

[Demo] NLP Dataset for Customer Service Automation

Company Type	Internet Service Providers
Inquiry Category	Security and privacy concerns
Inquiry Sub-Category	Wi-Fi Security Setup
Description	Customers seeking guidance in securing their home Wi-Fi network from potential intruders by setting up strong encryption, implementing network authentication, and establishing secure access controls.
Data Size	5,007 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Internet Service Provider" customer inquiry. (Purchased data will not be masked.)

_____ there recommended _____ against Wi-Fi _____ that could disrupt _____ network?

_____ way to keep _____ home network free _____ jamming _____?

Can _____ security measures _____ household's wireless _____ attacks?

_____ protect our residential network from _____ the _____?

Do you _____ any security _____ protect our _____ jamming?

_____ it _____ to _____ security _____ against wi-fi _____?

_____ security _____ we _____ protect _____ home network from _____ attacks?

_____ it _____ to _____ internet jams that _____ us _____ home?

_____ can we prevent _____ network?

_____ we do to protect the _____ interfering _____ the wireless _____?

_____ there _____ to _____ my _____ home network jams?

_____ there _____ way _____ network disruptions _____ wi-fi jamming?

I am _____ there _____ protection against interfering _____.

Jamming _____ can _____ household's _____ networks.

_____ are _____ best security settings to _____ from _____ internet _____?

_____ is necessary _____ secure settings against home _____.

Home network disruptions _____ by wi-fi _____ settings.

_____ do _____ internet free from _____ like those _____ the home _____?

_____ could be prevented by the recommended _____.

How _____ our home _____ potential jamming _____?

What are _____ settings _____ jamming _____ on the home _____?

Is _____ way to shield _____ from disruptions?

_____ a way _____ stop _____ from interfering with _____ home _____?

_____ possible _____ settings for the home network against _____ on _____.

Is _____ avoid _____ attacks on our home _____?

Is there any _____ for _____ jamming on _____?

_____ a _____ to _____ our _____ system from disrupted _____?

_____ there settings _____ to _____ home network from _____ incidents?

_____ to _____ wi-fi _____ from disruptions?
 _____ you _____ any security _____ for _____ home network _____ from _____?
 Should we _____ wireless _____ jamming _____?
 _____ possible _____ wireless networks from disruptions due to _____?
 _____ handle wi-fi Jams _____?
 Please provide us with _____ network _____ potential jamming attacks.
 _____ how we can _____ our _____ network from interference?
 _____ should _____ to protect our home _____ against _____ on _____ internet?
 _____ want _____ know _____ any _____ measures are suggested against _____.
 Is _____ a _____ to _____ home system _____ jam?
 _____ can we do _____ protect _____ from wi-fi _____ shutdowns.
 Suggestions on _____ to block _____ network?
 There _____ that should be _____ against _____ invasion?
 _____ could be _____ settings for _____ home network against _____ wi-fi.
 I'd _____ there are _____ on _____ defend our home network _____ by _____ frequencies known as wi -
 _____ on _____ for the home network _____ attacks that _____ be on _____
