

[Demo] NLP Dataset for Customer Service Automation

Company Type	Internet Service Providers
Inquiry Category	Data usage and bandwidth queries
Inquiry Sub-Category	Network congestion issues
Description	Customers may encounter slow internet speeds or decreased performance during peak hours or in densely populated areas. They reach out to their ISPs for solutions to mitigate network congestion, improve speeds, and address any service disruptions caused by high demand.
Data Size	5,096 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Internet Service Provider" customer inquiry. (Purchased data will not be masked.)

____ measures are being taken ____ alleviate ____ internet ____ ____ ____ networks or ____ usage ____ ?
 ____ are ____ to ____ the ____ internet ____ because of ____ many networks?
 ____ ____ ____ place to fix the slow internet speeds ____ overloading networks and ____ ____ ____ .
 ____ ____ know of ____ efforts ____ curb slow internet ____ ____ ____ congested networks?
 Can ____ tell ____ about ____ being ____ ____ ____ network congestion and slow internet speeds?
 ____ be ____ to fix the ____ internet speeds ____ ____ networks?
 ____ browsing issues are occurring because of ____ ____ ____ times, ____ ____ are ____ made to alleviate ____ ?
 ____ ____ internet speed ____ the network is ____ ?
 What ____ networks ____ are very ____ ____ internet?
 ____ ____ on efforts ____ curb ____ internet speeds ____ to congestion?
 Slow ____ speeds ____ overcrowded ____ or peak ____ periods ____ ____ addressed.
 ____ would appreciate ____ information ____ ____ taken ____ ____ busy-network, slow- internet conditions.
 ____ would like ____ know how ____ ____ ____ to help ____ busy-network, slow- internet ____ .
 There ____ to fix ____ internet ____ to too ____ networks and peak ____ .
 ____ are plans to ____ speed when ____ jam ____ .
 ____ ____ overburdened ____ is ____ issue of ____ internet speed addressed?
 ____ are ____ to ____ ____ are a lot of people online?
 Is anything ____ ____ ____ that reduces internet speed?
 ____ possible to ____ internet ____ from overcrowded ____ or ____ ?
 ____ there ____ the ____ during peak usage?
 When networks become ____ is the ____ of slow ____ ____ ?
 ____ is happening ____ fix ____ slow ____ speeds from the ____ ?
 Slow ____ speeds from overcrowded networks ____ ____ needs ____ be ____ .
 ____ ____ on addressing overcrowded net ____ ?
 Is there a way ____ ____ affecting speed?
 Are ____ trying to deal ____ overcrowded ____ ____ ?
 Is there ____ plan to ____ slow ____ peak ____ ?
 ____ internet caused by ____ networks/peak ____ ____ being ____ .

_____ would _____ to _____ how the _____ to alleviate _____ slow-internet conditions.
 Do you have _____ solutions _____ combat _____ speeds _____ or crowded networks?
 _____ update on _____ to _____ internet _____ by congested networks during _____ usage.
 _____ know _____ measures taken _____ allay busy-network, _____ internet conditions.
 There are _____ tackle _____ due to a _____.
 _____ there's too _____ online, _____ going to fix the slow _____?
 _____ internet is caused _____ networks and _____.
 _____ about networks with _____ causing slow _____?
 _____ internet _____ over stressed _____ is being addressed.
 _____ addressing overcrowded net _____?
 How _____ improve _____ during _____ times.
 Is there _____ plan _____ wi-fi _____ to overcrowding?
 There are plans _____ molasses-slow net _____ brought _____ by _____ or _____ playing _____.
 _____ peak times cause _____ downs?
 _____ are the _____ taken _____ mitigate _____ connections in _____ networks?
 _____ anything _____ done about the _____ that reduces internet _____?
 How _____ a slow internet _____ there's _____ many _____ online?
 What are the solutions available _____ fix _____ internet _____ by _____?
 Is _____ anything _____ done _____ tackle _____ speed issues?
 Measures to tackle _____ due _____?
 _____ network _____ busy how are _____ slow internet _____?
 What _____ the _____ to deal with _____ and _____?
 Is there _____ way _____ slow internet speeds caused _____?
 Is there a _____ alleviating _____ slowdowns _____ networks?
 Which solutions are _____ put _____ to alleviate _____ speeds caused _____?
 _____ being done to fix the _____ internet speeds _____ networks _____ usage _____?
 We _____ like _____ know how the _____ busy-network, _____ conditions.
 _____ you can _____ the _____ internet connections _____ lot of _____ the service at the same _____?
 How can networks _____ speeds _____?
 _____ are _____ steps being taken _____ network _____ and _____ internet?
 Slow browsing _____ occurring _____ of _____ what efforts are _____ to fix _____?
 How _____ internet _____ during busy _____ on _____ network?
 Measures to tackle _____ due _____?
 _____ you _____ to _____ internet speed _____ there _____ lot of _____?
 Do _____ know _____ are _____ to tackle slow _____ due _____ too many people _____ it _____ the _____?
 There _____ to tackle internet _____ overcrowding.
 _____ do you plan to _____ overcrowding _____?
 _____ to _____ about _____ measures taken _____ alleviate busy-network, _____ internet conditions.
 _____ networks _____ overburdened _____ the issue of _____ speed _____?
 When _____ are _____ up, what should be done _____?
 Are _____ net _____ speed?
 _____ overstressed networks/peak times.
 _____ you _____ steps _____ improve _____ internet speeds?
 _____ usage periods _____ overcrowded networks can _____ internet _____.
 _____ are your _____ solutions _____ combat _____ internet speeds _____ by high _____ or crowded _____?
 _____ we improve internet _____ to overcrowded _____?
 _____ would _____ know _____ about the _____ to alleviate busy-network, _____ conditions.
 How are you _____ to fix the _____ when _____ online?
 What are _____ being taken to slow _____?
 How _____ of slow internet _____ networks overburdened?

Can _____ us the actions _____ being taken to tackle _____ congestion _____?

We _____ like to _____ more _____ the _____ alleviate busy network, _____ internet _____.

Is there _____ to _____ slow _____ because _____ too many networks?

When _____ become _____ the problem of _____ speed addressed?

Slow _____ over _____ networks/peak times _____ being addressed.

_____ there _____ way _____ fix slow _____ when _____ too _____ people _____?

The steps _____ network _____ overcrowding?

_____ done to fix the slow _____ by _____ networks.

How are _____ with _____ in busy _____?

_____ are the solutions _____ put in _____ that are _____ overcrowded networks?

_____ are _____ sluggish _____ due to overcrowded networks

Is there a plan to address _____?

_____ are currently being taken _____ network _____ leads _____ internet performance?

How are _____ steps _____ taken _____ address network congestion _____?

Something _____ being done _____ the slow internet _____ caused _____ overloading _____ and _____.

Do _____ what steps _____ to _____ slow _____ to too _____ using it simultaneously?

_____ there anything _____ done _____ internet _____ to _____ networks?

What are the _____ taken to _____ and the _____ internet _____?

_____ or solutions _____ to combat sluggish internet _____ caused by high _____?

Measures _____ internet slowdowns _____ to _____ are _____ taken.

Is there _____ improve _____ during peak _____?

_____ you _____ what _____ are being _____ tackle network congestion and impact _____?

_____ of _____ use the _____ the _____ time, is there _____ being done _____ the slower _____?

The _____ being put in place _____ slow _____ caused by _____ networks and peak _____.

_____ any plan to improve slow _____ during _____?

_____ you tell _____ the actions being _____ network congestion?

How _____ being _____ to _____ network overcrowding leading to slow _____?

Reducing slow _____ caused _____ high _____?

_____ any _____ to improve sluggish _____ and overload _____?

Is there a _____ alleviate low-quality _____ periods?

_____ plans to improve the _____ during _____ usage?

_____ the _____ internet when there's too many _____ online?

_____ you _____ we _____ curb slow internet speeds _____ peak usage?

_____ are solutions being put _____ place _____ fix the _____ are too _____.

We would _____ to _____ how the _____ adopted _____ alleviate busy _____ slow _____.

_____ steps _____ being taken _____ resolve _____?

What _____ be done _____ internet _____?

_____ there any _____ for sluggish _____ and overload _____?

_____ are _____ going to _____ overcrowding and _____ nets?

_____ you _____ sluggish _____ caused by _____ user demand or _____ networks.

_____ you _____ about efforts _____ curb _____ by congested networks?

_____ you have any _____ to handle _____ network _____ peak hours?

_____ what steps are being _____ address _____ leads _____ slow internet performance?

Is _____ plan _____ address _____ wi-fi due to overcrowded _____?

_____ do _____ deal _____ speeds when _____ network is busy?

_____ there anything being done _____ slow browsing issues _____?

_____ us _____ the action _____ to tackle network _____ and slow internet _____?

_____ people are using the internet at _____ time, _____ anything being done _____ the connection?

Is _____ any _____ to dial down _____ net speeds _____?

_____ internet is _____ due to crowded _____ peak _____

We _____ to know _____ about the _____ taken to _____ and _____ internet.
 _____ steps _____ and speed overcrowding?
 _____ happening to _____ the slow _____ speeds _____ networks.
 _____ to deal _____ overcrowded net impacting _____?
 _____ internet is _____ by _____ or high demand, any _____ it?
 _____ make _____ internet _____ due to overcrowded networks?
 How _____ speeds addressed during _____?
 How will _____ handle congestion _____?
 During _____ steps _____ be taken to improve _____?
 _____ to improve internet during _____ usage?
 How do you _____ slow internet _____?
 _____ being done about the slow _____ overstressed _____?
 _____ me _____ steps _____ taken _____ tackle _____ internet because of too many _____ it _____.
 _____ the _____ alleviate busy network and slow internet during peak _____.
 Are _____ improve _____ when there is lots _____ traffic?
 _____ there _____ network and speed overcrowding?
 What _____ being taken to _____ too many people using it _____?
 How _____ networks that _____ the speed?
 _____ done about _____ net speeds brought _____ by _____ intense _____ time?
 We would like _____ know _____ about _____ measures _____ to _____ busy-network, _____.
 What _____ to _____ slow internet _____ because _____ networks or _____ usage periods?
 _____ steps to _____ internet _____ to _____ network or _____ use?
 Slow _____ occurring because _____ overcrowded _____ times are _____ addressed.
 _____ are _____ fixing the internet _____?
 _____ internet caused _____ demand is _____ subject of current _____.
 The _____ internet _____ are down _____ many _____ peak usage.
 _____ to mitigate _____ internet caused by crowding _____?
 _____ would _____ know what _____ are _____ taken to tackle slow internet due to too _____ the _____.
 _____ there _____ dialing down _____ slow net speeds brought _____ overload?
 _____ internet sluggishness managed _____ busiest _____?
 When networks _____ how is the _____ of _____?
 _____ would _____ to _____ were _____ to alleviate _____ slow-internet conditions.
 _____ want _____ what steps are _____ to _____ the issue of _____ internet _____ to too many _____ it _____.
 Does _____ plans _____ the internet during peak _____?
 _____ internet speeds _____ blamed on _____ or _____ usage periods.
 _____ let _____ know about the _____ being taken _____ network congestion and _____ speeds?
 What _____ the solutions _____ place _____ internet speeds _____ by overcrowded networks _____ periods?
 _____ let _____ know how _____ being taken _____ network _____ will impact internet _____?
 Is _____ address sluggish _____ overload or peak usage?
 What _____ put in _____ to address _____ overcrowding and _____ performance?
 Are _____ trying _____ internet _____ there _____ a _____ of traffic?
 _____ about _____ slow internet _____ to congested networks during peak usage?
 We would _____ to know _____ about _____ taken _____ alleviate _____ internet conditions.
 _____ can be done _____ alleviate slow internet speeds _____?
 _____ steps are being taken to tackle _____ internet _____ to _____ many people using _____ at _____ time.
 Something _____ done to fix the _____ speeds _____ of too _____ or _____.
 _____ are _____ internet speeds due _____ peak usage periods.
 _____ know _____ are being _____ to _____ internet due to too many people _____ it _____ same _____?
 There is slow _____ speeds _____ to _____ or _____ periods.
 Over _____ peak _____ can cause slow internet _____.

Slow _____ speeds _____ result of _____ many networks _____ peak _____.

When a lot of people _____ the _____ time, _____ any plans to _____ fast?

Do _____ any ways to _____ sluggish _____ by _____ user _____ or _____ networks?

_____ there anything done about _____ of _____ networks?

_____ improve crowded internet _____?

Slow internet because _____ stressed networks/peak _____ a _____.

Is there _____ alleviate slow _____ issues because of _____?

_____ an _____ the efforts to _____ caused by congested _____?

_____ would like to _____ more _____ measures _____ to alleviate _____ slow internet during peak _____.

Give _____ efforts _____ internet speeds _____ by congested networks _____ peak _____?

There _____ steps _____ speed overcrowding

Please _____ of the _____ being taken _____ network congestion _____ internet _____?

_____ are _____ slow internet speeds _____ busy times?

_____ place to _____ slow internet speeds _____ by overloading networks and _____ usage periods.

How is _____ busy times?

_____ would like to _____ more _____ the measures _____ allay busy-network, _____.

How can we tackle _____ a crowded _____ or _____?

_____ are _____ to tackle internet _____ because _____ a _____.

_____ prime _____ hours, _____ plans to end the _____ on _____ net?

How can we _____ overcrowded _____?

How can you combat the sluggish _____ speeds caused _____?

There are steps _____ to _____ slow _____ to _____ people _____ it simultaneously.

_____ become overburdened, how _____ slow internet _____?

We would _____ learn more about the measures _____ busy-network, _____.

_____ be plans _____ internet during _____ hours?

Is _____ a plan _____ reducing _____ net _____ brought _____ by overload _____ intense _____?

_____ be _____ to _____ internet slowdowns from overcrowded _____?

Slow _____ stem _____ networks or _____ usage periods.

Something _____ to fix _____ slow _____ speeds because _____ too many _____.

There _____ being _____ to _____ overload.

_____ you _____ us _____ being taken to deal _____ network congestion and slow _____?

Is _____ a way _____ internet _____ heavy use?

_____ there _____ actions _____ taken _____ tackle _____ and _____ impact _____ internet speeds?

_____ are _____ steps _____ are _____ taken _____ network congestion?

The _____ internet speeds _____ too many _____ and _____ usage.

I _____ know _____ being taken to tackle _____ internet _____ to _____ people using it.

Can you _____ us _____ information _____ the actions _____ network _____ slow internet speeds?

How _____ you _____ slow internet _____ busy _____?

We _____ like _____ information _____ adopted to _____ busy-network, slow-internet _____.

How _____ address slow internet _____ busy times on _____?

_____ what measures were put in place _____ alleviate busy-network, slow- _____.

Any _____ to _____ during peak _____?

_____ speeds are _____ by _____ peak usage periods?

_____ are being taken _____ tackle network congestion and its _____?

Is there anything _____ slower internet connections when there _____ so _____?

Do _____ have _____ plan to _____ delays and _____ usage of your _____?

There are any _____ address sluggish wi-fi _____?

Slow _____ issues _____ overcrowded networks _____ what efforts are _____ made to alleviate _____?

_____ the issue _____ speed dealt with _____ become overwhelmed?

What steps _____ slow internet _____ to _____ many people using _____ simultaneously?

How _____ the internet speed _____ to _____ networks?

What _____ we do _____ internet speeds _____ times?

Is _____ done about the crowded network that _____?

Please let _____ know _____ the _____ being taken _____ tackle _____ congestion _____ internet speeds.

_____ to _____ network _____ speed _____?

_____ can _____ network congestion _____ improve _____?

_____ are steps being _____ to tackle _____ congestion _____?

What _____ done to _____ speeds that _____ overcrowded _____ or _____ usage periods?

_____ to speed _____ during peak _____?

I want _____ steps are being taken to tackle _____ many people _____ at _____ same time.

Measures to _____ speed _____?

There are _____ improve the _____ during peak _____?

_____ any way to dial down molasses-slow net _____ brought _____ by _____?

When _____ how should _____ internet speed _____ fixed?

_____ are _____ to mitigate _____ internet caused _____ crowding or high _____?

Slow internet speeds are _____ overcrowded _____ and _____ periods.

_____ any plans _____ address sluggish wi-fi due _____.

Can _____ give _____ the actions being _____ to _____ network _____ internet speeds?

What _____ are in _____ speeds caused _____ overcrowded networks?

_____ tell us _____ actions being _____ to _____ and the impact on _____.

_____ you _____ networks affecting speed?

_____ do you _____ internet if _____ too many _____ online?

When the _____ you trying to _____ internet speed?

_____ to _____ internet speeds caused by overpopulated networks?

_____ internet sluggishness managed _____ times?

_____ access the _____ is there anything _____ done about the _____ connections?

Are there _____ curb _____ internet speeds _____ by _____ networks?

How _____ you respond _____ the _____?

How can _____ fix _____ speeds _____ by _____ networks _____ peak _____ periods?

Is there any _____ alleviate _____ networks _____ up?

Are you addressing _____ busy _____?

Do _____ to _____ slow downs and _____ caused by _____ network _____?

Please _____ us _____ the _____ to address _____ congestion _____ internet speeds.

_____ the best _____ to combat sluggish _____ caused _____ user _____ crowded networks?

_____ deal _____ sluggish wi-fi due _____ overcrowded _____ or peak usage?

_____ there any _____ to _____ with _____ due _____ overcrowding or _____ usage?

_____ steps to deal _____ internet _____ to crowded _____.

Please _____ the _____ being taken to _____ the impact on _____ speeds.

Can _____ us _____ the _____ being _____ tackle network congestion and _____ internet speeds?

How _____ you _____ sluggish _____ caused _____ high _____ or crowded networks?

_____ address slow internet speeds _____ busy _____.

_____ internet _____ a result of _____ networks or _____ usage _____.

How _____ going _____ overcrowding that leads to _____ internet _____?

_____ will be done _____ tackle _____ congestion and _____?

_____ there _____ current _____ to mitigate _____ by crowding or high _____?

_____ are being _____ to tackle slow _____ due _____ people using _____?

How _____ being taken to address _____ overcrowding which _____ performance?

_____ any plan to _____ sluggish _____ overcrowded networks?

_____ do you _____ net affecting _____?

_____ address network _____ overcrowding?

How are internet _____ addressed _____ ?
 _____ being done to _____ internet because _____ networks?
 What _____ sluggish speeds _____ overloading networks?
 How do _____ fix _____ slow _____ of too _____ peak usage?
 Is _____ work _____ deal with overcrowded _____ speed?
 _____ internet _____ are a _____ overcrowded network _____ peak usage _____.
 Slow _____ come _____ overcrowded networks _____ usage periods.
 Measures _____ taken _____ decrease internet _____.
 _____ do _____ combat _____ internet _____ caused by _____ user _____ crowded networks?
 There _____ plans _____ works _____ sluggish wi-fi due _____ networks.
 What are _____ being put _____ place to _____ internet _____ caused _____ ?
 _____ like _____ the measures adopted to _____ and slow- internet conditions.
 _____ steps are currently _____ taken _____ overcrowding which leads _____ slow _____ ?
 _____ slow _____ speeds _____ by _____ many networks _____ peak use.
 _____ plan _____ address _____ overcrowding that _____ lead to _____ internet performance?
 _____ would _____ the measures taken to _____ busy-network _____ slow- internet conditions.
 How _____ crowded networks _____ affect _____ ?
 Is _____ any _____ to _____ speeds during busiest _____ ?
 _____ be taken _____ down net _____ on by _____ or _____ playing time?
 _____ internet speeds occur _____ to _____ networks _____ usage _____.
 _____ they _____ with _____ net affecting _____ ?
 _____ anything _____ done about the _____ internet _____ of _____ use _____ service at the same time?
 _____ a lot _____ people _____ the internet at the same _____ is there _____ that _____ connections?
 Measures to deal _____ due to crowding _____.
 I _____ know what _____ being taken to slow _____ due _____ many _____ using it _____.
 _____ know more about _____ measures adopted _____ busy network and slow _____ peak hours.
 _____ are _____ being put in place to fix _____ slow _____ caused _____
 _____ any _____ alleviate slow internet _____ by crowding?
 Can you let us _____ the _____ taken _____ tackle _____ congestion and slow _____ ?
 _____ the _____ times, any steps _____ improve _____ ?
 When the networks _____ overburdened _____ of slow _____ tackled?
 What is the solution _____ slow internet _____ of too _____ ?
 _____ slow internet when _____ too many?
 When networks _____ overburdened, _____ is the issue _____ slow _____ ?
 _____ many people online so _____ are _____ fixing _____ ?
 Slow internet _____ demand should be mitigated.
 Are _____ any steps _____ to _____ network overcrowding _____ leads to _____ ?
 Is there _____ plan to _____ overcrowding _____ will _____ internet performance?
 The internet _____ are slow because of _____ or _____.
 What do _____ fix the internet _____ times?
 _____ are you fixing _____ when there _____ people?
 _____ know _____ steps _____ being _____ to _____ network _____ that leads _____ internet performance?
 There _____ being taken _____ alleviate _____ speeds from overcrowded _____.
 Slow _____ occur because of _____ and _____ are being _____ alleviate them?
 How _____ you _____ with the _____ speed?
 _____ us _____ being _____ to tackle network congestion and _____ on _____ speeds?
 _____ tell _____ of _____ actions being _____ to _____ with network congestion and _____ ?
 _____ internet speeds can _____ by overcrowded _____ peaks _____ usage.
 _____ steps are being _____ tackle slow _____ too many _____ it together?
 _____ are the actions that _____ internet _____ overcrowded _____ ?

_____ plans to _____ sluggish wi-fi due _____ networks?

Is there _____ plans _____ improve _____ speeds _____ networks?

How _____ steps _____ to address _____ and _____ issues?

Is _____ you can do about _____ slower _____ connections when _____ using it?

How _____ combat sluggish internet _____ to high _____ demand or _____?

_____ are _____ to remove crowding on _____.

_____ to improve internet _____ when there is a _____?

_____ speeds occur from _____ peak usage periods.

During _____ busiest times, _____ steps can _____ improve _____ speeds?

_____ you _____ about the actions _____ tackle _____ congestion _____ the _____ internet speeds?

There _____ plans in _____ wi-fi due to overcrowded _____.

_____ slowdowns due _____ crowding?

How do _____ and _____ issues?

_____ there any _____ to _____ network _____ and _____ internet _____?

_____ have _____ sluggish internet speeds caused by high _____ or _____ networks?

_____ do _____ alleviate slow _____ due _____ crowded networks?

Slow internet speeds are _____ by _____ or _____ usage _____.

When _____ is a _____ network traffic, _____ you try _____ improve _____?

Any current efforts _____ the _____ of _____ or _____ demand _____ internet?

What are the _____ alleviate _____ speeds caused _____ overcrowded _____ periods?

_____ internet caused _____ stressed networks/peak _____ is _____ addressed.

How _____ delays caused _____ network _____?

_____ are due _____ overcrowded networks or peak _____ periods.

_____ are _____ solutions _____ put in place to _____ speeds _____ by _____?

_____ are _____ solutions _____ put in _____ effects of overcrowded _____ on internet _____?

There _____ that _____ taken to _____ due to crowded network.

What can be done _____ slow _____ overstressed _____?

It is _____ slow internet speeds due _____ congested networks _____.

_____ tell _____ of the steps being taken _____ tackle _____ congestion and _____?

What _____ the _____ being put in _____ to _____ speeds _____ overloading _____?

What _____ being taken _____ address network _____ that is _____ slow _____?

Do you _____ plans _____ deal _____ delays caused _____ increased _____ of your _____?

Can you _____ how _____ undertaken to _____ network congestion will affect _____?

What is _____ to fix the _____ speeds from _____?

What are your plans _____ overcrowding _____?

What are the _____ being put in _____ the _____ speeds because _____?

_____ you _____ us _____ being _____ tackle network congestion?

During busy _____ network _____ you addressing slow _____?

Will there be plans _____ to _____ wi-fi due _____?

_____ networks become overstuffed, _____ issue _____ internet speed tackled?

_____ are steps _____ taken to _____ network _____ and _____.

_____ happening to fix _____ internet speeds _____ networks?

_____ networks are _____ is _____ slow internet speed solved?

_____ happens _____ slow _____ by overpopulated _____ or peak _____ periods?

How do _____ combat network _____?

_____ you going _____ do _____ overcrowding and slow _____?

Is there _____ slow _____ during _____ usage?

How do we improve _____?

Is _____ any plan to _____ internet _____ peak _____?

_____ there a way to _____ busy times?

When lots of people _____ the same _____ is there _____ about slower internet _____?

When _____ overburdened, _____ is _____ of slow internet _____ with?

We _____ to know _____ being _____ to tackle _____ congestion _____ on internet speeds.

We _____ like to know more _____ the _____ and _____ conditions.

_____ being _____ in _____ alleviate internet speeds caused by _____ networks _____ periods

_____ there are too _____ how are you fixing _____?

_____ any _____ to _____ with sluggish wi-fi due _____ crowded _____?

Can _____ us _____ congestion and sluggish _____ are _____ solved?

During _____ times _____ the network how _____ you _____ internet _____?

What are _____ remedies _____ slow internet _____ networks?

_____ we do _____ improve _____ internet _____?

Is there _____ to _____ sluggish wi-fi _____ to overcrowded networks?

_____ are caused by overcrowding _____ peak usage _____.

_____ anything done _____ resolve _____ internet experienced _____ peak _____?

We _____ to _____ the _____ taken to alleviating _____ internet conditions.

Which actions aim to _____ overcrowded _____?

Is _____ improvement planned _____ sluggish _____ overloaded networks?

How _____ supposed _____ fix the _____ internet speeds _____ networks?

Is _____ a _____ to improve internet _____ during _____?

_____ there a _____ to _____ network _____ that leads to _____?

_____ with _____ slowdowns _____ of crowding?

_____ are _____ overcrowding and peak usage periods.

_____ being put _____ place to fix _____ slow _____ speeds caused _____ overloading _____.

There are _____ place _____ fix _____ slow internet _____ due to _____.

_____ to know what steps _____ being _____ to too many people using it at the _____.

_____ there is _____ network traffic, _____ you _____ internet speed?

_____ can _____ done to improve crowded internet _____ the _____?

_____ tell us of _____ actions being taken _____ slow internet speeds?

_____ there _____ action being _____ to _____ network _____ slow internet _____?

_____ are _____ steps being taken _____ address _____ and speed _____?

Measures are being _____ slow _____ caused by overcrowded _____.

How can we fix _____ crowded network?

Is there _____ to _____ network that _____ speed?

Is internet _____ due to _____ network _____?

What _____ be _____ to fix the _____ because _____ too _____ or peak _____?

I _____ to know _____ are being taken _____ slow internet _____ to too _____ people _____.

We _____ like to know _____ were taken _____ busy-network, _____ internet _____.

_____ are _____ solutions available to _____ slow _____ by _____ networks _____ peak usage periods?

_____ you _____ slower _____ during busy times?

_____ being done _____ slow internet caused by _____?

_____ the _____ in _____ internet speeds caused by overcrowding?

_____ we _____ overcrowded _____ affecting speed?

Is there a _____ slow net speeds _____ on by _____ time?

_____ are you going _____ overcrowding _____ extra-slow nets?

Slow browsing _____ of overcrowded networks, what _____ being _____ them?

When _____ lot _____ people use the internet _____ time, _____ anything that _____ be done _____ connections?

What actions are you _____ to _____ sluggish _____ speeds _____ high _____ demand _____?

_____ there _____ effort _____ slow the _____ down due _____ or high _____?

_____ busy times on the internet, how _____ addressing _____?

_____ you _____ us what actions are _____ tackle _____ slow internet _____?

We would ____ to know ____ about ____ measures adopted to _____.
 _____ have ____ place to fight _____ caused by high user demand?
 _____ any current efforts _____ because of crowding ____ high demand?
 Is there any _____ address _____ due _____ overcrowding _____ usage?
 What _____ currently ____ implemented ____ address ____ overcrowding ____ slow internet ____?
 _____ you ____ slow internet speeds ____ busy times _____?
 _____ networks become overburdened, how ____ the _____ slow _____ changed?
 Is _____ any action being taken _____ slow internet ____?
 _____ there anything being ____ to ____ internet _____ overstressed ____?
 Slow internet due ____ overstressed networks/peak ____ what _____?
 _____ are you _____ take ____ overcrowding ____ slow nets?
 _____ any ____ to dial _____ slow net _____ by overload or ____ time?
 What _____ done ____ deal _____ internet ____ to overstressed networks?
 When lots of _____ service at the same time, _____ being done about ____ slow ____?
 What is _____ about _____ caused ____ over ____ networks?
 _____ is ____ done ____ slow internet ____ to over stressed networks?
 _____ have ____ plan to ____ poor speed ____ networks jam ____?
 Provide an update on ____ to curb slow _____ congested _____ peak ____?
 Can you tell ____ the ____ being _____ tackle _____ to ____ many people ____ it ____ the same ____?
 Are _____ plans in ____ to address ____ wi-fi _____ crowded ____?
 _____ to _____ are ____ taken to slow ____ internet _____ to too many people using it ____.
 _____ there any plan to ____ down molasses- slow _____ overload ____ intense playing ____?
 We would like _____ measures _____ alleviate _____ during peak usage hours.
 _____ do you fix ____ internet when _____ people on ____?
 _____ any steps to improve ____ speeds ____ busiest ____?
 When ____ become overwhelmed, how is _____ of _____?
 We ____ like _____ the measures ____ to alleviate busy _____ slow _____ peak usage times.
 _____ done ____ alleviate internet ____ caused _____ networks or ____ usage periods?
 What _____ done ____ combat sluggish internet ____ caused _____ user demand ____ crowded ____?
 _____ talking about ____ with ____ net affecting ____?
 _____ steps are being taken ____ address _____ that ____ slowing _____?
 Are there any ____ in _____ sluggish wi-fi due _____ peak usage?
 How ____ we ____ internet slowness due _____?
 Is there _____ to improve the ____ during _____?
 Is there _____ net speeds brought on by _____ intense ____ time?
 _____ any ____ planned _____ and overload networks?
 Does anyone have _____ improve internet _____ usage?
 _____ do you combat sluggish ____ speeds ____ by _____ networks?
 How ____ you _____ overcrowding _____ nets?
 _____ know how ____ actions ____ tackle ____ congestion will ____ internet speeds?
 _____ there ____ plans to ____ sluggish speeds ____ overloaded ____?
 Do _____ a plan ____ deal with _____ by increased ____ use?
 _____ you tell us what ____ are _____ network congestion ____ slow _____?
 _____ are the steps _____ to deal _____ congestion?
 Slow ____ issues _____ because of overcrowded _____ are _____ to alleviate them?
 Is there ____ way to ____ the _____ from overcrowded ____?
 _____ can we tackle ____ slowness due _____ networks ____ peak ____?
 What will ____ do to combat ____ internet ____ caused ____ high _____ or _____?
 _____ internet ____ are caused _____ networks ____ peak ____ periods.
 _____ curb slow internet speeds from congested networks.

What _____ taken to _____ internet _____?
 _____ slow internet speeds _____ to _____ networks or peak _____.
 Slow _____ due _____ overstressed _____ is _____ addressed.
 _____ steps are being taken _____ tackle slow internet _____ to _____ people using _____ simultaneously.
 Are there any ways _____ internet _____ busiest _____?
 Is _____ what _____ are being taken _____ address _____ causing _____ internet _____?
 Peak _____ periods and overcrowded _____ slow _____ speeds.
 Plans in place to _____ wi-fi _____ to _____ networks _____?
 Is there any way _____ overcrowded networks _____ peak _____ periods?
 _____ be plans _____ improve the internet _____ peak _____?
 _____ the actions _____ can take to _____ due to high user demand _____ crowded _____?
 There _____ plans in _____ address _____ to _____ and peak usage.
 _____ anyone _____ any plans _____ improve _____ internet _____ peak _____?
 _____ can we _____ internet slowness _____ peak use _____ network?
 Slow _____ because _____ stressed networks/peak _____.
 What steps are being taken to _____ slow internet _____ to _____ at _____ same _____?
 Can _____ us _____ the _____ being taken _____ fight _____ and slow internet _____?
 Provide _____ efforts _____ curb slow internet speeds _____ congested networks _____ usage?
 Steps to _____ internet slowness _____ network _____ peak _____
 _____ you addressing the slow _____ times?
 Is there _____ fix _____ to keep _____ fast _____ many are _____?
 _____ a _____ to _____ the gridlock on the net _____ we _____?
 There _____ steps _____ tackle _____ internet due to _____.
 Is _____ that will _____ internet slowdowns _____ overcrowded _____?
 What steps _____ being taken _____ address _____ overcrowding _____ leads to _____?
 Do _____ know _____ we _____ slow internet speeds _____ to _____?
 What _____ steps currently being _____ to _____ network _____ slow _____ performance?
 When _____ how should _____ issue _____ slow _____ be tackled?
 Measures will be _____ crowding _____ the _____.
 _____ do you _____ slow nets?
 _____ action can be taken to _____ down molasses-slow _____ by _____ or _____ time?
 _____ and overcrowded _____ cause slow _____ speeds.
 During _____ times on _____ network _____ internet speeds _____?
 _____ as a _____ networks/peak times.
 _____ networks become _____ how _____ issue _____ slow internet speed _____?
 _____ done _____ dial down _____ slow _____ speeds brought _____ by overloading _____ intense _____ time?
 What are the _____ to _____ speed _____?
 _____ are _____ to _____ internet _____ due _____ a crowded network.
 Any _____ to _____ due to crowding or _____ demand?
 Is there a current _____ internet _____ crowding or high _____?
 How _____ we _____ to fix the slow _____ networks?
 _____ wondering _____ steps _____ taken _____ tackle slow internet _____ to _____ many people using it at _____.
 Is anything _____ to _____ the crowded network?
 _____ taken _____ on the internet.
 Measures _____ taken _____ crowding on _____ internet.
 During _____ on the _____ are you _____ slow internet _____?
 _____ steps are being _____ to address _____ overcrowding _____ to _____ performance?
 Is internet _____ caused by _____ network or _____?
 _____ are _____ dealing with _____ during _____ times on _____ network?
 Do you know _____ efforts _____ internet _____ caused _____ congested networks?

_____ efforts _____ the internet _____ to crowding or _____?

Measures _____ taken _____ tackle _____?

Any steps to _____ speeds _____?

How _____ taking _____ of the slow internet _____?

We would _____ to know _____ the _____ taken to _____ busy network _____ during peak _____.

_____ caused _____ overpopulated _____ or peak usage times.

What _____ are being _____ reduce _____ congestion and _____?

What steps are being _____ to _____ that is _____ performance?

Is _____ dial _____ speeds brought on by _____ or playing _____?

Is there a _____ sluggish wi-fi _____ to _____?

Do you have plans _____ with _____ by increased _____ during _____ hours?

Are there steps _____ taken _____ that _____ to slow _____ performance?

What _____ to _____ slow internet speed _____ by _____ networks?

_____ are plans for improvements _____ overloading networks.

There _____ solutions _____ fix _____ internet _____ overloading networks _____ peak usage periods.

What _____ speeds from overcrowded networks or peak usage _____?

_____ would _____ to _____ how the measures were _____ slow-internet conditions.

What steps _____ taken to slow the _____ due _____ many people using _____ at _____?

_____ to improve internet _____ during _____?

When _____ how _____ the _____ of _____ speed be addressed?

There are _____ planned _____ and overload networks?

_____ being done about _____ slow internet _____ of _____?

_____ can we _____ speeds _____ to _____ networks.

We would _____ more about _____ measures used _____ busy-network, slow-Internet _____.

Slow internet is caused _____ or _____ current _____ to _____ it?

_____ would like to know _____ measures were _____ to _____ slow- _____ conditions.

_____ there any _____ to _____ internet _____ during peak _____?

_____ can _____ internet speeds _____ busiest _____?

When networks _____ is the issue _____ slow internet _____?

_____ be done to fix _____ speeds _____ by overloading _____ and _____ periods?

Please _____ actions are _____ taken _____ congestion and _____ internet speeds.

_____ is _____ internet speeds from overcrowded _____ or _____.
