

[Demo] NLP Dataset for Customer Service Automation

Company Type	Auto Repair and Maintenance Shops
Inquiry Category	Fuel efficiency has significantly decreased
Inquiry Sub-Category	Dirty air filter
Description	Customers may ask about the impact of a dirty air filter on fuel economy and how frequently it should be cleaned or replaced to maintain optimal efficiency.
Data Size	5,010 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Auto Repair and Maintenance Shop" customer inquiry. (Purchased data will not be masked.)

Should _____ or _____ the _____ system filters _____ gas mileage?
_____ you want _____ change _____ clean the _____ filters?
Is _____ possible to _____ changing air filters?
How _____ we maximize _____ mileage _____ changing _____ filters?
If I _____ better fuel _____ does it _____ worn-out _____ rubbishes?
_____ filters for the _____ be _____ or replaced.
Can _____ replacement of the _____ intake _____ boost _____?
_____ are changes _____ the engine's air filter _____ gas _____.
_____ it _____ good idea _____ replace the _____ intake filters?
_____ or _____ the engine's _____.
_____ or _____ engine's _____ filters _____ improved _____?
_____ if the intake _____ are _____ or _____.
Do you _____ engine's _____ to _____ cleaned or _____ improved _____ mileage?
_____ clean _____ filters to maximize _____.
Should I replace the _____ or _____?
A replacement _____ filter _____ gasoline consumption metrics.
_____ clean or replace the engine's intake _____ filters?
_____ consider _____ the filters _____ my _____?
_____ or replace engine's _____
_____ it possible _____ or _____ air filters _____ my _____ intake?
_____ filters _____ to _____ cleaned or _____ for _____ efficiency.
_____ you want to clean _____ change filters _____?
Do _____ system filters _____ a better gas mileage?
Will cleaning or swapping out _____ filter improve _____?
_____ advisable _____ motor air _____ now?
Can _____ filters of the _____ be serviced _____?
Maybe _____ fuel efficiency _____ the _____?
Replacing or cleaning _____ filters _____ save _____.

Changing and cleaning induction _____ car's _____.

Change or _____ filters for _____.

_____ in _____ car's _____ could improve it's fuel economy.

_____ there any idea on _____ to _____ MPG _____ filter _____?

_____ a _____ idea to clean _____ replace _____ filter?

Do you think _____ is _____ or replace the _____?

_____ it _____ to _____ air filters cleaned or _____?

How about replacing _____ for _____?

Cleaning or _____ filters can _____ gas _____.

_____ the _____ intake _____ could increase _____ metrics.

_____ gas fuel _____ are changed?

It _____ be a _____ swap or _____ engine _____.

Replacing _____ cleaning _____ will _____ miles per gallon.

_____ the intake _____ can _____ fuel efficiency.

The engine's intake _____ or _____.

Changing/cleansing induction _____ recommended _____ maximize _____.

Change/ clean _____ maximize car's _____.

Change/ _____ the _____ air _____?

_____ the _____ system _____ clean or swapped _____ efficiency?

Do you _____ it's recommended _____ or replace the _____?

Can the _____ be _____ to enhance _____ efficiency?

Do I _____ to _____ replace _____ filters?

_____ inducted filters _____ to _____ MPGs.

_____ per _____ by having _____ filters replaced.

_____ are _____ to _____ gas mileage by changing the _____.

Replacing or cleaning _____ filters can _____ money _____.

_____ possible to _____ fuel efficiency _____ the _____ system filters?

Changing _____ filters can maximize _____.

Is it possible _____ in my vehicle's _____?

_____ optimum gas mileage _____ and changing engine _____ filters.

Should motor air _____?

Do you want _____ filters cleaned or _____ gas _____?

_____ intake _____ of my vehicle?

_____ looking _____ replace or _____ the intake _____ filters?

_____ induction filters is _____ to _____ mileage.

_____ changing the engine filters to _____ optimal _____?

_____ that _____ clean or swap the _____.

Is _____ to boost _____ metrics _____ the engine's intake _____.

_____ a _____ to swap intake system filters for _____?

_____ replacement _____ the _____ intake Filter boost _____ consumption _____?

_____ wise to _____ or _____ filters for fuel _____?

Does it make sense _____ replace _____ engine's _____ system _____?

_____ possible to change _____ system _____ and improve _____ efficiency?

Replacing _____ cleaning _____ filters can _____.

_____ the intake _____ filters be _____ replaced to _____ gas _____?

Do _____ need to be cleaned _____ for _____ gas _____?

_____ for _____ whether to clean or _____ the _____.

_____ can _____ to improve _____ changing _____ engine's air filter?

_____ you have _____ on _____ improve gas _____ by changing the _____?

Is it necessary _____ the intake _____ boost the _____?

Should I ____ or ____ my car's ____ efficiency?
____ I clean ____ replace the ____ on ____ engine?
____ you think ____ improves ____ mileage?
____ there ____ to improve ____ mileage ____ changing ____ engine's ____ filter?
Do you ____ engine's ____ be ____ or replaced?
____ I clean ____ the ____ filters ____ my vehicle's ____?
____ a good idea ____ clean ____ for better mileage?
____ you think ____ the intake ____ worth ____ for ____ efficiency?
____ the engine's ____ possibly boost gasoline consumption ____.
If ____ to ____ miles per ____ clean ____ replace ____ filters.
Did ____ know that ____ the engine's air ____ can ____?
____ you ____ about ____ intake filters?
____ the ____ clean or replaced?
Can ____ intake ____ mileage?
____ the intake ____ filters for ____ ones?
____ on the ____ potentially be replaced.
____ or ____ motor ____ filters now?
____ having the ____ system ____ changed ____ fuel ____?
Replacing ____ intake ____ could potentially boost ____ consumption ____.
Cleaning ____ Replacing intake system ____ gallon.
A replacement ____ the engine's ____ filters ____ boost ____.
Changing ____ improve mileage.
____ may need ____ for mileage boost.
Replacing ____ the intake filters can help ____.
____ clean motor air ____ for gas ____ advice?
____ you want ____ filters ____ or ____?
____ it a good ____ MPG through filter ____?
____ do ____ think is better ____ gas mileage by ____?
Do ____ intake ____ improves gas ____.
Can ____ or ____ fuel efficiency?
____ gas fuel ____ you ____ filters?
Better ____ be cleaned ____ replaced?
____ clean the ____ system ____ for ____ gas mileage?
____ a replacement ____ the ____ intake ____ help with gasoline ____?
____ it ____ to improve ____ efficiency by ____ engine ____ filters.
____ cleaning ____ filters will help save ____.
A replacement ____ intake ____ increase gasoline consumption ____.
____ make sense ____ replace ____ intake system filters.
____ you ____ the ____ filters to ____ cleaned, or ____ gas mileage?
____ it is ____ good ____ to ____ and change engine ____ filters?
Intake ____ can be cleaned ____ replaced ____ improve miles ____.
____ there ____ to increase gas ____ changing the ____ air ____?
Is it ____ to increase ____ mileage ____ cleaning ____ replacing ____.
____ the ____ intake ____ could potentially boost gasoline ____.
Air filters ____ be ____ or cleaned to ____.
____ a way ____ engine's intake filters?
____ any ____ to improve ____ mileage by changing ____ air ____?
It is ____ or ____ filters.
____ want ____ cleaned or replaced in order to improve ____?
____ or changing the ____ system filters ____ fuel ____

The ____ filters of the engine ____ or ____.

Changing and ____ can ____ car's ____.

Is it ____ enhance ____ servicing the engine ____ filters.

____ or replace ____ system ____ to ____ per gallons.

Do you want ____ filters?

____ or ____ air filters can ____ boost ____.

Do ____ the engine's filters ____ cleaned or replaced in ____?

Maybe ____ by ____ the filters?

Are ____ the intake ____ filters for a better ____?

____ think ____ system ____ should be cleaned or ____?

Should ____ system ____ be clean ____ replaced?

Better gas ____ if ____ are ____?

Is ____ possible ____ improve gas ____ by cleaning or ____.

____ if I should ____ the intake ____ clean them.

____ replace ____ system ____ in order to ____ miles per ____.

How can I maximize ____ mileage by ____?

Replacing ____ cleaning ____ intake filter ____ me ____.

____ system filters ____ be ____ efficiency.

Clean ____ intake system ____ in order ____ miles per ____.

Do ____ want ____ intake system ____ of ____ engine?

____ I clean ____ replace the intake ____ my ____?

I ____ to know if ____ should replace ____ intake ____ or ____.

____ it's possible ____ replace the air ____ in my ____ intake.

____ possible ____ the ____ intake ____ filters to ____ fuel efficiency?

____ you ____ to ____ or clean ____ system filters ____ a better ____?

____ I ____ or ____ filters?

____ gas ____ you ____ your intake ____?

____ filters ____ increase car's mileage.

I ____ the air filters in ____ could be ____ or ____.

____ or ____ the ____ system filters?

Do ____ to ____ intake system ____ clean them?

____ cleaning ____ intake ____ help me save on ____ costs.

____ swap ____ the ____ of ____ intake system?

Would it ____ or replace ____ intake ____ filters?

How ____ cleaning ____ engine's ____?

You ____ improve ____ gallon ____ cleaning or ____ intake system ____.

____ to replace engine filters ____ fuel ____?

____ want ____ change ____ clean the intake ____ filters ____ the ____?

____ boost ____ efficiency ____ the intakes.

Is ____ possible ____ the intake system ____ to improve ____?

____ may ____ changing/filtering the intakes.

Will a ____ engine's intake filters ____ consumption ____?

____ it possible ____ clean or ____ the engine ____?

____ replacement of ____ engine's ____ filters ____ increase ____ metrics.

____ mileage advice: ____ motor ____ now?

Is ____ possible to ____ fuel efficiency by servicing ____?

____ replace intake filter ____ increase ____?

Do ____ wish to ____ replace the intake ____?

Is ____ a ____ to clean ____ boost the gas economy?

____ you want to ____ car's ____ filters is ____.

_____ you think _____ filters should be _____ replaced?
 Is _____ a _____ to clean _____ the intake _____ filters _____ the _____?
 Change/filter _____ would boost _____.
 _____ filters is recommended _____ car's _____.
 You can _____ clean _____ replace _____ filters.
 _____ it make _____ to clean _____ air _____ improved gas mileage?
 _____ engine's _____ filters will _____ mileage.
 _____ I _____ replace the _____ filters _____ the engine?
 _____ I clean _____ replace _____ filters?
 Does _____ of _____ engine's _____ gasoline consumption metrics?
 Should the _____ system _____ engine be cleaned _____?
 Do _____ or clean the intake _____ filter?
 _____ gas mileage _____ improved _____ or replacing _____ filters?
 _____ make my _____ mileage _____ with _____ intake _____?
 Can _____ engine intakes filters _____ serviced _____ efficiency?
 Do you want to _____ to get _____ better gas _____?
 Cleaning the intake system _____.
 _____ you _____ me _____ recommended _____ clean or _____ the _____ air filters?
 _____ filters _____ good _____ to improve gas mileage?
 _____ possible to _____ replace _____ air _____ in _____ to increase _____ fuel economy?
 _____ a good idea _____ the filters on _____ in order to _____ fuel _____?
 Does _____ engine's intake filters need _____ replaced?
 Should _____ replace the filters _____ maximize _____ on my car?
 _____ it make sense to _____ engine _____ filters _____ optimal _____?
 Do _____ want _____ replace the _____ System filters?
 _____ or _____ the _____ filters for _____ mileage?
 Are _____ looking _____ advice _____ intake _____ to boost gas economy?
 _____ in favor _____ changing _____ to _____ gas mileage?
 Maintaining optimal _____ be _____ through _____ and changing _____ intake _____.
 Should _____ replace _____ intake filter _____ the _____ economy?
 How can _____ gas _____ changing the engine's air _____?
 _____ cleaning _____ filter _____ reduce my gas costs.
 _____ possible to _____ gas _____ clean or new filters?
 Do _____ want _____ the engines filters?
 _____ ways to _____ gas mileage if _____ change _____ air _____.
 _____ if you _____ intake filter.
 _____ changing _____ intake _____ improve _____ fuel efficiency?
 Changing the engine's air _____ way to _____.
 _____ it _____ to clean or replace the air _____ to improve _____?
 _____ system filters can _____ efficiency
 I _____ know if you _____ intake _____ gas mileage.
 _____ fuel with _____ change in _____.
 _____ gas _____ if the _____ are _____ now?
 Will cleaning _____ filters improve _____ fuel consumption rate?
 _____ the air _____ could _____ vehicle's fuel _____.
 Do you want _____ be cleaned _____ replaced in order to _____ gas _____?
 Clean _____ engine's intake _____?
 How _____ engine _____ and _____?
 _____ are _____ to improve _____ via changes _____ air filter.
 Do _____ it's good _____ change _____ engine intake _____?

There are ____ to improve ____ by changing ____ engine's ____.

Are ____ going to change ____ intake ____?

Should ____ intake ____ be ____ replaced for better ____?

____ have any tips to increase ____ air filter?

Do ____ want to ____ MPGs ____ clean ____ filters?

____ cleanse ____ replace the intake system filters?

Should I ____ on ____ for fuel efficiency?

____ or cleaning ____ intake ____ can help save ____.

____ I ____ my engine's ____ filters ____ replaced?

Changing the intake ____ help ____.

____ air ____ or ____ air ____ can ____ gas mileage.

____ you want ____ or clean ____ filters?

____ sense to check and change ____ to maintain ____ gas ____?

____ changing ____ system filters ____ efficiency.

Is it possible ____ engine ____ filters ____ increase ____ efficiency?

Did you know ____ filter can ____ gas mileage?

Is ____ good ____ to change the motor ____?

If ____ on ____ do it to maximize fuel efficiency?

Improve miles per ____ if ____ replace intake ____.

____ or swap ____ filters for better mileage?

____ clean ____ air ____ for gas ____?

The ____ filters on ____ engine ____ be replaced ____.

____ engine ____ is a ____ way to improve ____.

Cleaning ____ the intake system ____ improve fuel ____.

____ my ____ by ____ my intake filters?

____ or ____ intake filters?

Is ____ possible ____ clean or ____ engine ____ for ____?

____ I ____ engine's filtering ____?

Intake ____ filters ____ be cleaned ____ for gas ____.

Do ____ intake ____ filters for ____?

Changing/cleaning ____ induction ____ car's mileage.

____ it ____ to ____ motor ____ filters ____?

Replacing or ____ intake ____ make ____ gas costs.

Do ____ to ____ the ____ system ____?

Looking ____ or ____ intake filters to ____ gas economy.

Do you want to ____ the ____ system?

____ or ____ filters ____ fuel efficiency?

____ I clean/replace the ____ filters for ____ economy?

____ possible ____ improve ____ per gallon by ____ or ____ filters.

Better gas ____ if ____ is ____?

Better ____ intake ____ changed?

____ in my car's intake ____ its fuel ____.

Need ____ new ____ filters for ____?

____ it a ____ idea to ____ or replace ____ intake ____ to increase ____?

____ changing ____ filters ____ gas ____?

____ the air ____ my vehicle could improve ____.

____ for ____ on ____ or replace intake ____ to ____ economy.

There ____ suggestions to ____ mileage by ____ the engine's ____.

Do ____ think ____ filters ____ gas mileage?

I ____ I should clean ____ replace ____ intake system ____.

Replacing _____ will _____ me save on gas _____.

It would be worth _____ for _____ efficiency _____ clean _____ switch _____.

Clean or _____ for _____ mileage?

How _____ maximize gas _____ by _____ air filters?

_____ a better _____ clean or replace _____ filters?

_____ gas _____ if Intake _____ changed?

_____ clean or replace the _____ of my _____?

Changing or _____ intake _____ filters _____ improve fuel _____.

Should _____ motor air _____ be _____?

_____ possible _____ gas mileage by _____ or changing air _____?

Can fuel _____ improved by _____ intake system _____?

_____ it _____ or change the intake system _____?

Do _____ or clean _____?

Is _____ idea _____ or _____ filters _____ a better fuel economy?

Has it _____ to clean _____ intake _____ filters?

_____ would you _____ to _____ gas _____ by changing _____?

_____ replacement of _____ engine's _____ increase _____ usage metrics?

_____ engine's _____ filters should _____.

_____ I clean or _____ the intake _____ car?

_____ replace an _____ filters?

Is _____ possible _____ good _____ clean or new filters?

_____ an intake _____ can help save _____ costs.

Should _____ clean or replace _____ the engine?

_____ need _____ on _____ to _____ or clean _____ filter.

Can replacing _____ intake filter _____ gasoline _____?

Is it _____ it _____ intake filters _____ improve _____?

Engine _____ be _____ or _____ for better _____ efficiency.

_____ system filters should _____ clean _____ gas efficiency.

_____ the air _____ my vehicle's _____ to improve _____ fuel economy.

_____ swap the _____ system filters _____ gas _____?

_____ fuel with _____ change _____ intake _____?

Should I _____ the intake _____ on the _____?

_____ you _____ the engine's filters _____ or _____ order _____ maximize gas mileage?

_____ change _____ air filters in my vehicle's _____.

Change/ _____ filters _____ gas mileage _____?

Is it possible _____ improve _____ consumption metrics _____ replacing _____?

Would _____ be _____ to clean _____ system filters?

_____ have the engine's filters _____ replaced for _____ gas mileage?

Is _____ to _____ efficiency by _____ the engine intake _____?

Is it better _____ clean _____ replace _____ intake system _____?

There _____ to _____ gas mileage by _____ or _____ filters.

A _____ of the _____ intake filter could _____ boost _____.

What do you _____ improve gas _____ by _____ intake filters?

How _____ filters improve gas _____?

Will _____ be _____ to clean _____ the intake _____?

_____ you want the _____ cleaned or _____?

Can a _____ of _____ intake _____ increase _____ consumption _____?

_____ swap _____ engine _____ may _____ recommended.

_____ changing intake _____ you _____ mileage?

_____ you think _____ filters _____ improve _____?

Can the _____ be _____ enhance fuel _____?

_____ changing _____ cleaning _____ improve fuel _____?

Improve _____ gas _____ filter _____?

Replacing _____ air _____ can _____ improve gas mileage.

_____ any way to _____ by _____ filter on the engine?

_____ need to _____ change the intake _____ filters?

Should _____ the intake _____ in my engine?

_____ it _____ idea to replace _____ engine filters?

Should I _____ intake system filters in _____?

Is _____ to _____ efficiency by _____ or cleaning it?

I wonder _____ it is _____ to _____ or replace _____ in _____ car's _____.

_____ or cleaning _____ intake filter _____ save on _____.

_____ make sense to _____ intake _____?

Do _____ clean or _____ the filters _____ your _____?

clean _____ system filters to _____ miles _____ gallon.

Should _____ or replace the _____?

_____ I _____ the engine's _____ system _____ clean them?

_____ filters can _____ gas _____?

Can _____ intake _____ filters improve _____?

The intake _____ be _____ for _____ efficiency.

_____ wise to _____ the _____ system _____ clean them?

Changing/cleaning induction _____ maximize _____ MPGs

_____ maintaining optimal _____ mileage _____ inspecting and changing _____ filters?

Do you _____ any _____ on _____ to _____ gas mileage _____ air filters?

_____ air _____ vehicle _____ help its fuel economy.

Engine _____ cleaned _____ replaced.

_____ it your _____ to _____ the _____ filters cleaned _____ for better _____?

Do you think _____ a _____ check _____ change _____ intake filters?

Cleaning _____ changing the _____ worth it for _____?

Is _____ advisable to _____ air _____?

Does _____ engine's _____ system _____ need _____ cleaned _____ replaced?

Cleaning _____ replacing _____ filters _____ maximize _____.

Are engine _____ cleaned _____ replaced _____?

_____ the filters _____ the _____ to be _____ or replaced for better _____?

Cleaning _____ replacement _____ air filters can _____ mileage.

Did _____ filters need to be _____ fuel _____?

_____ filters can improve the _____.

Change _____ filters _____ improve _____.

Replacing _____ intake system _____ can improve _____ per _____.

_____ you like _____ or _____ the _____ system filters?

Can _____ system filters be _____ to improve fuel _____?

Change or clean _____ system _____ to _____ per _____.

_____ induction _____ can increase _____ car's _____.

_____ vehicle's _____ consumption _____ will _____ improved by cleaning _____ air filter.

Do _____ think changing intake filters _____?

Air _____ be replaced _____.

Change/ _____ filters _____ maximize car's _____?

_____ possible to _____ the air _____ vehicle's _____ to increase its _____ economy?

_____ advice _____ whether to _____ replace the _____ filter.

Better mileage _____ clean _____ replace _____?

_____ engine's filters be _____ replaced _____ better _____ mileage?

Will I _____ gas _____ fussing _____ intake filters?

_____ suggest changing _____ filters to maintain optimal _____?

_____ to change _____ clean the _____ filters of the _____?

Clean or _____ system _____ miles per gallon.

_____ Induction filters _____ increase _____ mileage.

Is it _____ idea _____ swap _____ air _____ or _____ it?

_____ engine _____ need to _____ for fuel efficiency.

_____ to _____ or _____ the Intake system filters?

Replacing _____ cleaning intake filters can _____ gas _____.

How _____ for optimal gas mileage?

Can _____ the intake system _____ fuel efficiency?

_____ gas fuel by _____.

Clean or swap _____ filters is _____ for _____.

_____ intake system _____ for better miles _____ gallon.

How about _____ engine intake filters _____ maintain _____?

Replacing or _____ filters may _____ me _____ on _____.

_____ filters is _____ for _____ MPGs.

Is _____ improve my vehicle's _____ consumption _____ by changing _____ air _____?

_____ swap _____ filters _____ be recommended.

Do _____ want _____ filters replaced or cleaned _____ gas _____?

Is _____ to clean _____ filters _____ fuel efficiency?

_____ or _____ air _____ are ways to _____ mileage.

Is it possible to _____ the _____ cleaned _____ better _____ mileage?

_____ clean _____ to increase gas _____.

Do you suggest _____ the _____ intake _____ for _____?

_____ filters _____ improve gas _____.

Does _____ cleaning the intake system _____ efficiency?

Do you recommend changing _____ optimal _____ mileage?

Is _____ idea _____ replace the engine's intake filters?

_____ replace intake system filters to _____ per _____.

Will _____ air _____ changed or cleaned _____ improve _____ vehicle's fuel _____?

Should _____ clean the _____ on my car _____ efficiency?

Clean _____ system _____ how to _____ miles per gallon.

_____ there a _____ mileage with _____ or _____ filters?

_____ mileage, _____ you _____ intake filters?

_____ want _____ replace or clean the intake _____?

_____ engines intake filters?

Intake _____ filters _____ cleaned _____ replaced.

_____ be replaced or cleaned _____ efficiency _____ my car?

_____ air filters _____ intake could increase its fuel economy.

_____ intake filters should _____.

Changing/ cleaning Induction _____ recommended _____ mileage.

_____ possible to _____ the _____ system filters to improve _____?

_____ engine _____ or _____ them?

_____ for _____ efficiency to clean _____ change intake _____ filters?

_____ get _____ engine's filters _____?

_____ the _____ increase fuel _____.

Is it possible _____ fuel _____ servicing the _____ filters?

_____ filters can _____ clean _____ replaced.

____ or cleaning the ____ filters ____ my fuel economy.
 ____ good ____ swap the ____ system filters for ____ efficiency?
 ____ clean ____ alter ____ air filters?
 Does ____ clean or replace ____ intake filters?
 Cleaning ____ system ____ would ____ worth ____ fuel efficiency.
 Do ____ think ____ would be ____ good idea ____ intake filters?
 There ____ changes ____ the engine's air ____ can ____ gas ____.
 ____ system filters ____ be swapped for ____ efficiency?
 ____ intake ____ improve gas ____
 Should ____ care ____ the ____ filters?
 ____ it ____ to replace ____ clean the ____ on ____ to ____ fuel ____?
 Can the ____ intakes filters be serviced ____?
 A replacement ____ engine's intake ____ can boost ____.
 Do you ____ engine's ____ to be ____ replaced to ____ mileage?
 Do you ____ to change ____ system filters for ____?
 Changes in ____ air ____ can ____ mileage.
 Clean or ____ intake system ____ for ____ gallon.
 Is ____ a good idea ____ clean or ____ the ____?
 ____ or swap engine ____ be a ____.
 ____ the intake ____ the engine?
 It's recommended to ____ induction filters to ____ car's ____.
 Should we ____ engine intake ____?
 ____ you ____ it is ____ to clean or ____ the ____?
 ____ I replace ____ filters ____ them to ____ fuel efficiency?
 ____ intake ____ filters to ____ miles per gallon.
 Replacing or ____ intake system filters ____ miles ____.
 I'm wondering if ____ should ____ or ____ filters.
 ____ be replaced ____ cleaned to maximize fuel efficiency ____?
 ____ to know if ____ idea to ____ or replace the ____ air ____.
 ____ I ____ filters ____ my car, should ____ do ____ to ____ efficiency?
 Clean or replace ____ filters ____?
 Will ____ air filter ____ cleaned to improve my vehicle's ____?
 Would ____ wise to ____ intake system ____?
 Do ____ engines ____ cleaned ____ replaced ____ better gas mileage?
 Consider ____ save fuel.
 ____ changing ____ intake ____ filters going ____ fuel efficiency?
 ____ or swapping out ____ air filters ____ vehicle's fuel ____?
 ____ better ____ the engine's intake filters ____ replace ____?
 New ____ might ____ mileage?
 Changing/cleaning ____ is ____ to ____ car's ____.
 ____ the ____ intake filters?
 Cleaning or replacing ____ filters ____ mileage.
 Is ____ to ____ air ____ more miles ____ gallon?
 Can ____ system ____ cleaned ____ changed ____ improve fuel ____?
 ____ want ____ clean or replace ____ intake ____ Filters?
 Better mileage, ____ or replace ____?
 Do ____ want the engine's ____ or replaced so ____ has ____ gas ____?
 ____ we do about the ____ filters ____ efficiency?
 Can ____ me ____ it ____ good ____ or replace the ____ air filters?
 Do you suggest ____ or inspecting ____ intake ____ mileage?

Do I _____ to change _____ filters _____ better _____ mileage?

Replacing or cleaning _____ me gas money.

_____ do _____ optimal gas mileage by _____ filters?

There are tips _____ to increase _____ by changing _____ engine's _____.

_____ it _____ sense _____ replace or _____ the filters _____ my car _____ efficiency?

Is _____ engine's _____ or _____ they be replaced?

Do _____ the _____ cleaned or replace for _____ mileage?

Should _____ engine's _____ cleaned?

_____ would be _____ idea to _____ engine filters.

Will _____ air filter _____ my _____ fuel consumption?

Should _____ be changed?

_____ the _____ air _____ need to _____ cleaned _____ replaced _____ better gas _____?

Replacing or cleaning _____ intake _____ will _____ me _____.

_____ clean _____ replace my _____ filters?

Is it _____ change _____ intake _____ optimal gas mileage?

Do _____ engine's intake filters need to _____?

There are _____ to _____ via _____ the _____ air filter.

_____ I _____ filters on _____ car _____ to maximize fuel efficiency?

_____ or _____ an _____ filter _____ help _____ me gas.

Can the filters _____ increase fuel efficiency?

_____ it recommended to _____ and _____ filters _____ optimal gas _____?

It is _____ clean _____ swap the _____ filters _____ mileage.

Is it _____ the engine _____ be _____ enhance fuel efficiency?

_____ filters need _____ cleaned for a better gas _____?

Do you _____ engine's _____ or _____ to _____ better gas _____?

Clean _____ system filters _____ to increase mileage.

_____ recommended _____ change or clean _____ filters _____ maximize _____ MPGs.

Changing _____ system filters is worth _____?

_____ a replacement of _____ intake _____ increase _____ consumption _____?

Is it _____ clean _____ replace the _____ air _____?

_____ it _____ idea _____ filters on my car _____ increase fuel _____?

_____ engine's intake filters _____ be replaced _____ cleaned?

Do _____ recommend _____ optimal _____ by changing _____ filters?

_____ cleaning _____ filters improve fuel _____?

Do _____ replace the intake _____ filters _____ a better _____?

Replacing or cleaning intake _____ cut _____ costs.

Can _____ changing _____ fuel efficiency?

Do you _____ change _____ engine _____ system _____?

_____ intake filters can _____ me gas _____.

_____ a _____ idea _____ clean/replace the _____ intake filters?

What if _____ filters _____ be _____ for better gas mileage?

Do _____ to change or _____ the _____ intake _____?

_____ better to clean/replace _____ intake _____ for _____ engine?

Maybe _____ the engine _____?

Changing/cleaning induction filters _____ to _____ mileage.

_____ or _____ to boost _____ economy?

_____ it a _____ idea to _____ intake _____ to _____ gas economy?

Clean _____ filters should be recommended for _____.

Is it _____ intake filters?

Will _____ or _____ the air _____ fuel consumption rate?

_____ might _____ a good _____ to clean or replace _____.

I _____ if _____ should _____ or replace _____ intake _____.

Replacing _____ might increase _____ consumption metrics.

_____ and replacing air filters can _____ to _____.

_____ it _____ good idea _____ filter to boost the economy?

_____ you _____ the engine's filters _____ or replaced _____?

_____ it a good idea to _____ air _____ engine?

Do _____ intake _____ the engine should _____ changed?

What is _____ best way _____ replace _____ engine's intake _____?

Cleaning or _____ intake _____ filters _____ per gallon.

Do _____ want to _____ or _____ intake system _____

_____ the _____ should be cleaned or replaced.

_____ it _____ or replace the intake _____?

_____ you think _____ to change _____ filters?

Better _____ intake filters were _____?

What _____ think about changing _____ Improving gas _____ by _____ filters

Replacing _____ in my vehicle's _____ might improve _____ fuel _____.

_____ clean the _____ filters _____ maximize the car's MPG's.

_____ I _____ intake filters of _____?

Will changing _____ air filter _____ my _____ fuel _____?

Is _____ to clean _____ the Intake System filters?

_____ air filters can _____ gas _____.

Is _____ to _____ optimal _____ mileage by changing engine _____?

_____ mileage with replacing _____ cleaning _____?

Seeking _____ about whether _____ clean _____ replace _____ filter.

Replacing _____ filters _____ help save _____ costs.

Do _____ think it's _____ good idea _____ clean _____ the _____ air _____?

What do _____ gas mileage by _____ filters?

_____ or _____ the _____ system filters improve _____ efficiency?

There _____ ways _____ improve _____ gas _____ by _____ engine's air _____.

_____ mileage with _____ intakes?

_____ it _____ good idea _____ clean the _____ system filters?

_____ gas mileage by _____ replacing _____.

Better _____ be replaced?

_____ it _____ sense _____ clean _____ intake _____ filters _____ fuel efficiency?

Do you _____ engine's _____ cleaned _____ replaced _____ give you _____ gas _____?

_____ or _____ intake system _____ can increase _____ gallon.

How _____ engine filters for _____?

_____ you think it _____ be _____ or replace the _____ system filters?

_____ the intake system _____ or _____ gas efficiency?

_____ or _____ best intake _____ filters?

There _____ ways _____ increase gas mileage _____ the engine's _____.

Changing/ _____ the induction _____ is recommended _____ MPG's.

_____ or cleaning the _____ help _____ gas costs.

Replacing the air _____ vehicle's _____ its fuel economy?

Fuel _____ can _____ improved if the _____ system filters _____.

You _____ possibly boost _____ efficiency _____ the _____.

_____ engine filters _____ fuel efficiency?

_____ think _____ engine's _____ should be changed?

Cleaning the intake _____ could _____.

Replacing ____ cleaning ____ filters can help ____ gas ____.

____ my engine's ____ filters ____ replaced?

Suggestions on ____ to increase gas ____ the ____ air ____?

Is it possible ____ intake ____ increase fuel efficiency?

Is ____ the intake system ____ worth ____ for fuel ____?

____ or ____ intake ____ for a ____ fuel economy?

____ or ____ intake ____ filters to ____ miles ____ gallon ____.

Would ____ make sense ____ the intake ____ filters ____ or ____?

____ a good idea ____ intake filter to ____ economy?

Do you ____ to ____ or ____ order to improve gas mileage?

Replacing the ____ could possibly ____ gasoline ____ metrics.

Do ____ recommend ____ and changing ____ maintain ____ gas mileage?

How ____ enhance gas ____ by changing ____ air ____?

Do you want the engine's ____ cleaned ____ increased ____ mileage?

Should I ____ intake ____ engine?

Is it ____ good idea to ____ swap ____?

Is it ____ to ____ replace ____ engine ____ for fuel ____?

Change/ clean ____ filters is ____ to ____.

Replacing or cleaning ____ is ____ way ____ improve ____.

____ be used to maximize ____ mileage.

____ replacing ____ can improve miles per gallon.

____ the ____ system filters ____ or ____ to ____ fuel efficiency?

Is it ____ good idea ____ and replace ____ system ____?

____ and replace ____ filters ____ gas ____?

Is ____ possible ____ change ____ the engine's ____ filters?

Did you know ____ by cleaning ____ air ____ you can ____?

Do you ____ to ____ the ____ intake system ____?

____ it possible you ____ to change ____ system ____?

____ filters can help ____ gas.

____ you ____ changing the ____ filters ____ optimal gas ____?

____ to ____ the intake system filters or ____ them for ____ mileage?

Clean ____ filter ____ boost gas ____.

____ if ____ was possible ____ clean or replace ____ air ____ vehicle's intake.

Replace or clean ____?

Should the ____ intake filters ____?

Is ____ to ____ or ____ intake filters?

Suggestions on ____ to ____ gas ____ changes ____ the ____ air ____?

Change or ____ intake ____ filters ____ improve fuel ____.

Can you ____ change the ____?

Do you ____ and ____ engine ____ filters is ____ good ____?

Do you believe ____ engine's ____ be cleaned or replaced ____?

____ a way to ____ by changing ____ engine's air ____?

Replacing ____ engine filters ____ improve ____.

____ gas fuel if ____ intake ____ changed ____?

____ it possible ____ increase ____ replacing air filters?

____ you think ____ filters ____ gas ____?

____ if you clean ____ replace the ____.

How ____ the ____ filter ____?

Is ____ idea to clean or swap ____.

Should I ____ the intake ____?

_____ want _____ or _____ the intake systems filters?
 _____ or replacing _____ be used _____ gas mileage.
 _____ cleaning induction _____ can help maximize _____.
 Replacing _____ air filters in _____ improve _____ fuel _____.
 _____ swap out _____ air filter improve _____ fuel _____?
 _____ of the _____ filter improve my vehicle's _____ usage?
 You _____ enhance gas _____ by changing _____ air _____.
 _____ air _____ can help enhance gas _____.
 It _____ worth it for fuel _____ to _____ or _____.
 Replacing the _____ vehicle's intake _____ potentially improve _____ economy.
 Did the _____ system _____ cleaned or replaced?
 _____ I _____ intake system _____ or _____ them?
