

[Demo] NLP Dataset for Customer Service Automation

Company Type	Auto Repair and Maintenance Shops
Inquiry Category	Needing a diagnostic test for vehicle
Inquiry Sub-Category	Electrical problems causing malfunctions
Description	When customers experience electrical malfunctions such as non-responsive power windows, malfunctioning lights, or issues with the audio system, a diagnostic test can help identify the source of the problem.
Data Size	7,160 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Auto Repair and Maintenance Shop" customer inquiry. (Purchased data will not be masked.)
