

[Demo] NLP Dataset for Customer Service Automation

Company Type	Natural Gas Companies
Inquiry Category	Requesting historical usage data
Inquiry Sub-Category	Budgeting and forecasting
Description	Customers may need historical usage data to forecast future energy requirements, estimate budgetary needs, and identify cost-saving opportunities by analyzing past consumption patterns.
Data Size	7,928 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Natural Gas Company" customer inquiry. (Purchased data will not be masked.)

____ access my ____ usage data ____ help me estimate ____ ____ ?

Is ____ possible to ____ ____ needs by using ____ usage ____ ?

Past usage ____ ____ needs can be ____ me.

You will let ____ check out ____ usage ____ to ____ ____ gas ____ need ____ the future, right?

Can I ____ my usage data ____ estimate ____ ____ ?

Is it possible ____ usage ____ predicting ____ requirements?

Will it be possible to ____ electricity usage?

____ examination of ____ patterns ____ future energy needs?

I am ____ I ____ past energy ____ data to ____ requirements.

I ____ like ____ see past ____ to gauge ____ .

Prior usage ____ can ____ to forecast ____ .

Is ____ I check my ____ estimate ____ power needs?

____ it possible ____ past ____ data ____ anticipating future energy ____ ?

____ I look at past ____ to ____ needs?

____ it ____ sense to ____ for estimating ____ usage?

____ use ____ usage data ____ project ____ energy needs?

Is ____ possible to ____ usage ____ in ____ to ____ forthcoming energy ____ ?

Is ____ historical usage data for ____ energy ____ ?

____ use yesterday's ____ to figure out ____ power ____ ?

Can historical usage ____ give me ____ idea ____ ?

____ it possible ____ access the past ____ power needs?

____ you give me access ____ previous ____ to ____ my ____ energy needs?

Will I be ____ check ____ and estimate future ____ ?

Is ____ check my previous ____ for predicting ____ requirements?

Was ____ to ____ past data ____ energy use?

Can my ____ energy use ____ used to ____ ?

____ seek past ____ info for ____ .

____ I ____ able to ____ records to project ____ future ____ ?

I _____ see past usage _____ and _____ energy _____.
 Will _____ electricity usage help to _____ power _____?
 _____ don't know if I _____ consumption _____ predict _____ energy requirements.
 _____ you offer access to _____ for _____ future _____ requirements?
 _____ possible to _____ power _____ from old records?
 View _____ previous _____ estimate _____ power.
 Can _____ check _____ to predict _____ energy requirements?
 _____ I be able to _____ my _____ for _____ energy _____?
 Is _____ estimate my future electricity requirements _____ figures.
 Is _____ to _____ Stats _____ estimate future _____ consumption?
 _____ it possible to _____ old _____ to gauge _____ needs?
 _____ I take _____ at _____ energy _____ to predict _____ future?
 _____ it _____ to view _____ for _____ usage?
 Can _____ usage _____ show _____ energy _____?
 Can I _____ past usage _____ to _____ future _____?
 Is _____ to see past _____?
 Is it _____ look _____ my past energy _____ the _____?
 _____ it _____ to access _____ historical _____ data to estimate _____?
 _____ future _____ can I _____ old _____?
 I'm _____ if _____ can _____ my _____ usage.
 _____ possible _____ historical usage data to _____ me _____ upcoming _____ demands?
 _____ wonder _____ I _____ use my past _____ to _____ the _____.
 Do _____ offer _____ to utilization details _____ can _____ used _____ estimate _____?
 Would _____ be able _____ give me access to _____ usage _____ to _____ future energy _____?
 Is _____ possible to _____ upcoming energy _____ past consumption _____?
 _____ possible to _____ to _____ future energy needs?
 Is _____ any _____ to view _____ and anticipate _____?
 _____ if _____ figures _____ to estimate _____ future electricity requirements.
 Is _____ to _____ past usage _____ estimate _____ needs?
 _____ if I could _____ patterns to predict _____.
 How _____ data and predict _____?
 _____ data available for estimating _____?
 _____ consumption _____ be used to estimate _____ electricity requirements?
 _____ past _____ be _____ to estimate _____ energy _____?
 Is _____ possible to _____ past _____ gauge _____ needs
 _____ it _____ to _____ past _____ information _____ power planning?
 Is it _____ estimate the energy requirements by _____?
 Is _____ possible to _____ historical usage _____ order to _____ upcoming _____?
 Is it _____ to forecast _____ demands _____ accessing _____?
 Is it _____ look _____ historical _____ to determine projected _____ going _____?
 _____ a _____ to _____ records to project _____ power needs?
 Past _____ patterns can _____ estimate _____ future energy _____.
 I _____ if _____ to review _____ data to forecast _____ energy _____.
 Can _____ future _____ requirements _____ historical usage data?
 Is _____ way to _____ previous use _____ estimate future _____?
 _____ it possible _____ access _____ historical usage _____ to _____ estimate future _____?
 _____ past _____ my future _____ needs?
 Is _____ possible _____ old _____ future power needs?
 Could you _____ me _____ usage data to _____ gauge future _____?
 _____ would _____ to _____ past energy _____ data

_____ is possible _____ see _____ data _____ future energy needs.

Should _____ consumption patterns _____ to _____ needs?

I _____ know if it's possible _____ access old _____ future energy _____.

_____ I see _____ historical _____ data to estimate _____ energy _____?

Are I allowed to _____ use _____ requirements?

Is it _____ tomorrow's _____ need from yesterday's _____?

Will it be possible _____ energy use?

Do you _____ utilization _____ to estimate upcoming energy needs?

_____ if I _____ my consumption patterns to _____ energy requirements.

_____ possible _____ future power _____ by accessing historical usage _____.

I _____ to get past _____ information _____ power _____.

_____ consumption _____ be _____ to estimate _____ needs?

Will _____ be _____ to _____ past _____ to predict future _____?

_____ it possible _____ past _____ for estimating _____ usage?

_____ it _____ to _____ access to _____ usage _____ predicting future _____ requirements?

_____ to _____ usage from past data?

Is it _____ at _____ usage records _____ out my _____ needs?

_____ wonder _____ I can _____ past energy usage _____.

Do _____ have an _____ to view _____ future energy _____?

Can _____ at _____ past _____ use.

_____ there _____ me _____ old data _____ that I can _____ future _____ needs?

_____ is possible to give _____ information _____ future energy requirements.

Is there _____ past _____ and estimate future needs?

_____ possible to see _____ usage _____ for future _____?

Is it _____ usage data _____ me project future energy _____.

Can _____ get _____ usage _____ me predict future _____ demands?

Should I be _____ to project future power _____?

Can _____ use _____ usage data to _____ future _____?

_____ need past _____ data _____ estimating _____.

_____ you have past _____ future energy needs?

Is it possible _____ past usage _____ my _____ energy _____?

Is it possible _____ to previous utilization _____ estimate _____ energy _____?

I am _____ if historic consumption _____ estimate _____ future electricity _____.

_____ it _____ consumption patterns to predict _____ demand?

Is _____ see past usage _____ to _____ future energy _____?

Is _____ usage information useful _____ planning _____ power _____?

_____ you will let me check out _____ usage _____ gas _____ will need in _____ future?

Can _____ allow me _____ estimate _____ energy _____?

I question if _____ possible _____ to gauge future _____ needs.

_____ it _____ to _____ records for future _____ needs?

Will I be _____ project _____ if I retrieve past _____?

_____ you provide historical _____ for predicting _____ requirements?

I _____ if it's _____ for estimating energy usage.

Is _____ usage data helpful _____ future needs?

Do I _____ to retrieve past _____ energy needs?

_____ past _____ for predicting _____ needs.

_____ it _____ to check _____ consumption and think about _____?

Any way to _____ history _____ anticipate _____?

_____ access old _____ project future power _____?

_____ it _____ to check previous _____ predict future _____ requirements?

Is it possible to _____ energy use _____ forecast _____ future?

Is it possible _____ review _____ use for _____?

_____ sense for me _____ retrieve _____ data to project _____ needs?

_____ I _____ previous usage _____ forecast _____ needs?

_____ it possible _____ estimate energy usage _____ past _____?

_____ I use _____ data _____ calculate future _____ requirements?

Can past consumption patterns _____ used _____ in the _____?

Is _____ consumption _____ estimate my electricity _____?

_____ records _____ they _____ Determine projected power _____ going forward...

_____ it _____ future needs with past _____ usage.

Is historical _____ data able _____ projecting future _____?

_____ to _____ old _____ project future power needs?

_____ it possible _____ look at past _____ to _____ energy _____?

I want _____ know _____ there is _____ to _____ old _____ to help _____ needs.

Can I see past _____ data to _____?

_____ to _____ past data and predict _____ use?

I _____ know if it's possible _____ old _____ records to _____ needs.

_____ past _____ usage data available for _____ requirements?

_____ a way to _____ data _____ I can forecast _____?

_____ up historical records, _____ assist with _____ projected _____ going _____.

Is there _____ to review _____ help forecast _____ future energy _____?

How can _____ historical _____ estimate energy _____?

_____ it _____ to _____ future _____ requirements _____ on _____ consumption figures?

_____ be _____ estimate energy requirements from _____ usage _____?

_____ it useful _____ have _____ information _____ power requirements?

_____ possible _____ me to check my _____ patterns?

_____ analyze past _____ patterns to predict future demand.

_____ it _____ check _____ previous _____ needs.

_____ I _____ my _____ energy _____ data?

Would _____ my energy _____ help forecast _____ needs?

_____ it _____ to _____ past _____ patterns _____ predicting future _____?

Will it _____ to _____ forthcoming _____ requirements _____ former electricity _____?

_____ with past data?

Do _____ have an _____ to view _____ and anticipate _____?

Can I _____ at _____ needs using past _____?

Can _____ patterns _____ estimate _____ needs?

Should my past energy use _____ reviewed _____?

_____ possible _____ my previous _____ patterns _____ predicting the future _____ requirements?

_____ like _____ have access _____ my previous usage data to _____ future _____.

_____ may _____ usage data to _____ future energy requirements.

_____ need previous _____ for _____ needs.

Is _____ predict _____ power requirements _____ historical _____ data.

I'm wondering _____ it's _____ see old usage _____ to _____ needs.

_____ could be _____ usage information for predicting _____ energy _____.

_____ can _____ see _____ data _____ predicting _____ energy needs?

_____ data can _____ in projecting _____ energy demand.

_____ possible to _____ energy _____ to _____ future needs?

_____ it possible _____ upcoming _____ demands _____ using _____ records?

Is _____ to retrieve _____ usage _____ in order to _____ needs?

I _____ I _____ historical _____ help me project future energy _____.

Is it ____ to ____ demand ____ analyzing old ____?

I would like ____ estimating power ____.

____ give me access to ____ usage data ____ better ____ my ____?

Is it possible ____ my past ____ estimate ____ needs?

Can I get ____ usage ____ energy requirements?

I wondered if ____ old consumption patterns ____ predict ____.

____ an examination of ____ patterns estimate future ____?

Can ____ examine ____ past ____?

____ usage ____ can ____ future power requirements?

Can ____ to ____ for future power requirements?

____ there ____ that ____ can ____ old ____ to forecast the ____ energy ____?

Is ____ way to ____ at ____ me predict ____ energy needs?

Can I ____ data ____ help ____ future energy ____?

____ could ____ access ____ my previous usage data ____ my ____ needs.

____ it possible to ____ historical usage data ____ might ____ demands?

View ____ records ____ estimate ____?

I was ____ if you could give ____ my previous usage data to ____.

Can ____ historical ____ to estimate upcoming energy ____?

Is ____ to estimate ____ power ____ yesterday's data?

____ wonder ____ past usage data ____ be used to ____.

Is it ____ past ____ usage data for estimating ____?

I ____ wondering ____ usage data can ____ used ____ estimate ____.

I ____ to ____ can ____ and estimate future energy needs.

I'm ____ to ____ previous ____ data to better gauge ____ future ____.

Does ____ data ____ it possible ____ usage?

Can I look ____ my ____?

Can ____ past energy ____?

____ it ____ gauge ____ needs by ____ past usage?

Are ____ to ____ how ____ energy I ____ the past?

Should I ____ my ____ usage ____ for ____ estimations?

____ want ____ past usage ____ power needs.

I ____ know if ____ possible ____ records ____ gauge future ____ needs.

____ access to ____ previous usage data ____ better gauge my ____?

____ possible ____ the use to estimate the ____?

Is it possible ____ past records ____ future ____.

I would ____ to ____ my energy use ____ plan for ____.

____ it be ____ to see ____ for ____ future ____ needs?

Is it ____ check my ____ and ____ power ____.

Can ____ data ____ me ____ estimate ____ demands?

Can access to ____ records ____?

I ____ to ____ if ____ possible ____ get ____ records ____ future energy needs.

____ would ____ to use my historical ____ to estimate ____.

Maybe ____ to access ____ data for estimating ____.

____ possible to view ____ usage data ____ order ____ estimate ____?

____ it possible to ____ historical ____ in ____ estimate ____ energy needs?

____ sense ____ see past energy ____ gauge future needs?

____ possible to review my ____ to ____ requirements?

Is it ____ prior ____ to forecast energy ____?

Is it ____ use historical ____ data ____ power requirements?

____ need ____ usage data ____ project future energy ____?

Is _____ previous use _____ estimate energy requirements?
 _____ possible to retrieve _____ for future _____ use?

Is it possible _____ historical _____ for estimating _____?

I want _____ if _____ past energy _____ predict _____ requirements.
 _____ you be able _____ historical _____ future energy requirements?
 _____ possible _____ previous use _____ estimate the upcoming _____ requirements?
 _____ it _____ historical usage data _____ estimate _____ energy requirements?
 _____ the _____ and _____ energy use?

I wonder if _____ can _____ data _____ project _____ future energy _____.
 _____ consumption patterns _____ estimate _____ needs?

Do I _____ ability _____ access _____ records to _____ future energy _____?

Can _____ to old _____ future _____ demands?

The _____ use would _____ forecast future needs.
 _____ old _____ records _____ gauge future energy needs?
 _____ you _____ to access the _____ forecast _____ use?
 _____ possible to see past _____ predict my energy _____?

Is _____ possible to check _____ past _____ to _____ requirements?
 _____ to _____ old records to project future _____ needs?
 _____ it possible _____ my consumption _____ anticipating future energy _____?

Will _____ past usage data to _____ my _____?

Is it _____ estimate tomorrow's _____ watching yesterday's _____?
 _____ use old _____ estimate _____ power consumption?
 _____ have an _____ to _____ see future energy demands?

I would like to _____ I _____ to forecast _____ needs.
 _____ up _____ can they help determine projected _____ requests _____?
 _____ to old _____ able to _____ upcoming energy demands?

I wonder _____ historical usage _____ can _____ used _____ future _____ requirements.
 _____ it possible to give _____ details for _____ needs?

Is _____ to _____ to _____ usage _____ for _____ future energy requirements?

Is it possible _____ energy _____ estimating future _____?

Is _____ view _____ usage to anticipate _____ needs?
 _____ historical records _____ they _____ with _____ requisitions going forward?

Is _____ use old _____ estimate _____ future power consumption?

Can _____ usage _____ me _____ energy _____?
 _____ wonder if it _____ possible _____ see past _____ data _____ energy _____.

Do you _____ access _____ past _____ a _____ of _____ use?
 _____ history of _____ energy _____ would _____ future requirements.
 _____ I use _____ records _____ forecast energy _____?
 _____ it _____ for me to _____ historical usage data _____ future energy _____?
 _____ my past consumption patterns for predictions of _____?

I am _____ I can _____ how _____ energy _____ used _____ the _____.

Is _____ possible _____ to give me _____ information for _____ future _____?

Was _____ to see _____ usage _____ predicting _____ energy needs?

Is _____ retrieve historical _____ data that _____ assist in _____ energy _____?
 _____ possible _____ check my _____ consumption patterns _____ future energy _____?

Could I _____ to _____ future _____?
 _____ if it's possible _____ usage records _____ help _____ future energy _____.
 _____ I _____ historical _____ data to predict _____ the future?
 _____ my past energy _____?

Can I _____ my _____ estimate my future _____ requirements?

____ up historical ____ they ____ figure ____ projected ____ requisitions?
 Is it ____ old records ____ project ____ power ____?
 Is ____ possible ____ to retrieve ____ data to project ____ energy ____?
 Is ____ possible to ____ to estimate ____ energy ____?
 ____ there ____ to ____ historical data for estimating ____?
 ____ it ____ check previous use ____ calculate ____ requirements?
 ____ it possible to access ____ project ____ needs?
 ____ possible to analyze consumption patterns ____?
 Do ____ the ____ usage info for ____ needs?
 ____ want ____ see ____ usage data and ____ out ____ needs.
 Is there ____ to estimate ____ from ____ data?
 Is it possible to ____ future power ____
 ____ curious if past usage ____ be used ____ predict ____ needs.
 ____ to ____ past ____ to ____ the energy requirements?
 Is ____ possible ____ by looking at past usage ____?
 ____ consumption ____ can be ____ estimate forthcoming ____ needs.
 ____ possible to retrieve historical ____ that may help me ____ project ____?
 ____ I predict future ____ requirements ____ using historical ____?
 Can they help determine ____ forward ____ records...
 Is past ____ possible ____ guess my ____?
 ____ you allow ____ to check ____ to see how ____ I need ____ the future?
 ____ it possible to check previous ____ energy ____.
 Can ____ forecast ____ power ____ historical usage ____?
 ____ past ____ patterns be used to ____ energy ____?
 ____ future needs ____ can ____ see old ____?
 ____ it possible ____ old data to ____ future ____ consumption?
 ____ like access ____ usage data in ____ better gauge future energy ____.
 Looking ____ records can ____ the projected ____ going forward?
 ____ it ____ to ____ tomorrow's power ____ yesterday's data?
 Looking up ____ can ____ help with ____ projected ____ requisitions going ____?
 Do you provide ____ utilization ____ be used to estimate ____?
 ____ it possible ____ my usage data ____ estimation?
 By using ____ I ____ power requirements for efficient ____?
 ____ up historical ____ - ____ they ____ with determining projected ____.
 ____ be ____ to estimate power ____?
 ____ it possible ____ access ____ records to project ____ power ____?
 ____ historical usage ____ can ____ me ____ estimate upcoming energy ____.
 The ____ usage data ____ used ____ the future ____ needs.
 How can past consumption ____ looked at ____ needs?
 ____ you allow me to check ____ past usage data to ____ out how ____ the ____?
 Might ____ consumption and ____ future power ____?
 ____ possible to ____ past usage ____ for ____ projections?
 Can ____ my past energy use to ____ the ____?
 Is it helpful ____ obtain ____ usage ____ for ____?
 Are I able to ____ previous ____ requirements?
 ____ requirements can ____ see my previous ____ data?
 ____ historic consumption figures ____ estimate ____ power ____?
 Is ____ for ____ to project future power needs?
 Can historical ____ allow ____ plan for ____ demands?
 Do I ____ view ____ in ____ to estimate ____ needs?

____ request past ____ info ____ estimating ____ ____ .
 Is it possible to ____ patterns ____ demand ____ ____ future?
 ____ it possible ____ check the ____ to ____ future ____ requirements.
 ____ question is can I access ____ records ____ energy ____ ?
 ____ retrieve old ____ energy use?
 Looking ____ historical records, can ____ with ____ ____ forward?
 Estimate ____ power ____ records?
 By ____ usage ____ can I ____ future power ____ ?
 ____ wonder ____ can see ____ usage ____ and estimate ____ energy ____ .
 ____ it possible ____ old usage records to ____ out ____ ?
 Is it ____ retrieve historical ____ that ____ assist ____ in ____ future ____ demands?
 Is it ____ check my ____ consumption ____ future ____ demands?
 Is ____ past usage ____ for my future ____ ?
 Do you offer ____ to ____ that ____ aid in ____ energy ____ ?
 I am ____ previous usage ____ to ____ gauge ____ energy needs.
 ____ it ____ check past uses ____ estimate energy ____ ?
 ____ possible to ____ historical usage ____ to estimate ____ energy ____ ?
 ____ it ____ to ____ my ____ needs by getting ____ usage ____ ?
 Is ____ to gauge future ____ by ____ usage?
 Is it ____ to ____ of ____ energy ____ to ____ future needs?
 ____ I be able ____ access ____ for future ____ ?
 ____ possible to ____ energy requirements using ____ usage ____ ?
 Is ____ a good idea ____ for ____ future power requirements?
 ____ I be ____ view ____ to project future ____ needs?
 ____ want ____ review ____ data to ____ future ____ needs.
 ____ possible to ____ the ____ power ____ with old stat?
 Will ____ able to ____ my ____ needs by retrieving past ____ ?
 Does ____ usage ____ me ____ to my future ____ needs?
 ____ usage data ____ estimating ____ needs.
 ____ to view ____ usage ____ order to estimate ____ requirements.
 ____ like to ____ my ____ and ____ future power ____
 ____ of my energy ____ forecast ____ future requirements.
 ____ it possible to ____ usage ____ for ____ energy requirements.
 Is it ____ to estimate ____ requirements ____ data?
 The history ____ energy use would ____ requirements
 ____ you ____ provide historical usage information for ____ requirements?
 ____ data help me in projecting ____ energy ____ ?
 I am wondering if ____ usage ____ can be ____ to ____ .
 Past usage ____ would be ____ for ____ future ____ .
 ____ I ____ able ____ look at ____ project ____ power needs?
 Is it possible to ____ reviewing ____ previous energy ____ ?
 ____ me to estimate ____ energy demands ____ historical ____ data?
 Will past consumption ____ be ____ to ____ needs?
 ____ for historical ____ data to enable me ____ upcoming ____ demands?
 I wondered ____ check ____ past ____ usage.
 ____ it ____ I could retrieve ____ data to ____ my ____ needs?
 Is it possible to ____ patterns to ____ demand?
 I ____ to ____ if ____ possible to ____ usage records to gauge ____ needs.
 ____ possible ____ requirements by ____ at my past energy ____ ?
 ____ to see ____ usage ____ for predicting ____ energy uses?

_____ would _____ retrieve _____ usage data _____ assist in projecting future _____.

_____ guess my energy _____ on past _____ data?

I would like _____ see _____ data _____ predicting future _____.

_____ access to utilization information that can be used _____?

Is it possible _____ view _____ energy analyses?

Is _____ to check my _____ future needs?

Is _____ retrieve historical usage _____ that _____ me _____ projecting future _____ demands?

_____ usage data allow _____ energy demand?

Could I use _____ patterns _____ forecast _____ future _____?

For _____ future _____ can _____ my _____ usage data?

Will _____ usage _____ able _____ help _____ upcoming energy demands?

Are _____ consumption figures _____ estimate _____ future electricity _____?

Will _____ able _____ estimate _____ energy requirements _____ historical usage _____?

_____ I use my historical usage _____ estimate _____?

Do _____ data to _____ energy _____?

_____ need to _____ my previous _____ and _____ future power _____.

Do you _____ access to past _____ to _____ estimate _____?

_____ able to view my _____ usage _____ energy?

Are old records able to _____ energy _____?

_____ consumption _____ help estimate upcoming energy _____?

Is _____ possible to get _____ that will _____ me in _____ energy _____?

_____ possible to find _____ data _____ energy use?

_____ a _____ to _____ old data _____ order to _____ future _____ needs?

_____ I check my _____ consumption _____ power needs?

_____ my historical _____ data to estimate _____ future _____ requirements?

_____ want _____ gauge future _____ and _____ see _____ energy usage?

I _____ like to _____ my old energy _____ future _____.

Do I _____ the _____ usage data to project future _____?

Should _____ old _____ forecast future _____ needs?

Is _____ to estimate _____ need by _____ data?

_____ it possible _____ past consumption _____ for _____ energy needs?

Is _____ possible _____ my _____ and _____ future needs?

Is _____ possible to _____ energy needs from _____?

_____ like _____ past energy usage data.

You _____ let me check _____ to figure _____ how _____ gas I _____ in _____ future?

I _____ to know _____ historic _____ figures can be _____ estimate _____ requirements.

_____ it _____ to use old _____ project future _____?

Is there _____ way _____ to _____ to help _____ future energy _____?

_____ anticipate future power requirements _____ historical usage _____?

Is it _____ to _____ power _____ by looking _____ usage _____?

Will _____ my energy _____ help forecast future _____?

_____ to check my _____ and _____ power needs?

_____ it possible to _____ to estimate _____ energy requirements?

_____ I _____ patterns to predict demand _____ the _____?

Can _____ previous consumption patterns to predict _____ requirements?

Will the history _____ usage help _____ future _____?

I _____ is a way _____ review old data _____ forecast _____ energy _____.

_____ it possible to _____ past usage data _____ future energy _____?

_____ possible _____ retrieve historical usage data that _____ help _____ future _____ demands?

_____ will allow _____ to check _____ usage data to figure out _____ I _____ need in _____?

View previous _____ estimate _____ forward.

Is _____ possible to _____ use of _____?

_____ check the previous use to estimate _____?

Is _____ to _____ records _____ project future power needs?

_____ past energy usage information?

_____ predict power requirements using historical usage _____?

I would _____ data _____ estimate future needs.

_____ historical records _____ they help _____ projecting power _____ forward?

_____ past _____ for _____ power needs.

_____ my consumption patterns _____ predicted energy _____?

_____ it possible _____ past _____ for energy computations?

Is _____ consumption patterns _____ predict _____ future demand?

Will _____ tomorrow's power _____ by reviewing data?

_____ a _____ to _____ historical data _____ estimating energy _____?

Help _____ needs _____ I _____ see old _____.

_____ it _____ to retrieve _____ usage _____ to help me _____ for _____?

_____ old records _____ forecast energy _____?

_____ access my usage _____ to estimate _____ future _____?

_____ I retrieve past usage _____ to project _____?

_____ I _____ requirements by accessing _____ usage data?

Is it possible _____ historical _____ data _____ order to _____?

_____ for energy estimations possible?

Is _____ possible to _____ usage data to estimate _____.

If you _____ me _____ to my previous _____ data, _____ would be able _____ gauge _____.

Do I _____ historical _____ to project _____ energy _____?

_____ up _____ can _____ help _____ projected power requisitions?

_____ consumption patterns _____ used to _____ future energy _____

Will you _____ view _____ data _____ energy use?

Is _____ for _____ to _____ old data _____ order _____ forecast future _____?

_____ possible _____ determine _____ needs by examining _____ consumption patterns?

Are _____ view history _____ future energy demands?

_____ wonder if _____ check _____ and estimate future power _____.

_____ I _____ to check _____ to estimate energy _____?

_____ to _____ data to estimate future energy needs?

_____ I be _____ to _____ past _____ use?

Is _____ possible to _____ my _____ patterns?

I _____ like to analyze _____ patterns _____ future demand.

_____ to predict future _____ requirements by utilizing historical _____?

_____ check the _____ the upcoming energy requirements?

_____ may be able to _____ for estimating _____.

Will _____ allow me to _____ upcoming _____ demands?

_____ like _____ see past energy _____ see future _____.

I need _____ info _____ power _____.

_____ to see _____ past energy _____?

_____ about _____ data and forecast _____ use?

_____ I _____ historical usage data to _____ future _____?

_____ use the _____ to _____ for my future energy _____.

_____ I be _____ to predict future _____ my _____ use?

_____ I access historical usage _____ predict future _____?

_____ I view _____ usage data to _____ requirements?

____ you going to allow me ____ check out ____ past usage ____ ____ out ____ ____ gas I'll ____ in ____ ____?
 ____ ____ I could analyze old consumption patterns ____ ____ ____.
 ____ you ____ historical ____ information for predicting ____ ____ requirements?
 ____ ____ ____ previous utilization ____ that can ____ used to ____ energy ____?
 ____ history of my ____ use would ____ forecast ____ ____ ____.
 I ____ if ____ ____ ____ consumption patterns to ____ demand.
 ____ I allowed to ____ ____ to project ____ ____ needs?
 ____ historical records can ____ ____ with ____ ____ power ____ going forward?
 ____ ____ usage information ____ ____ future energy requirements
 Is there ____ way ____ ____ use to ____ energy ____?
 ____ ____ past ____ patterns ____ estimate future energy ____?
 Help ____ ____ needs, ____ I view ____ ____?
 Is ____ ____ for ____ future needs by ____ historical ____ ____?
 ____ ____ of my ____ ____ help forecast ____ future requirements?
 ____ don't ____ if past usage ____ ____ be used ____ guess ____ ____ energy ____.
 ____ it ____ ____ past data and forecast energy ____?
 Is ____ ____ to look at the old data ____ ____ ____ energy ____?
 Is ____ possible to ____ ____ with ____ usage information?
 ____ it possible to ____ ____ past ____ estimate upcoming ____ requirements.
 Is it ____ ____ future energy requirements ____ ____ ____ usage data?
 Is ____ possible ____ ____ requirements from historical usage ____?
 ____ history of ____ energy ____ ____ help anticipate ____ requirements.
 ____ old statistics ____ ____ aid ____ ____ of power consumption?
 How ____ looking ____ ____ and ____ future energy ____?
 ____ ____ usage ____ ____ me estimate energy ____?
 Looking ____ ____ records - ____ they ____ determine ____ power ____?
 Is it possible that I ____ retrieve past ____ ____ ____ my ____ ____?
 ____ past ____ to predict ____ ____?
 Is ____ possible to ____ ____ requirements by accessing ____ usage ____?
 ____ ____ to ____ future needs, ____ can I view ____ energy ____?
 Is ____ possible to ____ ____ consumption ____ ____ predict future ____?
 Can ____ usage ____ ____ me to ____ upcoming ____ demands?
 Is ____ possible to ____ my ____ ____ to estimate future ____ ____?
 I ____ ____ access to my ____ ____ ____ order to better ____ my ____ energy ____.
 There is an option ____ ____ history ____ ____ energy ____.
 You can ____ ____ past usage ____ ____ power ____.
 Can ____ ____ records ____ predict upcoming ____ ____?
 Is it ____ to get my ____ usage data ____ ____ ____ requirements?
 I don't ____ if ____ ____ can be used to ____ ____ needs.
 Can historical ____ ____ ____ to ____ upcoming energy demands?
 Is it possible ____ me ____ ____ old data ____ ____ forecast ____ future ____ ____?
 ____ ____ possible ____ predict future power ____ by ____ historical usage ____?
 Will my ____ ____ use be ____ ____ predict the ____?
 For ____ future ____ requirements, can ____ check my ____ ____ ____?
 ____ at history ____ anticipating ____ energy ____ is ____ option.
 ____ I ____ able to ____ ____ past usage ____ for energy ____?
 I ____ ____ gauge future needs by ____ ____ energy ____.
 Do I ____ ____ historical ____ ____ in order ____ estimate upcoming energy ____?
 Is ____ possible to ____ historical usage ____ ____ estimate ____ ____?
 ____ ____ ____ info ____ to predict ____ future requirements?

_____ be accessed for _____ usage.

_____ for me _____ check _____ past energy usage?

Is it _____ estimate my future _____ historic _____ figures?

_____ usage data allow _____ estimate upcoming _____ demands?

_____ you give me _____ previous usage _____ so I _____ better gauge _____ future _____ ?

I wonder if I can get _____ usage data _____ energy _____.

Is _____ estimate future power consumption _____ statistics?

_____ historical usage _____ able _____ assist me _____ energy demands?

_____ it _____ see my energy _____ data to estimate _____ ?

Is _____ possible _____ retrieve _____ to _____ future energy needs?

Is it _____ to _____ future _____ requirements _____ historical _____ ?

Can I _____ usage records _____ needs?

_____ it _____ estimate future energy needs by _____ consumption _____?

To _____ future _____ I _____ usage?

_____ possible _____ retrieve _____ data _____ project my _____ energy needs?

_____ I _____ my consumption and _____ needs?

_____ possible to _____ usage data _____ forecast my energy _____ ?

_____ historical records, _____ they help with _____ requisitions?

It's _____ to gauge future energy needs.

Can I _____ needs _____ past _____ data?

Is _____ possible _____ my consumption _____ estimate _____ use?

I'm _____ I _____ use my _____ usage _____ estimate future energy _____.

I wonder if I _____ needs _____ past usage data.

Can _____ my _____ usage data _____ estimate my _____ requirements?

Is _____ possible to retrieve _____ usage _____ help _____ energy _____ ?

I wonder if _____ is _____ to _____ records to _____ energy _____.

_____ access to previous utilization _____ estimate _____ energy needs.

_____ it _____ check my consumption _____ to _____ requirements in the _____ ?

Is old _____ records possible _____ accessed to _____ future _____ ?

_____ I _____ at _____ patterns to _____ ?

_____ historical usage _____ in _____ to estimate _____ needs?

Can I use this _____ future _____ requirements?

_____ to _____ my _____ usage _____ for _____ future requirements.

_____ it possible to _____ data that _____ in projecting future _____ demands?

_____ you offer _____ to past _____ order _____ estimate upcoming _____ needs?

_____ forecast _____ energy _____ from prior usage _____ ?

_____ I _____ check _____ consumption _____ to predict future _____ requirements?

Is it _____ information for planning power _____ ?

I'm _____ is possible to _____ old usage records _____ energy _____.

_____ there a _____ access _____ usage records _____ energy needs?

Is _____ possible _____ to estimate _____ energy demands _____ data?

_____ consumption available _____ future _____ requirements?

_____ there a _____ analyse _____ data _____ help forecast future _____ ?

Will _____ be _____ project my _____ needs _____ retrieving _____ data?

Is it possible to see _____ usage _____ needs?

_____ I look _____ my _____ use to _____ requirements?

_____ way to review old _____ and _____ future energy needs.

Can I use _____ to _____ future _____ requirements?

Is it possible _____ energy needs _____ patterns?

Is it _____ predict _____ from old _____ ?

Is ____ possible to ____ requirements by ____ historic consumption ____?

For ____ future requirements, ____ my ____ energy usage data?

Can I ____ usage data to ____ future ____?

Will ____ be able ____ past ____ to ____ future ____ requirements?

It ____ to access ____ to forecast ____ needs.

____ it ____ to ____ future demand ____ old ____ patterns?

____ be able ____ needs with the ____ usage data?

I would like ____ to project my future ____.

____ use ____ statistics to estimate future ____ consumption?

I ____ if ____ can see my ____ usage ____ estimate future ____.

I ____ past ____ for ____ power ____.

I ____ if ____ check ____ energy use.

Do you give ____ utilization ____ be used ____ upcoming energy needs?

Is ____ to ____ past usage data for ____ power ____?

____ consumption ____ allow me to ____ my ____ electricity ____?

Do ____ have any information ____ power needs?

Do you ____ ability to access ____ records to gauge ____?

Is ____ to retrieve historical ____ with projecting future energy ____?

____ it possible ____ to project ____ power needs

____ my ____ use can be ____ to predict future ____.

I ____ previous use ____ estimate upcoming energy requirements.

____ up historical ____ can they help ____ projected power ____?
