

[Demo] NLP Dataset for Customer Service Automation

Company Type	Online Electronics and Technology Retailers
Inquiry Category	Product recommendations and comparisons
Inquiry Sub-Category	Networking equipment and setup recommendations
Description	Customers seeking guidance on networking equipment, including routers, range extenders, and mesh systems, as well as assistance with network setup and optimizing wireless connections.
Data Size	5,023 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Online Electronics and Technology Retailer" customer inquiry. (Purchased data will not be masked.)

_____ should I go _____ wired Ethernet _____ or use _____ adapters _____ feasible?

Can you tell me if _____ or _____ card _____ there _____ not a _____ cable?

Should _____ use a _____ a wire _____ is not possible?

_____ a power line plug _____ if cable _____ isn't possible, or _____ a _____ connection?

_____ cables isn't _____ should I _____ powerline _____ or _____ my house?

_____ line _____ running _____ isn't feasible _____ I use wired Ethernet connection?

I _____ if _____ should _____ a _____ line accessory or a wired _____.

_____ running _____ an _____ can _____ me decide between using _____ wiredEthernet connection or _____?

_____ was _____ need of _____ on _____ to _____ or powerline _____.

_____ is _____ if _____ possible, should I use _____ powerline connection _____ up

_____ an option, _____ me if _____ use _____ wired Ethernet connection or powerline device?

I _____ to _____ if _____ best _____ over wires _____ through adaptors.

_____ installation is _____ should _____ choose wired _____ power _____?

Can you tell me if _____ to use _____ wired or power _____ I _____?

I need to know _____ or _____ powerline _____ ethernet setup.

Should _____ a power _____ if cable _____ feasible, _____ should _____ a _____ network connection?

I _____ advice _____ to use ethp _____ powerline _____.

If running _____ option, can _____ recommend _____ or powerline _____?

_____ you tell _____ I need _____ use _____ or power _____ if the _____ are not _____?

What _____ choice _____ ethernet and powerlineadapters?

_____ need advice _____ cables isn't _____ should _____ use powerline _____ up.

I need to _____ to go _____ a _____ setup _____ I can't _____ cables.

_____ want _____ the _____ option forEthernet _____ wires or through _____.

Should _____ a _____ line _____ wired _____ if cable _____ isn't possible?

Can you _____ running _____ isn't an _____ to use _____ wired Ethernet connection?

Do _____ know if _____ wired _____ card if I don't use _____?

_____ you tell me _____ better to _____ a _____ connection over a _____?

Should _____ power line device _____ running isn't _____ or _____ use a wired _____ connection?

_____ me if using a powerline adapter _____ a _____ ethernet _____?

Is _____ better _____ install _____ wired _____ a powerline adapter?

Can you tell _____ if _____ to use _____ line card _____ the _____ cables _____?

Do _____ a powerline _____ or a wired _____ if _____ possible?

Can you _____ me if _____ a _____ connection _____ better?

Should _____ use _____ lineadapters _____ cable running _____ not possible, _____ wired ethernet?

_____ a wired ethernet setup _____ if _____ have _____ stop _____ wires

_____ is the best _____ Ethernet and _____?

_____ I use powerlineadapters _____ should I use wired Ethernet?

_____ need _____ cables isn't _____ I use a power line _____ or _____

_____ to know if _____ should _____ setup _____ power line accessory.

Can _____ figure _____ I should _____ a powerline _____ Ethernet connection?

_____ Ethernet vs _____ unable _____ run cables

_____ to know _____ should get a power line _____ or _____.

I'm trying to _____ a wired _____ appropriate _____ to stop running _____.

_____ I use power _____ cable _____ doable _____ I use wired _____?

I'm trying _____ out _____ a _____ is _____ in case _____ running wires.

_____ I use _____ power _____ cable running _____ not _____ should I _____ a wired network _____.

_____ I use _____ power _____ cable _____ should I use _____ wired network connection?

Can you help me decide _____ a powerline _____?

_____ I use _____ running _____ feasible or _____ I use a wired _____ connection?

Should I _____ a power _____ connection or a _____ possible?

_____ you _____ me _____ or wired ethernet connection is _____?

I was wondering _____ use _____ or powerline _____.

What _____ for a situation where _____ of wired Ethernet and _____?

Can't _____ cables, is _____ an ethernet or _____ adapters?

The people _____ choosing _____ power lines and _____.

_____ a power _____ cable running isn't possible, or _____ I use _____ wired _____ connection?

I'm _____ need _____ advice on _____ use _____ or powerline _____

_____ I _____ power lineadapters _____ cable running isn't _____ wired ethernet?

_____ in _____ of _____ on whether or not _____ powerline _____ ethernet _____

advice _____ powerline, can't run _____?

_____ you _____ me if _____ a _____ if the running cables _____ available?

I'm trying _____ decide if a wired ethernet _____ would _____ cables.

Should I _____ if _____ isn't possible, _____ I _____ wired Ethernet?

_____ running _____ isn't _____ I use _____ power lineadapter or _____.

_____ is _____ best _____ for a _____ where _____ wired _____ and Powerlineadapters?

Can you _____ if _____ need _____ use _____ power line card _____ cables _____?

_____ cable running isn't _____ should _____ power _____ adapters _____ wiredEthernet?

I'm _____ decide whether _____ wired _____ setup is appropriate _____ have _____ running _____.

Should _____ use _____ powerline _____ if _____ cables _____ should I use a _____ connection?

Because _____ the _____ is _____ to use a wired _____ connection over a _____ adapters?

Can _____ me _____ need _____ use _____ wired _____ power line card _____ no _____ cables _____ available?

_____ do _____ is _____ ethernet _____ adapters?

_____ a _____ for _____ on choosing between wired ethernet _____.

_____ me _____ on choosing between power _____ and _____?

I _____ to _____ I _____ go for _____ powerline or wired _____ if _____ can't run _____.

_____ you _____ wired _____ powerline _____ be more suitable _____ cable _____ not easy?

I'm in _____ advice _____ to use ethp or _____.

_____ running _____ possible, should _____ up _____ use _____ powerline connection?

_____ run _____ should _____ powerline _____ Ethernet?

If _____ isn't doable, should I use _____ wired _____?

_____ cable running _____ possible, _____ I _____ lineadapter or wired _____?

Should I use _____ powerline _____ or _____ connection _____ cables isn't _____?

_____ needed for _____ wired Ethernet or _____ adapters?

I _____ using ethernet or _____.

_____ need some _____ on _____ accessory or a _____ setup.

I _____ if _____ need a power _____ accessory or a _____.

Is it _____ to use a _____ over a _____ adapter _____ of _____ limitations _____?

Is _____ to use _____ or _____ line _____ if running cables _____ option?

_____ want to _____ if I should _____ powerline or wired _____ in case I _____.

Can _____ me _____ need _____ wired _____ power _____ card if _____ cables are _____ an option.

_____ in need _____ whether _____ use _____ line _____ ethernet connections

If _____ cables isn't an option, _____ you tell me _____ I _____ or _____ connection?

_____ I use _____ line _____ not doable, or should I use wired _____ that?

Should _____ a _____ cables isn't an _____ or _____ use a wired connection?

_____ I use a _____ cable running isn't _____ should I _____ a _____ connection?

_____ cable running isn't _____ should _____ a power _____ adapter _____ a _____ network _____?

_____ possible, _____ use _____ powerline mod or wire up?

If _____ feasible, _____ use a powerline adapters or _____ connection?

_____ would _____ I _____ use a wired _____ power line card if there is _____ running _____.

_____ need _____ if _____ need _____ or _____ line card _____ is no running cables.

_____ need _____ whether to _____ line _____ or wiredEthernet setup.

_____ I use a power _____ if _____ doable, _____ use a wiredEthernet _____?

_____ I use powerline _____ running cables is not _____ or should _____?

If _____ isn't possible, _____ use _____ connection or wire _____?

_____ I use _____ power lineAdapter if _____ possible or _____ use _____ network connection?

If _____ are _____ available, _____ you tell _____ if _____ need _____ wired or _____ line _____?

_____ on ethernet and _____ connections

Should I _____ wired _____?

_____ you help _____ choose between a _____ a _____ connection?

Can you _____ wired _____ line card is necessary _____ running _____ are _____?

Should _____ decide if _____ or _____ is _____ if _____ is not easy?

If _____ cables _____ feasible, _____ I _____ powerline connection or _____?

Should I _____ running cables isn't _____ or _____ I _____ a wiredEthernet _____?

_____ powerline connection _____ wired one if running cables _____ possible?

_____ cables, which is _____ ethernet _____ the adapters?

_____ are _____ of _____ ethernet and _____ which is _____ best _____ the situation?

I need to _____ to use _____ or power line _____ the running _____ unavailable.

I am _____ sure whether to _____ a _____ accessory _____ a _____.

Because of the _____ of _____ is it _____ to use _____ wired ethernet _____ over _____?

_____ to _____ if _____ setup would be _____ case _____ can't run cables.

Can _____ tell me if I _____ use _____ or power line _____ if _____ don't _____ cables?

Should I _____ lineAdapter if _____ running isn't _____ should _____ wired Ethernet?

_____ I _____ run _____ if a wired _____ would be appropriate.

If running _____ you _____ if I _____ a wired Ethernet connection _____ powerline adapters?

If running cables isn't an option, _____ tell _____ I _____ a _____ Ethernet _____ a _____?

_____ which cable to _____ powerline adapter or _____?

I need _____ possible, should _____ wire up _____ a powerline.

Should I _____ adapters _____ cables _____ feasible or should _____ a _____ connection?

Which _____ wired ethernet _____ powerlineadapter for _____ situation?
 _____ to know _____ I go for _____ powerline _____ I _____ run cables.
 _____ on _____ powerline _____ run cables?
 Should I use _____ adapters _____ cable running isn't _____ use wired _____?
 _____ I _____ line adapters _____ is _____ or _____ I use wiredEthernet connection?
 _____ a _____ line _____ a wired _____ if running cables _____ possible?
 If running cables _____ possible, _____ I use _____ power _____ up?
 _____ people _____ want help _____ between power _____ an electrical _____ Ethernet
 _____ to know _____ go _____ powerline or wired _____ case I'm unable _____ run cables.
 If _____ are _____ can _____ me if _____ need _____ wired or power _____?
 _____ to use _____ over _____ or to _____ adaptors?
 If running _____ possible, _____ use a _____ or _____ wired Ethernet _____?
 _____ powerline _____ wired ethernet connection _____ best _____ me?
 _____ I use _____ transfer _____ running isn't possible, _____ I use a wiredEthernet _____?
 Should _____ use a _____ connection _____ a _____ there aren't _____ cables?
 I _____ if _____ cables _____ possible, _____ use _____ powerline adaptor _____ wire up?
 If _____ running isn't _____ use _____ connection or power line _____?
 Do _____ have any advice _____ between _____ and _____?
 If _____ cables _____ option, can you _____ whether I should use _____ Ethernet connection _____?
 _____ know _____ over _____ or through adaptors would _____ best choice.
 If running _____ isn't feasible, _____ powerline adapters _____ ethernet _____?
 _____ you _____ me if _____ have to use a _____ card if _____ is _____ an option?
 _____ you _____ if wired _____ powerline will be _____ suitable _____ cable _____ easy?
 _____ am _____ of _____ whether I should use _____ or _____ connections.
 _____ isn't possible, _____ use a powerline _____ or _____ up my _____?
 _____ trying to decide if _____ appropriate _____ not able to run _____.
 _____ I _____ a power _____ accessory if _____ isn't _____ should I use _____?
 If running _____ isn't _____ adapters or wire up _____ house?
 Advice is _____ isn't possible, _____ powerline adapters _____ wire up?
 If running _____ is _____ an _____ can _____ me _____ I should use _____ or _____ card?
 Advice on Ethernet vs _____ unable to _____?
 If _____ running _____ I use a _____ connection _____ wired network connection?
 If cable running _____ done, _____ I _____ a _____ line _____?
 _____ are people _____ for _____ between _____ lines and _____ solution _____ Ethernet.
 _____ you _____ decide if wired or power _____ cable _____ is _____ difficult?
 If _____ running _____ if I _____ Ethernet, _____ I _____ power line adapters?
 I _____ decide _____ a _____ setup is appropriate in case I _____ run cables.
 Should I _____ a power _____ running _____ I use wired Ethernet?
 Should _____ decide _____ wired or _____ is _____ better _____ if cable installation _____?
 If _____ isn't possible, should I use _____ wire _____
 _____ cables _____ possible _____ use _____ powerline or wire up _____ house?
 Should _____ installation _____ be impractical if _____ Ethernet connection _____ chosen, _____ you _____?
 _____ need to _____ if I _____ or power _____ card if _____ don't use _____.
 I'm _____ out if _____ use _____ or ethernet connections.
 _____ needed _____ cable setup with _____ Ethernet or powerline _____?
 I _____ I _____ get _____ line _____ or a wiredEthernet setup.
 _____ if _____ running isn't possible or _____ I use a wired connection?
 _____ running _____ isn't possible, _____ a powerlineadapter or wire _____?
 If running cables _____ an option, _____ you _____ if _____ to _____ power _____ card?
 Should I _____ a power line card if cable _____ use _____?

_____ need _____ use _____ or powerline _____?
 If _____ isn't possible, _____ use _____ connection or _____ wired connection?
 I _____ if it's _____ to use _____ over wires _____ through _____.
 I _____ if I should go _____ a _____ or _____ in case I _____ cable.
 _____ help on whether to use _____ or _____.
 _____ tell me _____ using _____ powerline _____ or a _____ Ethernet connection _____ the _____?
 Is _____ better to _____ wired _____ or _____?
 _____ powerline or _____ unable to run _____?
 _____ me if I need a wired _____ line card if _____ don't _____ running _____?
 If _____ cables is not an option _____ you tell _____ if _____ power _____ card?
 _____ I use _____ running isn't doable _____ should I use a _____ adapter?
 I want to _____ the best _____ over _____ or _____.
 I want _____ if Ethernet _____ wires or _____ adaptors is _____ go.
 Should _____ use _____ powerline connection or _____ wired _____ running cables _____?
 I _____ to _____ if _____ take powerline or _____.
 If running _____ me decide between _____ wired or powerline connection?
 Should _____ a power line connection if cable _____ doable or _____ use _____ network _____?
 Should I _____ a powerline connection or a _____ running _____?
 I _____ to _____ whether _____ use a _____ or _____ ethernet setup.
 Should I _____ line card _____ cable running _____ should I use _____ wired _____?
 _____ choice _____ the situation for wired Ethernet _____ Powerline adapters?
 I need _____ know _____ for a powerline or wired setup _____ can't run _____.
 _____ the _____ of cables _____ impractical, _____ you _____ me if I _____ or wired one?
 _____ opt for _____ or rely _____ efficient _____ cables is not feasible?
 I don't _____ if _____ cables _____ should _____ a powerline _____ wire _____?
 _____ whether to go for powerline _____ ethernet.
 _____ use power line adapters _____ running isn't _____ should I _____ ethernet?
 _____ best _____ connect Ethernet over wires?
 _____ cables _____ impractical if _____ opt for a wired _____ connection or _____ powerline adapters?
 Do you _____ need a wired or _____ line _____ if the _____?
 _____ help _____ between power lines and an electrical _____.
 I am in _____ whether or _____ or powerline connections.
 _____ needed for _____ cable setup _____ wired Ethernet _____ powerline _____?
 If _____ running _____ should I _____ power line _____ a wire?
 Is _____ use _____ wired ethernet connection _____ powerline adapters?
 _____ on Ethernet or _____
 I need _____ know _____ choose either powerline _____.
 What _____ the best _____ of _____ and _____?
 I _____ some information _____ power _____ accessory _____ wired Ethernet setup.
 _____ if running _____ isn't _____ use a powerline adapter or wire _____?
 I need to _____ I should go for _____ in case _____ can't _____ cables.
 _____ an option, can you _____ me if I should _____ powerline adapter _____ a wired Ethernet _____?
 _____ if a wired ethernet setup _____ be _____ if I _____ run _____.
 _____ wired Ethernet _____ a _____ connection?
 In _____ Powerline _____ Ethernet options?
 Should you decide _____ or powerline _____ if _____ is _____ difficult?
 _____ I use _____ line adapter if _____ running _____ not _____ or _____ use a wired network _____?
 I'm in need of _____ use _____ or _____.
 Some _____ are _____ for _____ choosing between power _____ and an _____.
 Should I use _____ power line _____ cable _____ or _____ use a wired Ethernet _____?

_____ on _____ Ethernet when _____ to run _____
 Should _____ use _____ if cable _____ isn't possible, or _____ I _____ power line _____?
 I _____ the best _____ over wires or _____ adaptors.
 Should I use power line adapters _____ running _____ or _____ I _____?
 _____ is _____ for _____ cable _____ wired Ethernet or powerline _____.
 Should _____ use _____ power _____ adapter if _____ isn't doable, _____ use _____ wired Ethernet _____?
 I _____ some _____ a power line _____ a _____ setup.
 I _____ on _____ not to _____ ethp _____ powerline connections.
 _____ on _____ I _____ a _____ line _____ or a wired Ethernet setup.
 Some people are _____ for _____ choosing _____ power lines _____ called _____.
 _____ is needed if running _____ possible, should I _____ powerline connection _____?
 Should _____ use a _____ lineadapter _____ not _____ should I _____ wired Ethernet connection?
 I _____ to _____ I _____ go _____ power line or wired _____ I can't run _____.
 _____ need to know if I _____ wired or _____ card _____ there _____ running cables.
 If running _____ an option, can _____ if I should use _____ wired or _____?
 If _____ isn't possible, should I _____ or _____ accessory?
 _____ is _____ way _____ wired ethernet and powerline?
 _____ cable _____ too challenging _____ you _____ or powerline?
 I _____ if I should _____ for a powerline or _____ if _____ cables.
 _____ a power line adapters _____ cable _____ is _____ should _____ use a wired connection?
 Should _____ use _____ lineadapters if cable _____ isn't possible, _____ I _____ a _____?
 People _____ help choosing _____ power lines _____ a _____ Ethernet
 I'm in _____ of advice _____ to _____ power _____ or ethernet _____.
 _____ want to know if _____ need to get _____ or _____ setup.
 _____ help needed _____ cable setup with a wired Ethernet _____.
 _____ two _____ and Powerlineadapters, _____ the best _____ for the situation?
 _____ I use _____ line _____ if _____ running isn't possible, _____ should _____ use _____?
 _____ looking _____ between power _____ and an _____ solution called Ethernet.
 _____ on whether to get _____ line accessory _____ a wired Ethernet _____.
 _____ you _____ running _____ is _____ option or _____ I _____ a wired Ethernet connection?
 If I _____ have running cables, _____ tell _____ a wired or _____ line _____?
 Should _____ if cable running _____ doable or should I _____ connection?
 There _____ two types of _____ and Powerlineadapters, _____ one _____ the _____?
 Should _____ a powerline adapter _____ isn't feasible _____ I _____ a _____ connection?
 _____ I use power _____ running isn't possible _____ I use _____ connection?
 _____ I use _____ powerline connection _____ a wired _____ running _____ isn't _____?
 _____ you _____ for _____ ethernet setup _____ rely on _____ cables isn't possible?
 _____ know _____ running is _____ or if I _____ wired Ethernet.
 Is _____ better _____ a wired _____ connection _____ a _____ adapter _____ of _____ in the _____?
 _____ if I _____ to use a wired or _____ line _____ if _____ don't _____ cables.
 Can _____ tell _____ I _____ a _____ line card if _____ don't have _____ cables.
 _____ know if I _____ wired _____ power _____ card _____ there aren't running _____.
 _____ I use _____ lines _____ doable, _____ I use wired ethernet?
 Can you tell me _____ I _____ power line _____ I _____ use _____ cables?
 _____ I _____ powerline _____ if running cables isn't possible?
 Should _____ use _____ powerline or _____ wired _____ if _____ cables _____ possible?
 Should I use _____ line adapters _____ running _____ or _____ use _____?
 Should I use _____ wired connection _____ I _____ run cables?
 I'm _____ to determine _____ wired _____ appropriate in _____ can't run cables.
 Should I use a _____ running _____ possible, or should I use _____ network _____?

Can't run _____ powerline _____ Ethernet?

I need _____ know _____ a power _____ accessory _____ a _____ setup

I _____ if a _____ ethernet _____ be appropriate in _____ I can't _____.

_____ some info on the power _____ or _____ setup.

Can you tell me _____ have to use a _____ line _____ if _____ cables _____?

_____ the _____ for a _____ with wired Ethernet and _____?

I'm wondering _____ a wired ethernet setup would _____ case _____ stop _____.

_____ if _____ cables is _____ should _____ use a _____ or wire up?

Advice is _____ if _____ isn't possible, should _____ wire up

I _____ to _____ is _____ best _____ over wires or _____

_____ cables _____ possible, should I use a powerline adapter _____?

_____ help needed _____ setup is _____ or powerline.

_____ you know if I _____ a wired or _____ if _____ are _____?

_____ cables isn't _____ option, can you _____ me if I _____ use _____ adapter or _____?

I need to _____ I _____ go for _____ or _____ in _____ I am _____ able to _____.

_____ to know _____ not to _____ for a powerline or _____ can't run cables.

_____ am _____ need _____ advice _____ whether or _____ to use ethp _____.

Should _____ use _____ line adapters if cable _____ not doable _____ should _____ wiredEthernet _____?

Should you _____ if powerline _____ suitable _____ installation is _____?

There's _____ needed _____ setup with _____ or powerline adapters.

If cable running isn't _____ I _____ a wired _____ a _____ adapters?

I'm _____ need _____ advice about whether to _____ powerline _____

_____ use power _____ if cable running _____ possible, _____ should _____ wired connection?

_____ I _____ powerline _____ if _____ cables _____ should I use _____ wired connection?

When running cables is not _____ can _____ tell _____ I need _____ wired _____ card?

_____ I _____ a power line adapter _____ running _____ or should I use _____ wired _____?

_____ tell _____ a _____ or power _____ card _____ the cables are missing?

_____ isn't possible, should I use a _____ wire _____?

_____ if _____ a wired _____ power line card _____ aren't running cables?

_____ types _____ Ethernet and Powerlineadapters, _____ is the _____ option for _____ situation?

There _____ people _____ help _____ between power _____ and _____ electrical _____ Ethernet.

Should _____ powerline or _____ ethernet connection?

_____ power _____ adapters _____ cable _____ or should I _____ a wired connection?

Should I use _____ power _____ cable _____ or _____ I use _____ network connection?

Can _____ me _____ I need a wired _____ line card if _____?

If running cables _____ an option, _____ help me decide between _____ Ethernet _____ a _____?

_____ I _____ power _____ adapters if _____ running _____ doable, _____ should I use _____ for _____?

_____ cable installation _____ you help _____ or powerline is _____ suitable?

I _____ as _____ to use _____ or _____ connections.

Can _____ me if a _____ line _____ if _____ is _____ running cables?

_____ a powerline adapter _____ running _____ or should I use a _____?

Should _____ cables _____ impractical, can _____ if I _____ use _____ connection or a wired connection?

I am _____ decide if _____ appropriate in case _____ run cables.

Should I _____ a _____ adapters if _____ not _____ or should _____ use a _____ connection?

_____ information _____ the _____ accessory or the wiredEthernet setup.

I need _____ if I _____ a _____ line accessory or _____.

_____ cable _____ should you consider wired _____ powerline?

_____ I use a powerline connection _____ wired _____ cables are _____?

_____ I _____ a _____ if running _____ isn't possible, _____ should _____ use _____ wired _____?

_____ possible _____ use _____ go wired _____ powerline?

_____ people looking for _____ power lines and an electrical solution _____.
 _____ know if _____ or wired _____ connection is the _____ option?
 _____ running _____ option, can _____ me _____ I should use _____ ethernet _____ or a powerline adapters?
 If running _____ isn't _____ you _____ me _____ a wired Ethernet connection or _____ powerline _____?
 _____ are looking _____ help _____ power lines and _____ electrical _____ called _____
 _____ need advice _____ or not _____ use ethp or _____.
 _____ to decide if a _____ setup would _____ appropriate _____ run cables
 _____ I use _____ if cable running _____ or _____ I _____ wired network connection?
 I _____ to _____ which _____ the _____ option to _____ or _____ adaptors.
 Should I use a power _____ cable running is not doable, _____.
 _____ use a powerlineadapter if _____ doable or should I _____ wired _____?
 I _____ advice on whether or _____ use _____ or _____
 _____ of _____ options, _____ it _____ to _____ a wired _____ connection over _____ powerline adapter?
 If running cables _____ option, can you _____ me if _____ a _____ line _____?
 People _____ help choosing _____ and _____ electrical solution called _____
 Should I _____ power _____ adapters _____ isn't doable _____ use wired ethernet for _____?
 I _____ to _____ if _____ need _____ wired or power line _____ if _____ don't _____.
 _____ am _____ to _____ if a _____ ethernet _____ is appropriate in _____ run _____
 _____ use _____ wired _____ a powerline _____ if running cables isn't _____?
 Can you tell _____ if I _____ a _____ line card _____ running _____ an _____.
 I want _____ know ifEthernet over wires _____ best _____.
 Can you tell _____ if I need to _____ power line card _____?
 Are there _____ that _____ possible: go wired _____?
 _____ you tell me if _____ use _____ power line card _____ cables are not _____?
 Should you help determine if _____ is _____ suitable _____ cable installation _____?
 I want _____ decide _____ setup is appropriate _____ I can't _____ cables.
 Can _____ if using a powerlineadapter _____ right _____?
 Should _____ if cable running _____ doable, _____ should I use _____ Ethernet?
 Is _____ better _____ install a _____ Ethernet _____ over _____ adapters?
 I _____ to _____ I _____ a powerline or _____ connection.
 _____ in _____ advice on _____ to _____ power line _____ ethernet.
 Can _____ help _____ is the _____ option, a _____ or _____ wired _____ connection?
 I would like _____ running isn't _____ if I _____ wired ethernet.
 _____ running _____ possible, should _____ wire up my house _____ a _____?
 Can _____ me decide between _____ power _____ or _____ connection?
 I need _____ know whether _____ to get a _____ accessory _____ setup.
 Should I use power _____ if cable _____ doable, _____ I _____?
 _____ people _____ help choosing between power _____ and an _____ solution _____.
 Should _____ use _____ connection or _____ wired _____ cables aren't feasible?
 Can you _____ me _____ I should use _____ wired Ethernet _____?
 Can _____ me _____ a power line card if the _____ cables _____ not available?
 _____ doable, should I use a powerline _____ connection?
 _____ I use _____ or a _____ if _____ is not possible?
 Can _____ I need _____ or power line _____ the running cables _____ there?
 Can _____ tell _____ a wired Ethernet _____ right choice for _____?
 _____ want to know _____ it's the best _____ to _____ wires _____.
 _____ power line _____ a wired one if _____ is not possible?
 _____ wondering _____ using _____ powerline adapter or a _____ connection _____.
 _____ want to know if I _____ go for _____ or _____ cannot _____ cables.
 If cable running _____ possible, should I _____ line _____ or _____?

_____ to decide if _____ wired ethernet _____ would _____ I _____ use cables.

I'm trying to _____ a wired _____ if I _____ stop _____ wires

There's _____ for no cable setup _____ powerline adapters.

Can you _____ me _____ I _____ to use _____ or power _____ card _____ any running _____?

_____ you _____ me if I need a _____ power line _____ running _____ not _____?

_____ running _____ isn't possible, _____ I use a _____ accessory _____ wire _____ own?

_____ information _____ or _____ to use a powerline or _____ setup.

Should _____ a power _____ connection _____ or should I _____ a _____ network connection?

If cable _____ should I use a _____?

_____ need info _____ get a power _____ or _____ wiredEthernet setup

In _____ can't _____ cables, I need _____ or not _____ go for _____ Ethernet setup.

Should I _____ line _____ cable running _____ possible, _____ should I _____ Ethernet?

_____ me if I _____ a _____ line _____ there aren't _____ cables?

Which is _____ Ethernet and _____ to _____?

I _____ to use ethp or _____ connections.

Should _____ use a power _____ if _____ feasible _____ I _____ wired connection?

Should I use a power _____ cable running isn't _____ or _____ I use _____.

_____ I use a power _____ isn't _____ should _____ use wired Ethernet?

_____ adapter if running _____ isn't _____ I use a wiredEthernet connection?

_____ I use a powerline or _____ they aren't _____?

_____ wish _____ should _____ line accessory or a wiredEthernet setup.

_____ running cables isn't an _____ can _____ help _____ power line connection _____ a _____ connection?

_____ you tell me if _____ to use a wired _____ if _____ are _____ cables?

_____ trying to figure out if a _____ would be appropriate _____ have to _____ wires.

If running _____ isn't possible _____ use a _____ or _____

_____ you _____ me _____ I _____ a power _____ if _____ isn't any _____ cables?

I am trying _____ if _____ ethernet setup would _____ if _____ unable _____ run cables.

_____ you _____ if I need _____ wired _____ line card _____ running _____ are not _____?

What _____ best _____ situation, wired _____ and Powerlineadapters?

I want to _____ if it's best to _____ over _____.

_____ you tell me _____ I need a _____ power line card _____ cables _____?

I need advice _____ cables _____ possible, _____ I use _____ adapter _____ wire _____?

_____ trying _____ a wired ethernet setup is _____ case _____ can't run _____.

_____ use _____ lineadapter if cable isn't _____ should _____ a wired connection?

_____ cables isn't feasible, _____ I _____ a powerline _____ or _____ connection?

_____ on _____ powerline if _____ unable _____ run cables?

Should I _____ line _____ cable _____ isn't _____ or should _____ use _____ wired network connection.

_____ you help _____ or _____ is _____ when cable installation is _____?

I want _____ know if I should go _____ wired Ethernet setup or _____ in _____.

If _____ feasible, should _____ a powerlineadapter _____ wired ethernet _____?

_____ want advice _____ whether to _____ or _____ connections.

If _____ should _____ use a power _____ wired connection?

Should I _____ a _____ lineadapter _____ isn't doable, _____ use a _____ connection?

_____ you decide if wired or powerline _____ more _____ installation _____ too _____?

_____ you tell _____ I _____ to use a _____ card if I _____ have _____?

Should _____ use a power line _____ cable _____ isn't doable _____ should _____ a _____ connection?

Without a _____ setup, is _____ necessary to use _____ adapters?

_____ to _____ I should _____ a _____ wired _____ in _____ I am unable to run _____.

people looking _____ help _____ and ethernet

Can _____ which is the _____ powerline or a wired _____?

_____ isn't _____ should I use _____ powerline or wire _____?

I'm pondering _____ wired _____ setup _____ case I have _____ stop running _____.

What is the _____ for a situation _____ and _____?

_____ no cable _____ with _____ wired Ethernet or _____ accessory?

Is it better to _____ a _____ ethernet connection _____ a _____?

_____ need of _____ or _____ options?

_____ to decide _____ wired ethernet is _____ in _____ can't _____ cables.

_____ determine _____ wired or powerline _____ more suitable _____ cable installation _____?

Should _____ use a power _____ if _____ isn't possible, _____ wired Ethernet connection?

_____ you tell me _____ using a _____ or _____ wired Ethernet connection _____ for _____?

There _____ people looking _____ power lines _____ solution called Ethernet

I'm _____ advice on using _____ or _____.

_____ to make _____ on _____ go for a wired or powerline _____ if _____ cables.

I need _____ the cables _____ should _____ a powerline _____ up

_____ I use a _____ or _____ if _____ aren't possible?

If running cables _____ an option, _____ whether _____ a wired _____ connection or _____ adapters?

Should I _____ power line adapters _____ running isn't _____ should I _____ Ethernet _____?

_____ the installation of _____ impractical _____ you _____ wired Ethernet _____ can _____ help?

_____ have _____ about which _____ option--a powerline or _____ ethernet connection.

_____ I _____ a _____ adapters _____ a _____ Ethernet _____ if running cables is _____?

_____ I use powerline adapters if _____ isn't doable or _____ use _____?

_____ would like _____ whether _____ use ethp _____ connections.

I _____ find _____ I get a power _____ accessory or _____.

_____ I use a _____ line _____ or _____ cable running _____ possible?

I _____ to _____ if _____ best _____ over _____ through adaptors.

Advice _____ needed if running cables _____ possible, _____ a powerline adapters _____?

_____ in _____ advice _____ using _____ power line connections.

_____ use power _____ if _____ possible _____ should I use a _____ connection?

_____ use _____ power line adapter _____ cable _____ is not _____ I use wired _____?

I need info on _____ a wired Ethernet _____ or _____ power _____.

There _____ a _____ for _____ on _____ vs powerline _____.

_____ need to _____ should have _____ line _____ a wired Ethernet setup.

_____ on _____ powerline options?

_____ for _____ cable setup _____ Ethernet or powerline adapters.

_____ running cables _____ feasible, should _____ a _____ adapters or wired _____?

_____ a power _____ or _____ wired connection _____ running cables _____ be _____?

_____ running cables isn't _____ option, can _____ me decide between _____ connection _____ powerline adapters.

_____ information _____ whether to _____ power line accessory or wired Ethernet _____.

_____ are people _____ for _____ choosing between _____ and _____

Can you _____ me if a _____ power line _____ is _____ if _____ cables is _____?

Advice _____ needed if running _____ possible, should _____ wire _____ a _____?

Should I use _____ is not doable _____ use a wired network _____?

_____ I _____ cable running _____ doable, _____ I use wired ethernet?

Should I _____ a _____ lineAdapter if cable _____ should _____ wired ethernet?

_____ wires _____ to be placed; _____ wired _____ or powerline _____?

If running _____ an _____ you tell me _____ I _____ a _____ ethernet _____ or powerline _____?

Should you help _____ wired _____ be _____ suitable _____ cable installation is _____?

Can you _____ me _____ which _____ better--a _____ wired ethernet _____?

_____ not possible, should _____ use _____ connection or a wired _____?

I need to know _____ accessory or a _____ setup.

If cables aren't possible, _____ powerline _____ wired?
 _____ cable installation _____ hard, should you _____ wired _____?
 _____ opinion _____ whether _____ not _____ use ethp or powerline _____.
 _____ running cables isn't feasible, _____ I _____ powerline _____ Ethernet _____?
 If running _____ an option, _____ you _____ using a wiredEthernet _____ powerline adapters?
 If _____ cables _____ an option, _____ you help me decide _____ Ethernet _____ a powerline _____?
 Advice on _____ or _____ when _____ cables.
 _____ I use _____ power line device if _____ isn't possible, _____ I _____?
 Can you tell me _____ have _____ a _____ there isn't a running _____?
 Should _____ use a _____ cable running _____ doable or _____ I use a _____?
 _____ need of _____ about _____ to _____ ethp or _____ connections.
 _____ am wondering if a wired _____ setup would _____ in _____ have _____ running _____.
 _____ I _____ a _____ if cable running is _____ doable, or _____ I _____ wiredEthernet connection?
 _____ running _____ an _____ can _____ help me _____ between _____ a wired _____ connection _____ powerline adapters?
 _____ am _____ if a _____ ethernet _____ would _____ appropriate _____ I _____ run cables.
 _____ use _____ line _____ if cable running is _____ possible, _____ I use _____?
 I'm in need _____ advice _____ whether to _____ power _____.
 _____ I use a power _____ if cable _____ isn't possible, or _____ I _____ wired _____?
 I _____ some _____ if I should _____ a power _____ a _____.
 Should _____ use _____ lines if _____ I use wired Ethernet?
 _____ is the _____ to _____ toPowerline?
 _____ the installation of _____ be impractical _____ whether _____ use _____ or _____?
 _____ can't _____ cables: _____ wired or _____?
 I _____ to _____ better _____ anEthernet over wires _____ through adaptors.
 Should _____ use _____ power line _____ if _____ running isn't _____ should _____ use _____?
 _____ a power _____ connection _____ cable running _____ doable _____ should I use a _____ connection?
 _____ is _____ between _____ and wired ethernet.
 Can _____ tell me if I need _____ or _____ line _____ is _____ an option?
 If _____ isn't _____ use a powerline _____ or _____ wired _____ connection?
 _____ use a powerline connection if _____ run _____?
 I'm trying _____ if _____ wired _____ setup is appropriate _____ don't _____ cables.
 _____ cable _____ isn't doable, should I _____ a _____ connection _____ connection?
 Should _____ or wired connection if _____ run cables?
 _____ you choose _____ or _____ if cable installation _____?
 Is it better _____ use _____ power line _____?
 Is it _____ a _____ ethernet _____ over a powerline _____?
 _____ need your advice _____ use ethp or _____.
 _____ use a powerline _____ or a wired _____ the _____ possible?
 _____ need _____ know about a power line _____ setup.
 Should I use _____ lineadapters _____ isn't _____ should _____ use _____ ethernet?
 _____ I _____ a _____ adapter if running cables _____ feasible, or should _____ connection?
 _____ isn't _____ should _____ a powerline connection or a _____ connection.
 Should I use a _____ card _____ running cables isn't _____?
 _____ is advice _____ if running _____ isn't _____ use _____ powerlineadapter _____ wire up
 What is the _____ Ethernet _____ the situation?
 I _____ decide if a _____ setup _____ in case _____ have _____ stop _____ wires.
 Can you _____ if _____ need _____ wired or _____ if my cables _____?
 The _____ for no cable _____ is _____ a _____ or _____ adapter.
 _____ running cables isn't an _____ can you _____ me decide between _____ power _____ or _____?
 I want _____ I should _____ a _____ or a _____ setup.

_____ need _____ on choosing between _____ and ethernet.

_____ know whether to use _____ or _____ connections.

_____ need _____ on whether to _____ ethp _____ connection.

_____ power line adapters _____ isn't doable, _____ I use _____ Ethernet?

_____ running cables _____ feasible, should I _____ or _____ ethernet _____?

_____ cables isn't possible should _____ a _____ connection or _____?

_____ to _____ if _____ cables _____ if I should use _____ powerline.

_____ on Ethernet vs _____ you _____ unable _____ cables.

_____ know _____ it's best to _____ anEthernet over _____ through an _____.

If cable running isn't _____ power line _____ or _____ wired network _____.

_____ would _____ know _____ best way _____ over wires or through _____.

_____ I use _____ connection if cable running _____ not _____ should I _____ a _____ connection?

_____ use power line _____ if _____ is _____ or should I _____ a wired _____ connection?

Should I use a _____ isn't _____ I _____ a wired connection?

I want to _____ if _____ useEthernet over _____ adaptors.

Advice on choosing _____ is needed.

If _____ possible, should _____ use _____ powerline _____ or _____ up?

If running _____ isn't _____ help _____ between using a wired Ethernet connection _____ powerline _____.

If running _____ isn't an _____ can you _____ decide _____ I should use a _____ adapter _____?

_____ tell me if I _____ use a _____ card _____ cables aren't _____?

_____ running cables _____ possible _____ I use a _____ line _____ or _____?

If cable running isn't _____ should I use _____ line _____ network _____?

_____ want to know if _____ is _____ useEthernet _____ or through _____.

Should the installation of _____ impractical, can _____ a wired Ethernet connection _____ powerline _____?

_____ you _____ if I _____ or power _____ card _____ there _____ running cable?

I want to know _____ over wires _____ option.

I need advice _____ running cables _____ I use _____ accessory _____ up?

_____ need advice _____ running cables _____ possible, _____ I _____ powerline accessory _____ up?

_____ running _____ possible, should I _____ powerline _____ wire up?

Should I _____ lineadapter _____ cable running isn't possible, or should _____ wired _____?

I _____ in _____ of _____ on _____ to _____ ethernet or _____.

If _____ cables isn't possible, should I use _____ up

If _____ run _____ I'm trying _____ a wired _____ would be appropriate.

_____ is _____ if running _____ should I _____ a _____ line _____ or _____ up

Should _____ powerline connection _____ connection if running cables aren't _____?

Should _____ if cable _____ is _____ doable, or should I use a wiredEthernet _____?

_____ is _____ if _____ cables _____ I use powerline _____ wire up

_____ I _____ power _____ if cable running _____ should I use wired _____?

Should I _____ line connection _____ connection if _____ aren't possible?

_____ is needed if _____ cables _____ I use powerline _____ up?

Advice onEthernet _____ you can't _____?

_____ is _____ best _____ to _____ Powerlineadapters and wired _____?

_____ trying _____ whether a _____ ethernet _____ appropriate in _____ I can't _____ cables.

_____ we _____ or _____ lines?

_____ possible, should _____ a _____ line accessory or wire _____ my house?

Is _____ a _____ idea _____ use Ethernet cables _____ powerline _____?

If cable running _____ doable, _____ I _____ a _____ line _____ use _____ connection?

_____ to know which _____ the _____ solution:Ethernet _____ wires or _____.

Is it better _____ or _____ powerline adapter?

_____ running isn't _____ should I _____ a _____ line _____ or _____ network connection.

I want _____ I need a wired _____ power _____ card if _____ .
 Should _____ use a power line connection _____ is _____ doable, or _____ use a _____ ?
 If cable _____ is hard, should _____ if _____ better?
 If cable _____ doable, _____ power line _____ or a _____ connection?
 I need _____ know _____ cable _____ isn't _____ I should use _____ .
 I was wondering _____ to _____ or _____ .
 _____ trying to decide _____ setup _____ work if I can't _____ .
 _____ advice if _____ cables _____ should _____ use a powerline adapter _____ up.
 _____ is _____ needed _____ no cable _____ wired _____ or powerline adapter.
 I need _____ whether _____ not to _____ or powerline _____ .
 _____ cables _____ I use a power line adapters _____ wire _____ own?
 _____ cable _____ I use a power _____ a wired Ethernet connection?
 Domestic wire _____ was unsuccessful; should _____ choose wired _____ ?
 _____ the _____ of _____ be impractical should _____ for _____ wired connection _____ a _____ ?
 Should _____ powerline adapter or _____ wired _____ if running _____ isn't feasible?
 _____ use _____ if cable _____ is not doable, or should _____ use wired _____ ?
 If _____ running isn't doable should _____ wired _____ or _____ adapter?
 _____ cables isn't possible should _____ a _____ or wire _____ ?
 _____ use a powerline connection or _____ wired connection _____ it's _____ cables?
 I am trying to decide if _____ ethernet _____ appropriate in _____ I _____ .
 _____ running _____ possible, _____ I _____ a powerline _____ wired _____ connection?
 If running cables aren't _____ I use _____ powerline adapter _____
 _____ is a question _____ whether to _____ power line _____ setup.
 _____ trying to _____ wired _____ setup _____ appropriate _____ order to run cables.
 I'm _____ a wired ethernet setup _____ necessary _____ I _____ run _____ .
 _____ I _____ adapters if cable _____ work, or should _____ ethernet?
 I need _____ know if or not _____ wired ethernet _____ .
 If _____ cables isn't possible, _____ I _____ a _____ up _____ cable?
 If running cables isn't _____ I _____ a _____ wired _____ ?
 If cable _____ isn't possible, should I _____ ?
 People are _____ help choosing _____ lines and _____ .
 _____ you help _____ if wired or _____ if cable _____ is difficult?
 _____ help _____ or powerline is _____ if the cable installation _____ difficult?
 _____ need advice _____ to _____ or _____ to _____ ethernet connections.
 Should you _____ decide _____ wired or _____ better _____ is too _____ ?
 _____ powerline adapter or wire up my _____ aren't possible?
 If _____ isn't an option, _____ tell _____ whether to _____ a _____ Ethernet connection _____ connection?
 _____ are _____ who need _____ choosing _____ an electrical solution called _____
 _____ you tell _____ which _____ best _____ power line _____ wired ethernet connection?
 _____ running _____ can _____ me _____ should use _____ wired Ethernet connection or a powerline connection?
 I need to _____ over wires or _____ the _____ .
 If running _____ isn't an _____ can you _____ me _____ I need _____ power _____ ?
 If _____ cables isn't possible should I _____ a _____ connection.
 There's _____ need _____ advice on _____ powerline _____ .
 _____ are _____ looking _____ in choosing between power _____ and an _____ solution _____ .
 Advice is needed _____ possible, should _____ up _____ a powerline.
 Should I use a _____ cables is _____ feasible, _____ use _____ Ethernet connection?
 I _____ to know whether to go _____ a _____ wired _____ in _____ I _____ .
 Do _____ know _____ need a wired _____ power _____ card _____ an option?
 _____ power _____ replacements _____ cable running isn't doable _____ use wired Ethernet?

If cable running _____ a power _____ or wired _____?
 _____ a wired _____ setup would be appropriate _____ I _____ cables.
 Should _____ use power line _____ if cable running isn't _____ should _____?
 I have to know _____ should _____ a power _____ setup.
 _____ is _____ best _____ for _____ it comes to wired _____ Powerlineadapters?
 _____ need of _____ ethp or powerline connections.
 I _____ to know _____ it's best to _____ through adaptors.
 _____ trying _____ decide if a _____ appropriate in case _____ stop running wires.
 _____ I need a wired _____ power _____ card if _____ don't want to run _____?
 _____ I use power _____ cable _____ is _____ doable, or should I _____?
 _____ you opt for _____ Ethernet _____ efficient if _____ cables _____ not possible?
 _____ wondering if _____ get _____ line accessory or _____ wiredEthernet setup.
 _____ wondering if a wired ethernet _____ would be _____ running wires
 _____ use power line adapters _____ cable _____ isn't _____ should I _____ connection?
 _____ it better _____ use _____ wired ethernet _____ over a _____ due to _____ limitations _____ cabling _____?
 Should _____ a _____ a _____ if _____ cables aren't possible?
 _____ need _____ whether or not _____ a _____ or wiredEthernet _____.
 _____ you _____ determine _____ wired or powerline _____ more suitable _____ cable _____?
 Should _____ power line connection _____ cable running _____ possible _____ should _____ use _____ wired connection?
 advice _____ powerline, _____ to run _____,
 _____ need _____ using _____ or _____ connections.
 _____ advice: powerline or _____?
 If _____ is not an option, _____ you _____ if I need _____ use _____ card?
 Can you _____ if I need _____ use a wired _____ power line card _____?
 _____ wondering _____ I _____ use ethernet or _____.
 _____ no _____ setup is _____ a _____ Ethernet or powerline adapters.
 I would like to know if _____ need _____ use a _____ if _____ is not _____.
 _____ running _____ should _____ use a powerline _____ or wired _____ connection?
 _____ a wired connection _____ running isn't possible, _____ use a _____ line adapters?
 _____ cables isn't _____ option, _____ you _____ me if _____ should use a _____ connection _____ powerline _____?
 _____ need _____ know if I should _____ for a _____ setup in _____ I _____ cables.
 I _____ to know _____ I _____ the _____ line _____ the _____ setup.
 There _____ for help _____ between _____ and an _____ solution _____ ethernet.
 I'm _____ a _____ ethernet setup _____ a _____ idea in case _____ have to _____ wires.
 I _____ to know _____ way to useEthernet _____ through adaptors.
 I _____ know _____ a powerline or _____ the best option.
 I _____ to _____ take _____ or ethernet.
 Should _____ a powerline _____ a _____ if _____ cables _____ feasible?
 I need _____ should be using _____ ethernet.
 _____ I _____ power lineadapters _____ cable isn't doable, _____ should _____ use _____?
 _____ use a _____ lineadapter if _____ running isn't _____?
 I _____ of _____ about using ethp _____ connections.
 _____ a _____ ethernet setup is appropriate incase _____ run cables.
 I want to _____ if I _____ go _____ power line _____ I can't run _____.
 _____ advice regarding _____ to use _____ or powerline _____.
 _____ need to know if _____ to _____ a _____ or _____ line _____ no running cables.
 Is it better _____ a _____ ethernet _____ a _____ because of _____ limited _____ options?
 _____ I _____ a power _____ adapters if _____ running is _____ or _____ I _____ network connection?
 _____ decide between Ethernet _____ or powerline _____?
 If _____ isn't _____ should _____ use a _____ connection or wire _____?

If cable running isn't _____ I _____ power line connection _____?
 Should I _____ power line adapter if _____ I use _____?
 _____ are _____ looking for help deciding _____ power _____ electrical _____ called _____.
 _____ to know if _____ cables isn't possible or if _____ a _____.
 _____ of advice about using _____ or _____ connections.
 _____ it isn't _____ to run _____ use _____ powerline _____ wire up?
 _____ cable _____ isn't doable, _____ I _____ line adapter _____ Ethernet?
 Should I use _____ adapters if running _____ possible or should _____?
 Can you _____ me if running cables _____ an _____ if _____ use _____ ethernet _____?
 I _____ know _____ I _____ go for _____ or wired _____ case I can't run _____.
 _____ I _____ a power _____ connection if _____ should I _____ a wired _____?
 _____ need _____ I should buy a power _____ accessory _____ wired Ethernet _____.
 Should I use _____ line _____ is no running cables?
 _____ some _____ using ethp or _____ connections.
 Can _____ if I need _____ use a _____ card _____ the running _____ are not _____ option?
 _____ I _____ powerline connection _____ I'm _____ able _____ run cables?
 _____ want to _____ should get a power _____ or a _____ setup.
 There's _____ needed _____ setup with a _____ or _____ adapters.
 _____ you can't run cables.
 I need _____ if running _____ isn't _____ should _____ a _____ or _____ up.
 Should I _____ a _____ if cable running _____ possible _____ should _____ go _____ a wired Ethernet _____?
 _____ to use _____ wired or power _____ card _____ are _____ an option?
 I _____ know _____ it's _____ over _____ or through adaptors.
 Can you _____ figure out _____ is better?
 If running _____ isn't _____ should I _____ or wire _____
 _____ looking _____ assistance choosing between power lines _____ electrical solution _____.
 _____ a _____ setup, _____ it necessary to _____ Ethernet or _____ adapter?
 Can _____ tell me if I _____ wired _____ power _____ card _____ are _____ cables?
 If _____ running isn't doable, should _____ line _____ wired connection?
 _____ placement is thwarted, choose _____ or power _____?
 Can't _____ is _____ an adapters or an ethernet _____?
 _____ to know _____ need to use _____ or _____ line _____ if _____ no running cable.
 Should _____ use a power _____ is not _____ go with _____ wired network connection?
 Should _____ use _____ adapters if _____ cables _____?
 _____ line or Ethernet _____ cables?
 I'm wondering _____ I need a _____ power line _____ running _____.
 I _____ to _____ if Ethernet _____ wires or _____ adaptors _____ option.
 advice is _____ running cables _____ use a powerline _____ wire _____
 Should _____ a powerline _____ wired _____ is not feasible?
 _____ use a wired ethernet _____ a powerline if you don't _____?
 _____ need _____ info about _____ or wired Ethernet setup.
 People are _____ for help _____ and ethernet.
 _____ I try _____ Ethernet-based _____?
 _____ looking for _____ choosing between power _____ and _____ called Ethernet.
 Can _____ tell _____ should use _____ powerline or a _____?
 I'm trying _____ decide _____ ethernet setup would work if _____
 Should _____ use _____ adapters _____ cable _____ feasible, or _____ use wired Ethernet?
 I need _____ know _____ a powerline or wired set _____ I _____
 Is _____ use _____ wired ethernet _____ a power _____ adapter?
 _____ the _____ of _____ be _____ you _____ to use a wired Ethernet _____ you _____?

I am ____ need ____ on ____ powerline connections.
 ____ you tell ____ is the ____ option--a ____ ethernet connection?
 ____ advice on whether to ____ powerline connections.
 ____ use power ____ adapters if cable ____ isn't ____ should I ____ with ____ connection?
 ____ is the best solution ____ ethernet vs ____?
 ____ I use power ____ cable ____ is not ____ or should ____ wired ____?
 I ____ know ____ line ____ a ____ ethernet connection ____ the best option.
 I need some ____ on ____ not to use ____ wired ____.
 ____ running cables ____ an option, can ____ help ____ use a ____ Ethernet ____ or a powerline ____?
 Should ____ power line connection if ____ isn't ____ or should ____ wiredEthernet ____?
 I ____ information ____ whether ____ a ____ line ____ or a ____ setup.
 Cabling is ____ my location, so I'm ____ you ____ me some input ____ going ____ Ethernet or
 I need ____ on ____ use powerline ____ ethernet ____.
 ____ know if ____ should get ____ or ____ in case I ____ run cables.
 If ____ should I use ____ powerline ____ wire up my ____?
 ____ running cables ____ should I use ____ or ____ up?
 ____ a ____ for guidance ____ between wired ethernet and ____.
 If running ____ a powerline adapter or ____ up?
 ____ at my ____ so I was wondering if you could ____ me ____ feedback on ____ Ethernet or ____
 I'm in ____ guidance ____ whether ____ use ethp ____ connections.
 Should I use a ____ line ____ running cables ____ not ____?
 I need ____ I ____ for powerline or ____.
 ____ need ____ know if ____ should use a ____ or ____.
 Can ____ me if I ____ use a ____ is no running cable?
 ____ in ____ on whether ____ a power ____ or ____ ethernet connection.
 I ____ know if ____ should ____ or ethernet.
 Should the installation ____ cables ____ impractical if ____ opt ____ or powerline ____?
 ____ cables, is ____ better ____ use ____ ethernet ____ a adapter?
 ____ sure ____ I should ____ for ____ powerline ____ if I can't run ____.
 Should ____ use power ____ cable is ____ doable or ____ use ____ Ethernet?
 ____ cables isn't possible, ____ use a ____ wire up my ____?
 I'm trying to ____ a wired ____ in case I ____ running wires
 ____ I ____ a ____ a wired ____ connection ____ running cables is ____ feasible?
 There is advice ____ if ____ possible, should ____ use ____ adapters or ____
 I'm trying to ____ if ____ wired ethernet ____ be appropriate if ____ wires.
 Is it ____ to ____ a ____ over a ____ Adapter?
 ____ advice needed ____ running cables ____ possible, ____ use a powerline ____ up
 Should ____ decide ____ powerline ____ wired ____ better ____ cable installation ____ difficult?
 There are people looking for ____ choosing ____ and ____ solution ____ Ethernet.
 Can ____ me ____ out which ____ the best option, a ____ or ____?
 Should I use ____ power ____ if ____ doable, or should I ____?
 I need ____ get a ____ line ____ or ____ setup.
 ____ cables ____ possible, should ____ use a ____ wire up?
 I ____ best ____ use ethernet over wires ____ through adaptors.
 ____ use ____ connection or a ____ one if ____ possible?
 If running cables ____ an option, ____ me ____ I ____ use ____ powerline connection?
 Can ____ tell me ____ I ____ a ____ power ____ card if I ____ have a ____?
 ____ running ____ isn't ____ should ____ adapters or wiredEthernet connection?
 Should ____ power lineadapter ____ cable ____ isn't ____ or ____ I ____ wiredEthernet connection.
 I ____ info about whether to ____ a ____ accessory or _____.

If _____ possible, _____ powerline accessory or wire up _____ own?
 _____ to know if I need _____ use _____ wired or _____ line _____ cables _____ unavailable.
 _____ tell me if I need to use a wired _____ line _____ unavailable?
 There are _____ for _____ choosing between _____ lines and _____ solution _____
 _____ you _____ or _____ is suitable if _____ is too difficult?
 Because _____ limitations _____ options, is _____ to _____ a _____ over a powerline adapter?
 I want to know if I _____ go _____.
 _____ you _____ me if _____ need _____ a power line card if _____?
 I want _____ if _____ use _____ powerline connections.
 I _____ on _____ to use a _____ line or _____.
 I _____ to know _____ the best _____ for Ethernet _____ or _____.
 _____ advice _____ whether _____ should use powerline _____ ethernet connections.
 _____ I use power line _____ if _____ running isn't _____ or _____ wired _____?
 _____ I use a _____ wired connection if running _____ work?
 Can you _____ if _____ should _____ a _____ adapter or _____ Ethernet _____.
 _____ need of advice on _____ use _____ or powerline _____
 If running cables _____ tell me _____ it's _____ idea _____ use a _____ Ethernet connection _____ power
 _____ do _____ it better _____ a ethernet or _____ adapters?
 Should _____ use a powerline connection or _____ run cables?
 People looking for _____ between _____ and _____.
 Guidance is needed _____ between _____ and wired _____.
 The people _____ for _____ deciding between power _____ an _____ Ethernet.
 I'm _____ of advice _____ whether to use _____ or _____.
 _____ I _____ a _____ line connection if cable running _____ possible _____ use _____ connection?
 Should I use a _____ line accessory if _____ running _____ possible, _____ should _____ network _____?
 _____ cables isn't _____ option, can you _____ using _____ wired Ethernet connection _____ powerline adapter.
 _____ I _____ a powerline or a _____ connection _____ cables _____?
 Help needed _____ no cable _____ Ethernet _____ adapter.
 Is it better to _____ wired ethernet connection _____ a powerline _____ the lack _____?
 _____ am trying to _____ out _____ a _____ ethernet _____ if I _____ cables.
 Can't run _____ help with _____ connection
 _____ a _____ advice _____ Ethernet or powerline options?
 _____ cables isn't possible, _____ a powerline _____ wire up
 Should _____ use a powerline _____ or a _____ connection _____ cables _____?
 I need _____ to go with _____ or _____.
 _____ to know _____ I should go for _____ wired setup _____ I can't _____ cables.
 Can you tell _____ need a _____ or power _____ if running _____ is _____ option?
 I'm _____ to _____ if a wired _____ would be _____ if _____ have _____ stop _____.
 _____ to _____ isn't doable or if _____ should _____ wired Ethernet.
 Should _____ a _____ line _____ cable running _____ possible, or _____ a wired connection?
 _____ running _____ possible, _____ a powerline connection or a _____?
 _____ placement _____ disrupted, choose wired Ethernet _____ plug?
 _____ need _____ whether to use _____ line connections
 Can you _____ me _____ wired _____ power line card _____ the running _____ aren't _____ option?
 I don't _____ if _____ ethernet setup _____ appropriate _____ I _____ run _____.
 If running cables _____ an option, _____ you _____ me if _____ power _____ connection or _____ wired _____?
 Should I _____ a _____ if _____ should _____ use _____ wired network connection?
 If _____ isn't _____ should _____ use a powerline _____ or _____?
 _____ cable running isn't _____ should _____ use a _____?
 _____ isn't _____ should _____ use _____ power line _____ or _____ wired connection?

I need help deciding _____ to _____ or _____.
 _____ powerline _____ you can't run cables!
 _____ use _____ line adapters if _____ possible, or should I use _____?
 Should _____ use _____ or a wired _____ the _____ cables are _____ possible?
 _____ I use power line adaptors if _____ I _____ wired Ethernet?
 _____ use _____ lineadapters if _____ running _____ or _____ use wired Ethernet?
 _____ cables _____ can you _____ me if I should _____ or a _____ Ethernet connection?
 _____ need guidance _____ to _____ ethp or powerline _____.
 I don't _____ if I _____ powerline setup if I can't _____.
 I _____ ethp _____ powerline connections.
 If _____ isn't possible, should I _____ powerline, _____ wire _____ my _____?
 Should _____ power line _____ not possible, or _____ use wired Ethernet?
 Is it _____ use a power _____ if _____ isn't possible?
 I'm wondering _____ a _____ is appropriate in case _____ wires.
 _____ placement was unsuccessful, should we _____ or _____ plug?
 I require _____ whether _____ get _____ power _____ or a _____ setup.
 _____ on _____ if you can't run _____?
 If running cables _____ possible, _____ I _____ a _____ or _____ up?
 _____ isn't possible should I _____ a _____ or _____ wire?
 I'm _____ to _____ a wired ethernet _____ is appropriate in _____ cannot _____.
 There _____ people who _____ looking for help _____ and a _____ called _____.
 _____ you tell _____ if _____ need _____ a _____ or _____ line card if _____ isn't a _____?
 _____ running cables _____ should I use _____ power line _____ it _____?
 Should you _____ decide if wired _____ be more _____ the _____ too difficult?
 _____ running cables isn't _____ should _____ use a powerline _____?
 _____ some information on whether _____ should get _____ power _____ or a _____.
 _____ want _____ if using _____ powerline adapter _____ wired Ethernet _____ better.
 Can you _____ me _____ a _____ or _____ line card _____ cables are not _____?
 _____ a powerline connection or _____ wired _____ if _____ run cables?
 _____ for help choosing _____ and _____
 Should _____ a _____ if cable _____ is not _____ or should _____ a _____ connection?
 I don't _____ if cable _____ is doable, _____ should _____ wiredEthernet _____.
 I _____ to know _____ over _____ or _____ adaptors _____ best _____.
 _____ am _____ need of advice _____ whether or _____ powerline _____ ethernet _____.
 _____ am _____ a _____ adapter _____ a wired Ethernet connection _____ better.
 If _____ isn't an option, _____ you _____ me _____ if _____ use _____ wired or _____?
 I would _____ know _____ need _____ wired or _____ line card _____ there is no _____.
 I _____ if I should _____ powerline _____ setup in _____ I can't use _____.
 _____ aren't possible, _____ I use a powerline or _____ up?
 _____ wire _____ was _____ you _____ wired Ethernet or powerline _____?
 Domestic _____ placement _____ done; choose wiredEthernet or _____?
 _____ I use a _____ adapter if _____ cables isn't _____ I _____ wired _____ connection?
 _____ I use a power _____ adapter _____ doable, or should I _____?
 _____ want to _____ I need to _____ a _____ line card _____ running _____ are not _____ option.
 If running _____ aren't _____ I use _____ connection or _____?
 _____ a power line _____ if _____ isn't possible, or should _____ use _____ connection?
 I need your _____ in _____ best option--a _____ wired _____ connection.
 _____ don't _____ should _____ for a _____ line or _____ setup if I _____ run _____.
 _____ a _____ setup or rely on efficient if _____ cables _____ easy?
 _____ should _____ use _____ power line connection _____ a wire connection?

How _____ Ethernet _____ or _____ adaptors?

If _____ cables isn't _____ can _____ me _____ I need to _____ wired _____ power line _____?

_____ use _____ adapters _____ running _____ feasible, or should I use _____ Ethernet connection?

_____ need to know _____ I _____ use _____ powerline _____.

_____ need to _____ if I _____ a power line _____.

Should I _____ connection _____ wired _____ if _____ no running cables?

_____ want to know if _____ go for _____ wired _____ powerline _____ in _____ I _____ run _____.

Should _____ or _____ wired _____ if running cables _____ be done?

People are _____ for help _____ between _____ lines _____.

I _____ to know _____ I get a _____ line _____ setup.

If _____ cables _____ tell me _____ I need to use a _____ line card?

I'm _____ to _____ out if _____ is _____ I can't run cables.

Should I _____ if cable _____ isn't doable _____ I _____ Ethernet?

_____ advice on _____ use _____ or powerlines.

_____ is it _____ a ethernet or a adapter?

_____ you _____ me if it's possible _____ with _____ powerline or _____?

_____ we use either _____ power _____.

_____ running _____ doable, should I use _____ line _____ a wired network _____?

_____ use ethp or powerline _____.

_____ I _____ power _____ switch _____ possible _____ should I use a wiredEthernet connection?

_____ wondering _____ would be appropriate _____ I need to _____ running wires.

I'm trying _____ if _____ ethernet setup _____ appropriate in _____ I _____ cable.

_____ ethernet vs _____ can't run cables?

If cable _____ is _____ doable, _____ I _____ a power _____ a _____ connection?

_____ is hard, should _____ wired or powerline?

_____ not an _____ can you _____ me if _____ wired or power line card.

Should I use _____ line _____ cable _____ is _____ should I _____ wired _____?

Should _____ use a _____ if cable running _____ not _____ should I _____ a wired _____?

Should _____ a power line adapters if cable _____ should I use _____.

I'm _____ decide _____ a wired _____ is right for _____ case I _____ run _____.

_____ cable _____ isn't _____ power line connection or a _____ connection?

_____ I _____ powerline _____ if running cables isn't feasible _____ use a _____ connection?

_____ to think _____ a wired ethernet setup _____ appropriate _____ case _____ to _____ running _____.

If running cables isn't feasible, _____ I _____ line _____ Ethernet connection?

Should you decide _____ powerline _____ more suitable _____ cable _____ difficult?

What _____ best _____ do with wired _____ and _____?

If cable _____ isn't _____ I _____ wiredEthernet connection?

_____ a _____ connection or a _____ if running cables _____ possible?

_____ good _____ to go with _____ or power _____?

_____ need _____ about whether to get _____ power _____ a wiredEthernet _____.

What is the _____ wired _____ powerline?

I _____ information _____ to buy a _____ line _____ a wiredEthernet _____.

I'm not sure if a _____ setup _____ appropriate _____ can't _____.

_____ cables isn't _____ option, can _____ tell _____ if I have _____ use a _____ line _____?

_____ am _____ whether _____ a _____ line accessory or a wiredEthernet _____.

_____ if _____ is not feasible, _____ should I use a wired Ethernet connection?

_____ figuring out _____ cable to _____ Ethernet?

_____ if I need a wired _____ power line _____ cables _____ available.

Should the installation _____ cables _____ impractical, _____ tell me _____ I should use _____ line _____?

_____ running cables isn't an option, _____ you help _____ decide _____ or power line _____?

Should you _____ determine _____ or _____ if _____ installation is difficult?

Should I _____ a _____ line _____ cable isn't possible _____ should _____ use _____ network _____?

_____ case I _____ run _____ I _____ trying _____ decide if a _____ appropriate.

_____ is _____ best wired _____ solution?

Domestic wire _____ was _____ wired Ethernet _____ plug?

Can you tell me if _____ need _____ a power _____ if _____ aren't _____?

If _____ cables _____ an _____ can _____ help me _____ using _____ wiredEthernet _____ or _____ powerline adapters?

_____ want to _____ to use _____ line card _____ running cables isn't an option.

_____ need of advice on _____ or ethernet _____

_____ need advise on _____ ethp or _____ line _____.

I am _____ whether _____ get _____ line _____ a wiredEthernet setup.

Should I _____ power _____ connection or _____ wire _____ running _____ isn't _____?

_____ wires aren't _____ should I _____ a powerline or _____ up

If _____ isn't doable, _____ I use _____ line connection, _____ a _____?

_____ lineadapters _____ isn't doable or _____ I use a wired network _____?

If running cables _____ tell _____ I should use a _____ connection _____ wired connection?

I'm _____ whether _____ wired _____ setup _____ appropriate in case I _____ to stop _____ wires.

If _____ available, _____ you tell me if _____ need to _____ card?

_____ you tell me _____ I need _____ card if _____ isn't a _____?

I'm trying _____ decide _____ a _____ ethernet setup _____ cannot run cables.

Should _____ line or a wired _____ running cables _____ not _____?

If running cables isn't _____ I use a _____ a _____?

I'm _____ I need a wired _____ power _____ card _____ cables is _____.

_____ use a _____ line adapters _____ cable _____ possible?

Should I _____ power _____ cable _____ not _____ or _____ I use a wiredEthernet _____?

If _____ running _____ doable, should _____ a _____ line _____ a wiredEthernet _____?

_____ isn't _____ option, _____ you _____ if it's better to use a wired _____ connection or _____

Is _____ to use a _____ ethernet connection _____ a _____ because of the _____ options?

If it's not possible _____ run cables, _____ a _____ or _____?
