

[Demo] NLP Dataset for Customer Service Automation

Company Type	Natural Gas Companies
Inquiry Category	Troubleshooting gas-related equipment
Inquiry Sub-Category	Gas Leak Detection
Description	Customer inquiries regarding identifying and locating gas leaks in their natural gas equipment or pipelines, along with seeking advice on proper precautions and steps to take in case of a gas leak emergency.
Data Size	7,522 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Natural Gas Company" customer inquiry. (Purchased data will not be masked.)

What ____ should ____ take ____ gas-powered ____ minimize the risk of ____?

Do I need ____ safety measures for ____?

Reducing ____ should have ____.

____ have ____ recommendations ____ safe ____ of fuel ____ gear?

____ are ____ that should ____ risks of equipment ____.

____ to stop gas ____?

____ I ____ so ____ machines ____ leak?

What are ____ should take ____ using ____ equipment?

____ I keep ____ leaks ____ of ____?

Is ____ possible to give guidelines ____ gas-based machinery ____ way that ____ of leaks?

____ to avoid ____ gas ____?

____ be ____ limit danger while using gasoline ____.

What ____ I supposed ____ do ____ prevent gas ____ when ____ use ____?

When ____ tools how ____ leaks?

____ ways to minimize ____ of leaking ____ machinery.

How ____ fuel-driven ____ safest?

How ____ I ____ powered ____ isn't leaking?

____ it possible ____ the ____ of ____ when ____ gas-powered tools?

____ methods that could decrease the ____ equipment ____.

Reducing gas-devices leaks ____ should ____.

____ there ____ to ____ when ____ equipment powered ____ naturalgas?

____ I have to ____ measures ____ gas-powered gear?

____ I take for ____ leaks?

When ____ how to avoid ____?

There are measures ____ can ____ gas ____ leaks.

____ be done ____ limit danger ____ gasoline stuffs.

____ limit danger when ____ gasoline?

____ the ____ use ____ gas tools?

_____ guidelines on _____ to _____ gas-based machinery in a _____ that _____ cause _____?

_____ should be _____ to prevent leaks _____ handling _____?

_____ to minimize _____ in _____ machinery.

Is there _____ to _____ leaks _____ machines?

Ways _____ gas machinery _____.

What _____ safe _____ with _____?

What can _____ to reduce _____ of equipment _____ gasoline?

_____ to _____ the _____ equipment _____ leaks

How can I _____ of a _____?

How can _____ minimize _____ with _____ gas machines?

There are _____ you can take _____ reduce _____.

Do _____ have _____ for safe _____ of fuel _____?

_____ I prevent _____ handling gas _____ equipment?

_____ I _____ leaking gas _____ machinery?

Measures _____ to _____ gas equipment _____.

_____ gasoline equipment.

What steps _____ be taken _____ limit _____ using _____?

_____ do I _____ to keep _____ machines _____?

There are _____ to _____ risk.

Suggestions _____ gear safer.

How _____ leaks when I _____ equipment?

_____ are steps to _____ while _____.

Gas-powered _____ be used to _____?

_____ are _____ precautions _____ need to _____ operate gas-powered _____ leak prevention?

Do I need _____ for _____?

_____ can _____ do _____ my _____ safe from _____ leaks?

_____ there _____ limit danger _____ using gasoline?

Measures _____ preventing _____ splash-out _____ use?

How _____ I reduce _____ of _____?

How to _____ the _____ gas-gear _____?

_____ are steps _____ be taken _____ when _____ gasoline stuffs.

_____ to _____ from happening when _____ tools?

Make _____ equipment with care.

What can _____ do _____ gas-powered _____ safe?

Measures _____ to ensure no leaks _____ using gasoline-based _____.

I need _____ with _____ equipment.

Is there a way _____?

Is there _____ I can do _____ with _____ machines?

How _____ gas-power equipment _____ safe?

_____ petrol _____ how _____ the threat of leakage?

Is it possible to _____ when _____ gas _____.

_____ decrease the _____ of equipment _____?

There _____ reduce the _____ equipment gas leaks.

_____ gas leaks _____ equipment?

Is _____ to reduce the risk _____ operating equipment?

_____ be _____ to decrease leak _____ from equipment run _____?

There _____ things I _____ do _____ leaks with _____ equipment.

_____ are things to _____ reduce _____ of gas _____ equipment.

_____ any suggestions _____ gas leaks with _____ equipment.

_____ you prevent _____ equipment _____?

Is _____ any way _____ reduce _____ risks _____ tools?

Suggestions to _____ gas _____ my _____.

_____ it possible to _____ leak _____ gas gear _____?

How _____ tools with _____ leaks?

_____ there a _____ to _____ leak _____ while _____ powered machinery?

Is _____ to give guidelines on how to use _____ doesn't cause _____?

Is _____ do things so gas _____ leak?

How should _____ safe?

_____ can _____ the chance _____ gas _____?

_____ there _____ about preventing _____ when _____ equipment _____ naturalgas?

_____ adopt safety measures for operating gas-powered _____?

_____ to avoid leaks _____ using _____.

What _____ be _____ gas leaks?

_____ the necessary _____ gas leaks?

Make sure _____ equipment _____ a safe _____.

To _____ any _____ how can I _____ gas-powered _____ used _____?

_____ in gas-powered tools?

There are _____ prevent _____ gas equipment problems.

There are _____ be taken _____ gas _____ when _____ equipment.

What can _____ done _____ run by _____ less?

Safety _____ gas _____ leaking?

measures _____ gas _____ leaking

how to _____ gas _____ my _____

Any suggestions on how to _____ from _____?

_____ with gasoline _____ required.

There _____ things that can _____ done _____ prevent gas _____.

_____ can _____ equipment be _____?

_____ to stop _____ while _____ gas-powered _____?

How _____ reduce _____ leaks _____?

_____ gas machines to _____ leak, what _____ do?

How to prevent leaks _____?

_____ leaks when using _____ gear?

How can _____ make _____ equipment _____ used _____?

_____ know what _____ do to _____ gas _____ use those _____ gadgets.

How _____ avoided from _____ leaks?

_____ when using _____ equipment.

How _____ leaking _____ gear?

Steps _____ while using _____?

_____ gas-devices _____ risk can be _____ taking _____.

_____ petrol _____ how do _____ tackle _____ leakage threat?

How do I _____ while _____ gas-powered equipment?

What can _____ to minimize _____ risks _____ gas _____?

Is _____ to adopt _____ when using gas-powered _____ prevention?

How do _____ in _____ gear?

_____ any precautions _____ avoid _____ leaks?

_____ done _____ leak hazard from equipment _____ is run _____ gasoline?

Measures that _____ decrease _____.

_____ us guidelines _____ how _____ machinery in a _____ that reduces leak _____?

There _____ I should _____ to minimize the chances of _____ using _____.

When _____ petrol machines, _____ do _____ the _____ threat?

_____ some _____ to prevent leaks while _____ gas _____?

_____ is _____ way to _____ sure gas machines _____?

What _____ to do _____ leak risks _____ using gas _____?

What _____ I _____ to _____ gas-powered _____ is used _____?

_____ I _____ gas-powered equipment _____ and free of leaks?

What _____ to prevent _____?

Is _____ anything you _____ to _____ leaks with _____?

_____ avoid leaks _____ gas _____.

What are the _____ that can help _____?

_____ be _____ to reduce the _____ dangers _____ run by _____?

_____ can _____ take _____ avoid gas leaks _____ my _____?

_____ can I _____ gas _____ while handling _____?

_____ do I have _____ make gas machines _____?

_____ way to reduce _____ equipment _____?

_____ on _____ to reduce _____ using _____ stuffs.

There are _____ can _____ prevent gas _____.

_____ of equipment _____ should be _____.

Any tips for _____ leaks?

How can I _____ from _____?

_____ tips _____ prevent machines _____ leaking _____?

_____ we prevent machines from _____?

_____ we _____ reduce gas-devices _____ risk?

_____ the necessary measures for _____?

How _____ tackle _____ threat _____ leaking _____ petrol machines _____ an _____ question.

How can _____ risk _____ gas leak?

_____ it possible to _____ on how _____ gas-based _____ in _____ that doesn't cause _____?

Reducing gas-devices leaks _____ by _____.

_____ are the _____ gas leaks?

_____ it _____ to _____ hazard from equipment _____ by _____?

_____ do I prevent _____ equipment?

_____ risk, what precautions _____?

_____ there a way to _____ using gas tools?

How can _____ leak risk _____ gas _____?

_____ using _____ machines, _____ steps can _____ take to _____ risks?

_____ methods to _____ of equipment _____ leaks?

How _____ I prevent _____ leaking _____ machines?

_____ leaks when using gas-power _____?

_____ can _____ minimize the _____ of leaking gas _____?

Reducing gas-devices _____ by what precautions.

_____ do you _____ safe _____ they release _____?

_____ can be _____ to make the _____ by gasoline _____?

_____ using gas tools?

Is it possible _____ when handling _____?

_____ way to minimize _____ chance of leaks when _____?

_____ can help reduce _____ risk?

_____ can _____ be _____ in _____ safe way?

_____ it possible _____ potential leaks _____ handling gas _____?

_____ I am safe when handling gas _____ equipment?

_____ using gas powered _____ precautions _____ should take?

When _____ equipment, _____ I reduce the _____ of _____?

_____ of how to _____ with _____ equipment.

Which measures _____ gas _____?

_____ safety precautions _____ when _____ gas-powered equipment?

_____ danger _____ use of _____ equipment

_____ there _____ measures to ensure _____ leaks _____ using gasoline-based _____?

How should _____ gas _____ from _____?

_____ I minimize _____ machines leaking gas?

_____ do I keep _____ of the _____?

_____ are _____ reduce the risk of _____ from _____.

_____ you avoid leaks _____ gas _____?

When using _____ gas leaks?

What _____ be _____ to _____ gas _____?

_____ how to stop _____ leaking _____?

Is _____ specific way _____ reduce the _____ of _____ when _____ powered _____?

_____ you avoid _____ using _____ gear.

_____ are measures _____ gas leaks _____ using _____.

_____ to _____ the _____ of leaking _____.

I _____ a question _____ risk of _____ when _____ equipment.

What _____ can _____ to _____ the risk _____ leaks?

How _____ prevent _____ when using _____?

_____ any safety _____ I _____ to _____ when operating _____ equipment?

_____ precautions should _____ be _____ to _____ leaks?

_____ are the _____ measures I _____ take _____ gas equipment?

Is there a _____ to _____ sure _____ occur _____ using _____ machinery?

_____ the threat of leakage _____ using petrol _____ is a _____.

_____ can I reduce the _____ gas leaks _____?

_____ possible _____ give _____ on _____ to use gas _____ that reduces leaking?

_____ do _____ dangers in _____ gear?

_____ gas equipment leakages?

How _____ leak _____ when using _____?

_____ to prevent gas leaks?

Any suggestions _____ how _____ equipment from gas _____?

Is there any _____ gear use?

_____ using _____ power, how _____ prevent _____?

_____ I _____ gas power gadgets, what _____ you want _____ to _____ leaks?

_____ to _____ leaks?

_____ prevent gas leaks _____ using equipment.

Measures can _____ reduce gas _____.

_____ a good idea _____ so _____ machines _____ leak?

_____ you _____ with gas _____?

How _____ gas _____ gas gear?

Is _____ possible to _____ on _____ to _____ gas-based _____ in _____ way _____ causes _____ leak?

Suggestions _____ safe use _____ gas _____?

_____ I need to _____ safety precautions _____ using _____?

It is _____ when using gas equipment.

_____ want me to do _____ gas _____ when using _____ gadgets?

Can you give us _____ on _____ gas-based _____ in _____ way that _____ likely _____ leaks?

_____ to _____ the _____ a _____ leak.

_____ can we do to reduce leak _____ run _____?

What _____ should I _____ avoid _____?

Do I ____ to follow ____ to ____ of leaks when ____ powered ____?
____ I ____ gas-gear leak ____?

What things can be ____ to ____ by ____ less?
____ during use of ____ equipment.
____ to prevent leaks when using ____.

____ are any tips to ____ gas ____ with ____.

How can ____ leaks in ____?

Are there ____ steps ____ limit danger ____?

____ do ____ avoid leaks when working ____?

How ____ I lower ____ of ____ gas ____?

There ____ for ____ minimal ____ when using gas ____.

____ I ____ danger ____ using gasoline?

How ____ I ____ of gas leaks ____?

How ____ gas-powered ____ leak-proof?

How ____ prevent leaks using ____?

____ do you reduce the leak ____ run ____?

There ____ to limit the ____ while ____.

How do we ____ hazard from equipment ____?

Any ____ how to keep my ____ of ____?

If I use ____ gas-power ____ I do ____ avoid ____?

Suggestions for ____ using gasoline ____.

____ I can do to ____ leak ____ when ____ gas ____?

____ certain ____ be taken to ____ chance ____ gas ____?

Reducing ____ leaks ____ be ____ precautions.

____ can I ____ avoid ____ using gas machines?

How can ____ risks ____ leaks?

____ to make ____ equipment safe.

What ____ the precautions I need ____ when ____?

____ are precautions ____ gas ____?

____ minimal danger ____ using ____

____ are ____ precautions I need to ____ operating ____ gas?

How ____ when ____ gas-powered tools

Are ____ suggestions ____ to prevent leaks when ____ powered ____?

____ do ____ avoid leaks ____ gas ____?

Is ____ necessary ____ against leaks when ____ devices?

____ leaking gas powered tools?

How can ____ leak when using gas ____?

Any ____ about how to ____ machines?

____ do ____ leaks when using equipment ____ naturalgas?

____ that ____ help ____ gas equipment leaks.

There ____ precautions ____ gas leaks ____ equipment.

____ on ways to ____ from ____.

I want ____ prevent ____ my ____.

How ____ I ____ leaks when ____ use ____ gadgets?

What ____ be taken ____ gas equipment ____?

____ and ensure safety when handling ____ equipment?

____ to ____ leaks from ____ tools?

____ I make sure ____ doesn't ____ gas?

____ tackle the ____ of leakage ____ petrol machines is an ____.

Prevention ____ for ____?

Do _____ need _____ safety measures?
 What can _____ done _____ leak hazards from _____ gasoline?
 _____ have any _____ use _____ fuel driven gear?
 _____ can _____ be measures _____ gas equipment _____?
 _____ for safe _____ gear _____?
 How _____ I _____ the gas _____?
 Are _____ suggestions _____ preventing _____ when _____ by natural gas?
 _____ to _____ leaks _____ using _____ tools.
 How _____ prevent _____ with _____ tools?
 _____ leaks _____ gas machinery.
 What _____ can _____ to _____ leaks?
 Is _____ way to _____ from my equipment?
 _____ can I make sure _____ is no _____ gas-powered _____?
 _____ there a way _____ leaks when _____ gas _____?
 _____ do we _____ when using _____?
 What can _____ done _____ the risks _____ leaking equipment _____?
 When handling gas powered equipment, _____ is safe?
 Is _____ a way to _____ gasoline-based _____ doesn't _____?
 _____ measures can _____ to reduce _____ equipment _____?
 How _____ we _____ danger _____ gasoline?
 There _____ measures _____ need _____ be _____ against leaks _____ devices.
 _____ operating _____ prevention, what safety measures should _____ use?
 _____ using machinery, _____ do _____ leaks?
 _____ it possible _____ potential _____ by using gas-powered equipment _____?
 Gas _____ to avoid _____?
 There are _____ are no _____ while _____ gasoline-based machinery.
 _____ prevent gas leaks _____ equipment?
 _____ should _____ minimize _____ of leaks using gas-powered _____?
 _____ I _____ safety of _____ powered equipment?
 _____ is _____ best way to _____ from leaking?
 Methods _____ the chances _____ equipment _____.
 _____ I can _____ to _____ gas leaks with _____ equipment?
 How _____ potential leaks when handling gas _____?
 _____ any tips _____ preventing gas _____ my equipment.
 _____ there a _____ to _____ gasoline?
 _____ reduce _____ tool leaks?
 When _____ equipment, _____ minimize _____ leaks?
 How _____ I _____ machines not _____?
 How _____ prevent _____ with gas- _____.
 _____ using gas-powered _____ to _____ leak _____ could _____ give _____ precautions?
 Should I _____ to prevent _____ from _____?
 _____ are _____ to reduce _____ risks while _____ operated tools.
 _____ can be _____ to _____ dangers _____ gas gear _____?
 Is _____ to advise on how to _____ leak _____ gas- _____?
 What do _____ do to _____ sure _____ machines _____?
 _____ can I _____ leakages _____ equipment?
 How _____ avoid gas _____ machinery?
 There _____ measures to _____ sure there _____ leaking _____ machinery.
 _____ I use to prevent _____ my equipment?
 I _____ know what safety measures _____ to _____ when _____ equipment.

_____ gas _____ how to _____ leaks?

What can be done _____ diminish _____ hazard _____ gasoline?

_____ need precautions _____ using _____ gear?

_____ to prevent _____ machinery?

There _____ tips to _____ gas _____?

_____ you _____ about _____ prevent leaks when using equipment _____ natural gas?

_____ use _____ gas _____ prevent leaks.

_____ gas _____ do _____ avoid leaks?

Is there _____ prevent leaks with _____?

When _____ machines, _____ best to _____ leakage _____?

Do _____ using gas- powered tools?

There _____ precautions that can _____ reduce _____ leaks _____.

_____ be _____ the risks of equipment _____ leaks?

_____ need to _____ precautions for _____ gear?

_____ to prevent leaks while _____?

Make sure minimal danger _____ when _____.

How _____ when using machinery

_____ I can do _____ reduce the _____ leaks _____ using _____ tools?

Safety precautions _____ gas _____?

Suggestions _____ use of _____ by _____.

_____ measures _____ taken against gas devices leaking?

_____ there _____ measures when using gas-powered gear?

There _____ ways _____ reduce _____ leaking _____ from equipment.

_____ the necessary _____ handle gas _____?

I'm not _____ to do _____ don't leak.

_____ using gas machines, _____ can _____ leak _____?

_____ are things you _____ risk of gas leaking from _____.

Safety precautions to _____?

What _____ can _____ to reduce gas-devices _____.

_____ it _____ to advise _____ precautions necessary _____ using _____ machines to _____ leak _____?

How _____ sure _____ don't _____ leaks _____ handling gas equipment?

Any _____ on _____ reduce leak risks while _____ with _____?

Can _____ what _____ take to _____ gas leaks?

Suggestions _____ prevent _____ machines.

How can _____ the risk _____ with _____ equipment?

_____ I _____ to avoid _____ leaks?

_____ do you _____ gas _____ machinery?

_____ using _____ how can _____ avoid _____?

_____ do I prevent _____ handling _____?

_____ of safer uses _____ gear?

_____ can _____ powered tools _____ used _____ leaks?

_____ you give guidelines _____ to use _____ machinery _____ a _____ cause leaking?

_____ leaks risk _____ require _____ precautions.

_____ working with _____ to _____ gas _____?

_____ certain actions _____ chances _____ gas leaking?

What can _____ do _____ make sure that _____ equipment _____?

_____ using machinery, _____ gas leaks.

_____ measures _____ equipment leaks?

_____ there _____ safety measures I need to _____ gas-powered _____?

Do _____ specific steps _____ minimize the chances of _____ when _____ tools?

_____ to limit danger when using _____ stuffs.

_____ measures for using _____?

What should _____ do _____ from leaking?

Can you tell _____ how to _____ gear?

_____ reduce gas _____ leaking?

How _____ prevent _____ using gas _____?

Is _____ advice on _____ to reduce leak _____ gas-powered _____?

_____ can _____ make sure gas _____ equipment is _____?

Are _____ suggestions _____ preventing _____ when using naturalgas _____?

What _____ I _____ gas leaks?

_____ you want me to _____ prevent _____ when _____ the gas-power gadgets?

How should _____ be _____ handling _____?

_____ can we reduce _____?

_____ are _____ tips _____ the _____ of gas leaking from _____.

_____ suggestions on _____ to _____ from machines?

While _____ gas-powered machinery to _____ risks, _____ you _____?

_____ for gas equipment?

Is there any way to _____ when _____?

_____ I _____ do _____ prevent gas leaks when I _____ gas-power gadgets?

_____ need safety precautions _____ using gas- _____?

_____ be put _____ to _____ sure _____ leaks occur while using _____.

_____ you _____ leak risks?

_____ handling gas powered _____ make sure _____ are _____ leaks?

_____ there _____ way _____ ensure _____ leaks happen _____ using gasoline-based _____?

Reducing _____ can _____ aided by certain _____.

Reducing gas-devices leaks _____ might _____ precautions.

_____ to keep _____ using gas-powered tools?

Gas tool _____ can _____ with _____.

_____ can be _____ to _____ the _____ hazard _____ equipment that runs _____?

What _____ should _____ taken _____ leak?

How can I _____ the risk _____ in _____?

_____ to decrease risks _____ equipment _____?

How _____ prevent _____ with gas-powered _____?

What do you think _____ do to _____ gas _____ when _____?

_____ to _____ in gas-gear _____?

What do _____ do to _____ risk _____ gas _____?

_____ I use _____ gas-power _____ what should _____ do to _____?

What steps _____ I _____ minimize _____ gas machines?

_____ can _____ do to make _____ run by gasoline _____ to _____?

How can _____ minimize the _____ of _____?

How _____ make _____ gas _____ safely?

_____ I _____ sure gas-powered _____ leak?

_____ sure gas-powered tools don't _____?

Make _____ there _____ minimal _____ using gas _____.

What can be done _____ prevent _____?

What should I _____ stop gas _____ equipment?

There _____ steps _____ limit _____ when using _____.

Is there _____ way _____ can _____ chances _____ when using _____ tools?

Equipment _____ gas: _____ leaks?

How _____ I _____ gas-powered equipment _____ prevent _____?

Advice _____ prevent gas _____ my equipment.

_____ I avoid _____ leaks _____ machinery?

Is there a _____ to minimize the chances _____?

_____ do you do _____ the _____ run by _____ prone to _____?

_____ powered _____ can we prevent leaks?

How _____ I _____ gas-powered _____ leaking?

_____ precautions that can _____ reduce the _____ potential from machines.

_____ you _____ risks in _____ gear?

What _____ done to reduce _____ equipment run _____ gasoline?

_____ you can _____ reduce gas leak potential _____ machines.

_____ safety measures _____ should _____ when _____ gas-powered equipment?

_____ make sure _____ is _____ handling gas-powered equipment?

_____ don't _____ what to do _____ keep _____ machines _____.

There _____ to reduce the risk _____ gas _____.

_____ leak dangers in gas _____?

_____ there any way _____ there is _____ leaking while _____ machinery?

_____ gas-devices _____ risk can be _____ precautions.

How should _____ minimize _____ risk _____ leaks _____ using _____ equipment?

_____ leak potential _____ be reduced with _____.

Do _____ how to prevent _____ when utilizing _____ by _____?

_____ do you do _____ from equipment _____ by gasoline?

_____ do _____ keep _____ from leaking?

Is _____ a _____ make _____ leaks occur _____ using gasoline-based _____?

_____ done _____ reduce _____ dangers from equipment _____ on gasoline?

How to _____ using _____ tools.

There are _____ danger during the _____ of gas _____.

How can _____ sure gas-powered _____ used _____?

_____ reduce gas _____ leaks.

_____ possible _____ give _____ on how _____ use _____ machinery in _____ way _____ decreases leakage _____?

_____ can _____ prevent gas _____ machines?

_____ you _____ fuel-driven _____ care?

_____ do _____ gas using machinery?

Safety precautions _____ safely _____?

_____ do you _____ when _____ those gas-power gadgets?

Gas- _____ be _____ prevent leaks.

_____ do _____ minimize _____ dangers _____ leaking _____?

_____ are _____ can _____ risks of _____ gas leaks.

_____ I _____ of gas leaks _____ machines?

There are _____ to _____ in _____.

Which _____ can _____ reduce _____ risk?

_____ suggestions on how _____ prevent _____?

_____ me about _____ precautions necessary when _____ gas-powered _____ to _____ risks?

_____ gas-powered equipment _____ for _____ prevention?

_____ on _____ reduce danger while using _____?

_____ should _____ my _____ against _____ leaks?

_____ measures _____ prevent leaks when _____ gasoline based _____.

_____ I _____ safety _____ using _____ gear?

_____ to _____ leaking when _____ tools?

_____ precautions _____ be _____ to reduce gas _____.

There are measures _____ sure there _____ no _____ while _____.

Methods _____ used _____ the risks _____ equipment gas leaks.

Measures _____ taken to _____ gas _____.

How can you _____ gas _____?

_____ using _____ equipment to _____ leaks, what precautions _____ I take?

_____ can _____ that equipment powered by gas _____ leaking?

_____ precautions to _____ gas _____?

Is _____ possible to _____ the _____ while using gas-powered _____ leak risks?

_____ can you _____ leaks in _____?

_____ precautions for _____?

I _____ I _____ safety measures for _____ gas-powered _____.

What can I do to _____ when _____ gadgets?

_____ I _____ safety precautions for _____ gear?

_____ guidelines on _____ to _____ gas-based machinery to decrease leaking?

_____ I _____ risk of gas _____ with equipment?

What _____ you _____ do to _____ leaks when using _____ gadgets?

_____ using _____ powered _____ to prevent _____?

_____ some _____ prevent gas _____ with equipment.

What can _____ to _____ risks _____ my _____ machines?

I want _____ safety _____ adopt when operating gas _____ equipment.

_____ the _____ to take to _____ gas _____?

_____ stop _____ using gas-powered tools?

Is _____ possible to _____ when handling _____ equipment?

Are there _____ measures _____ gear?

_____ can I reduce _____ gas _____?

Reducing risks of _____ is _____.

_____ should follow to _____ chances of _____ using gas-powered tools.

Do you know of _____ when using _____ by _____?

_____ it _____ guidelines _____ to _____ gas _____ machinery in a way _____ doesn't cause leaks?

What are the _____ I should take _____?

When using _____ tools _____ leaks?

_____ can _____ leaks from _____ gas-powered _____?

_____ risk can _____ accomplished _____ taking precautions.

_____ to reduce _____ leaks.

How _____ use _____ not _____ leak?

_____ can reduce _____ leakage

There are measures _____ leaks _____ gasoline-based machinery.

How _____ gas leaks _____ using _____

_____ are the _____ measures I _____ to _____ when operating _____?

What _____ do _____ machines from leaking?

What precautions _____ in _____ gas-devices leaks?

Suggestions _____ in using _____?

_____ should _____ done to avoid _____ handling _____ devices?

_____ there _____ to minimize _____ risks when _____ machines?

What _____ I _____ do to make _____ machines _____?

I _____ advice _____ leaks with _____ equipment.

_____ suggestions _____ how _____ gas _____ leaking from machines.

Do I need to take _____ gear?

What _____ we _____ do _____ with _____ handling gas devices?

_____ during _____ of gas _____.

_____ using gasoline-based machinery, _____ to _____ leaks?

_____ can _____ minimize the risk _____ when using _____?

_____ to make the equipment _____ gasoline leak less?

What _____ things _____ reduce gas equipment leaks?

Can _____ sure _____ gas-powered _____ is used _____?

_____ what to do to prevent _____ machines _____.

Is _____ to _____ sure _____ are no _____ using gasoline-based _____?

_____ as to _____ prevent _____ from machines.

_____ prevention _____ gas equipment?

_____ are suggestions _____ gas leaks _____ my _____.

_____ can I _____ leaks _____ gear?

_____ steps _____ be taken to minimize _____ when using _____?

Can _____ guidelines on how _____ use _____ in _____ way _____ is safe?

How _____ the leaking _____ using petrol _____ is an _____ topic.

What do _____ to make _____ machines _____ leaking?

_____ precautions _____ take to reduce _____?

_____ on how to prevent _____ from _____.

_____ I need to _____ precautions for _____ gas- _____?

Can _____ give _____ any _____ to prevent gas leaks _____?

Suggestions for _____ gas _____?

Can you _____ me _____ the _____ using gas-powered _____?

Can gas-powered equipment be _____?

There _____ for ensuring _____ danger _____ of gas equipment.

_____ way _____ sure gasoline-based machinery does _____ leak?

How to _____ powered tools?

There _____ measures to make sure there _____ leak _____.

_____ of risks _____ gas _____?

_____ you give _____ how _____ use gas-based machinery _____ way _____ does _____ cause leaks?

How _____ we make _____ run by _____ likely _____ leak?

_____ preventative steps for _____?

_____ I minimize _____ gas leaks?

Can you _____ me safety _____?

Any tips to protect _____?

_____ the _____ to reduce _____ equipment _____?

_____ are measures _____ make sure _____ leak.

Reducing _____ leaks risk _____ precautions?

_____ it possible _____ guidelines _____ use _____ in a way that doesn't cause _____?

_____ follow specific steps _____ minimize _____ leaks _____ using gas-powered tools?

Risk _____ steps _____ gas _____?

When handling _____ equipment, _____ I make sure _____ no _____?

_____ do _____ avoid gas _____ when using _____ gadgets?

_____ reduce risks of leaking in gas _____.

_____ leaks risk require _____.

Should we use _____ to _____ of _____ leaks?

What _____ some things _____ can do _____ equipment run _____ gasoline?

_____ I _____ precautions _____ gas _____ equipment?

Do _____ to minimize gas-gear _____?

When _____ how can I _____?

Is _____ a way to _____ risk _____ gas _____?

There _____ measures _____ can _____ equipment _____.

What _____ do to reduce _____?

When using gas-powered _____ what _____ done to _____ of _____?

How can we _____ of _____ leaks?

_____ we _____ gas equipment _____?

Should _____ be used to _____ gas _____?

Ways _____ risks _____ leaking gas _____

Suggestions _____ gas-powered _____ use.

What _____ recommend _____ gas leaks when _____ equipment?

How _____ you _____ leaks using _____?

_____ the precautions I _____ take _____ use _____ equipment?

Tips to _____ use of _____.

_____ prevention _____ for gas _____?

_____ would like _____ gas leaks with _____.

What do _____ suggest _____ do _____ gas _____ I _____ those gas-power _____?

_____ any _____ make sure _____ is no _____ when using _____ machinery?

_____ there _____ way to make _____ there are no _____ when _____?

_____ to keep _____ from _____?

What are _____ to _____ gas devices?

_____ prevent _____ in gas powered _____?

_____ is _____ to prevent leaks _____ using _____ powered tools?

_____ recommended to _____ equipment _____?

What _____ safety measures I need to use _____?

_____ can we reduce _____ using _____?

_____ do to avoid _____ leaks when I _____ gas-power gadgets?

_____ gas gear.

_____ can _____ make _____ equipment is safe when _____?

How to _____ gear _____?

How _____ I _____ sure that _____ are _____?

How do I _____ gas-powered _____ of _____?

_____ I _____ gas machines _____ leaking?

_____ we reduce gas _____?

How _____ I _____ there are _____ leaks when _____ equipment?

_____ you _____ any safety _____ for _____ powered _____?

What _____ things you _____ when _____ gas devices?

_____ you _____ us instructions _____ to _____ machinery _____ a _____ doesn't cause leaks?

How best _____ tackle _____ when _____ on petrol _____ question.

_____ way to make sure _____ machinery _____ leak?

_____ for safer _____ of gas _____.

_____ I _____ stop gas leaking?

_____ to _____ the _____ threat _____ using _____ machines _____ a question.

How _____ I ensure _____ safety _____?

_____ safety _____ be _____ place _____ using gas-powered gear?

How _____ I _____ using _____ machines?

_____ there suggestions for preventing _____ naturalgas _____?

_____ can you do _____ avoid leaks _____ gas _____?

_____ should we _____ the _____ of _____ leaks?

_____ have _____ take _____ using gas powered gear?

_____ can _____ be used to _____?

_____ tips with gas _____?

_____ prevent _____ leaks using machinery?

What is _____ best _____ to _____ the _____ leaks when using _____?

Is there any _____ can _____ of leaks _____ using gas powered _____?

Steps to _____ danger should _____ using _____ stuffs.

What _____ be _____ to _____ it less _____ equipment run _____ will _____?

What _____ help reduce _____?

Any _____ stop _____ leakage from machines?

Measures can _____ reduce _____ leak.

_____ do _____ use gas-operated _____ leaks?

How can _____ stop gas _____?

_____ do _____ to avoid gas leaks with my _____?

What can _____ do _____ reduce leak _____ while _____ fuel-operated _____?

_____ use _____ tools without leaks?

_____ are _____ to decrease _____ equipment gas leaks.

When using _____ how can _____ prevent _____?

_____ things can _____ done _____ from _____ run by gasoline?

_____ do you do _____ risk?

_____ are the steps _____ can be taken _____ leak hazard _____ equipment _____?

_____ are _____ to take _____ leaks when _____ devices?

_____ risk prevention steps _____ equipment?

_____ you _____ any _____ to _____ gas-based machinery in a way _____ doesn't _____?

_____ stop gas leaks when _____?

When _____ machines, _____ to _____ threat is of paramount _____?

_____ should _____ chances of leaks _____ powered tools?

How _____ make _____ machinery _____ leak gas?

_____ can _____ keep machinery _____ gas?

Is _____ to minimize _____ risk of _____ leaks _____ equipment?

Suggestions _____ prevent _____ leak _____ machines?

Do _____ need to _____ precautions for _____ gear?

_____ designed _____ prevent fuel splash-out _____?

How do we _____ with _____?

_____ can be done to _____ run _____ gasoline _____ leaks?

Gas-powered _____ used to _____ leaks.

_____ I avoid _____ with gas- _____?

Are there _____ precautions _____ leaks with _____ equipment?

You _____ gas- powered _____ to _____ leak _____.

_____ can _____ keep _____ in mind _____ handling _____ equipment?

_____ are _____ to reduce _____ leaks.

How can I make _____ gas _____ is _____?

_____ possible to make sure _____ using gasoline-based machinery?

What are _____ I _____ take _____ leaks?

What must be _____ to _____ leaks _____ devices?

_____ reduce the chance of gas _____?

_____ to prevent gas _____ with my _____?

Do I need to _____ precautions _____ using _____?

Cautions _____ use _____ equipment.

_____ gas tools safe?

How _____ minimize _____ risk of _____ gas _____?

_____ should _____ to make sure _____ don't leak?

How _____ leaks with gas _____?

How _____ gas leaks in _____?

Which _____ take _____ using _____ powered equipment?

What ____ be ____ danger while using ____?

____ tackle ____ leaking ____ when using ____ machines is an ____ question.

Do I ____ measures ____ using gas- ____?

____ using gas powered tools, ____.

____ like to know if ____ need safety ____ for ____.

____ some ____ stop gas leaking?

____ any tips on ____ to ____ leaks with ____ equipment.

____ it ____ guidelines on how to ____ machinery in ____ way that ____ risks?

____ the best ____ to prevent ____ when ____ equipment?

____ I use ____ gadgets, ____ you suggest ____ do to ____ gas ____?

____ to ____ leaks ____ gas ____.

Safety ____ gas ____?

____ safe when handling gas ____ equipment?

There are some ____ to ____ when using ____.

There are ____ from machines.

Do ____ need to ____ measures for ____?

____ any guidelines ____ to use ____ machinery ____ that doesn't cause leak?

Is ____ way to make sure that ____ not ____?

How do I ____ leaking?

How ____ with ____ tools?

____ sure ____ gas powered equipment is safe to ____?

____ safe use of ____ powered ____?

____ to avoid ____ using ____?

____ avoid leaks ____ gas ____?

____ on how ____ prevent gas ____?

Reducing ____ leaks risk ____?

____ done to reduce ____ risks ____ runs on gasoline?

____ prevention with ____?

____ should I do ____ with my ____?

How should I ____ gas ____ when ____ gas-power ____?

Reducing gas-devices leaks ____?

____ do I ____ gas ____?

Ways to reduce the ____ equipment.

What ____ to avoid gas ____ when ____ power gadgets?

____ can I minimize ____ when using gas ____?

____ safe ____ of gas-powered ____?

How ____ I ensure ____ equipment is ____?

____ we do ____ leaks while handling ____ devices?

There are ways ____ reduce ____ leaking gas ____.

____ gas leaks with my ____?

____ it ____ advise ____ leak risks using gas-powered machinery?

____ to ____ the chances ____ when using gas powered tools?

How ____ i reduce ____ of ____?

____ you have ____ safe ____ gear ____?

Can ____ minimize the ____ in machines?

There are ____ for reducing ____ leaking from ____.

What ____ we ____ to limit ____ while ____?

____ prevent gas ____ with equipment?

____ it possible to ensure ____ prevent ____ when handling ____?

What ____ steps that ____ to be ____ against ____ while ____ devices?

_____ avoid _____ with gas powered _____?

How _____ reduce _____ when using _____ machines?

_____ there any necessary _____ gas _____?

What can _____ do _____ equipment run by gasoline?

There are _____ to _____ gas _____ when _____.

_____ ensure no _____ occur while using gasoline-based _____.

When _____ machines, how _____ to tackle the _____?

What do you want _____ do _____ prevent gas _____ I _____ those _____?

_____ precautions _____ taken _____ gas leaks?

How _____ deal _____ while _____ gas devices?

_____ I _____ to prevent leaks _____ handling gas-powered _____?

_____ I _____ machines don't leak?

What _____ my _____ to _____ gas _____?

_____ I _____ gas-power gadgets, what should I do _____?

How _____ gas _____ machinery?

_____ be _____ to reduce _____ chances _____ a gas leak?

How to _____ when _____ powered _____?

How can _____ reduce _____ gas _____?

_____ any way _____ make sure _____ when using gasoline-based machinery?

How to _____ gas _____?

 _____ measures _____ gas equipment?
 _____ to _____ gas-gear _____ dangerous?
 How _____ be _____ with care?
 _____ powered _____ gas could _____ to _____ leaks.
 There _____ reduce the risk _____ gas leak _____.
 Is _____ any _____ measures _____ gas powered _____?
 What _____ the things _____ can _____ done _____ reduce gas _____?
 Any _____ to _____ danger _____ gasoline?
 _____ do _____ leaks _____ gas equipment?
 _____ can I _____ leaking gas?
 _____ gas-devices _____ risk _____ be _____ precautions.
 _____ can _____ make sure _____ not leaking?
 Making _____ precautions for _____?
 _____ do _____ leaks _____ using machinery.

There are ____ that ____ taken to ____ danger ____ using ____.

____ should ____ prevent ____ leaks ____ equipment?

____ are the ____ I ____ to ____ gas ____?

How ____ I ____ sure there are ____ gas ____ ____?

____ should ____ steps ____ danger when ____ gasoline.

____ can ____ prevent gas ____ leaking ____ machines?

What ____ best ____ avoid gas ____ using machinery?

____ you avoid gas ____ when ____?

What ____ some precautions ____ take ____ handling ____?

I want to know ____ gas-powered ____ without ____.

____ minimize ____ in ____ machinery.

Reducing ____ risk can ____ helped ____.

What safety ____ should I ____ gas-powered ____?

____ I ____ precautions ____ gas-powered gear?

Should ____ do ____ machines don't ____?

____ are steps ____ minimize ____ gasoline stuffs.

____ method to prevent ____ machinery?

____ sure to ____ a safe way.

Do I ____ precautions ____ powered ____?

____ are ____ can be done to prevent leaks ____ gas ____?

____ keep gas powered ____ from ____?

What ____ things ____ can ____ to avoid gas ____?

What ____ be ____ reduce ____ dangers from ____ run ____ gasoline?

What can ____ leaking ____ equipment?

____ are any tips ____ from my equipment.

____ to how to ____ gas ____ from ____.

____ there ____ way to make ____ there are ____ when ____ gasoline ____?

____ safety ____ for using gas-powered ____?

____ to ____ minimal danger during using gas ____.

____ are precautions ____ take to avoid ____.

____ to limit danger when using ____.

Do ____ need to ____ measures ____ using gas ____?

____ suggestions ____ how ____ prevent ____ leakage?

____ should I do ____ minimize ____ risk ____ gas-powered equipment?

Keeping ____ equipment safe.

____ way ____ reduce ____ risks while ____ fuel operated tools?

How ____ to tackle ____ threat when ____ petrol ____.

____ are the measures ____ leak ____ running by gasoline?

____ steps ____ taken to reduce ____?

Do ____ have any suggestions on how to ____ in a ____?

____ you have any ____ danger while ____ gasoline?

What should ____ make gas machines ____ not ____?

Gas ____ be ____ with ____ machinery.

Reducing gas-devices leaks ____ can ____.

tips ____ prevent ____ from ____ machines

____ there ____ way ____ reduce ____ leaks?

What ____ measures that should ____ taken against ____?

How should I ____ of leaks ____ equipment?

____ to prevent ____ leaks ____ my ____?

Do I ____ use safety precautions when ____?

How ____ we ____ leaks ____ equipment?

____ measures against leaks ____ handling gas devices?

____ do you ____ leaks ____ using ____?

____ can ____ to minimize ____ when using ____ gas machine?

Is it possible ____ prevent ____ tools?

How should we ____ danger ____?

____ reduce ____ equipment leaks.

____ gas-devices ____ requires what ____.

What ____ do in order for ____ leak?

____ methods ____ decrease ____ gas leaks.

Is there any safety ____ need to take ____?

What can ____ to reduce ____ run by gasoline?

How ____ avoid leaks with ____?

What do ____ want ____ to do when ____ gas ____?

____ it ____ to ____ measures for operating ____ equipment?

How ____ avoid gas leaks ____?

There are ____ can ____ to reduce the ____ leak potential ____.

Is ____ to give guidelines ____ gas-based machinery ____ a ____ that decreases ____ dangers?

____ be ____ prevent leaks with gas ____?

How ____ we minimize ____ dangers ____ gas ____?

Some ____ gas equipment

____ want me to ____ to stop ____ leaks?

Any tips ____ how ____ avoid ____?

How ____ reduce leak ____ in ____?

____ I prevent leaks ____ gas ____?

Safety ____ tools?

____ possible to make sure ____ gas-powered ____ is ____?

____ be ____ to reduce ____ equipment leaks?

When ____ use ____ gadgets, what ____ be doing to ____ gas ____?

____ decreasing ____ risks ____ gas leaks.

____ measures are ____ reduce ____ leaks?

____ to prevent fuel ____?

____ suggestion for preventing leaks ____ utilizing ____ by naturalgas?

How ____ gas ____ be ____?

____ can ____ sure the gas-powered ____ safe?

How can ____ leaks from ____?

Is it possible ____ using ____ machinery ____ reduce leak risks?

____ gas leaks with gas ____?

Suggestions for reducing the ____ equipment.

There are ____ ensure ____ danger ____ of ____ equipment.

Do ____ need to use safety ____ gas-powered ____?

how to avoid gas ____

____ are ways to ____ using gas machines.

____ risk ____ steps ____ gas ____?

____ use ____ do ya want me ____ do to ____ gas ____?

____ do to reduce ____ risk of leaks ____ equipment?

Reducing gas-devices ____ can ____ precautions.

____ can be ____ to ____ using ____ gear?
