

[Demo] NLP Dataset for Customer Service Automation

| | |
|-----------------------------|--|
| Company Type | Internet Service Providers |
| Inquiry Category | Speed and performance inquiries |
| Inquiry Sub-Category | Multiple device connectivity |
| Description | Customers face difficulties connecting multiple devices to their internet, and request guidance to ensure a smooth connection for all devices without any speed or performance issues. |
| Data Size | 7,862 paraphrases |
| Want to buy data? | Please contact nlp-data@gross.me via your business email address. |

Masked sample paraphrases of one "Internet Service Provider" customer inquiry. (Purchased data will not be masked.)

____ steps ____ follow to achieve optimal ____ the devices ____ network?

How ____ I going to ____ devices ____?

How ____ of ____ network devices?

____ the steps I need to ____ to get ____ for every ____?

How ____ I ____ gadgets connect ____?

How ____ make ____ coherently?

How do I get good ____?

____ you ____ a way to make ____ my network ____ connected?

How may I ____ stepping stones for ____ among ____?

____ achieve ____ connect across multiple ____?

____ would appreciate it if you ____ me ____ plan ____ get optimal ____ my ____.

____ I ____ to get ____ connections for my devices?

What ____ the ____ best device link?

How ____ sure ____ is connected?

____ are the ____ for ____ good ____?

____ make sure my ____ to my network?

What ____ I ____ for connected devices to ____?

What ____ the best method ____ all ____ my ____?

____ ensure ____ network connection ____ gadgets?

____ appreciate ____ you could guide me ____ a plan ____ optimal ____ all my ____.

____ may ____ stones for unimpeded ____ my gadgets?

____ I take to get ____ connection ____ my network of ____?

Required ____ best network ____?

Which actions are ____ achieve ____ connection?

____ tell ____ I ____ top-notch connection ____ device in my network?

____ to establish a ____ all devices?

Which ____ should be followed ____ seamless ____ network?

____ I get ____ connection ____ my network.

How do I _____ access for _____?

How to _____ the _____ network _____ all _____?

_____ we improve all network _____?

What should _____ to do _____ every device _____?

_____ you _____ best network connectivity for all _____?

_____ you give me _____ description _____ the _____ need to _____ to _____ connections _____ every _____ my network?

_____ the best network _____ gadgets?

_____ process for _____ sure that my _____ is _____ connected?

_____ we _____ gadgets connected quickly?

Can you give me _____ of the steps _____ need _____ for my network?

How _____ an ideal _____ connection?

_____ advice _____ give for _____ top-notch _____ across _____ devices?

_____ steps _____ I _____ to _____ possible connection for _____ network?

_____ would appreciate it if _____ me _____ a comprehensive plan _____ achieve _____ connection for _____.

_____ there _____ to _____ a _____ internet connection _____ everything I _____?

_____ perfect network connection _____ devices?

Any _____ to _____ across multiple _____?

How _____ peak device _____ in the _____.

_____ should I make my network _____ better _____ of _____?

_____ we _____ connections between all _____ under _____ same network?

How do _____ to _____ device _____?

_____ help _____ steps _____ a _____ device connection?

How do _____ a _____ connection _____ my gadgets?

How can I make sure _____ another?

_____ you _____ me the steps that I _____ take _____ achieve top-notch _____ my _____?

_____ for a _____ network _____?

How do I _____ sure the _____ gadgets?

What should _____ all of my _____?

What _____ done _____ ensure optimal _____ devices?

How can _____ maximize _____ connection _____ all the _____ under _____?

Ways _____ get _____ multiple devices?

_____ to _____ my _____ connect _____?

What should _____ to get _____ uninterrupted _____ devices?

_____ to _____ network devices _____ well.

_____ to maximize all _____

How _____ good network _____ for all your _____?

_____ measures should _____ taken for _____ best _____ between _____?

_____ assure _____ network connection?
