

[Demo] NLP Dataset for Customer Service Automation

Company Type	Electricity Suppliers
Inquiry Category	Equipment malfunction troubleshooting guidance
Inquiry Sub-Category	Power Outages
Description	Assistance with identifying and resolving issues related to sudden loss of electrical power, including checking circuit breakers, inspecting fuses, and troubleshooting power fluctuations.
Data Size	6,131 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Electricity Supplier" customer inquiry. (Purchased data will not be masked.)

Are there ____ common ____ that ____ identify ____ during ____ blackout?
Do ____ malfunctioning in a power failure?
____ the ____ go out, could ____ me clues about ____?
____ signs of ____ failure during a ____ cut?
Is ____ indicators ____ malfunction when ____ goes off?
____ be aware of ____ faults ____ my devices when ____ power ____?
When ____ lights die ____ there ____ signs ____ machine troubles?
____ pointing towards ____ failures when ____ out?
I ____ there is a ____ equipment malfunction in ____ power ____.
____ can I identify ____ during ____?
____ you have any tips to ____ during ____ interruption?
Is there ____ detect equipment ____ when the ____ is ____?
Do ____ any clues ____ a power outage?
What ____ faulty machinery ____ the power ____?
Is ____ a ____ way to ____ breakdowns ____ a power ____?
____ the power goes out, ____ can ____ about potential problems ____?
____ we ____ signs of malfunctioning equipment ____ failure?
____ be indicators ____ malfunction when the ____ is ____.
____ possible ____ of failure ____ equipment during a ____ failure?
____ possible ____ see ____ issues in ____ power outage?
Can markers help ____ equipment ____ power goes ____?
____ about ____ for identifying ____ lights are out?
____ information about warning signs for equipment breakdown ____ event of ____?
____ be telltale ____ to ____ gear in ____ outage.
____ have any ____ recognizing faulty equipment ____ a power ____?
____ there ____ clues for identifying faulty ____ power is ____?
____ show fault with ____ during a ____ outage?
Do ____ know how ____ faulty ____ a outage?
____ how to spot faulty ____ there ____ a ____ failure?

Is there ____ indicator ____ ____ failures?

____ a power outage ____ signs should ____ look ____?

____ there any ____ of equipment ____ ____ blackouts?

____ there a standard ____ to ____ in case ____ power outage?

____ are the ____ signs of ____ power failures?

____ there a ____ me ____ equipment fails ____ no power?

____ signal for ____ devices during a ____ failure?

Is there specific ____ faulty ____ when power ____?

What ____ you ____ for ____ there is a ____?

Can you ____ me ____ about ____ during ____ outage?

____ there ____ routine ____ that ____ failed ____ during outages?

Can ____ me how to ____ gadgets while ____?

Is there any ____ equipment failures ____ outage?

____ signs ____ equipment malfunction during ____ power failure?

Clues or ____ to identify ____ the lights ____?

____ do ____ identify faulty ____ when ____ power is ____?

____ identify faulty gadgets ____ out?

____ any way to ____ breakdowns immediately after ____ power ____?

Is there any standard ____ faulty ____ power outage?

Is there ____ that ____ machine troubles ____ lights ____ out?

____ are ____ show if equipment fails ____ no ____.

____ signs ____ malfunctioning ____ be spotted in ____ outage.

Should ____ be aware of ____ faults ____ when the ____?

____ it possible ____ suggest signs to ____ a power ____?

____ a power ____ can there ____ common ____ signal ____ faults?

Y'all ____ clues for ____ during a ____?

Common signs ____ tell ____ equipment ____ during ____ failure.

Can you ____ recognize malfunctioning equipment ____ power ____?

____ are signs to ____ malfunctioning ____ in a ____.

____ certain ____ help ____ faulty equipment ____ a power ____?

____ some clues to ____ equipment problems during ____.

Common signs can ____ to equipment ____ a ____.

____ detect ____ breakdowns after ____ loss?

Is ____ a ____ cue ____ failed ____ during outages?

____ there ____ that says ____ the equipment ____ when there ____ power?

Do you ____ there ____ for malfunctioning devices ____ outage?

Is there a way ____ equipment ____ a power outage?

____ me, what ____ to malfunctioning machinery ____ the ____ goes ____?

There are telltale ____ to ____ malfunctioning gear ____.

____ there a sign ____ shows ____ when ____ is no ____?

Can you tell me ____ fails ____ there's ____?

____ know how ____ look ____ for faulty ____ during a ____?

Is there any ____ broken appliances ____ power ____?

Do you ____ clues for ____ a blackout?

____ it possible to detect ____ power outage?

Clue me in, what indicators point ____ after ____?

____ of ____ flags ____ it comes to malfunctioning devices ____ an ____?

What ____ to ____ machinery after ____ power ____ out?

____ are ____ can be used ____ detect ____ power out.

There ____ be signals ____ to ____ issues during ____.

Is _____ to detect equipment _____ during a _____?

There _____ indicators _____ can help detect _____ during a _____.

There are _____ suggestions on how _____ after _____ power _____.

_____ are some signs _____ during electricity _____?

_____ there _____ indication _____ issues during a _____ outage?

_____ you _____ tips for _____ gear issues _____ power outage?

_____ indicators that can help _____ the _____ is out.

_____ way to detect _____ after _____ power failure?

_____ it _____ to detect malfunctioning _____ a _____ outage?

Can you _____ out _____ when _____ are _____ out?

Is there _____ that you can _____ to _____ when the _____ out?

What are _____ things to look _____ in _____?

_____ are signs _____ detect equipment failures _____ power _____.

_____ certain symptoms show _____ devices if _____ power outage?

_____ it possible _____ find signs _____ systems _____ no _____ are _____?

Clues _____ markers could _____ identifying _____ when the _____ go out?

Is _____ a _____ to see _____ faulty gadgets _____?

Is _____ a way _____ identify equipment _____ when _____ power _____?

Common signs can tell _____ the equipment _____ a _____.

Can _____ markers help _____ faulty _____ power failure?

Can there _____ any _____ can _____ identify equipment _____ power failure?

Any _____ on _____ detect gear breakdowns _____ loss.

_____ are some _____ of potential product _____ electricity _____?

_____ there is no power, are there _____?

When power _____ can certain _____ help _____ faulty _____?

Machine breaks _____ no _____ signs _____?

_____ could be signs _____ equipment _____ a power _____.

Do you know _____ to spot _____ during _____?

When the _____ out, _____ markers pointing _____ failures?

_____ any telltale signs _____ equipment malfunctioning _____ outage?

Is _____ anything _____ tell me _____ equipment when _____ go off?

_____ markers _____ towards equipment failures when _____ lights _____?

Is _____ possible to see _____ failures?

_____ you tell _____ how to _____ malfunctioning equipment _____ outage?

Clue me, _____ point to malfunctioning _____ power _____?

Is it possible to identify _____?

_____ goes out, how can you _____ gear?

How _____ gear _____ the dark?

_____ I _____ aware _____ potential _____ in my devices _____ the power _____?

_____ are any telltale _____ equipment problems in _____.

_____ lights are _____ can _____ find _____ damaged systems?

Is _____ possible to _____ signs of _____ systems _____ light?

There are any suggestions _____ power loss?

When the _____ pointing toward equipment failures?

When _____ is out _____ clues exist _____ faulty _____?

_____ you know _____ spot _____ during _____ power outage?

Got _____ about equipment malfunctioning _____ power _____?

_____ tips _____ spot _____ issues during a _____ failure?

Does there _____ way _____ detect faulty equipment after _____?

Can common signs point _____ malfunctioning _____ a _____?

_____ to recognize _____ failures _____ events

Is _____ routine _____ that betrays _____ outlets _____ outages?

_____ you _____ signs for equipment breakdowns in _____ power failure?

What _____ to _____ equipment issues when _____ is _____ power?

Are _____ typical _____ for equipment breakdowns in the _____ a _____?

_____ is no power, _____ a _____ that _____ the equipment _____?

Is there any normal _____ damaged _____ power _____?

Is _____ detect equipment _____ during a power _____?

_____ it possible _____ while _____ are blacked out?

_____ most common _____ of equipment breakdown in _____ outage?

_____ you think you have _____ about broken machines _____?

_____ may _____ of malfunction amid _____ power _____.

When the _____ can markers _____ to _____ equipment?

Equipment _____ if _____ out.

_____ I _____ during power outages?

Do _____ for spotting _____ equipment during _____ power outage?

Is _____ possible _____ spot routine _____ failed outlets during _____?

Is there _____ indication _____ failure in _____ during _____?

There _____ see broken appliances _____ a _____ outage.

There _____ suggest _____ issues if power goes _____.

Is there a _____ to identify equipment _____?

_____ could be clues of _____ a _____ outage.

Is _____ standard way to detect faulty _____ when _____ power _____?

_____ you _____ if the equipment fails _____ is no _____?

Is there guidance _____ recognizing _____ signs _____ during _____ outages?

_____ spotting equipment problems _____ power _____?

There _____ some signals _____ potential _____ faults _____ disruptions.

_____ signs _____ can tell if _____ is malfunctioning _____ failure.

Is _____ any _____ can _____ detect malfunction _____ the _____ is _____?

What _____ the typical _____ a power failure?

_____ machinery _____ a power failure?

_____ there _____ signs of _____ failures _____ a _____ failure?

_____ it possible _____ identify _____ during a _____ outages?

I would _____ signs to look _____ when there is _____.

_____ you tell me _____ equipment _____ malfunctioning in _____ failure?

Do specific _____ exist for _____ equipment _____ power _____ out?

_____ find equipment malfunction _____ a _____?

Common _____ of _____ malfunctioning _____ power _____.

During a power outage, _____ have any _____?

_____ way to look for _____ in a _____ failure?

_____ certain _____ help _____ faulty _____ when power goes _____?

During _____ power _____ you _____ any signs _____ equipment _____?

Clues _____ gear amidst a _____?

_____ a _____ outage, _____ you _____ clues about _____ issues?

_____ out, what can we do _____ broken gear?

How _____ markers to identify malfunctioning equipment _____?

_____ are _____ indicators _____ malfunctioning _____ failures.

Is _____ signals _____ damaged devices _____ power cut?

_____ know anything _____ faulty _____ during _____ power failure?

Do _____ what to _____ out _____ in the event _____ a _____?

_____ you _____ a _____ red _____ for faulty devices _____ outage?
 Any suggestions _____ to _____ gear _____ after _____ loss?
 _____ a _____ to _____ malfunctioning _____ they black out?
 _____ can _____ detect broken _____ power?
 Can you tell _____ how _____ find faulty _____ out?
 _____ there _____ that _____ help detect malfunction when there is _____ ?
 _____ it _____ to _____ indicators that may signal faulty _____ power failure?
 _____ a _____ see broken gear when the _____ out.
 Is it possible to detect _____ out?
 Is _____ common signal _____ problems after _____ blackout?
 Clue me, _____ indicators show _____ a power _____ ?
 Do specific signals exist _____ equipment _____ power _____ ?
 Do _____ information on _____ look _____ event of a power failure?
 Can we find signs _____ equipment _____ power _____ ?
 Is _____ to _____ faulty _____ when they black _____ ?
 _____ there _____ way _____ know _____ faulty _____ blacked out?
 _____ I tell _____ equipment is damaged when _____ out?
 _____ may be telltale signals _____ issues _____ power _____.
 _____ it possible _____ see _____ during a _____ outage?
 _____ a _____ indicates if _____ fails _____ there's no power?
 _____ you know _____ there _____ in _____ a power failure?
 _____ know _____ to _____ during a power interruption?
 How _____ I _____ during _____ power outage?
 Is there _____ about _____ malfunction during a _____ outage?
 _____ there a _____ detect _____ if the power _____ out?
 _____ the _____ out, how can _____ broken gear?
 _____ exist _____ indicate _____ malfunctioning in the dark?
 Is _____ any _____ that can _____ when the _____ off?
 Do you have any _____ how _____ spot _____ power outage?
 _____ indicators _____ machinery after a _____ failure?
 _____ a way to _____ during power out?
 How _____ I _____ faulty _____ while _____ ?
 I was wondering if there _____ any _____ detecting _____ breakdown _____ power _____.
 Do _____ have _____ tips _____ recognizing faulty _____ power outage?
 Is there a _____ identify malfunctioning gear _____ ?
 _____ you have any _____ on _____ to _____ faulty _____ power failure?
 _____ a _____ loss, any pointers _____ gear _____ ?
 Look for _____ of _____ during a _____ failure?
 Is _____ signs of _____ a _____ outage?
 _____ might be _____ appliances during a power _____.
 I _____ to know if _____ are _____ known machine _____.
 _____ way _____ identify _____ when they black out.
 Is there a sign _____ shows machine _____ the _____ ?
 _____ a _____ do you _____ clues _____ equipment problems?
 Is _____ way _____ faulty equipment during _____ power _____ ?
 _____ possible _____ gadgets while they are blacked _____ ?
 How _____ issues _____ power failures?
 There are _____ of _____ failure during _____.
 _____ there a way _____ during _____ power shortage?
 _____ know if _____ fails during a power _____ ?

Are _____ that show if _____ fails _____ there's no _____?

_____ you _____ for busted machines during a _____ interruption?

Do you know _____ flags _____ devices _____ outage?

There may _____ clues _____ equipment _____ during a _____.

_____ certain symptoms _____ fault _____ devices during _____ outage?

Is there _____ sign _____ during a _____ failure?

_____ give _____ on how _____ spot _____ equipment during _____ outages?

_____ it possible _____ if the equipment _____ in _____ blackout?

What signs do _____ break _____?

Do you _____ of _____ red _____ for _____ devices _____ power _____?

Is _____ way to locate _____ while _____ blacked out?

Can _____ common signs _____ malfunctioning _____ a _____ failure?

When _____ is _____ have _____ way to _____ broken gear?

_____ signs _____ identify equipment problems during a _____.

_____ are indications to detect faulty _____ power _____.

Do _____ what warning signs _____ look out _____ event of a _____?

There _____ can be used to detect _____ there's _____ outage.

What _____ the typical signs _____ equipment breakdown _____?

Can _____ malfunction during a power _____?

 _____ may occur _____ power _____ out.
 _____ signs _____ look _____ is a power failure?
 _____ there _____ usual signals that indicate damaged _____ a _____?
 _____ it possible _____ clues for identifying _____ when _____ lights _____ out?
 During a power _____ find signs of _____?
 There are _____ can be used _____ malfunction _____ failure.
 Look _____ of failure in _____ during a _____.
 There _____ some _____ problems _____ the lights are out.
 _____ of _____ issues can _____ during power outages.
 Are _____ of _____ when the _____ are off?
 _____ are _____ signs _____ detect equipment failures _____ power failure?
 _____ you _____ any _____ of equipment _____ power failure?
 There _____ spotting _____ problems during a _____ outage?
 How can _____ identify _____ with _____ power losses?
 _____ signs _____ look _____ when the power fails?
 _____ a power outage, _____ appliances?
 Is it _____ equipment malfunction _____ a _____ outage?
 There are _____ to recognize _____ failures _____ lost.
 Machines _____ electricity, _____ signs tell?
 What clues _____ you _____ for spotting equipment _____ power _____?
 _____ are _____ signs that _____ during _____ electricity?
 _____ there be _____ detect faulty _____ after _____ power outage?
 When _____ goes _____ markers help locate equipment?
 Is _____ that betrays failed _____ an outage?
 Do you _____ suggestions _____ faulty _____ during a power cut?
 _____ the lights _____ out, _____ there _____ any signs _____ machine _____?
 _____ know that _____ are clues _____ spotting equipment problems _____ a _____?
 Is _____ a _____ to identify _____ during _____ cut?
 _____ identify equipment that _____ when power is out?
 Is _____ specific clues _____ identifying faulty _____ the _____ is _____?
 _____ some clues _____ spotting equipment _____ a _____ failure.
 There are _____ to _____ when _____ lights go out?
 Is there a _____ detect _____ apparatus _____ a _____ loss?
 Is it _____ to _____ equipment failures _____ a _____?
 Do _____ have _____ to notice malfunctioning gear _____?

Is there _____ to detect _____ gear during a _____?
_____ have _____ to _____ faulty equipment _____ a power failure?
Can we _____ common _____ malfunction _____ power failure?
Do some common _____ a _____ with _____ a _____ outage?
Is _____ possible to detect faulty apparatuses _____?
Can _____ what to _____ faulty gadgets during _____ disruptions?
Is _____ a _____ to _____ broken _____ during _____ outage?
_____ typical signals for equipment breakdown _____ failures?
_____ could I _____ when the power _____?
_____ a _____ sign of _____ problems _____ a blackout?
When the power _____ should I _____ out for _____.
_____ way to _____ gear breakdowns _____ the _____ of a power _____?
_____ lights go _____ could _____ any _____ about malfunctioning equipment?
Common _____ that _____ during a power outage.
Is _____ to spot _____ when _____ goes out.
_____ there _____ show damaged _____ during a power outage?
_____ it _____ to provide guidance _____ recognizing equipment malfunctioning _____?
Is _____ any indicator _____ can _____ a malfunction _____ failure?
Do _____ know _____ you _____ a power interruption?
_____ you have signs _____ when the power _____?
Equipment issues _____ power goes _____.
Is _____ a sign _____ shows if _____ fails when _____?
_____ you _____ are _____ flags for malfunctioning devices _____ power outage?
_____ can I see equipment _____ is _____?
_____ equipment issues _____ power cuts?
Do _____ exist _____ malfunction during _____ power cut?
_____ you tell _____ how to _____ faulty _____ disruptions?
_____ up signals suggesting breakdowns _____.
_____ a way _____ locate faulty gadgets when _____?
_____ are _____ that could indicate product _____ disruptions.
_____ you _____ any tips _____ spot gear issues _____ failure?
Do _____ on how _____ spot faulty _____ during _____ power outage?
_____ lights _____ are there any _____ of machine _____?
Do _____ show _____ with _____ during a power _____?
_____ it possible _____ faulty _____ while _____ out?
_____ suggestions on _____ to detect _____ breakdowns _____ a _____?
Could _____ about malfunctioning equipment when _____ lights are _____?
_____ there any sign _____ systems when _____ is _____?
_____ possible to _____ the power goes out?
_____ the power goes _____ how _____ you _____ gear?
_____ may _____ signs pointing to _____ power outage.
Do _____ know of signs _____ during a _____?
_____ there _____ identify gear glitch _____ during a _____?
_____ have _____ red flags for faulty _____ after _____?
Can _____ give _____ clues _____ malfunctioning equipment when _____ lights _____?
_____ have any _____ about recognizing faulty _____ during _____ power _____?
_____ may be _____ to _____ a power failure.
What are the _____ equipment _____ in power _____?
Is there _____ there are _____ the _____ are out?
_____ specific _____ detect _____ problems during power failures?

Is there a way to _____ while _____ out.

Do you _____ the typical _____ equipment breakdowns _____ there _____ a _____ ?

_____ there _____ busted _____ up while everything _____ pitch black?

_____ it possible to spot _____ failed _____ in downtime?

_____ clues _____ can give for _____ malfunctioning _____ when _____ lights go _____ ?

Is _____ any _____ to _____ faulty _____ during _____ outage?

Is it _____ see equipment malfunctioning in a _____ ?

Any _____ of _____ troubles _____ are out?

_____ you know _____ detect _____ equipment _____ power failure?

Do _____ know if your _____ fails during _____ ?

_____ specific clues be found for _____ equipment _____ the _____ ?

Is there _____ to spot broken gear _____ ?

_____ the power goes out, can _____ equipment?

_____ be _____ signals pointing _____ equipment issues in _____ .

_____ there a _____ to _____ gadgets in _____ out?

Is _____ common _____ malfunction during a _____ failure?

_____ can _____ identify equipment _____ when _____ is _____ problem?

_____ may be _____ of equipment _____ during _____ failure.

Common _____ can point _____ equipment _____ a _____ outage.

Is _____ way to detect _____ breakdowns quickly _____ power _____ ?

_____ you _____ warning _____ for equipment breakdowns in _____ of _____ power failure?

_____ the _____ goes out, _____ best way to _____ broken _____ ?

_____ lights die _____ there _____ signs _____ machine problems?

_____ can I identify equipment _____ is _____ failure?

I _____ help detecting _____ breakdowns _____ loss.

Is _____ issues in blackouts?

_____ there indicators _____ malfunction _____ there are _____ ?

Is there any advice _____ equipment _____ power failure?

_____ there _____ to _____ fails _____ there is no power?

When the _____ what _____ I _____ out for?

Is _____ routine cue that _____ during an _____ ?

Can _____ find _____ equipment failure during a _____ ?

_____ signs of damaged systems _____ the lights _____ ?

_____ it _____ to identify equipment _____ during _____ ?

When there's no _____ are _____ any _____ if _____ fails?

When _____ is out, _____ specific _____ exist _____ faulty _____ ?

_____ equipment _____ seen when the lights _____ ?

_____ to identify malfunctioning gear in a _____ .

Is it _____ indicators _____ malfunction _____ power failures?

_____ know the typical _____ of equipment _____ the event of _____ failure?

Is _____ indication to detect _____ equipment after _____ ?

Is _____ usual signals _____ damaged _____ a _____ cut?

Is _____ signal _____ devices in a _____ failure?

_____ indicators point _____ malfunctioning _____ power outage?

_____ during _____ power _____ be pinpointed by common _____ ?

_____ of malfunction when there _____ power failures?

_____ on _____ gear breakdowns after a power _____ .

Do _____ the signs _____ in equipment _____ power failure?

_____ out, what _____ about potential faults in my devices?

_____ you _____ me _____ the signs of _____ during power _____ ?

_____ power goes _____ what _____ equipment _____?
 _____ a way _____ broken appliances _____ a power _____?
 I need _____ tips _____ how _____ spot _____ issues during _____.
 Is there any _____ of _____ power goes _____?
 Can we _____ equipment _____ a power failure?
 _____ is out, do _____ clues _____ for _____ equipment?
 _____ signs _____ busted machinery _____ while everything is _____ black?
 _____ there any indication of _____ power failure?
