

[Demo] NLP Dataset for Customer Service Automation

Company Type	Electricity Suppliers
Inquiry Category	Renewable energy options availability
Inquiry Sub-Category	Green Energy Certification
Description	Customers seek information regarding the certification process and requirements to ensure that the electricity they are receiving is sourced from renewable energy technologies and meets recognized environmental standards.
Data Size	10,560 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Electricity Supplier" customer inquiry. (Purchased data will not be masked.)

_____ Certificates _____ evidence for Electricity Suppliers' claim _____ providing _____ electric services?
 Is _____ to rely on the _____ to back up _____ service _____?
 Will _____ Certificates be _____ Electricity Suppliers' _____ of _____ clean _____ sustainable _____ services?
 Will Renewable _____ be enough _____ Electricity _____ of providing clean and sustainable _____?
 _____ Renewable _____ going to prove _____ offer _____ and _____ electric services?
 _____ Certificates _____ evidence _____ you _____ offer clean and _____ services?
 _____ Renew Energy Certs _____ are _____ clean and renewable _____?
 Will _____ Certificates prove _____ Electricity _____ offer _____ sustainable power?
 _____ renewable _____ suppliers _____ of clean energy?
 Are Electricity Suppliers justified _____ using _____ cleaner, _____ sustainable solutions?
 _____ service _____ to offer environmental-friendly energy _____ certificates?
 _____ I _____ trust your electric company's _____ being all _____ and green if _____ have _____ Renewable _____
 Certificates
 _____ there _____ for an _____ Supplier's assertion _____ green and _____?
 _____ Renewable Energy _____ sufficient _____ show you're providing _____?
 _____ Renewable _____ Certificates _____ of green _____?
 Will _____ clean _____ be valid if only _____ certificates is _____?
 Is _____ eco-friendly power supply _____ backed _____ stack _____ Renewable _____ documents?
 _____ certificates enough _____ prove _____ you _____ clean and sustainable electricity?
 _____ energy _____ ensure clean _____ suppliers?
 Are _____ enough to _____ up _____ you provide sustainable _____ services?
 Is it _____ Electricity Suppliers _____ use _____ energy _____ their solutions?
 Does Renewable _____ support _____ claims _____ Suppliers about _____ services?
 Is _____ from providers _____ renewable _____?
 _____ these Renewable _____ evidence that _____ committed _____ clean electricity?
 Will Renewable Energy _____ that electricity _____ sustainable _____?
 Will the certificates _____ eco-friendly _____ supply?
 You _____ cleaner and sustainable _____ the Renewable Energy Certificates _____?
 _____ a _____ if _____ confirm sustainable power from _____.

Are _____ certificates enough _____?

_____ the Renewable Energy Certificates _____ back up your clean electric _____?

Will _____ clean record of electricity _____?

_____ renewable _____ certificate _____ evidence _____ claim to offer clean _____ sustainable _____ services?

_____ Energy _____ a valid evidence of clean _____ electric _____?

Can _____ energy _____ support clean _____?

_____ Renewable _____ Certificates prove your claim about clean _____?

_____ Renewable Energy _____ that _____ Suppliers give _____ and sustainable _____?

_____ RenewablEnergy Certificates _____ and _____ power supply?

_____ can _____ renewable energy certificates _____ demonstrate their cleaner, _____.

_____ the Renewable _____ your claim for eco-friendly _____?

_____ your _____ for eco-friendly _____ supported by these _____ certificates?

Electric service _____ can claim that _____ offer _____ energy _____.

_____ Certificates proof of your clean, sustainable _____?

Did _____ Energy Certificates _____ promise _____ delivering _____ renewable energy?

Can _____ rely on _____ Renewable Energy _____ to back _____ clean _____ service _____?

_____ the Renewable Energy Certificates _____ for clean and _____?

Does _____ renewable energy _____ a promise _____ clean, _____ electricity?

_____ holding a renewable energy certificate _____ of _____ of _____ durable electricity _____?

_____ enough _____ for your claim of _____ sustainable electric services?

_____ using renewable _____ certificates _____ Electricity _____?

Are _____ claims _____ Suppliers supported by Renewable _____?

_____ RenewablEnergy Certificates _____ clean _____ sustainable _____ supply?

Is _____ really _____ to rely on Renewable _____ Certificates _____ your _____ electric _____?

_____ RenewablEnergy Certificates _____ of a sustainable _____ supply?

_____ renewable _____ certificates _____ enough _____ show that Electricity Suppliers _____ sustainable _____ services?

Can _____ certificates _____ service _____ claims _____ sustainable energy?

_____ energy certificates prove _____ claims

_____ Renewable _____ Certifications _____ provide clean and sustainable electric services?

_____ Energy _____ show your claim _____ clean and _____ services?

_____ these _____ the _____ and _____ nature of supplied _____?

Can _____ energy certificates _____ dependability _____ electricity provided by _____?

_____ Renewable Energy _____ to support _____ claim _____ and green electricity _____?

_____ Energy _____ might _____ proof _____ your claim _____ and sustainable electricity _____.

_____ Energy _____ prove that _____ Suppliers _____ and sustainable electric service?

_____ renewable energy _____ that _____ provide sustainable and _____ services?

_____ eco-friendly _____ services be supported _____ Energy Certificates?

Are RenewablEnergy _____ clean _____ sustainable _____ supplies?

Are _____ Certificates enough to _____ your _____ provide _____ electricity services?

_____ energy _____ prove the clean and _____ electricity provided _____?

Is _____ renewable energy _____ of eco-friendly power _____?

_____ these _____ verify _____ power supply?

_____ certificates back _____ service providers' _____?

Can _____ energy certificates _____ clean _____?

Can _____ energy _____ claims for suppliers?

_____ Certificates _____ evidence for Electricity Suppliers' claim that _____ provide _____ sustainable electric _____?

_____ Renewable Energy _____ sufficient _____ your clean, sustainable _____?

_____ the _____ Certificates help _____ prove _____ claim for _____ sustainable _____ services?

_____ renewable _____ certificates _____ thesustainability _____ electricity?

_____ might _____ claims made _____ electricity suppliers.

Is it possible for _____ certificates _____ providers' _____ eco-conscious _____ power?

_____ Certificates prove that you offer clean _____?

Is _____ and sustainable electricity?

_____ renewable _____ certificates prove _____?

_____ know if _____ can _____ claims _____ clean and _____ just _____ you have some renewable energy certificates

Can Renewable _____ Certificates _____ used to support _____ sustainable electric _____?

Using _____ evidence _____ eco-friendly power _____ is questionable.

_____ renewable _____ evidence _____ claim of clean and sustainable electric _____?

Are the _____ Certificates _____ show your _____ sustainable?

Electricity _____ use Renewable _____ Certificates _____ show _____ their _____ sustainable _____.

_____ want to know if _____ can _____ company's _____ being _____ clean _____ green _____ you have renewable _____ certificates.

Is _____ possible _____ use Renewable Energy _____ as _____ services.

Will _____ certificates _____ evidence of _____ and _____ electric services?

Do renewable _____ eco-friendly electricity?

Is _____ Energy _____ enough evidence _____ your _____ clean and _____ electric _____?

Are the _____ valid evidence _____ to deliver clean, _____ electricity?

Will having _____ of _____ renewable _____ up claims _____ eco-friendly _____ supply?

_____ Renewable Energy _____ sufficient _____ of _____ to _____ clean, green electricity?

Can _____ energy certificates _____ energy _____?

_____ renewable _____ used _____ check _____ quality of electricity _____ by suppliers?

Could RenewablEnergy Certificates _____ of _____ and sustainable _____?

_____ guarantee _____ your _____ service _____ green and sustainable?

Is Renewable Energy _____ enough _____ to _____ sustainable electric services?

RenewablEnergy Certificates _____ be _____ and sustainable _____ supply.

Are these certificates _____ support _____ claims _____ supply?

Are _____ Energy Certificates enough _____ support your _____ services?

_____ renewable _____ help with _____ services?

Do you _____ the possession _____ certificates _____ that _____ electric services are _____ and _____?

Are Renewable _____ Certificates _____ to back up your _____ that _____?

_____ Renewable _____ Certificates valid for _____?

Can _____ certificates _____ used to _____ energy _____ claims?

Can we _____ the Renewables certificates to represent _____ is?

Can the certificates _____ the clean _____ the _____?

Is _____ possible _____ Energy Certs are enough proof _____?

_____ renewable _____ certificate _____ evidence _____ offer clean and sustainable electric _____?

_____ rely _____ Renewable _____ Certificates _____ back up your _____ electric claims?

_____ support your _____ friendly electricity services?

_____ Renewable _____ Certificates help you with _____?

_____ Renew Energy Certs able _____ you are _____ clean _____?

Are _____ Certificates really _____ proof of _____ claims _____ green electricity?

Do _____ see _____ possession of Renewable Energy _____ as _____ that _____ electric service _____ and _____?

_____ Renewable _____ confirm _____ promise to _____ clean, renewable _____?

_____ suppliers claim that their clean power _____ valid _____ the _____ renewable _____.

Are _____ Energy Certificates _____ cleaner energy _____?

Can _____ by Renewable Energy Certificates?

Is _____ Renewable _____ used to _____ up your _____ service _____?

_____ the _____ Certificates proof _____ sustainable electricity?

_____ energy certificates be _____ providers' eco-conscious electrical _____ claims?

_____ it _____ for _____ to _____ electricity _____ your Renewable Energy Certificates?

_____ Energy _____ enough to _____ that you _____ and clean _____?
 Are the _____ Certificates _____ a _____ sustainable electricity _____?
 _____ renewable energy _____ claims of long term _____?
 Is it _____ that _____ providers offer _____ based on _____?
 _____ the _____ energy certificates _____ of the _____ suppliers?
 _____ do _____ these Renewable Energy Certificates _____ of clean _____ green _____?
 There _____ a _____ about _____ RenewablEnergy Certificates _____ and sustainable _____ supply.
 Can the _____ supply claims?
 Can _____ certificates _____ that your service is _____?
 Do _____ Renewable Energy _____ show _____ commitment to _____?
 _____ Renewable Energy _____ evidence _____ electric _____?
 _____ that Renewable Energy _____ enough _____ for your _____ and sustainable electric services?
 _____ it _____ to use Renewable _____ evidence for eco-friendly _____?
 _____ use of renewable energy certificates _____ vouchsafe _____ electrical _____?
 Can _____ energy _____ used to vouchsafe _____ claim _____ eco-conscious _____?
 _____ Energy _____ be enough _____ for _____ Suppliers' claim of _____ sustainable electric _____?
 _____ Renewable Energy Certificates enough _____ support _____ that you _____ services?
 _____ certificates _____ of clean _____?
 Is _____ energy certificates could _____ energy claims?
 _____ Renewable _____ Certificates _____ sufficient evidence _____ Suppliers' claims _____ and sustainable _____ services?
 Will _____ usage certificate _____ Electric Supply _____ renewable _____ supply?
 Are _____ energy certificates _____ energy _____?
 Can _____ Energy Certificates _____ used _____ your claim _____ clean and _____?
 _____ it _____ the use _____ renewable energy _____ providers' _____ regarding eco-conscious electrical _____?
 _____ renewable _____ certificates _____ electricity _____ provide _____ and _____ electric service?
 Electric service providers can _____ offer green _____ the _____.
 Can _____ Energy _____ you have _____ and _____ power?
 Can _____ your _____ to deliver electricity _____ energy certificates?
 Is RenewablEnergy _____ proof _____ clean _____?
 Will _____ Service Providers _____ to _____ offer green energy?
 _____ Renewable _____ Certificates be _____ as _____ your claim _____ clean electric _____?
 Is Renewable Energy _____ enough _____ your claim of _____ services?
 Does _____ Energy Certs _____ clean _____?
 _____ may claim to _____ green _____ based on _____.
 Can _____ energy certificates vouchsafe _____ claim that they _____ power?
 Will _____ clean power _____ if they _____ renewable certificates?
 _____ about eco-friendly power supply be backed _____ by _____ Energy _____?
 _____ Energy Certificates show _____ electric _____ sustainable?
 _____ Electricity _____ Renewable Energy _____ to prove _____ sustainable solutions?
 _____ the _____ certificate _____ for _____ suppliers _____ claim to offer clean _____ electric services?
 Do the Renewable Energy _____ that _____ sustainable _____ options?
 Is a renewable _____ certificate a _____ an _____ Supplier?
 Did the Renewable _____ Certificates _____ prove _____ and sustainable electricity _____?
 _____ be used as _____ of your clean, _____ claim?
 _____ Certificates prove _____ energy provision?
 Are Renewable Energy _____ to back _____ your _____ electricity services?
 Is the _____ Certs _____ of _____ suppliers' _____ power _____?
 Is the _____ of _____ energy certificates _____ vouching _____ electrical _____?
 Is _____ energy _____ valid for clean _____ sustainable _____?
 Can _____ that you _____ clean and renewable electricity?

____ it safe ____ trust your claims ____ electricity ____ on ____ Energy ____?
 ____ for ____ energy certificates ____ show ____ electricity claims?
 ____ certificates valid for ____ electricity?
 ____ certificates ____ the green and ____ nature of ____ electricity.
 ____ Renewable ____ Certifications a ____ evidence for ____ to show clean ____ sustainable ____?
 Do the ____ Energy ____ to delivering clean, green ____?
 ____ Renewable ____ Certificates ____ support ____ services?
 ____ Renewable Energy Certificates be ____ support ____ of providing ____ and ____ electric ____?
 ____ consider possession of Renewable Energy Certificates ____ be ____ electric ____ are clean ____?
 Do the ____ certificates show your commitment to ____?
 Can you ____ me ____ you're ____ electricity with these Renewable ____?
 ____ Renewable ____ Certificates ____ for ____ providers ____ claim ____ be sustainable?
 Electricity ____ that their clean ____ valid ____ renewable certificates.
 Can ____ certificates support ____ providers' ____?
 ____ it ____ use ____ energy ____ for eco-friendly power ____?
 Will a stack ____ Energy documents back ____ the ____ eco ____ power ____?
 ____ the ____ Energy ____ your electric ____ are sustainable?
 Is ____ eco-friendly power supply ____?
 Do ____ Renewable ____ help ____ your ____ for ____ sustainable electricity services?
 ____ the green ____ sustainable nature ____ supplied electricity confirmed ____?
 Are ____ Renewable Energy ____ going to prove ____ claim ____ green ____?
 ____ valid for clean and sustainable ____ supplied by ____?
 Do you ____ Renewable Energy ____ up your ____ electric service ____?
 ____ Renewable Energy ____ to support your ____ of ____ and ____ service?
 Can ____ Certificates ____ clean Electricity ____?
 Is ____ of ____ and ____ Electricity supply?
 ____ certs provide proof ____ offer?
 Is ____ enough ____ for ____ claim ____ clean and sustainable ____ service?
 ____ a renewable energy certificate ____ an Electricity Supplier's ____?
 Will these certificates ____ service ____ of ____ energy?
 Do the Renewable ____ Certificates show ____ commitment ____ cleaner ____ sustainable ____?
 ____ consider ____ possession of Renewable ____ Certificates as ____ clean and sustainable ____?
 ____ Energy ____ supporting ____ made by electricity ____?
 Electricity ____ should ____ Renewable Energy ____ to demonstrate ____ solutions.
 Will ____ certificate justify ____ claim regarding renewable sources-focused ____?
 ____ certificates enough to confirm ____ claim ____ sustainable ____ services?
 Can ____ certificates show ____ green ____ sustainable ____ electricity?
 Can we ____ Renewables ____ to ____ how ____ our ____ is?
 ____ the claims ____ eco-friendly power ____ up with ____ of ____ Renewable ____ documents?
 ____ on the ____ certificates to ____ and green ____ electrical service is?
 ____ renewable ____ cleaner ____ from suppliers?
 ____ it ____ for electricity ____ to ____ renewable ____ to ____ sustainable solutions?
 ____ the ____ Certificate ____ of ____ electricity?
 Will ____ power verify electricity ____?
 Electricity ____ using Renewable Energy Certificates to ____ cleaner, ____ sustainable ____.
 ____ Renewable Energy Certifications ____ evidence for ____ suppliers ____ and sustainable ____ services?
 ____ renewable energy ____ clean ____ claims?
 Are Electricity ____ justified ____ using Renewable ____ to ____ their ____?
 Will Renewable Energy Certificates ____ electricity ____ sustainable ____?
 ____ am ____ I will trust your ____ company's ____ of being all ____ green just because ____ some renewable ____

_____ renewable energy certificates suffice to _____ Suppliers' claim of _____ sustainable _____?

Do _____ and sustainable nature of electricity?

_____ Energy Certificates _____ support your _____ sustainable electricity services?

_____ the Renewable Energy Certificates _____ of your claim _____ services?

_____ Renewable _____ proof of _____ claim _____ clean and sustainable _____ services?

Is renewable energy certificates enough _____ to _____ clean _____ electric _____?

_____ energy _____ be _____ your claim of _____ and sustainable services?

_____ service _____ to _____ green _____ based _____ the certificates they have?

_____ you think _____ services _____ sustainable by having Renewable _____ Certificates?

_____ Electricity _____ claim of clean and _____ electric services come _____ renewable _____?

Will Renewable Energy _____ be _____ for _____ Suppliers' claim of _____ services?

Is _____ Certificate enough evidence for _____ suppliers to _____ and sustainable _____?

_____ Energy Certificates _____ support _____ providing sustainable electricity services?

_____ justified for electricity suppliers _____ to demonstrate _____ more sustainable solutions?

Is _____ certificates compatible with _____ service providers' _____ energy _____?

Does the _____ Certification guarantee _____ your _____ services _____ green _____?

I don't know _____ trust your electric company's _____ of being _____ have Renewable _____ Certificates

_____ Energy _____ enough _____ to show clean _____ electric services?

_____ the green _____ nature of supplied electricity confirmed _____.

Is _____ Certificate enough _____ the claim of clean _____ sustainable _____?

Is the _____ Renewable Energy _____ offering _____ and sustainable _____ options?

_____ Renewable _____ Certificates fulfill your _____ of delivering _____ energy?

_____ the renewable energy _____ power _____?

Are the _____ that _____ offering cleaner and _____ options?

Is it possible _____ providers can _____ to offer _____ certificates?

_____ proves _____ companies are clean?

Can you _____ say that _____ Energy _____ providing _____ electricity?

Will Renewable _____ Certificates _____ enough to _____ Electricity Suppliers' _____ sustainable _____?

_____ Renewable Energy _____ of _____ electricity?

_____ the _____ Energy Certificates _____ your _____ deliver clean, renewable _____?

Does holding _____ energy _____ serve _____ proof _____ Electricity Supplier's _____ durable _____ provision?

_____ a designation _____ justify Electric _____ claim relating _____ sources-focused supply?

Will _____ certificates _____ service _____ claims?

_____ Renewable _____ support your claim for _____?

_____ the _____ Energy Certificates _____ of _____ deliver environmental _____ electricity?

_____ these _____ really proof of _____ claim _____ and green electricity?

_____ Renewable Energy _____ enough _____ prove power _____ and sustainable?

Can the _____ energy _____ electricity _____?

_____ renewable _____ certificates give assurances _____ services?

_____ validating usage certificates _____ Supply's _____ renewable sources-focused supply?

Is _____ and _____ nature of supplied _____ by _____ certificates?

I don't know if _____ trust _____ electric _____ being _____ green _____ have some Renewable Energy Certificates

Do _____ support electric service _____?

_____ renewable energy certificates prove _____ your electric _____?

_____ if I _____ trust _____ company's claims of being _____ clean and green _____ Renewable _____ Certificates.

_____ Energy _____ back _____ claims of long-term electric _____?

_____ enough to show _____ are _____ sustainable electricity services?

Is the proof of _____ Energy _____?

_____ Renewable Energy Certificates enough _____ sustainable power?

Does Renewable Energy _____ a _____ electricity supply?

Does _____ Certificates prove that you offer _____ and _____ electric _____?

Is _____ Energy _____ enough evidence _____ suppliers _____ that _____ clean and sustainable electric _____?

Do _____ Renewable Energy Certificates confirm your _____ clean, _____?

Can renewable _____ vouchsafe _____ claim _____ eco-conscious _____ power?

Are _____ Energy Certificates enough _____ your _____ of _____ sustainable _____?

_____ renewable _____ certificates evidence for _____?

Are _____ energy _____ enough _____ prove your _____ of _____ electricity _____?

_____ these Renewables certificates a representation _____ how green _____ is?

Do _____ Energy _____ really _____ your _____ clean and green _____?

I don't know _____ I can trust your _____ that they are _____ and _____ they _____ Certificates

Are the _____ evidence _____ your _____ delivering green electricity?

These certificates may _____ the green _____ of _____.

Is _____ possible _____ these Renewables certificates _____ how _____ our electrical service _____?

Can renewable _____ certificates _____ electric services _____ and sustainable?

_____ the _____ renewable energy enough _____ electricity _____?

Will a _____ of certified renewable _____ up _____ claims _____ power _____?

Does _____ renewable energy _____ give credence _____ promise of clean, durable _____?

_____ the _____ energy _____ evidence for Electric _____ to _____ offer clean _____ sustainable _____ services?

_____ Renewable Energy Certificates able _____ your _____ clean _____ green electricity?

_____ Energy Certificates be _____ Electricity Suppliers _____ claim _____ they _____ clean _____ sustainable _____ services?

Do _____ energy _____ energy supply?

_____ be _____ to back up claims _____ electricity suppliers.

_____ Certificates sufficient evidence _____ you are committed to _____ green _____?

_____ it _____ to _____ on _____ Renewable _____ up your clean electric service claims?

_____ safe to trust _____ claims _____ green _____ based on _____ Energy _____?

Is _____ Energy _____ valid for _____ quality of _____ by _____?

_____ the _____ support _____ eco-friendly electricity _____?

_____ energy _____ sufficient evidence _____ Supplier's _____ of reliable and green electricity?

_____ certificates for _____ energy from the _____?

I _____ if _____ your electric _____ claims _____ all clean _____ green because _____ have _____ Energy Certificates.

Can Renew _____ they _____ offering _____ and renewable electricity?

_____ Renew Energy Certs show _____ providing _____ renewable _____?

I _____ can trust _____ electric _____ of being all _____ green _____ you _____ renewable energy certificates?

Are Renewable Energy _____ Proof _____?

Is _____ possible _____ use renewable energy certificates _____ power _____?

Can _____ Renewable _____ Certificates _____ prove _____ claim of _____ and _____?

Is _____ a _____ energy certificate _____ promise of clean, durable electricity _____?

Electricity Suppliers _____ be justified _____ using _____ Energy Certificates _____ their cleaner, _____.

_____ Energy _____ proof that _____ offer sustainable and _____ electric options?

_____ suppliers should use Renewable _____ demonstrate their _____ solutions.

Do the Renewable _____ show your _____ and _____ electricity _____?

Do _____ consider renewable _____ certificates to _____ that _____ electric _____ both _____ sustainable?

_____ it possible for _____ electric _____ providers' sustainable _____ supply claims?

Do _____ Energy _____ to be _____ that your _____ are _____ and sustainable?

_____ energy certificates _____ for your clean, sustainable _____?

Does Renewable _____ Certificates prove your claim _____ clean _____?

_____ Renew Energy _____ show _____ you are _____ clean _____ electricity?

Will _____ designation _____ usage _____ justify _____ Electric _____ claim regarding _____ supply?

Renewable Energy _____ to support _____ made _____ Electricity _____.

_____ energy _____ be enough to support electricity suppliers' _____ clean _____ sustainable _____ ?
 _____ you think _____ possession of Renewable _____ that _____ electric _____ and sustainable?
 _____ energy certificates _____ power?
 _____ rely on _____ to show how reliable and green _____ ?
 _____ these _____ confirm _____ of supplied electricity?
 Can RenewablEnergy Certificates _____ electricity supply is _____ ?
 I _____ to know if _____ trust _____ electric _____ claims _____ all _____ green because _____ haveRenewable _____
 Certificates.
 _____ Certificates _____ your claim of _____ green _____ right?
 _____ suppliers _____ Certificates to _____ cleaner, sustainable solutions.
 _____ renewable _____ sufficient to _____ the _____ of clean and _____ electric _____ ?
 I don't _____ I _____ trust your _____ being all clean and green _____ you have some _____
 Can _____ really depend _____ those _____ up _____ clean electric service claims?
 Is _____ from suppliers that _____ are _____ green _____ options?
 _____ Renewable electrification _____ providing clean, planet friendly energy _____ ?
 _____ their offer _____ green energy?
 Can _____ Energy Certs show you're _____ and _____ ?
 The Renewable _____ Certificates prove _____ claim _____ clean _____ green _____ ?
 _____ Energy Certificates valid _____ of your _____ for clean _____ services?
 _____ Renew _____ prove your offer clean _____ renewable _____ ?
 Do the Renewable _____ Certificates _____ you _____ you _____ sustainable _____ ?
 _____ renewable energy certificates suffice _____ Electricity Suppliers' claim _____ electric _____ ?
 _____ you prove that _____ offer cleaner _____ sustainable electric options?
 _____ to _____ Renewable Energy _____ as _____ for eco-friendly power _____ ?
 _____ renewable _____ prove that electricity suppliers _____ electric service?
 _____ Energy _____ be proof of _____ .
 _____ Energy _____ for _____ Suppliers to _____ their clean _____ sustainable electric services?
 _____ these _____ of _____ green and _____ nature of _____ electricity?
 Is the renewable _____ certificates proof _____ for _____ sustainable _____ ?
 _____ Electric Service _____ able to _____ they _____ eco-friendly energy?
 Are _____ of green _____ backed by the _____ Certificate?
 Is _____ possession of _____ Energy Certificates _____ sign _____ your _____ clean _____ sustainable?
 _____ renewable energy _____ vouchsafe providers' _____ about _____ electrical _____ ?
 Is Renewable _____ Certs enough _____ suppliers _____ green _____ ?
 Do _____ Certificates prove that you're _____ sustainable _____ options?
 _____ renewable energy certificate _____ an _____ Supplier credibility?
 Are _____ enough to _____ that you provide _____ electricity _____ ?
 _____ want to know _____ are proof _____ eco-friendly electricity.
 _____ these certificates _____ service providers' _____ of _____ energy _____ ?
 _____ renewable _____ certificates capable _____ clean power _____ ?
 Renew Energy Certs can show _____ are _____ .
 Will _____ be _____ for electricity companies?
 _____ Energy _____ enough to _____ your power _____ and sustainable?
 Is Renewable Energy _____ good _____ of _____ and _____ service?
 Will Renewable _____ Certificates _____ evidence for _____ clean and sustainable _____ ?
 _____ Certificates _____ clean and sustainable _____ supply
 _____ the _____ guarantee that your _____ services are _____ ?
 _____ available Renewable _____ Certificates proof _____ cleaner _____ sustainable electric options?
 _____ certificates _____ made by electricity suppliers?
 Will _____ Suppliers' clean power _____ with just the _____ of _____ ?
 _____ the _____ eco-friendly power _____ be _____ by _____ Certified Renewable Energy documents?

Is ____ Energy ____ good ____ for electric suppliers to ____ clean ____ sustainable ____?

If you ____ offer clean ____ electric services, ____ Renewable ____ Certificates ____ used ____?

____ renewable ____ certificates ____ electricity suppliers provide ____ sustainable electric ____?

____ we rely ____ these ____ certificates ____ show us ____ service is?

Can Renew ____ Certs ____ that ____ are ____ renewable electricity?

____ Renewables ____ assure you that your ____ services ____?

____ Renewable ____ support ____ claim of ____ sustainable electric services from Electricity Suppliers?

Can ____ energy ____ clean ____ claims?

Is Renewable Energy Certificates ____ cleaner ____ from ____?

____ Energy Certifications ____ for Electric ____ to demonstrate their ____ clean ____ sustainable electric ____?

Does ____ renewable energy ____ the ____ promise of ____ durable electricity provision?

Can ____ energy ____ clean ____?

Does holding a renewable ____ promise of clean, durable ____?

____ Renewable Energy ____ up the claims ____ eco-friendly ____ supply?

So, ____ Renewable ____ Certificates ____ your claim of clean ____?

Will ____ the claims of eco-friendly ____ supply?

Can ____ energy ____ power?

____ energy ____ to ____ clean electricity claims?

Is ____ Renewable Energy Certificates ____ your ____ to ____ clean ____ green ____?

____ that Electricity Suppliers deliver ____ and sustainable ____ services?

____ the Renewable certificates back ____ claim ____ eco-friendly ____?

____ you ____ the ____ Certificates to ____ up your clean ____ service ____?

Is a ____ Energy Certificate ____ for Electric ____ claim to ____ and ____ electric ____?

Do ____ indicate sustainable ____?

____ it possible that renewable energy ____ prove ____?

____ Energy Certifications ____ evidence for ____ Suppliers ____ show their clean ____?

____ Certificates proof of ecofriendly ____?

____ enough Renewable ____ to prove that ____ and sustainable?

Is ____ proof that the electricity ____ clean ____?

____ certificates enough proof of your ____ claim?

Will ____ certificate justify ____ companies' claim about ____ supply?

____ these certificates be ____ support claims of ____?

So, ____ the ____ Energy ____ really proof of ____ green electricity?

Electricity Suppliers ____ Renewable ____ to ____ their cleaner, ____ sustainable ____

____ energy certificates ____ the ____ safe and clean?

____ Electricity Suppliers' ____ power ____ hold ____ with just ____ renewable ____?

Can ____ really ____ on the ____ up ____ claims about ____ electric service?

____ true that ____ energy ____ claims ____ by Electricity Suppliers?

Is ____ Certificates enough evidence to ____ your claim ____ and ____ services?

____ the Renewable ____ Certificates ____ your ____ of ____ clean, ____ energy?

Do you ____ the ____ of renewable ____ certificates ____ your electric ____ is clean ____?

____ honestly rely ____ Renewable ____ for your clean ____ service claims?

Will renewable energy certificates ____?

Are Renewable ____ Certificates ____ to ____ you provide sustainable ____?

____ Renew ____ to ____ that you are ____ and renewable electricity?

____ certificates enough for ____ clean, sustainable ____ claim?

Is it okay ____ certificates ____ evidence ____ power services?

Is ____ justified ____ Suppliers to prove their cleaner, ____ solutions?

____ energy promises made by ____ Suppliers backed by ____ Certificates?

Will ____ certificates ____ about eco-friendly ____ services?

Are Renewable Energy Certificates _____ proof for _____?

_____ sure _____ can trust your electric company's claims of being _____ because they have _____ Certificates

Do the Renewable Energy _____ about _____ electric options?

_____ your eco-friendly electricity services?

_____ renewable energy _____ evidence for _____ suppliers' clean _____?

Will the renewables _____ your electric services _____ and _____?

_____ the green _____ promised _____ Electric _____ backed _____ Renewables Energy _____?

_____ renewable power prove _____ clean _____?

Electricity _____ renewable _____ certificates to prove their cleaner, _____.

_____ your _____ Energy _____ proof _____ your clean, _____ power _____?

Is _____ possible to vouchsafe _____ eco-conscious _____ power _____ certificates?

Will _____ Renewables Certification make _____ electric _____ green _____ sustainable?

Is _____ assertion valid with _____ the use _____ renewable _____?

Do _____ Renewable Energy Certificates _____ up _____ claim _____ and _____ electricity _____?

Can Renew _____ you _____ clean and _____ power?

Does Renew _____ prove _____ clean and _____ electricity?

_____ the Renewable _____ a good way _____ back _____ clean _____ service _____?

Are _____ Energy Certificates enough _____ support _____ you can provide _____?

_____ Renew Energy Certs _____ able to _____ clean and _____?

_____ Renewable Energy Certificates _____ evidence for _____ suppliers to claim to _____ and _____?

_____ possible for _____ of _____ energy certificates _____ vouchsafe providers' _____.

Is _____ Energy Certificates _____ to _____ services?

_____ the _____ Energy Certificates backed _____ Electric _____ promises _____ green _____?

Is _____ Renewable Energy Certificates proof _____ cleaner _____ sustainable electric _____?

Can renewable _____ the electricity is _____?

_____ renewable _____ proof of _____ sustainable _____ claim?

Electricity Suppliers claim to _____ lasting _____ services, _____ do _____ Energy _____ support _____?

Is _____ for _____ suppliers to claim that they _____ sustainable electric services?

_____ Energy Certs _____ power suppliers _____ committed to _____ power _____?

_____ rely on the Renewable _____ Certificates for _____ clean _____ claims?

Will _____ be _____ to support electricity _____ of _____ and sustainable _____ services?

Will Renewable _____ Certificates support _____?

_____ renewable _____ certificates support claims made by _____ about _____?

_____ Energy Certificates _____ of _____ commitment to deliver _____ electricity?

Are _____ energy certificates _____ support your claim to _____?

_____ the _____ energy _____ vouchsafe providers' claim of _____ conscious _____ power?

_____ certificates proof of clean _____ sustainable _____?

Will _____ stack of Certified _____ documents back _____ the _____ supply?

Are renewable _____ enough to prove you're _____ and _____?

_____ those _____ enough _____ that _____ power is clean and sustainable?

_____ renewable energy _____ prove _____ trustworthiness _____ the electricity _____ suppliers?

Are Renewable Energy _____ reliable _____ your _____ claim?

_____ we _____ these certificates to _____ and reliable our _____ service is?

Can we rely on the _____ our _____ service _____?

_____ the certificates valid _____ eco-friendly _____?

Can we _____ the _____ to show _____ how _____ and reliable _____ service _____?

_____ consider _____ possession of renewable energy _____ as confirmation _____ your _____ both _____ and sustainable?

Are these Renewable _____ Certificates enough _____ that _____ to _____ electricity?

_____ I _____ the electric company's _____ that they are all _____ they _____ Renewable Energy _____?

_____ Certificates can show _____ electric services _____ clean.

Is the _____ electrification _____ evidence _____ planet _____ energy sources?
 _____ the _____ Certificates evidence _____ you are _____ clean, green electricity?
 _____ Renewable Energy _____ be _____ to _____ Electricity _____ claim _____ and sustainable electric _____?
 _____ the _____ certificate _____ for electric suppliers _____ they offer clean and sustainable _____?
 Is the Renewable Energy _____ of your _____ to _____ green _____?
 _____ renewable energy _____ be _____ evidence _____ claims _____ providing clean _____ electric services?
 Can Renewable _____ be used to prove _____ claim _____ sustainable _____?
 Are Renewable _____ Certifications _____ evidence _____ electric _____ to _____ clean _____ sustainable services?
 Is the Renewable Energy _____ enough evidence _____ claim _____ sustainable _____ services?
 _____ Renewable _____ Certificates _____ your _____ service is sustainable?
 _____ Renewable Energy Certificates _____ clean, _____?
 _____ the _____ power supply _____ backed _____ certified renewable energy documents?
 Is it okay _____ Electricity _____ use Renewable _____ Certificates _____ their cleaner, _____?
 _____ Electricity Suppliers' clean _____ up _____ renewable certificates?
 _____ Energy Certificates _____ to _____ your _____ to _____ and sustainable electric services?
 I'm not _____ I _____ trust your _____ being clean and _____ because you have _____ Certificates
 _____ Certificates enough to show _____ offer clean _____ electricity?
 Are these Renewable _____ Certificates _____ prove your claim _____ clean _____?
 _____ proof _____ a sustainable _____ supply?
 Is _____ the certificates _____ electric service providers' _____ energy supply?
 _____ of Renewable Energy _____ confirmation _____ your electric services are _____ clean _____?
 _____ Renewable Energy Certs _____ of green power?
 _____ certificates _____ prove your _____ clean and sustainable?
 _____ the Renewable Energy Certificates verify _____ sustainable _____ options?
 _____ Certificates _____ the quality of _____ supplied by _____?
 Can Renewable _____ the electricity _____ clean _____ sustainable?
 _____ these _____ confirm claims _____ power _____?
 _____ Renewable Energy Certificates have enough _____ providing clean, renewable _____?
 _____ certificates support _____ service providers' _____?
 Does _____ renewable energy _____ give proof _____ an _____ promise of _____ provision?
 Electricity _____ assertion will be valid _____ just the _____.
 _____ it possible _____ energy _____ for proof _____ eco-friendly power _____?
 Is _____ Renewable _____ enough proof _____ suppliers?
 _____ help electric service providers _____ sustainable energy _____?
 Renewable _____ Certificates _____ suppliers to prove their cleaner, more _____.
 Is _____ enough proof from _____?
 Do _____ rely _____ Energy Certificates _____ back _____ clean electric service claims?
 Will Renewable _____ help you _____ eco-friendly electricity _____?
 _____ energy _____ that _____ are clean and sustainable?
 _____ clean power assertion be valid just with _____ of _____?
 Can _____ energy _____ that your electric _____ is _____ clean?
 Is _____ green energy _____ Suppliers _____ Renewables Energy Certificate?
 _____ the Renewable electrification licenses _____ proof _____ energy _____?
 Can _____ on _____ to _____ green _____ reliable the electrical service _____?
 _____ Renewable _____ Certificates enough _____ your _____ of providing _____ eco _____ electricity services?
 _____ these _____ Energy _____ enough proof of your commitment to _____?
 _____ Renewable _____ Certificates sufficient _____ back _____ that you _____ sustainable _____ services?
 Can _____ Certs show _____ delivering _____ renewable energy?
 Will renewable power _____ clean _____ of electricity _____?
 Is Renewable _____ greener _____ options?

_____ Certificates proof of clean and _____ ?
 Does _____ prove the _____ sustainable _____ of supplied _____ ?
 _____ green energy promises of _____ Suppliers _____ the _____ Certificate stuff?
 _____ Energy _____ guarantee _____ from suppliers?
 _____ the _____ certificates prove _____ suppliers _____ clean _____ sustainable services?
 Can _____ be proof of a clean _____ ?
 _____ these _____ valid _____ power supply?
 Is renewable energy _____ evidence _____ suppliers _____ claim to _____ and _____ services?
 _____ it possible to _____ Energy _____ of eco-friendly power?
 _____ the _____ Certificates support your _____ a _____ service?
 Does renewable energy certificates support _____ ?
 Does the _____ certification _____ that _____ electric _____ sustainable?
 Is _____ evidence _____ electric suppliers _____ say they _____ clean _____ sustainable electric _____ ?
 _____ you _____ depend _____ Energy _____ back _____ your clean electric _____ claims?
 Are _____ Energy _____ enough to _____ you power's _____ ?
 Will Certified _____ documents back up _____ eco-friendly _____ supply?
 _____ these _____ out _____ claims _____ eco-friendly power supply?
 _____ Certificates support suppliers' _____ claims?
 Can _____ show that _____ is clean and sustainable?
 _____ it _____ to _____ Renewable _____ as _____ eco-friendly power services?
 _____ renewable energy _____ help prove _____ suppliers _____ sustainable and _____ ?
 Is it _____ to _____ claims that you can _____ on _____ certificates?
 _____ renewable energy _____ show that _____ electric _____ sustainable?
 _____ act _____ proof of clean electricity claims?
 _____ Renew Energy Certs show you are _____ renewable _____ ?
 _____ suppliers _____ in using Renewable _____ show their _____ sustainable solutions?
 _____ you _____ say that Renewable _____ mean you're _____ electricity?
 Is _____ Renewable Energy _____ proof _____ to deliver clean, _____ electricity?
 Are _____ Renewable _____ Certificates _____ your statement _____ offer cleaner and sustainable _____ ?
 _____ possible _____ certificates can support the _____ of _____ energy _____ ?
 _____ you really rely on _____ Energy Certificates _____ your _____ service claims?
 Do the certificates confirm _____ supplied _____ ?
 Is _____ proof _____ electricity providers to claim _____ ?
 Will Electric _____ Providers be _____ to claim _____ offer _____ energy _____ ?
 Is the Renewable Energy _____ enough _____ to _____ a claim _____ sustainable _____ ?
 Will the _____ Certificates _____ your _____ services?
 _____ Energy _____ enough _____ that _____ are providing _____ sustainable electricity service?
 _____ Energy _____ evidence for electric _____ to offer _____ sustainable electric services?
 Do Electric Suppliers _____ green _____ promises with _____ paper trail of _____ ?
 _____ Energy Certificates _____ evidence _____ your claim _____ clean _____ electric services?
 Do the _____ renewable _____ certificates _____ your commitment to cleaner _____ ?
 _____ Electric Service Providers able to _____ energy?
 Does the _____ Energy _____ your promise of _____ ?
 I wonder _____ energy certificates _____ proof _____ electricity.
 _____ Renewable Energy Certificates _____ sufficient evidence for _____ sustainable _____ services?
 _____ on _____ Renewable _____ Certificates to back up your claims _____ clean _____ ?
 _____ Energy Certificates validation _____ about cleaner and sustainable electric _____ ?
 _____ certificates enough to _____ that _____ is clean _____ ?
 Is _____ Energy Certificates sufficient _____ to deliver eco-friendly _____ ?
 _____ these _____ for electric service providers' claims _____ supply?

Are ____ Renewable ____ Certificates ____ your dedication ____ delivering ____ green ____?

Does ____ Renewable ____ that ____ electric ____ are ____ clean and sustainable?

Will ____ Energy Certificates be sufficient evidence ____ Electricity ____ of ____?

____ the Renewable ____ Certificates ____ your ____ you offer ____ and ____ options?

____ support your ____ eco-friendly energy services?

Does ____ possession ____ Renewable ____ that ____ electric ____ are both clean ____ sustainable?

____ Renewable ____ Certificates valid ____ and sustainable electricity ____ by ____?

Will ____ prove ____ the ____ is Eco-friendly?

____ Suppliers claim ____ offer environmentally-friendly ____ electric ____.

____ Renewable ____ Certificates ____ electricity claims?

____ the Renewable Energy ____ enough ____ of your ____ to ____ friendly ____?

____ certificates show ____ electricity?

____ designation validifying ____ certificates ____ a company's ____ regarding ____ sources-focused ____?

____ a designation validifying ____ justify ____ Electric ____ companies' ____ regarding renewable ____?

Are ____ Renewable ____ Certificates ____ your ____ deliver clean, green electricity?

Will ____ Certificates be enough evidence ____ Electricity ____ providing clean ____ electric ____?

Is ____ Energy Certs proof ____ to using cleaner ____?

Is ____ valid ____ utilities ____ Renewable Energy ____ evidence for ____ services?

Will ____ certificates confirm ____ sustainable ____ of electricity?

____ Service Providers to claim to ____ green energy based ____ these ____?

Will renewable energy ____ evidence ____ Electricity Suppliers' claim ____ providing clean ____?

Is ____ Energy Certificates as ____ eco-friendly power ____?

____ a ____ validifying usage ____ Supply companies' claim ____ source ____ supply?

Is renewable ____ certificates ____ back up ____ of providing ____ services?

____ of renewable ____ support clean ____?

Is ____ Suppliers' ____ promises backed by ____ Certificates?

Can ____ renewable energy certificates ____ providers' ____ regarding green ____?

____ you think these Renewable ____ Certificates ____ your ____ clean ____ electricity?

____ energy certificates ____ integrity of ____ electricity supplied by ____?

Is renewable ____ a ____ of ____ providers?

____ renewable energy certificates ____ service?

____ renewable energy certificates ____ that ____ cleaner and ____ options?

____ the Certified Renewable Energy documents ____ up ____ supply?

Will ____ Renewable Energy ____ prove that ____ and sustainable ____?

Does ____ sense ____ use ____ as proof of eco-friendly ____ services?

Is the ____ Certificates ____ for ____ claim ____ you offer ____ and ____ options?

Is ____ to ____ Energy Certificates ____ evidence ____ power services.

Is renewable power proof valid ____?

Will these ____ that the power ____ eco ____?

____ Renewable ____ Certificates signify ____ claim for ____ sustainable ____ services?

Will Renewable ____ that Electricity Suppliers ____ and ____ electric ____?

____ renewable ____ sufficient ____ electric suppliers?

Will the Renewable ____ support ____ for ____ energy ____?

Can you ____ rely on the Renewable Energy Certificates to ____?

Do ____ consider ____ possession of Renewable ____ be ____ that ____ electric services are both ____?

Can the certificates ____ service providers ____ energy ____?

Will the ____ the eco-friendly ____?

Is the ____ Energy Certificates validation of ____ offering ____ electric ____?

Can Renewable ____ Certificates prove ____ of ____?

____ Certificates can show ____ your electric ____ are ____.

Will _____ Energy _____ prove that Electricity _____ clean and _____ ?
 _____ service _____ claims _____ sustainable _____ supply _____ by these certificates.

Can _____ prove _____ your services _____ and sustainable?
 _____ Certificates sufficient _____ of your commitment to deliver _____ ?

Will a _____ certificates _____ Supply's _____ sources-focused supply claim?
 Are the _____ energy _____ of Electric _____ backed _____ the _____ Certificates _____ ?

Do the Renewable _____ help _____ prove _____ have _____ sustainable electric _____ ?
 _____ renewable energy _____ show _____ you're _____ and sustainable power?
 _____ Energy Certificates evidence _____ your commitment _____ green _____ ?
 _____ the Renewable Energy _____ electric suppliers to claim to _____ clean and _____ ?
 _____ Suppliers claim to provide clean _____ services but _____ certificates _____ ?
 _____ renewable certificates verify _____ ?
 _____ the _____ Certificates _____ claims made by _____ Suppliers?
 _____ Renewable _____ Certificates proof _____ your _____ to _____ green electricity?

Can you _____ Renewable Energy Certificates mean _____ providing _____ electricity?
 Can _____ confirm the _____ electricity provided by _____ ?

Will Renew Energy _____ are offering _____ electricity?
 _____ Renewable _____ Certificate enough evidence for _____ suppliers _____ clean _____ services?
 _____ certificates confirm _____ green _____ nature _____ the electricity?

Should renewable _____ certificates _____ to vouchsafe _____ claim _____ eco-conscious _____ ?
 _____ the _____ Energy _____ proof of _____ claim _____ clean _____ sustainable _____ ?

Is a _____ certificate _____ evidence _____ an Electricity _____ ?
 Do _____ Renewable Energy Certificates _____ your claim _____ clean _____ ?
 Will these _____ back your claim _____ ?
 _____ Energy Certificates _____ of clean and green electricity.
 _____ these certificates _____ evidence of your _____ to _____ ?

Will Electricity Suppliers' _____ power _____ be _____ the _____ of _____ ?
 Is renewable _____ certificates a _____ electricity?
 Is _____ Energy _____ sufficient _____ electric suppliers' _____ services?
 _____ Suppliers' _____ assertion will be _____ with _____ use _____ valued _____ certificates.

Are _____ Energy _____ sufficient to _____ provide _____ electricity services?
 _____ Certificates proof that _____ is _____ sustainable electricity?
 _____ Renewable Energy _____ for _____ clean, sustainable power claim?
 _____ Renewable Energy _____ enough proof _____ green _____ ?

Do _____ energy _____ ensure _____ suppliers?
 Will Renewable Energy _____ prove _____ offer sustainable and _____ ?
 Will a _____ usage certificates justify _____ claim about _____ ?
 _____ Renewable _____ back up claims of _____ service?
 _____ renewable energy _____ enough evidence for _____ suppliers _____ sustainable _____ service?

Are _____ electrification licenses proof of _____ planet friendly _____ ?
 _____ renewable energy _____ to _____ that you're _____ and sustainable _____ ?
 _____ you really _____ that _____ Renewable Energy Certificates _____ you're _____ providing _____ ?

Is the use of _____ valid _____ eco _____ power _____ ?
 Can the _____ Energy Certificates _____ the _____ electricity _____ the _____ ?
 Are the electric suppliers' _____ the Renewables Energy Certificate _____ ?
 _____ the Renewable Energy Certificates _____ statement _____ and sustainable _____ choices?
 _____ renewable certificates _____ power from _____ ?
 _____ Renewable Energy Certificates _____ evidence _____ clean _____ by _____ ?

Does holding a _____ give validity to _____ Supplier's _____ of _____ electricity _____ ?
 _____ Renewable Energy Certifications a _____ clean and sustainable _____ ?

_____ these _____ back up _____ about _____ supply?
 _____ we _____ of your _____ of delivering _____ renewable energy certificates?
 _____ use of renewable _____ certificates support _____ eco-conscious electrical _____?
 Is Renewable Energy _____ of clean and sustainable _____?
 _____ Renewable _____ good indication of clean and _____ electric _____?
 _____ certificate correspond to an Electricity Supplier's _____ clean, _____ electricity provision?
 Are Electric _____ promises of _____ energy _____ backed _____ Energy _____ stuff?
 _____ Renewable _____ Certificates _____ that Electricity Suppliers _____ clean _____ services?
 _____ renewableenergy _____ assure _____ power?
 _____ the Renewable _____ enough to prove _____ your _____ is _____?
 Do renewable energy _____ claims _____ electricity suppliers?
 _____ a _____ energy certificate give an _____ Supplier's _____ electricity?
 _____ it possible to _____ Certificates in _____ for _____ services?
 _____ you _____ the Renewable Energy Certificates _____ you're _____ clean _____?
 Are renewable energy certifications _____ electric _____ clean _____ sustainable services?
 Do you _____ possession _____ Renewable _____ as _____ of clean _____ sustainable _____ services?
 _____ certificates help _____ providers' claim _____ eco-conscious _____ power?
 _____ the Renewable _____ support _____ claim _____ friendly energy _____?
 _____ it worth using _____ as _____ for _____ power service?
 _____ Renewable _____ prove clean electricity _____?
 _____ Electricity Suppliers' _____ be _____ the use _____ renewable certificates?
 _____ Certificates enough _____ confirm _____ claim that _____ providing sustainable _____ services?
 _____ renewable _____ a _____ evidence _____ suppliers to demonstrate _____ clean and _____ services?
 _____ certificates proof of clean, _____?
 Will _____ Energy Certificates support _____?
 Will Renew _____ prove you _____ and renewable _____?
 _____ it possible _____ confirm sustainable power from _____?
 Will a designation _____ certificates _____ Electric _____ companies _____ renewable _____?
 _____ these _____ nature of supplied electricity?
 Will a designation validifying _____ Supply's claim regarding _____ supply?
 _____ renewable _____ a _____ of sustainable _____?
 _____ Renewable Energy _____ sufficient _____ of sustainable power?
 _____ Energy Certificates _____ used to _____ clean energy _____?
 _____ it _____ to vouchsafe providers' _____ of eco-conscious _____ with _____ renewable _____ certificates.
 _____ enough evidence in regards _____ of _____ electricity if you have a _____ certificate?
 _____ Certificates _____ your promise to deliver _____ renewable energy?
 Electricity suppliers use _____ Energy Certificates _____ show _____ cleaner, _____.
 Are renewable energy _____ good evidence _____ electric _____ sustainable services?
 Can _____ Certs prove _____ offering clean _____ electricity?
 _____ Certificates be _____ enough _____ for _____ of clean and sustainable _____ services?
 Does _____ Energy _____ have _____ proof of _____ options?
 Are _____ Energy Certificates _____ that offer eco-friendly _____?
 Will a _____ validifying _____ companies' claim _____ renewable sources-focused supply?
 Will _____ Certificates support _____ Suppliers' claims _____ providing clean _____ electric _____?
 _____ Renewable _____ Certificates _____ Electricity _____ offer clean and _____ electric _____?
 _____ Renewable Energy _____ evidence _____ clean _____?
 _____ Renewable _____ Certificates can _____ claim of clean _____ green _____.
 _____ those _____ Certificates enough _____ prove _____ power is _____ and _____?
 Is it valid to use _____ as _____ green _____?
 Is _____ possible _____ Electric _____ to _____ they offer _____ friendly energy?

Will _____ be enough to _____ clean and _____ electric services made by Electricity _____?

_____ the Renewable Energy _____ be enough to _____ the claim _____ services?

Will _____ Energy _____ prove _____ offer sustainable electric _____?

Is _____ Energy _____ enough _____ electricity _____ to say they _____?

_____ Renewable Energy _____ prove _____ your electric services _____ both _____?

Should _____ Certificates _____ proof of clean and _____?

_____ validating _____ justify Electric _____ claims pertaining to _____ sources-focused supply?

_____ energy certificates _____ by electricity _____?

With the _____ of valued renewable certificates, _____ Electricity _____ power _____?

Renewable Energy Certificates can _____ used to _____ solutions.

_____ these _____ compatible _____ electric _____ claims of sustainable energy _____?

Will renewable energy certificates _____ evidence _____ Suppliers' _____ of clean and _____?

Does _____ renewable energy _____ ensure cleaner _____?

Are RenewablEnergy _____ of _____ and sustainable _____ supply?

_____ your claim _____ energy services be backed by _____?

_____ guarantee that _____ electric services are green _____ sustainable?

Can _____ certificates _____ used _____ demonstrate _____ electricity claims?

Is _____ for the use of renewable _____ vouchsafe _____ electrical _____ claim?

_____ Electricity _____ clean power assertion hold _____ if _____ valued _____ certificates is _____?

_____ renewable energy _____ show _____ of electricity _____ by _____?

Are Renewable _____ Certificates _____ your _____ for _____ and _____ electricity services?

Will _____ RenewableCertificates back _____ eco-friendly energy _____?

_____ want _____ know if _____ can _____ electric company's _____ being _____ and green because they have _____ Certificates.

Electricity suppliers _____ use Renewable _____ to prove their _____.

_____ the Renewables Certification _____ services are sustainable?

Are _____ certificates _____ electricity?

_____ energy certificates enough to _____ that you provide _____ electricity _____?

Are these Renewable _____ Certificates _____ of your _____ about _____ electricity?

_____ Renewable Energy Certificates _____ clean, _____?

Does _____ Renewable _____ have _____ of _____ deliver clean, green electricity?

_____ the _____ Certificates _____ of _____ and green electricity claim?

Are those _____ sufficient _____ prove _____ and _____?

_____ to offer _____ and lasting electric _____ with _____ Renewable Energy Certificates.

_____ to be _____ for electricity companies?

_____ the _____ Certificates proof that _____ are offering sustainable _____ electric _____?

Is Renewable _____ prove _____ offering clean and _____ electricity?

_____ Renewable Energy _____ supporting claims _____ by _____?

_____ renewable certificates confirm _____

Can the _____ of renewable _____ vouchsafe _____ of eco-friendly _____?

_____ Electricity Suppliers' _____ be valid with _____ use of _____ certificates?

_____ holding a renewable energy _____ a promise _____ durable _____?

Will the _____ power supply _____ verified _____ these _____?

_____ the use _____ energy certificates vouchsafe _____ eco-conscious power?

Will Electricity Suppliers' _____ power _____ be _____ only the _____ renewable _____ is _____?

_____ confirm the green and _____ nature of _____?

_____ the Renewable Energy _____ your _____ for _____ electricity service?

Does holding _____ certificate correspond with the _____ of _____ electricity _____?

_____ Energy Certificates _____ prove _____ your _____ services are clean _____.

_____ Energy Certificates valid _____ your statement _____ cleaner and _____ electric options?

Can Renew _____ Certs _____ they _____ clean _____ electricity?

_____ validating usage certificates justify _____ company's _____ sources-focused supply?

Are Renewable _____ evidence of _____?

_____ the Renewable _____ proof _____ your _____ for _____ and _____ electricity services?

_____ renewable _____ sustainable _____ from providers?

Is using Renewable _____ Certificates _____ to prove _____ sustainable solutions?

Is it possible to use _____ as _____ for _____?

_____ the _____ Certificates _____ and sustainable supply?

_____ certificates prove _____ electricity is _____?

Will _____ back your _____ energy services?

_____ it possible for _____ service providers to claim _____ offer _____ based _____?

_____ be _____ evidence of clean and sustainable _____ services?

Electric Supply _____ have a _____ to _____ sources-focused _____.

Can _____ energy certificates back up _____ claims _____?

_____ that _____ Energy Certificates _____ support your _____ services?

Is Renewable Energy Certificates valid _____ for utilities _____?

_____ certificates _____ used _____ confirm sustainable _____?

Renew Energy _____ can _____ clean _____ renewable electricity.

Can the _____ Certificates _____ sustainable _____ supply?

Will _____ Energy _____ for _____ electricity _____?

Will renewable _____ for Electricity _____ claim _____ sustainable electric services?

Are _____ Energy Certificates _____ proof of _____?

_____ those _____ enough _____ power's clean _____ sustainable?

_____ energy certificates offer _____?

Is _____ for _____ to offer green energy _____ on the _____?

Is _____ enough to _____ that _____ are _____ sustainable _____ services?

_____ Renewable Energy _____ enough to prove you _____ and _____?

Electricity suppliers _____ using _____ Energy Certificates to _____ their _____ more sustainable _____.

Did _____ Energy Certificates prove _____ of delivering clean, _____?

Will _____ Certificates _____ evidence for Electricity _____ providing _____ and sustainable _____ services?

_____ claim of providing _____ and _____ services _____ dependent _____ Renewable _____ Certificates.

_____ the Renewable _____ evidence _____ your _____ delivering clean, green _____?

Will _____ Certificates _____ Suppliers' claims _____ providing _____ and sustainable electric services?

Is _____ energy certificates _____ prove _____ really _____ clean and _____ electricity?

Are _____ Renewable Energy Certificates _____ for _____ statement _____ sustainable _____?

_____ certificates work as proof _____ suppliers _____ and sustainable _____ services?

_____ rely on _____ Renewable Energy _____ to back _____ your electric service _____?

Does _____ Energy Certs prove you _____ renewable _____?

_____ possible _____ Renewable _____ the claims of Electricity Suppliers?

Does _____ Certificates have _____ be _____ your clean, _____ power _____?

Can _____ clean power?

Will _____ certificates help _____ claims _____ supply?

_____ consider the Renewable _____ Certificates _____ proof _____ your electric services _____ and _____?

_____ Service _____ claim _____ eco-friendly energy?

Is the Renewable _____ enough evidence for _____ Suppliers _____ they offer clean _____ electric _____?

_____ trust your _____ of being _____ based on renewable _____ certificates?

Can you _____ rely on _____ renewable _____ back _____ your clean _____ claims?

_____ Renewable _____ Certificates really back _____ electric service claims?

_____ energy _____ enough to _____ that _____ clean and sustainable electricity?

Are the _____ promises _____ Suppliers backed _____ the _____ Energy Certificate?

Does holding _____ renewable _____ legitimacy _____ an _____ Supplier's _____ clean, _____ electricity provision?

Can _____ support _____ eco-friendly _____ service?
 _____ a _____ energy certificate _____ evidence _____ support _____ Supplier's _____ delivery _____ green and reliable electricity?
 _____ certificates support eco-friendly electricity _____?

Will renewable _____ certificates show that _____ and _____ service?
 _____ Renewable _____ enough _____ the clean, sustainable _____ claim?
 _____ power assertion can be _____ with _____ use of _____ certificates.
 _____ these _____ the claims of _____ power _____?
 _____ certificates enough _____ you power _____ clean and _____?

Is _____ Energy Certificates _____ claim _____ clean and sustainable electric _____?
 Will _____ Certificates prove that _____ Suppliers _____ sustainable _____ services?
 _____ Energy _____ have clean and renewable electricity?

Is the _____ of _____ to _____ providers' _____ effective?
 Is Renewable _____ Certificates enough _____ Suppliers' _____ of providing _____ and _____ electric _____?
 Will _____ validating usage _____ Electric _____ companies' claim _____ renewable sources-focused _____?
 _____ Certificates _____ the quality of electricity _____ by _____?
 _____ Renewable Energy Certificates _____ as _____ to offer clean _____ sustainable _____ services?
 _____ Energy _____ a _____ evidence for _____ Suppliers to _____ clean and sustainable _____?

Can _____ Energy _____ show you are _____ about _____ renewable _____?
 The certificates should support _____ service providers' _____.

Is it possible _____ certificates support _____ of _____ services?
 _____ just _____ of renewable _____ will Electricity Suppliers' _____ power _____ be _____?
 _____ certificates _____ the eco-friendly _____ supply?
 _____ valid _____ use _____ energy certificates _____ eco-friendly power services?
 _____ Renewable _____ energy for suppliers?

Are the _____ of _____ Energy _____ a sign that your _____ services _____?
 _____ the certificates _____ the _____ sustainable nature of _____?
 _____ it possible _____ Renewable Energy _____ of green _____?

Will _____ for _____ Suppliers' claim of _____ and sustainable electric _____ Renewable Energy _____?
 Are the available Renewable Energy _____ your _____ cleaner and _____ options?
 Is Renewable Energy Certifications satisfactory _____ for _____ show _____ clean _____ sustainable _____?
 Do _____ Renewable Energy _____ help _____ prove _____ claim _____ clean _____ electricity?
 Can _____ Energy Certificates _____ your claim for clean _____ sustainable electricity _____?
 Is _____ Certificates valid _____ proof of _____ services.
 The _____ renewable _____ certificates _____ vouchsafe _____ of eco-conscious electrical _____.
 _____ Suppliers _____ Energy Certificates to _____ cleaner, _____ sustainable solutions.
 _____ certificates _____ sufficient proof for Electricity _____ of _____ and _____ electric services?

Is _____ Renewable _____ Certificates _____ evidence for _____ legit?
 Are _____ Renewable Energy _____ sufficient _____ you _____ committed _____ delivering _____ electricity?
 Can _____ that _____ by suppliers is safe and _____?
 Will the _____ help guarantee _____ services _____ sustainable?
 _____ we _____ able to _____ your _____ of delivering _____ based _____ renewable _____ certificates?

Is _____ Energy Certificates adequate _____ suppliers _____ claim _____ clean and sustainable _____ services?
 _____ the Renewables _____ ensure _____ electric _____ are green and _____?
 _____ energy certificates prove _____ Suppliers _____ electric services?
 _____ these Renewable _____ Certificates _____ your _____ to _____ green electricity?
 _____ energy certificate _____ of delivery _____ green and _____ electricity?
 _____ Energy _____ to show that your power _____ clean _____ sustainable?

Are _____ valid _____ claim of offering cleaner _____ sustainable electric _____?
 _____ the _____ Certificates _____ your _____ offer sustainable and _____ electric options?
 _____ the use _____ renewable energy certificates _____ for _____?

____ Energy ____ prove that Electricity ____ clean and ____ service?
 ____ the Renewable ____ licenses ____ proof of ____ planet ____ sources?
 Are ____ Renewable Energy ____ for clean ____?
 Will ____ Certification ____ that your ____ green ____ sustainable?
 ____ energy ____ show ____ trustworthiness of ____ provided ____ suppliers?
 Can the ____ energy ____ the ____ about eco-conscious electrical power?
 ____ the Renewable Energy ____ prove ____ for ____ and sustainable ____ services?
 ____ of renewable ____ certificates help ____ eco-conscious ____ power?
 ____ it ____ Renewable ____ certificates to prove ____ claims?
 Can Renew ____ show ____ clean ____ electricity?
 Can ____ trust you ____ clean, green ____ on renewable ____?
 ____ possible for ____ Energy Certs ____ proof of ____ options?
 ____ Energy Certs ____ green ____ options?
 Do ____ Renewable Certificates support ____ claim for ____?
 ____ these certificates back up ____ claim ____ energy ____?
 ____ a ____ usage certificates justify Electric ____ claim ____ focused supply?
 ____ Service ____ can ____ offer eco-friendly energy based ____ the ____.
 ____ Renewable ____ proof ____ your claim ____ sustainable power?
 ____ enough proof for ____ providers to say ____?
 Are ____ made by ____ suppliers ____ by the ____ Energy Certificate ____?
 Is ____ certificate ____ electric ____ to claim ____ clean and sustainable electric services?
 ____ Energy ____ to ____ your claim ____ providing sustainable ____ eco-friendly ____ services?
 Are ____ enough ____ for ____ suppliers to provide ____ sustainable electric ____?
 Is ____ possible to ____ are really offering clean ____ Energy Certificates?
 Will a ____ validifying ____ certificates justify ____ of renewable sources-focused ____ companies?
 ____ renewable energy certificates ____ their claims ____?
 Do you think ____ Renewable ____ shows that your ____ are sustainable?
 ____ we use these Renewables ____ show ____ our electrical service ____?
 ____ Renew ____ Certs ____ you're offering ____ renewable electricity?
 ____ the ____ Certificates support your ____ delivering clean, ____ energy?
 Are ____ Renewable ____ to prove the ____ is ____ sustainable?
 Are Renewable Energy ____ of ____ made ____ Electricity ____?
 The Electricity ____ Renewable ____ Certificates ____ prove ____ cleaner, ____ solutions.
 Are renewable energy ____ prove ____ are ____ and sustainable ____?
 ____ renewable energy ____ evidence ____ an ____ about delivery of green ____ reliable electricity?
 ____ the Renewable ____ sufficient evidence ____ electric ____ to claim clean ____?
 Are ____ certificates for ____?
 ____ Renewable Energy ____ verify ____ about offering cleaner and sustainable ____ options.
 Will this ____ of eco-friendly ____?
 ____ renewable energy certificates be used ____ the ____ of ____ provided ____?
 ____ RenewablEnergy Certificates be ____ of clean and ____?
 Will ____ assertion hold ____ if ____ the ____ renewable certificates ____ included?
 Should renewable energy certificates ____ as ____ claim for ____ and ____ electricity ____?
 Do ____ Renewable ____ help ____ your claim for ____ and ____ electricity ____?
 Can ____ prove that ____ are ____?
 ____ Renewable Energy ____ of providing sustainable electricity services?
 ____ Energy ____ show you ____ offering ____ and renewable ____?
 Will ____ assertion hold up with ____ the use ____ certificates?
 ____ renewable energy ____ a valid ____ for ____ to show ____ sustainable ____ services?
 Can ____ depend on ____ Renewables ____ green our electrical ____?

Does Renewable Energy _____ support claims _____ by _____ long-term _____?

Will _____ Renewable _____ back _____ eco-friendly energy services?

_____ we _____ of delivering _____ with renewable _____ certificates?

_____ Energy Certificates _____ to show _____ you are _____ sustainable _____ electricity?

Is Renewable Energy _____ your _____ sustainable _____ claim?

_____ proof _____ for electricity companies' _____ record?

Is _____ electrification _____ providing clean, _____ energy sources?

_____ show that you're really offering _____ and _____ electricity?

_____ renewable _____ certificates _____ for the _____ of _____ provided by _____?

_____ Electric Suppliers' _____ of _____ energy backed _____ Renewables _____?

Are _____ Certificates _____ your claim _____ provide sustainable electricity services?

Will _____ Service _____ be able to _____ offer _____ based _____ certificates?

_____ you offer _____ electricity, _____ Renewable Energy _____ enough _____ prove it?

Electricity Suppliers make claims _____ environmentally-friendly _____ lasting electric _____ Certificates.

Are renewable _____ certifications _____ evidence for electric suppliers to _____ clean _____?

_____ be _____ of clean and sustainable electricity _____.

Is _____ enough evidence _____ clean, sustainable power _____?

_____ a _____ validating _____ Electric Supply's renewable _____ claims?

_____ renewable _____ certificates help _____ that _____ are clean and _____?

_____ there _____ Energy Certificates to support clean _____ suppliers?

Can _____ confirm the green and sustainable _____?

Electricity suppliers use renewable _____ to show _____ their _____.

_____ certificate make up for _____ promise of clean, durable electricity _____?

Will a _____ validating _____ justify Electric _____ claim _____ renewable _____ supply?

Is _____ Energy Certificates _____ of your _____ power?

Are _____ to _____ your _____ of _____ sustainable and _____ electricity services?

_____ energy certificates _____ valid _____ suppliers to show _____ and sustainable _____ services?

_____ the Renewable _____ Certs _____ that _____ to green power _____?

Are _____ energy certificates _____ you're providing clean _____ electricity?

_____ be _____ as proof _____ your _____ of clean and _____ services?

_____ the green and _____ of supplied electricity _____ certificates?

_____ the _____ Energy Certificates _____ your _____ for clean _____ sustainable _____?

Will renewable _____ help prove _____ suppliers _____ sustainable electric services?

Do these _____ your _____ eco-friendly energy _____?

Will _____ validating usage certificates justify _____ Supply's _____ pertaining to _____?

_____ only the use of renewable _____ will _____ clean power _____?

Will the _____ for Electricity Suppliers' _____ of providing _____ services _____ from _____ Energy _____?

Does _____ certificates _____ the green and _____ supplied _____?

_____ Energy Certificates _____ that Electricity Suppliers _____ and _____ services?

I _____ know _____ I _____ your electric company's claims of being all clean _____ because _____

_____ renewable energy certificates tell _____ is _____?

_____ renewable energy certificates _____ clean _____?

_____ clean power claim _____ up with the _____ renewable _____?

Is _____ proof of _____ and _____ electricity supply?

_____ rely on the _____ Energy Certificates to _____ your _____ claims?

Electricity suppliers _____ justified _____ Renewable Energy Certificates _____ cleaner, more _____ solutions.

_____ the _____ of renewable _____ certificates _____ to vouchsafe _____ claim of _____ power?

Is RenewablEnergy Certificates Proof _____ sustainable _____?

_____ Renewable _____ Certificates _____ of _____ commitment to delivering green _____?

Will _____ Electricity _____ clean power _____ hold _____ the use _____ certificates?

Is holding _____ renewable _____ an _____ of an _____ Supplier's _____ durable electricity?

_____ Energy _____ supporting claims of long-term _____?

Is it possible _____ Providers _____ that they _____ based on _____ certificates?

_____ like _____ know if I can _____ electric company's claims of _____ clean _____ just because _____ some _____ energy

Are _____ Energy _____ of green _____?

_____ for Electricity Suppliers to use Renewable _____ to _____ their _____ sustainable _____?

Will these renewable _____ claims for _____ energy _____?

_____ Renewable Energy Certificates _____ serve as _____ of _____ for _____ sustainable _____ services.

Are _____ Certificates proof that you're offering _____ options?

_____ designation validifying usage certificates _____ Supply companies' _____ sources?

Can they support electric service providers' _____?

Are _____ enough renewable _____ certificates _____ support _____ about _____ green _____?

_____ use of renewable _____ will _____ Suppliers' _____ power assertion hold _____?

_____ it valid _____ Renewable Energy Certificates _____ of _____ power?

_____ we rely _____ Renewables certificates _____ how _____ service is?

_____ for _____ service providers _____ energy based on certificates?

Can you _____ those _____ Energy _____ to _____ up _____ electric service claims?

Can Renew _____ Certs _____ clean and renewable _____?

Will Electricity Suppliers' clean power _____ use _____ certificates?

Can _____ Energy _____ prove _____ electric _____ sustainable?

Is _____ enough proof _____ your _____ sustainable claim?

Can renewable energy _____ prove _____ you have clean _____?

Will _____ suffice as _____ for _____ Suppliers' _____ of _____ clean and _____ services?

Is _____ use of _____ energy certificates _____ suppliers?
