

[Demo] NLP Dataset for Customer Service Automation

Company Type	Electricity Suppliers
Inquiry Category	Energy consumption analysis and advice
Inquiry Sub-Category	Appliance efficiency
Description	Customers seek advice on choosing energy-efficient appliances that reduce electricity consumption. They inquire about the energy ratings, operating costs, and benefits of specific appliances to make informed purchasing decisions.
Data Size	8,520 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Electricity Supplier" customer inquiry. (Purchased data will not be masked.)

____ smart ____ help ____ significantly ____ to conventional thermostats?

Is it ____ to save ____ smart controls ____?

Can my ____ bills ____ by ____ fancy smart ____?

Is ____ that ____ thermostats ____ about significant ____ for ____ AC costs?

____ therms ____ cut utility ____.

____ smart ____ systems provide ____ savings?

____ smart ____ save ____ heating/cooling costs?

____ save ____ dollars ____ regular ones?

Is the ____ thermostat ____ save you money ____ your ____?

Is smart ____ efficient than ____ cooling and ____?

____ expect ____ pay ____ my energy ____ if I switch ____ smart thermostat?

Can ____ thermostats ____ in heating/cooling ____?

Can you ____ to a smart ____ to ____?

Can I ____ save money ____ my energy ____ by ____ thermostat?

Is ____ that ____ thermostats ____ reduce ____ energy bills?

____ thermostats better for cutting down ____ heating ____?

____ of smart ____ save money?

____ much ____ smart thermostat systems ____?

I wonder ____ those high-tech thermostats ____ a ____ heating/cooling ____.

____ advanced ____ systems ____ lowering ____ bills?

Is ____ that ____ thermostats ____ big on ____ bills?

Is ____ to ____ on ____ energy ____ to a smart thermostat?

____ possible ____ expect ____ my energy ____ if ____ switch to a smart ____?

There ____ cost reductions in using ____.

Do ____ systems ____ an effect on ____ energy ____?

Do ____ thermostats help ____ reduce ____?

Do ____ cost less ____?

____ lower energy bills ____ than conventional options?

_____ those high-tech _____ really cut _____ ?
 _____ the _____ save money?
 Is _____ with _____ controls greater?
 Could _____ cause _____ decrease _____ temperature _____ ?
 Are _____ thermostats _____ costs?
 If _____ over the _____ one, would it _____ down _____ energy costs?
 Can smart _____ noticeable _____ in _____ bills?
 _____ high _____ could _____ money.
 _____ a smart _____ would cut _____ energy costs more than a _____ .
 _____ reductions in _____ of _____ smart thermostat.
 Is _____ thermostats _____ effective _____ models _____ saving on heating _____ cooling _____ ?
 How _____ can a _____ thermostat actually _____ with _____ ?
 _____ smart _____ on energy bills?
 How much _____ a smart thermostat reduce heating _____ regular _____ ?
 _____ of an advanced thermostat _____ savings?
 _____ smart thermostats _____ money _____ expenses?
 _____ much _____ I _____ heating/cooling using a smart _____ ?
 Can smart _____ difference in _____ heating _____ costs?
 _____ smart _____ help with _____ ?
 Will _____ thermostats cut _____ ?
 It's possible _____ smart _____ are _____ regular _____ .
 Can _____ save on _____ ?
 Can _____ thermostat lead _____ noticeable _____ ?
 Can the installation of _____ thermostat _____ my _____ ?
 Does using _____ thermostat _____ to significant _____ use?
 Reductions _____ heating/cooling costs _____ with _____ thermostats.
 Can _____ thermostats save you _____ in _____ ?
 Can _____ expect significant expense _____ when I _____ to _____ thermostat _____ one?
 Is there a _____ to _____ with _____ ?
 Can I _____ to _____ bills if I switch to _____ smart _____ from _____ one?
 I _____ if the high-tech _____ a big difference _____ .
 Can a _____ result in _____ ?
 Is _____ any _____ the _____ thermostat?
 A smart thermostat _____ me _____ on _____ and _____ .
 _____ to a smart _____ can _____ utility _____ .
 Hmm, _____ clever _____ temperature _____ ?
 Can _____ smart thermostat _____ cooling bills?
 _____ advanced thermostat systems better _____ bills _____ options?
 _____ thermostats _____ to cut expenses _____ ?
 Is it _____ save more _____ bills.
 _____ like to know _____ thermostat _____ lower my _____ bills.
 _____ smart thermostat _____ on _____ ?
 _____ investing in _____ thermostat _____ in a _____ in _____ cooling bills?
 _____ smart thermostats slash my _____ bills?
 _____ can be _____ by smart _____ .
 _____ question _____ whether there is a significant _____ reduction _____ smart _____ .
 Investing in _____ advanced _____ lead _____ noticeable _____ .
 Smart thermostats _____ be cheaper _____ .
 _____ temps _____ more than _____ models?
 Can the smart _____ make _____ utility bills?

Do ____ thermostat ____ have ____ savings ____ conventional systems?
 ____ saved with ____ tech ____?
 ____ smart thermostats reduce ____ than regular ____?
 ____ using ____ smart ____ save money on ____?
 Can ____ smart ____ heating ____ cooling costs?
 Will ____ thermostat save ____?
 ____ a smart thermostat reduce ____ costs ____ than ____ type?
 Is ____ thermostat ____ lower ____?
 ____ it ____ save on ____ by ____ smart thermostat?
 ____ significant expense ____ with the ____ controls?
 Is smart ____ than traditional models ____ cutting ____ heating ____ cooling ____?
 ____ to a ____ thermostat lower ____ expenses?
 ____ smart ____ than regular ones?
 ____ a smart thermostat will reduce my ____.
 Money ____ be ____ a high-tech ____.
 Is ____ heating and cooling costs with ____ thermostats.
 ____ a ____ reduce heating/ ____ fees?
 Does ____ thermostat save you ____ heating bill?
 Is the ____ actually ____ you ____ heating bill?
 ____ of a ____ thermostat save ____?
 Are ____ thermostats more effective ____ models ____ cutting down ____ costs?
 Do ____ gizmos ____ on ____?
 Is ____ to ____ expenses?
 ____ smart thermostats ____ the ____ heating/cooling?
 ____ possible ____ clever devices could reduce ____ bills ____?
 ____ may be ____ answer ____ expenses quickly.
 ____ thermostats ____ answer to ____ costs?
 Is ____ possible ____ decrease ____ heating/ cooling ____ with a ____?
 ____ utilizing a ____ model ____ heating/cooling ____?
 Is smart ____ cheaper ____?
 ____ much ____ in energy ____ can ____ thermostats ____?
 ____ smart-alecky thermostats ____ significant ____ when it ____ to heat ____ AC ____?
 ____ thermostats save ____ a ____ money compared to ____ ones?
 ____ if ____ thermostat can ____ costs.
 ____ it possible ____ reduce ____ heating ____ with smart thermostats?
 Do smart thermostatsystems ____?
 ____ smart thermostats helping ____?
 Do advanced ____ decreasing ____ bills?
 ____ advanced thermostat produce ____?
 ____ smart ____ cutting ____ heating ____ cooling expenses than ____ models?
 ____ key ____ lower costs?
 Will smart ____ energy ____?
 Will ____ thermos ____ money ____ heating ____ cooling ____?
 Is ____ a lower ____ smart ____.
 ____ smart thermostats a key ____?
 Would a smart ____ energy ____?
 ____ money can be saved ____ high-tech ____?
 ____ using ____ thermostat good ____ savings?
 Is ____ possible ____ cut down on ____ with ____ thermostat?
 Do ____ thermostats ____ a ____ of ____?

Do _____ thermostats are _____ than _____ ?
 _____ it _____ that fancy new thermostats help cut _____ my _____ ?
 Do smart thermostats _____ energy _____ ?
 Any money _____ by _____ ?
 _____ it _____ to _____ to _____ for lower utility expenses?
 Can _____ reduce utility expenses?
 _____ thermostats make _____ huge difference in _____ expenses?
 _____ it possible that _____ thermostats _____ energy bills?
 _____ cheaper _____ have _____ than regular ones?
 Should _____ thermostats _____ cut _____ ?
 _____ much can a _____ to heating and cooling expenses?
 Are there _____ the use of _____ thermostats?
 Is there a _____ controls?
 _____ thermostats _____ be more _____ at _____ on _____ and _____ expenses.
 _____ thermostats _____ able to save _____ heating _____ .
 _____ much can a smart _____ reduce _____ compared _____ regular _____ ?
 _____ a _____ model _____ cost of heating and _____ ?
 _____ smart _____ my _____ bills?
 _____ smart thermostat make a _____ difference _____ bills?
 _____ much do _____ reduce energy _____ ?
 Can _____ reduce _____ bills?
 _____ make a difference in _____ heating/cooling _____ ?
 _____ the fancy smart _____ my heating _____ bills?
 _____ possible _____ these fancy smart _____ can slash my _____ ?
 Does smart _____ energy _____ more than _____ models _____ ?
 Is _____ more effective than traditional _____ on _____ and cooling _____ ?
 Is _____ possible _____ thermostats _____ cut _____ costs.
 _____ using a _____ thermostat _____ money _____ energy _____ ?
 Is a _____ more _____ than _____ conventional thermostat?
 Do _____ really save money on _____ costs?
 Is _____ reduction _____ on _____ and air _____ with the choice _____ ?
 Will a _____ utility bills _____ ?
 _____ thermostats lower _____ cooling costs?
 Is it possible that smart _____ decrease my _____ ?
 Can the _____ costs?
 Can _____ on heating _____ ?
 Do _____ thermostats cost _____ ?
 _____ it possible _____ expenses quickly _____ thermostats?
 Is _____ possible to reduce _____ with _____ ?
 Can _____ heating/cooling costs?
 _____ it true that advanced _____ systems help _____ ?
 Does _____ thermostats save _____ ?
 _____ thermostat would _____ down on my _____ costs _____ the conventional _____ .
 Can smart _____ heating and _____ costs _____ than regular _____ ?
 _____ smart _____ use more cost _____ than _____ ?
 _____ it _____ that _____ thermostats _____ lower energy _____ ?
 Do _____ thermostats help _____ expenses?
 Can _____ thermostats _____ cut down on _____ cooling _____ ?
 _____ smart thermostats _____ at _____ bills?
 _____ thermostat would _____ down _____ costs _____ I chose it.

How ____ smart ____ ____ bills?

____ smart thermostat ____ ____ energy bills?

Do ____ systems ____ energy savings?

Will ____ deliver ____ in heating and ____ ?

____ thermostat systems have ____ energy ____?

____ intelligent ____ cost less ____ and ____?

____ money ____ a high-tech ____.

Is there a ____ HVAC ____ choice ____ smarts?

Money could ____ saved with ____ ____ ____.

____ high ____ thermostats ____ ____ difference in my ____ costs?

____ smart ____ ____ effective than ____ models for cutting ____ ____ ____ cooling expenses?

____ a smart ____ ____ for savings ____ energy ____?

Is smart ____ a ____ to ____ ____ bills?

Can ____ smart thermostats ____ my ____ ?

____ smart ____ ____ effective than traditional ____ to ____ down on ____ ____ cooling ____?

____ ____ possible to ____ down ____ ____ ____ costs if I ____ ____ smart thermostat?

____ smart ____ lower ____ ____ ____ than traditional models?

____ is possible ____ ____ ____ reduce temperature bills.

Can smart ____ ____ lower ____ heating ____ ____ costs?

____ there significant ____ ____ ____ smart thermostat?

____ smart ____ ____ effective ____ traditional ones at cutting ____ ____ ____ and cooling ____?

Can I ____ ____ ____ energy ____ ____ I switch to a smart thermostat?

Is it ____ ____ smart thermostats ____ ____ ____ bills?

____ a smart thermostat better ____ ____ energy costs ____ ____ conventional ____?

Do ____ thermostats ____ ____ save ____?

Does ____ ____ ____ ____ than regular ones?

____ ____ possible ____ ____ expenses ____ by using high-tech thermostats?

____ ____ ____ efficient in ____ utility expenditure?

____ ____ ____ can ____ heating/cooling expenses, ____ how much?

Does ____ gizmos ____ ____ on ____ ____ cooling costs?

I wonder how much ____ smart thermostat ____ ____ ____.

____ ____ money ____ be ____ ____ high tech thermostat?

____ changing to a ____ ____ save ____?

____ smart thermostats able to ____ ____ ____?

____ using smart thermostats ____ ____ ____?

smart ____ ____ ____ expenses more than ____ models.

Can I expect ____ ____ money by changing ____ ____ smart ____ ____ ____ standard one?

____ it ____ to ____ down ____ ____ using a smart ____?

____ it possible for smart thermostats ____ ____ ____?

Is ____ thermostats ____ for ____ ____ heating and ____ ____ ____ traditional models?

____ ____ thermostats deliver ____ reduction ____ heating/cooling ____?

Is ____ possible to ____ ____ heating/cooling ____ with a ____ ____.

____ ____ can a ____ thermostat actually decrease ____ ____?

Can ____ ____ reduce ____ heating ____ cooling ____.

Can ____ thermostat ____ ____?

____ ____ ____ a cheaper ____ ____ regular ones?

Can ____ smart ____ ____ my heating/ ____ ____?

____ ____ can a smart thermostat ____ ____ compared to ____ ____ thermostat?

____ these thermostats cut ____ ____ ____?

____ ____ advanced ____ result ____ savings?

____ I ____ on ____ bills ____ changing to a smart thermostat?
 ____ can help ____ utility ____.
 Is ____ reduction possible ____ smart ____?
 I'm wondering ____ lower my utility bills.
 Do smart thermostat ____ than conventional systems?
 ____ thermostats can ____ utility ____.
 How much ____ saved by ____ high-tech thermostat?
 ____ cut expenses quickly ____ have high-tech thermostats?
 Can ____ deliver ____ in heating/cooling ____?
 ____ advanced ____ result in ____?
 ____ to cut ____ high-tech thermostats?
 Can ____ therms ____ expenses?
 ____ advanced thermostat systems ____ in ____?
 ____ use of ____ smart thermostat ____ on ____ costs?
 Will ____ in a ____ in ____ decrease in ____ and cooling ____?
 ____ thermostat ____ than ____ for reducing heating and ____ expenses?
 Is smart ____ at ____ costs than traditional ____?
 Will ____ smart thermostat bring ____ and ____ bills?
 Can thermostats save ____ and ____?
 ____ a smart thermostat lower ____?
 ____ expect ____ save ____ on ____ energy bills once I ____ a ____ thermostat?
 It ____ that ____ thermostats ____ than regular ones.
 ____ smart thermostats ____ bills?
 ____ thermostat ____ provide significant ____ savings?
 ____ cut energy ____ more than traditional ____?
 ____ energy bills decrease ____ of ____?
 ____ possible to save ____ by changing ____ thermostat ____ smart ____?
 ____ I ____ to ____ on energy bills ____ a smart thermostat?
 ____ smart thermostat systems save energy ____ types?
 Will ____ smart ____ my ____ costs more ____ the conventional ____?
 Is ____ to ____ cooling costs ____ smart thermostats?
 Would ____ thermostat help ____?
 Is ____ thermostat ____ for ____ savings?
 Do ____ compared to conventional systems?
 ____ advanced thermostat systems ____ lowering ____?
 Should ____ use a ____ to ____ energy ____?
 Do ____ gizmos save ____ cooling expenses?
 Is ____ possible ____ save money ____ heating/cooling ____ with ____?
 ____ save you money on ____ energy bills?
 How much can ____ reduce ____?
 Can ____ thermostat with an advanced ____?
 Is advanced thermostat systems ____ to ____ bills ____ conventional ____?
 Does ____ smart ____ save ____?
 Can ____ a ____ energy bills if ____ switch ____ standard thermostat to a ____ one?
 ____ smart thermostats bring ____?
 Can ____ down on ____ and ____ expenses?
 ____ smart ____ more on bills than regular ____?
 Will ____ thermostats ____ more than ordinary ____?
 Can ____ lower ____ heating ____ cooling ____?
 ____ new ____ thermostats cut ____ heating/AC ____?

_____ smart thermostats _____ money _____ heating and _____ costs?
 _____ it possible to decrease heating/cooling _____ a _____?
 Clever devices may _____ to _____ significantly.
 _____ it possible that _____ thermostats _____ more on _____ regular _____?
 Is _____ possible _____ thermostats _____ cut cooling _____?
 Do _____ thermostats _____ money?
 Do smart _____ heating/cooling _____?
 Do _____ thermostats work better _____ traditional models _____ and _____?
 _____ I use a smart thermostat _____ on _____?
 Smart _____ may _____ savings.
 Can _____ fancy _____ thermostats save _____ money _____ and _____ conditioning bills?
 _____ I _____ savings _____ energy _____ I switch to a smart _____ standard one?
 _____ the high-tech thermostats reduce _____?
 _____ it possible _____ thermostats can _____ heating/cooling _____?
 Are high-tech _____ answer _____ expenses _____?
 _____ on heating and cooling with _____ smart thermostat?
 Will _____ thermostat _____ reduce my _____?
 Is smart thermostat _____ saving energy _____ ones?
 Will _____ smart _____ cause me _____ pay less for _____?
 I want to _____ if smart _____ make _____ difference in _____.
 Can _____ cut heating/cooling costs _____ ones?
 _____ there a significant _____ in _____ using _____?
 Does _____ smart _____ energy _____?
 _____ thermostats deliver reductions _____ heating/cooling _____?
 _____ smart thermostats reduce _____?
 _____ thermostat _____ my _____ bills?
 _____ those _____ thermostats _____ with heating/cooling _____?
 _____ thermostat _____ for cost savings?
 _____ be more efficient _____ ordinary _____?
 Will _____ thermostat make my _____ bills _____?
 Do _____ about _____ savings _____ it comes to heating _____ cooling _____?
 Does _____ thermostats _____ expenses _____ than _____ thermostats?
 Can the _____ my heating _____ cooling _____?
 Is _____ thermostat _____ expenses?
 _____ could reduce _____ bills.
 _____ my heating _____ down _____ a result of _____ in a smart _____?
 _____ smart thermostats make _____ significant _____ utility bills?
 Does _____ lead to _____ on _____ expenses?
 Do you _____ there _____ significant _____ in _____ thermostats?
 Any savings _____ a _____?
 _____ intelligent controls _____ heating.
 Do smart thermostats _____?
 _____ thermostats _____ a _____ in my utility _____?
 _____ thermostats _____ be used _____ cut _____.
 _____ thermostat lead to _____ in energy costs?
 Can _____ in _____ advanced _____ noticeable _____?
 _____ a _____ thermostat _____ energy bill?
 Is _____ any _____ high-tech _____?
 _____ smart thermostats more efficient than _____ cutting down _____ cooling _____?
 _____ money is saved _____ thermostat?

Is ____ smart thermostat able ____ ____ ____ ?

Do ____ ____ cost less ____ ____ cool?

Can smart ____ ____ costs ____ ____ significant way?

Is there ____ significant ____ reduction ____ it comes ____ ____ ____ ?

____ ____ expect savings on my energy ____ ____ ____ to a ____ thermostat?

____ ____ ____ able to cut ____ ?

____ ____ a smart thermostat ____ cut heating/cooling expenses compared ____ ____ regular ____ ?

____ my utility ____ ____ dramatically with ____ smart thermostat?

smart thermostats ____ ____ on ____ ____ ?

____ much ____ be saved ____ getting a ____ ____ ?

____ ____ temps cut energy ____ more than did ____ ____ ?

Does using ____ ____ lead to savings in ____ ____ ?

____ smart therms ____ well ____ ____ utility ____ ?

____ ____ ____ using smart thermostats over ____ ones?

Is ____ smart thermostats ____ ____ expenses?

With choice of ____ is there a reduction ____ ____ ____ ____ and ____ ?

Will ____ smart thermostat ____ ____ ____ so much?

____ smart ____ cut ____ ?

____ ____ ____ make a difference in decreasing energy ____ ?

____ smart thermostats ____ savings ____ ____ ones?

Is it ____ ____ smart temps ____ ____ more than ____ models?

____ ____ may ____ ____ in cutting ____ expenditure.

____ smart thermostat be ____ ____ ____ utility expenses?

____ it possible to cut down heating ____ ____ ____ with ____ ____ ?

____ advanced thermostat ____ have ____ ____ energy ____ ____ conventional options?

____ ____ be the ____ to lower ____ ?

____ ____ thermostat ____ save energy as ____ as conventional ____ ?

Does using ____ smart thermostat ____ ____ savings in ____ ____ ?

Is ____ smart ____ more cost-effective than ____ ____ ____ ?

____ the ____ thermostat reduce ____ ____ bills?

Can opting for ____ smart ____ ____ ____ ?

Can using ____ smart ____ ____ costs?

Will smart ____ help ____ ____ energy ____ ?

____ thermostats may be ____ ____ ____ my heating and ____ ____ .

If I opt for ____ smart ____ would ____ ____ energy ____ ?

Would ____ smart thermostat cut ____ ____ my ____ costs ____ ____ ____ it?

Will ____ ____ thermostats ____ cut my ____ ____ ?

____ smart ____ ____ my heating ____ cooling ____ ?

Could ____ ____ reduce temperature ____ ?

____ ____ a smart ____ ____ cut ____ energy bill?

____ clever devices ____ ____ bills?

____ the cost ____ using ____ thermostats lower ____ traditional ____ ?

Smart ____ ____ cut energy ____ more ____ traditional ____ .

Can smart thermostats ____ money on ____ ____ air ____ ____ ?

Will ____ ____ lower ____ ____ and cooling costs compared to ____ ____ ?

smart ____ ____ cut ____ ?

Do ____ ____ help ____ heating ____ ____ costs?

If I change ____ ____ smart ____ would ____ ____ down on my ____ ____ ?

Can smart ____ ____ ____ ?

____ smart thermostats save on ____ ____ heating ____ ____ ?

_____ can _____ really _____ heating/cooling expenses versus the regular _____?

_____ a smart thermostat _____ utility _____?

Did advanced _____ help _____ energy _____?

_____ it _____ for _____ thermostats to _____ on _____ and _____ costs?

Will smart thermostats reduce _____?

How much _____ smart _____ save in _____?

_____ thermostats save me _____ my energy _____?

_____ use of _____ smart _____ energy expenses?

Can these _____ save me money _____ heating/cooling _____?

Did smart _____ decrease _____?

_____ cut energy bills?

_____ smart thermostat result _____ heating and cooling _____?

Is _____ possible to _____ costs _____ a thermostat?

Can smart _____ save on heating _____?

How much can _____ costs?

_____ I _____ a decrease on _____ heating and _____ if _____ invest in _____?

_____ the smart _____ you money on _____ bill?

Is there _____ savings _____ using smart _____ traditional _____?

_____ a reduction _____ and cooling spending because _____ the choice _____?

Is a _____ able _____ heating/cooling _____?

_____ thermostats _____ more on _____ than _____ ones

_____ can _____ smart thermostat do to _____ and _____?

_____ a smart thermostat to _____ and cooling _____?

_____ expect to pay less _____ bills by changing _____ a _____?

Does a _____ heating/cooling costs?

Do smart _____ a _____ reducing heating/cooling _____?

I _____ like _____ know if _____ smart thermostat would _____ costs.

Is there _____ in _____ using smart _____?

_____ thermostats _____ costs?

Is _____ smart thermostat can _____ heating/cooling costs _____ ones?

Will a smart thermostat _____ and cooling _____?

How much can _____ Thermostat _____?

Is it _____ smart _____ save on _____ cooling _____?

Do _____ energy savings?

_____ are _____ thermostats for _____ heating and cooling _____?

Do smart _____ heating/cooling _____?

Do you _____ a smart _____ costs _____ the conventional type?

_____ smart thermostats _____ save _____ heating _____?

How _____ can _____ lower _____ costs?

Is smart thermostats _____?

Will smart _____ cooling _____?

_____ much can a _____ thermostat save _____ and _____?

_____ smart _____ cheaper _____ normal _____?

_____ much can _____ reduce heating _____?

Are _____ thermostats able _____ lower _____?

_____ smart thermostats _____ compared to regular _____?

Do you _____ a _____ thermostat _____ heating/cooling _____?

I wonder if _____ thermostat would cut _____ on _____?

Is _____ more effective _____ down _____ and _____ expenses _____ traditional models?

_____ controls more _____ for heating?

____ smart ____ cut ____ costs?
 ____ these ____ save ____ money on ____ heating/cooling bill?
 Would the smart thermostat cut ____ costs ____ than ____ type?
 Is it possible ____ heating ____ cooling ____ with a ____?
 ____ advanced thermostat ____ a ____ impact on ____ bills?
 ____ is ____ with a ____ thermostat?
 Smart ____ save ____ energy bills.
 Is there ____ with the ____ controls?
 ____ smart ____ helpful ____ utility expenses?
 ____ thermostat can save ____.
 ____ thermostats ____ heating bills?
 I want ____ if ____ can ____ on ____ costs.
 Is it ____ bills with these ____ smart thermostats?
 How much ____ reduction ____ bills can ____ make?
 ____ possible ____ see savings from investing ____ thermostat?
 ____ smart thermostats save ____ on my ____?
 ____ possible ____ down ____ energy costs ____ a smart thermostat.
 Does smart ____ save money ____?
 ____ investing in ____ thermostat ____ in a decrease ____ cooling costs?
 ____ high-tech thermostats ____ way ____ quickly?
 Do smart ____ help ____ expenses?
 ____ smart thermostats ____ less expensive ____?
 ____ there significant ____ smart thermostats?
 Can ____ thermostats ____ money ____ and ____?
 Do ____ thermostat ____ make ____ difference ____ energy bills?
 ____ thermostats help ____ expenses?
 Can ____ save ____?
 Is smart thermostats ____ to ____?
 ____ a smart thermostat ____ utility ____?
 ____ cost of ____ smart thermostats as compared to ____ options?
 How ____ smart thermostat do ____ heating/cooling costs?
 ____ a smart thermostat ____ money ____.
 ____ to switch ____ a smart thermostat ____ cut utility ____?
 Is smart ____ more energy ____ models?
 Do ____ temps ____ better ____ cutting ____?
 ____ Thermostats reduce ____ cooling costs?
 Is it true ____ there is a ____ smart ____?
 ____ smart ____ save ____ than regular ____?
 ____ save money by ____ a ____ from a standard one?
 Is intelligent ____ for ____ and ____ equipment?
 Would a smart thermostat ____ down ____ costs?
 Would ____ thermostats ____ less expensive ____?
 ____ smart ____ cut ____ costs?
 ____ be ____ to save ____ bills?
 Can ____ thermostats help ____?
 Is ____ smart thermostats can ____ energy ____?
 Is ____ a ____ to ____ on ____ and AC costs?
 Maybe ____ cut energy ____ than traditional ____.
 Do advanced ____ have ____ effect of ____ bills?
 ____ investment in a ____ thermostat ____ in ____ reduction in ____ and ____ bills?

____ smart ____ money ____ energy bills?
 How much ____ smart ____ save ____?
 Can I use ____ smart thermostat ____ my heating ____?
 ____ smart ____ reduce ____ costs?
 ____ smart thermostats ____ way to ____?
 Do smart ____ cut ____?
 Do smart ____ energy ____?
 Do smart ____ better job of ____ down on heating ____?
 Is ____ possible ____ to save ____ heating costs.
 Will clever ____ able to ____?
 Is it ____ that ____ money?
 Is ____ possible ____ lower ____ with smart ____?
 Can you switch to ____ thermostat to ____?
 ____ installing ____ my energy bill?
 Will ____ help ____ my utility bills?
 ____ smart ____ result ____ decrease in bills?
 Is ____ smart ____ can lower my heating ____ costs?
 ____ save my energy ____?
 ____ smart ____ energy bills go ____?
 ____ it ____ that ____ thermostats ____ costs.
 ____ save energy?
 Is it possible ____ can save ____ heating/cooling ____?
 Will ____ lower ____ bills?
 Will ____ thermostat decrease ____ utility ____?
 Is a ____ thermostat ____ going ____ save ____ on ____ and AC ____?
 ____ help reduce bills?
 ____ smart ____ difference to ____ expenses?
 Can smart ____ difference ____ costs?
 ____ smart ____ a ____ difference in ____ and cooling costs?
 ____ much ____ smart thermostat ____ heating/cooling expenses compared to ____ kind?
 ____ an ____ thermostat ____ savings?
 ____ those high-tech thermostats ____ help ____ heating/cooling ____?
 ____ thermostats a ____ for ____ expenses?
 ____ there ____ savings ____ using smart thermostats ____ options?
 Can ____ smart ____ money ____ heating/cooling ____?
 ____ significant ____ on my ____ bills if ____ switch to ____ smart ____ from a ____ one?
 Reducing heating/cooling ____ achieved with ____.
 ____ save a ____ of money on heat and ____?
 ____ using ____ thermostat save you ____?
 ____ possible that ____ smart ____ will decrease my ____ bill?
 Can smart ____ my ____?
 ____ may be able to ____ costs more ____ traditional ____.
 Does a ____ save ____ money ____ your ____ bill?
 Are ____ thermostats ____ delivering ____ reductions in ____ costs?
 I wonder ____ smart thermostat ____ lower my ____.
 Do those ____ thermostats ____ my ____ costs?
 ____ if ____ thermostats can ____ difference ____ my utility bills.
 ____ be set up as a smart setup.
 ____ smart ____ traditional ____ cutting heating and cooling expenses?
 ____ smart ____ reduce ____ expenses more than ____?

The _____ cut costs.
 _____ these new smart thermostats can _____ heating/AC bills?
 _____ smart _____ saving on heating _____ cooling _____?
 Can _____ save money when it comes _____ cooling _____?
 _____ that smart thermostats reduce _____?
 Is _____ thermostats _____ lower costs?
 _____ a _____ cut my _____ bills?
 Is _____ reduction in spending on _____ due to _____?
 _____ thermostat systems _____ a _____ it comes to energy _____?
 Can _____ thermostats save _____ heating _____ cooling bill?
 Should advanced thermostat _____ energy _____ more _____ conventional _____?
 Does a smart thermostat _____ savings _____ energy _____?
 How _____ can _____ reduce energy _____?
 Can _____ smart thermostats cut my _____ and _____?
 Can _____ expect to save money _____ smart thermostat _____ standard _____?
 Would opting for _____ thermostat _____ costs?
 Do advanced _____ systems lower _____ than _____ options?
 _____ smart-alecky _____ bring _____ savings _____ heat and AC _____?
 Is smart-alecky _____ way _____ save _____ and air conditioning _____?
 _____ smart-alecky _____ bring _____ significant savings _____ and AC costs?
 _____ possible that _____ heating costs?
 Will having a _____ reduce _____?
 _____ thermostats bring _____ costs?
 _____ I use a _____ cut _____ my heating _____?
 _____ thermostats save _____ to _____ ones?
 Reductions _____ heating/cooling costs _____ delivered _____ smart _____.
 _____ intelligent _____ be _____ efficient?
 _____ it _____ smart thermostats can save _____ heating _____ costs?
 Will _____ save _____ money?
 Are _____ efficient than traditional _____?
 Will a smart thermostat _____ energy _____ more _____ a _____?
 How _____ can _____ thermostat really help _____ heating _____ expenses?
 _____ smart thermostat _____ cut _____ on _____ cooling expenses more _____ traditional _____?
 _____ thermostats _____ on heating/cooling?
 Can _____ thermostat _____ energy bill?
 Is _____ can decrease heating/cooling _____?
 _____ I get my heating/cooling costs _____ a _____?
 _____ a smart _____ used to reduce _____?
 _____ thermostats reduce _____ costs?
 Can _____ something _____ cut costs?
 Would a _____ my energy costs _____ the conventional _____?
 What about smart temps _____ energy expenses _____?
 I _____ if high-tech _____ a _____ difference in _____ heating/cooling _____.
 _____ know if _____ temps cut energy _____ traditional models.
 _____ smart _____ make a _____ cooling and heating bills?
 _____ a _____ money?
 _____ utility bills be lower _____ of _____ thermostat?
 Should _____ thermostat _____ my utility _____?
 _____ expect to save _____ energy _____ when _____ switch to _____ thermostat?
 _____ thermostat systems _____ energy _____?

Do _____ help reduce _____?
 _____ using smart _____ than using traditional _____?
 _____ I expect _____ save _____ on _____ if _____ switch my thermostat _____ smart one?
 _____ save _____ energy bills?
 _____ smart thermostats more effective at _____ down _____ cooling _____ than _____?
 Will having a smart _____ in a _____ in _____ bills?
 Do _____ energy?
 _____ to switch to a _____ lower utility _____?
 Does _____ new thermostats _____ cut down _____ and _____ costs?
 Can these _____ cut _____ heating/cooling _____?
 _____ thermostats _____ costs
 _____ the _____ costs cut by _____?
 Will _____ see _____ decrease in heating and _____ bills _____ I _____ thermostat?
 _____ money _____ my energy bill _____ installing a smart _____?
 Will _____ smart thermostat _____ me _____ on _____ and cooling _____?
 _____ those high-tech _____ really _____ my _____?
 Will _____ thermostats be _____ energy costs?
 I _____ to _____ smart thermostats _____ save on _____.
 _____ much can a _____ thermostat _____ on _____ expenses?
 Can a smart thermostat _____ on _____ energy _____?
 _____ smart thermostats _____ more money _____ than regular _____?
 Can I expect _____ energy _____ when _____ switch to a _____?
 Would _____ smart _____ cut _____ costs _____ than the _____ one?
 Do smart _____ reduce heating _____?
 Do the _____ thermostats _____ make a difference _____?
 _____ be able _____ reduce my utility bills?
 Can _____ smart _____ heating costs?
 _____ save me money _____ energy _____?
 _____ smart _____ on energy bills?
 Do smart _____?
 _____ thermostats cut _____ on _____ and _____ expenses _____ than traditional _____?
 Is it _____ save energy by _____ smart _____?
 _____ can be lower if _____ switch _____ a _____.
 _____ thermostats do to _____ bills?
 Can _____ get _____ thermostat to cut _____ costs?
 _____ savings on _____ energy bills _____ switch from a standard _____ a smart _____?
 Is the _____ of _____ thermostats lower than _____?
 Do _____ thermostat _____ lower _____?
 Is _____ thermostats _____ save _____ energy bills?
 _____ the _____ thermostat _____ on _____ energy costs?
 _____ save energy?
 There are reductions _____ the _____ of _____ traditional options.
 _____ these _____ of cutting my heating/cooling _____?
 _____ smart _____ more _____ than traditional _____ and cooling expenses?
 Is smart _____ at cutting _____ and cooling expenses?
 _____ be made with _____.
 Do _____ new thermostats help _____ heating and cooling _____?
 Is _____ possible _____ reduce _____ heating/cooling _____ a _____ thermostat?
 Is _____ thermostats _____ to _____ on _____ and AC costs?
 Will _____ save you _____ on _____ heating bill?

_____ thermostats save money on _____?
 _____ that _____ high-tech _____ make _____ big _____ in my heating/cooling costs?
 _____ be more _____ cutting down heating and cooling _____?
 Smart therms _____ utility _____.
 If I _____ a _____ would it cut _____ costs?
 _____ a difference _____ heating/cooling _____ between smart _____ and _____ ones?
 Is _____ possible _____ money _____ high-tech _____?
 _____ smart _____ in _____ utility expenses?
 Will an investment in _____ in _____ heating _____ bills?
 _____ much can _____ smart _____ me _____ on heating _____ cooling?
 Can smart _____ used _____ cut _____ cooling costs?
 _____ fancy smart thermostats slash _____ heating _____ cooling _____?
 Can _____ switch _____ smart thermostat to _____?
 _____ a _____ thermostat _____ to _____ energy expenses?
 Is _____ thermostats _____ energy?
 _____ reduction in heating _____ cooling spending with _____?
 _____ the choice _____ smarts, is _____ in heating _____ cooling _____?
 Can _____ smart _____ reduce my _____ and _____?
 _____ systems _____ lowering energy bills?
 Do _____ to cutting _____ quickly?
 _____ money _____ a _____ thermostat?
 _____ thermostat _____ on utility _____?
 _____ it _____ find substantial cost _____ using _____ thermostats?
 _____ I expect a _____ if I _____ to a smart _____?
 Will _____ be _____ expensive _____ ordinary _____?
 Do _____ thermostats reduce _____ costs?
 _____ smart thermostat _____ expenses.
 Can the switch _____ smart _____ decrease _____?
 Does _____ high-tech thermostat make a _____ heating and _____?
 Will _____ cut my _____ bills?
 _____ smart thermostats _____ savings _____ expenses?
 Can I _____ savings _____ energy bills if _____ to a smart thermostat _____ a _____?
 _____ a _____ utility expenditures?
 Will _____ cut energy _____ more than _____ traditional _____?
 Can I _____ energy _____ if _____ switch to a smart _____ the standard one?
 _____ devices could _____ the _____.
 Will smart _____ reduce _____ more than ordinary _____?
 Does _____ smart thermostats _____ money than _____?
 _____ than traditional _____ for cutting _____ and cooling expenses.
 Can _____ thermostats help _____ and _____?
 _____ significant _____ reduction in _____ smart _____?
 _____ possible for smart thermostats _____ costs?
 Does smart _____ more _____ to _____ ones?
 _____ thermostats _____ reduce my _____ bill?
 Can _____ thermostat make a _____ in _____?
 Is it _____ could reduce _____?
 Are _____ temps more efficient _____ energy _____ models?
 Would opting _____ smart thermostat _____ on _____ energy _____?
 Can _____ expect _____ expense _____ on my _____ bills if I _____ a _____ thermostat _____ one?
 Can _____ smart thermostat _____ bills?

_____ thermostats help cut _____ and cooling costs?

How _____ can a _____ help reduce _____ costs?

Is it possible that _____ heating and cooling _____ smart _____?

_____ thermostats _____ less?

_____ my _____ bills decrease if I install _____ thermostat?

_____ I expect a _____ energy bills _____ I switch _____ thermostat?

_____ temps _____ energy _____ more than the traditional _____?

Is smart _____ on _____?

_____ it possible that these smart _____ heating/cooling _____?

How _____ smart thermostat _____ help with heating/cooling _____?

Do smart _____ help reduce _____?

_____ smart _____ be able to reduce _____ cooling _____?

_____ it _____ to _____ expenses quickly _____ high-tech _____?

Is smart _____ capable _____ energy _____?

Can the _____ smart _____ money?

Would a smart _____ cut _____ on _____ energy _____?

Can smart _____ you _____ on cooling _____ costs?

_____ smart _____ to _____ money?

_____ smart thermostats _____ my heating _____?

_____ save _____ heat and AC costs?

_____ smart _____ lower _____ costs?

Is _____ that _____ lower expenses?

_____ an _____ thermostat result _____ noticeable _____.

Selecting a smart thermostat, _____ heating/cooling _____?

_____ smart therms _____ well _____ cut _____?

Will _____ help cut _____ energy _____?

_____ smart _____ save _____ more than conventional _____?

_____ cut heating/cooling costs using a _____ thermostat?

Clever devices _____ cut _____ bills.

Do _____ save _____?

_____ the thermostats _____ money?

_____ high tech _____ expenses _____?

_____ smart _____ help save _____ utility _____?

Would high _____ money?

Is _____ that smart _____ heating/cooling expenses?

Could _____ devices _____ temperature _____?

_____ possible to cut utility _____ therms.

Can _____ expect _____ on _____ energy _____ switch _____ a smart _____ a standard one?

Can smart thermostats _____ regular _____?

Can _____ thermostats _____ cooling costs _____ than regular _____?

Did smart thermostats _____ more _____ conventional _____?

_____ those _____ thermostats make a difference _____ my _____?

_____ thermostats help control _____?

_____ smart _____ more _____ than traditional models _____ heating and _____ expenses?

_____ smart thermostat _____ my energy _____ more _____ the conventional _____?

Can _____ smart thermostats save _____ money _____ cooling _____?

Do _____ think a _____ thermostat _____ cut _____ my energy _____?

_____ can _____ thermostats cut _____ use?

If I go _____ smart _____ my energy costs?

_____ smart _____ reductions _____ heating/cooling costs?

_____ advanced _____ systems _____ reduce _____ bills?
 Is it _____ that smart _____ reduce _____ heating _____ costs?
 Is it possible to _____ a _____ model.
 _____ thermostat _____ and cooling bills?
 Can the smart _____ heating _____?
 _____ savings _____ high tech thermostat?
 _____ possible _____ thermostats to cut expenses _____?
 _____ save more _____ bills than _____ one?
 Smart thermostats _____ costs.
 _____ using _____ thermostats _____ you _____?
 _____ there a _____ in HVAC _____?
 "Could clever _____ bills? _____
 Does a _____ to significant _____ energy costs?
 "Do _____ cut energy _____ than _____ models? "
 Does _____ smart thermostat _____ you _____?
 _____ thermostats more _____ than traditional _____ at cutting _____?
 Does _____ smart _____ save _____ money on _____?
 Could _____ costs?
 _____ thermostats more effective at cutting _____ on heating _____ than _____?
 Is _____ savings _____ thermostat?
 _____ be the answer _____ cutting expenses _____?
 Can I _____ money by _____ my _____ smart _____?
 _____ smart _____ decrease heating/cooling _____?
 _____ a _____ thermostat _____ in utility costs?
 _____ be used _____ cut expenses?
 _____ thermostats save _____ money on _____?
 _____ a smart _____ would it _____ my energy _____?
 _____ smart thermostats _____ models _____ cutting down _____ and cooling costs?
 Will _____ energy _____ decrease due _____?
 Do _____ thermostats make a _____ my _____ cooling expenses?
 Can the smart _____ save _____?
 _____ it _____ to switch _____ smart thermostat that will _____?
 Is _____ energy _____ than traditional model?
 Do _____ help _____ energy bills?
 Is _____ that smart-alecky _____ bring about _____ savings _____ heat and _____?
 Do the high-tech _____ save _____ money?
 Do smart thermostats make _____ in _____ utility _____?
 Is _____ way _____ save heat _____ air conditioning costs?
 How much _____ reduce their _____?
 Investing _____ thermostat might result in _____.
 _____ use a _____ thermostat to save money _____?
 Can I expect to save on my _____ smart _____?
 _____ wonder if _____ can reduce _____ heating _____ costs.
 Do _____ help _____ expenses?
 Yes, _____ smart _____ cut _____?
 _____ smart _____ money _____ to _____ ones?
 Will smart _____ expenses _____ than conventional _____?
 _____ thermostats save _____?
 _____ possible that _____ smart thermostat would cut down _____.
 _____ I _____ save _____ by changing to _____ smart _____ from the _____?

_____ thermostats reduce my heating _____ costs?

I would like to know _____ my heating _____ cooling _____.

Is smart-alecky _____ a _____ cut heat _____ costs?

Will my _____ costs _____ I invest _____ a smart _____?

Can _____ cut my _____ and _____?

Is advanced _____ systems _____ energy _____?

_____ smart thermostats can save _____ cooling costs?

Will using _____ savings in energy expenses?

Can an _____ result in _____?

_____ I _____ reductions in _____ bills _____ switch to _____ smart thermostat?

_____ advanced thermostat systems _____ energy _____ options?

Do the _____ a _____ difference in my _____ costs?

Did using _____ lead _____ savings?

_____ thermostats _____ lower expenses?

Do _____ thermostats _____ expenses?

How _____ can _____ smart _____ actually reduce heating/ _____?

Will _____ cut _____?

How _____ smart thermostat really _____ reduce heating/cooling _____?

_____ thermostats significantly lower my _____?

Can _____ smart thermostat _____ to _____ utility _____?

_____ smart _____ cutting energy expenses _____ models are?

I wonder if a _____ lower my _____.

Can _____ thermostats help _____ lower _____ heating and _____?

_____ and cooling bills _____ a result of _____ thermostat?

_____ save money by changing _____ with _____ ones?

Are _____ better _____ energy costs than traditional _____?

_____ smart-alecky thermostats _____ on heat and _____?

_____ do smart _____ systems _____ in _____ use?

Do _____ save money over _____?

_____ notable _____ reductions _____ bills if I switch _____ a smart thermostat?

Is it possible _____ a lot _____ with _____ smart _____?

Can a _____ thermostat _____ lower _____ costs?

_____ the _____ thermostats _____ economical than regular ones?

_____ I _____ decrease in _____ bills _____ I switch _____ a _____ thermostat?

Will _____ heating and _____ costs?

_____ my _____ dramatically because of a _____ thermostat?

_____ smart _____ help you cut down _____ heating _____?

_____ smart _____ slash _____ heating/cooling costs?

_____ thermostats _____ save money _____ heating/cooling _____?

_____ model reduce heating/cooling _____?

Can _____ my _____ cooling bills?

_____ temp reduce _____ expenses _____ than _____ models?

Is advanced _____ better at _____ energy _____ options?

_____ dramatically _____ my heating _____ cooling costs?

_____ possible _____ lot by getting a _____ thermostat.

_____ thermostat cuts heating/cooling costs?

_____ thermostats more _____ traditional _____ in _____ heating and _____ expenses?

I wonder _____ smart _____ make _____ difference _____ utility bills.

Do the _____ difference in my _____ bills?

_____ smart-alecky thermostats _____ good _____ to save _____ AC costs?

thermostat _____ costs

_____ thermostats _____ a _____ energy bills?

_____ may _____ able _____ lower energy bills.

_____ it cheaper _____ smart _____ as opposed _____ traditional _____?

Switching _____ thermostat _____ lower _____ expenses.

Innovative temperature _____ help lower _____.

Clever _____ make _____ temperature bills.

Will a smart _____ result _____ in _____ heating and _____?

Can I expect _____ see an expense reduction _____ bills when _____ switch _____?

_____ possible _____ switch to a _____ thermostat and _____ expenses?

_____ want to _____ if there _____ a _____ in heating _____ cooling _____ of _____.

Can _____ to _____ I switch to _____ smart thermostat from _____ standard _____?

_____ thermostat help _____ utility costs?

Is _____ possible _____ smart _____ can actually cut _____ bills?

Can _____ used to _____ bills?

_____ a _____ save me money on _____ bills?

Do _____ on heating and _____ expenses more _____ traditional _____?

I _____ know _____ thermostats can _____ costs.

_____ I _____ to _____ smart thermostat, would _____ on my _____ costs?

Are _____ key _____ lower expenses?

_____ the expense reduction with _____ with _____ controls?

Does smart _____ expenses _____ than _____ ones?

_____ smart-alecky _____ really _____ about significant _____ it comes _____ heat and _____ conditioning _____?

Is _____ a _____ in heating _____ cooling spending _____ of _____?

Can fancy _____ thermostats _____ heating and _____?

_____ be _____ in cutting _____ spending?

_____ thermostats _____ in heating/cooling costs?

How much can _____ smart thermostat _____ compared _____ ones?

Are _____ cutting energy expenses?

_____ true that _____ can bring _____ to heat _____ AC costs?

_____ these _____ save me _____ on _____ bills?

_____ decrease heating _____ fees with a smart model?

Does high-tech _____ solve _____ of _____?

Does _____ high-tech _____ make a _____ difference _____ my _____?

Can _____ in an advanced _____ noticeable _____?

Will _____ thermostat _____ my _____ costs?

Do _____ there is a _____ expense _____ smart _____?

Can I _____ to _____ a _____ on _____ energy _____ if _____ switch to _____?

Are _____ thermostats _____ answer _____ expenses?

_____ a _____ in lower _____ and cooling bills?

_____ can a _____ actually cut heating/cooling _____?

Is it _____ for _____ to _____ heating and _____ costs?

Do smart thermostat _____ have _____ conventional ones?

Is it _____ thermostats _____ about significant savings _____ and AC _____?

Is _____ more economical?

_____ thermostats reduce _____ and heating _____?

_____ much _____ a _____ save on heating/cooling expenses?

Is _____ possible _____ decrease _____ fees _____ using _____ model?

Will smart thermos _____ heating _____?

Is _____ possible that _____ thermostats _____ bills.

_____ are savings _____ thermostats _____ opposed to _____ options.
 If I switch _____ a _____ I _____ on my _____ bills?
 Will _____ smart _____ able _____ lower _____ expenses?
 _____ smart _____ reduce heating and _____ ?
 _____ smart _____ going to _____ my _____ ?
 Is _____ that _____ lower energy bills.
 Can _____ thermostat help _____ on _____ and _____ costs?
 _____ high tech _____ with my _____ expenses?
 _____ smart thermostats _____ heating/cooling costs when compared _____ ?
 How much _____ save on _____ cooling by buying _____ ?
 _____ I _____ notable expense reductions on _____ energy bills when _____ a _____ ?
 Can smart _____ help cut down on _____ ?
 _____ it _____ for smart thermostat to _____ and cooling _____ ?
 Can I use _____ smart _____ cut _____ heating/cooling _____ ?
 _____ significant _____ reductions with _____ controls?
 Can _____ thermostat deliver _____ regular _____ ?
 Is there _____ reduction with _____ ?
 Does using a _____ can _____ ?
 _____ able to slash my _____ bills?
 Will _____ smart thermostat _____ in cheaper _____ cooling _____ ?
 _____ thermostat _____ compare _____ regular ones?
 Can _____ smart model _____ heating _____ cooling fees?
 _____ systems really lower _____ bills?
 Are smart _____ systems better _____ than conventional _____ ?
 Do smart _____ cooling expenditures?
 _____ much _____ a smart _____ reduce _____ ?
 _____ much _____ can _____ saved with _____ high-tech _____ ?
 How _____ reduce _____ costs?
 Can _____ expect a _____ in my energy _____ to a _____ thermostat?
 Is there _____ in _____ when using _____ ?
 Do _____ Thermostats _____ ?
 Does _____ smart _____ help _____ save _____ ?
 _____ smart thermostats _____ money?
 _____ smart _____ result _____ a _____ my heating and _____ bills?
 _____ effectiveness of smart _____ for cutting _____ cooling _____ questionable.
 _____ expect to save _____ on my _____ I switch to _____ thermostat?
 _____ thermostats save money _____ heating/cooling _____ ?
 _____ efficient for _____ and cooling?
 _____ investing in _____ advanced _____ result in _____ .
 _____ any money _____ high-tech thermostat?
 Do smart _____ systems _____ energy than _____ ?
 _____ smart thermostat _____ utility _____ ?
 _____ it true that _____ significant savings regarding _____ AC costs?
 _____ thermostat effective for _____ heating and cooling _____ ?
 _____ smart _____ make a difference _____ bills?
 Can _____ saves _____ ?
 Can _____ thermostats _____ cut _____ ?
 _____ a _____ thermostat _____ to _____ utility _____ ?
 Do _____ think a high-tech _____ ?
 Do _____ thermostats make a difference _____ ?

____ I switch ____ a ____ thermostat ____ money?
 Should ____ on ____ energy ____ switch to ____ smart thermostat ____ a standard one?
 Can ____ smart ____ be ____ decrease heating/cooling ____?
 ____ temp control ____ able to ____ .
 Will smart ____ to cut ____?
 ____ thermostats help ____?
 ____ thermostats ____ lower expenses?
 There ____ thermostat that ____ cheaper ____ ones.
 Can I expect ____ save ____ bills by changing ____ a ____?
 ____ thermostat systems ____ energy ____ more than ____ options?
 ____ smart ____ energy expenses ____ than traditional ____?
 Is it possible ____ can ____ heating and ____?
 Is smart ____ a ____ to ____?
 ____ energy bills more than conventional systems?
 ____ investing ____ an advanced ____ noticeable ____?
 It could ____ that ____ devices ____ temperature bills.
 ____ smart ____ help lower ____?
 ____ I expect savings on ____ bills ____ switch ____ thermostat?
 Can these ____ thermostats ____ my ____?
 ____ a smart thermostat to save ____ on ____ cooling?
 Will ____ my ____ and ____ bills when I ____ in a ____ thermostat?
 ____ smart ____ cut bills?
 ____ it possible to ____ a ____ heating/cooling fees?
 How ____ can ____ smart ____ heating and cooling ____?
 Can smart thermostats ____ difference to ____ heating ____?
 Does ____ well ____ utility expenditures?
 ____ advanced ____ a difference ____ energy bills?
 ____ smart ____ save ____ any ____ the heating bill?
 Will ____ smart ____ help save ____?
 Can ____ thermostat reduce ____?
 Does ____ thermostat systems save ____ in ____ to ____?
 ____ it ____ for me to ____ on my energy costs ____ using ____?
 ____ a ____ thermostat help ____ bill?
 ____ a smart ____ in cheaper heating ____ cooling ____?
 Is ____ efficient ____ traditional models?
 Is ____ thermostat able to ____ costs?
 ____ smart ____ save ____ bills than ____ thermostats?
 Are high-tech thermostats ____ to ____?
 Can ____ thermostat ____ in ____?
 Smart temps may ____ energy ____ much ____ traditional ____ do.
 Does using a ____ reduce ____?
 ____ systems offer ____ energy savings?
 Do ____ help to ____ energy ____?
 Do smart thermostats save ____?
 Is ____ in the cost of heating ____ choice of ____?
 ____ cut energy expenses ____ than ____ models?
 How ____ smart ____ save ____ heating/cooling expenses?
 Can ____ thermostats ____ you money on ____?
 Is ____ possible to ____ down ____ my ____ costs with ____?
 Is it ____ that ____ thermostats ____ heating costs?

Does using _____ money?

Does _____ smart thermostat _____ energy expenses?

Will _____ help cut _____ energy _____?

_____ smart _____ a lot _____ energy _____?

Will _____ bills go down _____ smart thermostat?

_____ possible that smart _____ on _____?

Is _____ possible _____ smart _____ a difference in _____ bills?

_____ to a smart thermostat, can _____ my energy bills?

Is there _____ saved _____ thermostat?

Is _____ that _____ thermostats save _____ on energy _____.

_____ smart _____ provide _____ energy savings than _____ types?

_____ if a smart _____ will _____ my utility _____.

_____ thermos save money on _____?

Are _____ significant cost _____ thermostats?

_____ there _____ reductions in _____ smart thermostats _____ traditional _____?

The _____ may _____ money.

_____ thermostats _____ heating _____ cooling expenses _____ than _____ thermostats?

Is _____ smart _____ help lower utility _____?

Will _____ thermostats _____ money?

Reducing _____ costs _____ be _____ by _____.

Is smart thermostats more _____ down on _____ costs _____ traditional _____?

_____ temp _____ energy expenses more _____ traditional _____?
