

[Demo] NLP Dataset for Customer Service Automation

Company Type	Automotive manufacturers
Inquiry Category	Vehicle specifications and features
Inquiry Sub-Category	Fuel efficiency and sustainability
Description	Customers are concerned about the vehicle's fuel economy, hybrid or electric options, emissions ratings, and environmental impact, seeking to make an informed choice that aligns with their sustainability goals.
Data Size	5,061 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Automotive manufacturer" customer inquiry. (Purchased data will not be masked.)

What ____ has ____ company ____ ____ carbon footprint ____ production stages?

Do ____ ____ plan to ____ carbon ____ in manufacturing?

Did you ____ emissions ____ ____ ?

Does ____ company make ____ ____ reduce ____ ____ ?

How has your company ____ ____ ____ ?

____ steps were taken ____ ____ ____ methods?

____ you done ____ reduce greenhouse gas emissions ____ ____ ?

What ____ the firm ____ to ____ ____ ?

How ____ your ____ ____ carbon emissions?

____ company been ____ to ____ ____ output?

____ you ____ how ____ ____ carbon emissions ____ the ____ process?

____ you ____ to ____ production ____ green?

____ ____ efforts made ____ your firm for ____ production?

Any ____ in ____ ____ environmental ____ of the manufacturing ____ ?

What ____ ____ you take to reduce ____ ____ ____ your production?

____ ____ take any actions to reduce ____ ____ ____ output?

What ____ ____ to reduce ____ ____ footprint of manufacturing?

Has there ____ a focus ____ reducing emissions ____ ____ ____ ?

How did ____ ____ manufacturing ____ ?

____ do ____ reduce production ____ ____ ?

Is ____ ____ cut ____ ____ in manufacturing?

____ your ____ measures to decrease their ____ ____ ?

____ company taken ____ ____ decrease ____ emissions?

____ your company have ____ ____ place ____ lower ____ emissions?

____ your ____ their manufacturing methods ____ ?

Did ____ company ____ decrease CO2 ____ in ____ ____ phase?

What ____ your ____ approach ____ carbon ____ ____ production?

Has ____ company reduced ____ ____ emissions ____ ____ goods?

Did _____ the _____ carbon emissions during the _____?
 _____ make _____ efforts for _____ production?
 _____ company handle _____ emissions in _____ production process?
 _____ is _____ to _____ the environmental _____ of manufacturing?
 Did your company _____ anything _____ decrease CO2 _____ in _____?
 What are _____ plans _____ greenhouse _____ manufacturing?
 What progress _____ made _____ reducing the _____ impact of _____?
 _____ steps were taken _____ reduce greenhouse _____ in _____?
 Have there _____ attempts to _____ CO2 output _____?
 _____ taken any _____ to reduce the production's _____?
 Have your company made _____ decrease _____?
 _____ taking Eco-friendly _____ manufacturing process?
 _____ me _____ steps your company takes _____ reduce _____ emissions?
 How _____ you reduced _____ emissions _____?
 What _____ being made _____ in production?
 _____ firm _____ carbon emissions?
 _____ have _____ reduced by your company _____ the _____.
 How _____ strategies for reducing _____ while _____?
 _____ to reduce carbon _____ production?
 Did _____ company take _____ make production _____ eco-friendly?
 _____ strategies _____ used to _____ carbon footprints _____ making _____?
 Can you discuss _____ that your _____ taken _____ reduce _____ emissions?
 Is _____ effort made by _____ towards green _____?
 How do _____ carbon emissions _____ manufacturing?
 _____ did _____ organization _____ towards eco _____ manufacturing?
 What _____ do _____ reduce the _____ footprint in _____?
 Were you able to _____ emissions _____ process?
 _____ company reduce its _____ footprint _____?
 _____ the _____ to lower _____ emission levels?
 Is _____ made _____ company to decrease the _____ output?
 _____ deal with your carbon _____ production?
 Do you _____ measures _____ reduce your production's _____?
 Measure to _____ in _____ yet?
 _____ company addresses its _____ production
 Do _____ take eco _____ measures _____ process?
 _____ actions were taken to decrease _____ manufacturing?
 What strategies _____ use to _____ while _____ products?
 _____ were _____ to _____ greenhouse _____ emissions by _____ organization?
 Did _____ footprint during production?
 Have _____ made any _____ CO2 output _____ your _____?
 How _____ eco-friendly manufacturing methods?
 _____ make efforts to _____ output?
 Have measures been taken to curtail _____?
 _____ your company reduced _____ in _____ stages?
 Did _____ company reduce its _____ while _____?
 What _____ the _____ to _____ emission _____?
 How did _____ carbon _____ production?
 Do _____ any plans _____ make production _____?
 _____ you implemented measures _____ carbon _____?
 _____ a plan _____ carbon _____ in manufacturing?

I want ____ know ____ company ____ steps ____ carbon emissions in ____.

Has your ____ taken ____ to ____ emissions?

____ is ____ cutting production ____ emissions?

____ you implemented ____ to ____ in your company?

____ address how ____ emissions ____ the production process?

____ reducing your production's ____?

____ me about your ____ efforts ____ carbon ____ in manufacturing?

____ made attempts ____ reduce ____ output?

Did ____ firm take any ____ eco ____?

Are ____ company ____ eco-friendly production?

____ are ____ company ____ to ____ emission ____?

Do ____ a company that has ____ eco-friendly ____?

What ____ you ____ for ____ emissions in ____?

Is ____ company ____ steps ____ production?

Do you ____ company ____ steps ____ make production ____ eco-friendly?

What steps have ____ to ____ your ____ output?

____ any ____ taken ____ reduce ____ during production?

Does ____ company make ____ decrease ____?

____ taken to reduce emissions ____?

____ protect ____ environment ____ manufacturing process?

____ trying ____ reduce ____ carbon ____ in production?

____ company ____ production carbon ____?

____ there any strategy ____ reducing carbon ____ during ____?

____ know if your company has made ____ Reducing ____?

Can ____ about ____ corporation's initiatives to reduce ____?

How ____ company reduce ____ emissions during ____?

____ any ____ made by your company ____ cleaner ____?

____ about reducing carbon ____ the ____ of ____?

Did the ____ measures for ____?

____ your ____ efforts to decrease ____ output while ____?

How ____ the company ____ levels?

Attempted reductions ____ factory operations?

Were ____ eco-friendly ____ measures ____ by ____ firm?

____ make any steps to ____ during production?

Have you taken steps ____ the amount ____?

Did your company ____ to ____ CO2 ____ in the production ____?

Have you taken ____ for ____?

____ throughout your manufacturing process?

Attempted carbon ____ reductions ____ factory ____?

____ company ____ steps for ____ production?

How ____ company tackled emissions ____?

What ____ your plan for ____?

Did ____ address ____ throughout the ____?

____ are your ____ cut emissions ____?

____ has ____ reducing the environmental ____ of manufacturing?

____ your company make ____ limit CO2 ____ in ____?

____ measures been ____ production related CO2 emissions?

Has ____ concerted effort ____ emissions in our factory ____?

Have ____ been ____ decrease CO2 output by ____?

Did ____ address ____ of ____ in ____ production process?

Are _____ any _____ made by your _____ CO2 output?

Do you have _____ the carbon _____ in _____?

Have _____ made _____ eco-friendly?

Did the _____ for _____ manufacturing.

_____ company take steps to _____ an _____ way?

_____ progress _____ its factory's Carbon?

Have _____ measures to _____ carbon footprint in _____?

In the production _____ has your _____ tackled _____?

Did _____ address _____ emissions _____ production _____?

_____ do _____ to cut that _____ the _____?

What progress _____ made _____ environmental impact _____ process?

_____ you can _____ cut the CO2 _____ production?

_____ company trying _____ lower _____ levels?

_____ company reduced _____ emissions _____ the manufacturing _____?

Did your _____ steps _____ manufacturing methods?

Does your _____ have _____ efforts _____ output while _____ production?

What _____ to decrease the carbon _____ during _____?

_____ firm made for _____ production?

Did you _____ cut _____ during factory _____?

_____ you _____ measures _____ reduce your _____?

_____ anything _____ to _____ emissions in the _____ operations?

How _____ try to _____ emission _____?

Did _____ company _____ to make _____ friendly?

Did you address how to _____?

_____ your organization _____ steps _____ CO2 _____ production?

_____ any _____ by your firm _____ more sustainable _____?

Is your _____ its _____ footprint during production?

_____ did you _____ to _____ manufacturing more _____?

Did you _____ carbon emissions _____ manufacturing?

_____ your _____ reduced carbon _____ while _____?

_____ did _____ take to _____ its carbon emissions?

_____ steps have _____ taken _____ the carbon footprint _____?

_____ you _____ your company _____ doing steps for _____?

Did your _____ its _____ gas _____?

_____ your company reduced _____ manufacturing?

Do you know _____ company _____ carbon _____ manufacturing?

Is there _____ progress _____ environmental impact of _____ manufacturing _____?

Did _____ decrease carbon _____?

_____ you _____ reducing carbon _____ production process?

Did _____ take _____ lower _____ emissions?

_____ you taken _____ to _____ production _____?

How can _____ emissions _____ manufacturing?

How _____ reduce _____ emissions during the _____ process?

_____ the _____ use to _____ carbon _____ while making products?

I _____ to _____ company reduces carbon _____ during _____.

_____ your company _____ for _____ eco-friendly _____?

_____ being made _____ decrease _____ impact by your _____?

_____ you _____ to decrease _____ production's _____?

_____ there been _____ focus on lowering _____ in _____?

_____ you _____ reducing _____ during the production process?

_____ to _____ emissions in manufacturing?

_____ you _____ plan to _____ emissions _____ manufacturing?

What have your _____ to _____ during production?

_____ any _____ reduce CO2 in production?

Did you do anything _____ reduce carbon _____ ?

_____ you _____ to reduce _____ emissions _____ operations?

Were there _____ measures _____ eco-friendly?

Is _____ attempting _____ minimize _____ output?

_____ has _____ production company tackled _____ ?

_____ reduce carbon emissions _____ production?

Did _____ company _____ its _____ emissions while _____ ?

Have _____ any efforts made _____ company _____ CO2 output?

_____ you _____ your production more _____ ?

_____ any steps to decrease the _____ CO2 in _____ ?

_____ company reduced _____ carbon _____ during production?

_____ you _____ production _____ emissions?

Attempted carbon _____ factory _____ ?

_____ your company _____ carbon _____ during _____ ?

I _____ tried _____ make production _____ eco-friendly.

Have _____ taken steps _____ your production's _____ ?

_____ are _____ ways to _____ firm's carbon footprint _____ ?

_____ strategies to reduce carbon _____ making _____ ?

What actions have _____ taken _____ reduce _____ ?

_____ your company do _____ the carbon footprint _____ ?

There _____ measures taken for _____ manufacturing _____ firm.

_____ company tackled _____ in production?

Did _____ company _____ steps _____ up _____ ?

_____ on reducing the _____ impact of _____ manufacturing _____ ?

Have _____ been _____ to _____ production related _____ emissions?

_____ organization _____ any steps _____ the amount of _____ during _____ ?

_____ actually _____ production _____ eco-friendly?

Have we focused _____ in _____ factory _____ ?

What _____ are _____ to _____ greenhouse gas emissions?

_____ to _____ your _____ CO2 output.

Did _____ tackle carbon _____ the _____ process?

_____ your company tried _____ CO2 _____ ?

Are _____ taking eco-friendly _____ process?

Do _____ consider taking _____ measures during _____ ?

Measures _____ emissions _____ implemented by your company?

How were _____ able _____ greenhouse emissions?

_____ initiatives _____ at _____ greenhouse gas _____ ?

_____ your _____ efforts to _____ CO2 in _____ ?

_____ firm _____ any _____ to make manufacturing _____ ?

_____ efforts _____ by your firm to _____ green _____ ?

_____ do anything _____ the _____ the factory?

Did your _____ do _____ the carbon _____ production?

Were _____ carbon emissions during the production _____ ?

_____ was _____ firm took _____ for eco-friendly manufacturing.

What _____ taken _____ reduce your firm's _____ in manufacturing?

What _____ do to reduce emissions _____ the _____ ?

Is _____ any effort by _____ make greener _____?

Do you _____ is cutting carbon _____?

_____ carbon _____ reductions in _____ factory _____?

_____ are your _____ efforts to _____ sustainable?

Have _____ to lower the _____ footprint?

_____ you _____ make your _____ more _____ friendly?

Did you _____ measures _____ lower _____?

_____ steps _____ your _____ take _____ minimize its carbon _____?

_____ your company _____ to reduce carbon _____ during _____?

_____ do _____ carbon emissions from _____?

_____ company _____ anything to make production _____?

_____ progress _____ been _____ to reduce _____ environmental _____ of _____ process?

What _____ done to reduce _____ footprint during _____?

_____ do _____ reduce _____ footprints _____ the making of _____?

_____ there _____ any _____ in reducing _____ environmental impact _____?

_____ eco-friendly _____ was _____ the firm?

_____ actions have you _____ to _____ manufacturing's _____ gas _____?

What _____ you _____ lower _____ greenhouse gas emissions?

_____ measures _____ taken _____ curtail production-related _____?

What _____ to _____ manufacturing carbon _____?

_____ taken steps to _____ eco- friendly?

_____ cutting emissions _____ manufacturing?

What _____ footprint during production?

_____ they try to _____ in factory _____?

How _____ company try to _____?

_____ you _____ any _____ to decrease _____ output _____ your _____?

I want _____ know if _____ to reduce _____ emissions during _____.

_____ you _____ emissions from your _____?

_____ there any attempt _____ emissions within factory _____?

_____ company been doing to _____ carbon _____?

_____ to decrease _____ output _____?

_____ did _____ organization decrease greenhouse gas emissions _____?

_____ organization _____ any _____ minimize CO2 during production?

_____ there been _____ focus _____ reducing emissions in _____?

_____ steps _____ organization taken _____ minimize CO2 during _____?

Have _____ steps _____ production's CO2 output?

_____ reduce _____ during manufacturing?

_____ is _____ to reduce _____ carbon _____?

_____ reducing the carbon footprint _____?

Have there _____ any _____ decrease the _____ of _____ company?

_____ you take eco-friendly _____?

Can you _____ me _____ the _____ your corporation _____ reduce _____ emissions?

Do you _____ if _____ company _____ efforts _____ minimize _____ output?

Did your _____ to decrease _____ production?

_____ your _____ take _____ CO2 in production?

_____ any _____ by your company for _____ production?

How _____ minimize carbon emissions _____ process?

How has your _____ manufacturing _____?

How _____ carbon emissions during _____?

Have _____ taken _____ steps _____ CO2 in production?

____ did your ____ emissions during ____?
 What actions ____ you ____ to decrease ____ footprint ____?
 Have your ____ taken ____ to ____?
 ____ is ____ reduce ____ environmental impact ____ manufacturing?
 ____ take ____ to lower ____ emissions ____ manufacturing?
 Have ____ been ____ cut ____ related ____ emissions?
 ____ you take toward eco-friendly ____?
 What's ____ plan ____ reducing ____ manufacturing?
 ____ firm ____ steps for eco-friendly ____.
 How has ____ company ____ with ____ emissions ____ process?
 ____ your ____ make ____ to reduce CO2 ____ production?
 Do you ____ environment during the ____ process?
 ____ are you ____ emissions ____ your ____?
 Does ____ manufacturing ____ involve any ____?
 ____ are ____ firm's efforts for ____?
 ____ you ____ to reduce your ____ CO2 output?
 Can you discuss ____ by ____ reduce ____ gas releases?
 Are ____ any ____ your ____ to decrease CO2 ____?
 ____ do ____ cut that CO2 ____ production?
 Did ____ make any ____ to ____ the producing phases?
 ____ your firm ____ production ____?
 ____ cutting ____ carbon emissions?
 Have ____ to reduce carbon ____ production?
 ____ it been ____ intention to ____ production ____?
 How did ____ your ____ CO2 ____?
 What ____ doing ____ greenhouse ____ in manufacturing?
 ____ carbon ____ being reduced?
 Have ____ made ____ the ____ to ____ CO2 output?
 Is there any ____ your firm ____ production ____?
 ____ you address ____ problem ____ carbon ____ production process?
 ____ taking steps to ____ carbon ____?
 What ____ been ____ the environmental ____ of manufacturing?
 ____ make ____ efforts to ____ CO2 output?
 Which ____ took ____ organization ____ methods?
 Did ____ attempt ____ reduce ____ carbon ____ during production?
 ____ the company ____ reduce emission ____?
 Factory ____ tried to ____?
 Did the ____ for eco-friendly ____?
 Is ____ firm making any ____ to ____ more ____?
 ____ did you tackle ____ the ____?
 ____ you ____ how ____ emissions throughout the production ____?
 ____ your ____ tackled emissions during ____ production ____?
 ____ company take ____ for eco-friendly ____.
 ____ talk about the initiatives taken by your ____ releases?
 ____ emissions in the process?
 What is ____ plan ____ carbon emissions ____?
 A ____ for ____ emissions ____ manufacturing?
 ____ made ____ decrease CO2 output while ____ production?
 Are you ____ during ____ process?
 Has ____ attempt ____ lower emissions in our ____?

_____ company _____ in eco-friendly _____?

Do _____ take _____ of _____ during _____ manufacturing process?

_____ to _____ in manufacturing?

_____ there been _____ focus on _____ the _____ operations?

_____ steps to reduce CO2 in _____?

_____ taking steps to _____ its carbon emissions?

_____ your _____ process have _____ measures?

_____ lower _____ emissions _____ manufacturing?

_____ your _____ attempt to _____ CO2 output _____ the _____ phases?

Attempted carbon _____ reductions _____?

_____ did _____ with carbon _____ in production?

_____ ever _____ to make the _____ more _____?

Did the _____ take any measures _____?

_____ do _____ want _____ cut _____ emissions _____ manufacturing?

_____ do _____ propose to _____ carbon _____ in _____?

_____ been taken to reduce _____ related _____ emissions _____?

How's _____ company trying _____ lower _____?

Have _____ been measures _____ production-related CO2 _____?

_____ you done _____ to cut _____ in _____?

Can _____ the _____ taken to reduce carbon _____ manufacturing?

What progress _____ been made in _____ manufacturing?

_____ company _____ steps _____ produce in an eco-friendly _____?

Have your _____ implemented _____ to _____ carbon _____?

What do _____ that CO2 during _____?

Have efforts _____ decrease CO2 _____ by _____ company?

Have _____ taken _____ actions _____ your _____ CO2 output?

Have _____ actually _____ production more _____?

Did _____ reduce _____ production's CO2 output?

Have there _____ any _____ to decrease _____ CO2 output?

_____ any changes to reduce _____ footprint in _____?

Have _____ organization _____ to _____ greenhouse _____ emissions?

Did _____ company _____ to _____ output during the _____?

_____ your _____ steps towards eco-friendly _____?

_____ have you taken _____ decrease manufacturing _____ gas _____?

_____ do _____ address _____ footprints _____ production?

Does your company have any efforts _____?

What are _____ steps _____ eco-friendly _____?

_____ your company _____ measures to reduce _____?

Have you _____ measures _____ your production's _____?

_____ carbon emissions _____ were in manufacturing?

Attempted _____ manufacturing operations?

_____ you _____ to _____ production more _____?

_____ your company _____ to lower its _____?

Did your _____ reduce _____ footprint during _____ production _____?

Do _____ of _____ efforts made _____ your _____ CO2 output?

Has the _____ steps _____ eco-friendly _____?

_____ you have _____ plan for _____ emissions in _____?

Are _____ to _____ carbon _____ manufacturing?

_____ address carbon emission reduction _____ the _____?

Have _____ company _____ steps _____ make _____ eco-friendly?

How has ____ company ____ emissions in ____ process?
 ____ do anything to cut ____ CO2 ____?
 ____ you address ____ emissions ____?
 ____ your ____ handle carbon emissions in ____ process?
 ____ company cut down on ____?
 ____ made any ____ CO2 output during ____ production phase?
 ____ you give me ____ plan for cutting ____?
 ____ attempt ____ CO2 output in production?
 ____ carbon emissions in ____ production ____?
 ____ you ____ reduction ____ carbon emissions during the ____?
 ____ there been a ____ on ____ emissions ____ the ____?

Is your ____ doing things ____?

Did ____ make any efforts to ____ the ____?

Is ____ effort ____ by ____ to create ____ production?
 ____ steps to reduce ____ in ____?

What ____ your ____ towards green ____?

____ are the steps your ____ took ____ carbon ____?
 ____ your ____ measures ____ reduce ____ emissions?
 ____ progress have been ____ in reducing the ____ process?

How did ____ attempt ____ lower the ____?
 ____ been any ____ made ____ lower ____ in the ____ operations?
 ____ your ____ to ____ its carbon emissions?

Can ____ what your ____ is ____ to ____ carbon emissions?

How ____ cut carbon footprint ____?

____ you ____ me about the initiatives ____ by ____ to ____ greenhouse ____?

Did your ____ anything ____ promote ____?

Were ____ to make ____ more ____?

____ company ____ attempts ____ reduce CO2 output ____ production?
 ____ output ____ manufacturing process?

Did ____ any ____ eco- friendly manufacturing?
 ____ your organization's steps ____ eco-friendly ____?
 ____ work to ____ emissions in ____ manufacturing process?
 ____ company ____ anything to ____ output?
 ____ taking eco-friendly measures ____ process?
 ____ production ____ your ____ reduced ____ emissions?
 ____ you ____ your ____ implemented steps for ____ production?

Have ____ any ____ to reduce ____ your production?

Have efforts ____ made ____ CO2 output ____ company?

Have you implemented measures ____ carbon ____ your ____?

Has your ____ made any efforts ____?

Is ____ attempts made by your ____ decrease ____?

How ____ cut ____ emissions ____ company?

What ____ you trying ____ to ____ your firm's ____ in ____?

____ did your company ____ footprint during ____?

Can you ____ your ____ to reduce emissions?

____ you address ____ of reducing carbon ____ the ____ process?

How have your ____ dealt ____ in ____?

____ there any ____ on reducing the ____ impact ____ manufacturing ____?

Does ____ organization ____ minimize ____ during production?
 ____ were ____ towards green ____?

_____ steps to reduce the CO2 _____ in _____?
 _____ you _____ reducing _____ emissions _____ the _____ process?
 _____ implemented _____ production-related CO2 emissions?
 _____ actions did you take to _____ footprint _____?
 Has _____ effort _____ made _____ reduce its _____ footprint while making _____?
 _____ your company tackled _____ during _____?
 _____ strategies _____ reducing carbon footprints in _____ products?
 Which plan _____ for _____ emissions in manufacturing?
 _____ company _____ enough to cut _____ during _____?
 _____ did _____ organization _____ to promote eco-friendly manufacturing _____?
 _____ your business cutting _____?
 Can _____ tell _____ company reduces _____ during manufacturing?
 Did the _____ to _____ their _____ eco-friendly?
 Did _____ try to _____ emissions _____ process?
 _____ company work to _____ carbon emissions _____?
 _____ company taken _____ for _____ production?
 Have you _____ measures _____ company's carbon _____?
 _____ use _____ in _____ manufacturing process?
 _____ the _____ any _____ to make _____ manufacturing _____ eco-friendly?
 Is _____ strategy used _____ footprints while making _____?
 Did you _____ carbon _____ the _____?
 Have _____ any _____ to _____ CO2 _____ at your company?
 _____ changes have been _____ carbon _____?
 Does _____ company take _____ to _____ in manufacturing?
 What measures _____ you _____ your production's _____ output?
 Did _____ attempt _____ make _____ friendly?
 Did the firm _____ eco-friendly manufacturing?
 Does the firm _____ in _____ to make _____?
 Have your _____ taken _____ to make _____ eco-friendly?
 Have _____ made efforts to _____ output?
 Is _____ any _____ made _____ to _____ more eco-friendly production?
 Is your _____ trying _____ lower _____?
 _____ know _____ any steps were taken _____ minimize _____ production?
 What _____ have you taken _____ firm's _____ footprint in _____?
 _____ did _____ reduce _____ during manufacturing?
 _____ is your company _____ to _____ in production?
 Have _____ reduce production-related _____ emissions recently?
 _____ you _____ make production _____ eco-friendly?
 _____ carbon _____ during the production _____?
 Have _____ any _____ by your _____ to decrease _____ CO2 produced?
 _____ has your _____ reduced emissions _____ process?
 _____ company _____ eco- friendly production?
 Were you _____ throughout the production process?
 Is _____ anything your _____ done to decrease _____?
 Have _____ tried _____ decrease CO2 output _____ production phase?
 _____ you _____ to reduce production's _____?
 _____ your _____ trimming _____ emissions?
 _____ reducing environmental impact _____ manufacturing?
 _____ company _____ steps to _____ eco-friendly?
 _____ did _____ minimize _____ in production?

Are there measures _____ emissions?

_____ you _____ to _____ production more _____?

Is there _____ effort _____ your firm _____ green _____.

_____ you _____ production _____ emissions?

Are _____ any efforts _____ company _____ decrease _____ production?

_____ company _____ measures to lower their _____?

What steps were _____ to _____ in _____?

_____ you taken _____ eco- friendly _____?

Which steps _____ friendly manufacturing?

_____ you _____ for _____ that _____ eco-friendly?

_____ company do anything to _____ the _____ footprint _____?

_____ there any _____ to _____ during production?

What _____ being made to _____ environmental impact _____ the _____?

Does your _____ any _____ production more green?

_____ did _____ reduce the _____ footprint _____ production?

Did _____ take _____ your production's CO2 output?

_____ company make efforts _____ CO2 _____?

_____ taken _____ to _____ CO2 output?

_____ measures been _____ to _____ production-related _____ lately?

How's _____ firm _____ carbon _____?

Is it _____ have _____ to make production _____?

How _____ emissions in _____ production process?

How about reducing _____ footprints _____?

Did _____ make _____ towards green _____?

Have your _____ measures _____ lower _____?

_____ your company taken _____ green _____?

How did _____ your _____ emissions _____?

_____ you address how _____ carbon _____ the _____ process?

Have _____ to _____ carbon _____ production yet?

What measures _____ take to _____ carbon _____?

_____ you do _____ to cut CO2 _____?

_____ steps were _____ decrease greenhouse _____ emissions when _____?

_____ you address _____ emissions throughout _____ production process?

How _____ you tackled _____ production _____?

_____ your _____ try _____ minimize _____ output?

Have _____ taken steps _____ reduce _____ production?

Have you _____ for _____.

Did you address _____ reduction _____?

What _____ were _____ to reduce greenhouse _____ emissions?

Have you taken _____ emissions?

How has _____ company tackled pollution _____?

Has _____ company _____ decrease the CO2 output?

Maybe _____ have _____ to _____ eco-friendly?

_____ to reduce _____ emissions in your company?

How do _____ footprint in _____?

Which steps did _____ eco-friendly _____?

_____ reduce _____ during manufacturing?

Have there _____ taken _____ decrease CO2 _____ production?

_____ your _____ measures _____ lower emissions?

_____ is it _____ company tries _____ emission levels?

Did you look _____ carbon _____ the production _____?
 _____ is _____ emissions in manufacturing?
 _____ your company take any _____ to reduce _____ footprint _____?
 _____ you cutting carbon _____?
 _____ to _____ emissions in _____ operations?
 _____ steps to promote _____ production?
 _____ addressing carbon _____ during production?
 _____ you have _____ reducing carbon _____ during the making _____?
 _____ been _____ to minimize CO2 _____?
 _____ your company _____ the _____ footprint _____?
 _____ did your _____ take towards _____ methods?
 Which _____ organization take _____ eco-friendly _____?
 Have _____ ever tried _____ production _____?
 _____ steps _____ your organization take to _____ gas _____?
 _____ been _____ by _____ company _____ reduce CO2 output?
 _____ company taken steps for _____?
 Have you _____ reduce _____ in production?
 What's _____ doing _____ cut _____ emissions?
 Did _____ to make manufacturing more eco-friendly?
 Do you take any _____ your _____?
 _____ is _____ firm's _____ reduce product _____?
 _____ taking green measures _____ process?
 Is your _____ steps for _____?
 _____ you reduce _____ in production?
 _____ wonder if _____ were taken _____ manufacturing?
 _____ your company work _____ CO2 _____?
 What _____ did _____ eco-friendly manufacturing _____?
 _____ actions _____ taken _____ decrease the greenhouse gas _____ your _____?
 _____ your _____ do _____ to _____ output in production?
 _____ you _____ to lower the _____ in manufacturing?
 How _____ your firm _____?
 _____ strategies are used for _____ carbon footprints _____?
 _____ your _____ to minimize _____ output?
 Have _____ taken any _____ to _____ the _____ footprint _____?
 _____ attempt _____ make production more _____?
 Did _____ lower carbon _____ when _____?
 Does your _____ carbon _____ during _____?
 _____ measures to lower _____ emissions?
 Are _____ cutting carbon _____?
 How _____ emissions from the _____?
 _____ company _____ to decrease carbon emissions _____ production?
 _____ does your _____ deal with _____ footprint _____ production?
 _____ give _____ your company reduces carbon emissions?
 Have there _____ to _____ CO2 output _____ company?
 _____ there _____ taken _____ reduce CO2 during _____?
 What _____ doing to lower your _____ emissions _____?
 What _____ do _____ to _____ carbon _____ in manufacturing?
 Eco-friendly _____ were _____ by your _____.
 _____ you address reductions _____ emissions _____ the _____ process?
 How is your company _____ footprint _____?

____ your company ____ ____ ____ CO2 output?
 ____ ____ minimize ____ emissions during the ____ ____ ?
 ____ ____ your strategy for ____ ____ ____ in manufacturing?
 ____ ____ emissions ____ ____ a factory?
 ____ ____ address ____ carbon emissions during ____ production ____ ?
 Has ____ ____ ____ steps to ____ ____ carbon emissions?
 Did factory ____ ____ to ____ ____ carbon ____ ?
 ____ it ____ that ____ ____ to make ____ more eco-friendly?
 ____ ____ ____ your ____ has done to reduce CO2 ____ ____ ?
 Did the firm take ____ ____ ____ ?
 Do ____ ____ ____ measures during ____ ____ process?
 ____ ____ about making ____ ____ eco-friendly?
 ____ ____ want to know ____ ____ company ____ measures ____ reduce carbon emissions ____ ____ .
 ____ ____ your company make attempts ____ ____ ____ ?
 ____ ____ ____ any efforts ____ ____ CO2 production output?
 Which steps did ____ ____ ____ eco-friendly ____ ?
 Have ____ ____ tried ____ ____ your ____ output?
 ____ ____ attempts been made ____ your ____ ____ decrease ____ output?
 Which steps ____ ____ by your ____ ____ ____ emissions?
 ____ ____ factory ____ what do ____ ____ to cut that ____ ?
 ____ ____ ____ do to reduce greenhouse ____ emissions in ____ ?
 ____ ____ actions ____ taken ____ ____ organization ____ reduce ____ gas emissions?
 Can you tell ____ ____ about steps ____ by ____ company ____ ____ ____ ?
 ____ ____ organization ____ steps to reduce ____ during ____ ?
 ____ ____ you plans ____ ____ ____ in manufacturing?
 How ____ ____ ____ production ____ emissions?
 Perhaps ____ ____ have ____ ____ ____ production ____ eco-friendly?
 ____ ____ your company ____ ____ production?
 ____ ____ company implemented measures ____ ____ their ____ emissions?
 You do ____ ____ ____ CO2 ____ ____ factory?
 Have ____ ____ ____ measures ____ ____ manufacturing process?
 ____ ____ do you ____ your factory's ____ ____ while ____ ?
 Does your ____ ____ ____ to ____ its ____ ?
 ____ ____ company taken steps to ____ ____ ____ output?
 ____ ____ you tell me about ____ ____ ____ is ____ ____ reduce ____ emissions?
 ____ ____ address the carbon emissions ____ ____ ?
 ____ ____ wondering ____ ____ ____ took any measures for ____ manufacturing.
 ____ ____ you ____ efforts ____ ____ CO2 output?
 ____ ____ ____ the amount of carbon ____ ____ ____ production process?
 What ____ ____ have ____ ____ made to ____ ____ ____ more green?
 What ____ ____ ____ decrease greenhouse gases during ____ ?
 ____ ____ there ____ ____ you use to ____ carbon footprints ____ ____ products?
 How ____ ____ ____ addressed ____ production?
 Have there ____ ____ ____ to ____ ____ ____ output of your company?
 ____ ____ to reduce your ____ ____ ____ ?
 Can you tell ____ ____ if your ____ ____ ____ ____ reduce carbon ____ ?
 ____ ____ you tell ____ ____ about ____ ____ reduce ____ emissions?
 Is ____ ____ any strategies you use to ____ ____ ____ products?
 Have ____ ____ ____ steps taken to ____ CO2 during ____ ?
 Is ____ ____ ____ cutting production ____ ?

____ you ____ to make production ____ ?
 ____ steps ____ toward green manufacturing methods?
 ____ has your ____ to reduce manufacturing ____ ?
 How have ____ carbon ____ your ____ ?
 ____ your plan ____ carbon emissions ____ .
 ____ there any ____ aimed at limiting ____ ?
 What actions have you taken ____ emissions ____ process?
 ____ you ____ the ____ footprint ____ manufacturing?
 ____ your ____ steps ____ eco-friendly production?
 ____ business ____ its carbon ____ production?
 Did ____ company ____ efforts ____ CO2 ____ ?
 What are the ____ to minimize its carbon ____ ?
 ____ company ____ with carbon footprint ____ production?
 ____ taken ____ to green ____ production?
 Did you ____ anything to ____ the ____ during ____ ?
 Reduce ____ with what steps?
 Can you ____ the initiatives taken ____ to decrease ____ releases?
 ____ you ____ measures ____ manufacturing process?
 Did ____ any ____ to ____ your company's ____ footprint ____ production?
 Measures ____ curtail ____ emissions?
 ____ company tried ____ reduce the amount of ____ ?
 ____ actions to decrease ____ emissions in manufacturing?
 Did your ____ carbon ____ during ____ ?
 ____ is ____ carbon emissions?
 Do ____ eco-friendly measures ____ process.
 Did ____ work to ____ production ____ ?
 ____ can ____ your factory's ____ impact while ____ producing?
 ____ steps were ____ towards eco-friendly ____ ?
 ____ done ____ for eco-friendly production?
 What have ____ done ____ carbon ____ in ____ production ____ ?
 ____ did ____ do to ____ down on carbon ____ ?
 What steps ____ your ____ manufacturing?
 Is ____ true that ____ tried ____ production ____ eco-friendly?
 Have ____ to make ____ more ____ ?
 Did the ____ to minimize ____ ?
 Have ____ ever ____ to ____ CO2 ____ production?
 ____ to lower emissions in ____ ?
 Did ____ cut their ____ during ____ ?
 Does your ____ try ____ CO2 ____ the producing ____ ?
 Did ____ carbon ____ while manufacturing goods?
 ____ measures you ____ taken to lower your ____ footprint ____ ?
 ____ ever ____ make your ____ more eco-friendly?
 ____ there ____ steps taken ____ reduce ____ in ____ ?
 Has your ____ taken steps to ____ the amount ____ ?
 Attempted reductions ____ carbon emissions ____ ?
 ____ you taken ____ action to reduce ____ CO2 ____ ?
 ____ the firm ____ for eco-friendly ____ ?
 Has ____ been a focus on ____ factory?
 ____ manufacturing ____ taken by the firm?
 ____ you address the ____ of ____ carbon ____ the production ____ ?

Did _____ to reduce _____ emissions?

Who _____ plan _____ carbon emissions _____ manufacturing?

_____ are you for cutting _____ manufacturing?

Are _____ any efforts _____ by _____ firm to _____ more _____?

Did _____ company _____ lower its carbon _____?

_____ your _____ deal with _____ the production process?

_____ you _____ you have taken measures to reduce _____ production's _____?

_____ do _____ address _____ footprint during _____?

Have _____ any _____ to reduce _____ your production?
