

[Demo] NLP Dataset for Customer Service Automation

Company Type	Smartphone Manufacturers
Inquiry Category	Product features and specifications inquiries
Inquiry Sub-Category	Security and biometric features
Description	Customers inquire about the security features present on their smartphone, including fingerprint sensors, facial recognition systems, iris scanners, or additional privacy options like secure folders or app lock.
Data Size	9,486 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Smartphone Manufacturer" customer inquiry. (Purchased data will not be masked.)

____ possible ____ set ____ multiple ____ for different users on ____ device?
 Can ____ multiple fingerprints on ____?
 ____ different ____ on a shared ____?
 One ____ is ____ to ____ fingerprints.
 Is it doable to ____ multiple ____ different users ____?
 Is the option ____ same device?
 ____ possible for ____ device ____ use multiple fingerprints ____ users?
 ____ possible ____ set up several ____ fingerprints ____ this ____?
 ____ it ____ fingerprints on ____ phone for different users?
 ____ it possible ____ add separate ____ of different people ____?
 A ____ fingerprint ____ on ____ is ____.
 Is ____ for a ____ device to ____ multiple ____?
 ____ one ____ accept multiple ____ once?
 Different ____ set up ____ fingerprints ____ single device.
 Can the ____ device ____ fingerprints ____ several ____?
 Can ____ add ____ fingerprints to ____ device for ____?
 Is it ____ to ____ prints?
 Is it ____ establish ____ prints in one ____.
 Is ____ possible ____ put ____ on a single ____ for ____.
 ____ option to have ____ prints ____ users.
 ____ register ____ fingerprints for people on ____ single ____?
 Will it be possible ____ establish ____ for different ____?
 ____ setting up multiple ____ for ____ people?
 Can ____ than one ____ of fingerprints ____ my ____ users?
 ____ it ____ for ____ device to stores ____ fingerprints?
 Is ____ possible ____ up more ____ fingerprints on the ____ phone ____ different ____?
 Is it ____ setup several fingerprints ____ different people ____?
 Do you have ____ to ____ distinct ____ users ____ a single ____?

_____ a provision _____ assign distinct _____ diverse users _____ single device?
_____ it _____ to put _____ on the same _____ people?
_____ it possible to have _____ fingerprints _____ with _____ user?
_____ separate device _____ to _____ up some prints?
Is _____ way _____ add finger scans of _____ on _____?
_____ multiple fingerprints on _____ device?
_____ it possible to have _____ one _____ people?
_____ able to have multiple _____ on _____ device?
Allowed the _____ up _____ many print _____ by _____?
_____ this _____ for different fingerprints for _____?
There is _____ to have different prints _____.
Is it _____ have more _____ set of fingerprints _____?
_____ there any _____ to _____ fingerprints for different _____?
_____ fingerprints work _____ multiple _____?
_____ it _____ to use more _____ one device?
_____ to have _____ fingerprints _____ on my device?
Can _____ have _____ a device?
_____ you _____ multiple fingerprints for _____ single device?
Is _____ for _____ people to _____ a _____ with _____ fingerprints?
Is _____ possible _____ multiple fingerprints on the _____ device _____?
How _____ putting _____ on _____ phone?
Is it possible _____ have _____ set _____ for _____ users?
Can we _____ for _____ users?
_____ it possible _____ put _____ fingerprints on _____ phone _____ users?
Can you _____ up multiple _____ different _____ of the _____?
Is it _____ to have _____ device?
_____ it _____ to _____ multiple fingerprints on _____?
Is _____ register _____ on the same _____ for _____ needs?
_____ unique prints _____ be _____ the same _____.
Does _____ allow more _____ to _____ up a fingerprints?
Is _____ to use _____ on a _____ for _____ people?
_____ it _____ for _____ be _____ on a device?
Can _____ my _____ fingerprints _____ people?
_____ many _____ people's fingers _____ one phone, how _____?
_____ one device _____ users' _____?
_____ possible to _____ for _____ people on _____ device?
Is multiple fingerprints _____ single _____?
Can I _____ than _____ fingerprints for _____ users?
_____ is _____ assign _____ to a single device.
_____ it possible to _____ multiple _____ phone?
Several unique _____ could _____ the _____ phone.
_____ device support multiple fingerprints _____?
_____ doable _____ allow setup _____ user prints?
Is _____ to _____ different fingerprints on _____ device?
It's _____ to _____ people's _____ on _____ single phone.
Can distinct people _____ up _____ on the _____?
_____ it possible _____ set _____ user-specific _____ on this _____ simultaneously?
_____ it possible _____ to be _____ multiple _____ on a single _____?
Is it possible to register _____ on _____ phone _____?
We _____ able _____ different _____ on a shared device.

____ you ____ setting ____ prints is plausible ____ diverse ____?
 Multiple ____ a ____ device ____ be ____ option.
 Is ____ a way to ____ users' ____?
 ____ it permissible for different ____ own ____ a single device?
 Does ____ phone ____ more ____ one ____ fingerprints to ____ set up?
 Does ____ device allow creating ____ fingerprints for ____?
 Can ____ gadget accept ____ at ____?
 Can many ____ have ____ same ____ with different ____?
 ____ you setup multiple ____ for ____ than ____?
 ____ is a question about can ____ device ____ users' ____.
 Is ____ a ____ assign different ____ for different users on ____ ____?
 can ____ use ____ fingerprints
 ____ have ____ one set of ____ a variety ____ people?
 Can ____ accommodate ____ fingerprints?
 Is ____ possible to ____ multiple user-specific fingerprints ____ ____ once?
 ____ same ____ an ____ for multiple ____?
 Is it ____ to have ____ for one ____?
 Is ____ way to ____ fingerprints on ____ single ____?
 Does the ____ for multiple unique ____ individuals?
 ____ people ____ fingerprints on ____ single ____?
 ____ it possible to ____ prints in ____ single ____?
 ____ I ____ in ____ user-specific ____ on ____ device?
 Is ____ possible ____ different ____ be ____ onto one device?
 ____ users' fingerprints ____ be ____ a single ____.
 ____ to set multiple fingerprints ____ more ____ one ____ on one ____?
 Can different ____ use ____ on ____ same ____?
 Can ____ their fingerprints ____ a ____ device?
 ____ the ____ several ____ feasible for many ____?
 ____ it possible ____ up ____ fingerprints simultaneously?
 Can I have multiple ____ on ____ at ____ time?
 Is it ____ enroll ____ into one device?
 ____ multiple ____ fingerprints on this ____ at ____ same time?
 ____ it doable to ____ up ____ user ____?
 ____ it ____ to ____ a ____ fingerprints on ____ used tech ____?
 ____ you have multiple fingerprints ____ people ____ device?
 ____ it ____ to ____ number ____ fingerprints on my ____?
 ____ a ____ accept multiple ____?
 Is ____ possible ____ prints ____ the same phone?
 Does ____ device ____ you set ____ one ____ fingerprints?
 Is there ____ to ____ several unique ____ the same ____?
 Is ____ to ____ several fingerprints for ____ with ____ device?
 ____ possible to ____ multiple fingerprints on ____ gadget?
 It's possible ____ register ____ of different ____ same ____.
 ____ possible to use ____ one phone?
 ____ possible for ____ fingerprints on ____?
 Does the phone allow ____ more ____ one ____ fingerprints ____?
 Is it ____ register multiple ____ on ____ phone?
 Can I use ____ my ____ for different ____?
 Can I ____ a ____ device?
 ____ to give ____ people's ____ on a single ____.

____ it ____ to have multiple fingerprints ____ my ____?
 Is it ____ set ____ for different ____ members?
 Is ____ possible to have multiple fingerprints ____ same ____?
 ____ there be ____ than one ____ of ____ everyone?
 Is it realistic to ____ device?
 ____ it possible ____ keep ____ fingerprints on a ____?
 Is it ____ a gadgets ____ many individuals?
 ____ up ____ in the ____ would be difficult.
 ____ one ____ accept fingerprints from ____ people?
 Multiple ____ single device ____.
 Is ____ possible to ____ in ____ same device?
 ____ it ____ possible to set up ____ the same ____?
 ____ to ____ many prints ____ one device?
 ____ a ____ fingerprints ____ many people?
 ____ prints be combined ____ device?
 ____ it feasible ____ have ____ fingerprints for ____?
 ____ single device ____ with ____ users' ____?
 ____ put ____ user-specific fingerprints ____ this ____ at the same ____?
 Are ____ fingerprint ____ on ____ device?
 Can one ____ give ____ users?
 Several unique ____ on a ____?
 ____ to setup ____ user prints?
 Can ____ multiple fingerprints for ____ on the ____?
 Multiple ____ on one ____?
 A ____ fingerprints ____ one ____ feasible.
 ____ doable ____ have two ____ on ____ same phone?
 Is ____ have ____ prints in a device?
 ____ fingerprints be viable ____ device?
 Can a lot ____ people have their fingerprints ____ same ____?
 ____ it ____ to have multiple fingerprints ____ single ____?
 It's possible to assign ____ people's ____ phone.
 Can ____ device ____ a bunch ____?
 Can ____ set ____ fingerprints on a ____ device?
 ____ fingerprints ____ one ____ may ____ an ____.
 Maybe ____ possible ____ different fingerprints of different ____.
 Are ____ fingerprints ____ device?
 ____ possible ____ people's fingerprints to ____ single device.
 Do ____ think ____ possible ____ set ____ fingerprints ____ the same ____?
 ____ it ____ fingerprints for ____ users?
 ____ it possible ____ many different people's ____ on ____ one ____?
 Can we ____ different ____ one ____?
 ____ possible ____ more ____ one ____ on the same phone for different ____?
 Is it possible to set ____ of ____?
 ____ an option ____ register ____ in ____ devices?
 Will ____ be possible to ____ user ____?
 ____ register multiple ____ on ____ phone?
 Can a ____ people have their fingerprints ____?
 ____ it ____ have both fingerprints on the ____?
 Is it possible ____ set ____ many user specific ____?
 Is ____ possible to ____ the same device?

_____ register _____ fingers _____ on _____ phone?
 It _____ possible _____ different people's _____ a _____ phone.
 _____ a device store _____ different _____?
 _____ possible to set _____ distinct User _____ same device?
 Is it _____ distinct _____ set _____ on one thing?
 _____ multiple _____ for different users?
 _____ I _____ more than _____ of fingerprints _____ everyone?
 _____ be an _____ to have different _____ different _____.
 _____ for the _____ device _____ the _____ of different people?
 Is it _____ multiple fingerprints on _____ same _____?
 Can _____ on _____ single device?
 Can lots _____ people _____ separate _____ on _____?
 _____ possible _____ many fingerprints to _____ on a single _____?
 _____ one device _____ multiple _____?
 _____ device carry multiple _____?
 _____ you _____ multiple _____ on _____ device?
 How _____ different people's fingers on _____?
 _____ able to have multiple fingerprints _____ a _____?
 There is a _____ of _____ for different _____.
 _____ it _____ for multiple _____ to use _____ with _____ fingerprints?
 Is it _____ a _____ to _____ multiple users' _____?
 Is it _____ use _____ fingerprints _____ one device _____ people?
 _____ several _____ have separate _____ a _____?
 _____ use various fingerprints _____ different _____?
 Multiple _____ registered _____ the same _____.
 Can _____ of _____ separate _____ on a device?
 Is it _____ to register _____ in _____ devices?
 _____ multiple _____ on one _____?
 Is _____ possible _____ to store different users' fingerprints _____ same _____?
 _____ one device take _____ from _____?
 _____ this phone have _____ to _____ up _____ person's fingerprints?
 Is it _____ to _____ prints _____ a _____ device?
 Is it _____ for _____ to _____ user's fingerprints?
 Is _____ possible _____ prints _____ different users?
 Is _____ possible _____ multiple fingerprint registrations _____ the _____?
 _____ several fingerprints be _____ multiple _____ on _____ single _____?
 _____ users have their _____ set _____ the same _____?
 Can _____ device use _____.
 _____ your device use _____?
 _____ it be _____ to register _____ individuals?
 Is _____ multiple fingerprints _____ device _____?
 _____ it _____ set up prints for both _____?
 _____ it possible to _____ single device?
 _____ fingerprints possible in the _____?
 Is there _____ way _____ have _____ fingerprints on _____ each _____ to its _____?
 I wonder if _____ use multiple fingerprints _____ phone _____.
 _____ an _____ have different prints?
 _____ distinct _____ different fingerprints on the same _____?
 Is it _____ register several _____ same phone?
 There _____ have different prints _____ users.

Is ____ device capable of setting ____ for distinct ____?
____ it ____ separate prints ____ a single device?
____ it ____ multiple fingerprints ____ the device?
Is ____ feasible ____ fingerprints for different ____?
____ possible to put multiple people's ____ phone.
____ same device ____ different ____ fingerprints at ____ time?
Is ____ to ____ multiple fingerprints ____ one device?
Are ____ able ____ saved on shared devices?
____ one device ____ to ____ fingerprints?
____ it doable ____ fingerprints on the ____ phone?
Is it possible ____ do ____ than one ____ the ____?
____ would be ____ to register fingerprints ____.
Does the device allow ____ for ____?
____ it ____ to have ____ a single device?
Is ____ up ____ prints ____ people ____?
Is ____ to ____ finger ____ of ____ on the phone ____?
____ it ____ to have ____ one device?
____ up ____ different people's fingers on ____ phone.
Can you ____ multiple ____ than one ____?
____ there a way to ____ multiple ____ for ____?
____ could have ____ fingerprints on ____.
____ is ____ chance ____ have different prints ____ different ____.
Can differing ____ fingerprints on ____ device?
Is ____ to ____ different fingerprints to individuals on ____?
____ distinct individuals use multiple ____ same ____?
Can we ____ fingerprints ____ users on ____ device?
Is ____ possible for different people to ____ using ____?
____ setup ____ fingerprints on ____ gizmo.
____ set ____ fingerprints ____ more than one ____?
____ it possible to have ____ set ____ people on ____?
You ____ to register fingerprints ____ people.
Is it possible ____ get ____ for ____ members?
Is ____ possible ____ the same phone ____ different people?
____ have different ____ on a shared device?
____ multiple ____ specific fingerprints on this ____?
There ____ way to ____ for different users.
____ to have different prints for ____ users.
Is ____ have ____ for ____ people with one device?
____ be possible for ____ prints with a ____ device?
Is ____ the same ____ option?
Is ____ different people's ____ be connected to one ____?
____ people ____ their prints ____ single ____?
Is ____ for different people's ____ combined onto ____ single ____?
Is ____ for individuals ____ have ____ one device?
____ it ____ to establish ____ userprints ____ device?
____ prints can ____ a same phone?
Is it ____ to ____ people ____ the same device?
Is ____ possible to assign ____ for ____ on ____?
One ____ register multiple ____ device.
____ I have ____ fingerprints ____ this ____ at ____ same ____?

Is it possible to _____ user _____.

Can device _____ fingerprints _____ different _____?

_____ assign distinct _____ for different users _____ a single device?

Do _____ able _____ register _____ fingerprints _____ different users?

Can _____ device _____ to _____ users?

_____ user-specific fingerprints can _____ put on _____?

_____ the _____ fingerprints _____ different users?

_____ on the same device _____?

Does _____ device _____ multiple _____ for _____?

Is it _____ set up _____ user's fingerprints _____ the _____?

Is it feasible _____ multiple _____ in _____ device?

_____ I _____ more _____ on _____ for different users?

_____ possible to _____ people's _____ to a _____ phone.

_____ up _____ people's fingers _____ one _____?

_____ than one _____ of fingerprints _____ various users?

_____ it _____ to assign _____ fingerprints to the _____?

_____ use _____ same _____ to _____ different fingerprints for _____ users?

_____ the _____ for _____ than _____ person to _____ unique fingerprints?

_____ different _____ prints to _____ joined onto _____ single device?

_____ allow setting up _____ unique fingerprints for _____?

Is it possible to have different _____ device?

Is _____ possible _____ fingerprints _____ different people on _____ device.

_____ assign distinct fingerprints to different users _____ a _____ device.

_____ be a way _____ register _____ among _____ people?

Is _____ able to support multiple _____ users?

Can _____ multiple fingerprints _____ phone for different _____?

It is _____ setup _____ multiple user _____.

There is _____ possibility for _____ fingerprints _____.

Is _____ possible _____ have many _____ different _____?

Is _____ possible _____ multiple fingerprints _____ a phone _____ users?

_____ capable of using multiple _____ for _____ users?

_____ I _____ more _____ one set _____ fingerprints _____ several _____?

_____ to setup _____ fingerprints _____ one gadget.

_____ we use _____ fingerprints for different _____ on _____?

_____ possible to create _____ for _____ individuals?

_____ the establishment _____ several _____ possible for _____?

Does _____ single device _____ multiple _____?

Is _____ possible _____ fingerprints _____ the same _____ for _____ user?

_____ set up multiple _____ different people on _____ same device?

_____ consider having different _____ for _____?

Is it possible to _____ different _____ device?

_____ wonder if we can _____ multiple _____ saved _____.

Can a device _____ of _____?

Could _____ to set _____ fingerprints for _____ users?

It's _____ people's fingerprints on a single _____.

_____ have an _____ to have _____ prints _____ diverse _____?

_____ up many prints _____ people?

Can _____ different _____ different _____ on the _____ device?

_____ it possible to set up different _____ people _____ same _____?

_____ diverse fingerprint _____ be _____ individuals?

Is ____ possible ____ one ____ to accept fingerprints ____ ____ people?

Is ____ possible ____ ____ with one device?

____ single ____ able ____ support more ____ one ____ fingerprints?

Is ____ ____ to ____ fingerprints from many people?

Can ____ prints be ____ device?

____ it possible to ____ prints ____ single device?

Is it ____ people's ____ for one phone?

Can ____ multiple ____ phone for different people.

____ to set up ____ for ____ device members?

____ I ____ fingerprints ____ a device ____ users?

Can ____ set up multiple ____ the ____?

Is ____ a single ____ to support multiple ____?

Allowed, ____ scans ____ different people?

____ people have ____ fingerprints on ____ device?

Does it be possible for multiple ____ associate ____ ____ device?

____ this ____ for setting up more than ____?

____ fingerprints ____ be ____ with a single ____.

Would it be ____ to have different ____?

____ it possible to ____ different ____ device?

Is ____ to register different ____ on ____ device?

Can ____ for ____ than one person?

____ possible ____ have ____ fingerprints ____ users ____ the same device?

____ it ____ sense ____ put user ____ in one ____?

It's ____ up ____ different people's fingers on ____ single ____.

Can ____ add more than ____ to ____?

Is ____ allowed to set ____ many ____ people?

Is ____ compatible with ____ users' ____?

____ single ____ support different users' ____?

____ possible ____ multiple fingerprints ____ a device?

Can there be different ____ users ____ the ____?

Will ____ viable ____ users on a ____ device?

____ include ____ on a single ____?

Is ____ fingerprints ____ the ____ device ____ viable ____?

Does ____ multiple users to associate their ____ a ____ device?

____ possible to ____ fingerprints of ____ used ____ devices?

Can you ____ multiple fingerprints ____ single user?

Is ____ the same ____ different users' fingerprints simultaneously?

Can we ____ prints for ____?

Is ____ possible ____ different ____ to people on ____ device?

Would it ____ for multiple users ____ prints with ____?

____ setup on ____ device?

____ wonder ____ it's ____ assign different fingerprints ____ individuals.

Can people ____ different ____ a ____?

____ it ____ to ____ up multiple fingerprints on ____.

____ doable ____ setup a ____ user prints?

Is it ____ set ____ different ____ for ____ people.

Yes, can ____ fingerprints?

____ it feasible ____ user fingerprints in the ____ device?

Does ____ sense to ____ fingerprints ____ people on ____ device?

____ to set multiple fingerprints for more ____ one ____ the ____?

multiple _____ same device _____ option.

Several _____ may assign _____ a _____

Is _____ a _____ to _____ distinct _____ for _____ users _____ a _____ device?

_____ there an option _____ with multiple _____ on _____ same _____?

_____ one contraption _____ fingerprints _____ people?

_____ we set _____ for more than _____?

_____ it possible to establish _____ single device?

Is _____ device _____ to support multiple _____?

Setting _____ different _____ fingers on _____ single _____ is _____ idea.

_____ you register _____ a _____ device?

_____ possible to register _____ among _____ people.

Can distinct _____ up multiple fingerprints _____?

_____ possible to _____ fingerprints _____ the _____ for different users.

Can I put multiple _____ phone for _____?

_____ register their fingers at _____ time?

Can multiple _____ prints _____ device?

Does this _____ than _____ unique fingerprints for _____?

Can I use _____ than _____ of fingerprints _____?

_____ you register multiple _____ on _____?

Are _____ ways _____ set up multiple _____ different _____?

Is _____ establish multiple _____ for _____ individuals?

Is it _____ to have _____ people _____ a device?

Is it possible _____ multiple _____ for _____ one device

_____ a device support _____?

Is it doable to _____ on _____?

Does it _____ sense _____ use _____ for different _____ on _____?

Is _____ to _____ multiple _____ on _____ phone _____ different people?

Can _____ users have different _____ on _____ once?

_____ it possible _____ a device _____ use multiple _____ users?

Is _____ to _____ more _____ one fingerprints on the _____?

Is it _____ have multiple fingerprints _____ on _____ same _____?

Can a _____ of _____ have different _____ on _____?

_____ possible for _____ associate their prints _____ a single _____?

Is it possible _____ put separate _____ on _____?

_____ users may be _____ use their own fingerprints _____.

_____ you register _____ fingerprints for different users _____?

Is _____ doable to _____ fingerprints _____ different _____?

Is _____ possible _____ register _____ fingerprints for _____ single device?

There _____ to have different _____ for _____ users.

Is _____ any way to _____ on a _____ device?

Multiple _____ device is _____.

Is _____ possible _____ have multiple _____ on _____ shared _____?

_____ gizmo accept _____ the same time?

Can _____ support _____ fingerprints?

_____ it be possible _____ set _____ user fingerprints _____ same _____?

_____ to set _____ fingerprints in the same _____?

_____ is possible to set up multiple _____ different users _____.

_____ for different people's _____ be _____ one device?

_____ to _____ different _____ for different _____ on a single _____?

Is _____ fingerprints on one device _____ certain people?

____ we use ____ fingerprints for different ____ of ____ ____ ?
 ____ use ____ for people on the same ____ ?
 Does ____ device ____ fingerprints ____ different ____ ?
 ____ it possible ____ one device ____ support ____ .
 ____ the ____ allow for ____ fingerprints for ____ ?
 Is ____ a ____ set up many ____ fingers ____ one ____ ?
 ____ device allow ____ up multiple ____ for different ____ ?
 ____ there ____ of multiple fingerprints on ____ device?
 Is it ____ for one gadget ____ fingerprints from ____ ____ ?
 ____ users have ____ fingerprints ____ same device?
 ____ it possible ____ ____ members ____ have prints?
 Can I do ____ user-specific ____ same ____ ?
 ____ device ____ multiple users' ____ ?
 ____ have ____ people's fingerprints saved ____ one ____ ?
 ____ it possible ____ ____ fingerprints on ____ device simultaneously?
 Is it possible for ____ have ____ shared devices?
 Do you think ____ assign different fingerprints ____ different ____ ?
 ____ use ____ different ____ fingerprints ____ my phone?
 ____ is possible ____ multiple fingerprints on a ____ .
 Can people's ____ combined ____ device?
 Multiple ____ on ____ single device.
 ____ know ____ I ____ use multiple fingerprints ____ people.
 ____ have more ____ one ____ fingerprints ____ a number of ____ ?
 ____ there a way ____ assign ____ fingerprints for different users ____ ?
 Can I have ____ fingerprints ____ ?
 ____ possible ____ a gizmo to accept ____ from ____ ?
 Can ____ multiple ____ more than one person ____ a ____ ?
 ____ there ____ option to ____ different prints ____ users.
 Is ____ possible ____ enroll ____ on a device?
 Is it possible to have ____ phone?
 ____ it ____ a ____ user's ____ in ____ used tech devices?
 ____ you ____ on a ____ gizmo?
 Is ____ have ____ on a shared ____ each ____ to its ____ ?
 Can you ____ for ____ than ____ user at ____ ?
 ____ having ____ prints plausible for ____ ?
 Does the phone ____ you set ____ than ____ easily?
 ____ possible ____ set ____ multiple ____ on one item?
 Can ____ set ____ multiple fingerprints ____ device at ____ ?
 ____ register ____ than one ____ on the ____ phone?
 ____ register ____ fingerprints ____ the ____ device?
 ____ possible ____ multiple ____ more than ____ person on a ____ thing?
 Can the same device ____ users' ____ time?
 Is it an ____ to ____ fingerprints on ____ .
 ____ it possible ____ prints ____ be ____ one device?
 ____ register ____ my ____ on the same phone?
 ____ it ____ to ____ dozens ____ user ____ ?
 Does ____ allow setting up more ____ person's unique ____ ?
 Could ____ be ____ to ____ different ____ ?
 ____ several fingerprints feasible ____ different ____ ?
 Is it ____ to ____ distinct ____ fingerprints ____ technology ____ ?

Is ____ up ____ fingerprints ____ in ____ device?
____ able ____ set ____ fingerprints for ____ one ____ on a ____ device?
Will ____ be ____ to set ____ multiple ____?
Is it ____ for ____ to ____ several ____?
Is it possible ____ assign distinct fingerprints ____ users ____?
____ an option to ____ fingerprints on ____ device?
Is ____ to ____ fingerprints for ____ on the ____ device?
Does anyone know if we can have ____?
____ possible to ____ distinct ____ fingerprints ____ tech gadgets?
____ same fingerprints on a single device?
Is it ____ to have ____ fingerprints ____ with ____ same ____?
Is ____ possible ____ several ____ register ____ a single phone?
____ may ____ different ____ on the same ____.
____ use other ____ my phone?
____ have ____ fingerprints ____ the same device?
____ feasible ____ set up multiple fingerprints ____ people?
____ it possible for multiple users ____ on ____ device?
Is ____ way to support ____?
Can multiple fingerprints ____?
____ setting up ____ in ____ same device ____?
Is it ____ to set ____ various ____ two ____?
Does ____ device ____ us to have ____ fingerprints ____?
Can ____ use more than one ____ for ____?
Is it ____ fingerprints ____ a ____ device?
____ we ____ multiple ____ different people?
____ it ____ to place multiple ____ same ____ different users?
____ it ____ set ____ user fingerprints on the ____?
Can I have more ____ one ____ various users?
Can ____ use ____ one device?
____ set up different fingerprints ____ same device?
____ device support ____ fingerprints?
____ several fingerprints work ____ a ____?
____ a way to assign ____ for different users ____ device?
It ____ to ____ fingerprints on a ____ device.
Can ____ prints be put ____?
Is it ____ different ____ on ____ single phone?
____ it ____ to register multiple fingerprints for ____ on ____ device?
____ different people enroll ____ prints ____?
____ fingerprints could be ____ thing.
Is ____ possible ____ for more than one user ____ single ____?
____ is possible ____ people's fingerprints ____ phone.
____ it ____ register multiple fingerprints on a ____ individual ____?
____ possible to set up ____ same phone ____ users.
Can ____ have ____ a device?
Is there ____ to assign ____ fingerprints for ____?
Can ____ register ____ on ____ same ____?
Are ____ fingerprints ____ for ____ single ____?
Is ____ a ____ multiple ____ on one device?
____ think ____ possible for ____ people ____ fingerprints for their ____ use?
____ create several fingerprints for ____ people ____ one device?

Is _____ for _____ to support _____ fingerprints for _____ users?
 _____ to _____ different fingerprints _____ two _____ on the _____ device?
 _____ is _____ establishment of _____ fingerprints _____ different people?
 _____ be possible _____ have _____ prints for different _____?
 _____ it _____ have so _____ in one device?

Is _____ _____ prints for different device members?
 Is it _____ to _____ their prints with _____ single _____?
 Is _____ to assign _____ people on one _____?
 Can we _____ for one _____?

How _____ setting _____ different people's _____ a _____ phone?
 Is setting _____ prints _____ users?
 Does this _____ than _____ person _____ have a unique _____?
 _____ multiple users on _____ single _____ same fingerprints?
 Is it _____ to _____ scans for different people on _____?
 _____ possible _____ a single device to _____ fingerprints?
 Is _____ possible for _____ fingerprints to _____ device?
 _____ multiple _____ associate their prints _____ single _____?
 _____ it _____ have multiple _____ for a single _____?
 _____ feasible to _____ fingerprints for different _____?

Can the device have _____?
 Can you register multiple _____ different _____ device?
 _____ the setting up _____ different people?
 _____ possible _____ a lot of _____ a single device?
 It is conceivable _____ different _____ different _____.

Is it _____ put different _____ on the _____ phone _____?
 Is it possible _____ setup _____ user prints?
 Is _____ possible _____ use several _____ the _____ device?
 Does _____ device _____ fingerprints?
 _____ to have _____ fingerprints with one device?

Is it _____ to _____ prints for _____ members?
 Is it _____ fingerprints on the same _____?
 Is _____ an _____ to _____ multiple _____ on _____ device.
 Is _____ way _____ establish _____ fingerprints for different _____?
 Allowed _____ prints by _____ people?

Is _____ create _____ for separate device members?
 _____ it possible _____ can _____ multiple fingerprints _____ different _____?
 Is _____ possible _____ several fingerprints for multiple _____ on _____?
 Is it possible _____ for different _____ one device?
 Can several _____ a phone?
 On _____ same device, _____ be an _____.

Is it _____ set _____ by different people?
 Is it _____ register various fingerprints _____ single _____?
 Is _____ possible _____ up _____ for _____ device members?
 _____ it possible _____ fingerprints on _____ phone _____ different people.
 _____ fingerprints _____ same device possible?

Can _____ on _____ device use different _____?
 Can I _____ fingerprints on _____ device _____ time?
 _____ it _____ to register multiple _____ different people on _____?
 Does the _____ allow _____ for different _____?
 Can we have _____ fingerprints _____ linked _____ its user?

_____ fingerprints _____ be an _____ the same _____.
 Is _____ possible _____ of _____ devices to register _____ fingerprints?
 _____ different users _____ single device?
 Is it _____ register fingerprints on _____ different user _____?
 Is _____ for _____ use multiple fingerprints
 Can _____ up _____ fingerprints on _____ same _____?
 Will multiple users be able _____ associate _____ a _____?
 _____ to _____ fingerprints of _____ people on a _____ device?
 _____ you _____ to assign _____ access _____ diverse users _____ a single _____?
 Is it possible _____ to _____ multiple fingerprints _____ device?
 Is _____ any _____ to assign _____ access _____ diverse _____?
 Is it _____ to _____ different _____ different _____ my device?
 _____ I _____ able _____ use more than one _____ users?
 There is a option to _____ different _____.
 Can one _____ numerous _____ at _____ same _____?
 Is it _____ make _____ on _____ device?
 _____ be _____ one device _____ with the same _____?
 _____ the device allow the _____ multiple _____ fingerprints _____ distinct _____?
 Is _____ device able _____ users' fingerprints?
 _____ it possible to _____ different fingerprints _____ device?
 Can _____ up _____ fingerprints _____ a _____ device?
 Is _____ possible _____ have _____ fingers on one _____?
 There _____ possibility to register _____ fingerprints _____ people.
 Is _____ to set _____ two different _____ on the _____?
 _____ different people's _____ linked to _____ single _____?
 _____ be _____ on one device.
 _____ it possible _____ set _____ fingerprints on _____ device.
 Can _____ accept _____ many people?
 Does _____ allow _____ multiple _____?
 Is it _____ up _____ for the same device?
 Is it _____ separate device _____ have _____?
 Is _____ to _____ different people's prints _____ device?
 _____ there a _____ to _____ access _____ users _____ a single device?
 Can one register multiple _____?
 Can _____ device accept many _____ time?
 _____ possible _____ up _____ on _____ device at the same time?
 Is _____ to have _____ different prints on _____?
 _____ device use multiple _____?
 _____ is feasible to _____ people's _____ a single _____.
 Is _____ possible _____ use _____ different prints on _____?
 Is there a _____ separate fingerprints on a single _____?
 Can _____ of _____ fingerprints _____ a device at the _____ time?
 Multiple _____ might _____ to associate their prints _____.
 _____ possible _____ distinct user fingerprints within the _____ device?
 Is _____ possible _____ use more _____ one _____ on _____ single _____?
 Is it possible _____ different _____ on _____ device?
 I _____ if we _____ on a shared _____.
 _____ it possible _____ device for different people?
 Can _____ set multiple _____ users _____ single gadget?
 Is it _____ multiple _____ for different _____ of _____ single _____?

_____ add individual finger _____ of different _____ this phone model?
 _____ it _____ users _____ associate their _____ with _____ single device
 Is _____ multiple fingerprints _____ more than _____?
 _____ it possible that _____ users _____ associate _____ with _____ single device?
 _____ it possible to _____ for _____ people _____ same device?
 _____ fingerprints on _____ single device?
 _____ multiple users _____ to _____ their prints _____ a _____?
 Is _____ feasible _____ have _____ on the _____ phone _____ users?
 Might _____ option _____ have different _____ for different _____?
 _____ a _____ device contain _____?
 _____ possible to place _____ fingerprints on a _____?
 _____ individuals _____ their _____ on _____ same device?
 _____ you set _____ fingerprints _____ different _____?
 _____ store multiple _____ at once?
 _____ this phone _____ fingerprints to be _____?
 _____ add _____ on the same _____?
 Is _____ possible _____ set up _____ seperate _____ members?
 _____ feasible to establish several _____ for different _____ device?
 Is it _____ to create _____ on _____ device?
 Is _____ to set _____ many different fingers _____ same _____?
 _____ possible to _____ for different _____ using _____ same device?
 _____ it possible to _____ the _____ of _____ prints?
 Is multiple fingerprints on _____.
 Is it possible _____ have _____ separate _____?
 _____ to _____ finger _____ of people _____ the phone model?
 _____ be _____ than _____ set of _____ each user?
 _____ up _____ different _____ on _____ something that could _____ done.
 Is _____ possible _____ set _____ distinct user _____ in the _____?
 Can _____ fingerprints on _____ device?
 It's _____ to _____ different _____ fingerprints on _____.
 _____ to set _____ multiple fingerprints for different _____.
 _____ the same device _____?
 Are we _____ to _____ on a shared _____?
