

[Demo] NLP Dataset for Customer Service Automation

Company Type	Electricity Suppliers
Inquiry Category	Renewable energy options availability
Inquiry Sub-Category	Alternative Energy Sources
Description	Customers inquire about the availability of alternative energy sources, including biomass, geothermal, or tidal power, to diversify their energy options and harness clean energy alternatives for a sustainable future.
Data Size	14,103 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Electricity Supplier" customer inquiry. (Purchased data will not be masked.)

Can _____ Renewable _____ options like bioenergy/geothermics/tidal _____ becoming _____ through _____ Providers _____ our _____?

_____ believe there will _____ bioenergetics/geothermics/tidal _____?

Is _____ a chance _____ will _____ green energy _____?

Renewable _____ options such as _____ or tidal forces _____.

Are _____ electric companies _____ offer _____ Energy _____ soon?

_____ we expect local electric providers _____ energy _____ like bioenergy?

_____ Renewable Energy _____ at their disposal?

_____ Electric _____ area have Renewable Energy _____?

Is _____ plan to _____ or _____ Renewable _____ accessible through our _____ Provider?

Can we _____ bioenergy _____ from our _____ soon?

Are _____ electric _____ offer bioenergy, _____ or tidal energy _____?

Is _____ electric _____ will _____ Renewable Energy options?

_____ expect _____ Energy _____ bioenergy/geothermics/tidal _____ to be _____ in our area _____?

Will _____ of renewable _____ options be _____ utility _____?

_____ we anticipate _____ tidal forces _____ electricity _____?

Electric Providers may _____ sources soon _____.

_____ providers _____ able _____ offer tidal forces _____?

Is it possible _____ providers _____?

_____ we expect _____ the _____ eco-friendly _____ in our service _____?

_____ possible _____ our area's _____ providers will _____ geothermal systems, _____ tidal forces in _____?

_____ possible that _____ will _____ accessible through _____ Providers?

Will your _____ offer _____ renewable _____ choices _____?

Will _____ local _____ Provider soon _____ options?

_____ we expect access _____ Providers?

Will _____ be able _____ sell bioenergy, geothermics, or _____?

Will _____ electric providers _____?

Will _____ Electric _____ access _____ energy?

_____ know _____ Providers will _____ sustainable energy _____ like bioenergy?

_____ there plans _____ bioenergy, _____ tidal _____ Energy to be _____ through _____ electric _____?
_____ forces _____ to be accessible _____ local electric providers _____ the future?
_____ electric _____ provide Renewable Energy _____?

Will local electric providers be _____ to offer _____?

_____ it possible _____ electric _____ us _____?

_____ Providers in our _____ Energy _____ in the future?

_____ Electric _____ offer _____ Energy options like bioenergy, geothermics, _____ tidal _____.

_____ local _____ be able _____ provide bioenergy soon?

_____ you think _____ power will be _____ by _____ soon?

_____ you think electric _____ easy _____ sources in the future?

Is _____ possible to access Renewable Energy _____ bioenergy/geothermal _____ via Electric _____ vicinity?

_____ bioenergy/geothermic/tidal _____ emerge _____ local Electricity Suppliers soon?

_____ think _____ the _____ will make bioenergetics available _____?

Did electric providers _____ bioenergy, _____ and _____?

_____ renewable _____ available through _____ electric company?

_____ electric providers planning _____ energy _____ sources soon _____?

_____ there an _____ availability _____ in _____ electrical service area?

Will _____ Electric Providers of _____ energy _____ in the _____?

Is it _____ local _____ Providers _____ planning to _____ Renewable Energy _____?

Do you _____ providers _____ make _____ available in _____ near _____?

_____ for _____ arriving _____ way yet?

_____ there _____ renewable _____ bio/geothermal/tidal?

Is it possible _____ electric _____ will _____ energy sources?

_____ plans _____ bioenergy, geothermics, _____ tidal force-based Renewable _____ to be accessible _____.

_____ about bioenergy from _____ us?

Are _____ energy options going to _____ through _____ suppliers _____?

_____ electric providers _____ our _____ options in the future?

Are _____ energy choices _____ to be made _____ local _____?

_____ in our area offer renewable _____ options?

Are there plans _____ Renewable _____ bioenergy, geothermics _____ tidal _____ available?

_____ we anticipate _____ or tidal _____ by _____ suppliers?

Are _____ anyidal _____ power schemes _____?

_____ providers _____ bringing _____ and _____ forces to _____ area.

I wonder when _____ Energy _____ geothermics, _____ tidal forces _____ be _____ from local _____.

_____ it possible for Renewable Energy _____ and geothermics _____ be _____ through Electric _____ area?

_____ will _____ Renewable Energy in the future?

How _____ is _____ for _____ Electric Suppliers _____ give _____ to _____ Power _____?

Will _____ Providers _____ you _____ Energy _____?

_____ in _____ area provide _____ options in the _____ future?

Will _____ choices _____ available through _____ electric service?

_____ Energy _____ like _____ forces _____ available through Electric _____ our area?

Will _____ in our area provide _____ renewable _____?

Do _____ think _____ will _____ to provide easy access _____ renewable energy in _____?

Is _____ to _____ available through electricity _____ soon?

Are electric _____ bioenergy, geothermal, _____ tidal energy?

_____ renewable energy sources becoming _____ accessible _____?

When can _____ to renewable _____ sources _____ as _____ geothermics or _____ forces?

_____ you _____ that _____ power companies will _____ able to _____ access _____ of _____ in _____ future?

We might _____ access _____ Renewable Energy sources through _____ Providers _____ area.

_____ our _____ Providers _____ able to provide accessible _____?

_____ renewable energy _____ at _____ disposal _____ Providers?
 Will electric _____ soon offer _____ and geothermics?
 _____ plan on _____ energy from renewable _____ bioenergy soon _____?
 _____ electric _____ offer bio _____?
 _____ forces _____ by local Electric _____.
 Will bioenergy/geothermics/tidal _____ through electric _____?
 _____ likely that electric suppliers _____ this area will _____ to offer _____ to fossil _____ renewable _____?
 _____ providers _____ geothermal, or tidal energy soon?
 _____ to see Renewable _____ choices from our electric _____?
 Will _____ in our _____ the option _____ bioenergy?
 Do you _____ alternative green power _____?
 _____ you _____ the local power _____ will be _____ provide sustainable _____ in _____?
 Can we expect _____ to _____ Energy _____ in _____?
 Is _____ realistic to expect _____ Energy options like _____ and _____ to be _____ from local _____?
 When can we expect _____ sources, _____ bioenergy, _____ or _____ forces?
 _____ is _____ chance we _____ green energy _____ here.
 Are local _____ to _____ like _____ geothermics, _____ tidal forces soon?
 Is _____ the area _____ electric _____?
 _____ it possible for our _____ electric _____ offer _____ for renewable _____ like bioenergy, _____ systems _____ forces _____?
 Will _____ provide _____ soon?
 _____ and tidal _____ coming through Electric _____?
 Are we able _____ Renewable _____ through Electric _____?
 Can renewable energy _____ our _____?
 Can we expect our _____ accessible options _____ like _____ geothermal systems or _____ in _____ future?
 _____ a chance _____ we _____ energy around here.
 _____ your electric service going _____ renewable energy _____?
 _____ providers _____ renewable energy options?
 Are _____ Electric Providers planning to _____ Energy _____?
 _____ companies _____ soon offer renewable _____ such _____ bioenergy.
 There _____ plans for _____ to make _____ the near future.
 Is _____ likely _____ electric _____ here _____ eco-friendly _____ as bio-based _____ or using Earth's heat _____?
 When _____ expect _____ sources _____ geothermics _____ all _____ fancy _____ the electricity company?
 _____ possible for _____ providers _____ bio.energy/geo.power?
 _____ electric providers soon _____ able _____ sell bioenergy, _____ tidal _____?
 _____ there _____ chance we will _____ some green _____?
 _____ renewable energy choices like bioenergy _____ local _____?
 _____ bioenergy/geothermics/tidal _____ power _____ to _____ locally soon?
 Can _____ anticipate _____ renewable energy from _____ provider?
 Will _____ to this location?
 Is _____ for electricity providers _____ bio.energy?
 _____ be _____ to _____ renewable energy _____ through _____ electric service?
 When _____ expect to _____ access to renewable _____ like _____ geothermics or _____?
 Can we expect our _____ bioenergy, geothermal _____ or _____ forces _____?
 Is _____ and _____ forces coming _____ Electric Providers?
 _____ to _____ if _____ providers will bring us _____.
 _____ bio _____ geothermics, _____ tidal _____ become _____ through _____ Providers in _____ area?
 _____ Electric Providers _____ Renewable Energy like bioenergy _____ in _____?
 The _____ bring us _____.
 _____ us introduce renewable _____ soon?
 Will _____ providers provide _____ choices _____ the near _____?

Do you _____ electric _____ will _____ bioenergetics available _____?
 _____ Electric Providers provide renewable energy _____?
 _____ we _____ the area's _____ providers _____ offer _____ energy _____ in the _____?
 _____ see Electric Providers _____ energy _____ in the near _____?
 _____ in _____ area have Renewable _____ choices?
 _____ tell _____ the alternative _____ methods are likely?
 _____ renewable _____ choices _____ through local _____ soon?
 _____ that _____ power companies _____ able to provide access to sustainable _____ sources in _____?
 Will _____ see Renewable _____ bioenergy, geothermics, or _____ Electric Providers?
 There _____ chance that _____ sustainable energy options.
 _____ or tidal forces become available _____ through _____ electric _____?
 Is there _____ we will see some _____ energy _____?
 Are renewable _____ the power _____?
 _____ Renewable Energy choices from our Electric Provider in _____?
 _____ able _____ anticipate _____ accessibility of _____ bioenergy and geothermics through electric _____?
 Is _____ likely _____ the Electricity _____ to _____?
 _____ it possible to anticipate _____ choices with our _____ Provider?
 Will bioenergy, _____ forces _____ available soon _____ Electric _____?
 Will _____ electric _____ bio/geo/tidal forces _____ future?
 _____ electric providers _____ to offer renewable _____ sources _____?
 _____ we _____ from Electric _____ nearby.
 Are bioenergy _____ geothermics _____ be offered _____ suppliers?
 Is there _____ plans for _____ offer sustainable options?
 _____ offer _____ energy in _____ vicinity soon?
 Can _____ area's _____ offer bioenergy, geothermal systems, _____ tidal forces in _____ near _____?
 Do _____ think _____ companies _____ sustainable energy sources _____ the _____?
 _____ renewable sources _____ power _____ area?
 Can _____ plan for _____ suppliers?
 Will electric providers _____ ocean?
 Will _____ providers _____ able _____ alternative energy?
 Is _____ that Renewable Energy _____ like _____ geothermics, tidal _____ will _____ from local _____?
 _____ bioenergy _____ geothermics going _____ be _____ in _____ near future _____ suppliers?
 _____ believe that _____ companies _____ give access to sustainable _____ in _____ future?
 _____ forces going _____ become accessible through _____ soon?
 Will _____ power be offered by _____ providers?
 _____ plans for _____ suppliers _____ provide _____ options in the _____ future?
 Can we _____ geothermics or _____ electricity suppliers?
 When we should _____ access to _____ like bioenergy, geothermics _____?
 _____ chance _____ will _____ some _____ soon?
 _____ be _____ bioenergy/geothermics/tidal energy _____?
 _____ we _____ the accessibility _____ Renewable _____ sources _____ as bioenergy and _____ through _____ in _____ area _____?
 _____ geothermics _____ be available _____ any electricity suppliers?
 _____ renewable _____ going to be available _____ suppliers in _____ near _____?
 _____ coming soon in _____ area?
 Is there _____ chance _____ companies will _____ options?
 When can we expect _____ to _____ sources _____ providers?
 Can _____ expect to be able _____ access to _____ Electric _____ in _____ area?
 _____ choices possible through _____ service?
 Is there a plan for _____ electricity _____ make _____ future?
 Will _____ energy like _____ and _____ be offered _____ electric provider?

Is _____ local _____ will offer renewable energy _____?
 _____ likely _____ electricity providers nearby would _____?
 _____ choices _____ forces _____ offered by local _____ Providers?
 Do electric providers plan _____ Energy options _____ geothermics _____ forces _____ soon?
 _____ possible _____ Providers in our _____ will provide _____ energy _____?
 _____ eco-friendly sources _____ available in _____ service area?
 Can we _____ through _____ Electricity _____?
 _____ we _____ energy _____ Electric _____ nearby?
 Is it _____ for electric _____ include renewable _____ in _____?
 Will electric _____ renewable energy _____ or tidal _____ soon?
 _____ Providers _____ offer Renewable Energy _____?
 Will it be _____ Providers _____ our _____ offer _____ Energy choices?
 _____ we _____ our electric providers _____ renewable options _____ future?
 Will it be _____ access _____ Renewable Energy alternatives like _____ Electric providers _____ vicinity
 _____ renewable energy _____ like _____ accessible _____?
 _____ it _____ that _____ companies near us _____ introduce renewable _____?
 _____ electric providers _____?
 _____ electric _____ area offer more renewable energy _____?
 _____ electric providers _____ the area _____ renewable energy _____?
 _____ Providers going _____ offer _____ energy options like _____?
 Is it _____ providers nearby _____ Bio.energy?
 Are _____ sure that _____ power _____ to _____ energy sources?
 Do you _____ allow _____ to renewable energy _____ the future?
 Can we _____ to get _____ choices _____ electric _____ soon?
 Is _____ plan _____ make Renewable Energy _____ through the _____?
 Are _____ planning on _____ in our _____ soon?
 _____ it possible _____ Renewable Energy _____ like bioenergy/geothermal _____ forces, via _____ in
 Will electric providers _____ energy _____ bio/geo/tidal _____?
 _____ it _____ to _____ bio _____ electricity suppliers?
 _____ the Electric Provider _____ able to offer _____?
 Is _____ likely that _____ suppliers here will offer _____ energy _____ such as _____ electricity.
 Will our local electric providers _____?
 Is _____ possible that _____ will begin _____ alternatives _____ fuels, such as renewable energy _____?
 _____ electric _____ soon _____ choices for _____ energy?
 _____ local electric providers _____ energy sources like bioenergy or tidal forces?
 _____ need _____ know _____ can get access to Renewable _____ Electric _____.
 _____ local electricity _____ make bioenergy/geo-thermal/tidal available _____?
 _____ it possible _____ electric providers _____ us _____?
 Do _____ the electric _____ will _____ available soon?
 _____ it likely _____ electric _____ here will offer alternative energy _____ as renewable _____ for _____?
 Will we _____ able _____ Renewable Energy through electricity _____?
 _____ it _____ Electric _____ will have Renewable _____ options soon?
 _____ you think _____ Providers _____ offer sustainable energy _____?
 _____ Electric Providers be able _____ accessible bioenergy _____?
 Is _____ companies _____ us _____ to _____ renewable _____ options?
 Will the electric _____ renewable _____ the area?
 Will _____ sources _____ and _____ soon _____ by local electric providers?
 _____ predict _____ geothermics or tidal _____ using _____ suppliers?
 _____ get renewable _____ soon?
 _____ choices like _____ by local Electric Providers?

Do you think electric providers in _____ will _____ renewable _____ in _____ future?

Are _____ or _____ ever _____ to be offered by our _____?

_____ electric _____ provide renewable _____ like bioenergy?

_____ that _____ companies _____ offer Renewable Energy options soon?

Can _____ bioenergy _____ Electric _____?

_____ power companies _____ to _____ renewable energy _____?

_____ electrical _____ in the local _____ the _____ Renewables?

Will electric _____ area provide renewable _____ choices in _____?

_____ it possible _____ Electric _____ here _____ bioenergetics/geothermics/tidal _____ available soon?

_____ forces be _____ by local power _____?

_____ Electric _____ the area provide renewable _____ in _____ future?

Do local _____ have plans for _____ the _____?

_____ electricity _____ nearby will provide Bio.energy/Geo.power?

Is _____ possible _____ anticipate _____ geothermics _____ tidal forces through _____?

We can anticipate bioenergy _____.

_____ our local Electric _____ accessible _____?

Can we expect _____ to Renewable _____ via Electric _____ in _____?

Can we expect our _____ renewable energy options _____?

_____ electric _____ any renewable _____ sources?

What _____ the _____ that _____ power methods are _____?

Is our _____ to _____ soon?

Can we expect our _____ accessible options _____ energy _____ the _____ future?

_____ we _____ to _____ eco-friendly sources _____ electrical service area in _____?

_____ the availability of renewable _____ via utility _____.

_____ there _____ for local _____ suppliers to _____ or geo-thermal?

_____ there be _____ renewable _____ options such _____ or organic _____ via _____ firms?

Will Renewable _____ offered by _____ in our _____?

_____ we expect _____ electric providers _____ our _____ bioenergy, _____ systems, or _____ forces in _____ near _____?

Are local _____ planning _____ in _____ future?

_____ renewable _____ bioenergy be offered _____ electric _____?

Will _____ Electric _____ able _____ renewable energy?

_____ Energy options be _____ by our _____?

Do you _____ electric _____ in our _____ will _____ to _____ sources?

Will the _____ offer renewable _____?

_____ and tidal _____ become available _____ Electric Providers in our _____?

_____ that we will _____ green energy _____?

Do _____ and tidal power _____ be _____ by _____ suppliers soon?

_____ we anticipate _____ renewable energy sources like _____ and _____?

_____ providers _____ able to _____ accessible options for renewable _____ in the _____?

_____ a future availability of _____ sources _____ service area.

Do _____ see _____ force _____?

_____ any renewable energy choices _____ available _____ your electric _____ soon?

Will _____ bring us _____ power _____?

Is bioenergy _____ going _____ offered by the _____ electric _____?

_____ you believe _____ alternative green _____ are _____?

_____ likely for _____ to provide _____?

There _____ a _____ that _____ will _____ options _____ sustainable energy.

_____ access to _____ energy _____ such _____ bioenergy _____ geothermics through _____ in the near future?

Will _____ in the area offer _____ for _____ energy _____?

Could _____ expect access to _____ Energy _____ local _____?

Can our Electric Suppliers ____ us ____ to ____ ____ ?

Are ____ energy choices ____ to ____ ____ local ____ companies?

Do ____ think ____ will see ____ around here ____?

____ is it ____ Electric Suppliers ____ provide access to ____ power ____?

Will our ____ electric ____ offer ____ ____?

____ you ____ that local power companies ____ provide ____ to sustainable ____ sources ____ ____?

Is it ____ electric ____ will ____ advantage of the Earth's ____ ____ or use renewable ____ ____?

____ providers make use of ____ ____ sources?

____ ____ at hand ____ electric providers?

____ near us make renewable options ____ of ____ offers ____?

Is it possible ____ companies near us ____ ____ water currents?

Are Renewable ____ options ____ from ____?

Do Electric Providers ____ on using ____ in ____?

____ we ____ to anticipate bioenergy, geothermics ____ forces through ____?

____ it possible that ____ companies ____ Energy options?

Do you think ____ providers ____ bioenergetics/geothermics/tidal ____ available ____ future?

Will ____ see upcoming ____ eco-friendly ____ the ____ service area?

____ plan on ____ energy from ____ sources?

Could the ____ near us bring ____ soon?

I want ____ know ____ Electric ____ will ____ sustainable energy ____ ____.

Can ____ expect ____ see renewable energy ____ our ____?

Will Electric ____ in our ____ to ____ energy choices?

Can we expect ____ Energy alternatives ____ forces ____ Electric providers ____ vicinity soon?

____ we ____ access ____ Energy through ____ providers?

____ it possible that ____ green ____ around here ____?

____ expect the availability of ____ choices ____ electric provider?

Will ____ providers ____ Renewable Energy ____?

Is ____ Renewable Energy ____ through ____ Providers in our ____?

Can we ____ to ____ Renewable ____ via Electricity ____?

____ is it ____ electric suppliers to ____ Renewable ____ sources?

____ energy ____ becoming more available to ____ community?

Should we ____ see ____ options ____ organic ambition via utility firms?

Can we have ____ to ____ energy ____ through ____?

When can ____ get ____ to ____ sources ____ local electric providers?

Will ____ geothermal, or ____ energy soon be ____ by ____?

Will our ____ providers ____ able ____ energy options in ____ near future?

____ Providers allow ____ choices ____ the future?

Is ____ possible ____ electric ____ in ____ to ____ Renewable ____ choices?

____ we ____ from ____ providers nearby?

____ Providers ____ energy from renewable sources ____?

Are there other ____ coming ____ providers?

Any ____ see ____ Providers offering sustainable ____?

Will ____ Providers in ____ give ____ energy choices?

Is ____ Geothermal ____ to ____ area's ____ providers?

____ providers be ____ renewable energy options ____ systems or tidal forces in ____ near future?

____ offer renewable ____ like bioenergy ____ geothermics?

____ options like ____?

Is there ____ by local ____ offer ____ options?

____ you think ____ power ____ able ____ access to ____ energy sources?

Can ____ electric ____ give us ____ renewable power ____?

Do ____ providers ____ to ____ sources soon enough?

Can we expect ____ renewable energy sources ____ electric ____?

____ allow the use of Renewables ____ biodiesel/power derived ____?

Do ____ electric ____ region will provide easy access ____ in the ____?

Will ____ Energy options like bioenergy, ____ accessible ____ local ____ soon?

____ you ____ the local ____ companies ____ access to ____ sources of ____ the ____?

Are renewable ____ like bioenergy ____ to be ____ through electricity ____?

Is ____ likely for ____ bio.energy/geo.power?

____ local electric ____ to ____ Renewable ____ like bioenergy?

Are bioenergy ____ forces ____ to be ____ local ____ companies?

____ see ____ Energy ____ from ____ Electric Providers soon?

____ renewable energy ____ coming to ____ electric providers?

____ any ____ that they will ____ fancy bioenergy, Geothermal, or ____?

____ the upcoming ____ of eco-friendly ____ in ____ service ____?

____ we ____ access to ____ Energy ____ and ____ through Electric ____ in our area?

Will ____ bioenergy/geothermics/tidal forces?

Will ____ providers ____ bioenergy ____ the near future?

Are renewable energy ____ like ____ and ____ going to ____ available ____?

____ you ____ that Electric ____ make bioenergetics/geothermics/tidal force ____?

Are ____ any ____ electricity ____ locals' way?

Are electric ____ near us ____ offer ____?

Renewable sources ____ in the ____?

How ____ is the ____ Electric Suppliers to provide ____ to ____?

Will it be ____ Electric ____ in ____ area to ____ energy ____?

____ Electric Providers ____ able ____ Renewable ____ in our ____?

____ electricity arriving to locals' way ____?

Will local electrical suppliers ____ able ____ of ____?

Is bioenergy and ____ be available ____ any ____ suppliers in ____?

Will ____ Suppliers ____ use of Renewables ____ and power ____ and water?

Are ____ plans ____ suppliers to ____ bioenergy/geo-thermal/tidal?

____ expect more ____ the electrical service area?

Will ____ electric ____ renewable energy ____ as bioenergy?

____ bioenergy, ____ tidal forces ____ through ____ Providers?

Are we going to ____ energy ____?

____ expect ____ find ____ energy in our area ____?

____ bioenergy ____ geothermics ____ to be ____ through ____ electricity ____?

____ we anticipate accessible renewable ____ from ____?

____ choices available through your ____?

____ we anticipate ____ electricity ____?

____ local ____ providers ____ offer ____ energy?

Will ____ power ____ be ____ to sell renewable ____?

____ electric companies bring in ____ currents soon?

Can ____ anticipate ____ geothermics, ____ forces ____ electricity suppliers?

Will we ____ able to ____ geothermics or ____ suppliers?

Is bioenergy, geothermics, ____ going ____ be ____ soon ____ Providers?

Are bioenergy, ____ coming to the area through ____?

____ energy ____ going ____ be available in local ____ soon?

____ bioenergy and other renewable ____ the ____ Providers?

Can ____ expect ____ sources in our ____ area?

Are there any plans ____ bioenergy, geothermics, ____ tidal ____ Electric Provider?

Is _____ geothermics _____ available _____ any _____ suppliers in this _____ soon?
 _____ there Renewable Sources _____ locals' _____?

Can _____ electricity _____ to anticipate _____ geothermics, _____ forces?
 _____ Electric _____ offer _____ from renewable _____ like bioenergy soon _____?
 _____ electric _____ in our region _____ able _____ give _____ access to renewable energy in _____?

Can _____ expect _____ energy using _____ providers?
 Do you believe _____ in our _____ offer easy _____ to _____ future?
 There _____ chance _____ see _____ Providers offering options _____ sustainable _____.
 _____ renewable _____ as bioenergy and _____ to be _____ through electricity _____?
 _____ possible _____ Energy through local _____ Providers?
 _____ there _____ plans _____ make bioenergy, geothermics _____ tidal _____ Renewable _____ accessible through _____?
 _____ anyone know if _____ some green _____ here _____?
 _____ possible _____ our _____ electric _____ offer renewable energy options?

Will electric _____ in _____ area _____ offer renewable _____?

Do _____ think _____ electric providers _____ make bioenergetics/geothermics/tidal _____?
 _____ there any chance they'll _____ bioenergy, _____ or _____ soon?

Are there any _____ fancy bioenergy, geothermal, _____ power _____ soon?
 They might _____ bioenergy, _____ or tidal _____ soon.
 _____ we _____ energy soon?
 _____ energy sources _____ more _____?

Will _____ Electric _____ in our _____ offer renewable _____?
 _____ our _____ provider offer _____ energy _____?
 _____ to _____ future availability _____ eco-friendly sources in our _____ service _____?

When can we _____ renewable energy _____ as _____ tidal forces?
 _____ in _____ area provide renewable _____ choices?

Could _____ eco-friendly sources in _____ electrical _____?

Can _____ bioenergy options _____?

Can we _____ to get _____ Renewable Energy _____ Electricity _____?

Will _____ energy _____ such _____ geological, tidal or _____ ambition _____ utility _____?
 _____ it possible to _____ to _____ energy sources _____ Electric _____?

Do you think _____ electric providers in _____ region _____ be _____ to _____ energy sources?
 _____ suppliers allow _____ Renewables, _____ as _____ power derived from heat and _____?
 _____ anticipate _____ geothermics and tidal _____?
 _____ we _____ access to _____ from _____ Electricity Providers?

Will electric _____ biopower/geoheat/ ocean _____?

Will _____ providers provide _____ soon?
 _____ we _____ anticipate bioenergy, geothermics, or _____ through electricity _____?
 _____ you think _____ providers _____ the _____ will _____ able to provide _____ to _____?

Will electric providers _____ area offer _____ renewable _____ options?
 _____ Energy sources such _____ in our area in the future?
 _____ renewable sources coming to _____?

Is _____ plan to _____ bioenergy, _____ tidal _____ Renewable Energy _____ to _____ Provider?

Will _____ Providers _____ Renewable Energy _____ bioenergy in _____?

Can we anticipate the availability _____ renewable _____ sources, such as _____?
 _____ options _____ from the Electric Providers _____?

Is _____ likely that _____ suppliers _____ will _____ to offer _____ sources _____?
 _____ the plans _____ local _____ to _____ options in the future?

Is _____ idea for electric providers _____ us _____?

Do _____ think local power companies _____ access _____ renewable _____ in _____?
 _____ local _____ offer Renewable _____ choices?

_____ Electrical _____ allow _____ of Renewables like biodiesel _____ power _____ from _____ ?
 Do _____ electric providers in _____ will _____ access _____ energy _____ in the future?
 _____ bioenergy and geothermal _____ available _____ the Electric _____ ?
 _____ geothermics, and tidal forces _____ through the Electric _____ ?
 _____ electric _____ offer renewable energy _____ bioenergy, geothermics _____ tidal _____ ?
 Will Electric Providers offer _____ in _____ the _____ future?
 _____ it _____ for _____ companies near _____ renewable options soon?
 _____ it _____ for electricity _____ to provide _____ ?
 _____ _____ renewable energy options through your electric _____ soon?
 _____ possible that electric suppliers _____ will _____ to offer _____ energy, such _____ renewable energy _____ ?
 Can _____ or tidal _____ through _____ suppliers?
 Are _____ sources of energy _____ providers?
 _____ our _____ providers _____ in the _____ ?
 _____ likely that electric suppliers _____ offer _____ sources _____ as _____ or Earth's heat for electricity?
 _____ bioenergy, _____ tidal forces _____ through Electric _____ ?
 Is it likely that electric _____ here _____ take _____ the Earth's heat _____ electricity _____ ?
 Will there _____ sustainable _____ for _____ suppliers in _____ ?
 _____ can _____ expect _____ get access _____ renewable energy _____ bioenergy via _____ providers?
 Can we _____ to have _____ through our electricity _____ ?
 _____ that local _____ providers will _____ renewable energy _____ soon?
 Will _____ bring us biopower _____ ?
 _____ the availability _____ options via utility _____ expected?
 _____ it _____ to _____ access to _____ Energy via _____ Providers?
 _____ can I _____ bio-energy _____ like geothermics and all that _____ stuff, _____ ?
 _____ electric _____ in our area _____ bioenergy and _____ ?
 The electric _____ soon _____ Energy _____ .
 Are there plans for _____ sustainable options _____ the _____ ?
 _____ we anticipate bioenergy _____ Electric _____ ?
 _____ there _____ chance we'll see _____ offering _____ like bioenergy?
 _____ Providers will provide renewable _____ future.
 Will our _____ offer _____ energy like _____ tidal forces in _____ area?
 _____ in _____ area provide renewable _____ choices soon?
 What _____ we have _____ seeing _____ green _____ here?
 We should _____ to _____ Energy _____ local _____ providers.
 Will electric _____ us _____ ?
 Is _____ a _____ we _____ see green _____ soon?
 Is _____ a _____ we will see _____ energy _____ soon?
 _____ we expect _____ Renewable Energy _____ such as _____ through _____ providers?
 _____ electric _____ provide renewable energy choices in the _____ ?
 _____ the _____ sources of _____ way?
 Is the _____ providers planning _____ offering _____ renewable _____ enough?
 _____ certain that _____ force _____ available soon?
 Is it a _____ when _____ Energy _____ bioenergy, _____ and tidal _____ will be _____ from _____ electric _____
 Do _____ think _____ power _____ come to _____ Electricity Suppliers _____ ?
 _____ electric _____ provide bioenergy/geothermics/tidal _____ the _____ future?
 _____ bio _____ and _____ going _____ be _____ through electricity _____ ?
 Will _____ geothermics, or tidal _____ Energy be _____ the _____ ?
 _____ electric providers provide _____ energy _____ bioenergy?
 Will electrical suppliers _____ use _____ including power derived from _____ ?
 Is _____ that bioenergy/geothermics/tidal forces will _____ Electric Providers in _____ ?

Will ____ providers ____ forces?

Are renewable ____ sources coming ____ our ____ electric ____?

Can we ____ to ____ renewable ____ in ____ soon?

Do ____ it is ____ green ____ methods are included?

____ geothermics, ____ available with the ____ of Electric Providers?

Will we ____ to get access ____ through ____ Providers in ____ area?

Will electric providers ____ the ____ any ____ options?

____ going ____ be able to get ____ to ____ like bioenergy/geothermal ____ forces ____ providers in

Is it possible ____ Electric ____ give ____ Renewable ____ sources?

____ electric ____ bioenergy, geothermal or ____?

____ may be ____ source ____ geothermics, ____ tidal forces.

____ power ____ will ____ access to sustainable sources of ____ the future?

____ there ____ renewable ____ available ____ utility firms?

____ think ____ providers will be able ____ access ____ renewable sources in ____ future?

____ companies near us ____ options into their ____?

____ there any chance of ____ around ____?

Can ____ be ____ availability ____ Renewable Energy choices with ____ electric ____?

Is local electric ____ to ____ options?

____ it possible to ____ local electricity providers?

Can ____ expect bioenergy, ____ tides ____ suppliers?

Will ____ providers ____ options ____ energy ____ our area?

____ we ____ alternatives like bioenergy/geothermal ____ via electric providers in our ____?

____ have bioenergy/geothermics/tidal forces?

____ energy ____ made available through local ____?

Is it possible for ____ to provide ____?

Is ____ for electricity ____ provide bio-energy?

____ like bioenergy available ____ the Electric Providers?

____ it realistic to expect ____ to renewable ____ like ____ forces ____ local electric ____?

Are ____ Providers planning on ____ energy from renewable ____?

Soon renewable ____ like ____ and tidal ____?

Is there ____ for ____ to ____ energy from renewable ____ enough?

Are ____ renewable ____ bio/geothermal/tidal ____?

____ get ____ renewable energy ____ in our area?

Are ____ offer sustainable energy options like bioenergy?

Will electrical ____ allow ____ use of ____ such as ____ derived from ____?

Will ____ Providers ____ renewable sources ____ our location ____ enough?

Do you think that ____ will ____ access to sustainable ____ in ____?

____ likely for ____ providers to ____?

____ renewable ____ choices ____ be available by ____ companies?

____ our local ____ Providers soon ____?

Could ____ companies near ____ bring in ____ soon?

Is there any plan for ____ suppliers ____ sustainable ____ the ____?

Do ____ electric providers will be ____ access to ____ energy ____?

We should ____ Electric ____ options for ____ like ____.

There ____ make ____ accessible through the Electric ____.

Is it possible ____ get ____ energy ____ like ____ power/tidal ____ via ____ our ____?

Is ____ any chance ____ will get ____ or tidal ____?

____ our ____ providers ____ accessible renewable ____?

Do you think ____ make bioenergetics/geothermics ____?

____ think services ____ bioenergy and tidal power ____ be ____ by ____ soon?

Can _____ to _____ energy choices from our _____ Provider _____?

Can _____ availability of Renewable _____ such as _____ geothermics through _____ providers?

_____ get access to renewable energy sources through Electric _____?

_____ electric _____ soon offer _____ bioenergy/geothermics?

_____ it _____ to _____ Renewable Energy alternatives _____ power/tidal forces _____ Electric providers in our _____

Do you think it _____ be _____ for _____ Suppliers _____ Renewable _____ bioenergy?

Is it likely that _____ companies _____ soon?

Is bioenergy and geothermics _____ be available through _____ in _____?

Will _____ providers _____ our area _____ alternative energy _____?

Can we _____ our electric _____ to offer _____ Geothermal _____ forces in _____?

_____ renewable energy choices soon be _____ through _____?

_____ Electric _____ offer Renewable _____ bioenergy in _____ future?

_____ there _____ of renewable _____ options _____ tidal _____ ambition via utility firms?

Is _____ a _____ some green energy _____?

_____ we soon see electric _____ offer options _____?

_____ suppliers be able _____ the use _____ Renewables _____?

_____ electric providers bring us _____?

Does _____ provider have any _____ bioenergy, geothermics or tidal _____ Energy _____?

Will _____ geothermics _____ be offered _____ our _____ provider?

Can _____ Renewable Energy choices _____ our _____ in _____ near _____?

_____ options _____ and tidal _____ be accessible from _____ Electric Providers _____ the near future?

Do you _____ that local _____ will _____ to _____ in the future?

_____ we _____ our electric _____ to _____ for _____ in the future?

_____ we expect to have access to _____?

_____ or geothermics _____ to _____ available _____ any electricity _____?

Can we _____ to have _____ to renewable _____ through the _____ Providers _____?

_____ bioenergy, geothermics, or _____ forces by _____ suppliers?

_____ bioenergy/geothermics/tidal forces _____ Electric Providers _____ our area?

_____ force _____ soon here?

Will our _____ providers _____ energy in _____ near _____?

_____ to _____ to _____ access _____ energy sources via local electric _____?

_____ sources for _____ locals' _____ yet?

_____ you _____ electric _____ our region will be _____ provide easy _____ to _____ sources?

Is _____ likely _____ provided _____ providers nearby?

Is it likely that electric _____ in _____ area _____ of _____?

Can _____ anticipate _____ of Renewable Energy _____ as bioenergy _____ through _____ Providers in our _____?

Is _____ to expect access to bioenergy, _____ from _____ electric _____?

Will _____ the area provide renewable _____?

_____ anticipate the availability _____ options _____ our Electric _____ soon?

_____ future plans _____ local _____ to offer sustainable _____?

_____ Electric _____ Energy to _____ soon?

Will _____ offer _____ Renewable _____ options?

_____ local _____ Providers _____ offer Renewable Energy _____ soon?

_____ bioenergy _____ be offered by any electricity suppliers _____ here _____?

Is Bio.energy/geo.power likely _____ be _____ nearby?

_____ you think bioenergy/geothermic/tidal _____ will come _____ soon?

_____ electrical _____ allow the _____ of Renewables _____ biodiesel/power derived _____ heat/seawater?

_____ likely that electric _____ start to _____ alternatives to fossil _____ such _____ energy _____?

Will we _____ to _____ energy _____ electricity providers?

Will Renewable _____ options like bioenergy/geothermics/tidal forces _____?

Will Electric Providers provide _____ geothermics, or _____ forces?

When can we _____ access to renewable _____ geothermics?

_____ Electric _____ to provide renewable energy options _____?

Is it possible _____ will _____ bio.energy/geo.power?

Can we _____ Renewable Energy _____ Electric Providers _____ area?

_____ providers make _____ Energy _____ like bioenergy, geothermics, _____ available soon?

_____ it _____ that _____ will provide _____?

Is _____ electric companies could introduce _____ soon?

_____ providers intend to offer _____ renewable sources _____ future?

Are we _____ from _____ Providers nearby?

_____ providers bring _____ biopower when we _____ for _____ energy?

Is _____ that _____ Energy options like bioenergy, _____ and _____ forces will _____ local _____ providers?

_____ we expect access to renewable _____ sources like _____ local _____?

_____ available through your electric service?

_____ local electric _____ planning _____ offer renewable _____ in _____ future?

Will _____ able _____ availability _____ renewable energy options _____ firms?

Will _____ provide renewable energy _____?

_____ Electric Providers can _____.

Is _____ availability of eco-friendly sources _____ service _____?

Will _____ soon _____ access to renewable _____?

_____ possible _____ geothermics, or _____ forces via electricity suppliers?

When _____ able _____ access renewable _____ local electric providers?

_____ there _____ power schemes _____ locally _____?

Will _____ biopower when _____ waiting for renewables?

Will _____ offer _____ Energy _____ soon?

Is _____ geothermics _____ to be _____ through _____ suppliers here _____?

_____ think electric providers _____ provide easy _____ renewable energy _____ the future?

_____ bioenergy/geothermic/tidal _____ be offered by local electricity _____ soon?

_____ local _____ companies _____ to sustainable energy _____ in _____ future?

_____ believe that _____ power companies _____ to _____ energy sources?

_____ eco-friendly sources in _____ electrical service area?

_____ we expect _____ renewable _____ as bioenergy and geothermics _____ Providers?

_____ providers _____ to offer energy _____ sources soon _____?

_____ the _____ Providers _____ offer bioenergy/geothermics/tidal _____?

_____ we anticipate access _____ Renewable Energy _____ as _____ and _____ through _____ Providers in _____?

_____ the arrival _____ Renewable _____ choices from our Electric _____?

_____ electric providers _____ our area _____ renewable energy _____?

_____ we anticipate _____ providers?

_____ Electric _____ bioenergy _____ the future?

Are _____ geothermics going _____ be _____ from _____ electricity _____ soon?

_____ it likely that _____ electricity providers _____ will _____?

_____ you _____ power companies will _____ to sustainable power _____ future?

_____ we _____ or geothermics _____ suppliers?

_____ we anticipate the _____ availability _____ Renewable Energy choices _____?

_____ is a _____ that our _____ Suppliers _____ provide access _____ sources.

Is there _____ chance that _____ see _____ soon?

_____ be available through the _____ service soon?

_____ close is it for _____ to have access to _____?

_____ renewable sources _____ becoming more _____?

_____ you _____ electric providers _____ region _____ be _____ to give easy access _____ renewable _____ in _____?

_____ you'll _____ force here soon?
 _____ companies _____ put renewable options _____ their offers _____?
 _____ there soon _____ renewable _____ sources _____?
 _____ that local electric _____ offer Renewable Energy choices _____ future?
 _____ it possible _____ electric companies _____ could introduce _____ soon?
 _____ it likely _____ here will offer _____ alternatives, such _____ Earth's _____ for _____?
 Will _____ soon see Renewable Energy options _____ geothermics _____ tidal _____ Provider?
 Can _____ expect _____ or _____ through _____?
 _____ geothermics, and tidal _____ available _____ your electric _____ soon?
 Can _____ expect access to renewable energy _____?
 _____ about _____ geothermics, or _____ through _____ suppliers?
 _____ think your _____ company _____ provide access to sustainable _____ in _____?
 Can we _____ of renewable energy _____ electric provider _____?
 _____ electricity _____ arriving in locals' _____?
 It _____ for our _____ to provide _____ to _____ sources.
 _____ offer _____ renewable energy options soon?
 _____ renewable energy options _____ bioenergy/geothermics/tidal forces will become available through _____ area
 Will _____ Provider ever _____ renewable energy _____?
 _____ the electric _____ bio/g-thrmls?
 _____ it possible _____ companies _____ offer renewable options soon?
 Are renewable energy _____ bioenergy available _____?
 _____ bioenergy, _____ and tidal forces _____ to _____ through _____?
 _____ you _____ electric _____ in our region _____ be _____ to _____ to renewables _____ the future?
 _____ electric _____ offer _____ geothermic, _____ power soon?
 Can we expect our _____ providers _____ offer _____ other _____ energy _____ in _____?
 Can we _____ Energy via Electricity Providers?
 _____ providers offer _____ soon?
 _____ chance _____ see some green _____ here?
 Is bioenergy _____ be _____ by electric _____ in _____ near _____?
 Will _____ us _____ sources?
 Can we _____ our _____ to _____ accessible _____ for _____ in the near future?
 Will _____ in _____ area _____ options _____ renewable _____ in the _____?
 Will _____ offer renewable _____ in _____?
 Is _____ get access to renewable _____ bioenergy/geothermal power/tidal _____ providers in our vicinity
 Will you _____ be _____ to choose _____ energy _____ through _____?
 Are bioenergy and _____ to _____ offered _____ suppliers soon?
 _____ you sure that local power companies _____ access _____ in _____ future?
 Are _____ Electric _____ going _____ Energy options soon?
 _____ electric _____ renewable energy sources _____ bioenergy?
 Can _____ easier access to Renewable Energy alternatives _____ bioenergy/geothermal _____ in our vicinity?
 Is it _____ bioenergy and geothermics _____ electricity _____?
 _____ see bioenergy, geothermal _____ or tidal forces _____ our _____ the future?
 Will local _____ soon _____ options?
 _____ we _____ to _____ bioenergy, _____ or _____ from electricity suppliers?
 _____ think local power companies _____ to sustainable _____ of energy _____ the _____?
 Is _____ electric _____ will _____ bioenergetics/geothermics/tidal force available soon?
 _____ might _____ able to _____ access to Renewable _____ through _____.
 _____ to renewable energy in _____ area?
 _____ geothermics through electricity suppliers?

____ it ____ for Electric ____ energy ____ renewable ____ like bioenergy?
 ____ bioenergy, ____ and ____ to us?
 Will ____ bring ____ renewables?
 Will ____ electric ____ offer renewable ____ ?
 ____ providers ____ area provide ____ energy choices in the ____ ?
 ____ Electric Provider ____ soon ____ Renewable ____ .
 Do you know if ____ local Electric ____ offer ____ ?
 ____ providers in ____ area ____ Renewable Energy ____ ?
 Will our ____ provider offer ____ options ____ the ____ ?
 Is ____ access to ____ through Electric Providers ____ our ____ ?
 Will electric providers ____ biopower ____ waiting for ____ sources?
 I ____ if ____ force ____ will be ____ locally ____ .
 ____ electric providers in ____ choices for Renewable ____ ?
 ____ bio/geothermal/tidal soon ____ ?
 Will electrical suppliers ____ the ____ that ____ heat/sea water ____ ?
 Will electric ____ renewable ____ ?
 ____ to ____ able to ____ Energy ____ like ____ via Electric providers in our vicinity
 ____ bioenergy ____ be offered through any ____ suppliers soon?
 Will ____ bioenergy/geothermics?
 ____ it ____ for easier access ____ Renewable Energy alternatives like ____ power/tidal ____ Electric providers ____
 ____ or tidal ____ soon ____ local electric providers?
 ____ bioenergy ____ geothermics be available through ____ ?
 ____ renewable energy ____ through your ____ service soon?
 Any ____ we'll see ____ green ____ ?
 Do you think ____ provide easy ____ to ____ like bioenergy in ____ ?
 ____ Electric ____ Renewable Energy ____ like bio/geo/tidal forces?
 ____ chance we can see green energy ____ ?
 Are ____ tidal ____ our area via Electric Providers?
 ____ to anticipate ____ choices with our current electric ____ ?
 ____ we anticipate ____ Renewable ____ sources like bioenergy ____ through ____ Providers?
 ____ there any ____ electricity ____ to make sustainable options in ____ ?
 ____ Renewable Energy ____ like ____ tidal ____ be available soon?
 ____ we ____ get access ____ Renewable ____ sources in ____ area?
 ____ it ____ that Renewable Energy ____ will be ____ electric ____ ?
 ____ close ____ the ____ for ____ Suppliers to give ____ Renewable ____ sources?
 ____ Energy ____ like ____ or ____ coming soon ____ local Electric Providers?
 ____ like ____ geothermics, and tidal forces ____ accessible from ____ Electric Providers ____ ?
 ____ possible that ____ will ____ options ____ sustainable energy ____ bioenergy?
 ____ access to ____ energy sources through our ____ electric ____ ?
 Are ____ going ____ see ____ energy here ____ ?
 Will ____ electric ____ renewable ____ like bioenergy, geothermics, ____ power?
 Can ____ and ____ forces ____ electricity suppliers?
 ____ these renewable energy ____ be available ____ service?
 ____ offer Renewable ____ choices like bio/geo/tidal forces?
 ____ it ____ to access Renewable Energy ____ like bioenergy/geothermal ____ in ____ vicinity in the
 ____ expect ____ renewable energy ____ soon?
 Is it likely that ____ suppliers here ____ to ____ alternatives ____ fossil fuels ____ systems?
 Will renewable ____ be ____ by local ____ ?
 Will electric ____ Renewable ____ ?
 ____ you ____ able to make renewable ____ your electric ____ ?

Is _____ to _____ access to _____ energy _____ local electricity _____?

Is _____ be _____ through local power companies _____ the _____?

_____ be able to offer renewable energy _____?

Will our _____ provider ever _____ sources?

_____ renewable sources _____ electricity arriving _____ yet?

_____ possible that Renewable _____ bioenergy, geothermics, tidal forces _____ accessible from local Electric _____?

_____ our _____ Provider _____ offer _____ options?

_____ Electric Providers _____ Renewable _____ like bioenergy or _____ in _____?

Will electric _____ soon be _____ offer bioenergy _____?

_____ you _____ bioenergy/geothermics/tidal _____ will _____ offered _____ suppliers soon?

_____ electric _____ able to offer _____ choices?

Will bioenergy and _____ through _____ electricity _____ around _____?

Are _____ Providers going to offer _____ options in _____?

Could electric _____ near us _____ new _____?

_____ like _____ forces be offered _____ local electric _____?

Is it _____ to _____ access to Renewable Energy _____ power/tidal forces via _____?

Will bioenergy and _____ available _____ suppliers around _____ near future?

_____ you _____ the _____ alternatives like bioenergy/geothermic/tidal power?

Is _____ plan _____ make bioenergy, _____ or _____ Renewable Energy _____ through _____ Provider?

Will _____ providers _____ us _____ ocean _____?

_____ provide options for bioenergy and geothermics?

Are Renewable _____ bioenergy, _____ tidal forces _____ soon?

_____ and tidal forces _____ from _____ Providers?

_____ access _____ renewable _____ through the Electric Providers?

_____ can _____ expect _____ to bioenergy, geothermics _____ tidal forces via _____?

Are _____ going to come _____ electric _____?

Is _____ a plan for local _____ suppliers to _____ the _____?

When _____ we expect _____ access _____ or tidal forces from local _____?

_____ prepared for _____ geothermics, _____ tidal _____ through _____ suppliers?

_____ renewable _____ options at _____ from the _____?

Is it possible _____ us _____?

Is _____ us _____ access Renewable Energy _____ like bioenergy/geothermal _____ forces _____ Electric _____?

Are _____ geothermics, _____ to the area through Electric _____?

_____ be sure of _____ Renewable _____ choices from our _____ Provider?

Will _____ Providers in our _____ bioenergy _____ in _____?

_____ anticipate the availability _____ renewable _____ choices _____ our _____ provider?

Do you think services such _____ power _____ come _____?

Do you _____ services _____ bioenergy/geothermic/tidal power _____ about _____?

Will bioenergy, geothermics, _____ forces be _____ soon?

_____ we _____ to make bioenergy, _____ Renewable Energy accessible _____ our _____ provider?

_____ there _____ for electricity _____ locals' way _____?

_____ we expect _____ bioenergy through local electric providers?

_____ you _____ local power _____ will be able to _____ in _____ future?

Will we see _____ providers _____ renewable energy _____ the _____?

_____ energy _____ going to _____ available _____ the power companies?

Can _____ providers near us?

_____ local _____ Providers _____ renewable energy _____ bio/geo?

_____ to _____ renewable energy _____ from Electric Providers?

Are electric _____ going to _____ or tidal _____?

_____ able to offer Renewable _____ choices?

____ electric ____ bioenergy, ____ forces to our area?
 ____ providers offer Renewable Energy ____?
 ____ there ____ plans to make ____ geothermics, ____ tidal force-based ____ accessible ____ Provider?
 ____ there be ____ sources ____ soon?
 Is ____ local ____ suppliers ____ offer sustainable ____ in the ____?
 ____ providers bring us ____ heat?
 ____ Electric ____ to ____ renewable ____ in the future?
 Soon, ____ options ____ will be ____?
 Will our ____ us ____ options soon?
 Is it ____ that ____ options like bioenergy, ____ forces ____ from ____ electric providers?
 ____ there a ____ that Electric ____ will ____ sustainable ____ like ____?
 Do ____ think ____ power will be ____ Electricity Suppliers?
 When ____ access to renewable energy ____ local electric ____?
 How ____ are ____ suppliers to ____ access ____ renewable ____ sources?
 ____ you planning ____ make ____ energy ____ accessible ____ in the future?
 Is it ____ to access ____ local ____ Providers?
 ____ electric providers soon ____?
 ____ geothermics, or ____ forces be available ____ provider?
 ____ there ____ renewable energy ____ through ____ Providers ____ the area?
 Are bioenergy, ____ tidal forces ____ through ____ providers?
 ____ in the ____ be able ____ offer alternative ____ sources?
 ____ providers ____ area offer ____ Energy options?
 ____ waiting for renewables, will ____ providers bring ____?
 ____ the ____ Providers offer ____ forces ____?
 ____ Electric ____ Renewable Energy ____ foreseeable future?
 There may ____ to ____ or tidal ____ Renewable Energy accessible ____ our ____.
 Will electric ____ energy ____?
 Are ____ going ____ Renewable Energy ____?
 ____ bioenergy ____ geothermics ____ available through ____ electricity ____ here?
 ____ offer Renewable Energy ____ like bio/geo/tidal ____?
 Can ____ if there ____ to add ____ energy around here?
 Do ____ will make bioenergetics/geothermics/tidal force available ____?
 Will ____ Electric Providers ____ able ____ options soon?
 Should bioenergy, geothermics, ____ force-based renewable ____ accessible ____ our ____?
 ____ there ____ receive fancy bioenergy, geothermal, or ____ power ____ soon?
 Will electricity suppliers ____ to anticipate ____ or ____?
 ____ bioenergy, geothermics, or tidal forces ____ offered ____ provider?
 Will the ____ Providers ____ Energy ____?
 Will ____ ever ____ bioenergy/geothermics/tidal ____?
 ____ we expect ____ of ____ energy ____ from our ____ provider ____?
 ____ we should expect ____ to ____ energy ____ like bioenergy, ____ forces from ____ electric ____?
 ____ local electric providers soon ____?
 ____ access to renewable energy ____ from ____ electric providers?
 Will ____ be able to see ____ availability ____ options ____ firms?
 ____ there any plans ____ local ____ offer sustainable ____?
 Does anyone ____ if ____ be available ____ any ____ suppliers?
 ____ can ____ expect ____ get ____ to renewable energy ____ through ____ electric ____?
 Is it possible ____ to ____ alternatives such as ____ power/tidal ____ Electric providers in ____
 ____ renewable ____ for electricity ____ way ____?
 Any ____ we'll see ____ providers ____ options for ____?

Is _____ going _____ available _____ electricity _____ in the area?

Is _____ soon _____ options _____ bio/geothermal/tidal will be _____?

_____ providers _____ Renewable Energy options soon?

_____ there _____ chance _____ Renewable Energy options like _____ geothermics, _____ tidal _____ will be available _____?

Is it _____ providers _____ provide bio.energy near _____?

_____ electric provider have any _____ geothermics, or _____ Renewable Energy accessible?

Should bioenergy, geothermics, _____ tidal _____ Renewable _____ through _____ provider?

Will _____ Providers _____ accessible Renewable _____?

Will renewable _____ through _____ service in the near _____?

_____ it _____ that _____ companies will _____ to _____ renewable energy _____?

Renewable _____ electricity _____ the _____?

Will renewable energy _____ and tidal forces be _____ through _____ soon?

Are Renewable _____ coming _____ Providers?

Are _____ renewable options _____ electric _____?

Do _____ that bioenergy/geothermics/tidal _____ will be _____ by _____?

Can _____ expect our _____ providers _____ in the near future?

Is it possible to anticipate _____ forces through _____?

_____ it possible that _____ become accessible through Electric _____ our _____?

_____ know if bioenergy, geothermics, _____ tidal _____ coming to _____ area _____ Electric _____.

_____ you _____ local power companies will _____ give access to sustainable _____?

_____ renewable sources _____ to _____ locals' way yet?

_____ bioenergetics/geothermics/tidal force will be available _____?

_____ it _____ local _____ companies _____ soon offer Renewable _____ options?

_____ bioenergy _____ more _____ locally?

_____ our local electric providers _____ be _____ bioenergy?

Is _____ suppliers _____ will start to offer alternative _____ energy?

_____ it _____ that _____ alternatives such as renewable _____ systems or the use _____ Earth's _____ for _____ use _____ be supported by _____ electrical suppliers?

Do we know if _____ for sustainable _____ bioenergy?

_____ we expect renewable _____ to _____ accessible _____ electric _____?

Do _____ believe local _____ companies will _____ to access _____ energy _____ future?

Can we _____ a _____ of eco-friendly _____ in _____ service _____?

_____ you think _____ power companies _____ provide access to _____ energy _____ future?

Can we _____ bioenergy, geothermics, and _____ force-based Renewable _____ accessible _____?

_____ it _____ that electric suppliers in _____ area _____ start _____ alternatives _____ fossil _____ such _____ energy systems?

_____ it _____ our _____ providers _____ accessible _____ for renewable _____ bioenergy, _____ systems or tidal forces in the _____

_____ it _____ Renewable _____ such as bioenergy, geothermics, _____ tidal _____ will _____ accessible from _____ Providers?

_____ will _____ offered _____ our local electric provider.

_____ we _____ our electrical service area?

_____ renewable energy _____ geothermics, _____ forces _____ available _____ your electric service soon?

_____ near us _____ renewable energy options?

Will _____ providers _____ power when _____ are ready?

Will electric _____ offer _____?

Is _____ possible that _____ providers will have _____ options in _____?

Will electric providers provide _____ energy _____?

_____ our electric _____ soon be _____ provide bioenergy/geothermics/tidal _____?

Will _____ offer Renewable Energy _____ like bio/geo/tidal _____?

_____ chance _____ we _____ some _____ energy here soon?

Are renewable _____ our electric _____?

_____ see renewable _____ in our _____ soon?

Will ____ energy ____ be ____ Providers in our ____?

Will electric providers ____ as ____?

____ am ____ force power schemes are provided ____.

Will the ____ of ____ in our ____ area?

____ expect the ____ area to offer bioenergy, geothermal ____ forces in the near ____?

____ Electric ____ provide accessible ____ soon?

____ possible that electric ____ bring ____?

____ it ____ our ____ electric ____ offer accessible options for renewable ____ the ____?

Will local ____ renewable energy sources like ____?

Do ____ bioenergy/geothermics/tidal power ____ be offered ____ local ____?

____ providers offer ____ in the ____.

Will our electric ____ ever ____ bioenergy or ____ forces?

Do ____ think ____ soon make bioenergetics/geothermics/tidal force ____?

____ we ____ the availability ____ choices from our ____ Provider?

Are ____ and ____ be ____ future through electricity suppliers?

Can we ____ the ____ Renewable Energy choices ____ geothermics, ____ tidal ____?

Is ____ possible ____ our ____ Providers ____ soon ____ accessible bioenergy?

Is it ____ will ____ bioenergetics/geothermics/tidal force ____ soon?

____ electrical suppliers allow the ____ Renewables, ____ from heat/seawater?

____ Electric ____ for Renewable Energy?

Are ____ energy choices ____ be available through ____ companies ____?

Is ____ that ____ companies will offer renewable energy ____?

Should we expect access to ____ Providers?

Are ____ to ____ energy from ____ power ____ enough?

____ they're going to ____ fancy ____ geothermal, or tidal ____?

____ we ____ sure ____ access to ____ sources through ____ Providers?

Does ____ plan ____ offer energy from ____ soon ____?

Will our ____ providers be ____ for renewable ____ like ____ systems or ____ forces ____ the future?

____ bioenergy ____ geothermics ____ through any electricity ____ here?

Do you ____ in our region will ____ to provide ____ renewable energy ____ in ____ future?

____ electric ____ in our area offer ____?

____ about ____ through local Electricity Providers?

____ providers ____ offer renewable energy ____?

____ there ____ electric providers will ____ sustainable energy?

____ it ____ that ____ provide bio.energy/geo.power?

____ it likely ____ electricity ____ will ____ bio-energy?

____ it ____ for us ____ anticipate ____ through ____ suppliers?

____ in ____ area ____ renewable energy options?

Is ____ likely ____ Bio.energy will ____ provided ____ Electricity ____?

Is it ____ electric suppliers here will ____ alternatives ____?

____ our Electric Providers ____ Renewable ____?

Will renewable ____ available ____ your ____ service soon?

Will we ____ see ____ Energy options ____ from our Electric ____?

Will ____ soon use ____?

There's a chance ____ see ____ Providers ____ energy ____.

Will electric ____ be ____ offer ____ in the near ____?

Is ____ electric ____ us ____ offer renewable energy ____ soon?

Is ____ coming ____ the area ____?

Will ____ geothermics, ____ tidal ____ available in our ____?

____ we expect ____ Renewable ____ through local ____ Provider?

Will renewable ____ choices ____ offered ____ Providers ____ our ____?

____ geothermics, or tidal ____ become available ____ the ____?

How soon will Renewable ____ options like ____ and ____ be available ____?

____ renewable energy choices ____ made ____ soon?

Are ____ Providers ____ to ____ options ____ sustainable ____ bioenergy?

____ Electric Providers ____ offering ____ from ____ sources like ____ enough?

____ you ____ that ____ electric providers ____ bioenergetics/geothermics/tidal force ____?

Is ____ a chance ____ offer sustainable energy options ____?

____ electric providers begin ____?

____ our current ____ provider can we ____ the ____ choices?

____ we know ____ area's ____ providers will offer bioenergy, geothermal ____ or ____ future?

We can ____ geothermics, ____ forces through ____ suppliers.

____ bioenergy going to be ____ available ____ soon?

Do you think electric ____ region will ____ access to ____ in ____ future?

Will ____ see ____ energy ____?

Is ____ sources ____ electricity ____ in ____ yet?

____ Providers in ____ area ____ Renewable ____ options?

____ Providers be able to ____ in ____ future?

____ electric ____ bring ____ PR-storic ____?

____ providers bring ____ if we ____ for renewables?

Will the electric ____?

____ Providers in the ____ be able ____ renewable ____ choices?

Can we expect our ____ electric providers ____ bioenergy, ____ systems or tidal ____?

____ you think that ____ power ____ be ____ by ____ electricity ____?

____ options coming ____ our electric ____?

Will we ____ access ____ Energy ____?

Maybe ____ for ____ arriving locals' ____?

____ Providers offer renewable energy ____ our ____ in ____ near ____?

What ____ geothermics, ____ tidal ____ Energy?

____ electric providers bring ____?

____ there a ____ local electric companies will ____ in ____ future?

____ it likely ____ electric suppliers ____ come ____ with ____ fossil ____ such as ____ systems?

Is electricity providers ____ Bio.energy?

Are ____ offer bioenergy/geothermal/tidal power ____ our location ____ enough?

____ like ____ or geothermics ____ offered by Electric ____ soon?

____ there ____ for our ____ providers?

Are ____ going ____ be offered ____ local ____ companies?

____ Electric ____ like bioenergy or geothermics?

____ Providers in ____ area ____ renewable energy ____ such ____ bioenergy?

____ think bioenergy/geothermic/tidal power will ____ local Electricity ____?

____ electric ____ provide Renewable ____ like ____ or ____?

____ geothermics, or ____ forces going ____ be ____ through Electric ____?

____ there any ____ energy ____ that ____ through ____ electric service?

How close ____ for ____ Electric ____ offer access ____ Power sources?

____ local Electric Provider ____ Energy ____?

____ possible ____ options like ____ geothermics, ____ tidal ____ will soon be available from ____ electric ____?

Will ____ to offer Renewable Energy choices ____ bio/geo/tidal ____?

How likely ____ it that ____ would ____ green ____?

Is ____ geothermics, ____ tidal forces ____ in through ____?

Do Electric ____ to ____ energy from ____ sources ____ bioenergy soon ____?

Do _____ that bioenergy/geothermic/tidal _____ will _____ offered _____ Electricity Suppliers _____?

When can _____ expect to _____ to renewable energy _____ via _____?

bioenergy, geothermics, _____ forces may _____ our _____ provider.

We _____ to know _____ can expect _____ Energy through local _____.

Do you _____ will _____ able to offer tidal _____?

Renewable _____ locals' way?

Will _____ Electric _____ accessible Renewable Energy _____?

Either renewable _____ for _____ arriving _____ or _____?

Are bioenergy _____ to be available via _____?

When _____ be _____ or tidal forces via local electric _____?

Will _____ forces _____ available _____ in our area _____?

We can expect access _____ through _____.

_____ electric providers soon _____ to _____ energy?

_____ that electricity providers _____ provide bio.energy _____?

Is it inevitable that Renewable _____ options _____ bioenergy, _____ and _____ will be _____ local _____?

Is _____ possible to _____ Energy _____ Electricity Providers?

Is _____ that electric _____ alternatives to fossil fuels _____ as _____ energy _____?

Do _____ companies will offer _____ energy sources _____ the future?

Electric _____ should _____ like tide _____.

_____ our electric providers _____?

_____ possible _____ see some green energy here _____?

Is _____ providers _____ us biopower/geoheat/ocean Post questions?

Will we _____ the _____ options via _____ utility firms?
