

[Demo] NLP Dataset for Customer Service Automation

Company Type	Internet Service Providers
Inquiry Category	Service outage or disruption reports
Inquiry Sub-Category	Intermittent Connection Drops
Description	Customers report experiencing periodic or random connection drops, where their internet connection disconnects and reconnects intermittently. This category addresses inquiries related to unstable network connections, signal interference, or faulty equipment causing frequent disconnections.
Data Size	6,949 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Internet Service Provider" customer inquiry. (Purchased data will not be masked.)

_____ routers cause intermittent lapses _____?
 _____ old _____ make _____ internet services _____?
 Internet connection _____ by _____ routers.
 Vintage _____ may _____ at fault for _____ coverage.
 _____ routers cause problems with _____?
 Is _____ possible _____ internet-connection is intermittent _____ using _____?
 _____ responsible _____ internet dropouts?
 _____ is _____ that aged _____ might _____ in online functions.
 Is it _____ that _____ routers can _____?
 Is _____ possible that anachronistic _____ amenities?
 _____ it possible _____ archaic _____ cause _____ in web services?
 Is old _____ online _____?
 _____ affected by past- their-prime _____ nodes!
 Do _____ routers _____ issues?
 Are online service disruptions _____?
 Can _____ routers harm _____?
 _____ internet service _____ problem?
 _____ old _____ internet bad?
 _____ dropouts caused _____ routers?
 Is _____ possible that _____ are _____ obsolete routers?
 There _____ be _____ failures in online services _____.
 _____ it _____ networking equipment leads to _____?
 _____ routers _____ way for intermittent _____ digital amenities?
 Is it possible that _____ is interrupted _____?
 Is _____ sufferings _____ outdated routes?
 _____ interruptions to _____ occur because _____ outdated _____.
 _____ a _____ between _____ in online services and outdated _____?

Is _____ possible _____ routers _____ cause service _____?

Internet _____ may _____ antiquated infrastructure _____.

Is _____ old routers could cause some _____ services?

_____ there _____ dropouts due to antique routers?

_____ old _____ cause my internet _____ fall _____?

Are _____ a sign that sporadic disruptions _____?

Do the _____ disconnections result _____?

_____ possible _____ routers can cause lag in _____.

Random _____ of _____ access are possible because _____.

Does _____ cause _____ breaks?

_____ possible that _____ may _____ interrupted _____ to obsolete routers?

_____ to _____ services due to _____?

Internet _____ be _____ by old _____.

_____ routers interfere with _____?

_____ old internet _____ internet _____?

_____ disruptions could be caused _____.

Internet _____ may be _____ routers.

Do _____ routers _____ connection _____?

I _____ the _____ will keep _____ my online service.

Is _____ a _____ between online _____ gaps _____ routers?

_____ possible _____ we are _____ online outage _____ routers systems?

_____ internet _____ interrupted by _____ equipment.

_____ possible that _____ service is interrupted _____ routers?

Will my _____ continue _____ be _____ by older _____?

_____ online services _____ to outdated _____?

Is online _____ routers?

Is _____ for old routers to _____?

Is _____ router _____ reason for _____?

Is _____ interrupted due to _____?

_____ disrupted by antiquated modems?

I _____ if it's _____ that old _____.

_____ routers _____ enough to _____ web _____?

_____ may cause _____ disruptions.

Are intermittent online _____ of _____?

_____ older routers _____ in internet _____?

_____ there an occasional _____ connection due to _____?

_____ it _____ sporadic _____ loss is connected _____ using outdated _____?

_____ possible _____ the old routers _____ cause _____ interruptions?

_____ routers _____ online services?

Old _____ could _____ online _____.

Intermittent _____ might _____ caused _____ online _____.

_____ it possible _____ routers are the _____ problems?

Web accessibility _____ the ancient _____.

Is _____ that _____ routers will _____ online _____?

_____ the aged _____ cause intermittent gaps in _____?

Can it _____ past-its-prime networking equipment _____ lapse _____ usage?

Are older _____ connection _____?

_____ internet _____ arise _____ of _____ malfunction.

_____ possible _____ archaic routers _____ cause _____ in web _____?

Is it _____ that we _____ experiencing _____ to _____ systems?

Is ____ possible that older ____ ?
____ it possible that ____ routers can ____ intermittent ____ online ____ ?
____ possible that old ____ could cause ____ issues in ____ ?
____ it possible that ____ cause intermittent lapses ____ online ____ ?
____ online services impacted ____ ?
Is it possible ____ up my ____ ?
____ possible that old routers could ____ interruption?
____ it ____ problem that ____ cause internet ____ ?
____ disrupt online services?
Is ____ possible ____ outdated ____ intermittent internet issues?
____ old ____ for inconsistent breaks ____ offerings?
____ internet ____ to older routers.
____ are caused ____ routes?
____ past-its-prime ____ equipment ____ down?
____ online failures ____ by ancient ____ ?
Is it ____ old ____ to inconsistent breaks within ____ ?
____ older ____ can disrupt online services?
Is ____ that ____ routers make ____ services stop ____ ?
Would the ____ interrupted ____ modems?
Is ____ a cause ____ disruptions?
____ internet interruption ____ result ____ older ____ ?
____ old can ____ internet service?
____ intermittent internet issues ____ routers?
____ online fails due ____ ?
____ routers leading ____ erratic ____ in ____ connections?
Is there a chance ____ disrupt ____ randomly?
Out ____ date buggers cause ____ ?
Random disruptions of ____ be ____ by ____ gateways.
Old ____ lead to ____ service.
____ it ____ that ____ failures in online services?
Will ____ routers continue ____ online services?
____ accessibility ____ because of ____ routers?
Maybe ____ problems ____ from ____ infrastructure ____ .
____ possible ____ outdated routers ____ intermittent online ____ issues?
____ plausible ____ intermittent ____ is related to using ____ equipment?
____ the Net disrupted ____ devices.
Is there a ____ web ____ due to ____ ?
Are there intermittent ____ failures ____ ?
____ affected by ____ routers?
____ past-its-prime networking equipment ____ periodic ____ usage?
____ online services?
____ come from ____ gear?
____ disruptions to online ____ occur because ____ .
The internet ____ interrupted by ____ .
____ for ____ outdated ____ to interrupt service?
____ it ____ that ____ loss is associated with ____ equipment?
Is ____ a chance ____ can cause ____ issues?
It ____ possible ____ loss is associated ____ using ____ .
It's ____ old ____ cause occasional lag ____ web ____ .
____ it possible ____ old ____ drops ____ internet service?

____ old ____ with ____ services?
 ____ service disruption is caused _____.
 Is my ____ service _____ the _____?
 Maybe the occasional loss of _____ routers?
 _____ be due to outdated _____.
 Is it _____ loss ____ related to using ____ equipment?
 Is the _____ dropouts ____ by antique ____?
 _____ disruptions ____ web access might result from _____?
 Is ____ online ____ still ____ messed ____ by outdated ____?
 Is ____ internet bad _____ old ____?
 Is ____ possible _____ wi-fi ____ disrupt Net ____?
 _____ online services going to _____ by ____ outdated routers?
 _____ chance ____ old routers ____ drops?
 _____ that ____ routers ____ cause intermittent service interruptions?
 Is _____ the cause ____ online ____?
 Will my _____ by outdated ____?
 Irregular ____ to online _____ outdated routers.
 Will _____ services ____ to be ____ by ____ routers?
 _____ possible that _____ lost _____ using outdated equipment?
 Will ____ routers _____ with online ____?
 Does the ____ loss _____ have _____ with ____ of-date routers?
 Do outdated _____ internet ____?
 _____ internet ____ arise ____ archaic infrastructure _____.
 _____ it possible that _____ routers _____ in web ____?
 _____ occasional ____ in internet availability ____ linked ____ obsolete _____.
 Is it possible for a lapse _____ access to _____ routers?
 _____ an outdated _____ cause intermittent internet issues?
 _____ can _____ web connection?
 _____ equipment ____ lead ____ spotty ____ service.
 There _____ internet outages that could _____ aged _____.
 Old routers _____ services.
 Is _____ for sporadic disruptions ____ digital ____ to ____ caused _____ devices?
 Is _____ routers able to _____ services ____?
 _____ possible that ____ online _____ random breaks?
 Is it a problem if ____ routers _____?
 _____ old net ____ responsible for _____?
 The occasional ____ of connection ____ be ____ result _____.
 Is it ____ that ____ routers can cause ____ lag _____?
 Is it true that _____ equipment _____ disconnections?
 Irregular disruptions to online _____ be _____ routers?
 _____ old ____ cause ____ on my ____?
 _____ availability is affected by _____.
 Is online ____ interruption possible _____?
 _____ old routers cause _____ off?
 _____ might be to blame ____ intermittent _____.
 Can _____ cause internet ____?
 _____ online _____ aging routers are ____?
 _____ internet availability ____ might _____ by obsolete _____.
 Aging routers _____ connections ____ true?
 Does ____ occasional _____ connection be due _____ routers?

Is _____ internet-connection loss is due _____ outdated _____?
_____ it possible _____ might cause intermittent gaps?
_____ possible that _____ are _____ internet issues _____ of outdated _____?
Is it possible _____ the _____ can _____ by outdated _____?
_____ it _____ equipment results in periodic disconnects?
_____ that _____ routers _____ occasional drops?
_____ service _____ possible due _____ old _____?
_____ it possible _____ outdated routers _____ connection?
archaic _____ might _____ blame for _____ shortcomings.
_____ internet issues _____ by _____ routers?
_____ services can be caused by outdated _____.
_____ old _____ my internet service dropping off?
Occasionally _____ be _____ old routers.
_____ old _____ to cause periodic _____?
Do old routers _____ the _____?
Is _____ occasional _____ of _____ caused _____ out-of-date _____?
Is _____ possible that _____ routers _____ the reason _____ intermittent _____?
Are there any _____ due _____?
There are _____ gaps in _____ services _____ may _____ routers.
_____ internet _____ cause spotty internet _____?
_____ the _____ and _____ connection issues?
_____ antique _____ causing _____ dropouts?
_____ gear may _____ blame for _____ online _____.
There _____ be Internet problems _____ malfunction.
_____ intermittent _____ failures due _____ outdated _____?
intermittent _____ in _____ can be linked to _____
Is _____ possible that outdated routers can _____ failures _____?
_____ net appliances may cause _____.
Is _____ of _____ the _____ for occasional disruptions?
_____ aging routers _____ cause of _____ in digital _____?
Is _____ possible that internet-connection _____ use of _____ equipment?
Is _____ that _____ can _____ some drops?
_____ routers messing _____ internet now and _____?
_____ accessibility _____ by ancient _____?
Is _____ interruption _____ by _____?
Isn't the _____ connection due _____ routers?
_____ it possible to _____ lag _____ services _____ old routers?
_____ breaks caused by _____ hardware _____ internet-based _____?
_____ accessibility _____ by ancient routers.
Is it possible _____ drops?
_____ antique routers _____ dropouts?
_____ availability may _____ affected _____ obsolete _____.
_____ possible that online _____ will _____ due _____ obsolete routers?
_____ vintage _____ appliances cause _____ unreliable _____?
_____ hampered _____ old routers?
_____ it possible that _____ routers _____ internet _____?
Is _____ temporarily by _____ fi devices?
Does _____ cause random _____ internet _____?
Does _____ of connection have _____ do with _____ date _____?
Is _____ by _____ routers?

Website _____ can be _____ ancient _____.

_____ hampered by _____ routers?

There is a possibility _____ could mess _____.

_____ it _____ that old routers _____?

The Net _____ disrupted temporarily by _____.

_____ services affected _____ router?

Is _____ that _____ routers _____ some _____?

There _____ periods _____ availability that are _____ by obsolete _____.

_____ it possible for _____ equipment _____ during _____ usage?

Is it _____ outdated _____ result in _____ services?

_____ possible to _____ in web services with _____ routers?

_____ routers _____ up the _____?

_____ it possible _____ outdated routers _____?

Is it _____ that past-its-prime _____ equipment _____ in the _____ web _____?

_____ online _____ interruptions _____ to obsolete routers.

_____ old routers causing _____ online _____?

Are internet interruptions possible _____?

Is _____ that _____ routers _____ to _____ internet availability?

_____ irregular interruptions _____ online services _____ outdated _____?

_____ internet _____ when _____ routers are _____?

_____ internet _____ may _____ to _____ routers.

_____ possible _____ old routers _____ cause service _____?

_____ it _____ that _____ make my internet services _____?

_____ service disruptions _____ to _____ routers.

_____ of _____ could be _____ by _____ home gateways.

Do old _____ my Internet?

Is _____ interruption due _____?

Is _____ that older _____ to periodic disconnects?

_____ old _____ to _____ breaks in internet-based _____?

Is _____ that we _____ experiencing _____ due _____ old equipment?

_____ that old routers _____ cause online _____.

_____ caused by outdated _____?

_____ the _____ mess up _____ internet?

Will _____ availability be _____ obsolete _____?

_____ routers _____ of internet _____?

_____ old routers to _____ issues?

_____ the occasional _____ of _____ have something _____ with _____ routers?

Is older _____ to _____ services _____?

Is _____ internet-connection loss _____ to using old _____?

_____ intermittent _____ online _____ be _____ to the old routers.

Is it possible that _____ routers _____?

It is possible that _____ from _____ malfunction.

_____ that an _____ can cause internet dropouts?

Internet problems _____ arise _____ infrastructure _____.

_____ of web access could _____ from outdated _____.

Is internet availability _____ occasional _____?

Do _____ routers _____ internet service _____?

_____ possible that aged _____ are _____ of _____ issues?

_____ internet availability _____ due to _____.

_____ might cause _____ online connections.

_____ interruptions _____ online services can _____ of _____ routers.

_____ that _____ outdated _____ cause service disruptions?

_____ it _____ outdated routers _____ cause _____ issues.

_____ that _____ can cause intermittent issues in online _____.

_____ interruptions to online _____ outdated routers.

_____ past-its-prime _____ occasionally _____ during web _____?

Do _____ cause _____ Issues?

_____ it _____ that outdated _____ service _____.

Is it possible _____ service interruptions?

_____ internet interruptions with older routers?

Is _____ possible that old networking _____?

_____ old routers _____ online _____?

Does _____ way _____ disruptions in digital amenities?

_____ cause random breaks.

Is it _____ older routers _____ the way _____ intermittent _____ amenities?

_____ possible _____ older _____ router _____ disrupt online services _____?

_____ routers _____ online?

Is _____ internet _____ caused _____ older _____?

_____ possible _____ old _____ can _____ web lag?

Do _____ obsolete contribute to intermittent _____?

Is internet _____ harmed _____?

Is it possible _____ cause intermittent _____?

Is it _____ loss _____ internet-connection _____ using outdated equipment?

Do random _____ in _____ come _____ older routers?

_____ web access _____ result of outdated home _____?

Is it _____ outdated _____ could cause _____ interruptions?

Irregular interruptions to _____ services _____ caused by _____.

Is vintage net appliances _____ unreliable _____

Older hardware _____ contribute to _____ internet _____ offerings.

Is _____ possible _____ outdated _____ to cause _____ issues _____ online _____?

_____ possible _____ outdated _____ are _____ of intermittent internet issues?

Is it _____ arise from archaic _____ malfunction?

_____ possible that _____ frequent drops in internet _____?

_____ it _____ dated networking equipment leads to _____?

Some service disruption _____ caused _____.

Is _____ possible that old _____ drops _____ connections?

_____ old _____ in digital amenities?

Occasionally, _____ be affected by _____.

_____ drops in _____ accessibility could be _____ by _____?

_____ online services be _____ with _____ outdated _____?

During _____ can _____ equipment fail?

_____ there service _____ outdated routers?

Is _____ ancient routers _____ web _____?

Do _____ routers ever _____?

_____ possible _____ are _____ reason behind intermittent internet _____.

_____ possible _____ aged routers are the _____ intermittent internet _____?

Are old routers _____ reason _____?

Is _____ on online _____ caused _____ outdated routers?

Is it _____ obsolete _____ that _____ service _____?

_____ aging routers pave the way _____ occasional disruptions _____ amenities?

Internet ____ could be ____ old ____.

____ old equipment affect ____ internet ____?

Is ____ devices ____ sign ____ sporadic disruptions ____ digital ____?

____ routers making ____ issues?

Is ____ routers ____ issues?

Service ____ caused ____ outdated routers.

____ internet ____ be ____ by ____ routers.

Is ____ going to drop due ____?

Is ____ we ____ internet issues due to ____ systems?

____ a chance ____ outdated routers can ____ interruptions?

____ possible ____ outdated ____ responsible for unpredictable online ____?

____ it possible ____ obsolete ____ sporadic internet ____?

____ is possible that ____ problems ____ archaic infrastructure ____.

It's possible ____ routers ____ intermittent ____.

____ it possible that ____ old ____ cause periodic ____?

Is ____ possible ____ routers cause occasional ____ web services?

____ there service disruption ____ routers?

____ it the age ____ the ____ causes ____ outages?

Will ____ online ____ by the old ____?

____ it possible ____ old ____ can cause ____ service ____?

Is it ____ routers to cause ____?

Do ____ make my ____ services ____?

____ it ____ outdated ____ could harm web ____.

____ it ____ older routers can ____ internet ____?

Do old ____ internet services ____ go ____?

Are the ____ online ____?

Is ____ disrupt online service randomly?

____ a ____ of ____ service ____ due to obsolete ____.

____ online services still be messed ____ the ____?

Do ____ router ____ up ____?

____ possible ____ old ____ could ____ web connection?

____ in online connections may ____ caused by ____.

Is aging ____ cause ____ sporadic ____?

Is it possible ____ old ____ can ____ online ____ to ____?

Are the ____ gaps ____ online services ____ to ____?

____ the ____ routers could cause service interruptions?

____ internet ____ by the old ____?

Old ____ may ____ to ____ spotty ____ service.

____ the old ____ with my ____ service?

Is ____ possible that ____ intermittent gaps ____ functions?

Is ____ antique routers ____ dropouts.

____ service ____ possible due ____ routers?

____ outdated routers ____ problems?

Is ____ interrupted ____ to obsolete ____?

____ it ____ that ____ routers ____ service disruptions?

____ routers ____ to cause ____ disruptions?

Maybe ____ occasional ____ of connection ____ out-of-date routers.

____ there ____ service ____ due to outdated routers?

____ routers ____ cause ____ internet issues?

____ possible that ____ caused by ____ older equipment?

_____ ancient routers _____ web _____ ?
 _____ routers _____ cause _____ issues.
 Do routers _____ are older _____ the _____ sporadic _____ ?
 Is it _____ for _____ service _____ interrupted because _____ routers?
 _____ routers _____ to disruptions.
 _____ are occasional lapse in _____ obsolete routers.
 _____ in online connections _____ to _____ routing devices?
 _____ cause random breaks _____ connections.
 _____ it possible _____ to lapse _____ web usage?
 _____ online _____ by irregular _____ due to outdated _____ ?
 Is it _____ the outdated _____ cause _____ issues?
 _____ want to know if old _____ mess _____ .
 _____ there _____ service disruptions due to _____ routers?
 Is _____ possible that outdated _____ harm _____ ?
 Could internet _____ be _____ hardware?
 _____ disruptions _____ of outdated routers?
 It is _____ that _____ from _____ infrastructure malfunction.
 _____ disruption _____ by outdated routers?
 _____ routers _____ disrupt online _____ randomly.
 _____ it possible _____ the old _____ to _____ problems?
 _____ routers _____ for intermittent disruptions?
 Is it _____ can hurt _____ connection?
 Do old routers _____ ?
 Is _____ that ancient routers _____ ?
 Is _____ internet _____ being messed _____ by outdated _____ ?
 _____ connection damaged by _____ ?
 _____ for _____ to cause occasional _____ in _____ web services?
 _____ possible that _____ services _____ be disrupted because of _____ ?
 _____ possible that _____ routers can lead _____ interruptions?
 _____ the _____ to blame for the sporadic _____ ?
 Is _____ possible _____ routers _____ internet _____ ?
 _____ routers cause my _____ to _____ ?
 _____ service disruption _____ by _____ routers.
 _____ it possible that aged _____ are _____ internet disruptions?
 _____ routers cause internet _____ ?
 _____ we are experiencing internet problems _____ to _____ systems?
 _____ old _____ of causing _____ disruptions?
 The internet _____ be _____ routers.
 _____ can _____ erratic disruptions.
 _____ be hampered _____ the _____ routers.
 _____ devices _____ Net on/off _____ ?
 Should internet _____ affected _____ routers?
 _____ it possible _____ related to _____ outdated equipment.
 Is _____ that older routers _____ breaks?
 Do old routers _____ lose my _____ ?
 Is it possible _____ service _____ due _____ old _____ ?
 _____ an occasional loss _____ due _____ out-of-date _____ ?
 _____ service disruption _____ by _____ Routers.
 Is _____ that _____ routers pave the way for _____ of _____ ?
 Is it _____ that _____ connectivity _____ by old _____ ?

____ old ____ cause intermittent ____ online ____?
 Sometimes ____ is ____ by ____.
 Do ancient devices ____?
 ____ internet might ____ archaic ____ malfunction.
 Is the ____ due to ____?
 ____ internet routers ____ spotty ____?
 I wonder ____ the ____ messing ____ my online services
 Is it ____ we're experiencing ____ due ____ outdated ____?
 There may ____ gaps in ____ services and ____.
 Are old routers ____?
 Will ____ disrupted ____ the future ____ outdated routers?
 ____ gear may ____ failures.
 ____ ancient wi-fi devices ____ Net ____?
 I ____ the outdated ____ will ____ with my ____ services.
 Is ____ that ____ are the reason ____ intermittent ____ disruptions?
 ____ possible ____ disruptions ____ are ____ to old hardware.
 ____ it ____ aged routers ____ the reason ____ sporadic internet ____?
 Is it possible that ____ routers ____?
 ____ keep messing with ____ internet ____?
 Is ____ that ____ loss ____ a result ____ using ____ equipment?
 ____ of ____ because ____ routers are out of date?
 ____ it possible that outdated ____ in disruptions ____?
 ____ be ____ reason for sporadic ____.
 ____ it possible that the ____ the ____ of outdated routers?
 ____ interruptions to online ____ can ____ outdated routers.
 ____ my ____ services to stop?
 ____ vintage net ____ blame ____ unreliable digital ____?
 Is it ____ outdated ____ cause intermittent ____ services.
 ____ disconnects result ____ old ____ equipment?
 Are ____ routers ____ reason ____ breakdowns?
 ____ can be caused by ____.
 Is ____ for ____ routers to cause ____?
 ____ between intermittent ____ in online services and ____?
 Is ____ routers ____ lead to internet disruptions?
 ____ oldrouters ____ services?
 Are ____ routers ____ for service ____?
 Is ____ an outdated routers can cause ____?
 ____ online service ____ be ____ due to ____.
 Is ____ possible that networking ____ results in ____?
 ____ intermittent online ____ due ____ gear?
 ____ is possible ____ due to outdated routers systems.
 Is it possible that ____ pave ____ occasional disruptions?
 ____ the ____ of connection caused ____?
 ____ routers ____ web accessibility ____?
 Is ____ problem with online ____ because ____ routers?
 ____ it ____ for older ____ to ____ online services ____?
 Does ____ disrupt ____ temporarily?
 Irregular ____ services ____ be caused ____ outdated Routers.
 ____ it possible to cause internet ____ antique ____?
 ____ possible that the old ____ periodic ____?

Is it ____ that ____ cause occasional ____ web ____?

Irregular ____ online services may ____ obsolete routers.

____ internet could ____ by older ____.

Would ____ internet ____ intermittently ____ antiquated ____?

____ routers ____ internet interruption.

____ old routers ____ with web ____?

There ____ by outdated routers.

Are old internet ____ routers ____ spotty internet ____?

It's possible that ____ the ____ for ____ outages.

____ that ____ equipment can ____ to internet disruptions?

Old ____ internet disruptions.

____ online ____ routers: true?

____ old ____ cause internet ____ spotty?

Old routers may ____.

Are the ____ old ____ disruptions?

____ old ____ to internet ____?

Is ____ for ____ routers to ____ service ____?

____ there ____ connection between ____ internet issues?

____ old ____ impact ____ accessibility?

Is ____ possible ____ networking ____ leads to periodic ____?

____ can cause ____ disruptions ____ online ____.

Is a ____ appliance ____ responsible for unreliable ____?

Is ____ true ____ outdated routers ____?

Do old ____ cause ____ to ____ functioning?

____ routers interrupt ____?

____ possible that ____ routers may ____ connection?

Is ____ time ____ routers ____ be ____ online downtime?

____ routers ____ to cause online ____?

____ web connection can be ____.

I wonder if out-of-date ____.

Is ____ possible ____ routers can ____ internet ____?

____ aging ____ the ____ for sporadic ____?

____ online failures due ____ gear?

____ routers ____ web connection?

____ it ____ routers ____ internet problems?

____ possible that ____ routers ____ for occasional disruptions?

Is ____ that ____ routers ____ harm internet ____?

Maybe the ____ of connection is ____ out-of-date ____?

____ old networking ____ online ____?

Is ____ internet ____ older routers?

____ antique routers ____ internet ____?

Older ____ may ____ way ____ sporadic ____.

Does ____ technology lead ____ internet ____?

____ old ____ in online routers.

____ old routers ____ online ____?

Connection ____ caused by ____?

Is an ____ cause ____ internet ____?

Are ____ routers ____ services?

Older ____ models ____ online services ____.

____ possible that ____ routers might ____ a web ____?

_____ internet _____ to older _____?
 Is it _____ for _____ disruptions _____ digital _____ be caused by _____?
 _____ flaws might be _____ archaic _____.
 _____ intermittent online connections _____?
 Do _____ router devices _____ to _____?
 Is it possible _____ online services can _____ intermittent _____?
 _____ the _____ keep _____ with _____ online services?
 _____ older routers _____ to disrupt _____?
 _____ is _____ that the occasional _____ due _____ out-of-date routers.
 Is _____ of routers paving _____ for _____ disruptions?
 _____ possible that outdated routers _____ cause intermittent _____ online _____.
 Does _____ networking _____ during web usage?
 Do _____ affect internet _____?
 Are old _____ net on/off _____?
 Is _____ possible that outdated routers _____ issues?
 _____ be affected by obsolete _____?
 _____ possible that older _____ causes _____ breaks _____ connections?
 _____ can cause disruptions in _____.
 Is _____ routers _____ of _____ disruptions?
 _____ equipment _____ internet disruptions.
 Is there a chance _____ intermittent internet _____?
 _____ it possible _____ routers _____ intermittent lapseds _____ online services?
 Did old _____ cause _____?
 Is it _____ for aging _____ devices _____ cause _____?
 _____ internet disrupted temporarily _____ ancient _____?
 Are the _____ to old _____?
 _____ vintage _____ appliances responsible _____ coverage?
 Is it _____ ancient _____ accessibility?
 Is it _____ can _____ periodic drops?
 There are online _____ from _____?
 _____ it true _____ intermittent online connections and _____?
 Sometimes _____ are _____ by _____ routers.
 web _____ may _____ hampered _____ routers.
 Is it possible _____ is related _____ old equipment?
 _____ there a link _____ and outdated routers?
 _____ it possible _____ the _____ routers _____ the _____ drops?
 Are _____ issues _____ by _____?
 _____ it _____ to cause _____ lapses in _____ outdated routers?
 Can _____ routers _____ web _____?
 _____ it _____ hardware is contributing to inconsistent _____ internet-based _____?
 _____ possible _____ routers _____ online interruptions?
 Is _____ able to cause _____?
 Are intermittent _____ to antiquated _____?
 _____ make _____ internet service slow?
 Is _____ cause for _____ dropouts?
 Are _____ routers _____ cause _____ issues?
 intermittent gaps in _____ be linked _____ outdated _____
 The _____ services _____ disrupted _____ routers.
 Is it _____ an _____ router to _____ service _____?
 _____ old routers to blame _____ service _____?

Service breakdowns _____ result of _____.

archaic _____ be to _____ internet deficiencies.

Are _____ partly responsible _____ unreliable _____?

_____ old _____ cause _____ service.

Is outdated _____ a _____ issues?

_____ old _____ spotty internet service.

_____ likely to _____ internet disruptions?

_____ the online _____ by old _____?

_____ routers messing _____ internet?

Is _____ routers can cause intermittent _____ in _____ services?

Is there _____ with online services caused _____.

_____ might have _____ of archaic _____ malfunction.

Older _____ might cause _____.

_____ equipment cause _____ internet services _____ drop _____?

Is using older online _____?

Is old _____ with _____ connection?

_____ older routers _____ sporadic _____ digital _____?

Is it possible _____ online services issues?

_____ intermittent _____ services _____ be _____ by outdated routers.

_____ it _____ that older _____ are the _____ behind intermittent _____?

Is _____ safe _____ say that outdated _____ cause _____?

Is _____ possible _____ the _____ routers _____ service disruptions?

_____ hardware _____ contribute to inconsistent _____ internet-based _____.

Is _____ possible _____ outdated routers _____ interruptions?

_____ possibly _____ by outdated routers.

_____ possible _____ older _____ can lead to internet _____?

_____ routers possible _____ cause online _____?

_____ internet _____ older routers?

_____ occasional _____ of connection due to _____ routers?

_____ possible _____ equipment is old and _____ periodic _____?

_____ it possible _____ old _____ lead _____ erratic disruptions?

Do ancient _____ disrupt _____?

Is _____ possible _____ antique routers _____ internet _____?

_____ routes _____ internet _____?

_____ that outdated routers _____ cause online _____?

Is it possible _____ we're _____ outages _____ outdated routers _____?

_____ internet sufferings can _____ routes.

Will the old equipment _____?

irregular interruptions _____ be caused _____ outdated routers?

Is _____ service _____ of _____ routers?

Is web _____ by the _____?

Is my _____ getting _____ with _____ routers?

Will _____ services keep _____ messed with by _____?

Is the _____ affected _____ routers?

_____ service _____ can _____ from _____ routers.

Is it _____ that routers are _____ cause _____?

_____ online failures _____ ancient gear?

_____ connection hurt _____ outdated _____?

_____ it possible that _____ could _____ occasional service _____?

Does _____ routers _____ sporadic _____ of digital _____?

_____ arise _____ archaic infrastructure malfunction.

_____ blips _____ gear?

Online _____ by older router models.

_____ possible that _____ can cause _____ lag?

Is online _____ disrupted _____?

_____ there a chance _____ outdated routing _____ interfere _____?

Is _____ possible that _____ routers _____ lag _____ web _____?

Is it _____ are _____ because _____ outdated equipment?

_____ online services be _____ with by _____ outdated _____?

Do _____ causes spotty _____?

_____ a lapse in _____ availability _____ to _____ routers.

_____ there is _____ of internet availability because _____.

There _____ be _____ gaps in _____ availability _____ to _____.

Is _____ for _____ to cause _____ problems?

web _____ by ancient routers.

_____ of web access _____ be caused _____ outdated _____ gateways.

_____ old routers _____ online _____?

_____ cause _____ services _____ slow down?

Is _____ with _____ internet access?

_____ old _____ make _____ services _____ down?

_____ issues _____ caused _____ routers that are _____.

Will _____ internet _____ by old equipment?

Does older _____ online connections?

Is _____ that _____ is _____ due to _____ equipment.

_____ caused by outdated _____?

Are obsolete routers _____ internet _____?

Is there _____ reason _____ hamper _____?

Aging _____ be _____ reason for _____.

_____ dropouts _____ caused _____ antique router.

_____ my internet _____ up by _____?

_____ possible _____ outdated routers can cause intermittent _____ online _____?

Do old _____ internet _____ to _____ working?

_____ connection could be _____ old _____.

_____ net appliances _____ for _____ unreliable digital coverage?

Is it possible _____ experiencing _____ to outdated _____?

Is older _____ prone _____ internet _____?

Aging router, _____ online _____?

Is _____ for _____ routers _____ blamed _____ online downtime?

_____ occasional _____ loss _____ out-of-date routers?

_____ old routers _____ in _____ way of _____?

Is it _____ internet-connection _____ associated with _____ equipment?

_____ online _____ caused by _____?

Is _____ routers cause occasional _____ in the _____?

_____ it possible _____ old routers could cause _____?

Is it possible that _____ intermittent internet _____?

Is it possible _____ are having _____ because of _____?

_____ past-its-prime _____ affect internet _____?

_____ it _____ internet service to be _____ due _____ routers?

_____ sporadic _____ in internet accessibility due to _____.

_____ old _____ cause _____ gaps in _____?

_____ the _____ of old routers for _____ service _____?
 I want _____ know _____ old routers _____ online _____.
 Is _____ connection due _____ out-of-date _____?
 _____ routers _____ cause internet _____.
 _____ be Internet _____ to archaic _____ malfunction.
 _____ it _____ that older _____ internet _____?
 _____ it _____ that old _____ occasional drops _____ service?
 _____ broken _____ old buggers?
 irregular _____ to _____ may _____ caused _____ outdated routers.
 Do _____ routers _____ my internet _____ to go _____?
 _____ that antique _____ cause _____ troubles?
 It's possible that _____ online _____ because of _____.
 _____ routers _____ disrupt _____ randomly.
 _____ routers _____ blame for sporadic _____?
 Is it _____ are _____ for online downtime?
 Do _____ on internet availability?
 Is _____ services not work?
 Are _____ sufferings _____ by _____ routes?
 It's _____ routers to _____ occasional _____ in _____ services.
 Irregular _____ services _____ occur because of outdated _____.
 Is it possible _____ loss _____ to _____ outdated _____?
 _____ possible _____ dated _____ causes periodic disconnections?
 _____ possible for online access to lapse _____ use _____?
 _____ there _____ interruptions to online _____ caused _____ routers?
 _____ equipment _____ to cause _____ lapses?
 _____ may _____ gaps _____ online functions.
 _____ equipment _____ my _____ services _____ go off?
 _____ it a _____ routers disrupt _____ services?
 Is _____ the cause _____ sporadic _____?
 _____ that internet-connection _____ is associated _____ outdated equipment.
 Are _____ routers _____ for service _____?
 Is _____ a _____ erratic _____ connections?
 _____ lapse in online services _____ caused _____ outdated _____.
 Is it possible _____ internet interruptions?
 Is _____ routers _____ to _____ online _____?
 _____ there _____ online services because of _____ routers?
 The _____ might have _____ because _____ archaic _____ malfunction.
 Aging routers _____ disruptions afflicting digital _____.
 Irregular interruptions _____ might _____ from outdated _____.
 Is _____ way that _____ cause service interruptions?
 _____ older routers likely to _____?
 _____ are _____ disruptions afflicting _____ amenities _____ of aging _____.
 Are _____ wi-fi _____ on/off temporarily?
 _____ interruptions _____ services _____ by outdated routers.
 Occasionally service disruptions could _____.
 _____ older _____ a cause _____ problems?
 _____ it _____ can cause problems in online _____?
 _____ can _____ by outdated routers.
 Internet _____ caused _____ outdated routes.
 Is there _____ gaps in online _____ connected _____?

_____ the old _____ spotty _____ service?
_____ availability _____ be spotty _____ to _____ routers.
Can _____ cause intermittent internet _____?
