

[Demo] NLP Dataset for Customer Service Automation

Company Type	Smartphone Manufacturers
Inquiry Category	Pre-sales inquiries and product recommendations
Inquiry Sub-Category	Durability and Protection
Description	Customers inquire about the durability of smartphones, including materials used, protective features like water and dust resistance, and potential warranty coverage.
Data Size	5,006 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Smartphone Manufacturer" customer inquiry. (Purchased data will not be masked.)

_____ of physical _____ have _____ conducted _____ to assess their durability?
_____ tests for device endurance?
_____ you conduct _____ to make _____ that the devices _____?
_____ have been subjected to _____ to _____ they will last.
Did you do _____ tests _____ see how _____ will _____?
How _____ devices tested _____ their _____ resilience?
What _____ stress _____ have _____ done to _____ the devices will _____?
Have you done physical _____ tests _____ devices _____ they _____ strong?
_____ tests have been _____ to _____ of these Devices?
_____ tests to see _____ the _____ are?
How durable _____ these devices, _____ stress tests?
_____ types _____ physical stress _____ are _____ on some _____ to see _____?
_____ are _____ tests _____ check the _____ levels?
To _____ howdurable the _____ are, how _____?
_____ a _____ of stress _____ the _____ determining their staying power?
_____ you know the types of _____ stress _____ do _____ measuring _____?
_____ about Stress _____ how durable _____ devices are?
_____ you _____ if _____ physical testing in _____ to determine theirDurability?
What _____ of tests are done _____ see _____ are?
_____ me about the _____ your products go _____ order _____ determine their longevity?
_____ stress _____ checked _____ resilience?
I _____ curious _____ to _____ physical stress _____ perform on your _____ for testing _____.
_____ would _____ to know _____ types of physical _____ tests _____ do _____ durability.
What type _____ stress _____ to determine _____ of these devices
What _____ tests _____ to _____ the strength of the _____?
_____ tell me _____ physical testing that is _____ to determine theirDurability?
_____ the _____ physical _____ done _____ ensure their longevity?
_____ to find out how long these devices will _____?

____ physical stress tests ____ been ____ the ____ of ____ devices?
 ____ physical stress testing conducted ____ products for ____?
 ____ for their resilience under physical ____.
 ____ is a type ____ tests done ____ products ____ assess ____ staying power.
 What types ____ physical ____ on ____ see if they can ____ damage?
 ____ to see ____ the devices are?
 Can ____ tell ____ the products are ____ to determine theirDurability?
 Did you ____ stress ____ make the devices ____?
 ____ a type of ____ done ____ products to assess their ____?
 Did you conduct ____ stress ____ make ____ live?
 Is ____ a stress ____ that ____ carried ____ to ____ their ____?
 What testing has ____ the strength of ____?
 ____ you ____ the ____ these ____ with physical stress ____?
 ____ kind of stress ____ were done ____ long the device ____?
 ____ of ____ are used to determine ____ endurance ____?
 Did ____ stress tests ____ these devices to see ____ it?
 Is ____ type of ____ conducted on ____ the ____ of ____ resilience?
 ____ you test ____ of ____ devices ____ physical stress?
 ____ their resistance to stress and durability?
 What ____ of ____ performed to determine the ____ of ____ devices?
 ____ tests have been done to figure ____ of ____?
 Do ____ check ____ resilience of ____ physical stress ____?
 Did you perform physical ____ tests ____ to ____ long ____ lifetime will ____?
 ____ of stress ____ were done ____ see ____ durable these ____?
 I'm wondering ____ your ____ are subjected ____ testing in ____ theirDurability
 What were ____ physical ____ assessments ____ resilience?
 Devices were ____ their resilience ____ stressors.
 Were any stress ____ make ____ were sturdy?
 ____ you ____ physical ____ to see ____ strong these ____ are?
 Is there a type of ____ stress ____ products to ____?
 ____ devices ____ for resistance against physical ____?
 What physical challenges ____ put through ____ is ____ lasting?
 ____ any ____ tests for device ____?
 ____ been done to see ____ strong ____ are?
 Did you ____ strenuous tests ____?
 The ____ these devices ____ that ____ know ____ they really are ____ question.
 How ____ these devices ____ to ____ to ____ stress?
 ____ tests ____ done to evaluate ____ devices' ____?
 Physical stress ____ on some ____ their resilience.
 Have any ____ stress trials ____?
 Did they ____ specific stress ____ verify ____ sturdiness?
 ____ use ____ tests to check ____ strength of ____ devices?
 Any ____ tests ____ for device ____?
 ____ is the ____ of stresstesting these ____ so we ____ these ____ last?
 ____ kind of ____ have been done ____ of the device?
 Can you ____ me ____ testing ____ takes place ____ order ____ determine ____ of ____ products?
 ____ are physical ____ on ____ products to assess their ____.
 Did ____ be done to ____ sure their ____?
 What ____ tests were ____ to see ____ device is?
 What ____ stress tests ____ to make sure these ____ are _____.

_____ of _____ done on these devices to see _____ long _____ will _____?

_____ you done stress _____ the devices _____ make _____ they _____?

Did you _____ tests _____ devices to make _____ they _____?

What tests have been performed _____ the _____?

_____ kinds of _____ are used _____ device's _____ level?

Is there _____ tests _____ have done _____ see how durable _____?

What _____ were _____ device _____?

_____ stress tests to _____ how _____ the devices _____.

I _____ if _____ subjected _____ testing in order to determine theirDurability.

I would _____ the _____ stress _____ they _____ for measuring durability.

Do _____ physical stress _____ check _____ sturdy these devices _____?

The _____ were tested _____ their _____ against physical _____.

_____ of stresstesting the _____ that we can _____ how _____ they can _____?

Does _____ what _____ of physical stress testing _____ products to _____ their ability _____ resist _____?

How about _____ tests _____ want to see _____ durable _____?

What kind of _____ has been _____ to make _____ durable?

Did you _____ tests _____ devices to _____ theirLongevity?

_____ there stress _____ done to _____?

_____ you use physical stress _____ of these _____?

What _____ done to see _____ these devices are?

What type _____ tests _____ been done _____ determine the _____ of _____?

_____ is _____ of _____ the devices _____ how long they _____?

_____ types _____ tests have _____ performed _____ sure _____ items are durable?

Did you _____ physical _____ longevity _____ the devices?

What _____ stress _____ been conducted to _____ these items _____ durable?

_____ type _____ stress testing _____ done to _____ sure _____ items are _____?

Physical trials _____ performed _____ see _____ the devices _____.

_____ there a _____ stress test done _____ for assessing _____?

The _____ were _____ to physical _____ to see _____.

_____ assessments were _____ device robustness.

_____ were _____ tested to _____ how _____ they were?

_____ it known _____ types _____ physical stress _____ evaluate _____ ability _____ resist damage?

_____ these _____ get tested _____ their resistance _____ physical _____?

_____ you use physical _____ tests _____ these devices' _____?

_____ the process of _____ these _____ so _____ we _____ how _____ they _____?

Do you perform physical _____ tests _____ how _____ they last?

Do the _____ stress _____ check _____ durable _____ are?

Do _____ physical stress tests to _____ sure _____ are _____?

Is there _____ assessment _____ robustness?

What _____ tests have been done to _____ the _____ devices?

_____ stress testing _____ on some _____ to _____ their _____?

What _____ stress _____ have been performed to make _____ the _____?

Do _____ conduct _____ stress tests on _____ devices to _____?

_____ the _____ that _____ the _____ endurance?

What type _____ been performed to make sure _____ durable?

_____ for _____ strength against physical stressors.

What _____ challenges did _____ put _____ place _____ the _____ lasts?

Did _____ physical stress _____ longevity _____ the devices?

Which physical stress _____ help _____?

The _____ resilience against physical _____.

What kind ____ stress ____ have you done ____ how ____ devices ____?
 ____ want to ____ which ____ assessed ____ durability.
 Is ____ physical stress testing is ____ products ____ see how ____ up?
 ____ physical stress tests are ____ evaluate ____ durability ____ these ____?
 Is there ____ stress ____ done ____ the products for assessing ____ ____?
 ____ physical ____ show the ____ of these ____?
 Did ____ conduct physical ____ devices to ____ their longevity?
 ____ check the device's ____?
 ____ you ____ me about the physical ____ of your ____ determine ____ of your ____?
 What ____ the ____ evaluate these devices' strength?
 ____ physical trials ____ device's ____?
 How are the devices ____ for ____ to ____?
 ____ test ____ physical ____ to ____ how long they'll last?
 ____ type of Stress ____ were done to ____ howdurable ____?
 Do ____ use physical ____ tests ____ that ____ devices ____ sturdy?
 Can ____ tell ____ which ____ assessed ____ resilience?
 What ____ have ____ to evaluate ____ the devices?
 What ____ stress testing ____ done ____ sure these ____ are durable?
 How ____ stresstesting ____ help ____ how durable they ____?
 To see howdurable ____ device ____ what ____ of ____ were ____?
 ____ you ____ physical stress ____ check the ____ longevity?
 ____ want ____ if your ____ to physical ____ in order ____ determine their ____.
 Have you ____ stress tests ____ these devices ____ handle it?
 ____ stress ____ to evaluate howdurable the ____?
 Which physical stress ____ the ____?
 ____ physical stress tests ____ check how ____ these gadgets ____?
 ____ you use physical stress ____ to ____ devices are ____?
 ____ stress ____ have been done on ____ to measure ____?
 How were these ____ their ____?
 Were there any ____ endurance ____?
 How were these ____ for ____ to ____?
 ____ there a ____ of ____ stress ____ products to evaluate ____ staying power?
 ____ resilience was tested against ____.
 ____ you ____ physical ____ on ____ devices to ____ long they ____ last?
 How ____ stress ____ see howdurable ____ devices ____?
 What ____ of ____ been ____ to ____ the strength ____ devices?
 ____ is the ____ of stresstesting ____ see ____ durable ____ are?
 Which ____ assessments ____ for ____ robustness?
 Did ____ tests ____ see how ____ the device ____ last?
 What is the process of stresstesting ____ we know ____ really ____?
 ____ any ____ assessments done ____ device robustness?
 ____ tough trials ____ see ____ they are?
 ____ kind ____ stress tests ____ been done to ____ power of ____?
 ____ test the devices for ____ see ____ they will ____?
 ____ if ____ to physical ____ in order to determine theirDurability.
 The devices ____ physical ____ performed to ____ power.
 ____ is ____ of stresstesting ____ see ____ stable they are?
 Do you use ____ tests ____ check ____ longevity ____ the ____?
 What kind ____ stress ____ done to assess ____ device's ____?
 ____ stress tests to see how ____ the ____?

____ you conduct ____ see how long the devices ____?
 ____ have been ____ measure the strength of these ____?
 ____ for ____ resilience against ____ stressors
 ____ have ____ tests conducted ____ sure these items ____ durable.
 Is it known ____ of ____ stress ____ are done ____ products ____?
 What ____ of ____ tests ____ been conducted to make ____ these ____?
 Which physical stress ____ evaluate ____ resilience ____.
 What ____ assessments ____ done ____ device ____?
 ____ are ____ devices ____ their resilience?
 ____ you use ____ stress ____ to determine ____ durable the ____?
 ____ did they ____ devices for ____ to stress?
 Do you ____ physical ____ tests ____ how ____ the ____ is?
 ____ you ____ the ____ these ____ through ____ stress tests?
 Which tests ____ measure the strength ____ devices
 What is ____ of ____ devices to ____ how ____ will ____?
 ____ you ____ stress tests ____ the devices ____ see how ____ are?
 ____ you ____ physical stress tests ____ out ____ long ____ devices will ____?
 ____ kind of stress ____ been done ____ see how ____ devices ____?
 ____ there any ____ stress ____ products for ____ their staying power?
 Is there a ____ physical stress test ____ for assessing their ____?
 What type ____ tests have ____ to assess ____ device's ____?
 Can you ____ your products ____ subjected to ____ in ____ to ____ theirDurability?
 Is there ____ of physical ____ that is done ____ resilience ____?
 ____ curious ____ you perform physical stress ____ on your ____ for ____.
 What ____ performed ____ assess the strength of ____?
 What tests ____ device robust?
 Did you ____ physical ____ tests ____ long ____ devices ____ last?
 ____ stress tests test ____?
 Do you use ____ stress ____ to make ____ is ____?
 ____ stress ____ have been done ____ make ____ items are durable?
 ____ some ____ tests ____ endurance?
 What ____ checks the devices' ____?
 I ____ like ____ know whether your ____ subjected to physical ____ determine ____.
 Did you conduct ____ tests to ____ survive?
 Which physical ____ the devices ____?
 ____ tests were done to assess ____ strength ____ the ____?
 What ____ the process of ____ these ____ to make ____ durable?
 What ____ were ____ to ____ howdurable ____ device ____?
 ____ endurance ____ these ____ been ____ through stress tests?
 Is there ____ type ____ physical ____ conducted on ____ resilience?
 Did ____ conduct physical ____ on ____ make sure ____ longevity?
 How were these devices ____ see ____ are?
 ____ use ____ stress tests ____ make ____ that ____ are strong?
 Do ____ tests ____ check the devices' reliability?
 ____ you ____ me ____ types of physical ____ tests ____ do ____ measuring ____?
 ____ want ____ know if you perform physical ____ tests ____ your ____.
 Did you test the ____ physical ____ last longer?
 What is the ____ of stresstesting ____ know how ____ they ____ last?
 Is ____ a type ____ stress testing ____ resilience ____ is ____ on ____?
 ____ devices tested ____ to physical stress.

_____ you do _____ stress _____ how long their lives will last?

_____ stress _____ rate the _____ strength?

Which _____ stress _____ at _____ device's _____?

What types of _____ stress _____ on _____ products _____ their resilience?

What is _____ process of _____ see how _____ they _____?

_____ many physical _____ were done _____ robustness?

_____ the _____ been _____ endurance?

Do _____ physical stress _____ check _____ strength of _____ devices?

What _____ of stress _____ were _____ to see _____ the _____?

_____ about stress tests _____ device?

_____ physical _____ tests test _____?

_____ there a _____ of physical _____ that _____ on _____ testing resilience?

What tests _____ done _____ assess _____ strength of _____?

Is _____ used to _____ strong _____ devices are?

_____ to know about the physical _____ with _____ devices.

What _____ done _____ durable these devices are?

Is there a type _____ stress _____ products _____ assess _____ staying _____?

Do you use physical _____ make _____ is durable?

_____ of _____ tests _____ conducted _____ make sure these items _____ strong?

_____ strenuous testing _____ device _____ done?

_____ were _____ tested to _____ resilience?

What is _____ of _____ devices to see how _____.

_____ did you _____ through to make _____ this _____ lasts?

What is _____ process _____ to see _____ durable they can _____?

_____ is the process of stresstesting _____ that _____ can see how _____?

What sort _____ stress _____ been _____ determine _____ of the devices?

What is _____ process _____ to see how _____ will continue to _____?

What kind _____ tests _____ been done _____ longevity of _____ devices?

Which _____ straights have been tested _____ strong?

How is stresstesting the _____ see _____ last?

What _____ trials _____ device _____?

What kind _____ have _____ done to assess _____ of _____?

_____ types of _____ done to _____ sure the devices _____?

What _____ stress tests have been _____ theDurability _____ these _____

_____ of _____ have _____ done to determine the _____ the _____?

stress _____ the devices are.

_____ physical _____ tests _____ check how durable the _____ is?

_____ process of stresstesting the _____ to see _____ are.

Howdurable is the _____ what _____ were done?

What _____ tests _____ been done on the _____ make sure _____ durable?

What is the process of _____ we can see _____ can _____?

_____ you do physical _____ the devices _____ see _____ they will _____?

Is there _____ stress _____ on products _____ the testing of their _____?

What _____ tests have been done to _____ of _____ devices

_____ physical _____ been done _____ measure the _____ of _____ phones?

_____ is _____ process _____ testing these devices _____ we know _____ they really _____?

_____ type _____ stress _____ done _____ see _____ the devices are durable?

Did you _____ stress tests _____ for the _____?

_____ for their resilience _____ stress.

_____ any _____ tests you did _____ device _____?

What ____ of ____ tests have been ____ make ____ these items ____ ?
 Do ____ physical ____ to determine ____ the devices ____ last?
 ____ are ____ to see how durable these devices are?
 How ____ stress ____ to ____ what durable ____ are?
 I want to ____ are subjected ____ physical ____ to ____ their ____ viability.
 ____ conduct ____ for ____ devices to ensure longevity?
 ____ types of ____ tests ____ done ____ the devices are durable?
 Have you ____ these ____ with ____ stress tests?
 ____ stresstesting these devices ____ that we ____ they are durable?
 Which ____ have been carried ____ devices ____ measure their resilience?
 ____ there ____ any ____ stress trials ____ check ____ resilience?
 How about ____ to ____ devices ____.
 ____ does ____ devices to ____ stable they ____?
 What physical ____ were done to ____ ?
 ____ tested for their resistance to ____ stress.
 These devices' ____ evaluated ____ which ____ stress ____.
 ____ you have ____ stress ____ on ____ to ____ their resilience?
 Have stress tests been ____ on ____ the ____?
 What ____ the ____ of stress ____ these devices ____ see ____ they ____?
 How are ____ for resistance ____ stress?
 ____ types ____ stress tests were ____ to see ____ device ____?
 I ____ these devices were ____ rigorously for ____.
 What ____ devices ____ that we know how durable they ____?
 Can ____ about ____ your products are ____ to in ____ to determine ____?
 ____ challenges ____ you go through to make ____ long- lasting?
 ____ of ____ tests have ____ done to ____ the devices ____ last?
 Do ____ tests to see ____ durable the ____ are?
 ____ physical stress ____ were ____ the device strong?
 ____ know the ____ of physical stress tests ____ they do ____.
 Have you done physical ____ on ____ see how long ____ ?
 Devices ____ tested for ____ physical ____.
 How ____ tests to ____ devices ____?
 ____ the physical trials assessed device's ____?
 Is there ____ out to ____ their sturdiness?
 Can you ____ me ____ the physical ____ go ____ in ____ to determineDurability?
 Which ____ tests have ____ to ____ the strength ____ the ____?
 Is ____ a physical stress test ____ for ____ their longevity?
 ____ see howdurable the ____ what ____ were done?
 ____ howdurable the ____ are, ____ about ____ testing?
 ____ physical ____ were ____ in ____ make ____ the device ____ long- lasting?
 What are ____ tests that ____ done ____ how ____ devices are?
 ____ there any ____ done to ____ their ____?
 What physical ____ evaluate ____ strength?
 ____ the ____ are, what ____ of ____ tests were ____?
 ____ of these ____ evaluated by ____ physical stress ____?
 ____ the ____ stresstesting these devices ____ sure we know ____ durable ____ are?
 ____ is ____ stresstesting these devices ____ that we can see ____ can ____?
 Is there ____ type ____ physical stress testing ____ is conducted on ____?
 I am ____ about the physical ____ your ____ subjected to in ____.
 Do you ____ to make sure the ____ are ____?

I ____ like ____ know the ____ testing that ____ to ____ order to ____ theirDurability.
 What kinds of ____ were ____ to ____ strength ____ devices?
 To see ____ the device ____ of stress ____ performed?
 What ____ challenges did ____ put ____ sure the ____ lasted?
 ____ conduct physical stress ____ on ____ to see ____ long they ____ last?
 ____ if your products are subjected to ____ testing in ____.
 Can you tell me ____ physical ____ tests that ____ to ____ durability?
 Is there any type of ____ longevity ____ on the ____?
 ____ physical ____ determine ____ device's strength?
 Is there ____ type ____ the products ____ assess their ____ power?
 ____ are physical stress tests done on ____ staying ____.
 ____ had stress ____ to ____ their sturdiness.
 Which ____ tests ____ been ____ measure ____ strength of the ____?
 Is ____ assessing device durability ____?
 ____ a type ____ done on products to ____ sure ____ are durable?
 ____ you ____ for physical stress to ensure ____?
 Were there ____ stress ____ done ____ are sturdy?
 ____ known ____ testing is done on ____ to ____ they can ____ damage?
 ____ conduct ____ tests to ____ how long devices will ____?
 ____ conduct ____ stress ____ on the devices ____ know ____ long they ____?
 Is physical ____ used ____ the ____ of ____ devices?
 Do ____ use ____ stress ____ measure ____ strength of these ____?
 ____ physical stress ____ to make ____ that ____ are strong?
 ____ tests on the devices ____ find ____ how ____ they'll last?
 What physical challenges were put in place ____ sure ____?
 ____ you ____ out ____ tests on ____ devices to see how long ____?
 Do you use ____ stress testing ____ how ____ the ____?
 ____ you use physical ____ to ____ sure the ____ are ____?
 What are ____ tests ____ are used to ____ devices' ____?
 What ____ the ____ stresstesting these ____ so ____ see ____ they will work?
 ____ been done ____ see if they are ____?
 What specific tests has ____ to ____ strength ____ these ____?
 Did you ____ tests ____ the ____ see how long their ____ would ____?
 ____ you ____ stress tests on ____ to make them ____?
 ____ any ____ physical stress testing for ____ products?
 ____ use physical stress tests ____ see ____ devices ____?
 What ____ were done ____ the device ____?
 ____ done ____ on these ____ make sure they are reliable?
 Did ____ stress tests to ____ sure the ____ alive?
 What ____ the ____ of ____ devices ____ that we ____ how ____ they really ____?
 What ____ challenges did you ____ on ____ sure it ____?
 ____ durable are these ____ done physical stress tests ____?
 ____ you conduct physical stress ____ to ____ long the device's ____?
 What ____ the process of stresstesting ____ durable ____ really are?
 Do they ____ test ____ see howdurable they ____?
 ____ want ____ know about ____ physical ____ that the ____ through.
 What type of stress ____ have ____ conducted ____ make ____ these ____?
 Do ____ use physical stress ____ stability of ____ devices?
 I'd like ____ if your products are ____ testing ____ order to ____ viability.
 How ____ tested ____ their resilience ____ stress?

Have _____ done to judge _____ strong _____ are?

Have _____ devices _____ for _____?

_____ to _____ if your _____ subjected to _____ testing in order _____.

_____ type of _____ tests done _____ the longevity of _____ products?

_____ devices _____ trials _____ to _____ their lasting power.

Which _____ to measure _____ strong these _____ are?

Is _____ a type of _____ the products for _____ power?

Which _____ stress _____ used to _____ of these devices?

_____ do stress tests _____ to see what _____ handle?

_____ of stress _____ was _____ to see how _____ device _____?

Is it _____ what physical stress _____ is _____ a product's _____ resist _____?

_____ see _____ the device, what _____ of _____ were _____?

Can you _____ the physical testing done on _____ theirDurability?

What _____ stress tests have _____ done to _____ are durable?

Which _____ have _____ to measure these _____?

Did _____ do _____ stress _____ devices _____ see _____ strong they are?

Have _____ done _____ stress tests _____ devices to make _____ are _____?

What kind _____ tests _____ been _____ make _____ these _____ are durable?

_____ you _____ physical _____ to _____ the devices are _____?

Did you _____ physical _____ to figure _____ how long the _____?

_____ howdurable the _____ are, what _____ of _____ were done?

_____ to _____ if _____ assess _____ durability through strain.

_____ you tell me _____ the _____ testing _____ order to determine theirDurability

What is _____ to _____ out _____ the devices are?

_____ were these devices _____ to _____ they would _____?

How was the _____ for resistance _____?

_____ you _____ physical stress tests _____ sure _____ devices last?

_____ do _____ stress tests to make _____ the _____ are _____?

What types _____ tests _____ been _____ for the _____ of _____?

_____ have _____ put forth to make _____ they are _____?

_____ there a _____ physical _____ tests done for assessing _____ of _____?

What tests _____ done to _____ the _____ are _____?

_____ am curious about the types _____ physical _____ test you _____ your _____ resilience.

_____ physical _____ assessed the _____?

What _____ of physical stress _____ are _____ for _____ evaluate _____?

_____ physical stress _____ are _____ assess the _____ of these _____?

Do you conduct _____ stress _____ to see how _____?

What _____ stress tests _____ done to _____ the _____ of _____ devices?

_____ you _____ tests to check the _____?

Did _____ conduct _____ tests _____ the devices?

What _____ to _____ these _____ that we _____ how _____ they are?

_____ type of _____ tests _____ make sure these items are _____?

What _____ stress tests have _____ determine _____ of these _____

Do _____ conduct physical _____ check the longevity of _____?

What is _____ process _____ these _____ to make _____ they _____?

_____ stress trials _____ their _____?

What _____ stress _____ on some products to _____ if they _____ perform?

Did you _____ tests _____ the devices _____ find _____ long their _____ last?

_____ stress _____ device resilience?

_____ physical _____ on _____ for the testing of _____ resilience?

_____ there _____ of stress testing _____ products for _____ of their _____?
 _____ you do _____ testing _____ to see _____ they will last?
 What _____ of _____ are used _____ make _____ items are _____?
 Did you use _____ stress _____ to _____ long the _____ will _____?
 Is _____ done on some _____ see how well they _____?
 Do _____ testing to check the strength of _____?
 _____ am _____ testing _____ your products are _____ to _____ order to determine _____.
 What _____ have been done _____ determine _____ of _____ devices
 Is there a _____ of _____ testing that is _____ on _____ see how _____?
 Did you _____ physical _____ tests to _____ for _____?
 _____ checks the devices' _____?
 What _____ of tests have _____ to make _____ are _____?
 What _____ of _____ done to _____ howdurable _____ device are?
 _____ do _____ stresstest _____ devices _____ see _____ they are?
 _____ physical stress _____ robustness exist?
 What is the process _____ testing _____ devices to see _____?
 _____ stress _____ done to see _____ these _____ are?
 To _____ howdurable the _____ are, _____ were done?
 _____ any _____ of device strength _____?
 _____ sort of stress _____ done to determine the _____ devices?
 What _____ the process of _____ these devices _____ see _____?
 Pressure _____ to _____ durable these _____.
 _____ stress _____ assess _____ resilience of _____ devices?
 _____ stress tests for _____?
 _____ assessments _____ for device protection?
 What _____ the _____ of stresstesting devices to _____ can _____?
 _____ types _____ stress testing are done _____ products _____ assess _____?
 How _____ tests to _____ durable _____ devices are?
 Which _____ stress tests _____ strength
 _____ types of Stress tests _____ done _____ the _____ are?
 What tests _____ devices' _____?
 Did _____ stress _____ on the _____ make sure _____ longevity?
 _____ would like to know _____ testing _____ products _____ to in order _____ determine theirDurability.
 _____ use physical stress tests to _____ long the _____?
 _____ have been conducted _____ the strength of _____ devices
 Which physical _____ durable _____ is?
 _____ you _____ stress tests to see _____ long _____ device _____?
 _____ you _____ your _____ are subjected _____ testing in order _____ determineDurability?
 Do you perform _____ tests _____ determine _____ the _____ are?
 I _____ know about _____ testing _____ subjected to in order to _____ theirDurability.
 Are _____ strenuous _____ device _____ done?
 _____ you _____ physical _____ how long _____ devices will last?
 How are the _____ resilience?
 What tests have been _____ measure _____ devices?
 _____ use physical _____ how long the device _____ last?
 _____ devices were _____ their resilience under _____.
 Do _____ tests to _____ out how _____ the devices _____?
 _____ the _____ of stresstesting the _____ how long _____ last?
 _____ tests done on _____ products for _____ longevity?
 _____ the _____ physical stress _____ to _____ their staying power?

Is there _____ stress tests done _____ assess the _____ of _____?

What _____ been carried _____ assess _____ strength _____ the devices?

Check _____ the _____ by _____ stress tests.

_____ me _____ the physical _____ used _____ determine theDurability of your _____?

_____ tests evaluated these _____ strength?

_____ you _____ how durable _____ devices are _____ performing _____ tests?

_____ perform _____ tests to ensure _____ longevity?

I am curious if you _____ stress _____ products.

How _____ stress tests _____ out _____ the _____ are?

_____ were _____ to measure the _____ of these _____?

_____ tested for resilience _____ stressors.

_____ need to know the _____ stress _____ that _____ perform _____ durability.

_____ tests were _____ assess the strength of _____ devices?

Did _____ test _____ devices _____ they hold up _____ pressure?

_____ stress testing _____ on some products to _____ strong _____?

_____ you know _____ products are _____ testing _____ order to _____ theirDurability?

_____ tests were _____ the strength of _____ devices?

What _____ of stress tests _____ been done _____ theDurability _____

_____ of stress _____ have _____ done _____ determine the _____ of the _____?

_____ was put through physical _____ it was _____ lasting.

What sort _____ tests have been _____ to _____ these _____ are _____?

_____ type of _____ have been _____ to make _____ items _____ durable?

_____ of stress _____ been used _____ determine the longevity _____ these _____?

_____ it _____ of physical stress testing _____ done _____ evaluate the _____ of _____?

_____ howdurable _____ how about stress _____?

_____ kinds _____ used to _____ the devices' endurance _____?

_____ there _____ stress assessment _____ out _____ their sturdiness?

_____ you _____ stress tests _____ how durable _____ devices are?

Did _____ to see how long _____ will last?

Do _____ physical stress _____ find out how _____ devices _____?

_____ you _____ stress _____ on _____ devices _____ know _____ long their _____ will last?

_____ you _____ physical _____ devices to determine how _____ they will _____?

Which physical _____ evaluation the _____?

Did you _____ physical stress _____ devices _____ see how _____ will _____?

_____ kind of tests _____ used to _____ devices _____?

Is _____ products _____ to _____ testing to determine theirDurability?

Is there _____ exams that _____ durability _____?

_____ tested _____ long-term strength?

What type of stress _____ done in _____ see _____ is?

Have you performed _____ on these _____ to _____ they are _____?

_____ there any type of _____ done _____ products _____ assess their _____?

_____ you _____ stress _____ to _____ how sturdy _____ devices are?

_____ know if your products are _____ physical _____ in order _____ theirDurability.

Is _____ type of physical stress _____ of the products?

Is _____ stress testing _____ on some _____ see if they _____?

_____ see howdurable the _____ are, _____ stress tests.

Do you _____ stress _____ find _____ how sturdy _____ devices _____?

I _____ know _____ your _____ are subjected _____ testing _____ order to determine _____ long term _____.

Did _____ conduct _____ stress _____ the _____ order to _____ their longevity?

_____ tests to see howdurable _____ devices _____?

What ____ the ____ to ____ how durable ____ items are?
 ____ you conduct physical ____ the devices ____ ensure the ____?
 ____ assessment that was done ____ check their ____?
 Is there any specific stress ____ that ____ done ____?
 What are ____ that ____ the ____?
 Can ____ the types ____ physical ____ tests they ____ for measuring ____?
 Which ____ stress ____ determine the ____?
 Did ____ conduct physical stress ____ on ____ they last?
 ____ physical ____ tests ____ on ____ assessing their staying power.
 I wonder if ____ any exams ____ resilience ____.
 What is ____ of stresstesting ____ so ____ know how ____ they ____?
 ____ devices ____ for resistance to ____?
 What types of physical stress testing are ____ to ____?
 Can you ____ physical ____ that ____ products ____ subjected to ____ theirDurability?
 ____ about ____ to see ____ devices ____?
 ____ there ____ device ____ that were strenuous?
 ____ tests have been ____ to ____ of ____ devices?
 Did you ____ stress tests on the ____?
 ____ stress tests ____ been ____ to ____ sure these ____ are durable?
 Is physical ____ testing done ____ some products ____ see if ____ it?
 Did ____ any ____ device endurance?
 What ____ tests check ____ endurance ____?
 ____ kind of stress ____ done ____ how long these ____ last?
 ____ there a type of physical stress ____ products ____ resilience?
 ____ been done on ____ make ____ they are durable?
 What ____ stress ____ were ____ to see ____ device ____ durable?
 Can ____ tell ____ about the ____ you ____ your ____ to determine ____?
 Do you check how ____ devices ____ physical ____?
 ____ you conduct ____ stress tests ____ figure ____ long they will last?
 The ____ was ____ physical challenges ____ make ____ is long-lasting.
 ____ you conduct physical ____ on ____ know ____ long ____ lifetime will last?
 ____ tests ____ the resilience of these ____
 How did ____ for device ____?
 ____ types ____ have ____ to determine the longevity ____ these devices?
 Can you ____ about ____ your ____ in order to determine theirDurability?
 Can you ____ about the physical testing ____ are subjected ____ determine ____
 Have tough ____ been ____ evaluate ____ strong ____ are?
 ____ physical ____ testing ____ products ____ the testing ____ resilience?
 Did you ____ devices ____ how long ____ lifetime will last?
 ____ stress ____ used to ____ how sturdy ____ are?
 ____ there a ____ stress ____ done for assessing ____ power ____ the ____?
 Did ____ stress tests ____ the devices to ____ how ____ live?
 Is ____ a type ____ stress test ____ to ____ their staying ____?
 ____ these devices ____ tested for resilience ____ physical ____?
 Did ____ physical ____ tests to ____ sure ____ devices live ____?
 ____ perform ____ stress ____ on these devices to ____ sure ____ are ____?
 ____ you conduct ____ stress tests ____ to ____ longevity?
 Do you ____ tests to ____ out how ____ the ____?
 Did ____ test the ____ can ____ up under pressure?
 ____ you have physical ____ tests ____ on ____ see ____ long their lives ____?

_____ are, how _____ stress tests.

Did _____ tests to see how _____ devices last?

What type of _____ tests _____ been _____ sure these _____?

Have the stress _____ endurance of _____?

_____ you use physical stress tests _____ how sturdy _____?

_____ devices _____ to physical stress?

_____ is the device, what _____ of _____ performed?

What _____ of _____ have been done to _____ durable?

_____ the process of stresstesting _____ if they really _____ durable?

I _____ to know the _____ physical _____ they _____ measuring durability.

_____ am _____ if _____ physical _____ tests _____ your _____ for testing resilience.

What kind _____ tests _____ been performed _____ make sure _____ durable?

What stress _____ have _____ make sure _____ items are _____?

How _____ those _____ tested for _____?

_____ about _____ of _____ stress test _____ perform _____ products for assessing resilience.

_____ assessments may _____ carried _____ to _____ their sturdiness.

_____ you _____ stress tests _____ devices _____ see how strong _____ are?

I am _____ if _____ products _____ physical testing _____ order to _____

_____ the process of _____ see _____ durable the devices _____?

Is _____ any _____ for _____ resilience _____.

What _____ stress _____ have been done _____ make _____ the _____ strong?

What are the _____ assessed _____?

_____ it _____ types of _____ stress _____ done on _____ see if they _____ damage?

_____ use physical _____ find out how strong _____ are?

_____ kind of stress tests have been _____ these items _____

_____ performed physical _____ tests _____ make sure the _____ durable?

_____ tests are used to evaluate _____ these devices?

Which _____ trials assessed device's _____?

_____ physical _____ done to _____ resilience on _____ products?

Which tests was _____ to measure _____ strength _____?

_____ you do _____ on the _____ make sure they are _____?

Did you _____ physical _____ tests _____ the devices _____ long _____ last?

_____ the process _____ to see how stable _____ are.

Have you tested the _____ of _____ stress?

How _____ you stress test _____ to _____ durable they _____?

_____ been done to measure the _____ of _____ devices?

_____ of _____ tests _____ performed _____ determine the longevity of _____ devices?

_____ there _____ of physical stress _____ on _____ for testing _____?

Which _____ stress tests evaluate _____?

The _____ tested for _____ with physical _____.

_____ the product have a _____ of _____ stress tests _____ their _____?

_____ have these devices been _____ resistance _____ stress?

_____ me about the physical _____ the _____ go _____ in order _____ determine _____?

_____ types of _____ are done _____ products _____ see if they stand _____?

Did _____ use physical _____ tests on _____ to see how _____?

Is _____ a type of physical stress _____ done _____ longevity?

Have you _____ physical _____ devices to _____ they are strong?

_____ you _____ stress _____ ensure the longevity of _____ device?

_____ the _____ stresstesting these devices to find _____ how stable _____?

Do you use physical _____ sure the _____ durable?

____ type of ____ were ____ see how durable the ____ ?
 ____ you ____ tests to evaluate how sturdy ____ are?
 How ____ assessed device resilience?
 ____ stress test done ____ the products for ____ their ____ ?
 ____ types ____ stress ____ been carried out ____ make sure ____ items ____ ?

 _____ stress _____ to see _____ those devices _____?
 _____ stress tests _____ the devices' _____?
 _____ types _____ physical stress tests have been _____ on _____?
 _____ tests _____ been used _____ measure _____ of _____ devices?
 The device was put _____ physical _____ to _____ it _____.
 How about the _____ tests _____ the _____ are?
 _____ of _____ tests _____ conducted to make sure _____ are durable?
 _____ interested in knowing if _____ products are _____ physical _____ to _____ their Durability.
 _____ the _____ done to _____ the _____ the devices?
 What tests were done _____ strength _____ devices?
 Is _____ a _____ stress test _____ the products _____ see _____ they _____?
 _____ you perform physical stress _____ the _____ long their lifetime _____ last?
 What is _____ process of stresstesting the _____ find out _____?
 Can _____ tell _____ if _____ are subjected to _____ in _____ to determine _____ your products?
 What physical _____ were performed _____ measure _____ power of _____.
 _____ there a type _____ physical stress _____ done _____ the _____ assessing _____?
 Were _____ assessments _____ to confirm _____?
 Which _____ trials _____ endurance?
 Is it _____ if _____ testing _____ on _____ to see if _____ can _____ damage?
 _____ you _____ tests _____ see how long devices _____ last?
 Which _____ has _____ to measure the _____ these _____?
 Do _____ use _____ stress _____ to determine the _____ the _____?
 To know _____ are, how _____ stress _____?
 Does the _____ evaluated by stress tests?

_____ you _____ stress tests on _____ devices _____ see _____ durable _____ are?

What stress _____ have _____ conducted _____ sure _____ items are _____?

I would like to _____ of _____ tests that have _____ your products _____ long.

_____ stress _____ done _____ verify _____ sturdiness?

_____ of physical stress testing are done _____ products to _____?

_____ am curious as to the _____ of physical _____ you _____ products for _____.

Did _____ conduct _____ stress _____ to _____ longevity _____ the _____?

_____ physical tests evaluate _____?

What _____ stress _____ performed to determine the _____ of these _____?

_____ me about the physical testing your products _____ to _____?

Is _____ testing _____ on _____ to evaluate their _____?

_____ use _____ to _____ how durable _____ devices are?

_____ know _____ physical trials _____ longevity?

_____ tests were _____ measure the longevity of these _____?

_____ take physical _____ tests to see how _____ are?

What _____ have _____ taken _____ the _____ of _____ devices?

What is the _____ of _____ to find _____ durable these _____?

Do you use _____ stress _____ devices are safe?

Did you _____ physical stress _____ on _____ they survive?

_____ you _____ physical _____ on the devices _____ how _____ they _____ last?

What _____ done to _____ of these devices?

_____ there physical _____ tests _____ products for assessing _____ longevity?

Is _____ testing done on _____ the _____ of _____?

_____ you _____ physical stress tests on _____ their resilience?

_____ been conducted _____ measure _____ of these devices

_____ you conduct physical stress tests _____ longevity _____ devices?

_____ the _____ testing so _____ know how durable these _____ are?

_____ has been preformed to _____ sure these items are _____?

_____ know what types of physical stress _____ done on products _____ ability _____ resist _____?

_____ have physical _____ tests _____ the _____ ensure their longevity?

They _____ assessments to _____ sure their sturdiness.

The _____ stress _____ done _____ how durable the device is.

_____ about _____ tests _____ see _____ devices are

Do _____ physical stress tests _____ these devices _____ sure _____ are _____?

What tests _____ been done _____ sure that _____ devices _____?

Do you _____ physical stress testing _____ see _____ devices _____?

_____ stresses _____ the _____ strength?

How _____ stress test devices to _____ are?

Did you conduct _____ tests on the _____ to _____?

What type of _____ been _____ to _____ that _____ items are _____?

Did you _____ test on _____ devices _____ see how long _____?

_____ you tell _____ the _____ of physical _____ that _____ do _____ measuring _____?

What physical _____ did you put _____ to _____ the _____ long- _____?

What _____ challenges did _____ through _____ the _____ was long- lasting?

Have you done _____ to make _____ they _____ handle it?

_____ trials were _____ power of the devices.

What is _____ process _____ devices to _____ how _____ will last?

What _____ been _____ sure _____ devices are strong?

Which _____ to _____ the strength of these _____?

_____ physical _____ assessed _____ dependability?

Has ____ done ____ strenuous tests ____ ____ ____?

Do you ____ physical stress tests to ____ the ____ ____ ____?

____ conducted physical stress ____ the devices ____ evaluate their ____?

The devices ____ tested ____ ____ after physical ____.

____ kind of stress ____ were ____ to see how durable ____ ____?

____ about stress ____ how durable ____ devices are?

____ there a type of ____ done on the products ____ ____?

____ done to ____ how durable these ____ are?

____ tests ____ to make sure these items are durable?

What kinds ____ performed ____ the strength ____ the devices?

____ a physical stress test ____ for assessing ____ longevity?

Consider stress ____ to ____ devices ____.

____ process of ____ to see how ____ they can be?

What types of ____ to assess the ____ the ____?

____ tests ____ been performed ____ measure the ____ devices.

____ physical stress tests ____ the ____ to make ____ last ____?

____ sorts ____ stress ____ to determine the durability of these ____?

____ there been ____ how strong they are?

____ the ____ stresstesting ____ devices ____ to ____ how durable they are?

____ you conduct ____ tests on ____ devices ____ make them ____?

Can you ____ me ____ tests ____ they perform for ____ durability?

____ you do ____ tests for ____?

The devices ____ tested ____ could ____ physical stressors.

How did the ____ for ____ physical stress?

Which ____ trials ____ dependability?

____ you perform ____ on your ____ for testing their resilience.

Can you tell ____ the types of ____ tests ____?

____ tests ____ been done ____ certain the items are durable?

Are your ____ subjected to physical ____ ____?

____ you ____ the devices ____ physical stress ____ see ____ their ____ will ____?

What kind of ____ tests have ____ done ____ the ____?

____ a ____ of ____ stress ____ on the products ____ assessment of ____ staying ____?

Have tough ____ been ____ how strong they ____?

Did ____ physical stress ____ on the ____ longevity?

____ have ____ tests ____ how durable the devices ____?

____ stress tests to ____ how ____ your device will ____?

What tests have ____ see ____ strong the ____?

____ sort ____ tests have ____ done ____ sure the devices ____ durable?

____ you ____ physical stress ____ the devices are reliable?

____ process of stresstesting the ____ that we ____ see ____ long they ____?

How about stress ____ the ____ are?

What ____ the ____ stresstesting these ____ in ____ know how durable ____ really ____?

What type of ____ tests ____ to see ____ are?

____ you tell ____ process of ____ these ____ to ____ how stable ____?

To ____ how durable ____ have them ____ stress tests.

Did you perform ____ to make sure they ____?

What ____ were ____ to ____ their ____ power.

I ____ curious ____ to ____ of ____ stress test ____ for ____ on your products.

____ you use ____ stress tests ____ that ____ devices ____ reliable?

____ the process ____ devices so ____ know how ____ these ____ are?

What kind of tests have _____ these _____ make _____ durable?

Is _____ a type of _____ done _____ the _____ for determining _____?

Are there _____ done _____ the products to assess _____?

Stress _____ done _____ the devices are.

_____ about _____ to see _____ long the devices _____?

What _____ of stress _____ make _____ items were durable?

_____ physical stress tests were _____ to _____ of _____ phones?

_____ about strenuous _____ for _____?

_____ some _____ been done _____ strong they are?

Is _____ a _____ stress testing _____ on products?

How _____ devices be _____ for _____?

To _____ the _____ is, what type _____ stress _____ performed?

What _____ the _____ of stress _____ the devices so that _____ know _____?

_____ a _____ stress _____ done on the products for assessing _____ staying _____?

What _____ of stress tests _____ been _____ out _____ these _____ are _____?

Have _____ physical stress tests _____ sure _____ the _____ are _____?

Is there any type of _____ testing _____ on _____ for _____?

_____ stress tests _____ devices' strength?

Which physical stress _____ device _____?

_____ physical stress tests _____ verify _____ sturdy these _____ are?

_____ any physical stress tests done _____ products _____ their _____?

Did _____ stress tests _____ devices to _____ how long _____ will _____?

_____ physical stress _____ for _____ evaluate their resilience?

_____ kind _____ stress _____ conducted to _____ sure the _____ are durable?

The _____ tested _____ to physical _____

_____ for _____ after physical stressors.

_____ of stress testing _____ done on _____ to _____ their _____?

_____ want to know _____ assessed device _____.

What is _____ stress _____ devices to _____ sure _____ durable?

Have _____ devices been tested _____?

Is _____ a type _____ on _____ for resilience?

_____ we know what _____ testing are done _____ some _____?

What _____ the process _____ so _____ we _____ how _____ devices are?

Have _____ devices _____ tested _____?

Do _____ physical stress tests _____ long the _____ will _____?

_____ to know _____ your products _____ to physical testing in _____ determine their _____.

What _____ were done to _____ long _____ devices will _____?

_____ were these _____ for _____ to _____ stress?

_____ you _____ physical _____ tests on the devices to see _____?

Conducted _____ tests _____ endurance?

The _____ resilience to _____ stressors.

_____ is _____ these devices to _____ how _____ last?

I _____ know _____ types of _____ stress _____ for measuring durability.

_____ stress _____ for device resilience?

I want _____ know _____ that your products are _____ to to _____.

_____ the _____ of stresstesting these _____ see _____ durable _____ are.

_____ the process _____ these _____ see how _____ they are?

_____ tests measure the _____ of these _____?

What _____ of _____ have been performed _____ the durability of _____?

_____ about the type _____ physical stress _____ is _____ on products.

_____ to _____ there are any exams assessing _____ through _____.

What type _____ stress _____ were _____ the device are.

Did _____ conduct _____ stress _____ on _____ devices to _____ they are _____?

What is _____ devices so _____ can see _____ durable they _____?

_____ stresstesting these _____ to find _____ how _____ these devices are?

Have the _____ have stress _____ they are.

_____ there a physical stress _____ done _____ the _____ to _____?

Is _____ possible _____ your _____ are subjected to physical testing _____?

What types _____ physical _____ on _____ products to _____ their resilience?

_____ need _____ know about _____ physical trials _____ the _____ have _____.

Is _____ stress _____ carried out to _____ their _____?

_____ assessments were made _____ robustness?

How are _____ for _____ physical stress?

_____ did _____ these devices for _____?
