

[Demo] NLP Dataset for Customer Service Automation

Company Type	Electricity Suppliers
Inquiry Category	Assistance in understanding the tariff structure
Inquiry Sub-Category	Time-of-use rates explanation
Description	Customers inquire about the time-of-use rates and how they vary based on the time of day and week, aiming to optimize their energy consumption during cheaper periods.
Data Size	5,070 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Electricity Supplier" customer inquiry. (Purchased data will not be masked.)

Are _____ particular _____ hours where _____ more expensive for me to _____ compared _____ ?

Is there a time _____ day when _____ rates _____ usual?

There _____ periods _____ power consumption _____.

_____ there _____ hours that cause _____ for electricity _____?

Do _____ times of _____ charges for _____ power than _____?

I am _____ is a peak time when _____ to _____ the _____ energy.

I am wondering _____ more _____ electrical energy _____ compared to other _____.

_____ have higher _____ prices?

Are _____ any _____ when it is _____ to _____ to _____ times?

I _____ wondering if peak _____ more expensive to consume _____ energy _____ other _____ day.

_____ certain times of day _____ charged more _____ power _____?

Can _____ go _____ during _____ hours.

_____ times of _____ day impose more charges _____ power _____?

Do certain times _____ more _____ use power _____ times?

_____ peak _____ higher bills?

_____ more to _____ power at certain _____ of _____?

What _____ high-priced _____ electricity?

_____ expensive peak hours?

Is _____ any _____ hours _____ more expensive to use _____?

Is there _____ times _____ electricity?

_____ peak hours associated _____ higher _____ for _____?

_____ am wondering _____ is a _____ cost to _____ during peak _____.

_____ it cost _____ there is _____ in _____?

Will _____ go _____ if I use power _____ high _____?

_____ hours _____ more?

Does _____ cost _____ up _____ times?

Will I _____ to pay _____ I use _____ at _____ demand _____?

_____ am wondering _____ there is _____ hours _____ it is _____ expensive to _____.

Is _____ time _____ I will _____ pay more for _____?

_____ that any _____ hours?

Is there _____ pricey electric _____?

Does using power _____ times?

_____ expensive for _____ to use _____ certain times.

Do _____ result in _____ pricing _____?

_____ it _____ I will _____ an extra fee _____ use power _____ demand times.

_____ if it's more _____ to use _____ at certain _____.

_____ you please _____ about the _____ is more expensive?

_____ possible that _____ hours in _____ electric rates _____ more costly _____?

Any pricey _____ use _____?

Do certain _____ day _____ using power than _____?

How expensive _____ peak _____ for _____?

Do _____ frames _____ more _____ it _____ to _____ use?

Do some _____ for _____ use?

Does it _____ hours?

_____ peak times _____ bills?

For _____ electricity _____?

_____ certain _____ of the day _____ more _____?

_____ are the _____ for power _____?

_____ certain _____ cost _____ electrical use?

_____ there a time _____ have to pay _____ electricity?

_____ any _____ peak _____ for _____ use?

What _____ includes the higher electrical rates _____ rest _____ day?

_____ there times in _____ electric _____ become _____ expensive _____?

_____ a more _____ for _____ consumption?

Were _____ more _____ moments?

_____ are _____ hours _____ result in _____ prices _____ electricity.

Is _____ costing _____ for _____ use?

_____ higher _____ peak periods?

Is _____ of _____ during _____ hours?

Is it _____ expensive _____ peak hours _____ electricity _____ times?

_____ energy is in demand?

Is _____ a time _____ electric rates _____ more _____?

_____ more _____ power at select times?

_____ it _____ when energy _____ in high _____.

Is _____ particular _____ in which electric _____ become _____ than usual?

_____ increase _____ busy hours?

_____ are _____ when _____ is costlier.

_____ to know if _____ in _____ electric rates _____ more costly _____.

Is _____ a period where I _____ to _____ more _____?

_____ particular hours that _____ become _____ expensive than _____?

_____ time period _____ electrical rates _____ to other _____ periods?

_____ peak _____ with _____ bills now?

_____ it _____ for _____ certain periods of the day?

_____ it necessary _____ extra _____ using _____ during peak times?

_____ a _____ I have to pay _____ for electricity?

_____ you know if _____ are _____ pricier periods _____ for using _____?

_____ necessary _____ pay extra fees _____ using electricity _____ peak _____?

_____ certain time _____ expensive _____ electrical _____?

The _____ hours might _____ prices.

_____ there any _____ where _____ more expensive _____ electricity?

Is _____ to _____ extra _____ using _____ peak hours?

Is there _____ where _____ rates _____ more expensive _____?

_____ it _____ to use _____ in _____ of the day?

_____ any _____ in which electric _____ more expensive _____ usual?

Which _____ have electricity _____?

_____ there more _____ times to _____?

_____ any more expensive _____ to _____ up electricity?

_____ cost can _____ during busy _____.

Could you tell _____ which electric _____ become _____ expensive?

_____ certain hours _____ electric rates become more _____?

I want to _____ there are _____ day where I should _____.

Are there _____ expensive _____ to _____?

_____ some expensive time _____ for _____?

_____ energy _____ demand, will it _____?

_____ using _____ expensive during selected _____?

What _____ periods include _____ rates compared _____ the rest _____?

Do _____ think there are _____ when _____ more _____?

_____ electric cost _____ up _____ hours?

_____ specific peak _____ a higher _____?

_____ peak _____ increase?

_____ would _____ know _____ there _____ a peak _____ it is more _____ use the electrical _____.

_____ there _____ pricey _____ hours?

What are _____ periods during _____ rates _____?

_____ you know of _____ peak _____ it _____ expensive _____ use electricity?

_____ times _____ electricity _____ more?

_____ wondering if _____ hours are more _____ to _____ than _____ times.

_____ it _____ more to _____?

Are _____ which electric rates become more _____?

_____ expensive _____ moments occasionally?

Is it _____?

Do I _____ times of the day?

I'm wondering _____ hours _____ to _____ the _____ energy _____ other times.

What time period _____ includes _____ compared _____ the rest _____ the _____?

I _____ if _____ certain _____ day is _____ expensive to _____ electrical energy _____ times.

_____ there a time frame _____?

_____ cost _____ during busy _____?

What _____ periods _____ electrical rates more _____ than _____ rest _____?

I am _____ there is a _____ day where it _____ expensive _____ electrical energy.

_____ if _____ expensive to _____ electricity at certain times.

_____ any costly electricity _____?

_____ it _____ expensive to consume _____ electrical _____ at _____ times of _____ day than _____ other _____ the _____?

Is _____ hours _____ up power?

Is _____ time where electric rates become _____?

Is there a _____ which my _____ bill could _____?

I am _____ if _____ the day _____ more expensive _____ use electrical energy _____ of the _____.

_____ a peak hour where _____ to consume electrical energy than _____?

Is _____ necessary _____ pay _____ to use _____ times?

_____ are _____ consuming _____ more _____?

Will _____ charged _____ for _____ power _____ times of high _____?

_____ there time _____ in which _____ electric _____ goes _____?
 _____ there _____ a _____ the day where _____ is _____ expensive to use electrical energy.
 _____ up to higher _____ prices?
 _____ it _____ that _____ which electric _____ become more expensive than _____.
 _____ a _____ where _____ to pay _____ for electricity?
 _____ am _____ more expensive to _____ energy during peak hours.
 _____ are _____ high-priced _____ for _____ use?
 What time _____ usually includes _____ other times of _____ day?
 There _____ peak _____ for _____ usage?
 Do you have _____ rates _____ hours _____?
 I'm _____ if _____ more _____ use _____ during peak _____.
 Is _____ more expensive?
 Do _____ have _____ electricity?
 _____ wondering _____ is a _____ time of _____ day _____ it is more _____ electrical energy.
 Is there _____ periods for _____?
 High-priced electric costs can _____.
 _____ peak _____ have higher _____ prices.
 _____ am wondering if it is more _____ certain _____.
 _____ hours _____ electricity?
 Is it more _____ to _____ energy _____ times?
 Is _____ necessary to pay additional _____ electricity _____ times?
 _____ there _____ hours _____ result in higher electricity _____ pricing?
 _____ that _____ pricey electricity _____?
 There _____ periods _____ consumption _____ expensive.
 I am wondering _____ there is _____ time _____ day _____ it _____ more _____ use _____ energy.
 Do _____ times _____ cost _____ power _____ than others?
 Do certain times of the _____ incur _____?
 _____ there a particular time _____ than others?
 Do _____ know _____ there _____ in which _____ go up?
 Is it _____ expensive _____ me _____ during _____ hours compared _____ times?
 What time period usually includes _____ rates _____ the _____ day
 Is _____ a point in _____ when your power _____?
 _____ period usually _____ the higher electrical costs _____ to _____ day?
 _____ know if _____ have to pay more _____ in certain _____ the _____.
 _____ electric cost higher _____ busy _____?
 _____ I _____ charged _____ for using _____ demand is _____?
 _____ it is more expensive _____ use electricity during peak _____?
 I would like _____ hours in which _____ rates become more _____.
 I _____ to use electricity during peak times.
 _____ hours may result in _____ electricity _____.
 _____ cost can _____ busy hours?
 Are there any _____ hours _____ it's more _____ use _____ other _____?
 _____ pricey electricity hours?
 Is _____ possible that _____ hours _____ electric prices?
 _____ hours that _____?
 _____ select times _____ using _____?
 Is there a _____ you _____ pay more for _____?
 _____ you know _____ any identified _____ higher pricing?
 _____ there _____ certain time in which _____ become _____ expensive _____?
 Is there _____ time _____ to _____ for electricity?

_____ wondering if _____ more expensive to _____ electrical energy during _____.

There are _____ hours _____ expensive to use _____.

_____ certain _____ cost more _____ use the power?

_____ any _____ for power use?

What time period usually _____ electrical _____ more _____ compared _____ rest _____?

How _____ hours for electricity _____?

_____ it's more _____ to consume _____ at certain _____ of _____ day.

Are there _____ times _____ the day where _____ more _____ electricity _____ other _____?

_____ there a _____ when I have _____ pay _____ for _____?

Are certain time _____ expensive _____?

_____ costly for me _____ use electricity _____ hours?

When _____ power, _____ times _____ more?

_____ wondering _____ it's _____ expensive to consume _____ energy _____ certain _____ of _____.

There _____ times _____ consumption _____ more _____.

_____ peak hours have _____?

There _____ any expensive _____?

_____ the _____ when power is _____?

_____ certain _____ of _____ have _____ pay more _____ power?

Will _____ time _____ costly _____ electrical use?

Are _____ during busy _____?

_____ you _____ any pricier _____ to _____?

_____ there any peaks that _____ prices?

Do _____ any _____ hours to use _____?

_____ am _____ there _____ cost to _____ electricity at certain times.

How much _____ priced hours cost _____?

Is _____ more expensive to consume _____ at _____ of the _____ than _____ other _____?

I'm _____ if _____ hours of the day _____ more _____ to _____ times.

_____ now with higher _____?

_____ particular times where it's more _____ use _____?

Are _____ time _____ costly for _____?

Are some _____ more _____ use?

_____ wondering _____ more _____ to consume _____ electrical _____ at certain _____.

Is there _____ period _____ I'll _____ to pay _____ electricity?

I _____ wondering _____ peak hours are _____ expensive _____ than other _____ of _____ day.

Any hours _____ up electricity?

Do you know any _____ it's more _____?

_____ certain _____ frames more _____ to _____ for _____ use?

Is there a _____ in which _____ rates become _____?

_____ you know if _____ hours result _____ higher _____ electricity _____?

_____ any identified peak hours _____ lead _____ higher _____ pricing?

_____ you tell me about _____ during _____ when _____ prices _____ up?

_____ hours that are _____?

_____ time _____ includes higher _____ compared _____ the rest of the _____?

Electric rates can _____ hours.

Are the _____ hours _____?

_____ use power at _____ times, will _____ charged more for _____?

I'm wondering if _____ expensive to _____ electricity _____.

_____ hours are electric _____ costly than _____?

_____ it _____ expensive _____ use electricity _____ hours?

_____ charged _____ money for using power _____ times?

Is electrical _____ of certain _____ frames?

I wonder _____ peak hours _____ to _____ electrical _____ other times.

Is _____ slots where my _____ bill _____ higher?

Is _____ time _____ electricity _____ is _____?

Peak hours _____?

_____ the _____ use _____ more expensive?

Are there _____ peak hours that _____ higher _____ usage?

_____ expensive to use the _____ energy at _____ times of the _____ compared _____?

_____ electric _____ during busy hours?

_____ when _____ will have to pay _____ for electricity _____ other times?

_____ electrical _____ more _____ certain time _____?

Is _____ time frames more _____?

_____ power at certain times _____ the _____ than others?

_____ possible _____ specific _____ in _____ rates become _____ expensive than usual?

_____ an extra _____ if _____ use _____ at high demand _____?

Is _____ more costly _____ in _____?

Is there a _____ when _____ pay _____ electricity _____ to other _____?

There are any _____?

Is _____ more expensive to _____ energy _____ the peak hours of the _____ compared _____?

_____ usage, _____ time costlier than _____?

If _____ are _____ when _____ rates _____ more _____ than usual?

Do specific _____ hours _____ electricity _____?

Does the peak _____?

Is _____ higher _____ certain peak hours?

Do _____ charge _____ peak hours for _____?

_____ it _____ electrical energy at _____ times of _____ day than at _____ times?

_____ certain _____ the _____ are _____ consume electrical energy than other times of _____ day.

Do _____ pay more for _____ during _____ of the _____?

Do certain times of _____ day charge _____ times?

_____ times _____ use electricity _____ more.

_____ are _____ which _____ electric bill _____ be higher.

Is _____ cost _____ hours?

Can _____ tell _____ any _____ during _____ day for _____ electricity?

Is _____ more pricey _____ occur?

Do any peak _____ result _____ for electricity _____?

What hours _____ most _____ usage?

_____ include higher _____ prices?

Is _____ time _____ in _____ my electric _____ will _____ higher?

_____ I _____ certain times, _____ charged more for it?

I am wondering if _____ a _____ time when it is more _____.

_____ there _____ in _____ when the rates _____ for power usage?

_____ costlier _____ peak hours?

_____ costs _____ up during busy _____?

Do _____ that peak _____ higher _____ prices?

I _____ to know _____ hours _____ more _____ electricity than other times.

Is _____ more _____ to use electricity _____ peak _____ times?

I am _____ there _____ a peak hours _____ it _____ expensive _____ consume the _____.

_____ there hours when electric rates _____ costly _____?

_____ prices _____ up during busy _____?

_____ use more _____ at _____ times?

_____ if I have _____ more for _____ of the day.

I _____ if _____ is _____ particular _____ when it _____ expensive to use _____.

_____ hours result in _____ for electricity?

_____ time frames cost _____ electrical _____?

_____ I have _____ pay _____ for certain periods _____ day?

_____ electric moments sometimes _____?

_____ any identified _____ result in _____ electricity usage?

When _____ high, does _____ cost _____?

Do _____ effect _____ prices?

Do _____ if it's more _____ to _____ electricity _____ certain _____?

_____ more _____ to use _____ times of the day _____ other times?

_____ certain times more _____ for _____?

Are _____ times when electricity costs _____ costs?

_____ I _____ more for electricity in _____ the day, compared _____ of the day?

I am _____ if it _____ more _____ use _____ during _____ the day.

_____ there _____ rate _____ hours for electricity usage?

_____ it _____ to _____ extra _____ you use _____ during _____ hours?

_____ more expensive _____ electrical use?

Is _____ a _____ the day where your _____ go _____ usage?

I am _____ if _____ costs _____ to _____ electricity during _____.

Are _____ peak _____ higher pricing _____ electricity usage?

Can you tell _____ the expensive _____ the _____ use?

I am wondering if _____ to consume _____ during _____ than _____ times.

_____ have any _____ bills?

_____ peak _____ a _____ electric prices?

_____ wondering if _____ cost to _____ electricity _____ certain hours.

_____ times include _____ rates compared to the rest _____.

Is it _____ that is more expensive _____?

_____ if _____ is _____ time _____ the day where it _____ more expensive _____ electrical energy.

Is _____ a _____ have to _____ more _____ using electricity?

_____ don't _____ to pay more for using _____ during _____ times.

Do _____ the _____ cost more for consuming power than _____ of _____?

_____ have to _____ more _____ electricity _____ of _____ day compared to other _____?

Is _____ expensive _____ use power?

Do certain _____ have _____?

Is _____ a _____ price _____ at peak hours?

Is _____ any hours _____ more to _____?

I _____ if _____ are any _____ hours _____ it is _____ expensive _____ the _____ energy.

_____ more costly?

_____ wondering if there are any _____ when it is _____ expensive _____ other times.

Is _____ more expensive to _____ certain hours _____ day?

If _____ are hours _____ which electric _____ become more _____?

Does specific _____ hours _____ higher _____?

There are certain _____ in _____ where it's _____ to _____.

Is _____ expensive than _____ for power _____?

_____ it _____ that I _____ be _____ an extra _____ power _____ certain times?

Does peak _____ have _____?

_____ are _____ for power consumption?

Are there particular _____ when _____ become more _____?

_____ any _____ cost _____ use _____ than others?

_____ am _____ if certain times _____ day are _____ expensive _____ than _____ times.

_____ is it for _____ for _____ usage?

Will I _____ extra fees _____ I use _____ high _____?

Is _____ any time slots where my _____?

_____ necessary _____ pay extra _____ using _____ certain times?

Can you give specific _____ when _____?

_____ if I have _____ more _____ certain _____ of the day.

Is it more _____ to _____ times of _____ day.

Is _____ a period when _____ will _____ to _____ electricity?

Are there _____ electricity _____ more _____?

What _____ electrical _____ more than _____ of the day?

_____ certain _____ day have higher _____ prices?

Are _____ during _____ for electricity usage?

_____ there _____ slot _____ my electric bill _____ higher?

Do _____ hours have _____ electricity?

Is it more expensive _____ electricity during _____?

Is _____ particular hours _____ rates _____ costly _____ usual?

_____ don't know _____ I _____ more _____ electricity in certain _____ of _____ day.

Do you know _____ more _____ to _____ at _____ times?

I _____ it is more _____ to _____ electricity at _____ of _____.

_____ a time _____ will _____ more for _____ compared to _____ times?

I'm _____ if _____ of the _____ are _____ expensive to use _____ other _____.

_____ busy _____ cost rise?

Do _____ bring _____ them higher _____?

Do _____ hours _____ use up electricity?

I want _____ have _____ pay more _____ electricity during _____ times _____ day.

_____ when _____ costs more than the _____?

_____ pricey electricity hours?

_____ there any _____ day when _____ costs more than _____?

Is _____ consume the electrical energy during _____ hours _____ to _____ of the _____.

_____ there any _____ that cause _____ pricing _____ electricity usage?

_____ time period _____ includes higher electrical rates compared _____ of _____?

Is it necessary to _____ fees to _____ peak _____?

Do _____ more for _____ power than other times?

Is it more expensive to _____ when _____?

_____ there any _____ that _____ prices for electricity usage?

When energy _____ demand _____ costly?

Are there _____ when _____?

peak _____ prices?

Does _____ get costly _____ energy _____?

_____ there times _____ use electricity when _____ more _____?

_____ certain _____ of _____ cost more to use _____ days?

Do peak _____ prices?

_____ time period includes _____ rates _____ to _____ of _____ day?

When are _____ most _____ power?

_____ times include higher _____ costs _____ the _____ of the _____.

_____ peak times _____ bills _____?

_____ it _____ certain times of _____ incur more _____ consuming _____?

Does _____ cost _____ to _____ power during _____?

_____ more expensive _____ certain times _____ power?

_____ any peak hours that result _____ higher _____ electricity _____?
 _____ any pricey electricity _____?
 _____ would _____ to _____ if _____ are _____ consume electrical energy than _____ times.
 Are the _____ costly?
 Do I have to _____ for _____ electricity during _____ of _____?
 _____ hours cost more?
 _____ times when _____ more _____ use electricity?
 Do _____ pay more _____ electricity in _____ times _____ compared _____ of the day?
 _____ when _____ use _____ more expensive?
 _____ it any _____ electricity _____?
 _____ you _____ if _____ more _____ to _____ electricity during _____ times?
 _____ cost _____ during busy hours?
 _____ peak _____ for _____ usage?
 _____ that electric rates become _____ certain hours?
 _____ I use power _____ times, _____ be _____ an extra fee?
 Do _____ peak _____ raise _____?
 _____ it get more _____ energy is in _____?
 Are _____ more _____ electric _____?
 Is _____ for consuming _____ certain _____ of the day?
 _____ can become _____ expensive _____ hours.
 Are _____ rates _____ during _____?
 Do _____ higher energy _____?
 _____ have to _____ more for electricity _____ of time?
 _____ there _____ when _____ costs more than others.
 Is it possible _____ I _____ pay more for _____ periods during _____?
 Is _____ possible _____ hours _____ which electric rates become _____?
 _____ me to pay more _____ electricity in certain _____ the _____.
 Is _____ power more _____ during _____ day?
 _____ a higher _____ peak _____ anymore?
 _____ that _____ hours are more expensive _____ consume _____ energy _____ other _____?
 Is it _____ that _____ electric _____ more costly _____ certain _____?
 Is _____ time _____ costly _____ use.
 _____ have _____ pay more _____ certain times of _____ for _____?
 _____ there _____ hours _____ rates become more _____ than _____?
 Is _____ hours _____ lead to higher _____ for _____ usage?
 _____ a time where _____ have _____ pay more _____ my _____?
 _____ if there is _____ specific _____ of the _____ where it _____ more _____ to _____ energy.
 Can electric _____ during _____ busy _____?
 Is there _____ time when I _____ to _____ more _____ use _____?
 Are there _____ peak _____ that lead _____?
 _____ pay more at certain _____ the _____ for electricity?
 Are _____ priced _____ to _____ up electricity?
 _____ there _____ certain hours where electric rates _____ more _____?
 _____ there _____ hours in _____ electric _____ become _____ expensive than _____?
 I _____ wondering if _____ hours are more _____ consume _____ electrical energy _____ times.
 Is _____ a costly _____ for _____?
 _____ are _____ hours in _____ electric _____ become more _____ than _____.
 _____ it more _____ to consume _____ at certain _____?
 Are _____ identified peak hours _____ result _____ pricing?
 _____ there hours _____ rates become more _____ than _____?

_____ are _____ when electric _____ become more _____ usual.

_____ electric _____ during busy times?

Is certain time _____ expensive _____?

Is it _____ costly _____ at select _____.

I _____ to know _____ a time when I will _____ to _____ for _____.

_____ peak _____ bring higher _____?

_____ I be _____ for _____ of _____ certain times?

_____ times of _____ cost _____ for _____ use _____ others?

I _____ if there _____ a peak _____ it is _____ consume electrical energy _____ other _____.

_____ am wondering if there are times _____ more _____ to _____.

Is there more _____?

I am _____ if _____ a _____ hour _____ it _____ more expensive _____ consume _____.

_____ select _____ pay _____ using power?

What are _____ hours _____ electricity _____?

Are there _____ times _____ more expensive _____ electricity?

Is electric cost more _____.

_____ the _____ have higher _____?

Is higher _____ electricity usage caused _____ peak _____?

Will there be _____ fees if _____ at _____ demand _____?

I _____ there _____ a time _____ is more _____ to consume _____.

How _____ high-priced hours for _____?

_____ of power more _____ select times?

_____ wondering if _____ to consume electrical energy than other _____.

Will _____ costs go up _____?

Is there any _____ slots _____?

_____ to _____ up electricity?

_____ are the most _____ to _____?

_____ am _____ if _____ is more _____ to _____ electricity _____ of day.

_____ there a time slot _____ my _____ higher?

Do you _____ if there are hours _____ which _____ become _____?

_____ it _____ that certain _____ electric rates _____ expensive than usual?

Are certain _____ charged _____ for consuming _____ than _____?

_____ more expensive _____ me _____ electricity _____ certain times of _____?

Do _____ of _____ cost more for _____ power _____ other _____?

_____ increase during busy _____?

_____ electric costs _____ expensive during _____?

_____ higher bills?

It's any _____ usage?

_____ there specific hours _____ which _____ rates _____ more _____ than _____?

There are times _____ electricity _____.

Is there _____ particular _____ have _____ pay more for using _____?

_____ peak hours have a _____?

Any hours _____ cost _____ electricity?

_____ have higher _____ prices?

What times _____ electrical rates _____ to _____ rest of _____?

_____ electric costs go _____ hours?

Do _____ times _____ bills?

_____ more expensive for _____ electricity _____ peak times?

I was wondering _____ there _____ costly moments _____ where I _____ electricity.

Is it _____ pay _____ fees _____ at peak times?

I'm not sure if _____ have to _____ more _____ certain _____ day.
 I'm _____ if _____ is a _____ more expensive to _____ electricity.
 _____ if specific peak hours have higher _____.
 Will I _____ charged _____ when _____ power at _____ demand _____?
 Can _____ me _____ day that _____ more to use electricity?
 _____ wondering if _____ expensive to consume electricity at _____.
 _____ the _____ to use electricity?
 Are _____ that result in _____ prices _____ usage?
 _____ I _____ to _____ if I use _____ certain times?
 Do you _____ there are _____ moments in the _____ watch out _____?
 I _____ wondering if _____ is _____ to _____ electricity during _____.
 Do you _____ which _____ more expensive to use _____?
 _____ expensive to use _____ certain times _____ day?
 What _____ period usually _____ electrical _____ more _____ other _____?
 Is _____ specific _____ rates become more expensive than _____?
 I _____ to know if _____ to pay more _____ of the day.
 _____ more expensive to _____ the electrical energy at _____ times _____?
 _____ it _____ to use power _____ certain _____?
 _____ expensive peak _____ usage?
 _____ I _____ to _____ more for _____ times of _____ day?
 Do _____ if _____ certain _____ which electric rates become _____ costly than _____?
 _____ peak hours _____ higher electric _____?
 Is it _____ time more _____ power usage _____?
 _____ the bill increases?
 Do _____ cause _____ electric _____?
 I am _____ costly to use _____ during peak _____.
 Is it possible that _____ pay _____ electricity _____ certain periods _____ the _____.
 _____ energy is in _____ more?
 What _____ rates compared to the rest _____ day?
 Is it more _____ electricity at certain _____ to _____?
 _____ are _____ when electric _____ more _____ than usual.
 Is _____ cost of _____ higher _____?
 _____ using _____ more _____ at _____?

 _____ specific _____ when high-priced electric costs _____?
 _____ any pricey electricity _____?
 _____ times with _____ bills _____?
 _____ there any specific _____ in _____ expensive than usual?
 Are there _____ hours when _____ rates _____ than _____?
 _____ am wondering if there is _____ specific peak time _____ is more _____ electrical _____.

Are _____ when electricity _____ more than _____?

Will I _____ fees if I _____ high demand times _____ others?

During busy hours, _____ cost _____?

Peak _____ a _____ higher?

_____ the peak hours _____ electric _____?

Do certain _____ day have _____ charges for _____ than _____?

peak _____ bills?

_____ wondering if _____ the day _____ expensive _____ consume _____ to other times of the day.

_____ it _____ to use electricity _____ hours?

Do _____ of _____ charge more for power _____ times?

_____ me know if _____ are _____ day _____ I should _____ for electricity.

_____ certain _____ frames _____ expensive _____ electric _____?

Will electric costs _____ during _____?

Is _____ expensive hours _____ use up _____?

I _____ wondering if it _____ more _____ to _____ hours.

How about specific time _____ electricity _____?

_____ it possible _____ specify _____ hours in which electric rates _____ usual?

_____ increase during busy _____?

Is extra _____ use electricity _____ peak _____?

Will _____ extra fees _____ I _____ power _____ high demand _____?

_____ certain hours _____ when _____ rates become more _____ than usual?

_____ of the day are _____ expensive to use _____ other times.

Do I have _____ pay _____ electricity during certain periods _____ to _____ rest of _____?

I am _____ if _____ are more expensive _____ consume _____ energy than other _____.

Were _____ times more _____ for _____?

Is _____ time _____ my electric bill _____ up?

Any expensive _____ power _____?

_____ specific _____ when I _____ have to pay more _____ using _____?

Are there _____ hours that result _____ usage _____?

_____ expensive _____ slots for electricity _____?

Are _____ times when power _____ than others?

What are _____ that _____ electricity?

Is _____ any _____ peak _____ use?

_____ peak _____ now come _____ bills?

_____ expensive _____ slots for electricity _____?

I'm _____ more expensive to _____ certain times.

Is _____ a time _____ I will have _____ more _____?

Is there any _____ that _____ higher electricity _____?

_____ have to pay _____ for electricity in _____ times _____ day _____ to _____ times _____ day?

Is there _____ higher _____ at specific _____?

I wonder _____ certain times _____ the day _____ to _____ electricity _____ times.

How _____ is it _____ hours for _____?

_____ are certain time frames _____?

Is _____ expensive _____ for _____ usage?

_____ it more expensive _____ during peak hours _____ times?

I _____ if it _____ more _____ use _____ at peak _____.

Is it _____ more _____ use _____ certain times _____ the _____?

_____ hours result _____ electric prices?

_____ you _____ specific _____ frames _____ electricity costs increase?

Can _____ up during busy _____?

Do peak ____ have ____?
 ____ it more ____ to consume electrical ____ during ____ of ____ day ____ other ____?
 ____ there ____ when I ____ have ____ for my electricity usage?
 ____ wondering if ____ is more ____ to ____ during certain ____.
 I'm ____ if it ____ more to use ____ than other ____.
 ____ I ____ pay extra fees when ____ use ____ at ____ times?
 Is ____ which my bill may be ____?
 What timeframe ____ electrical rates that ____ more ____ of the ____?
 ____ it ____ more expensive ____ me to ____ electricity ____ peak ____?
 During ____ can electric ____ higher?
 ____ electric ____ go ____ busy times.
 ____ peak hours for ____?
 ____ if ____ costs ____ electricity at certain times.
 ____ know of any ____ hours where ____ expensive ____ use ____?
 ____ wondering if ____ hours ____ more expensive to ____ than other ____.
 Do select ____ have ____ using ____?
 ____ there ____ certain ____ in which ____ go ____ than usual?
 Is there ____ higher ____ electricity ____ peak hours?
 ____ certain time frames cost ____ for ____ use?
 Do ____ times ____ the day ____ more ____ to others?
 ____ peak times ____ more expensive ____?
 ____ wondering if there ____ a ____ time of ____ more ____ to ____ the electrical energy.
 Are certain ____ frames more ____?
 What hours ____ high-priced ____?
 During busy ____ can ____ up?
 I'm wondering ____ peak hours are more ____ use ____ than ____.
 ____ any cost for ____ hours for ____?
 ____ times of ____ cost more ____ consume ____ than ____?
 Will ____ be ____ an extra ____ I ____ at high demand ____?
 I ____ wondering if it is ____ use ____ times.
 There ____ in ____ day ____ electric ____ become more expensive than ____.
 ____ expensive to ____ electrical ____ during the peak hours.
 ____ peak ____ with them high ____?
 Is ____ possible that ____ become ____ during certain ____?
 ____ am ____ it's ____ use electricity in peak hours.
 I am wondering ____ there ____ period ____ will ____ more for electricity.
 ____ would like to ____ about ____ day for using electricity.
 When is the more ____?
 What is ____ high-priced ____ electricity?
 When ____ the ____ for ____ expensive?
 ____ of the day ____ more ____ use the ____ to others?
 ____ wondering if ____ is ____ to use ____ during ____ times.
 ____ hours can electric ____ up?
 I would like to ____ are ____ of the ____ where ____ should look out ____.
 I ____ to ____ if there is a ____ hour where it ____ to consume ____.
 ____ it ____ expensive electricity ____?
 Is ____ possible I have ____ more ____ electricity ____ certain ____ the ____?
 ____ am wondering if ____ time when it ____ expensive to ____ the electrical ____.
 Do ____ higher electric ____?
 Can ____ cost ____ up ____ busy ____?

I _____ if it is _____ expensive _____ consume electrical _____ at _____ to _____ times _____ the day.
 _____ more _____ use _____ at certain _____ in the day?
 Is _____ a _____ I'll _____ to pay _____ electricity?
 _____ time frames _____ to use for _____ use?
 Do peak _____ have _____?
 _____ me _____ the time _____ when _____ costs increase?
 Can you tell _____ the _____ frames when _____ costs _____?
 _____ possible to _____ pricing during peak _____ of _____ consumption?
 _____ wondering _____ it's _____ expensive _____ consume _____ during certain times _____ the _____.
 Do peak _____ with _____?
 Is the _____ electric _____ busy hours?
 _____ that _____ more _____ in demand?
