

[Demo] NLP Dataset for Customer Service Automation

Company Type	Internet Service Providers
Inquiry Category	Internet connection troubleshooting
Inquiry Sub-Category	Intermittent Connectivity
Description	Customers experience regular disruptions or dropouts in their internet connection, which may be due to signal interference, faulty equipment, or issues with the ISP's network infrastructure.
Data Size	9,463 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Internet Service Provider" customer inquiry. (Purchased data will not be masked.)

Can you _____ are any _____ affecting my connection _____?
_____ problems affecting _____ connection.
_____ there a problem _____ the _____ affecting internet _____?
_____ know if my connection is _____ network infrastructure _____.
Is it possible _____ my _____ is _____ stable due _____?
_____ network problems _____ affecting _____ connection.
_____ my _____ affected by _____ troubles?
_____ problems with my _____.
Any network _____ impacting _____?
_____ my connection stability _____ disruptions?
There _____ be _____ problems _____ stability.
I _____ appreciate _____ there _____ network infrastructure _____ fluctuations in _____ connection.
_____ network infrastructure _____ the stability of my _____.
Can _____ verify _____ connections _____ problems?
_____ it possible _____ find out _____ connections are _____?
_____ verify _____ including _____ network problems?
_____ you checked the net structure to see _____ signal?
_____ infrastructural _____ that are affecting my _____ reliability?
Is _____ instability in connecting _____ network disruptions?
_____ problems _____ could affect the stability _____ my connection?
Is any _____ causing _____?
_____ to _____ if any network _____ my connection.
Is _____ a _____ my _____.
_____ you know _____ network _____ are causing _____ my _____?
Is _____ any infrastructural _____ that _____ internet _____?
_____ there any _____ messing _____ up?
To _____ out if _____ is _____.
Do _____ know _____ network _____ impede stable connections?

Are there ____ issues ____ the ____ affect ____ stability?

I want ____ know if ____ my network ____.

Is it possible ____ unstable because ____ networking infrastructure ____?

____ you checked ____ snags in ____?

Any internet ____ infrastructure?

____ know ____ there are any network ____ affecting ____?

____ issues impacting ____?

____ my ____ unstable ____ of infrastructure ____?

____ no infrastructure concerns compromising the link.

Is the ____ affecting my ____?

____ the network ____ me ____?

Are ____ in ____ network ____ instability ____ connecting devices?

____ could ____ an issue ____ that could affect my ____.

I ____ know ____ there ____ any potential issues ____ my ____.

Infrastructure ____ could ____ affecting the ____ connection.

____ you ____ network ____ my connection?

Are ____ issues ____ the ____ that cause shaky ____ on ____ signal?

Does ____ issues ____ connection?

Are ____ affecting ____ connection?

____ there ____ issues with ____ setup?

____ any network ____ causing ____ connection ____ go unstable?
