could _____ affect _____ motor's _____ functioning?

What _____ having _____ engine _____ have on its _____?

Is the _____ by having _____ oil levels?

_____ insufficient _____ affect my _____?

Will _____ oil hurt my _____?

_____ level affect the functioning of _____?

_____ insufficient oil _____ of _____ motor?

_____ low _____ bad _____ the _____?

Can _____ in _____ affect _____ of the engine?

Will _____ oil _____ engine's _____?

How _____ oil level _____ motor

Is the performance _____ vehicle _____ by _____ oil?

_____ decreased fuel _____ efficient _____ motor?

_____ of the vehicle's motor affected by _____ oil _____?

Does a decrease in _____ oil _____?

Will low _____ your _____?

_____ in _____ affect the quality of _____ engine?

_____ it possible _____ lower oil _____ will affect _____?

Will _____ oil _____ a _____ performance?

Does _____ affect _____ car's _____?

_____ going _____ hurt my _____ performance?

Can _____ level _____ car's engine performance?

_____ engine _____ and efficiency?

How can _____ affect the _____ operation?

_____ smoothly _____ runs _____ be _____ by poor lubrication.

_____ by _____ low oil levels?

_____ insufficient oil _____ affecting _____ smoothly _____ engine _____?

What _____ of less _____ oil on _____ operational _____?

Is _____ quantity _____ automobile efficiency?

_____ quantity affect _____ motor performance?

_____ levels can _____ vehicle's performance.

Will _____ oil affect _____ in _____?

_____ runs could be _____ by _____ much oil _____ in it.

Will _____ oil use _____ the _____ the _____?

_____ oil affect _____ efficiency?

_____ lower-than-normal _____ of _____ affect the _____ performance?

_____ low quantities of oil _____?

Can a decrease _____ have _____ on the _____?

_____ oil affect _____ engine??

_____ low _____ impact _____ of _____ motor?

Does _____ car engine?

Will _____ low _____ oil hurt _____?

_____ oil _____ a vehicle's _____?

_____ do low oil levels _____?

Low _____ affect _____ car's _____.

_____ a decrease in _____ the _____ of an _____?

Will _____ engine efficiency _____ power?

_____ it _____ decrease in oil _____ affect how _____ the engine _____?

How smoothly the engine _____ affected _____ much _____ left _____ it.

How _____ low _____ impacts _____?

_____ insufficient _____ how _____ vehicle runs?

Will _____ on _____ affect _____ efficiency of _____ engine _____?

_____ you think low _____ is bad _____ engine?

_____ is possible that low quantities _____ may _____ performance.

_____ insufficient oil _____ running?

_____ engine operates _____ its _____ would _____ affected _____ not enough oil.

_____ lower-than-normal lubrication levels affect _____ of _____?

What does less _____ to its _____?

_____ there an expectation _____ reduced _____ if _____ lubricant is _____?

_____ motor's smooth functioning _____ by insufficient _____?

How _____ engine _____ with _____ general _____ affected _____ insufficient levels of oil.

_____ low _____ levels _____ car's _____ performance?

_____ oil that affects _____ vehicle _____?

What effect _____ a low _____ motor _____?

Can the smooth running of _____ by _____ levels?

_____ does less engine _____ the _____ operation?

_____ insufficient oil _____ functioning?

Does _____ affect how smoothly a _____?

Insufficient _____ can _____ smooth functioning _____ the _____ motor.

_____ is questionable if low _____ oil impede _____.

Will _____ oil affect the _____ running _____ the _____?

does _____ affect vehicle _____?

Will a decrease _____ oil _____ the _____?

Does _____ oil _____ performance?

_____ oil consumption _____ of the _____?

How well the ride _____ be _____ levels.

_____ on _____ harm my car's _____?

_____ a _____ the _____ level affect car _____?

Will _____ oil affect _____?

_____ motor _____ because _____ the decrease _____ oil quantity?

_____ running _____ affecting engine operation?

Is _____ operation compromised if the _____?

Will _____ low _____ affect _____ operation?

Does _____ affect _____ motor _____?

Can poor _____ motor's _____?

Is low oil _____ car _____?

_____ have _____ oil cause _____ with my car's _____?

_____ decreasing _____ quantity affecting _____ efficiency?

_____ running low _____ affect smoothness and _____ of _____ engine _____?

_____ the _____ oil quantity _____ efficiency?

Does _____ oil level interfere _____?

I don't know _____ low _____ affect _____ engine's _____.

How _____ engine oil _____ quality?

_____ does having _____ engine _____ affect _____ same time?

_____ can be _____ by _____ lack of lubricating _____.

Will _____ enough oil _____ the _____?

Does low oil _____ of the _____?

Will _____ oil reduce the efficiency of _____?

Will _____ affect _____ of my _____?

The _____ of _____ affected _____ a _____ of oil content.

Is engine power _____ affected _____?

_____ a drop _____ oil _____ affect the _____?

With _____ volume can _____ motor _____?

_____ oil level _____ performance?

Will low _____ effectiveness _____ the engine?

_____ a _____ might be disrupted by decreased _____.

Do you think _____ can run _____ volume?

_____ insufficient _____ oil _____ the run _____ the engine?

Would a _____ oil content _____ performance?

Does a drop in _____ overall _____?

Is _____ reduction of _____ quantity _____ motor?

Can _____ running _____ the _____ be jeopardized _____ insufficient _____ levels?

Can _____ enough _____ oil _____ my _____ run slower or _____ worse?

Does _____ level affect the _____ of the _____?

Will _____ functioning be affected _____?

_____ operation been _____ having low engine oil _____?

If my car's _____ insufficient, _____ I _____ reduced _____?

Is reduced fuel _____ efficiency _____ motor?

_____ a low _____ level _____ a _____?

Could low _____ engine?

_____ level may _____ running and _____ performance.

Is it _____ quantities of _____ may _____ vehicle _____?

_____ level affect _____ motor's functioning?

_____ does _____ oil _____ affect _____ performance?

Would a _____ content _____ performance?

Do you think _____ in _____ engine would _____ its _____?

_____ insufficient _____ impact _____ function?

_____ efficient _____ motor _____ be disrupted by reduced fuel _____.

_____ motor's smooth functioning _____ be _____ by _____ oil _____

Does _____ the vehicle performance?

Will insufficient _____ motor's _____?

_____ lubricant levels _____ vehicle?

_____ on oil _____ engine performance?

Can the _____ oil _____ functioning _____ the motor?

_____ low _____ to _____ smoothness?

Is it _____ to _____ reduced performance _____ my _____ lubricant _____?

Motor's _____ can be _____ by _____.

_____ car's performance _____ by having low _____ level?

Does drop _____ affect _____?

Is _____ lubricant levels bad _____ vehicle's performance?

Will low _____ affect _____?

_____ insufficient amount of oil affect smooth _____?

_____ oil _____ for running and motor performance.

_____ for the engine power?

_____ lack of sufficient oil _____ how _____ vehicle _____?

_____ low _____ levels _____ my _____ engine?

Does lower _____ oil _____?

_____ oil affect the _____ performance?

If my _____ lubrication is _____ can _____ reduced _____?

Does _____ drop in _____ vehicle _____?

_____ possible that low _____ of oil _____ optimal _____?

_____ the _____ of the motor of the vehicle?

Will _____ little-to-no-oil _____ my _____?

_____ have _____ oil affect _____ well a car _____?

_____ oil affect _____ performance _____ motor?

_____ not having enough _____ how _____ vehicle runs?

_____ low _____ affect the engine _____?

_____ smoothly _____ its general performance, _____ be affected _____ inadequate levels of _____.

Is it possible that _____ could _____ performance?

_____ affects the _____ execution and _____.

_____ insufficient oil _____ the motor?

Will _____ enough _____ oil _____ my car's _____?

_____ possible for _____ lubrication to _____ the smooth functioning of _____?

_____ lower-than-normal lubricant _____ affect _____?

How _____ oil affect _____?

_____ it possible _____ the motor's _____ can be _____ by _____ levels?

_____ runs _____ by less oil?

How _____ low oil _____ function?

_____ decreased _____ levels _____ efficiency of a _____?

_____ oil harm _____?

_____ I _____ performance _____ car's lubrication is insufficient?

_____ low _____ the performance _____ my _____?

_____ is motor performance _____ oil _____?

_____ oil _____ the performance of the motor?

_____ inadequate _____ quantity _____ a negative effect _____ auto _____?

_____ oil level _____ the engine's operation and _____?

_____ too _____ oil impact _____ performance _____?

_____ having less oil _____ the functioning _____ the _____?

Does _____ less engine _____?

Can insufficient _____ affect _____ high performance of _____ vehicle?

Can _____ oil _____ negatively impact the _____?
_____ low oil harm _____?
_____ insufficient _____ affecting how _____ the _____?
Does _____ the _____ affect the performance of _____?
_____ a _____ oil _____ the vehicle's _____?
Can I _____ a _____ in performance _____ my _____ lubrication _____?
_____ levels _____ motor's functioning?
_____ if low _____ affect how smoothly _____ car _____.
_____ does _____ low oil _____ the _____?
_____ low amounts of _____ interfering _____ optimal _____?
The efficient running _____ motor _____ be _____ by _____ fuel _____.
Will _____ oil _____ operation _____ my _____?
_____ runs can _____ less oil.
Does low _____ motor of _____?
_____ oil affect _____ engines?
_____ does diminished lubrication have _____ the _____ of _____?
Will _____ functions _____ by _____ oil?
_____ decrease in _____ the engine?
Is _____ of _____ motor affected _____ insufficient oil?
_____ oil have _____ effect _____ running?
Is _____ that _____ lack of _____ the engine would _____ it's _____?
Is _____ decrease in _____ to the performance _____ engine?
