

[Demo] NLP Dataset for Customer Service Automation

Company Type	Telecommunications Equipment Manufacturers
Inquiry Category	Product specifications and features request
Inquiry Sub-Category	Connectivity options
Description	Customers request information about the various connectivity options available for the telecommunications equipment, such as Ethernet, Wi-Fi, or Bluetooth.
Data Size	5,161 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Telecommunications Equipment Manufacturer" customer inquiry. (Purchased data will not be masked.)

Can _____ to the device _____ Wi-Fi _____ like Ethernet?
 _____ I connect to my _____ through _____?
 can I _____ instead _____
 Is it possible _____ use a _____ anemphatic _____ this device.
 _____ to connect _____ device with _____?
 In _____ to connect with _____ I _____ able to _____ the internet _____ wi-fi rather _____ links?
 Is it possible _____ wi-fi connection rather than _____ Ethernet _____?
 Is _____ to _____ a _____ link instead _____ an e-g _____ on _____?
 I _____ a _____ should use _____ or ethernet _____ to my _____.
 Is it possible _____ connect _____ the _____ cord?
 _____ the device _____ me establish _____ connection _____ of _____ wires?
 Was it _____ wi-fi _____ not _____?
 Is _____ way _____ a wi-fi link _____ of _____ connection?
 Is it _____ the _____ cables with wi-fi?
 Is it _____ to _____ up a _____ using _____?
 Is it _____ for this _____ use a wi-fi link _____ than _____?
 _____ the _____ wireless _____ available for this _____?
 _____ it possible _____ wi-fi _____ link these _____ without _____?
 _____ it possible _____ the wi-fi connections _____ through _____ Ethernet ports?
 _____ option _____ wi-fi _____ connection?
 _____ using _____ link _____ for this _____?
 Is _____ possible to _____ wi-fi _____ instead of _____?
 Will _____ me to establish a _____ the _____ instead of _____ wires?
 _____ use wi-fi to _____ to the device.
 Is _____ possible to connect this _____ a _____.
 Is it possible to _____ wireless connection _____ using _____?
 _____ this _____ to use _____ wi-fi _____ instead of ane-g connection?
 _____ it possible _____ use _____ ethernet for this _____

Is _____ use wi-fi to access _____.

I _____ I can _____ wi-fi _____ connect _____ device.

_____ use wi-fi over an ethernet _____?

Is _____ possible to connect to the _____ wireless _____ a _____?

_____ there _____ way _____ connect this _____ through _____ network?

Is it possible _____ to use wi-fi instead _____?

_____ possible to _____ to the device _____ wi-fi _____?

_____ it possible for _____ wi-fi link instead _____ an e-g _____?

_____ I _____ connection for _____ device?

This device _____ able to use _____ wi-fi link _____ of _____.

Can _____ connections _____ Ethernet ports?

Is it _____ to _____ fi instead _____ an _____?

Is _____ possible _____ wi-fi instead _____ wired _____.

_____ that _____ device _____ use _____ instead of _____ ethernet connection?

Are _____ you have wi-fi _____ me _____ of dealing with ethernet _____?

_____ wonder if _____ use _____ instead _____ wire.

Is _____ possible to _____ wi-fi _____ of _____ for _____?

Is _____ possible _____ connect _____ with _____?

_____ to connect _____ the device using _____.

_____ it possible _____ wi-fi on _____ thing?

_____ this _____ allow for connecting _____?

Is it _____ use a _____ anemphatic one?

_____ you think I will _____ to _____ wireless?

Can _____ use wi-fi instead of _____?

_____ don't know if _____ should _____ wi-fi or ethernet _____.

Is _____ possible to _____ this device _____ internet _____ wi-fi network instead _____ ethernet port?

Is _____ a _____ to _____ for device _____.

Is _____ for _____ to use _____ wi-fi link instead _____ older _____ connection?

Is it possible to _____ connection instead _____ an _____?

Is _____ this device _____ a _____ link _____ of _____ ethonic one?

_____ know if I can _____ the device _____.

_____ possible to _____ and _____ Ethernet.

_____ the device _____ a _____ of an ethonic one?

Is _____ to use a _____ link instead of _____?

_____ any _____ that I _____ connect _____ wi-fi?

Can the wi-fi be _____ for connecting, _____?

_____ wi-fi for device _____?

_____ it _____ to use _____ cords?

_____ I use _____ wi-fi on _____?

_____ it _____ that this _____ can _____ wi-fi _____ of _____ ethlode connection?

_____ I _____ wi-fi to _____ the _____?

Can I use _____ wireless _____ connection to _____?

Does the _____ wi-fi, _____ of using wired _____?

Is _____ a wi-fi link _____ lieu _____ anemphatic connection?

_____ possible to use _____ link instead _____ the ethlode _____?

_____ I _____ to go wireless _____?

Is it possible _____ instead of _____ Ethernet _____

I wonder _____ can _____ to _____ my device.

_____ this device be _____ wi- fi instead _____ an _____?

_____ you have _____ ability _____ use _____ using ethernet?

_____ device _____ to use a wireless connection _____ the _____ instead _____ cable?

I _____ about using wi-fi _____ ethernet _____ device connection

Can this _____ be connected _____ internet _____ of _____ ethernet connection?

Can I use _____ using _____ of _____?

_____ order _____ with this device, would _____ able _____ use _____ instead of direct _____?

_____ possible _____ use the wi-fi connections _____ the _____ ports?

_____ to use _____ wi-fi _____ instead of a _____ connection?

_____ it _____ that this _____ can _____ wi-fi _____ instead _____ old ethernet connection?

_____ wondering if I _____ wireless _____ the device.

_____ it possible _____ use wi-fi _____?

Can i _____ wired?

_____ I can _____ instead _____ ethernet.

_____ connect to _____ device using _____.

_____ possible to _____ wi-fi to connect to _____?

_____ could use _____ link instead _____ ethernet connection.

_____ there _____ way to _____ wi-fi _____ access?

_____ it possible _____ rely _____ instead of _____?

_____ this device _____ link _____ of the _____ ethernet connection?

Is _____ to connect _____ device to _____ internet _____ a _____?

Is it possible _____ use a wireless communication _____ of _____ wi-fi _____?

_____ device _____ connected _____ wireless method.

_____ it _____ use wi-fi _____ of using _____ to connect with _____?

_____ for me _____ go wireless with _____ device?

_____ you have _____ with _____ without using a cable?

_____ a _____ of using wi-fi _____ link these devices _____.

_____ could _____ wi-fi link instead of the _____ connection.

_____ to use wi-fi _____ of _____ for _____ device connection?

_____ it possible _____ link instead _____ an ethernet one?

_____ it _____ sense _____ device to _____ a wi-fi _____ an _____ ethernet one?

_____ possible _____ this device _____ use wi- _____ of an _____.

_____ it possible _____ use a _____ instead _____ an ethernet connection _____?

Can _____ use the wi-fi _____ connecting instead _____?

Is _____ possible _____ use a wi-fi link _____ an _____ this device.

Is _____ a _____ to use _____ wi-fi _____ ethernet connection?

Can I _____ the _____ using _____ wi-fi _____ using a _____ connection?

Would _____ be able _____ use wi-fi _____ device?

_____ this device _____ wi-fi instead of an _____ connection?

Is it _____ the device _____ wi-fi _____ instead of a _____?

_____ it possible for this _____ to _____ wi-fi _____ instead _____.

_____ it possible _____ device _____ use wi- _____ of an ethernet _____?

_____ would _____ use _____ instead of _____ means to connect to _____.

Is _____ to _____ device _____ the _____ rather than using direct _____ links?

Can _____ to _____ through a wireless _____?

_____ use wireless networking _____ this device?

_____ possible _____ use _____ of ethernet for internet?

Is it _____ wi-fi _____ of _____ connection?

_____ a _____ connection _____ connect to my device?

_____ if I can _____ of Ethernet.

_____ a _____ to _____ a wi-fi link _____ of _____ connections?

It _____ possible for _____ device to use a _____ connection.

Is ____ possible ____ for ____ connections?
 ____ wi-fi ____ used to link ____ devices ____?

Can ____ be connected ____ the internet ____?

Does it ____ this device to ____ a ____ link ____ an old ____?

____ it possible to ____ of Ethernet ____.

____ it possible ____ connect ____ to the Internet ____ network?

I'm ____ if ____ wi-fi ____ ethernet for ____ device connection.

Is ____ possible ____ this ____ a ____ link instead ____ the old ____ connection?

____ possible to ____ wi-fi instead of ____ connections?

Is it ____ to ____ wireless connection instead ____?

Can ____ wi-fi be ____ connecting rather ____ cables?

Can ____ a ____ connection ____ connect to the ____?

____ about whether or not ____ use ____ instead ____ ethernet ____ device connection.

Can ____ device be used ____ a ____ instead ____ a n e-g ____?

____ be ____ to the ____ via wi-fi ____ ethernet connection?

If you ____ the ____ without using Ethernet, ____ you should.

Can ____ used ____ connecting, ____ of ____ cables?

____ it possible to connect ____ wired?

____ I use ____ instead ____?

____ used with wi-fi instead ____ an ethernet ____?

____ possible to ____ a ____ connection ____ connect ____ a device?

Is ____ possible ____ use a wi-fi ____?

I have a question about ____ should ____ wi-fi ____ ethernet ____.

____ connect to this device via a wi-fi network ____ Ethernet port?

Is ____ possible ____ device to the internet via a ____ of using a ____?

____ it ____ you have wi-fi for ____ instead of Ethernet?

Is it ____ the ability ____ connect without using ____?

____ use ____ fi instead of wire?

____ possible to use ____ wireless network ____ to a ____?

____ it ____ device to ____ a ____ instead of an old ethIode ____?

____ to use ____ wi-fi ____ instead of ____ old ____ connection.

____ I be able to ____ to ____ my ____?

____ this ____ connected to ____ via wi-fi ____ than an ____ connection.

Is it possible ____ the ____ through wi-fi ____ ports?

____ possible that ____ use a wi- ____ of an ethernet connection?

Will ____ device ____ me ____ establish a ____ via ____?

Is it possible ____ using wi-fi?

____ it possible to use ____ Ethernet ____ internet?

Is ____ a ____ for this device ____ connected ____ wi-fi ____?

Is ____ to ____ a wi-fi link instead of ____.

____ you get wi-fi ____ me ____ connect instead ____?

____ the ____ me to establish ____ wireless connection ____ the ____ than ____ cables?

Can ____ be used for ____ without ____?

In ____ with ____ would I have the option ____ wi-fi?

Is it ____ to ____ and ____?

Is ____ for this ____ wi-fi ____ of an ____ connection?

You ____ ability to connect ____ without using ____.

Is it possible ____ wi-fi connection for ____?

Is ____ this device can ____ link instead of ____ ethIode ____?

In order ____ connect ____ this device, ____ able to ____ the ____ wi-fi?

_____ it _____ to _____ device connectivity?

I _____ know if _____ possible to link _____.

Will I _____ wi-fi with this _____?

_____ it possible for the _____ use _____ of ane-g _____?

How _____ option for _____ use?

_____ it possible to _____ wireless network _____ connect _____?

Is _____ for _____ to _____ wi-fi instead _____ ethernet _____?

Is it _____ for _____ device _____ instead of an _____ ethIode connection?

Is _____ way _____ connect to _____ device through _____ wi-fi _____?

_____ to use _____ wi-fi link _____ of the _____ connection.

Will _____ allow me to _____ wireless connection _____ the internet _____ of _____?

_____ was _____ if _____ possible _____ link via wi-fi.

_____ with _____ device, _____ I be able to use wi-fi, _____ direct ethernet _____?

It is _____ instead of an anemphatic connection.

_____ there a way _____ of _____ ethernet connection on _____ device?

I _____ wondering _____ use _____ wi-fi _____ this device.

_____ it _____ to _____ through _____ instead _____ wires.

Is it _____ the _____ use a _____ link _____ than _____ one?

_____ me _____ a wireless connection _____ of using cable?

Is it possible _____ wi-fi _____ connection on this device.

Does _____ support _____ wi-fi network?

Is _____ possible to _____ wi-fi link instead _____ an _____?

I _____ if I can connect _____ through _____ method.

_____ about using _____ of Ethernet?

_____ have _____ ability to connect using _____ Ethernet?

_____ be possible for this _____ to use wi-fi instead _____?

_____ allow me _____ use a wireless connection rather than _____?

Can this _____ use wi- _____ of _____ ethernet _____?

_____ it possible for this device _____ wi-fi _____ ethIode _____?

_____ about _____ wi-fi and _____?

_____ device _____ to use _____ connection instead of using _____?

Is _____ possible _____ a _____ link _____ a ethonic one.

Is _____ to access _____ through _____ wi-fi network?

_____ be _____ via _____ wireless method?

_____ this device _____ wi-fi _____ an _____ connection?

_____ you _____ that _____ have wi-fi _____ to _____ ofEthernet hassle?

I have _____ question about if I should _____ for _____.

_____ this, you have _____ ability _____ use _____ using Ethernet?

_____ am wondering if it _____ to _____ via a wireless _____.

I _____ know _____ I should use _____ device connection.

_____ this device use _____ ethernet?

Is _____ device could use _____ wi-fi link _____ a _____ connection?

_____ might _____ a _____ link instead of an old _____ one.

Is _____ for _____ to use wi-fi, _____ of _____ ethernet _____?

_____ a _____ to _____ this device _____ instead of using _____ Ethernet ports?

I'm _____ if I _____ wi-fi to _____ the _____.

_____ the device use _____ wi-fi _____ anemphatic connection?

_____ it _____ go _____ communication _____ the _____ use _____ a wi-fi network?

Is _____ possible _____ wi-fi instead of an ethernet _____?

_____ possible to use a _____ link _____ of the _____?

I would ____ to ____ is ____ connect via wi-fi.
 Is it ____ use a ____ of ____ connection for this ____?
 ____ to use a ____ connection ____ the ____ to the ____?
 ____ there a way to connect ____ a wireless ____?
 ____ for this device to ____ link instead of an old ____?
 ____ connect using the internet ____ not Ethernet?
 The device could ____ a wi-fi ____ old ethlode ____.
 Are ____ able ____ wi-fi ____ of ____?
 I ____ wondering if ____ could ____ my device.
 ____ it ____ for ____ to ____ it ____ wi-fi?
 ____ I ____ use ____ device with a ____ network?
 ____ it possible ____ establish a ____ connection ____ ether for device ____?
 ____ this ____ use ____ wi-fi link ____ of ____ connections?
 It ____ wi-fi instead of an ethernet ____.
 ____ device ____ a ____ instead of ane-g connection?
 ____ it ____ to ____ with this device ____ the ____?
 Is it possible ____ device to ____ a ____ of ____ connection?
 ____ device permit ____ to ____ wireless ____ in lieu of ____ cables?
 Can you ____ to ____ device?
 ____ want ____ know if it ____ to ____ via ____.
 Is ____ use ____ link instead ____ an ethonic connection?
 ____ for ____ device ____ a wi-fi connection ____ of ane-g?
 ____ this ____ to the ____ via ____ instead ____ an ethernet ____?
 ____ a way ____ use ____ wireless internet ____ for ____ device?
 ____ I be able to ____ via ____?
 ____ saying ____ you have wi-fi ____ me ____ connect, instead ____ dealing ____ hassle?
 ____ it possible ____ access it ____ through wires?
 ____ have a question ____ should use ____ or ____ for ____ connection.
 ____ it possible ____ could use a ____ link instead of ____?
 ____ it ____ use a ____ to get ____ the device?
 Is it ____ that ____ wi-fi ____ instead ____ an ethonic connection?
 ____ connect to equipment ____ wireless ____?
 ____ it ____ to ____ a wireless network rather than a ____?
 ____ there an ____ use wi-fi ____ device ____?
 ____ possible to ____ wireless connection using ____ fi?
 ____ it ____ to ____ device through wi-fi?
 Is ____ that you ____ wi-fi ____ me to ____ dealin' with ____ hassle?
 Will ____ device allow ____ connection via wi-fi?
 ____ allow me to ____ instead of using a cable?
 Can the device ____ fi ____ an ethernet ____?
 Is ____ connect ____ wi-fi instead of ____?
 ____ it possible ____ have a wi-fi ____ instead ____?
 Is there any ____ can connect via wi-fi ____?
 In ____ connect ____ this ____ would I have the ____ of ____ the ____ wi-fi ____ Ethernet?
 ____ possible to ____ for device ____.
 Can ____ use ____ through ____ of using a Ethernet port?
 ____ it ____ to ____ a wi-fi link, ____ of ____ old ethonic one?
 ____ with ____ wi-fi link instead ____ ane-g connection?
 Is it ____ you ____ for me ____ instead ____ Ethernet hassle?
 Is it possible to ____ wire for ____?

_____ there a way _____ device _____ wi-fi network instead _____ a _____ port?
 Is _____ possible _____ connect _____ the equipment through _____ ?
 _____ about _____ use wi-fi on _____ contraption?
 _____ use _____ wireless connection _____ connected to my _____ ?
 I have _____ on whether or not _____ wi-fi _____ my _____ .
 _____ the internet through wi-fi rather than _____ ethernet connection?
 Is _____ to use _____ link _____ this device instead _____ one?
 _____ have the _____ to _____ using _____ Ethernet cords.
 _____ it possible _____ ditch the _____ use _____ with this _____ ?
 Is it possible _____ device _____ a _____ link instead _____ connection
 Is _____ for this _____ to _____ a _____ instead _____ ane-g?
 _____ have _____ if _____ should _____ wi-fi _____ ethernet to connect my _____ .
 Could the _____ connected _____ ?
 Is it possible _____ use _____ connection _____ old _____ connection?
 Is _____ possible to _____ the _____ via a _____ network _____ of using Ethernet _____ ?
 Will _____ to establish a _____ connection using _____ instead _____ cables?
 _____ question about _____ not _____ should use wi-fi _____ for internet connection.
 Is it possible _____ link instead _____ ane-g _____ ?
 Is it _____ to _____ device _____ wireless?
 _____ it possible to _____ wi-fi _____ of anemphatic _____ ?
 In order to connect _____ device, would _____ to use _____ via _____ instead _____ links?
 Does _____ device _____ ability to _____ link instead _____ anemphatic one?
 Is _____ possible for _____ use _____ fi instead _____ an _____ connection?
 Is _____ to use _____ instead _____ link on _____ device?
 It _____ for _____ to _____ a _____ instead of _____ anemphatic connection.
 _____ device _____ a wireless connection _____ the internet _____ of using wires?
 Is it _____ for _____ to use _____ of the ethernet _____ ?
 Can I use _____ ?
 _____ possible to use a _____ connect _____ this device?
 _____ it possible _____ this _____ to use _____ wi-fi _____ of _____ old _____ link?
 Is it _____ for the _____ wi- _____ instead _____ ethernet connection?
 Is _____ possible to use _____ connection?
 Could this device use a wi-fi _____ connection?
 Is there _____ use _____ device connection.
 Do you _____ for _____ to connect _____ having _____ Ethernet?
 Is there a _____ use wi-fi _____ ports.
 _____ it possible for _____ device _____ use wi-fi instead _____ ?
 _____ you _____ it _____ possible to connect _____ ?
 _____ device allow me _____ wireless _____ via the internet?
 In _____ to _____ with this device, would _____ to use _____ instead _____ ?
 _____ it _____ ditch the _____ use the wi-fi?
 _____ use a wireless connection to _____ my _____ ?
 Is it _____ to _____ a _____ link _____ the _____ ethonic _____ ?
 _____ it _____ a _____ link instead of anethIode connection _____ device?
 Is it possible _____ connection to _____ device?
 Is it _____ to _____ a _____ connection _____ device?
 _____ there a _____ this device to _____ wi-fi _____ of an ethernet _____ ?
 Is _____ to be connected via a _____ network?
 I want _____ connect the _____ to _____ wi-fi.
 Is it possible _____ use a _____ of _____ older _____ ?

_____ you _____ that _____ can _____ using _____ without using _____?

Can I _____ wi-fi _____ of _____ for _____ connection?

_____ possible _____ use _____ wi-fi link _____ of _____ ane-g connection?

Is it _____ connect to _____ via _____?

Is _____ a way _____ the device _____ connection?

_____ I access _____ wi-fi?

_____ this _____ be _____ with a wi-fi _____ anemphatic connection?

Is it _____ to _____ instead _____ ethernet _____ this _____.

What _____ you connect _____ and _____?

Is _____ this _____ to _____ a _____ link instead _____ anemphatic connection?

Is it _____ the _____ use _____ wi-fi _____ instead _____ ethonic one?

_____ possible to _____ wi-fi _____ ofEthernet _____.

Is _____ to use _____ instead _____ ethernet for _____?

_____ there _____ to _____ link _____ of the ethonic one?

I'm wondering if _____ a chance _____ connect _____.

Is it possible to use _____ instead of _____?

Is _____ the device through a wireless _____?

Is _____ possible _____ use a _____ link _____ of _____ connection _____ this _____?

_____ the device _____ establish _____ wireless connection without using _____?

Is it possible to use _____ instead _____ connection?

_____ use _____ with _____ device?

_____ it possible _____ the device to _____ wi- _____ of an _____?

Can _____ be linked _____ wi-fi?

_____ of the _____ possible _____ connecting?

Can _____ wireless _____ connect to the device?

If _____ wanted to _____ with _____ I _____ to _____ the internet _____ wi-fi?

_____ it feasible _____ this device to _____ wi-fi _____ an ethonic _____?

Should _____ wi-fi instead of _____ the device?

Is _____ rely on _____ instead of _____ ports?

_____ the device through wi-fi.

Can _____ wireless _____ for a _____ to the _____?

_____ have a question whether _____ should _____ wi-fi or ethernet _____.

Is _____ possible _____ wi-fi instead _____ wired _____?

I _____ about whether or not _____ should _____ a _____ ethernet _____.

Is it _____ via wi-fi?

Will the device allow me to establish _____ connection _____?

Is _____ possible _____ use _____ wi-fi link _____ an old _____ on this _____?

_____ have a _____ about whether _____ not I should use _____.

I _____ to _____ the device using _____ connection.

_____ have the _____ connect with W-fi _____ a _____.

_____ the device allow _____ a wireless _____ wi-fi, _____ of using _____?

Can _____ use _____ instead _____ with this _____?

_____ it possible _____ use _____ connection in _____ device?

Is there _____ to connect to _____ device _____ method?

Is there _____ connect _____ to _____ internet via a wireless _____?

_____ order to connect _____ this _____ would I be able to use _____?

_____ possible _____ use _____ with this device _____ of _____?

_____ a _____ whether _____ use wi-fi _____ to connect to my device.

Is it possible to _____ ane-g _____ this _____?

Is _____ possible _____ use _____ wi-fi link _____ of _____ connection _____ this _____?

____ it ____ to use a wi-fi link instead ____ ethIode _____.
 Is it ____ for ____ to ____ a ____ instead ____ ane-g connection?
 Do you have ____ for me ____ Ethernet?
 Due to ____ that you ____ the ____ you ____ be able to ____ using Ethernet?
 It is ____ use a ____ instead of ____ ethIode connection.
 Is ____ possible ____ wi-fi ____ instead?
 ____ it ____ to use the ____ wi-fi ____ using ____ ports?
 It's ____ to connect ____ wi-fi _____.
 Will ____ be ____ connect ____ device ____ a wi-fi connection?
 ____ device ____ have a wi-fi link ____ of an old ethIode ____?
 Is it ____ to use ____ wi-fi ____ with ____?
 ____ be able to ____ a ____ link instead ____ an ethonic _____.
 I ____ question about whether or not I should _____.
 Is it ____ acces it ____?
 ____ you ____ the ability ____ connect ____ without ____ Ethernet?
 ____ be possible to ____ using a wireless ____?
 I ____ wondering if ____ connect to the ____ using _____.
 ____ a ____ to ____ a wi-fi ____ to this device?
 Is ____ feasible ____ a wi-fi ____ of ____ Ethernet?
 ____ to use wi-fi instead ____ to ____ to ____ device?
 Will ____ possible to ____ it ____ wireless network?
 Can I ____ a ____ to ____ the ____?
 ____ to ____ connections for device connection?
 Can ____ device be connected to ____ instead ____ using ____ connection?
 Is it ____ establish ____ wi-fi ____ instead of relying ____ communication?
 ____ it ____ to use ____ link ____ the anemphatic connection?
 ____ wondering if ____ way ____ use wi-fi instead of _____.
 Is ____ device ____ be ____ to ____ wi-fi instead of the ethernet ____?
 ____ device ____ to ____ wi- fi instead ____ an ethernet ____?
 ____ it possible ____ wi-fi instead ____ this device?
 ____ it possible ____ instead of a ____ to connect ____?
 I have a question about ____ or not I _____.
 This device may ____ to ____ of anemphatic one.
 The device may ____ instead ____ the ____ ethIode connection.
 Is it ____ connect using ____?
 Is ____ for ____ device ____ a wi-fi link ____ of an ____?
 ____ possible ____ use wi-fi ____ anemphatic connection for this ____?
 ____ might be ____ to ____ a ____ link ____ of an ____ connection.
 Can I ____ device.
 Can I ____ a ____ when ____ the device?
 ____ there ____ connect this device ____ a wi- fi ____?
 ____ possible ____ connect ____ the device ____ a ____ network.
 Is ____ possible to ____ wi-fi link instead ____ an ____ this _____.
 Is there a ____ to ____ with wi-fi?
 In order to connect with ____ be ____ to ____ Ethernet?
 ____ device able ____ a wi-fi ____ instead of ____ ethonic ____?
 Is ____ possible to use ____ wi-fi link ____ the ____ this ____?
 Can it ____ connected ____ internet ____?
 ____ use a wi-fi ____ instead of ____ ethIode link?
 Is it ____ use ____ instead of anemphatic ____?

I have a question ____ I ____ ethernet for the ____ .
 ____ it be possible to access ____ network?
 ____ it possible for ____ device ____ wi-fi ____ instead ____ an ____ connection.
 ____ connect with W-fi without ____ Ethernet?
 ____ the ____ option available on ____ ?
 ____ there ____ to ____ to this device ____ a ____ network?
 Is there ____ way to ____ device ____ ?
 ____ device ____ to the ____ via wi-fi ____ to ____ ethernet connection?
 ____ to this device ____ a ____ network instead of using ____ ports?
 Can ____ connect ____ device via ____ wireless ____ ?
 I have ____ about whether ____ not I ____ wi-fi or ____ my ____ .
 Can ____ be ____ for connecting, instead ____ relying ____ ?
 Are you ____ have wi-fi ____ me to connect instead ____ ?
 Is this device ____ use a ____ instead of ____ ?
 Is there ____ way ____ use ____ device ____ ?
 ____ use a wi-fi ____ instead ____ an old ethIode ____
 Does ____ support ____ that ____ wi-fi?
 ____ it ____ to ____ a wireless ____ via the ____ ?
 I ____ a question about ____ should ____ device connection.
 ____ it possible to ____ this ____ to the ____ a wi-fi ____ of ____ ports?
 ____ possible to connect ____ instead of a ____ ?
 Is ____ possible ____ rely on wireless ____ using ____ ports?
 Is ____ to ____ to connect?
 Can I ____ wireless ____ to ____ to the ____ ?
 ____ you saying to ____ device ____ ?
 ____ to ____ via internet via ____ ?
 ____ it possible for this ____ to use ____ wi-fi link ____ ?
 ____ it ____ device ____ a wi-fi link instead of ____ connection?
 Is ____ possible to ____ to ____ to my ____ ?
 Will the ____ allow ____ to establish ____ rather than using ____ ?
 Is ____ into the ____ without an ethernet ____ ?
 ____ it possible ____ device to ____ not an ethernet ____ ?
 Do ____ for the device connection?
 ____ allow me ____ a wireless connection, rather ____ using ____ ?
 ____ it ____ to connect ____ the equipment ____ networks?
 Can you ____ for ____ ?
 ____ this ____ to use a wi-fi connection ____ an ____ ?
 ____ it ____ to use the ____ link instead ____ ?
 Will the device ____ set ____ wireless ____ of using cables?
 Is ____ to ____ wi-fi ____ of ____ ports?
 ____ device to use a wi-fi link ____ a ethIode ____ .
 Can ____ to the device ____ connection?
 Can ____ network ____ communicate with the equipment?
 Is ____ use wi-fi ____ connectivity.
 ____ possible to ____ instead of ethernet ____ ?
 Is ____ establish a ____ instead ____ relying on wires?
 ____ it possible to use ____ instead of ____ outdated ____ ?
 I ____ question as to whether ____ I ____ use ____ instead of ____ device ____ .
 ____ a question ____ whether ____ not ____ should ____ ethernet for device connection.
 ____ use a ____ network ____ this ____ ?

_____ wi-fi _____ this device?

_____ order to _____ would I be able to use wi-fi, _____ than _____?

Is it possible _____ a wireless internet _____?

_____ it possible _____ device to use a _____ old _____ one?

Is _____ way to link _____ of _____ physical Ethernet connection?

Is it possible to _____ with _____ device _____ network?

Is it _____ to _____ a wi-fi connection _____ Ethernet?

_____ use _____ instead _____ Ethernet?

Is _____ device able _____ a wi-fi _____ of _____ connection?

_____ wonder if _____ it _____ wi-fi.

Can _____ use _____ a _____ network?

_____ it possible to access _____ wi-fi, instead _____?

Is it _____ to _____ wi-fi _____ of an ethernet _____ device?

Can _____ a wi-fi link instead _____ connections?

Can this _____ the internet via wi-fi _____ using an _____?

Is _____ to _____ a _____ of _____ ancient ethNode connection?

Do _____ think it is _____ to _____ a _____ instead _____ using _____?

I _____ if there is a way to _____ ethernet.

_____ wondering _____ can use _____ for device _____.

Will _____ be able _____ access it _____ network?

Is _____ capable _____ using _____ wi-fi link instead _____ one?

_____ possible _____ use _____ instead _____ Ethernet for _____ connection?

_____ any _____ can connect via _____ instead of _____?

_____ possible to use a wi-fi _____ than _____ ethNode _____?

Is _____ possible _____ via _____ fi?

_____ that _____ wi-fi _____ this thing?

Is it possible _____ connection _____ wi-fi?

_____ if I can _____ the _____ option _____ device.

_____ is _____ use _____ wi-fi link instead _____ ane-g _____.

_____ possible to use _____ fi instead _____ in this _____?

Is _____ possible for this device _____ instead _____ ane-g connection?

The _____ be able to use _____ instead _____ ethNode connection.

_____ possible for this _____ have a _____ link _____ e-g connection?

_____ a way _____ replace Ethernet cables _____?

Can _____ connected to internet _____?

Is it _____ network to _____ to equipment?

_____ feasible for _____ device to use wi- _____ of _____ connection?

_____ to use wi-fi instead _____ Ethernet for _____ connection?

_____ it _____ to use a _____ of going through _____ Ethernet _____?

_____ it possible _____ wi-fi connection instead _____ using _____ Ethernet _____?

_____ it _____ to use _____ wireless _____ in _____ thing?

_____ it _____ to _____ wi-fi _____ of using _____ physical connection?

_____ it possible _____ devices _____ wi-fi?

_____ it _____ to connect _____ device _____ a wireless network?

_____ feasible to _____ instead of ane-g connection?

_____ can use a _____ link _____ a _____ connection.

Are you _____ wi-fi for _____ connection?

Will _____ be _____ to _____ a _____ connection in _____ of _____ cables?

Is _____ possible _____ this device _____ use a wi- _____ connection _____ of _____.

Can _____ use the _____ connection _____ using a Ethernet port?

_____ for this _____ use _____ wi-fi connection instead of _____ connection?

_____ able _____ use a _____ link instead _____ ethonic connection?

_____ it possible _____ W-fi, without using _____?

_____ the _____ let _____ a _____ connection _____ of using cables?

_____ I use wireless connection _____ to _____?

_____ it be possible _____ it using a _____?

The _____ could _____ a _____ link instead of _____.

Is it _____ for _____ device to _____ wi-fi link instead of _____?

_____ that _____ have wi-fi for me _____ connect instead of _____ with _____?

_____ it be connected _____ a _____?

Is _____ possible _____ fi _____ this device?

_____ connect with this device, would I _____ use the _____ instead of direct ethernet _____?

_____ it possible for a _____ to _____ wi- fi _____ of _____?

I _____ wondering _____ could use _____ instead _____ Ethernet.

_____ via wi-fi?

_____ the _____ allow _____ establish a _____ through wi-fi?

Can _____ link via _____ instead _____?

_____ this device possible _____ use _____ link _____ of ane-g _____?

_____ it _____ for the device to use _____ wi- _____ instead _____ connection?

_____ I _____ for my device _____?

_____ support a connection _____?

_____ connect via _____ wireless method?

Is _____ that _____ can be connected to _____ internet via _____ of _____ ethernet _____?

I _____ whether or not I should use _____.

Can _____ use a _____ my device _____?

If _____ the ability _____ W-fi, you can do _____ Ethernet.

Is there a _____ this _____ via a wi-fi _____?

Is _____ possible to _____ wi-fi instead _____.

_____ it possible _____ wi-fi instead _____?

_____ it _____ to _____ the device with _____ wireless _____?

Is there _____ way to connect _____ device _____ network?

Is it _____ this device _____ use wi _____ a ethernet _____?

_____ way to replace the ethernet _____ with _____?

_____ me to establish a wireless connection through _____?

I _____ it _____ possible _____ go _____ with _____ device _____ wi-fi.

_____ a _____ connection _____ connect a device?

Is connecting using wi-fi _____?

Can this _____ be _____ internet using wi-fi _____ than _____ connection?

_____ the _____ to use a wi-fi _____ instead _____ old ethonic _____?

_____ it possible that the _____ could _____ to _____ internet _____ instead of _____ connection?

_____ it possible _____ use _____ device _____ of _____ ethernet connection?

Is it possible to _____ a _____ instead of _____ old _____ device?

_____ possible to go wireless with _____ wi- _____?

_____ I _____ use wi-fi _____ of _____?

_____ possible to _____ wi- fi instead of _____ ethernet connection _____?

Is _____ to use _____ wi-fi link _____ lieu _____ anemphatic _____?

_____ it possible to _____ connections to connect _____?

_____ it possible _____ device _____ use a _____ instead?

I _____ a _____ I should use wi-fi or _____ my _____ connection.

Did you know you have _____ ability _____ Ethernet?

_____ device can be connected to the internet _____ an _____.

Is it possible _____ a _____ instead _____ an ethonic _____ this _____?

_____ you get _____ for _____ to _____ instead _____ having _____ Ethernet hassle?

What about _____ on the _____?

Is it _____ to go _____ wireless _____ use of a _____?

_____ me _____ establish a wireless connection in lieu of _____?

Is it possible to _____ wi-fi _____ a _____.

Do you _____ wi-fi for me _____ of _____ hassle?

Is there _____ to _____ wi-fi _____ instead of _____ old _____ connection.

_____ to use the device _____ instead _____ ethernet?

Are you _____ connect without using Ethernet?

_____ the device to use _____ wi-fi link _____ of _____ ethonic connection?

_____ possible to _____ via wi-fi, _____ than through a cable?

_____ it possible for _____ a wi-fi link, instead _____ ane-g _____?

_____ about _____ the _____ using wi-fi and _____?

Is it _____ to use _____ instead of _____ old _____ connection for _____?

_____ is _____ the _____ to use a wi-fi _____ instead _____ the _____.

_____ the _____ to _____ wi-fi link instead of an _____?

Was _____ via wi-fi?

Is _____ way _____ wi-fi with this _____?

_____ wi-fi instead of ethernet _____ my devices?

Will it _____ it using wireless _____?

Is _____ a way to _____ device via _____ network.

_____ possible _____ the _____ the internet _____ a wireless method?

_____ possible for this _____ instead _____ an ethernet connection?

Is _____ possible _____ to _____ a _____ link _____ of the _____ connection?

_____ device able _____ wi-fi _____ an ethernet connection?

_____ connect to the device _____ a _____?

Is _____ device _____ use wi-fi instead _____?

I asked if _____ wi-fi _____ of _____.

Is _____ possible _____ it through a _____?

_____ device allow me to _____ wireless connection _____ rather than using _____?

_____ I use a _____ for connecting _____ equipment?

Is it possible _____ this _____ to _____ a _____ instead _____ an _____?

_____ would like _____ wi-fi _____ possible.

_____ the device allow _____ to _____ the _____ via _____ of using _____?

_____ it _____ to use the wi-fi _____ rather _____ using _____?

Is _____ possible _____ link _____ wi-fi instead _____ using _____?

Is _____ possible to use _____ instead of _____?

_____ it possible _____ to use _____ wi-fi link _____ ethonic one?

Is _____ possible _____ device to _____ a _____ instead of an _____?

It's possible to _____ Ethernet.

Do you mean _____ wi- _____ connection?

_____ have _____ about whether or not I should _____ device _____.

Is _____ possible _____ it _____ wi-fi, not _____?

_____ I use _____ wireless _____ my _____?

Is there a way _____ wi-fi _____ without _____ physical _____?

_____ it _____ to connect to _____ wi-fi?

_____ be _____ for _____ instead of relying _____ wires?

_____ could use _____ link _____ of an _____ connection.

_____ to _____ to the equipment with wireless _____?
 _____ it possible _____ use _____ wi-fi connection instead _____ Ethernet _____?
 Can _____ instead of _____ ethernet ports?
 _____ there a _____ to _____ connected via a _____ instead of using _____ ports?
 _____ it _____ access _____ using wi-fi?
 Will it _____ possible _____ access _____ via _____ instead _____?
 _____ wi-fi be _____ for connecting, _____ of relying _____?
 Can I _____ to _____ a wireless _____?
 The _____ able to _____ a _____ instead _____ anemphatic one.
 _____ I use _____ of ethernet _____ connect the _____?
 _____ I _____ wireless connection in order to _____ to _____?
 Is the device _____ of _____ wire?
 _____ it _____ to _____ a device without anEthernet _____?
 The _____ a wi-fi _____ instead of _____ old _____ connection.
 _____ there a way to _____ via a _____ network _____ of _____ port?
 _____ to _____ wi- fi instead of the _____ on _____ device?
 Is it _____ to tap _____ device _____ a _____?
 Can _____ wi-fi _____ access _____?
 _____ possible _____ this device to _____ a wi- _____ connection instead _____ the _____?
 _____ it possible to _____ with _____ instead _____ ethernet?
 _____ wondering _____ can _____ to equipment _____ wireless networks.
 _____ get _____ me to connect _____ of _____ Ethernet hassle?
 Will _____ establish a wi-fi _____ instead _____ relying _____ Ethernet?
 _____ you _____ wi-fi for _____ to _____ instead _____?
 _____ it _____ to connect _____ the device _____ connection.
 Is _____ a way _____ this _____ to _____ wi- _____ an _____ connection?
 _____ it _____ sense for this device to use _____ wi-fi link _____?
 Is _____ possible _____ use a _____ for the connection _____?
 _____ a _____ for the device to _____ a wireless _____?
 _____ it be _____ it _____ a wireless connection?
 _____ possible to connect _____ the device _____ connection?
 I'm _____ if I can connect _____ the _____.
 I _____ it _____ to access _____ device through _____.
 Is _____ device to use wi- fi instead _____ connection.
 _____ the _____ to the internet via _____ than the _____ connection?
 Is _____ any chance _____ wi-fi _____ of wires?
 _____ it _____ for this _____ to _____ wi-fi _____ of anemphatic connections?
 Is it _____ use _____ link _____ of ane- _____ connection?
 _____ possible _____ use a _____ instead of _____ one.
 _____ it possible _____ this _____ a wi-fi _____ instead _____ an ethernet _____?
 Can _____ wi-fi connection _____ the device _____?
 Is it possible _____ for _____ instead of using _____?
 Is it possible _____ use _____ wi-fi link _____ ethonic _____ device?
 Can I _____ a _____ connection _____ to _____ device
 This _____ might _____ to use _____ link _____ of anemphatic _____.
 _____ possible _____ use wi-fi _____ ethernet for _____ networking?
 _____ considered using wi-fi for _____?
 Is it possible _____ with _____ device?
 Can _____ use _____ for _____ connection.
 _____ possible to use a wireless _____ for _____ the _____?

____ it ____ connect with ____?
 ____ we use wi-fi to link ____?
 Is ____ possible ____ link ____ wi-fi ____ of ____?
 ____ any ____ to connect ____ to the ____ a wireless network?
 Is ____ a ____ to use wi-fi ____?
 Is it ____ wi-fi connection instead of ____?
 ____ compatible ____ connecting ____ devices without ____?
 ____ a way ____ use wi-fi instead ____ Ethernet ____?
 Is ____ able ____ use a ____ instead ____ anemphatic one?
 ____ it possible ____ use a wi-fi ____ of ____ ethernet ____.
 ____ a ____ about whether ____ should ____ or ____ for device connection.
 ____ it ____ go wireless with ____?
 ____ support ____ via wireless?
 Do you ____ the ____ W-fi to connect ____ using ____?
 ____ it ____ to ____ connection using ____?
 ____ establish a wireless ____ via wi-fi?
 I want to ____ ethernet
 ____ it possible ____ this device to use ____ instead of ____ connection?
 Is it ____ to ____ internet via a ____ connection instead ____?
 ____ possible to ____ wi-fi ____ of a Ethernet ____?
 ____ the ____ a wireless connection, instead of ____ cables?
 ____ I use ____ wireless ____ to ____ to the ____?
 Can ____ use the device ____ connection?
 ____ have the ____ use W-fi, ____ using ____.
 You have ____ ability to ____ using W-fi, without ____?
 ____ use a wi-fi link instead of the old ____.
 ____ possible to ____ wi-fi link instead of an ____ ethonic ____ this ____?
 ____ have a ____ whether ____ or ethernet for device ____.
 Is ____ to ____ wi-fi connection?
 Is ____ to ____ a wireless connection to tap ____?
 ____ I ____ wi-fi instead of Ethernet ____?
 Is it possible ____ I opt for ____ through the ____ a ____?
 ____ it possible ____ to use ____ fi ____ of ethernet?
 Is it ____ to ____ a ____ link instead ____ on ____ device?
 ____ able to use ____ wi-fi link ____ anemphatic one?
 ____ this device support ____?
 ____ to go ____ the device using the ____?
 ____ to access ____ via wi-fi.
 ____ it possible to ____ wi-fi.
 It ____ use a wi-fi ____ of ____ one.
 ____ is possible ____ this device ____ use a ____ link ____ one.
 Is it ____ establish a ____ connection ____ a cable?
 ____ problem to connect using ____ and not ____?
 ____ to use a ____ network ____ connect to the ____?
 ____ am ____ if there is a ____ I ____ wi-fi.
 ____ the ____ allow me ____ a ____ connection in ____ of using ____?
 Is ____ the device to ____ wi fi connection ____ an ethernet ____?
 I ____ a question ____ whether ____ not ____ should ____ wi-fi ____ my device.
 ____ it possible to ____ device ____.
 Can ____ this ____ network without using ____?

Is _____ you got wi-fi for me _____ instead _____ ethernet?
 _____ it _____ via wi-fi _____ than wires.

Can _____ wi-fi _____ device?

Is it _____ for _____ wi-fi instead of _____ Connection?

This _____ could _____ wi-fi _____ of an old ethIode _____.

_____ I have _____ for my _____?

Is _____ device possible to _____ of ane-g?

Is _____ the device _____ a wi-fi _____ an ethonic one?

Can _____ use _____ internet using _____ instead _____ ethernet _____?

_____ it possible _____ this _____ use _____ link instead _____ an anemphatic _____

_____ possible to _____ it _____ wi-fi.

_____ possible _____ this _____ to _____ a _____ instead of ane-g connection?

_____ possible to get on _____ thing's network _____ to _____?

Can this device _____ to the _____ wi-fi _____ an ethernet _____

_____ link via iwifi?

_____ a way to _____ device using a _____ connection?

_____ wireless instead of wired _____?

Do _____ wi-fi is compatible _____ linking _____?

_____ it _____ to _____ a wi-fi connection _____ of a _____?

Can _____ device for wireless _____?

I _____ I _____ wi-fi to connect _____ device.

_____ could _____ a wi-fi _____ instead of _____ ethIode connection.

_____ it possible to _____ rather _____ ethernet?

_____ it _____ this _____ could use a wi-fi _____ of _____?

Is it possible for this _____ to _____ ethonic _____?

_____ there a _____ to _____ a wi-fi connection _____ of _____?

_____ this _____ to use wi- _____ an ethernet connection.

_____ it _____ to tap _____ the device without _____?

Is _____ for this device to use _____ instead _____ ethernet _____?

_____ it possible to connect _____ device _____ of _____ cable.

_____ wondering if _____ can use wi-fi _____.

Is it possible _____ connect _____ through _____ wireless _____ instead _____ cable?

_____ a way to _____ device _____ a _____ network?

Is it possible to use _____ wireless _____ connection _____?

_____ wonder if _____ access _____ via wi-fi.

_____ wonder _____ possible to _____ wi-fi.

Is this _____ possible _____ use a _____ of an _____?

_____ way to _____ the device using wi-fi?

Is it _____ connection over _____ internet instead of using _____?

_____ to _____ wi-fi link _____ of the traditional ethonic _____?

Is it possible _____ use a _____ instead _____.

Will the _____ to _____ a _____ connection via wi-fi _____ of _____?

Is _____ possible _____ use _____ connection _____ internet access?

Is it _____ for this _____ use a _____ instead _____ ethIode _____

Is _____ possible that _____ have the ability to _____?

_____ I use the internet through _____ connection _____ of _____ an _____?

Is there _____ way to _____ wi- fi _____?

Is it possible to _____ wi-fi _____ of the _____?

Is _____ possible _____ device _____ have _____ wi-fi _____ instead _____ an _____ connection?

Can I use _____ connection for _____ my _____?

_____ wondering if I can connect _____ wi-fi.

I'm _____ if I _____ use _____ instead of _____ for _____.

_____ a _____ whether _____ not I should _____ wi-fi with my _____.

Is _____ possible to _____ the _____ fi _____ this _____?

_____ am _____ if I _____ rely _____ wi-fi _____ instead _____ Ethernet ports.

The device may be _____ to _____ wi-fi _____ an _____ connection.

Is _____ possible to _____ for _____ device _____?

_____ internet using wi-fi _____ this device?

Can _____ internet with _____ device?

_____ there a _____ via _____ instead of wires?

I am wondering if _____ go wireless _____ this _____ wi-fi.

I would _____ to connect _____ internet via _____ method.

_____ the _____ wi-fi be _____ for _____ of using cables?

Does it make _____ for this _____ instead of an _____?

_____ use a _____ network _____ a device _____?

Try _____ for _____.

_____ it _____ for _____ device to _____ wi-fi _____ ane-g connection?

Is it possible to _____ a _____ of an _____?

_____ the device allow me to establish _____ via _____ internet _____ lieu _____?

_____ I _____ wi-fi _____ a _____ connection?

Is it _____ establish _____ wi-fi connection _____ of _____?

Is _____ possible _____ connect to _____ a _____ method?

Is it possible for _____ to _____ wi-fi connection _____ of _____?

_____ it be possible to _____ wireless connection _____?

_____ it _____ use wi-fi and not _____?

_____ for _____ device to use a _____ link _____ of anemphatic _____.

_____ it _____ this _____ a wi-fi link _____ of the old ethonic _____?

_____ to use the _____ wireless?

Can _____ use _____ instead _____ wired _____ for device _____?

_____ to use wi-fi instead of _____ ethernet _____?

_____ you saying you _____ for me _____ instead _____ Ethernet?

_____ it possible to use a wi-fi _____ instead _____ the _____?

_____ know if _____ me to connect _____ dealing with Ethernet hassle?

_____ it _____ possible _____ use _____ wi-fi _____ instead _____ ane-g connection?

_____ it possible _____ to _____ device _____ wireless mode?

Is _____ possible _____ the _____ via _____ instead _____ using Ethernet _____?

_____ to _____ wi-fi using this _____?

Can _____ device be _____ to _____ via _____ instead _____ using _____ connection?

_____ want to _____ if _____ possible to _____ the _____ through _____.

_____ or not I _____ use wi-fi _____ my device connection.

Can _____ use _____ wi-fi connection to _____ device?

_____ it possible _____ set _____ a wi-fi _____ instead _____ using _____?

Does this _____ connecting _____ wi-fi, instead of _____?

_____ there any chance I _____?

_____ it _____ that I can _____ instead of _____?

_____ it possible _____ this _____ use a wi-fi _____ instead _____ a _____?

I _____ know if _____ be _____ to _____ with _____ device _____ I _____ wi-fi instead _____ Ethernet.

_____ could _____ wi-fi for _____.

_____ to use the wi-fi connections _____ the ethernet _____?

Is there a way _____ to _____ connected using _____?

Is _____ for this _____ to use a wi-fi _____?

_____ use _____ wi-fi _____ instead of an _____ connection?

Can I use a _____ connection _____ this _____?

Is it possible _____ this _____ use wi _____ of _____ ethernet _____

Can I _____ wi-fi _____ ethernet _____?

_____ it _____ to access it _____

_____ it possible to _____ for linking devices _____?

_____ the _____ for _____ wireless connection _____ using cables?

_____ for the device _____ a _____ instead of _____ connection.

Can _____ be used _____ device?

This device _____ possibly _____ link _____ an _____ connection.

_____ it _____ to _____ to the device via _____ instead of _____?

I _____ wondering if _____ use wi-fi to _____.

I _____ about _____ use wi-fi or ethernet for my _____.

Is _____ use _____ connection instead of an Ethernet _____.

Is it possible _____ connect the device _____.

_____ this _____ able to _____ the internet via _____ ethernet?

Can the device _____ the _____ through _____?

_____ possible to _____ for the _____ connection?

Can this device _____ the internet by _____ instead _____ ethernet _____?

_____ ways _____ link via _____ instead _____ wires?

Is _____ possible _____ a _____ instead of _____ ethernet connection _____ this _____?

_____ I _____ the internet using wi-fi _____ using _____?

Is it _____ this device to _____ link _____ the ethernet _____.

Is the _____ wi-fi link _____ of an e-g _____?

_____ I use wi-fi _____?

_____ a way to _____ to _____ using _____ cables?

_____ the device _____ a wi-fi link instead _____ connection?

Can _____ use _____ instead _____ a ethernet _____?

_____ it _____ to use _____ to _____ without cables?

Is _____ to _____ instead _____ an Ethernet connection?

Is it _____ for this device _____ a _____ instead _____ ethernet connection?

Is _____ possible _____ wi-fi instead _____ cable.

_____ it possible _____ wi-fi for me _____ instead _____ Ethernet?

Is _____ possible to _____ device _____ a wireless _____?

_____ connected to _____ internet _____ a wireless network?

_____ the _____ support _____ access _____ wi-fi?

_____ can _____ use wi-fi to _____?

_____ possible to use wi- _____ device?

_____ the _____ to connect _____ W-fi, without _____ cable.

Will _____ allow me to _____ connection in _____ of using _____ Ethernet _____?

Is it _____ use _____ device through _____ wi-fi _____?

_____ don't know if _____ will _____ to _____ with _____ device if I use _____ of _____.

Is _____ to use wi-fi _____

Is _____ possible for this _____ instead of _____?

_____ it _____ use a _____ link _____ older ethernet one?

Is _____ allowed to be _____ to _____ internet _____?

Is it _____ a wi-fi link _____ a _____ on _____ device?

Will the _____ to _____ wireless connection over the _____?

_____ I use _____ device _____?

Is it ____ for ____ device ____ a wi-fi link ____ Connection?

This ____ be able ____ a ____ instead of the old ____.

Is ____ possible for ____ use wi-fi ____ of ____ one?

____ possible to ____ device without ____ cord?

____ I ____ wi-fi ____ for connected devices?

Can ____ connect to ____ using a ____.

____ this ____ to use ____ of ____ ethernet connection?

Is ____ possible to ____ a ____ link ____ of a n-e-g ____ device?

____ device be connected ____ internet via ____ wireless ____?

Can I ____ my ____ using ____ instead ____ wired?

Is it ____ to use ____?

Is ____ to ____ wi-fi rather ____ ethernet connection ____ device?

____ if it is possible ____ via wi-fi.

Can I use ____ instead ____ connect my ____?

Can I ____ the wireless ____ to connect ____?

Is ____ possible to ____ wireless ____ an Ethernet ____?

Will the device allow ____ wireless ____ in ____ of ____ cable?

I have ____ about whether ____ wi-fi for my ____ connection

____ be ____ to ____ internet through ____ wireless method?

In ____ device, ____ I be able ____ utilize wi-fi, ____ than direct ____ links?

____ for ____ device ____ a ____ link instead of the ethernet ____?

Will I ____ to connect ____ the device using ____?

____ wireless ____ for a connection ____ my device?

Is ____ possible that ____ got wi-fi ____ to connect instead of ____?

____ any chance ____ connecting via ____ of wires?

I have ____ whether ____ use wi-fi instead of ____ my device ____.

Is it ____ use a wi-fi ____ instead ____ ethernet connection?

Is it possible ____ connect to ____ via ____?

Is it possible ____ to ____ fi instead ____ an ethernet ____?

Is it possible to connect to ____?

Is ____ to use wi-fi ____?

You ____ the ____ to ____ W-fi, without ____ Ethernet ____ all.

I have a ____ I ____ use wi-fi or ____ connection.

____ it ____ connect ____ device using a wireless ____?

____ it ____ for ____ instead of a ethernet link?

Is ____ get on ____ thing's network ____ hassle of ____?

Will I be ____ to ____ the ____?

Is ____ for ____ device ____ a ____ instead of an ethernet ____.

____ it possible ____ use ____ ethernet for ____ device connection?

How about ____ not Ethernet?

Will ____ be ____ to ____ via ____?

____ the ____ you ____ wi-fi?

Is ____ for ____ be connected ____ a ____ network instead ____ using Ethernet ports?

Can ____ use ____ connection when connecting to ____?

Is it possible ____ wi-fi rather ____?

____ it ____ that this device ____ wi-fi connection ____ ethernet connection?

____ possible ____ to ____ link instead of a n-e-g connection?

____ am wondering ____ it is possible to ____ wi-fi ____.

____ it ____ to the ____ using a ____ network.

____ like ____ wi-fi ____ of ethernet

Is ____ possible to establish ____ wireless connection ____ ____?

The ____ could ____ wi-fi ____ of ____ ethernet connection.

Do ____ have a ____ wi-fi ____ of ethernet ____?

Is ____ wi-fi with this ____?

____ be used with a ____?

Can ____ wireless option ____ device?

____ might ____ able ____ wi-fi ____ of an ethernet ____.

____ device ____ for ____ instead of using cables?

____ possible to connect ____ device through ____ than direct Ethernet links?

Do you ____ to ____ using Wi-Fi without ____?

____ have ____ question ____ whether ____ use wi-fi or ethernet for ____ device ____

Can I ____ wi-fi ____ of ethernet ____ a ____?

Is ____ for a device to use ____ instead ____ a-n-g ____?

____ a ____ use wi-fi on ____ device?

____ to use a wi-fi link instead of ____.

____ use the equipment for ____?

Is it ____ connect using ____ ethernet?

Are you saying ____ got ____ for ____ use ____?

____ there a ____ to connect ____ wi-fi ____ wired Ethernet?

____ the ____ be ____ to connect rather ____ relying ____?

____ the device ____ use ____ wi-fi connection instead of an ____?

How about ____ connection, not ____?

I have a ____ about whether ____ I should ____ device ____

Can ____ use ____ wi-fi be used ____?

____ use wi-fi rather ____ for my connection?

____ the ____ be connected ____?

____ it ____ for ____ to use wi-fi ____ of ____ ethernet ____?

Was it ____ using ____ and not ____?

____ possible to use ____ instead ____ wires.

It is ____ for ____ device to use ____ link ____ a-n-g ____.

____ want ____ connect ____ of wires.

____ order to connect with this device, would ____ using ____ or ____?

____ a wi-fi link instead ____ an ____ one?

____ instead ____ using wires to connect with this ____?

____ it possible that ____ wi-fi link instead ____ the ____ ethernet connection?

"Is it ____ for this ____ to ____ wi-fi ____ connection?"

Is there ____ to ____ wi-fi ____ instead ____ ports.

Can ____ use ____ instead ____ ethernet ____ this ____?

____ a ____ for ____ device to ____ connected to ____ internet ____ a wireless ____?

____ possible ____ wi-fi instead of using a ____ connection?

Is ____ option ____ use wi-fi ____ device ____?

Is it ____ use ____ wi-fi ____ of an ____ connection on ____?

____ the device possible to ____ instead of ____ connection?

____ it possible ____ to ____ a wireless connection?

Is ____ way for ____ device to ____ a ____ internet network?

____ possible to ____ wi-fi ____ of an e-g ____?

Will I ____ able ____ wi-fi?

Is ____ possible ____ wireless ____ device using wi-fi.

____ possible that this device ____ use a ____ instead ____ the old ____?

____ I allowed ____ go wireless ____?

_____ I use _____ device _____ wireless _____?

Is _____ to use _____ wi-fi link _____ of _____ for this _____.

Is _____ for _____ device to _____ wi- _____ instead of the _____.

Should _____ use _____ the device?

_____ there a _____ use wi-fi _____ using _____?

Is there a _____ to _____ network without _____ need for _____?

Is it possible _____ using _____?

_____ mean _____ use wi-fi _____ device _____?

Should I _____ wi-fi to _____?

_____ connect to my device using _____?

Will _____ device _____ use _____ connection _____ of using cables?

Is _____ possible for the _____ to _____ wi-fi _____ of an _____ connection?

_____ possible to access _____ device _____?

_____ to use _____ wi-fi _____ connecting _____ than relying on _____?

Is _____ possible _____ use a _____ internet _____ this _____?

_____ it possible _____ use wi-fi _____ of _____ connection _____ this _____?

Is _____ these devices via _____?

_____ the device be _____ internet _____ wi-fi _____ of an ethernet _____?

Is _____ way to _____ a _____ network instead of using ethernet _____?

Is _____ device to use _____ wi fi _____ of an ethernet _____?

Should _____ use a _____ to connect to _____?

I want _____ know _____ wi-fi or ethernet _____ my device _____.
