

[Demo] NLP Dataset for Customer Service Automation

Company Type	Mobile Network Operators
Inquiry Category	Troubleshooting device connectivity problems
Inquiry Sub-Category	Device configuration troubleshooting
Description	Customers requiring assistance in configuring their device settings to ensure proper connectivity to the network, Wi-Fi, or other devices.
Data Size	6,001 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Mobile Network Operator" customer inquiry. (Purchased data will not be masked.)

_____ firmware/software _____ frequent _____ setup or while in _____?
 Can older _____ frequent _____ setup?
 _____ that setup _____ arise from _____ software?
 _____ using _____ software cause drops mid-setup or within _____?
 Are there frequent _____ caused _____?
 _____ archaic software _____ too _____ trouble during _____ process?
 Is it _____ outdated _____ cause constant _____?
 During _____ or _____ outdated system _____ constant dropouts?
 _____ chance that obsolete _____ causes frequent setup or _____?
 _____ disruption/drop issues _____ be brought about _____.
 _____ old _____ cause _____?
 Setup difficulties _____ arise _____.
 _____ possible _____ outdated software _____ cause _____ or drops?
 Old software _____ and _____ frequently.
 Can using old software _____?
 Is _____ causing _____ or interruptions?
 Should _____ to drops _____?
 _____ software _____ in _____ when set _____?
 Is _____ chance _____ old software _____ cause _____ breaks?
 _____ outdated _____ when _____ up or using a device?
 _____ software can cause _____.
 _____ old software _____ of frequently _____?
 Is _____ obsolete _____ interruptions during setup?
 Can using _____ to _____ dropping?
 _____ or usage _____ be _____ to _____ software.
 Can _____ to constant interruptions _____?
 _____ obsolete _____ andfirmware _____ in frequent _____?
 Does outdated _____ in _____ disruptions when _____?
 Is _____ possible _____ software could _____ issues?

Do ____ software and firmware result ____?

Is ____ outdated ____ likely to contribute ____ mid-setup?
 ____ ancient tech causing disruptions ____ setting ____?

There ____ sudden ____ when using or ____ up ____.

Is ____ possible that old ____?
 ____ outdated ____ dropouts?

Is it ____ and ____ be caused by ____ software?

Can ____ lead ____ when used?

Will ____ cause ____ while ____?

____ outdated software ____ usage issues?

____ possible ____ old ____ could bring about ____?

Can ____ my setup?

____ software ____ recurring drops during setup ____?

Can ____ interfere ____ or using?

____ outdated software contribute ____ drops mid-setup ____ time ____?

Issues ____ setup ____ usage ____ be ____ by ____ software.
 ____ can be ____ or operational ____ caused ____ older ____.
 ____ old ____ cause sudden ____ when ____?
 ____ software ____ interrupt usage?
 ____ old software causing ____ or ____?

Is ____ that outdated system can ____ during ____?

Older ____ may ____ disruptions.

Can ____ affect ____ up ____ a device?

____ it possible that ____ software ____ setup ____?

____ software possibly cause continual ____?

Is ____ software ____ and interruptions?

____ it possible that ____ to ____?

____ old ____ bad for ____ setup or causes ____?

Older software ____ setup ____ operational ____.

Is ____ that old ____ can cause ____?

Can ____ software ____ sudden disruptions ____?

Will ____ antiquated ____ continual ____ mid-setup?

____ old software can ____ constant disconnections ____ or ____?

____ archaic ____ versions cause ____ throughout the ____ process?

Will ____ to drops mid-setup?

Does ____ interruptions/drops ____ because of ____?

Can old ____ breaks?

____ there frequent interruptions when setting up ____ device ____ software?

____ the ____ system cause ____ used?

Does ____ occurrence ____ frequent interruptions/drops ____ an outdated ____?

____ that ____ and ____ happen due ____ outdated software?

Can ____ cause ____ when ____ up?

____ old software cause ____?

____ possible that frequent ____ could arise from ____?

____ old software ____ setup ____?

Is ____ possible ____ cause drops?

During ____ can ____ outdated system ____ dropouts?

____ outdated software result ____ constant ____?

____ the outdated ____ can cause frequent interruptions?

Is it ____ that outdated ____ setup ____?

Does ____ software ____ sudden ____ when ____ ?

____ outdated ____ drops and ____ ?

Will the ____ of outdated software possibly ____ ?

____ old software ____ set up?

Is the outdated system ____ during ____ use?

Does outdated software ____ drops ____ ?

Is it ____ that dropouts ____ interruptions ____ caused ____ ?

____ outdated ____ setup ____ more often?

Does ____ and ____ happen ____ the software is ____ ?

Do archaic ____ versions cause ____ during ____ process?

Is ____ obsolete software could ____ disruption?

There could ____ outdated software.

Is ____ possible ____ outdated ____ could ____ during setup?

____ obsolete ____ interrupt setup ____ ?

Can ____ outdated system ____ or use?

Could ____ problems arise from ____ ?

Do ____ versions cause a ____ in the ____ process?

____ arise from older ____.

Would obsolete ____ ?

Can ____ or disruptions?

____ it possible that outdated ____ cause ____ setup ____ use?

____ software lead to ____ setup ____ ?

____ could be ____ or usage ____ caused ____ software.

Is it possible ____ brings about ____ ?

Is ____ old software ____ frequent ____ in setup/use?

____ setup ____ operation be disrupted ____ ?

Would the ____ interrupted ____ outdated Firmware?

____ could ____ dropouts.

Frequent interruptions ____ caused ____ orfirmware.

There ____ be setup or ____ with ____.

____ old ____ lead to ____ setup/use?

____ possible that ____ software could cause ____ using the ____ ?

____ frequent ____ caused by ____ software?

____ obsolete ____ or usage problems?

____ it ____ outdated ____ could cause ____ ?

Does outdated software ____ drops ____ ?

Do archaic ____ versions cause a lot ____ up ____ ?

____ ancient ____ mess up my setup when ____ am ____ use it?

____ it possible ____ the ____ software causes ____ ?

____ it possible that outdated ____ cause ____ ?

____ it ____ that outdated ____ during the ____ and active utilization period?

Is ____ possible that ____ causes recurring ____ ?

Wouldn't ____ setup and ____ occasionally?

____ could ____ frequent ____ issues with ____.

Can ____ software ____ during setup or ____ ?

Does ____ software have the chance of ____ setup ____ ?

____ operation interrupted ____ by ____ Firmware?

____ leading to setup ____ operational ____ ?

____ be frequent ____ issues caused ____ old ____.

Are ____ frequent ____ outdated software/firmware?

Is _____ setup _____ usage _____ with older _____?

_____ setup _____ software lead _____ dropping?

_____ it possible _____ obsolete _____ frequent dropouts?

_____ happen because of outdated _____?

_____ old _____ lead _____ setup?

Is _____ possible that outdated _____ interruptions/drops?

Will _____ cause _____ mid-setup or within the _____?

Are there _____ interruptions _____ caused by _____?

Is _____ possible that _____ could _____ by out of _____ software?

_____ software cause constant _____ when setting _____?

_____ installation _____ in _____ the _____ of outdated software lead to _____?

The _____ software can cause disruptions _____ in _____.

Will _____ possibly lead _____ drops mid-setup?

_____ the _____ software cause regular _____ installation _____ or while _____ operation?

setup _____ usage _____ can _____ software.

_____ there _____ for interruptions _____ drops due _____ outdated _____?

Does _____ software lead _____?

_____ set up _____ and subsequent operations may _____ archaic _____.

Does outdated software _____ cause repeated _____ during setup?

_____ be _____ interruptions while _____ outdated _____.

_____ possible for _____ to _____ constant interruption?

Is lousy _____ able _____ me _____ and _____?

_____ possible that _____ frequent interruption/drops during setup?

Old _____ cause frequent _____ setup/use.

Can the presence _____ disruptions during _____ process _____ in operation?

setup _____ arise _____ software?

Is it possible that _____ results in _____ set _____?

_____ usage _____ may arise _____ software.

_____ it possible that ancient software could ruin _____ attempting _____?

_____ it _____ that outdated software is _____ and utilization periods?

Are _____ frequent interruptions _____ using or _____ because of _____ software?

Is it possible that _____ is _____ to drop _____ active _____ periods?

Will _____ software affect _____?

Setups and _____ can _____ software.

_____ an _____ system cause dropouts _____ use?

Is _____ that dropouts _____ interruptions _____ caused by _____ software?

Do _____ drops come _____ outdated _____?

_____ disruptions caused _____ use _____ outdated software?

Can _____ outdated _____ dropouts during _____?

_____ it _____ the _____ could cause the frequent _____?

_____ possible that old _____ interruptions during setup?

Repeated _____ could be _____ old software?

Would _____ software interfere _____?

Does _____ interruption _____ of outdated software?

The _____ operation would _____ by _____ software.

_____ the set up process?

Could the _____ interruptions _____ outdated software?

_____ regular _____ interruptions _____ caused by _____ software?

Does _____ software disrupt _____ or _____?

Is _____ software can mess up my _____ trying _____ use it?

How can _____ disrupt installation _____?

Is _____ that outdated software _____ or drops _____ setup?

Is _____ software may _____ frequent _____ or drops?

_____ is _____ that _____ could _____ frequent setup or _____ issues.

_____ it _____ for older software _____ cause _____?

Can _____ software _____ setup _____ issues?

_____ outdated software result _____ interruptions/drops _____ set _____?

_____ interfere with setup or _____?

_____ interrupt/setback usage?

Is it _____ that _____ system _____ cause _____ issues?

_____ it possible that _____ could cause _____ interruptions?

_____ constant drops and interruptions when _____ up?

Is _____ out-of-date software could be _____ cause _____?

_____ it _____ that _____ setup and active utilization?

_____ software interrupt setting _____ using a _____?

Setups and usage _____ may _____.

_____ presence of _____ software _____ regular _____ in operation?

Is _____ possible _____ software _____ cause _____ drops?

_____ old _____ in frequent dropouts?

_____ and _____ could be _____ outdated software.

_____ to cause interruptions during _____?

Does _____ software cause frequent _____?

_____ there _____ interruptions due to _____ Firmware?

Can there _____ frequent _____ up or using _____ due _____ software?

Is _____ old software _____ to drops?

Will _____ interrupt/setback your _____?

Is _____ possible that _____ frequent interruption during _____ use?

_____ the outdated _____ disruptions?

_____ possible that outdated software _____ cause _____ and _____?

Is it possible _____ glitch and _____ in _____?

_____ archaic _____ cause _____ disruptions during set _____?

_____ frequent disruptions throughout the set-up process?

Can _____ software _____ setup _____ disruptions?

Can _____ software _____ installation _____?

_____ outdated _____ drops and interruption?

_____ software cause _____ drops/ _____?

_____ it possible _____ outdated software _____ signal drops both _____ setup _____ active _____?

Is _____ old software _____ in _____ interruption?

Is _____ chance _____ outdated software _____ about _____ disruptions?

_____ it _____ outdated software _____ interruptions _____ set up?

_____ software _____ cause frequent disruptions _____ the _____ process?

_____ old software _____ setup or _____?

Is _____ outdated software _____ interrupt _____ up or using _____?

_____ it _____ that the _____ software could _____?

Is it possible that the _____ regular _____?

_____ that outdated software might cause _____?

Can old _____ setup?

Should _____ software _____ use?

Can _____ software cause sudden _____ it _____?

Does _____ of _____ lead to frequent interruptions?

_____ software versions _____ set up _____?

Is there _____ possibility _____ could _____ frequent drops?

Is it _____ firmware _____ interruptions?

Can outdated software _____ the setting up _____?

Can _____ software _____ to _____ and setup?

Is _____ that old software _____ causing _____ drops _____ setup _____ active _____?

dropouts _____ may _____ caused by _____.

Does _____ occurrence _____ drops _____ because of outdated software?

Can there be _____ interruptions _____ up or _____ device _____ of _____?

_____ the setup _____ be disrupted frequently by _____?

_____ archaic _____ versions cause _____ the set _____ process?

Is old software _____ disruptions _____ setting _____?

Is the _____ to cause service disruptions?

_____ it possible _____ ancient software _____ when I'm using _____?

_____ software lead _____ frequent drops _____?

Can _____ software lead _____ during setup _____ use?

_____ it _____ that lousy firmware can _____ hang-ups?

_____ the _____ outdated that _____ cause _____?

_____ with setup and _____ caused by _____ software.

_____ outdated software _____ setup and operations frequently?

Older _____ can _____ cause _____ operational _____.

_____ the presence of _____ software cause _____ disruptions _____ or _____?

_____ from older software

Do you think _____ interruption _____ setup?

Would _____ outdated _____ and operation?

Is _____ possible _____ the _____ cause frequent drops _____ interruptions?

Are _____ interruptions _____ caused _____ obsolete _____?

_____ archaic software possibly contribute _____ mid-setup?

_____ old software disrupt _____ up _____?

Does _____ use _____ outdated _____ cause frequent interruptions _____?

Does outdated _____ when _____ and running jobs?

Is _____ a chance _____ frequent interruptions/drops _____ of _____?

_____ software possibly _____ to continual _____?

_____ in setup _____ by _____ software?

_____ software might lead _____ disruptions.

_____ ancient _____ ruin my _____ I'm _____ to use _____?

Is it _____ outdated _____ is interfering _____ and active _____?

_____ the setup _____ usage get _____ by your _____?

_____ the use of outdated _____ drops mid-setup?

_____ it possible _____ interruptions or drops during setup?

Does outdated software _____ disruptions?

Is _____ able to mess _____ my _____ I _____ it?

_____ could arise _____ older _____

Is it _____ that _____ Firmware _____ interruption _____ hang-ups?

_____ software possibly cause _____ drops _____?

_____ using _____ cause _____ drops _____ the operational time frame?

_____ possible that _____ and disruptions _____ by outdated _____?

Is _____ cause _____ disconnected during _____ or use?

_____ software cause _____ during setup/in _____?

Is _____ possible that older _____ is causing signal _____ utilization?

_____ possible _____ software and firmware to cause _____?

Would _____ interrupt _____ and _____ frequently?

_____ it _____ outdated _____ could _____ during setup or use?

_____ that _____ outdated system can cause _____ during _____?

_____ software versions cause _____ the set-up _____?

_____ that old _____ constant disconnected _____ setup or use?

_____ it _____ that out-of-date _____ can cause _____?

Will _____ software contribute to continual _____ mid-setup _____ operational _____?

_____ are possible _____ outdated software/firmware.

_____ old _____ cause _____ or interruptions?

Is _____ upsetting setting up _____?

_____ obsolete _____ installation or _____?

Would _____ software _____ setup _____ operation on _____ frequent _____?

_____ outdated _____ to _____ installation _____ use?

_____ software may _____ setup or _____.

Is _____ system can cause _____?

Does outdated _____ constant drops _____ jobs?

Is _____ possible that _____ firmware can cause _____?

_____ using _____ software leads to dropping/interrupting _____ setup?

Is _____ a _____ of older _____ causing _____?

Could _____ my _____ when I am trying _____ it?

Will _____ interrupt/set _____ users?

Do _____ versions _____ a _____ to the set _____?

_____ software _____ disruptions _____ setting up _____ using.

_____ can _____ setup or operational _____

_____ frequent disruption/drop _____ about by _____?

Is _____ outdated _____ to disrupt _____ and use?

Are there frequent _____ by _____?

_____ software _____ and usage?

_____ the presence _____ software cause _____ during the _____ process _____ operation?

_____ it possible _____ firmware _____ interruptions?

The use _____ service disruptions.

_____ presence _____ outdated software _____ to _____ disruptions during installation _____?

_____ is _____ software _____ cause frequent interruptions.

Is _____ is causing _____ drops and disturbances _____ and _____ utilization period?

Is _____ possible the _____ causes _____?

_____ possible that obsolete _____ would cause _____?

_____ using _____ software contribute to drops _____ or within _____?

_____ obsolete _____ cause setup _____ issues?

Does _____ result in constant interruptions _____ set _____?

Is _____ likely _____ software is _____ with setup _____ active _____?

Is _____ possible _____ the frequent interruptions/drops occur _____?

_____ be sudden disruptions while _____.

Does _____ of _____ interruptions/drops come _____ outdated _____?

_____ to cause setup or _____?

_____ setup and _____ be interrupted by _____?

_____ old software can cause _____?

Is it _____ that _____ causing _____ during setup and _____?

Is _____ system _____ dropouts?

Are there frequent _____ setup/ _____ by old _____?

_____ software _____ lead _____ frequent drops _____.

While setting _____ old software cause _____ disruptions?

Can _____ presence _____ outdated software _____ regular disruptions while _____ the _____ process?

_____ software can cause drops _____?

_____ it possible _____ disruptions are _____ outdated software?

_____ software contribute _____ drops mid-setup?

_____ ancient tech cause disruptions _____ set _____?

setups or usage difficulties _____.

Does outdated software _____ setup?

_____ for outdated _____ to _____ constant drops?

Will outdated _____ occasionally?

_____ dropouts or interruptions _____ by _____?

_____ can an outdated _____ cause _____?

Is there _____ that _____ would _____ interruptions during _____?

_____ setup and usage _____ with by your _____?

_____ dropouts and _____ be _____ software?

_____ outdated _____ cause _____ and interruptions?

_____ it possible _____ dropouts _____ be _____ by _____ software?

Should outdated firmware _____ setup _____?

_____ there _____ of frequent _____ from outdated software?

Is it _____ old _____ leads _____ frequent _____?

Does _____ cause repeated drops _____ interruptions _____?

_____ older _____ setup _____ disruptions?

Should an _____ cause dropouts during _____?

Older _____ and disruptions.

_____ technology interrupt/setback _____?

Is there a _____ that old _____ cause _____?

Is frequent _____ because _____ outdated _____?

Is it possible that outdated _____ or _____?

_____ software cause _____ it is _____?

Is it possible _____ outdated _____ to _____?

_____ may be _____ by the use _____ antiquated _____.

Should _____ continual _____ or within the operational timeframe?

_____ setup/ _____ use, _____ obsolete software _____?

_____ possible that antiquated _____ can _____ about frequent _____?

_____ using outdated software cause _____ mid-setup _____ frame?

Is it _____ that outdated software _____ signal _____ during _____ active _____?

_____ wonder if _____ software could mess _____ my _____ when _____.

Will _____ software _____ interrupt _____?

Is _____ software going _____ problems when _____ up _____?

_____ possible that old software _____ to _____ interruptions _____?

Does outdated _____ have the _____ to cause repeated _____?

_____ cause _____ drops in setup/use?

Could dropouts _____ software?

_____ it _____ software could bring about _____?

_____ software cause _____ interruptions _____ setup?

Is it _____ that _____ and _____ are due _____?

_____ using _____ cause drops mid-setup?

_____ of _____ software cause problems _____ in operation?

_____ outdated _____ constant problems when _____ up/running _____?

Does the presence _____ outdated _____ regular _____ installation _____ in operation?
 _____ software _____ to continual _____ within the operational time period?

Is it possible that _____ could _____ and _____?

Is it _____ the outdated system _____?

_____ obsolete software/firmware _____ use?

_____ it _____ an outdated _____ cause constant _____?

_____ could be _____ due _____ software.

Periodic _____ issues _____ be brought _____ software.
 _____ interrupt/setback usage?

I _____ old software can lead to _____.

_____ outdated firmware _____ and _____ frequently?

Out-of-date software can _____ during _____.

Can older software _____ cause _____?

_____ frequent interruptions/drops _____ due to _____ outdated _____?

_____ outdated _____ frequent drops during _____ use?

_____ ancient software capable of _____ up _____ I _____ to use _____?

The _____ of outdated _____ downtime.

_____ software _____ installation _____ use?

Is it possible for _____ to _____ installation?

Can outdated software lead to _____ the device?

_____ it possible for _____ interruptions _____ due to _____ software?

Repeated _____ drops _____ be _____ old software.

_____ software is interfering with _____ setup and active _____ period?
 _____ cause setup _____?

_____ that outdated software is _____ to drop _____ setup and _____?

_____ it possible _____ old software to lead _____?

_____ older software _____ setup _____ disruptions?

_____ an outdated system can it _____?

_____ cause setup or _____?

Does the use of outdated _____ interruptions/drops _____?

_____ that old _____ lead _____ constant disruptions during setup or _____?

_____ it possible _____ the use _____ outdated _____ result _____ disruptions?

_____ software _____ the _____ cause drops and interruptions?

Can _____ to _____ during use or setup?

_____ there interruptions caused by _____ during _____?

_____ software interrupt your _____?

Would _____ outdated _____ operation often?

Older software can _____ or _____.

Is _____ possible that outdated _____ causes _____ during _____?

_____ it _____ that outdated _____ is causing _____ signal _____ setup _____ active _____?

_____ affecting setup and _____?

Can _____ cause _____ or _____ disruption?

_____ setup _____ be caused _____ obsolete software/firmware.

_____ tech cause _____ while set _____?

Is it possible _____ lousy firmware _____ interruption _____ ups?

_____ using _____ software _____ setup?

Are _____ caused _____ software?

_____ it possible that _____ cause _____ during setup?

Do _____ software versions _____ problems _____ process?

_____ tech cause disruptions when _____ up _____ functioning _____?

____ the old ____ setup or use?
 ____ be setup ____ if older software _____.
 Does ____ frequent interruptions ____ occur ____ outdated software?
 Will using ____ software ____ setup?
 ____ and ____ due to outdated ____?
 ____ it possible that ____ firmware will give ____?
 During ____ software lead to ____?
 ____ that outdated ____ is causing signal drops ____ setup ____ utilization?
 Is ____ feasible for ____ to cause ____?
 ____ old ____ up and using?
 Is ____ possible that ____ could ____ frequent interruption ____?
 ____ it possible that ____ software ____ installation and ____?
 Is it ____ that ____ cause ____ interruptions when ____ up?
 ____ it ____ that ____ and interruptions ____ from out-of-date ____?
 ____ it possible that ____ software ____ disruptions ____ setting ____?
 Is it ____ use of ____ software ____ result ____ constant service ____?
 ____ it possible that outdated ____ cause frequent ____ issues?
 ____ it ____ old software ____ interruptions?
 ____ it ____ that the frequent interruption/drops ____ software?
 ____ the outdated software bad ____?
 ____ it ____ that ____ interruptions happen because ____ outdated ____?
 Is ____ that lousy software will give ____ interruption ____?
 ____ it ____ that dropouts ____ interruption ____ caused by ____ software?
 ____ there ____ chance ____ drops ____ interruptions due ____ software?
 Is old ____ capable ____ causing repeated ____?
 ____ old ____ cause ____ drops in ____?
 Is there ____ chance that ____ cause interrupted ____ use?
 Is using ____ dropping during setup?
 Is it ____ old ____ interfere with ____ or ____?
 ____ outdated ____ result ____ drops when ____?
 ____ usage difficulties ____ from old ____.
 ____ it possible ____ regular ____ are caused by ____?
 Can outdated ____ during ____?
 ____ software ____ disruptions throughout the set-up ____?
 ____ dropouts and ____ be ____ software?
 Is it ____ that ____ these dropouts?
 ____ cause ____ interrupted/drops when set ____?
 Is ____ can cause ____ drops during setup?
 ____ possible to use old ____ that ____ dropping?
 Is it ____ cause drops in setup?
 ____ that ____ software can ____ drops during setup and active ____?
 The dropouts ____ be caused ____ software.
 Older software may ____ drops ____.
 Would obsolete ____ interrupt ____?
 ____ outdated ____ cause ____ drops ____ interruptions?
 ____ think ____ use of antiquated ____ will ____ disruptions?
 ____ setup ____ usage issues could ____ caused by ____.
 ____ there ____ due ____ outdated software?
 Is ____ use ____ outdated software ____ cause ____ disruptions?
 Does outdated software ____ to cause ____ drops ____?

Is it _____ causes disruptions _____ functioning?
 _____ frequent _____ during setup arise from _____?
 _____ there frequent drops _____ because _____ old _____?
 Does the _____ of outdated _____ regular _____ or _____ in operation?
 _____ occur from _____ software?
 _____ subsequent operations _____ be disrupted by _____ software versions.
 _____ it possible _____ is causing _____ drops during _____ setup _____ active utilization _____?
 _____ software _____ or disruptions?
 Is _____ software can _____ setup _____?
 _____ software _____ usage _____ times?
 Do _____ software versions _____ frequent problems _____ process?
 _____ outdated software cause frequent interruption _____ or _____ device?
 Wouldn't outdated _____ interrupt setup _____?
 _____ it possible _____ could interrupt setup _____ operation _____?
 _____ software _____ users?
 It is _____ that _____ software _____ or usage issues.
 _____ system interrupt setup _____ operation _____?
 Is _____ likely _____ outdated software _____ messing _____ the _____ and active _____?
 _____ software _____ continual drops mid-setup or _____ timeframe?
 _____ it _____ that outdated _____ could cause interruptions _____?
 Is _____ possible that the antiquated _____ frequent _____?
 _____ older software _____ setup or _____?
 _____ presence of outdated _____ can _____ during _____ or during _____.
 Is it possible _____ the _____ of _____ software will _____?
 Is _____ obsolete software could cause _____ issues?
 Can _____ software lead _____ constant _____ setup _____ use?
 Is _____ possible _____ old _____ cause _____ or drops?
 Will _____ ruin _____ or _____ many interruptions?
 Does _____ software _____ setting _____ using?
 _____ that outdated software _____ signal drops _____ setup and _____ period.
 Is _____ possible _____ outdated _____ could _____ frequent interruptions?
 Is it _____ old software _____ interruptions/drops?
 _____ software contribute to drops mid-setup _____ within _____ time?
 _____ outdated software have _____ potential _____ cause _____ during _____?
 _____ possible _____ outdated software _____ cause interruption _____ setup?
 _____ by older software?
 Is it possible _____ an _____ system _____?
 _____ a _____ that obsolete _____ cause _____ during setup?
 Do old software _____ cause _____ process?
 Does old software _____ use?
 _____ old _____ cause frequent disruptions _____ the _____ process?
 _____ ancient _____ disruptions _____ setting _____ or functioning?
 _____ setup and operation?
 _____ possible _____ old software _____ to _____ drops?
 Does old _____ interruptions _____ drops?
 _____ old software _____ to _____ to _____?
 _____ the outdated _____ during setup _____ use?
 Can old _____ make _____ mess _____?
 Is _____ and _____ be caused by outdated software?
 _____ it _____ drops and _____ because _____ outdated software?

Out-of-date _____ could cause _____.

Is _____ that outdated software could _____ interruptions?

_____ it _____ older software _____ cause periodic _____?

_____ for regular _____ and _____ be _____ by outdated software?

Does _____ software _____ to _____ or _____?

Is it _____ software _____ causing _____ drops _____ the setup _____ active utilization _____?

Do archaic _____ versions cause _____ of problems in _____?

Is _____ possible that _____ software can lead _____?

_____ dropouts _____ disruptions _____ caused _____ outdated software.

_____ installation _____ or _____ in _____ can the _____ outdated software _____ disruptions?

_____ frequent interruptions when _____ up/running jobs/tasks?

Is _____ for ancient software _____ setup and keep _____ from _____ it?

_____ a _____ that outdated software _____ cause frequent _____ during _____?

_____ to _____ breaks and disruptions _____ older software?

Old _____ can _____ while using _____.

Does _____ interruptions _____ set up to run?

Are _____ interruptions/drops _____ outdated software?

_____ software cause constant interruptions _____ when _____ up?

Does the old software _____?

Is _____ possible _____ old software messes _____ setup _____ to _____ it?

_____ it _____ software brings about _____ disruptions?

Could _____ difficulties _____ older software?

Is _____ possible that _____ causes signal _____ setup _____ active utilization _____?

Is _____ software _____ or operational _____?

Can old _____ constant _____?

Will using outdated _____ drops _____?

Can _____ software disrupt _____ using?

_____ and usage difficulties _____ possible _____.

Is _____ old software _____ cause frequent _____?

_____ it _____ lousy _____ will cause me interruption _____?

_____ software _____ delays _____ failures?

_____ outdated software _____ to cause drops _____ setup?

Out-of-date _____ during _____ or use.

_____ setup _____ arise from _____?

_____ to setup disruptions.

_____ it possible that outdated _____ frequent _____ setting up a _____?

Are frequent _____ usage _____ due to _____?

Do _____ pose a _____ the set-up process?

Is _____ possible that outdated _____ cause _____?

_____ possible _____ dropouts to be _____ by _____ software?

Is it _____ that outdated _____ causes signal _____ and _____?

If _____ use old _____ lead _____ dropping?

_____ it _____ frequent interruptions/drops happen from _____ software?

_____ possible that _____ can _____ drops or interruptions?

_____ it possible _____ of _____ software _____ in service disruptions?

Is _____ capable of messing _____ I am trying _____ it?

There can be _____ use with _____ software.

_____ outdated firmware _____ setup _____?

Is _____ possible _____ use of antiquated software _____ constant _____ disruptions?

_____ drops _____ occur _____ to _____ software?

_____ possible that _____ could _____ setup issues?
 _____ possible that _____ software _____ repeated interruptions along the _____?
 _____ of outdated _____ cause _____ service disruptions.
 Is _____ that _____ software cause _____?
 _____ the _____ constant dropouts?
 Will _____ software contribute to continual drops _____ operational _____?
 _____ usage difficulties _____ arise _____ software.
 _____ the old _____ causing _____ drops _____?
 _____ setup _____ difficulties arise _____ software?
 Is it possible that the use _____ service _____?
 Is old software _____ up?
 _____ it _____ outdated software may _____ frequent disruption/drop _____?
 _____ there frequent interruptions and _____ caused _____?
 Is it possible that _____ old software _____?
 Is _____ possible _____ outdated system _____ cause _____?
 _____ possible that _____ use _____ outdated _____ result in _____ service disruptions?
 Have frequent setup _____ usage issues been _____?
 Is _____ possible that _____ software during installation _____?
 _____ interrupt _____ often?
 _____ lead _____ interruption _____ setup or use.
 _____ presence _____ outdated software cause _____ during _____ or in _____?
 _____ system cause _____ or use?
 _____ obsolete _____ setup/in use?
 _____ software _____ the ability _____ cause repeat _____ setup?
 _____ setup _____ issues might be caused _____ obsolete _____.
 _____ interrupt setup _____ operation _____?
 Is _____ possible _____ out-of-dated _____ regular dropouts?
 _____ possible _____ outdated firmware would _____ setup and _____?
 Is it _____ can _____ me interruption and hang _____?
 The _____ could arise from _____ software.
 _____ possible that _____ software could _____ about _____ issues?
 Can _____ be _____ by an _____?
 _____ outdated software cause _____ interruptions _____ set _____ running _____?
 _____ to frequent _____ in setup?
 _____ old software _____ disruptions _____ up?
 Can the presence of outdated _____ regular _____ during installation?
 If _____ system _____ outdated can _____?
 Many setup _____ usage issues _____ be _____ by _____.
 _____ software _____ cause setup _____.
 Is it possible that _____ will _____?
 _____ interruptions caused _____ outdated _____ firmware?
 _____ software versions _____ problems in the set-up _____?
 _____ outdated software _____ to _____ drops _____ within _____ operational timeframe?
 _____ obsolete software _____ back _____?
 _____ often interrupt _____?
 _____ it possible that outdated software _____ making _____?
 Are _____ or _____ of outdated _____?
 Older _____ setup _____ operations.
 Do archaic _____ frequent _____ during _____ process?
 _____ during setup happen _____ software is outdated?

____ the ____ process be ____ by ____ versions?
 ____ outdated software contribute to ____?
 ____ old ____ impact ____ and ____?
 ____ use of ____ result ____ service disruptions.
 The ____ frequent drops in ____.
 ____ be setup issues ____ software.
 Is ____ that ____ software ____ cause frequent interruptions ____?
 ____ possible that outdated ____ cause frequent disruption/drop ____?
 Is there ____ outdated ____ is causing signal ____ and ____ utilization?
 ____ cause setup problems?
 Are ____ issues ____ to ____ software?
 ____ dropouts ____ caused by ____ software?
 Is ____ chance ____ due to outdated software?
 ____ old software lead ____ interrupted ____?
 ____ for ____ to stop installation or use?
 ____ dropouts ____ interruptions be ____ out-of-date ____?
 ____ if ancient software ____ ruin my ____ I'm ____ to ____ it.
 ____ setup and ____ interrupted ____ by ____?
 Can outdated software ____ setup or ____?
 ____ possible that ____ could ruin ____ I am trying to use ____?
 Is your crappy ____ messing ____ the ____?
 Are ____ caused ____ software ____ setup?
 Could setup ____ older software?
 ____ antiquated ____ contribute ____ continual ____ mid-setup ____ within an ____ timeframe?
 Is there ____ possibility ____ software could ____ frequent ____?
 ____ possible ____ software ____ cause frequent drop issues?
 Is ____ that ____ software/firmware leads ____ dropouts?
 Is ____ outdated software leads ____ constant ____?
 Is it possible that ____ causes signal ____ active utilization ____?
 Wouldn't outdated ____ setup ____ operation ____?
 Will ____ interrupt/set ____ often?
 ____ old ____ cause ____ interruptions ____ set ____ jobs/tasks?
 ____ possible that software/firmware ____ during setup ____ active utilization ____?
 ____ software can ____ to constant disconnections ____ setup ____.
 Is it possible ____ software ____ cause ____?
 Does old software ____ disruptions?
 ____ frequent disruption/drop issues ____ to outdated ____.
 Can it be ____ for older ____ cause ____?
 ____ it ____ that outdated software ____ frequent setup ____ issues?
 ____ interrupt setup and ____ frequently?
 Can using older ____ to ____?
 ____ frequent ____ issues from antiquated ____.
 ____ software causing dropouts ____?
 ____ frequent dropouts ____ from ____?
 ____ presence of ____ while in operation ____ during installation process?
 ____ outdated ____ interrupt ____ up ____ of the device?
 Is ____ causing sudden ____ setting ____ up?
 Is ancient tech ____ setting ____?
 Use ____ issues could ____ caused ____ software.
 Is ____ software bad ____ my ____ causes ____?

____ it ____ that ____ ____ interruption ____ due to ____ software?

Is it ____ that ____ ____ ____ by out-of-dated software?

Is ____ possible ____ old ____ could cause ____ ____ and ____?

____ software could cause ____ ____.

Does ____ ____ cause ____ drops and interruptions when ____ ____ ____ up?

Can old software cause ____ ____ ____ ____ use?

____ setup/in ____ ____ obsolete software cause ____?

Might ____ or usage ____ ____ from ____ ____?

____ it possible that outdated ____ ____ ____ disruptive ____?

Will ____ ____ ____ interrupt usage?

Is there ____ ____ ____ obsolete software could ____ setup ____ ____ issues?

Is there ____ chance ____ outdated ____ ____ cause frequent ____ during ____?

____ software causing ____ ____ ____ be messed up?

____ the installation ____ ____ ____ in operation can ____ ____ of ____ software ____ to disruptions?

____ ____ ____ drops ____ ____ due to old software?

Is ____ likely that outdated ____ is ____ ____ ____ and active ____ ____?

____ software causing ____ disconnections during ____ ____ use?

Could ____ ____ cause setup ____?

____ old software causing ____ ____ while ____?

Is ____ possible that ____ ____ ____ ____ constant dropouts?

____ software can ____ ____ drops ____ setup

____ firmware ____ interrupt setup and ____ ____.

____ ____ possible ____ obsolete software ____ cause frequent ____?

Is ____ software ____ up my setup ____ I'm ____ ____ use ____?

The ____ and ____ might ____ messed ____ ____ your crappy ____.

Is ____ likely ____ outdated ____ can ____ signal drops during setup ____ ____ ____?

____ outdated ____ have ____ ____ ____ cause repeated ____ and interruptions?

Is ____ possible that ____ dropouts ____ ____ caused ____ ____ software?

Is ____ bad firmware messing ____ ____ ____ and ____?

setup ____ usage ____ could ____ from ____ ____.

____ software/firmware interrupt ____ ____ use?

Will ____ software possibly ____ ____ ____ or within ____ operational timeframe?

Can the ____ of outdated software ____ disruptions ____ ____ ____ or ____ ____ operation?

____ ____ ____ ____ software/firmware causes frequent interruptions.

Is ____ ____ ____ that outdated ____ ____ ____ ____ dropouts and disruptions?

Is ____ likely that ____ ____ ____ ____ signal drops ____ the setup ____ active ____ periods?

____ old ____ cause ____ ____ in setup?

Is it ____ that ____ ____ ____ ____ dropouts?

Is it ____ that the outdated ____ ____ cause ____ ____?

Will ____ software ____ usage ____ ____?

____ up and using a ____ ____ ____ ____ by outdated ____.

____ the use ____ ____ software lead ____ ____?

____ outdated software ____ you while ____ up ____ ____ the ____?

Will using ____ ____ ____ ____ drops mid-setup ____ within an ____ timeframe?

Are there ____ ____ issues due ____ ____ ____?

____ utilizing ____ software possibly contribute ____ ____ ____ mid-setup?

Is ____ ____ prone to ____?

Is there ____ ____ ____ ____ and interruptions ____ to outdated ____?

____ old ____ ____ disruptions when ____?

Would ____ software ____ setup ____ operation ____?

setup ____ usage ____ older software
 ____ old ____ a ____ during setup?
 Did the ____ happen ____ of ____ software?
 ____ it ____ that ____ use of ____ software will ____ service ____?
 Does ____ a risk to setup ____?
 ____ software have the ____ cause drops during ____?
 Could ____ difficulties ____ older ____?
 ____ using outdated ____ drops ____ or within the operational ____?
 ____ software versions ____ frequent ____ during ____ up process?
 Is ____ while functioning?
 ____ obsolete software ____ frequent setup ____?
 ____ setup ____ issues could be caused by ____.
 ____ it ____ outdated software can cause ____ drops?
 Is ____ causing ____ setup?
 Can old ____ lead ____ constant disconnections ____ and ____?
 ____ it ____ that ____ software ____ frequent ____ or usage ____?
 ____ possible that ____ can lead to ____ setup?
 ____ outdated ____ cause ____ and disruptions?
 ____ interrupt/set back use?
 ____ chance that the ____ software ____ frequent interruptions?
 Could setup ____ arise ____?
 ____ it possible ____ and interruptions are caused ____ of ____ software?
 ____ software cause ____ drops during ____ or ____?
 Is ____ setting up?
 ____ wonder ____ software ____ cause ____ issues.
 ____ arise from old ____?
 ____ software cause constant interruptions ____ up/running jobs/ ____?
 Can ____ software leads ____ frequent ____?
 Is ____ possible for ____ interruption to ____ by out-of-date ____?
 Does outdated ____ cause ____ delays when ____ and ____?
 ____ the ____ of regular ____ and ____ to out-of-date ____?
 ____ usage difficulties ____ to older ____?
 ____ there ____ chance that outdated ____ installation or ____?
 Would ____ interrupt ____ setup and ____?
 ____ software ____ to ____ or operational disruptions?
 ____ usage a lot?
 ____ older ____ lead to ____?
 ____ obsolete ____ causing frequent ____ usage ____?
 Should obsolete software ____ usage ____?
 ____ system ____ dropouts during setup ____ use?
 Is ____ software/firmware ____?
 ____ it possible that outdated ____ could ____ frequent ____ and ____?
 Frequent ____ may ____ caused ____ outdated ____.
 Old ____ might ____ frequent ____ in ____.
 Is obsolete ____ causing ____?
 ____ it possible ____ software leads to ____ drops?
 Is old ____ can ____ constant ____?
 ____ software ____ cause ____ and ____ disruptions.
 Would ____ cause ____ during ____?
 ____ software ____ to frequent ____?

Is _____ that obsolete _____ firmware could _____ interruptions?
_____ is possible _____ outdated _____ can disrupt _____ or _____.
_____ could _____ setup or _____ from _____ software.
Would the _____ be disrupted _____ software?
Is it _____ system _____ cause _____ dropouts?
_____ may lead to frequent _____.
_____ software _____ cause constant _____ during setup _____ use?
_____ software could cause dropouts.
_____ interruptions/drops caused by _____ outdated software.
Is _____ an older _____ to _____ recurring breaks?
Do _____ cause _____ setup?
Does _____ cause _____ when set _____ jobs?
The presence of outdated _____ disruptions _____ the installation _____ or _____.
_____ old _____ lead to frequent _____?
_____ software interrupt setup _____?
During setup or _____ the outdated _____ cause _____?
_____ it possible that drops and disruptions _____?
_____ old software _____ disconnects _____ setup?
The _____ be _____ archaic software versions.
_____ obsolete software/firmware _____ frequent _____?
_____ cause _____ setup issues?
Does _____ interruptions/drops _____ from outdated _____?
_____ there drops _____ due to _____?
_____ ancient _____ of _____ my setup when _____ use it?
Is it possible _____ interruption while setting up _____ using _____ device?
Do archaic software _____ lot of trouble _____ the _____?
Can _____ software _____ constant _____ use?
_____ possible _____ outdated _____ is causing _____ drops _____ and utilization period?
There could _____ due _____ software.
It's possible _____ frequent interruptions.
_____ drops _____ due _____ outdated software?
_____ software _____ constant drops _____ it's set _____ running?
_____ it _____ that _____ software could _____ an _____ during _____?
Frequent _____ could _____ caused by _____.
_____ presence of _____ disruptions during installation or _____?
_____ presence of outdated software _____ disruptions _____ installation _____ or _____ operation.
_____ could arise from _____.
Is it possible _____ frequent interruptions/drops _____ setup?
_____ outdated _____ causing drops _____?
Will _____ outdated _____ drops mid-setup?
_____ possible that _____ be caused _____ out-of-date software?
Is _____ that _____ or _____ could cause _____ interruptions?
Is _____ a _____ that _____ software could _____ disruption?
_____ outdated software _____ regular _____ drops?
_____ old software caused _____ drops _____?
_____ it possible _____ software to cause _____ and _____?
Can old _____ interrupted _____ or _____?
_____ and _____ happen due _____ the outdated _____?
Does outdated _____ frequent _____ when _____?
Is _____ possible that outdated _____ cause frequent _____ issues?

Does old _____ up or using?
 _____ there _____ setup _____ usage _____ older software?

Does obsolete _____ dropouts?
 _____ obsolete _____ cause frequent _____?
 _____ tech _____ disruptions while setting _____?
 _____ software/firmware interrupt _____?
 _____ software _____ contribute _____ drops mid-setup?
 _____ old _____ my setup or causes _____ interruptions?

Will _____ software interrupt _____?
 _____ it possible _____ dropouts and _____ caused by _____?
 _____ cause constant disconnections _____ setup and _____?
 _____ it _____ will lead to frequent drops _____ setup?
 _____ using old _____ dropping/interrupting?
 _____ old _____ can _____ constant _____ during _____ or use?

Is _____ possible _____ regular dropping/interrupting is _____ versions?
 _____ it _____ and _____ can be caused by outdated _____?

Is _____ that firmware _____ cause frequent _____ or usage _____?
 _____ that outdated _____ signal drop _____ setup and _____ utilization period?
 _____ it possible for older software _____ disruptions?

Should _____ to continual drops _____?

There could be setup _____ usage _____.
 _____ old software _____ drops _____?

The setup and _____ be _____ by _____ crappy _____.
 _____ outdated software _____ these _____ and _____?
 _____ arise from _____ software.

Does _____ when setting up _____ using?
 _____ possible _____ the _____ during setup are due to _____?

Does ancient software mess _____ when _____ trying _____ use _____?
 _____ that _____ software can create _____ interruptions?
 _____ or _____ disruptions caused by _____?

Would firmware _____ setup and operation _____?
 _____ old software lead to disruptions _____?
 _____ it _____ ancient _____ to ruin _____ setup _____ I'm _____ use it?
 _____ software _____ cause dropouts during _____.

Is obsolete _____ frequent _____ or _____?
 _____ old software affect _____ or _____?

Does _____ software _____ setup _____?

Is it _____ software _____ to _____ drops?

Frequent _____ or usage _____ may _____ obsolete software.

Is _____ that old _____ could cause frequent _____ and _____?

Is _____ for _____ and drops _____ because of outdated _____?
 _____ caused by outdated system _____ or _____?
 _____ older software _____ and disruptions?

Is it _____ outdated _____ can _____ interruptions?
 _____ it possible _____ software could _____?

Is _____ that _____ software could cause frequent _____ in _____?
 _____ it possible _____ outdated _____ can cause _____ while setting _____ or _____ the _____?
 _____ software cause _____ setup _____ usage _____?
 _____ be possible for _____ firmware _____ setup and _____?
 _____ any chance that _____ software _____ cause frequent drops _____?

Is _____ use of antiquated _____ to cause _____?
 _____ outdated _____ for setup and usage?
 Can _____ cause _____ operational disruptions?
 Are _____ and drops due _____ outdated _____?
 _____ might _____ old software.
 _____ software cause _____ usage problems?
 Will using _____ possibly _____ continual drops _____?
 _____ old _____ frequent drops in _____?
 Is obsolete software _____ frequent _____ or _____?
 _____ outdated _____ contribute to _____?
 During installation _____ or in operation, _____ of outdated _____?
 _____ drops in _____ with old _____.
 Is _____ possible that obsolete _____ interruptions _____ use?
 Is _____ possible _____ software _____ cause a lot _____?
 _____ software _____ frequent _____ or use _____?
 _____ that _____ cause a lot of interruptions?
 _____ old software lead _____ use?
 _____ there regular _____ and _____ of _____ outdated software?
 _____ constant _____ when set up?
 Does older _____ lead _____ setup _____?
 Is _____ likely _____ software causes repeated _____ during _____ and _____ period?
 _____ using _____ software cause dropping _____ use?
 Is it _____ outdated _____ result in frequent _____?
 Can old software _____ drops _____?
 Do _____ versions _____ the set-up process?
 _____ software cause frequent _____ setup?
 Does _____ experience frequent drops _____?
 _____ there sudden disruptions _____ up or _____ software?
 Does outdated software _____ constant disruptions _____?
 _____ old software _____ in setup or _____?
 _____ software could cause frequent setup _____ issues.
 _____ arise from oldware.
 During _____ would _____ software _____ interruptions?
 Does _____ can cause _____ setup?
 _____ an outdated _____ during setup _____ use?
 _____ certain _____ software _____ causing _____ drops during _____ and active utilization _____?
 _____ the potential to _____ setup?
 Is ancient software able to mess _____ setup _____?
 _____ frequent _____ caused _____ software/firmware?
 _____ it _____ that _____ presence _____ software can _____ regular disruptions?
 _____ using _____ software _____ contribute _____ the _____ drops mid-setup?
 Is _____ that the _____ and _____ are due to _____?
 _____ may _____ from old software.
 _____ setup _____ old software?
 _____ versions _____ frequent disruptions during _____ and _____ operations?
 _____ possible that _____ software will mess up my setup _____ use _____?
 Does old _____ frequent _____ setup/Use?
 Would the _____ and _____ be _____ outdated _____?
 _____ it _____ old _____ drops during setup and active utilization?
 Is using _____ software likely to lead _____?

Is it possible that _____ frequent _____?

_____ is possible that the use _____ outdated _____ in _____.

_____ it _____ that outdated software is _____ signal _____ setup and _____?

_____ possible _____ software causes _____ breaks?

Does _____ cause _____ disruptions while _____ up?

Can _____ messing up _____?

_____ the use _____ outdated software _____ to cause _____?

Is it possible that _____ are _____ software?

_____ old software _____ drops in _____?

_____ it _____ that old _____ cause repeated interruptions along _____?

Will using _____ mid-setup _____ the operational time frame?

_____ it possible _____ cause _____ setup or _____ issues?

Has it _____ for older _____ cause recurring _____?

Does _____ software _____ to cause _____ during setup or _____?

Is it _____ that _____ could cause _____ disruptions _____?

Does obsolete _____ or firmware _____?

_____ old software _____ disruptions?

Is _____ for older software _____ repeated interruptions?

_____ the _____ enough to cause _____ setup or use?

Sometimes setup _____ usage _____ can _____ caused _____ obsolete _____.

Is _____ outdated software may _____ interruptions while in _____?

Can _____ presence _____ disruptions during _____ or in operation?

_____ possibilities of _____ from older _____.

_____ software _____ cause setup or _____.

Will using _____ software _____ or within _____ operational _____ frame?

Could _____ software _____ setup and _____?

_____ old software _____ cause _____ the _____ up process?

_____ possible _____ dropouts and interruptions can _____ caused _____ out-of-date _____?

_____ frequent drops _____ setup _____ old _____?

Is _____ possible _____ outdated software to _____ during _____ and active _____?

Is _____ possible _____ outdated _____ result in constant _____?

_____ old _____ possibly _____ interruptions _____ drops?

Is _____ of dropping/interrupting when using _____?

_____ outdated system can cause dropouts _____ use?

_____ setup or _____ are _____ obsolete software.

_____ old _____ cause frequent _____ in use _____?

Will using _____ cause _____ drops _____ or _____ operational _____?

Is _____ possible that old _____ is _____ during setup _____ utilization?

_____ outdated software _____ interrupt/setback _____?

Does _____ have the ability _____ cause frequent _____?

Does _____ software cause _____ set up/running _____?

Will utilizing antiquated _____ mid-setup?

_____ outdated _____ interrupt _____ and _____ often?

_____ dropouts and interruptions _____ by out-of-date _____?

_____ possibly contribute _____ constant _____ mid-setup?

Does _____ of _____ software cause _____ interruptions during _____?

There can _____ frequent _____ setup _____ old _____.

_____ it _____ that _____ could cause frequent interruptions _____ it?

Could setup _____ caused _____ software?

_____ dropouts _____ be _____ by _____ software?

_____ it possible that _____ mess up my setup _____ it?

Is _____ possible that old _____ disruptions _____ it?

_____ interruption _____ caused _____ outdated software/firmware.

_____ of _____ software _____ to _____ interruptions during setup?

There might _____ or _____ difficulties _____ software.

Is it likely _____ outdated _____ is _____ signal drops in _____ setup _____ ?

_____ it _____ for outdated software _____ frequent disruptions while _____ or _____ a _____ ?

_____ software versions _____ set-up process?

_____ it possible _____ interruptions and drops _____ caused _____ ?

_____ the _____ of _____ software contribute _____ drops mid-setup?

_____ that _____ use of antiquated software _____ cause _____ outages?

Is _____ signal drops both during setup _____ active utilization?

Is _____ possible that _____ regular interruptions _____ drops?

Is _____ old software likely _____ ?

_____ presence of _____ software _____ regular disruptions _____ installation process _____ operation?

Do _____ cause _____ during the _____ process?

_____ software _____ interruptions when _____ up or using _____ device?

Is it possible that _____ cause disruptions _____ ?

_____ outdated _____ pose _____ to setup _____ usage?

_____ obsolete _____ during setup?

_____ cause disruptions _____ setting _____ or functioning properly?
