

[Demo] NLP Dataset for Customer Service Automation

Company Type	Home Repair and Maintenance Companies
Inquiry Category	Electrical troubleshooting and fixes
Inquiry Sub-Category	Lighting Problems
Description	Assistance required for troubleshooting and fixing various lighting-related issues, such as dim or flickering lights, malfunctioning light fixtures, or the installation of energy-efficient lighting solutions.
Data Size	5,098 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Home Repair and Maintenance Company" customer inquiry. (Purchased data will not be masked.)

How can I _____ the problem is _____ socket or if it's _____ like _____ ?

How _____ I know _____ in _____ light _____ or a _____ ?

_____ this an isolated _____ within the light _____ or _____ indicative _____ issues with the _____ ?

_____ the _____ issue? or deeper _____ ?

_____ like _____ if the _____ rests _____ the light sockets _____ deeper into _____.

_____ don't _____ I can tell _____ problem _____ in _____ or the bigger problem.

_____ it _____ to _____ between _____ faulty _____ socket and _____ circuits?

I can't tell if _____ a _____ a _____ damaged _____.

_____ light _____ an _____ or if it _____ damaging to _____ circuitry.

I want _____ a light _____ problem or _____ circuitry _____.

I _____ to _____ if _____ in the light bulb _____ circuitry.

_____ know _____ a light _____ issue or _____ it's related _____ damage.

How _____ I _____ if it _____ a light bulb _____ damage _____ ?

Is the light _____ circuitry damage the _____ ?

How _____ tell if the _____ is _____ light bulb _____ if _____ circuitry _____ ?

_____ problem _____ in _____ bulb sockets or how much damage _____ done.

I don't _____ if _____ problem is _____ the _____ bulb _____ more _____.

_____ an isolated _____ the _____ bulb sockets, _____ a _____ issue _____ the circuitry?

_____ don't _____ the issue lies in the _____ or if _____ is _____ circuitry _____.

_____ light bulb or worse in _____ circuitry?

Is the _____ or there is _____ to the circuitry?

Is the _____ socket _____ isolated _____ facing potential _____ troubles?

_____ light bulb sockets acting _____ again _____ are _____ more _____ problems?

There are _____ the light _____ problem _____ deeper circuitry _____ ?

I want _____ know _____ a light _____ problem _____ circuit _____ issue.

_____ don't know _____ to _____ the _____ in the light bulb or in _____.

I'm not _____ how _____ tell if the _____ is in _____ more _____.

Could _____ me whether the problem is within the _____ the _____ ?

_____ a malfunction within the light _____ sockets, or _____ the _____?

I _____ tell if _____ in _____ light _____ the bigger issue.

Is the Bulb sockets issue _____ circuitry _____?

_____ there an issue _____ the _____ bulb _____ circuitry damage?

Can I _____ if _____ in _____ light bulb _____ the circuitry?

If _____ is in _____ bulb _____ the circuitry, _____ I tell?

_____ you _____ if the problem _____ in _____ lightbulb _____ issues?

_____ tell _____ is _____ bulb problem or a _____ issue?

Can _____ if the _____ rests _____ the _____ deeper into _____ circuitry?

Is there _____ fault _____ bulb holder _____ is it _____ into _____?

_____ if it is _____ bulb problem _____ a _____ damage problem.

Is it possible _____ determine _____ in _____ sockets, or if it _____ a larger _____ the circuitry?

Can I _____ if there _____ socket or _____ circuitry?

_____ tell whether it's _____ light bulb _____ worse _____ circuitry.

_____ can't _____ problem is in _____ light bulb _____ more intricate.

Can you tell _____ the problem _____ sockets or _____ issues?

I have no _____ how _____ the _____ is in the _____ bulb _____ circuit board.

Is there _____ bulb problem _____ to _____ circuitry?

_____ if it's _____ light _____ or _____ circuitry damage?

_____ it _____ determine if the _____ lies with the light _____ the _____?

_____ it's a _____ issue or something _____ to circuitry damage.

Is _____ sockets or _____ it circuitry damage?

How _____ if _____ in _____ bulb _____ than a circuit board?

_____ can I _____ out _____ issue is in the _____ bulb sockets _____?

I don't know _____ if it is the _____.

_____ you tell _____ the _____ in the light bulb _____ the _____?

Is _____ issue, or _____ circuitry _____?

I don't _____ if I can distinguish _____ faulty _____ sockets _____.

_____ if _____ problem is in _____ lightbulb _____ larger issue with the _____?

Is _____ bulb _____ an issue _____ is it _____ damaging _____ the _____

I want to know _____ fault in _____ bulb _____ deeper into _____.

Is _____ of the blasted _____ the _____ troubles?

Is the _____ bulb causing _____ issue _____ there _____ to _____ circuits?

Is there a way _____ and damaged circuits?

Can _____ tell me if the _____ rests _____ into the circuitry?

I _____ tell if _____ problem is in _____ bulb or something more _____.

I _____ know _____ problem with _____ bulb socket _____ something more _____ like _____ wiring.

_____ do _____ tell if it's _____ light bulb problem _____ problem?

I don't _____ if the issue _____ the _____ bulb socket _____ if _____ the circuitry _____.

_____ the _____ bulb issue or _____ that is causing _____?

_____ if _____ tell me which _____ originate _____ light bulb sockets _____ broader issues in circuits.

I need to _____ it _____ a _____ flaw _____ circuitry _____.

_____ can _____ if there _____ light _____ problem or circuitry _____?

_____ you _____ difference between light bulb sockets _____ issues in _____?

I wonder if _____ a _____ with _____ something more _____ like damaged wiring.

_____ there _____ to determine _____ problem is _____ light bulb _____ the circuitry?

How can I _____ it's in _____ in _____ circuitry?

If the _____ lies _____ bulb sockets, how can _____ the problem is _____ to _____ circuitry _____?

_____ tell _____ the issue is _____ lightbulb or _____ circuit?

_____ that the light bulb _____ an issue _____ is _____ damage to _____.

_____ can't _____ if it's a _____ bulb _____ circuit _____.

Is _____ possible to _____ light sockets and _____?

_____ it fault in _____ holder or _____ into the _____?

How _____ I _____ the _____ is _____ the _____ bulb or _____ circuitry?

I _____ it _____ a light bulb flaw or _____.

_____ the light _____ sockets _____ again _____ it _____ widespread circuitry trouble.

_____ you _____ the _____ is _____ the light bulb or _____ circuit?

How _____ I _____ whether it _____ a light _____ a circuitry _____?

_____ to know _____ tell me which _____ originate _____ the light _____ sockets versus broader _____ in _____.

_____ tell _____ if the _____ lies within the _____ deeper in _____ circuitry?

_____ there _____ to differentiate between a _____ socket and _____?

_____ it _____ to tell _____ the _____ the light _____ sockets _____ the circuitry?

Is _____ light bulb problem a light bulb _____?

_____ if the issue _____ in the _____ sockets _____ if it's related _____ the _____ damage.

I can't _____ if _____ is in _____ bulb or something _____.

_____ I determine whether the _____ a _____ bulb _____ a _____ issue?

Is _____ determine if the issue _____ in the _____ bulb, _____ if it is _____?

I don't _____ light bulb issue is related _____ not.

Is _____ possible _____ between _____ from _____ light _____ sockets _____ bigger issues _____ circuits?

Can I figure _____ if the _____ lies in the _____ or _____ to circuitry _____?

I am unable _____ tell _____ the _____ is _____ the circuit board.

_____ sure _____ it's _____ in the light bulb holder _____ deeper _____.

_____ don't know _____ is a light _____ circuitry damage.

Can _____ tell me if _____ problem is within _____ deeper _____ circuitry?

How _____ tell if _____ problem _____ in _____ bulb _____ or in _____ circuitry?

_____ if _____ is a fault in the _____ holder _____ the circuitry.

How can I _____ bulb issue or _____ issue?

_____ light bulb causing _____ problem or _____ it _____ circuitry _____ is causing _____?

Is it possible _____ figure _____ if it's _____ light bulb issue _____ circuitry?

_____ the _____ is in the _____ sockets _____ the circuit?

Is the _____ acting up _____ or _____ more widespread circuitry _____?

I _____ to know _____ is _____ between _____ the _____ sockets versus broader issues in the circuits.

How _____ tell if it's in a _____ a circuitry _____?

I don't _____ if it's _____ the _____ or the _____.

I would like _____ know _____ it is in _____ light _____ worse _____.

_____ possible to _____ if _____ problem is _____ the light bulb, _____ is a bigger _____?

How can _____ if the _____ is _____ light bulb _____?

_____ you tell _____ if _____ rests within _____ light sockets _____ deeper _____ circuitry?

_____ don't know whether the _____ or on _____ circuit board.

_____ an isolated problem with _____ light bulb _____ or is _____ circuitry?

How _____ tell _____ light bulb problem or _____ damageproblem?

How can I _____ it's _____ light bulb or _____ device?

_____ it the _____ or the circuitry _____?

_____ need to know _____ is _____ light bulb problem or _____.

_____ a fault _____ the light _____ holder or deeper into _____ circuits.

_____ fault in _____ holder or deeper into _____?

Is it possible to _____ is in _____ lightbulb socket or _____ the _____?

I don't _____ if the problem _____ or _____ circuitry.

How can _____ tell if _____ a _____ or _____ in _____?

The _____ may be _____ issue or _____ may _____ more _____ to _____ circuitry.

Is _____ with _____ light bulb sockets _____ the _____ circuitry?

Can _____ the difference between the faulty light _____?

How _____ I tell _____ lies in the _____ bulb _____ or _____ it is _____ damage?

How can I _____ if _____ light _____ a circuitry _____ problem?

There is _____ with light _____ sockets, or it _____ damage to the _____.

I _____ how I can tell if _____ bulb problem _____.

I _____ know _____ I _____ tell _____ the light _____ or _____ board is.

I can't _____ is _____ a light _____ or the circuit _____.

I _____ is _____ isolated light _____ or _____ damaging my circuits.

_____ it _____ the problem is _____ the light bulb _____ the _____?

I was _____ you _____ me _____ problems _____ the light bulb _____ versus broader _____ in _____.

_____ if the _____ is in a _____ bulb _____ the _____ board.

I want _____ if _____ a fault in the light _____ holder _____ deeper _____.

Can you _____ me _____ problems originate _____ bulb sockets and which _____ broader _____?

_____ don't _____ problem is in _____ light _____ sockets or _____ severe.

I _____ not sure _____ the _____ light bulb _____ the circuitry.

I don't know _____ the problem is _____ the _____ in _____.

_____ the problem _____ bulb sockets, how can I determine _____ related to _____ damage?

I don't _____ problem is _____ the light _____ or _____ board.

There _____ two possibilities: _____ bulb problem _____ deeper circuitry _____?

_____ the _____ up again _____ it more widespread electronics trouble?

_____ it possible _____ if the problem _____ in _____ bulb _____ circuit?

Is _____ distinguish _____ a faulty _____ lamp and damaged _____?

_____ me if _____ is in the lightbulb sockets _____ larger _____ the _____?

Is _____ a _____ bulb _____ or a deeper _____?

_____ the _____ lightbulb sockets or the _____ are bad?

Can you tell me _____ lies within _____ light sockets _____?

Is the light bulb _____ be _____ damage to _____ circuitry?

_____ I tell _____ it's _____ bulb or _____ circuitry?

I _____ if _____ could tell _____ problems were _____ the light _____ sockets or the _____ the _____.

_____ I distinguish between a light _____ problem _____ problem?

_____ this an isolated _____ within _____ light _____ socket _____ is it _____ issues _____ the circuitry?

Is it possible _____ if the _____ is in _____ or if _____ problem?

I _____ how _____ tell _____ the _____ is in _____ light _____ it is more complex.

_____ don't know _____ the _____ lies _____ the _____ bulb sockets _____ damage.

_____ a _____ to _____ it _____ light bulb problem or _____ circuitry issue?

_____ can't tell _____ in a _____ the circuitry.

Do _____ if the _____ is in _____ lightbulb sockets _____?

There could _____ issue with the light _____ to _____.

_____ cannot tell _____ it's _____ or circuitry damage.

I don't _____ if _____ just _____ with _____ light bulb sockets _____ something _____.

_____ don't _____ the light _____ has a _____ or _____ it _____ more _____.

Is this an isolated _____ light bulb sockets, or _____ it _____ problem _____?

_____ don't _____ if _____ problem _____ in _____ light _____ or in _____ board.

How can _____ a light bulb _____ circuit board problem?

How _____ I _____ if it's in _____ or _____ damage?

_____ was _____ if you _____ tell _____ which _____ came from the _____ bulb sockets or _____.

_____ it an isolated _____ light _____ sockets _____ is it _____ bigger _____ with _____ circuitry?

I _____ it's a _____ flaw or circuitry _____.

Is _____ an isolated _____ the light _____ a _____ broader _____ with the circuitry?

I ____ tell if ____ circuitry.

____ you tell me ____ the ____ within ____ bulb ____ bigger?

____ am ____ it is a problem ____ light bulb ____ or ____ more extensive like ____.

How can I ____ is ____ light bulb or ____ in ____?

How can ____ light ____ from ____ circuitry damage problem?

Can you ____ if the ____ is ____ lightbulb sockets ____ larger problems ____?

Can ____ me ____ the ____ from the light bulb sockets ____ broader ____ in ____ circuits?

____ the bulb ____ isolated ____ is there potential ____ troubles ____?

Are you ____ problem is ____ the lightbulb ____ issues with the ____?

____ the light bulb problem or ____ circuits?

How ____ I ____ if the issue ____ bulb ____ if it is ____ circuitry damage?

____ the ____ within the ____ or deeper ____ the ____?

Is the light ____ or more damage ____?

____ don't ____ to tell ____ is ____ problem in ____ bulb or ____ circuit board.

Can you ____ me if the ____ light sockets or ____ the ____?

I don't ____ problem is ____ the light ____ or ____ massive.

I do not ____ if the ____ light bulb or ____ the ____.

Can you ____ problem ____ light ____ or larger issues with ____ circuit?

Is the ____ problem, ____ damage to the ____?

Is ____ light bulb not working, ____ more ____ circuitry?

Could ____ me ____ difference ____ from the light bulb ____ in circuits?

I don't know ____ it's ____ or ____ more complex.

____ can ____ if it's ____ bulb problem ____ a circuitry ____?

I ____ if ____ problem is in ____ bulb ____ it's more ____.

____ it is a light ____ a circuitry damage?

How ____ it's ____ light bulb flaw or circuitry ____?

How can ____ tell ____ the problem ____ or in the ____?

____ the ____ bulb causing ____ or ____ it ____ circuitry ____ that is ____?

How can ____ if the ____ is ____ bulb or circuitry ____?

Can ____ tell ____ a ____ worse in the circuit?

Is ____ a fault ____ deeper in the circuitry?

____ how to ____ if the ____ is ____ the light bulb ____ bigger ____.

How ____ confirm whether ____ a light ____ a ____ damage problem?

Can you tell us if the ____ is in ____ sockets ____?

____ it ____ to distinguish between a ____ light ____ damaged ____.

____ there ____ way ____ if ____ a ____ bulb ____ a bigger problem with the ____?

____ can I ____ out ____ a light ____ problem or ____ circuitry ____ problem?

Can you ____ is in the ____ bulb or larger ____?

____ know if the problem is ____ the ____ the circuit ____.

____ you tell me ____ within ____ or deeper into the electronics?

____ was ____ tell me ____ to differentiate between ____ from the ____ bulb sockets ____ broader ____ in ____.

____ to ____ if ____ issue is in the ____ if ____ is a bigger issue?

There is ____ issue as to the light ____ worse ____ board.

I ____ if it's ____ problem with ____ light ____ or ____ like damaged ____.

____ the ____ sockets ____ is we facing potential circuitry ____?

____ the light ____ an ____ or ____ the circuitry ____ deeper?

____ problem ____ with ____ sockets or something more extensive like the damaged ____.

Is ____ to determine if the issue ____ in ____ light bulb ____?

Can you ____ the problem ____ in the ____ larger ____ circuit?

Is ____ light bulb causing an issue ____ could ____ circuitry ____?

_____ tell between a faulty light _____ and _____ ?

Is _____ light _____ the deeper circuitry _____ ?

_____ the light _____ or deeper damage _____ the circuitry?

_____ don't _____ how to _____ the problem _____ the _____ bulb _____ the circuit board.

How can I _____ if _____ is the _____ circuitry?

_____ say _____ bulb or _____ board is the problem.

Is _____ light bulb sockets acting _____ or is _____ circuitry _____ ?

_____ the problem is in _____ bulb _____ I _____ if _____ related _____ circuitry _____ ?

_____ know _____ problem _____ in _____ light bulb or it's _____ .

Can I tell _____ the light bulb problem _____ bulb problem _____ ?

I _____ know if it's _____ circuitry damage problem.

_____ problem or more damaging to _____ circuitry?

_____ I know if it's a light _____ circuitry _____ ?

_____ not sure if _____ fault _____ the _____ or deeper in _____ circuitry.

I'm not sure if it is _____ light _____ sockets _____ extensive.

_____ you tell us if _____ lightbulb or _____ circuit?

_____ light bulb not working _____ are _____ to _____ circuitry?

_____ problem lies in _____ bulb sockets, how _____ I _____ it is _____ the circuitry _____ ?

_____ I tell whether it _____ a _____ bulb or _____ in _____ ?

_____ out if _____ fault in the _____ holder _____ in the circuitry?

I don't _____ if _____ blasted _____ or _____ circuitry troubles are _____ .

I _____ know _____ to tell _____ the light _____ if _____ more complex.

Can _____ tell _____ is a _____ bulb problem _____ circuitry _____ ?

I _____ if _____ in the light bulb sockets _____ circuitry.

Are _____ light bulb _____ up again, _____ it _____ widespread circuitry _____ ?

How _____ if the _____ lies _____ light _____ sockets or _____ to the circuitry damage?

_____ a _____ bulb issue, or _____ circuitry _____ ?

How _____ tell _____ it's a light _____ flaw _____ damage

_____ don't _____ is a light bulb _____ or _____ damage issue.

Is _____ possible _____ if _____ a _____ or if it's _____ bigger problem _____ the circuitry?

Is _____ bulb malfunctioning or _____ it causing _____ the _____ ?

_____ it possible _____ the _____ is in _____ light bulb _____ or _____ circuitry?

_____ I tell _____ it's a _____ bulb or _____ problem?

_____ know _____ problem is in _____ light bulbs _____ circuit board.

_____ issue _____ light bulb sockets, _____ it could _____ like circuitry damage.

I'm wondering if the light _____ again or _____ it's _____ widespread _____ .

Where _____ I _____ it's the bulb or _____ ?

_____ don't know _____ the issue is _____ bulb _____ or _____ to the _____ .

_____ can I _____ if _____ issue is _____ the _____ bulb sockets or _____ related _____ damage?

Can you tell _____ if _____ is _____ the bulb _____ larger _____ circuit?

How _____ in a _____ bulb or circuitry?

_____ it the _____ or the _____ troubles that _____ messing _____ lights?

_____ it _____ tell if _____ problem _____ in _____ light _____ socket or the _____ ?

_____ you tell _____ whether _____ the lightbulb or _____ with the circuit?

What _____ I tell whether it's a _____ bulb _____ damage _____ ?

How _____ I _____ if _____ bulb or _____ ?

_____ are _____ possible _____ is the _____ bulb _____ deeper circuitry _____ ?

_____ wonder if it's _____ blasted lightbulb _____ or _____ circuitry _____ that _____ lights.

Is it _____ light bulb problem _____ circuitry?

_____ tell me which problems are related _____ the light _____ sockets and _____ broader _____ ?

_____ if _____ is _____ problem with _____ sockets, not _____ more extensive like damaged wiring?
 _____ would like _____ difference _____ problems _____ the _____ sockets _____ broader issues in circuits.
 _____ the _____ bulb malfunctioning or is _____ more damage _____?
 _____ a _____ to _____ between a faulty _____ socket _____ damaged _____?
 There _____ two _____ is _____ light _____ or deeper _____ damage?
 Can I _____ if _____ fault _____ the light bulb _____ into the _____?
 _____ small like _____ light bulb _____ something bigger _____ a repair _____ a _____?
 _____ are _____ possible explanations; _____ the _____ or is the circuitry damage _____?
 _____ wondering _____ the _____ sockets was _____ again _____ if it was _____ widespread circuitry trouble.
 I _____ if _____ a light _____ circuitry damage.
 _____ wonder _____ is _____ problem with the light bulb sockets, _____ something _____ extensive _____ wiring.
 _____ it the light _____ problem _____ the circuitry?
 _____ not _____ if _____ a problem _____ light bulb sockets or something _____.
 I'm not sure if it's _____ or _____ problem with _____.
 _____ between _____ light _____ problem _____ a circuitry damage problem?
 Is the light bulb causing _____ issue _____ circuitry?
 _____ I _____ in _____ bulb holder or deeper in the circuitry?
 I can't _____ if it's _____ bulb or _____ board.
 _____ tell _____ the _____ is with the _____ the circuit?
 Is the light _____ or _____ damage?
 I _____ to know _____ the light _____ or _____ it _____ more extensive like circuitry _____.
 _____ can I _____ if _____ light bulb is a _____ a _____?
 Can _____ if it's _____ light _____ problem _____ circuitry damage _____?
 _____ the _____ problem _____ deeper damage to the circuitry?
 _____ you _____ me if _____ is _____ light bulb, _____ with the circuit?
 I _____ to _____ is _____ isolated _____ or potentially damaging my circuits.
 How _____ I _____ out if _____ a light _____ circuitry issue?
 _____ fault in _____ light _____ holder _____ something deeper _____ the circuitry?
 Could _____ tell me _____ problem is _____ sockets or deeper _____ the _____?
 I'm not sure _____ it _____ with _____ light _____ sockets _____ something more _____ like damaged _____.
 _____ don't _____ if it's a fault _____ light bulb holder _____.
 Is _____ light _____ causing an _____ or _____ the _____ damage _____?
 Can I _____ out if _____ a _____ the _____ or _____ into _____ circuit?
 Is _____ bulb _____ an issue _____ it _____ damaging _____ the circuitry?
 _____ are _____. Is the _____ bulb causing an issue _____ is more _____ the circuitry
 _____ it an isolated _____ within _____ light _____ it a broader _____ with _____ circuitry?
 _____ the _____ bulb _____ acting _____ or are _____ just more widespread _____?
 _____ I find out _____ the issue _____ in _____ light bulb _____ it's related to _____?
 I _____ it's _____ the light _____ sockets or something _____ extensive _____ damaged wiring.
 There is _____ issue _____ bulb sockets _____ worse _____ damage.
 Can you tell whether _____ is _____ or larger _____ the _____?
 How _____ I determine _____ in the _____ bulb _____ circuitry?
 Is it possible to distinguish _____ light _____ circuits?
 I wonder if _____ problem _____ with the light bulb _____ the _____ wiring?
 _____ the light bulb issue _____ the deeper _____?
 I _____ just a light _____ and _____ something _____ extensive like _____ wiring.
 _____ the light _____ deeper _____ what it is?
 I _____ if _____ is in the light _____ if _____ more complicated.
 Can you tell _____ the problem lies _____ the _____ or _____ circuitry?
 Is it _____ faulty _____ bulb _____ more damage?

I ____ to ____ if ____ is ____ the ____ bulb holder ____ deeper ____ circuitry.
 ____ I find out ____ is ____ light bulb ____ if it is related ____ damage?
 ____ can I tell ____ the ____ bulb ____ a ____ bulb problem ____ issue?
 Can I ____ bulb or circuitry?
 ____ wondering ____ you could tell me which ____ came ____ or broader issues in ____.
 ____ if ____ a light issue or ____ damage?
 ____ it something small ____ a ____ bulb, ____ larger ____ a circuitry?
 I was wondering ____ you could ____ problems were ____ bulb ____ the broader ____ in circuits.
 ____ I tell ____ in ____ light bulb or ____ damage?
 There is ____ issue ____ to ____ bulb sockets, or ____ something ____ damage ____ the ____ board.
 Is it ____ to determine ____ in the ____ or ____ it's bigger?
 I wonder if it is ____ problem ____ light ____ more extensive like ____.
 Can you ____ if the ____ is within the light sockets ____?
 ____ it ____ light ____ flaw or ____ damage?
 Is ____ to determine ____ the ____ is ____ the light ____ or ____?
 ____ can I ____ if ____ light ____ or ____ damaged?
 ____ tell if it's a light ____ flaw ____ electrical ____?
 I ____ like to ____ to ____ between ____ the ____ bulb sockets ____ broader issues ____ circuits.
 ____ this ____ isolated malfunction ____ the ____ bulb sockets or ____ larger ____ with the circuitry?
 Is ____ bulb problem with the ____ bulb ____?
 Is ____ possible to ____ damaged circuitry and a ____?
 Is ____ bulb socket acting up ____ it more ____ circuitry ____.
 ____ I ____ if ____ a ____ bulb ____ or a ____ board issue?
 Is ____ possible to ____ between ____ from ____ sockets ____ in the circuits?
 ____ light bulb or it's more complicated.
 Can ____ say if it's ____ in the light bulb ____ or ____?
 ____ don't know ____ if the ____ in ____ light bulb ____ the circuitry damage.
 ____ there ____ way to ____ if ____ is with the ____ bulb or ____?
 ____ light ____ again ____ is it more ____ circuitry problem?
 How ____ tell ____ a light bulb ____ or ____ circuitry ____ problem ____?
 ____ I tell ____ fault ____ the light ____ or in the ____?
 ____ don't ____ if ____ is ____ the ____ bulb or it's more ____.
 What can ____ determine if it's ____ bulb ____?
 Is ____ problem isolated ____ circuitry troubles as well?
 If the ____ in ____ light bulb sockets, ____ I ____ if it is ____ damage?
 Is it an isolated ____ something ____ to my ____?
 I cannot ____ it's in ____ bulb ____ the circuitry.
 ____ you ____ whether ____ in the lightbulb sockets ____ problems with the ____?
 Do you ____ the ____ is ____ the ____ bulb ____ issues with the ____?
 Is ____ light ____ problem ____ damage?
 ____ the light ____ malfunctioning or ____ more damage ____ the ____?
 ____ I say if it's a ____ or ____ damage?
 ____ I tell if ____ light ____ circuitry issue?
 I ____ wondering if ____ the difference between problems from the ____ and larger issues ____.
 If the problem ____ light bulb sockets, can ____ tell ____ related ____ damage?
 ____ tell ____ the light ____ is the problem or ____.
 ____ if you could ____ difference ____ light ____ sockets and broader issues in ____.
 I want ____ know ____ guide ____ distinguishing ____ the ____ bulb ____ and broader ____ in the circuits.
 ____ you ____ the ____ problems from the light bulb sockets and bigger ____?
 ____ want to know ____ the light ____ the circuitry.

I _____ if _____ problem is _____ light bulb _____ the _____.
 _____ possible _____ tell if _____ problem is in the lightbulb _____ larger _____ the _____?
 What can I _____ it's _____ issue or _____ circuitry _____?
 I don't _____ if _____ light bulb _____ up _____ or _____ it is _____ widespread _____ trouble.
 Is the light _____ or greater _____ circuitry?
 How _____ I know if it's in _____ or _____?
 Is _____ deeper damage to the _____ it?
 There are two _____ bulb _____ or if _____ circuitry damage is deeper.
 _____ out if it's the bulb or _____?
 _____ tell _____ it's in _____ light bulb _____ bigger circuitry damage?
 Can _____ me _____ the _____ is within the light sockets _____?
 _____ bulb issue _____ the deeper circuitry damage causing _____?
 _____ I _____ that _____ light bulb problem or _____ damage problem?
 What _____ I _____ it's in a light _____ circuitry _____?
 Is _____ way to distinguish between _____ and damaged _____?
 _____ know _____ problem is _____ the light _____ or the circuit _____
 Can I _____ if the _____ in _____ light _____ it's more _____?
 _____ to know if _____ the light _____ or in the _____.
 Is there _____ problem with _____ bulb _____ deeper _____?
 _____ the _____ bulb _____ up again _____ is _____ more widespread _____ trouble?
 _____ don't _____ the issue _____ bulb or if _____ is related to _____ damage.
 _____ to _____ if the _____ is with the light bulb _____ circuitry?
 _____ you _____ me if the problem _____ the _____ the circuits?
 _____ the light bulb issue _____ damage?
 _____ tell me _____ the _____ within _____ sockets or deeper into _____ circuits?
 _____ it a _____ problem or _____ damage _____ the _____?
 Is it _____ in _____ light bulb holder, or _____ deeper _____?
 _____ bulb problem _____ damage of the circuitry?
 _____ can _____ tell _____ light bulb issue or _____ issue?
 _____ know if _____ problem _____ the light _____ or on _____ board
 How _____ if _____ bulb _____ or if it's circuitry damage?
 _____ it possible to determine if _____ issue _____ in _____ light bulb, _____ if _____ is _____?
 I _____ if _____ could tell _____ how to distinguish between problems _____ sockets _____ broader _____ in _____.
 _____ an issue _____ light bulb sockets, _____ something _____ like _____.
 _____ the _____ sockets _____ is we facing potential _____ troubles?
 We don't _____ a _____ problem _____ bigger _____ circuitry damage.
 I wonder if _____ just a problem with _____ light _____ and not _____ wiring.
 How can _____ if it _____ issue _____ a _____ damage issue?
 Is it _____ is in the light bulb sockets _____ circuitry?
 _____ light bulb issue or _____ deeper _____?
 _____ it _____ distinguish between _____ bulb _____ a damaged circuitry?
 _____ could I _____ if it's _____ light bulb _____ circuitry _____?
 Can I _____ fault in _____ light _____ or deeper _____ the electronics?
 _____ cannot tell _____ problem _____ the light bulb or _____ is _____.
 _____ the _____ bulb not _____ there is _____ the circuitry?
 I was _____ if you could _____ me how _____ problems _____ the _____ bulb _____ issues _____ the circuits.
 _____ light bulb sockets _____ the broader _____ issue?
 Is _____ an _____ or _____ it _____ damage that is causing the _____?
 _____ tell the difference _____ a light bulb _____ issue?
 I _____ know _____ can _____ in distinguishing between _____ light bulb sockets and broader _____ in _____.

Is _____ to distinguish faulty _____ and damaged _____?

_____ tell me _____ difference between problems _____ bulb sockets _____ larger _____ circuits?

_____ want _____ know if _____ is in the _____ bulb or _____ extensive.

Is the _____ the _____ sockets or is there _____?

_____ might _____ an issue with _____ bulb _____ like damage to _____ circuit board.

Is _____ a light bulb _____ circuitry _____?

Is it _____ bulb _____ to the circuitry?

_____ this _____ isolated _____ the light bulb, or _____ it _____ with the _____?

I _____ is _____ problem _____ the _____ bulb, not something _____ damaged wiring.

How can _____ tell _____ the issue lies in the light _____ circuitry damage?

Is _____ to determine _____ the _____ is _____ the _____ bulb _____ circuit board?

_____ tell if it's the _____ or _____.

If the _____ lies _____ light bulb sockets, _____ can _____ if _____ is _____ to _____ damage?

_____ the cause of the _____ bulb _____ deeper damage _____ the _____?

_____ would _____ know if it's a fault _____ light _____ deeper in _____ circuitry.

_____ don't _____ that's a light _____ issue _____ circuitry damage _____.

I _____ if _____ bulb problem _____ a circuitry _____.

I _____ to know _____ the _____ bulb _____ the circuitry.

How _____ if the _____ is _____ the light _____ or circuitry _____?

_____ be issues _____ light bulb _____ damaged circuits.

Can _____ between _____ circuit and a faulty light _____?

I _____ know _____ to tell _____ the problem is in _____ sockets _____ significant.

_____ if the _____ is _____ the light _____ or the circuitry?

Is _____ light bulb causing _____ issue _____ the damage _____ board _____?

_____ know _____ the problem is _____ bulb _____ in _____ circuit board.

There is an _____ as _____ the light bulb _____ or _____ damage _____ circuit _____

_____ don't know how to _____ if _____ socket problem _____.

How _____ I tell if _____ light bulb problem _____ damage _____.

_____ figure out _____ the _____ is _____ the _____ sockets or _____ is related _____ circuitry damage?

_____ if _____ is in the _____ sockets or bigger issues _____ the _____?

Is _____ light _____ is there more _____ to the _____?

_____ the _____ sockets _____ or deeper circuitry damage?

_____ me _____ within the light sockets or deeper into the _____?

How can I determine if the _____ the _____ in _____?

Can you tell me if the _____ rests _____ or _____?

_____ don't _____ the _____ in _____ light _____ sockets or a bigger _____.

Is _____ possible to _____ if it is _____ light _____ larger _____ with _____ circuitry?

How _____ find out _____ the _____ the light _____ or the _____?

How can _____ tell whether _____ a _____ circuitry damage _____?

_____ can I _____ it's a _____ problem _____ it's _____ extensive like _____ damage?

Is _____ if the _____ in the _____ bulb or _____ is bigger?

I _____ know _____ it is the _____ is more complicated.

How do _____ if it's _____ light bulb _____ circuitry?

How can _____ know _____ it's a _____ or a _____?

I _____ know _____ you can tell _____ the difference _____ from the _____ bulb sockets _____ bigger _____.

How can _____ light bulb or circuitry damage?

I _____ the _____ the problem or if _____ circuit _____ is.

I want to _____ if the problem _____ the light _____ if _____ related _____ damage.

Is the _____ or is there _____ circuitry _____?

_____ the _____ the _____ can I know if _____ related to circuitry damage?

____ it ____ determine if ____ is a ____ bulb ____ or a ____ problem ____ circuitry?
 ____ it possible ____ if the issue is in ____ sockets or ____?
 ____ know how ____ tell ____ the problem is ____ the ____ bulb ____ on the circuit ____.
 ____ it ____ light ____ problem ____ deeper ____ the circuits?
 I ____ if it's a ____ bulb ____ a circuitry ____.
 I don't know ____ the problem is ____ bulb ____ bigger.
 I ____ to ____ if the ____ is in ____ light bulb ____ it's related to ____.
 I don't ____ there ____ a ____ light ____ damaged circuitry.
 Is it ____ determine if ____ light bulb itself, or with ____?
 ____ was ____ if you ____ tell ____ between problems ____ the ____ bulb sockets and larger ____ in ____.
 Can ____ problem is in the lightbulb ____ larger ____ the circuit?
 ____ light ____ problem or ____ circuit problem?
 I ____ could tell ____ problems were from the light ____ and which were broader ____.
 I need ____ know ____ issue is in the ____ bulb ____ or if ____ related ____.
 ____ if ____ could ____ me how ____ distinguish between problems ____ the ____ bulb ____ versus ____ in circuits.
 ____ don't know ____ to tell ____ is ____ the light bulb or ____.
 ____ if it's just a problem with ____ socket and ____ something ____ like damaged ____.
 ____ the ____ not ____ or ____ more damage ____ the circuits?
 ____ can ____ the ____ is ____ bulb or the circuitry?
 ____ you ____ whether the ____ is ____ the bulb, ____ larger ____ with ____?
 Is it possible to ____ issue with the ____ or ____ it is a ____?
 Is ____ possible to ____ between problems from the ____ bulb sockets ____ issues ____ the ____?
 ____ want ____ find ____ if the ____ in the light bulb ____ if ____ to circuitry ____.
 Is ____ light ____ the problem ____ it deeper ____?
 ____ don't ____ light bulb ____ or circuitry damage.
 There ____ two ____ an issue or there is more ____ to the circuitry.
 Can ____ tell ____ the ____ in ____ or ____ bigger issue with ____ circuit?
 Can you tell ____ problem is in ____ with the circuit?
 ____ I tell if there is a faulty ____?
 Can ____ tell ____ whether the ____ is ____ sockets ____ in the circuitry?
 Is the ____ malfunction ____ damage?
 ____ want to ____ light ____ acting ____ again or if it is more widespread ____.
 I want to know ____ problem ____ a circuitry ____ or ____.
 ____ an isolated ____ the ____ bulb sockets, or a bigger ____ with ____?
 ____ do I know if ____ a ____ problem ____ a ____?
 What ____ if ____ in ____ light bulb or worse ____ the ____?
 I need ____ know if ____ light bulb flaw ____.
 Are it ____ problem or deeper ____ to ____?
 If the ____ lies in the light ____ sockets, how ____ if ____ circuitry ____?
 ____ don't ____ is a ____ bulb issue ____ it is related to ____.
 How ____ I ____ if ____ in the ____ sockets or if it is ____ to ____ damage?
 If ____ in the light bulb sockets, ____ can ____ know if it ____ circuitry ____?
 ____ can ____ if it ____ a ____ bulb ____ a ____ issue?
 ____ the light ____ issue or is ____ more ____ the circuitry?
 Is the bulb ____ is there ____ circuitry ____?
 I want to ____ if ____ originate from ____ light bulb ____ versus the broader ____ in ____.
 ____ bulb could be causing ____ issue ____ is ____ to the ____.
 Can you ____ or ____ the problem ____ the light sockets ____ damage?
 I was ____ if you ____ me distinguish ____ light bulb ____ larger issues ____ circuits.
 How can I tell ____ it's ____ light ____ circuitry ____?

_____ possible _____ determine if _____ the light _____ sockets or if it is _____ larger problem _____ circuitry?
 _____ it possible to _____ if the problem _____ in the _____ or _____ ?
 Can I _____ if _____ a _____ the _____ bulb holder _____ deeper _____ the _____ ?
 I _____ I can _____ whether the problem is _____ the light _____ circuit _____.
 _____ can _____ tell _____ is _____ light _____ or _____ circuitry damage problem?
 _____ you _____ me _____ it's a _____ bulb _____ or _____ circuitry damage _____ ?
 _____ to know _____ I _____ a faulty light _____ and damaged _____.
 _____ don't know _____ issue is _____ light bulb _____ or _____ circuitry.
 _____ don't know _____ it's a _____ in _____ light bulb _____ or _____ the _____.
 _____ like _____ know whether the _____ is within the light _____ circuitry.
 _____ can _____ tell if it's a _____ circuitry damage?
 I _____ know if it's _____ light bulb or _____.
 _____ the light _____ not _____ or could _____ to the circuit?
 Is _____ bulb _____ or is _____ more damage _____ the _____ ?
 _____ you _____ the _____ rests within the _____ deeper into _____ circuitry?
 _____ possible _____ between _____ faulty light sockets _____ a damaged _____ ?
 _____ need _____ know _____ is _____ light bulb flaw or a _____.
 _____ want to know _____ in the _____ or if it's related to _____.
 How can I tell _____ is _____ bulb issue _____ circuitry _____ ?
 _____ can _____ tell if _____ is in _____ bulb _____ circuitry _____ ?
 How _____ determine if _____ problem or a _____ damage problem?
 How can _____ if _____ bulb flaw _____ damaged circuitry?
 Is it a light _____ or _____ problem?
 _____ don't _____ if _____ worse in _____ or the circuitry.
 _____ do _____ whether it's _____ bulb problem _____ a circuitry _____ problem?
 I don't _____ to _____ if _____ problem _____ in the _____ bulbs _____ more _____.
 _____ know _____ light _____ the _____ or it's more complex.
 _____ can _____ do to know if the _____ in _____ bulb _____ the _____ ?
 _____ you tell _____ whether _____ problem is _____ or deeper into _____ circuitry?
 _____ tell me if the problem is within _____ circuitry?
 _____ would _____ to know if the issue _____ light _____ is related to the circuitry _____.
 Can you tell _____ the problem _____ the _____ or _____ into the _____ ?
 _____ I _____ if it is a _____ issue _____ circuitry issue?
 I want to _____ if the issue is _____ light bulb _____ it's _____ circuitry _____.
 How can _____ know _____ the issue is _____ light _____ or if _____ related _____ the _____ ?
 Can _____ me which issues originate _____ light _____ sockets _____ broader _____ in _____ ?
 _____ can I _____ problem is a _____ bulb or _____ problem?
 I _____ know _____ it's _____ the light bulb _____ it's _____ to circuitry _____.
 _____ light _____ or _____ it circuitry damage?
 _____ know how _____ if _____ is in the light bulb or _____.
 Is it _____ determine _____ issue is in _____ or _____ it is larger than _____ ?
 Is _____ light _____ is there more damage _____ the _____ ?
 _____ this _____ isolated malfunction within _____ light bulb _____ or _____ of _____ the circuitry?
 _____ you tell _____ whether _____ problem is _____ the bulb _____ ?
 _____ you _____ me if the problem _____ light _____ or _____ there's bigger _____ ?
 _____ the light bulb _____ issue _____ the _____ damage more _____ ?
 What _____ I _____ if _____ bulb or _____ circuitry issue?
 Can _____ me _____ the problem _____ in _____ light _____ or _____ else?
 _____ if it's _____ a _____ bulb problem _____ something _____ extensive like _____.
 _____ tell if the _____ bulb _____ or a circuitry _____ ?

I _____ know if _____ problem is in _____ bulb _____ .
 _____ know if the problem lies _____ or circuitry damage.
 _____ issue in the _____ or _____ circuitry?
 Can you tell me _____ issue _____ bulb or _____ ?
 _____ tell if there's _____ light _____ or a circuitry _____ problem?
 _____ can I determine _____ in the _____ the circuitry?
 Can I _____ the _____ in the _____ bulb, or _____ it is _____ extensive _____ damage?
 Are _____ or could _____ be more _____ to _____ circuitry?
 _____ a light _____ or _____ damage to the _____ ?
 _____ can _____ if the _____ is in _____ light bulb or _____ ?
 _____ wondering if _____ the problems were _____ light _____ or the broader _____ in the circuits.
 _____ can I _____ if there is a _____ problem _____ issue?
 How can I _____ if it is _____ light _____ a _____ ?
 Is _____ a _____ bulb problem or _____ ?
 I _____ issue _____ in the _____ bulb or the circuit _____ .
 _____ I _____ if it's _____ bulb issue or a _____ damage _____ ?
 Is there _____ way _____ between problems _____ light bulb sockets versus _____ ?
 _____ if _____ just a problem _____ bulb socket, not _____ more _____ like damaged _____ .
 _____ out if the _____ is _____ sockets _____ or a circuitry _____ ?
 Is the _____ bulb _____ or _____ is _____ to the circuitry?
 How _____ I _____ if it's a _____ bulb _____ or _____ problem?
 _____ I determine _____ bulb _____ or a circuitry _____ problem?
 _____ you tell _____ problem is _____ light bulb _____ the _____ ?
 _____ there is _____ light lamp or damaged circuitry?
 Can _____ this is a _____ light bulb _____ damaged _____ ?
 _____ can _____ if it is _____ light _____ flaw or circuitry _____ ?
 I need to know _____ the _____ is _____ light bulb _____ it _____ to circuitry _____ .
 _____ to know _____ is a _____ in _____ light _____ or _____ into the circuitry.
 _____ can _____ do _____ determine whether _____ the light bulb _____ the circuitry?
 I want _____ if the _____ is _____ light bulb _____ circuitry.
 Can _____ tell _____ problem is _____ the _____ or something _____ ?
 Can you tell _____ a _____ the lightbulb _____ circuit?
 _____ can _____ determine _____ the problem _____ with _____ light bulb _____ circuitry?
 Is the light _____ sockets _____ up _____ or is _____ widespread _____ ?
 _____ this an isolated problem with _____ light _____ or _____ related _____ circuitry?
 _____ should I tell _____ a light _____ or _____ issue?
 I want to know if _____ is in _____ light _____ .
 Is _____ possible to _____ is _____ with the _____ if there is a bigger _____ ?
 How can _____ figure out if _____ the _____ bulb _____ the _____ ?
 _____ like _____ know _____ tell me the _____ problems from _____ light bulb socket and _____ in circuits.
 How can _____ find _____ problem _____ the light bulb _____ the _____ ?
 _____ a _____ bulb _____ circuitry damage?
 I _____ know _____ I _____ tell _____ the _____ is in _____ light _____ or _____ board.
 _____ acting up again or if they are _____ trouble?
 Is _____ possible to tell if _____ problem _____ the _____ socket or _____ with _____ ?
 Is _____ bulbsocket _____ isolated _____ is _____ facing potential _____ ?
 How can I _____ if it's _____ light _____ or _____ issue?
 I want _____ if it's in _____ light _____ the _____ .
 Is _____ light bulb _____ more _____ to the circuitry?
 _____ not sure if the _____ is in _____ light _____ it's _____ .

_____ would _____ know if it is _____ to distinguish between _____ the _____ versus broader issues _____.
 _____ you _____ rests within the light _____ or deeper _____ the circuitry?
 Is the _____ bulb malfunctioning _____ could _____ damage to the _____?
 _____ don't _____ a light bulb problem _____ a _____ damage problem.
 There are _____ the light _____ issue, _____ circuitry damage?
 Can _____ figure _____ problem _____ the light bulb _____ the circuitry?
 _____ it possible _____ determine _____ the _____ with the light bulb, or _____?
 _____ not _____ to tell if the problem is in _____ bulb _____ board.
 _____ there a way to determine _____ in the _____ bulb _____ circuitry?
 Is _____ bulb causing an _____ or _____ to _____ circuitry?
 _____ the _____ acting up again or _____ it more _____ circuitry _____?
 How do _____ if it's a light _____ or _____?
 _____ is an issue with the _____ or _____ worse like _____ the _____
 _____ you _____ me if _____ a _____ the lightbulb _____ the _____?
 _____ me if the problem is _____ the light _____ deeper _____ circuitry?
 Is the _____ something _____ is _____ circuitry _____ deeper?
 Is _____ light _____ or deeper _____ the circuitry?
 Do you know if _____ within _____ or deeper _____ the _____?
 I want to _____ can help _____ distinguish _____ light bulb sockets _____ broader issues in _____.
 How _____ if it's a _____ bulb _____ bigger _____ a circuitry _____?
 _____ I _____ if _____ light bulb or a _____ damage?
 Is _____ to _____ if it is _____ or _____ problem with the circuitry?
 _____ don't know _____ it's a _____ the _____ bulb holder _____ the _____.
 I don't _____ the problem _____ in the _____ is _____ complicated.
 I don't _____ how _____ if the _____ circuit board is _____ problem.
 How _____ find out if _____ bulb _____ circuitry?
 _____ tell _____ whether the _____ is in _____ lightbulb _____ or _____ circuit?
 How _____ I tell if _____ is _____ light _____ in _____ circuitry?
 Is _____ light _____ malfunctioning _____ the circuitry be _____?
 I _____ know _____ tell _____ bulb _____ the circuit board _____ the problem.
 Is the light _____ malfunctioning _____ to _____ circuitry?
 _____ know if _____ light bulb _____ or a circuitry _____.
 Is it _____ tell _____ light _____ from damaged _____?
 Is _____ blasted _____ sockets or the _____ that are affecting _____?
 _____ can _____ whether _____ is _____ light bulb _____ worse in the _____?
 _____ tell me _____ problem is _____ the lightbulb, _____ larger issues _____ circuit?
 How _____ I know _____ it's _____ or _____ than _____ circuit board?
 Can I _____ if _____ with a _____ socket or _____ circuitry?
 Is the _____ bulb _____ deeper _____ in _____ circuitry?
 I don't know if there _____ a _____ a _____.
 Is _____ to tell _____ the _____ is _____ the light _____ sockets _____ damage?
 _____ know _____ the problem is _____ light _____ or _____ damage.
 _____ want to _____ it's _____ a _____ bulb or worse in _____.
 Can you _____ me _____ sockets or in the larger damage?
 I _____ lies in _____ light _____ socket or if it is related _____ circuitry _____.
 I wonder _____ lightbulb sockets _____ the _____ troubles?
 I'm not sure whether it's _____ light _____.
 I _____ to know if the _____ the _____ bulb _____ if _____ related to _____ damage.
 I wonder if the _____ is _____ sockets _____ something more _____?
 _____ can _____ if the issue is in _____ light bulb sockets _____ if _____ related _____ the _____?

How ____ I tell ____ in a ____ bulb ____ in ____?

____ know whether it's ____ fault in ____ light bulb ____ deeper ____ circuitry.

____ can ____ determine if ____ problem ____ the light ____ the ____?

I ____ wondering ____ could help me ____ from ____ bulb sockets and bigger ____ the circuits.

____ whether it ____ a ____ or a circuitry issue?

____ I ____ if ____ a ____ bulb ____ circuitry damage?

I was ____ me ____ between the ____ the ____ bulb ____ and the ____ issues in circuits.

Are the light bulb ____ up again or are ____?

____ you ____ if the ____ the lightbulb or ____ the circuit?

I was wondering if ____ me ____ from ____ bulb sockets versus broader ____ circuits.

____ two possible explanations: Is ____ bulb ____ an ____ the circuitry damage ____ deeper.

____ can ____ tell if that ____ light ____ flaw or ____ circuitry ____?

Is ____ a way to ____ from the light ____ broader issues ____?

____ tell ____ the problem is ____ the light bulb or ____ complicated.

____ know how to tell ____ the ____ is ____ light bulb or in ____

Is ____ sockets issue ____ a potential circuitry ____ as well?

____ bulb problem or deeper damage ____?

Is ____ a ____ bulb issue or ____ damage?

____ possible to ____ if it is a ____ issue or a ____ the ____?

____ not ____ a fault in the light bulb ____ circuitry.

If the ____ in light bulb ____ can ____ if ____ related ____ damage?

Is the light ____ deeper ____ to the ____?

Can ____ tell ____ it ____ bulb or the ____?

There are two possible ____ Is the ____ is ____ circuitry ____ deeper?

____ light bulb ____ be acting up again ____ it could ____ trouble.

I ____ not sure if ____ a ____ bulb issue ____ if ____ circuitry ____.

____ light bulb causing ____ issue ____ is ____ damage be ____?

How can ____ this ____ a light bulb ____ or ____ circuitry ____?

Is it possible ____ determine if ____ issue ____ in the light ____ or ____ it ____?

____ it possible ____ determine ____ problem is ____ the light ____ the ____?

____ like to know ____ problem ____ in ____ light bulb ____ if it is related ____ damage.

____ have ____ idea ____ to ____ problem is in the light bulb or ____.

How do ____ out ____ problem is a ____ problem ____ circuitry ____?

____ there a ____ determine if the ____ in the ____ sockets or ____?

How can I determine ____ the issue is in ____?

How do I ____ the bulb ____ the ____?

How can I ____ if ____ problem is ____ bulb ____ something ____?

I ____ have ____ good ____ light bulb ____ or ____ to circuitry ____.

____ can ____ tell ____ it's a ____ bulb ____ or circuitry ____?

____ figure ____ if it ____ a sockets ____ or something ____ circuitry ____?

I was wondering if ____ could tell ____ problems in ____ bulb ____ and broader ____ in ____.

____ I ____ if ____ a ____ bulb ____ or a ____ damage?

Is ____ just a fault ____ light bulb holder or ____ it ____?

How ____ I ____ it's ____ or circuitry issue?

____ light bulbSocket ____ or ____ it more widespread ____ trouble?

____ a ____ within ____ sockets, ____ it a bigger problem with ____ circuitry?

I don't know if it's ____ in ____ light ____ deeper ____ circuitry.

____ don't ____ to ____ if ____ problem is in ____ bulb ____ the circuit ____.

How can ____ figure out ____ there is ____ light bulb ____ if ____ is ____ circuitry ____?

____ can ____ determine whether ____ is ____ the light ____ the circuitry?

Is _____ bulb or _____ a circuitry damage?

There _____ possible _____ the _____ problem or deeper _____ damage?

I'd _____ to know _____ the problem _____ the light _____ the _____.

_____ be _____ with the light _____ socket or _____ circuits.

Is _____ problem or _____ circuitry damage the _____?

_____ can I find _____ the problem is in _____ sockets or _____ related to circuitry _____?

_____ know if _____ a light _____ or bigger than _____ circuit _____.

_____ a light bulb problem or _____ circuitry damage problem?

_____ a malfunction _____ bulb sockets or a _____ with the _____?

There is an _____ with _____ sockets or _____ like damage _____ circuit _____

_____ don't _____ if the problem is _____ the _____ bulb _____ more _____.

Was the light _____ problem _____ to the _____?

How _____ I figure _____ a bulb _____ circuitry?

_____ if it's in _____ or a circuitry damage.

_____ it _____ blasted lightbulb _____ or _____ troubles?

_____ the _____ bulb problem _____ deeper _____ the circuitry _____ cause?

_____ whether that is a light bulb _____ a circuitry _____?

I _____ problem _____ in the light bulb _____ circuit board.

How _____ tell whether _____ bulb or _____ circuitry damage _____?

Can _____ difference _____ a _____ light bulb and a _____?

_____ it's _____ a _____ the light _____ holder or deeper into the _____.

Is _____ possible to _____ there _____ faulty light _____ or damaged _____?

Can I tell whether it's a _____ light _____ or _____ circuitry?

Could _____ tell _____ if _____ is _____ in _____ light sockets or _____ circuitry?

_____ know if _____ light bulb is _____ problem _____ if it's _____.

_____ whether it's a _____ issue or _____ circuitry problem?

_____ have _____ the problem is the _____ or _____ circuit board.

Can _____ determine _____ fault in the _____ bulb _____ something _____ the circuitry?

_____ possible to determine if _____ is in the _____ bulb _____ bigger _____ with _____ circuitry?

I don't _____ it's _____ blasted lightbulb _____ circuitry troubles.

I _____ you could tell _____ the _____ between problems _____ the _____ bulb sockets _____ broader _____ circuits.

_____ I _____ whether the problem is a _____ bulb _____ a _____?

_____ to _____ if the _____ the light bulb or circuitry _____?

_____ I tell if it's in _____ bulb _____ a _____?

There are two _____ is the light _____ circuitry _____?

Is this an _____ the _____ sockets, or is it _____ circuitry?

Is _____ light _____ problem _____ damage _____ the circuitry?

I want to know _____ the _____ light _____ or _____ it's related _____ circuitry _____.

Is it _____ to tell _____ difference between problems from _____ bulb sockets _____?

Can _____ determine _____ it's _____ light _____ or _____ circuitry issue?

How _____ tell whether _____ a light _____ a _____ damage problem?

Can you _____ me _____ the _____ the _____ sockets _____ deeper into _____?

_____ bulb sockets issue _____ is it _____ circuitry troubles?

_____ small _____ a light bulb or _____ large _____ a circuitry?

_____ can _____ tell _____ it's _____ light bulb problem or a _____ like _____?

Can _____ tell _____ problem _____ in the _____ or larger damage?

_____ light bulb problem _____ more _____ to _____ circuitry?

_____ can I do to _____ bulb _____ circuitry?

_____ can _____ tell if the _____ in the _____ or _____ it's _____ damage?

_____ I _____ it _____ a _____ bulb flaw _____ circuitry damage?

_____ possible _____ determine if it's a light _____ or _____ problem _____ circuitry?

I _____ whether _____ is the light bulb _____ board.

I don't know _____ is in _____ bulb or _____ complex.

_____ need _____ know if _____ in the light bulb _____ related to circuitry damage.

I _____ tell _____ is _____ the light bulb or it's _____.

Is it _____ to tell _____ damaged circuitry?

_____ possible to _____ if _____ is in the _____ bulb, _____ if _____ a bigger _____?

_____ the _____ bulb _____ a _____ problem?

Can _____ tell me if _____ a _____ the bulb _____?

How can _____ it's in a _____ or _____ bigger _____?

_____ the light bulb malfunctioning _____ there _____ damage _____ the _____?

Is there _____ tell _____ is in the _____ bulb _____ or circuitry _____?

How _____ if it's a _____ bulb _____ a circuitry damage?

Can I tell the difference _____ faulty _____ lamp _____?

I _____ tell _____ the _____ in the light _____ or _____ complex.

_____ tell _____ problem _____ in the light bulb _____ bigger issues?

_____ you tell me if the _____ light _____ or _____ the circuitry?

_____ it _____ small _____ a _____ or something larger _____ a repair of _____?

_____ don't _____ if _____ in a _____ bulb _____ a circuitry damage.

_____ how I can tell the problem _____ the light _____ board.

How can _____ if the light _____ a _____ problem _____ a _____ problem?

_____ is _____ issue _____ the _____ or something worse like the _____ damage.

_____ it _____ in the _____ bulb _____ or _____ into _____ circuitry?

How can _____ it is a _____ or _____ damage?

If _____ problem _____ light bulb _____ determine whether it _____ related to circuitry damage?

I don't _____ if _____ problem is _____ light _____ or _____.

_____ an _____ malfunction _____ the _____ bulb sockets _____ an indication _____ with the circuitry?

I wonder _____ it _____ just _____ the _____ bulb sockets _____ more extensive like _____ wiring?

_____ can I tell _____ is _____ a _____ bulb _____ a circuitry _____?

I'm not _____ bulb issue or if _____ related to circuitry _____.

I _____ if _____ the light bulb or _____ is _____.

Would _____ if the problem _____ within _____ light sockets _____ deeper _____ circuitry?

It's not _____ is in _____ light bulb _____ it's more _____.

I don't know _____ in _____ light bulb holder _____.

_____ you _____ me whether _____ problem is within the _____ sockets _____ into _____?

_____ can I tell _____ it's _____ bulb issue or _____ circuitry _____?

_____ if _____ is inside the _____ sockets or _____ into the circuitry?

_____ it _____ in the _____ holder or deeper into the circuit.

_____ would like to know if _____ tell _____ issues _____ the light _____ sockets _____ the broader _____ in _____.

_____ I _____ if _____ light bulb _____ worse, _____ circuitry damage?

_____ the _____ in the _____ how _____ I _____ if the _____ is related to _____ damage?

_____ the _____ is _____ light bulb or something more extensive.

_____ can _____ to _____ it's _____ light bulb flaw or circuitry _____?

_____ don't know _____ the _____ is _____ the light bulb or _____.

_____ light _____ not working _____ has there _____ damage to the _____?

_____ tell _____ this _____ a _____ or a damaged circuitry?

What do _____ if it's _____ bulb _____ or circuitry _____?

_____ in the light bulb or it's more _____.

Is _____ bulb _____ a circuitry _____?

How _____ it's _____ a _____ bulb or a larger _____ electronics?

Is _____ bulb issue or _____ the answers?

I don't know _____ it is a _____ something _____ complicated.

_____ tell if the problem _____ in the _____ circuit?

How can I tell _____ the _____ is _____ or _____ circuitry _____?

I do not _____ how to _____ problem is in _____ sockets or _____ been done.

I don't _____ problem _____ in the _____ sockets or how _____ has been _____

Is it possible to _____ difference _____ sockets _____ circuitry?

Is _____ a light _____ problem _____ deeper _____ electronics?

_____ don't _____ whether it's a _____ circuitry damage problem.

_____ was _____ you could tell me which _____ coming from _____ light _____ or the broader _____.

How _____ I determine _____ a _____ or _____ circuitry issue?

I'm not _____ it's a problem _____ light _____ something _____ extensive.

_____ can I _____ out if _____ is in _____ light _____ or _____ is related _____ circuitry damage?

Is it possible _____ tell _____ between _____ from the light bulb _____ bigger issues _____?

If the problem _____ the _____ can I tell _____ circuitry damage?

_____ is _____ the light _____ how _____ I _____ if it's related to circuitry _____?

How can _____ know if it's _____ a circuitry _____ issue?

_____ you _____ if the problem _____ lightbulb _____ larger issues _____ the circuit?

Is _____ problem with _____ light _____ sockets or _____?

Is _____ light bulb the cause _____ it the circuitry _____?

Is it _____ lightbulb _____ circuitry _____ that are affecting _____ lights?

I was _____ if you could tell me _____ distinguish _____ the _____ sockets versus _____ circuits.

_____ you _____ problem is in the bulb _____ with the _____?

_____ this is an isolated _____ concern or potentially damaging _____.

Is _____ possible _____ distinguish between damaged _____ and _____ sockets?

_____ you tell _____ whether the problem lies _____ the _____ or deeper _____?

Could _____ tell _____ difference _____ light _____ sockets and broader issues in _____?

How _____ if _____ issue is _____ the _____ sockets or if it _____ related to _____?

_____ know _____ the problem is _____ light _____ or _____ board.

_____ your help in _____ from the _____ and broader _____ in circuits.

_____ a _____ bulb _____ circuitry damage?

Is _____ in the light bulb _____ or in _____?

_____ I tell _____ a light bulb _____ or _____ circuitry damage _____?

_____ the bulb socket _____ or is it _____ to _____?

How can _____ tell whether I have _____ problem _____ a _____?

_____ two _____ reasons: Is _____ bulb _____ an _____ is _____ circuitry damage deeper?

_____ the _____ or is there any _____ troubles?

_____ malfunction within the _____ sockets or is _____ issue _____ the circuitry?

I would like to _____ can help _____ between problems _____ the _____ broader issues in _____.

_____ tell _____ it's _____ light bulb problem _____ a _____ problem?

How can I find _____ if the _____ is _____ the _____ or _____ it _____ damage?

_____ can I _____ is _____ light bulb or if _____ is _____ serious?

_____ figure out if the _____ lies _____ the light _____ or _____ the _____?

_____ don't _____ if the _____ in the _____ bulbs _____ more extensive.

Can I _____ the _____ between _____ light _____ damaged circuitry?

_____ don't have a _____ if the light _____ issue _____ to _____.

How _____ I tell if it's _____ a circuit _____?

I don't have _____ bulb issue _____ related to circuitry damage.

How _____ i tell if _____ bulb problem _____ a _____?

_____ I _____ it's _____ light bulb flaw or _____ circuitry _____?

____ the light bulb ____ is ____ more ____ to the ____?
 ____ I ____ in the light bulb holder ____ deeper in ____ circuitry?
 ____ was ____ if you could tell me ____ from the light bulb ____ issues ____ circuits.
 Is ____ to tell ____ between ____ faulty light and ____?
 ____ determine whether the problem ____ in ____ bulb ____ the ____?
 I ____ if ____ light bulb sockets ____ acting up again ____ if _____.
 ____ a way to ____ problems from the ____ sockets ____ issues in ____ circuitry?
 If ____ in the light ____ how ____ I tell if it's ____ to ____?
 The light ____ may be acting up again ____ more ____ circuitry ____.
 How can ____ the ____ light bulb ____ in the circuitry?
 What ____ do to ____ if it's ____ bulb or ____?
 ____ tell ____ if the ____ rests ____ the ____ sockets ____ deeper in the ____?
 How can I tell ____ light bulb ____ or ____ to ____?
 ____ bulb sockets, or is ____ circuitry damage?
 ____ you ____ the ____ is in ____ lightbulbs ____ issues with the circuit?
 I don't ____ how ____ can ____ problem ____ the light bulb ____ board.
 ____ it's just ____ problem ____ light bulb sockets ____ more extensive like ____ wiring.
 Is the ____ bulb ____ or ____ there ____ more damage to ____?
 ____ know ____ the light ____ or something ____ complex.
 ____ it possible ____ determine if the ____ in ____ light bulb, ____ if it ____ than ____?
 ____ you tell ____ if the ____ socket or larger?
 ____ you tell ____ if ____ issue ____ within the ____ sockets ____ larger ____?
 ____ don't know ____ tell if it ____ a light bulb ____.
 I ____ if ____ a ____ with ____ bulb, or ____ extensive like ____ wiring?
 ____ wonder ____ it's a ____ with the light ____ sockets, ____ more extensive ____ wiring?
 Is ____ lightbulb deal ____ the ____ troubles?
 I ____ it's ____ fault ____ the ____ holder ____ deeper into the circuits.
 ____ I ____ if ____ a ____ in the ____ bulb holder or ____ the ____?
 I ____ if ____ problem is in ____ bulb sockets ____ is done.
 What can ____ know ____ it's a ____ or ____?
 Is the ____ acting up ____ or if ____ are ____ circuitry ____?
 What ____ I ____ if ____ a light bulb ____ or ____?
 How do ____ if it is ____ or ____?
 I don't ____ if ____ a light ____ or ____ damage ____.
 ____ whether it's a ____ in the ____ holder ____ deeper into ____ circuit.
 ____ light bulb may ____ there may ____ damage ____ the circuitry.
 I ____ it's just ____ with ____ light ____ or something ____ extensive like ____ wiring?
 ____ is acting up again or if it's more widespread circuitry trouble.
 ____ I ____ if the ____ in ____ light ____ or if ____ more extensive?
 I would like ____ know if the ____ rests ____ or ____ the ____.
 ____ sure if ____ a ____ issue or related to ____.
 ____ can ____ tell if it is a light ____ a ____?
 Is there ____ to tell if ____ light bulb or beyond ____?
 I don't know whether ____ is ____ in ____ light ____ or ____ in ____.
 ____ you tell ____ the ____ rests ____ the light ____ deeper into the ____?
 How can ____ tell if the ____ is ____ bulb ____ board?
 How can I determine ____ the problem ____ or ____ circuit?
 If ____ issue ____ in ____ can I determine if it is ____ to ____ circuitry ____?
 Can ____ if ____ is in the light bulb ____ or more ____ the ____?
 Is the light ____ malfunctioning again ____ more ____ circuitry ____?

Is it _____ blasted _____ socket _____ circuitry _____ that are ruining _____ ?
 _____ know if it's _____ bulb _____ or _____ circuitry _____ problem?
 Can you tell _____ problem _____ in the circuit?
 Is _____ bulb _____ or _____ to the circuitry?
 I _____ if the _____ is _____ bulb or the _____ is more _____.
 Can you _____ problem is _____ the light _____ larger damage?
 Can _____ tell if the problem is _____ the _____ bulb _____ ?
 I _____ know if _____ the _____ the circuitry.
 _____ cannot _____ if _____ bulb problem or _____ damage problem.
 I _____ issue is located _____ bulb sockets or _____ related to circuitry damage.
 _____ don't _____ how _____ tell if the _____ bulb _____ or _____ complex.
 The _____ bulb might be malfunctioning _____ damage to the _____.
 _____ was _____ if you could _____ me the _____ between problems _____ light bulb _____ in _____.
 Is _____ light _____ problem _____ deeper _____ the cause?
 _____ want to know _____ the _____ is _____ light _____ or _____ it is _____ circuitry damage.
 I don't know _____ a light _____ or a _____ damage.
 How can I determine _____ light _____ problem _____ issue?
 _____ the _____ bulb _____ issue or is it _____ the circuitry?
 Can _____ between faulty _____ sockets _____ circuitry?
 _____ light bulb problem _____ deeper damage _____ the _____ the _____ ?
 How _____ if _____ a _____ bulb problem _____ circuitry damage problem?
 _____ the problem _____ the light sockets or _____ the circuitry?
 _____ don't know if the problem _____ light _____ circuit board.
 _____ sure if _____ light bulb issue _____ circuitry damage _____.
 I _____ know if the _____ rests within _____ light _____ deeper into _____.
 Is _____ possible to _____ the problem _____ the _____ itself or in _____ ?
 How can I _____ it's a _____ or a _____ damage _____ ?
 Is _____ to _____ whether the problem is the _____ or _____ ?
 _____ am _____ sure _____ is _____ light bulb or the circuit _____.
 Is it _____ tell _____ between _____ from the light _____ and _____ in circuits?
 _____ to know _____ it's _____ bulb _____ or a circuitry _____.
 Is there a _____ to _____ the light bulb _____ versus _____ the circuits?
 _____ question about whether the problem _____ the light bulb _____.
 _____ if _____ problem _____ within _____ light socket or _____ damage?
 _____ it light bulb _____ or _____ damage _____ ?
 How can _____ tell _____ it's a _____ problem or _____ problem.
 I don't know _____ if _____ a bulb or _____.
 How can I _____ if the object _____ a _____ bulb _____ ?
 Is _____ to _____ between a _____ light _____ and _____ circuitry?
 _____ don't know _____ light _____ holder or deeper _____ the circuitry.
 I can't tell _____ or the circuit board _____.
 _____ know if _____ issue _____ in _____ light bulb sockets, or if it _____ damage.
 I _____ if it's _____ light _____ or _____ circuitry _____ problem.
 _____ was _____ if _____ could _____ problems _____ light bulb sockets _____ broader issues in circuits.
 There are two possible _____ is _____ light bulb _____ could _____ damage be _____ ?
 _____ if it's a light _____ or _____ circuitry issue?
 _____ bulb Socket _____ up _____ or _____ it more widespread circuitry _____.
 There _____ explanations, _____ the _____ problem or deeper _____ damage?
 Is the light _____ causing an _____ or _____ the _____ ?
 How do I _____ a _____ bulb _____ circuitry damage?

I don't _____ if it is the _____ or _____.

I _____ to _____ if _____ possible _____ between _____ from _____ light _____ sockets versus broader issues in _____.

Is it _____ to _____ between a faulty light _____ in _____?

Could you tell _____ if _____ problem rests _____ the _____ or _____ the _____?

_____ problem _____ light _____ sockets, how can _____ determine if _____ issue _____ related _____ circuitry damage?

Is _____ to determine _____ the problem _____ in _____ light bulb sockets _____ if it _____?

_____ know _____ the problem is in the _____ or _____ complicated.

Is _____ tell if the problem is _____ sockets or the circuitry _____?

_____ like _____ if _____ light bulb problem _____ a circuitry issue.

How _____ I tell _____ in _____ light bulb _____ circuitry?

_____ determine _____ the problem _____ in the _____ bulb or _____ circuitry?

_____ the _____ bulb _____ deeper damage to _____ circuitry?

I _____ tell if the problem _____ in _____ light bulb _____.

How _____ I _____ if it's a _____ a _____ board?

_____ don't _____ if _____ in a _____ or _____ bigger problem.

Is _____ isolated _____ or _____ it an issue with the circuitry?

_____ the issue _____ in _____ bulb _____ or if it's _____ to circuitry _____.

_____ it a _____ problem, _____ a circuitry _____ problem?

Can you _____ me _____ in _____ or the circuit?

I _____ it _____ just a _____ with _____ bulb sockets, not _____ more extensive like _____.

I don't know how _____ the _____ in _____ bulb or the circuit _____.

_____ bulb malfunctioning or _____ there is more damage _____?
