

[Demo] NLP Dataset for Customer Service Automation

Company Type	Electricity Suppliers
Inquiry Category	New service connection requests
Inquiry Sub-Category	Temporary or special connection requests
Description	Customers inquire about arrangements for temporary electricity connections, such as for construction or special events, and any additional requirements or costs associated with these types of connections.
Data Size	7,101 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Electricity Supplier" customer inquiry. (Purchased data will not be masked.)

What are ____ costs ____ temporary ____ connection during ____?
 The ____ of getting an ____ construction is ____.
 ____ costs for a ____ electricity ____ during ____ are ____.
 Can you ____ temporary power at the building ____?
 ____ want ____ if ____ are any fees for getting ____ at ____.
 Get ____ setup ____ development?
 ____ there ____ cost for securing and ____ temporary electrical service ____?
 ____ much do temporary ____ connections ____?
 ____ fees ____ with obtaining power ____ construction sites?
 What ____ the ____ of ____ interim ____ construction?
 How much do ____ have ____ hook ____ electricity ____ my build ____?
 ____ in construction ____ for ____ electrical connection.
 Is it costly ____ for construction ____?
 ____ get ____ short-term ____ connection while I ____?
 The ____ for ____ power ____ construction?
 ____ much is it to ____ during a ____?
 ____ for short-term electrical ____ in construction ____.
 What ____ ramifications ____ face ____ arranging ____ electrical supply ____ construction ____?
 How much is ____ install ____ power ____ work?
 ____ much to pay for ____ service ____ construction ____ on?
 ____ may ____ for ____ while a ____ project is underway.
 ____ specific charge ____ accessing short-term electricity during ____?
 ____ want to ____ how ____ it ____ to hook ____ electricity on ____.
 Do you have ____ on ____ in ____ electrification readily ____ when a ____?
 Can ____ talk about the ____ temporary ____ links in ____?
 Do ____ about ____ expenses ____ with temporarily wiring up ____?
 ____ want ____ the cost ____ up ____ service ____ a building.
 ____ pay for temporary electrical service ____ construction?

_____ know what _____ financial implications _____ I _____ short-term electrical supply _____ sites.
 _____ cost of _____ temp energy _____ while building?
 Do _____ much it costs to get _____ available _____ projects start?
 While a _____ is _____ what _____ be _____ a _____ electricity connection?
 Do _____ know about _____ for setting up temporary _____ job _____?
 _____ know what the _____ are _____ setting _____ temporary _____ at job _____ construction _____?
 _____ does it cost _____ electrical service _____ construction _____?
 Are _____ to share pricing _____ power supply?
 The _____ of operating _____ securing _____ during _____ periods?
 _____ much does _____ temp _____ hookup cost _____?
 _____ is _____ for a temporary _____ hookup at a _____?
 Are there _____ fees _____ setting _____ job sites _____ construction periods?
 _____ financial implications _____ face when _____ electrical supply in _____?
 _____ is the _____ for _____ link?
 How much _____ it _____ to _____?
 _____ temp electric on _____?
 How _____ is _____ to _____ for construction?
 _____ of getting _____ electrical outlet _____ a construction site?
 _____ interim electricity _____ while completing _____ is not known.
 I'm curious _____ for _____ construction power _____.
 How _____ will it cost me _____ connection _____ I _____?
 _____ much _____ pay for _____ during construction?
 The price _____ on _____ sites.
 When _____ supply in _____ sites, do I _____ implications?
 What is _____ price _____ power link _____?
 Is the pricing structure associated _____ temporary electricity _____?
 _____ to _____ up temporary _____ at job sites during construction?
 _____ costs do _____ have to pay to _____ juice at _____?
 How _____ does _____ cost to _____ for _____ project?
 There are some _____ obtaining _____ supply _____ sites.
 What _____ temporary electricity _____ construction?
 _____ price on _____ electric during _____.
 _____ it _____ to _____ for construction?
 We _____ a _____ for temporary _____ during _____ building _____.
 How _____ would _____ cost to _____ and _____ temporary electrical _____?
 _____ it _____ a _____ electricity supply during construction?
 _____ the cost for securing and operating _____ during _____?
 Does it cost a _____ get electricity _____?
 _____ for _____ the build?
 _____ much do _____ think _____ will cost _____ a construction _____ electrical _____?
 I am trying _____ figure out _____ of hooking _____ my _____.
 There _____ a charge _____ short-term _____ supply _____ construction.
 Can _____ give _____ estimate _____ during _____ building process?
 _____ to hooking _____ a _____ electricity _____ during construction
 Is it _____ power for _____?
 _____ much would it cost _____ electricity connections when doing _____?
 How much _____ a _____ connection cost _____?
 _____ you give a _____ for _____ power during the _____?
 _____ is _____ cost of _____ wiring _____ constructions _____?
 _____ are the charges for short-term _____ at _____?

____ does ____ cost to get ____ constructions?
 ____ price for securing a short-term electricity ____ development ____?
 How much to ____ for temporary ____ service ____?
 How much ____ get an ____ connection for ____ project?
 ____ price tag ____ securing ____ electricity ____ at ____ development site?
 Can I ____ ramifications ____ arranging ____ supply in construction ____?
 ____ much does it ____ to ____ to ____ construction ____?
 ____ is the price ____ electricity ____?
 ____ you think it will cost ____ hook ____ build site?
 ____ it ____ purchase temporary electricity ____ during construction?
 ____ a pricing structure for installing ____ during ____?
 ____ electric hook ____?
 ____ are some ____ get ____ power ____ construction sites.
 How ____ is it to get ____ work?
 How ____ do ____ for temp energy to ____?
 ____ is the price ____ a ____ electricity connection ____?
 ____ much ____ it cost ____ hook up ____ building site?
 ____ much does it cost ____ power ____ construction?
 ____ construction ____ is underway, what ____ costs for ____ electricity connection?
 ____ hooking ____ electricity supply ____ construction
 ____ there ____ pricing ____ related ____ installing temporary electricity ____ construction ____?
 ____ to know ____ hooking up electricity ____ on my ____.
 ____ tell me ____ the charges associated with ____ for construction ____?
 How much would ____ take ____ obtain ____ completing ____ contracting projects?
 How much ____ a ____ connection during ____?
 How much ____ cost to obtain ____ connection ____ constructing?
 Do you know ____ of ____ up ____ at job ____ construction?
 ____ do you ____ get a temporary electrical ____ while ____?
 Do you know ____ much ____ costs ____ get electrification ____ available ____?
 Is it possible ____ info ____ temporary construction ____?
 What ____ do ____ face ____ making ____ electrical ____ construction sites?
 ____ does ____ to get a temporary electrical ____ for ____ site?
 ____ could ____ expenses ____ a temporary electricity ____ when a ____ project ____.
 ____ there any ____ associated with temporarily ____ up ____?
 ____ much ____ it ____ to ____ an interim electricity supply in ____?
 Is there a fee ____ accessing ____ work?
 ____ re: construction
 What ____ price of ____ electricity ____ during ____?
 ____ much ____ temporary ____ for construction?
 The ____ for temporary ____ during construction ____ not ____.
 How much ____ cost during the electrical ____?
 Do you ____ costs to ____ on my build site?
 ____ is it ____ a ____ electricity ____ during a construction ____?
 Does ____ lot to have ____ for ____?
 Do you ____ how much ____ to ____ electrification readily ____ when ____ projects?
 ____ you tell me the costs ____ power links ____?
 ____ is the construction ____ outlet worth?
 What ____ are ____ during ____ in ____?
 Can ____ give an estimate ____ costs associated ____ a ____ connection on ____?
 ____ much does it cost ____ electrical ____ construction?

Costs _____ electricity during _____.

_____ know how much _____ up electricity at job _____ during construction _____?

_____ to set up _____ electricity supply during our _____ venture?

_____ is _____ to _____ to _____ a temporary electrical connection while _____?

Is _____ for _____ temporary power _____ a _____ site?

_____ certain amount _____ money _____ have temporary electricity for _____.

_____ you _____ an opinion on _____ power _____ in construction zones?

_____ does _____ to _____ electric connection while constructing?

I need an estimate on _____ of _____ temporary _____ construction _____.

When _____ short-term _____ supply in construction _____ know _____ consequences?

How much _____ it cost _____ have an _____ out property _____?

Is _____ expense for a _____?

_____ completing _____ contracting projects, _____ much would it _____ get interim _____?

How _____ do _____ to _____ temporary electricity _____ assignments?

I _____ in the _____ with temporarily _____ up _____ sites.

_____ there _____ charges for a temporary _____ work?

There _____ some expenses associated _____ temporarily _____ sites.

_____ costs _____ in getting electricity readily _____ when a _____ begins?

_____ much _____ it to use _____ for construction _____?

_____ financial implications _____ face _____ I arrange _____ in construction?

The construction cost for _____.

What will the _____ be _____ a _____ connection _____ a _____?

_____ of _____ electric during _____?

What _____ for the short term _____ in _____ settings?

How _____ it _____ provide electricity during _____?

What _____ of _____ power _____ on a construction _____?

_____ costs for _____ hookup when building.

_____ much is _____ for a power _____ on a _____?

_____ you make _____ price _____ for _____ during the _____ process?

_____ you give _____ of costs _____ temporary electric _____ during _____ project?

How _____ is _____ going to _____ me to _____ electric connection _____?

How _____ it _____ to obtain _____ a _____ site's _____ electrical outlet?

_____ connection for construction?

_____ there _____ associated with getting a power _____ at _____?

_____ do we have _____ for _____ electricity _____ during construction?

_____ price of _____ electricity setup _____

_____ want to know _____ it cost to _____ up _____ on _____.

_____ there a _____ electricity access _____ construction work?

Do _____ have _____ estimate _____ the costs _____ the _____ at _____ site?

What financial _____ I _____ I put _____ supply _____ construction sites?

_____ does _____ cost _____ get electrical service _____ activities?

The _____ for _____ connection during _____.

Were there _____ structures _____ with _____ electricity during _____?

How _____ is _____ connection _____ construction?

What is _____ of _____ connection _____?

_____ securing interim electricity _____ construction expense?

Do you _____ the costs involved _____ getting _____ readily available _____ construction _____?

_____ be _____ charge for accessing _____ during construction.

_____ cost _____ for _____ power at _____?

_____ temporary _____ connection during _____ stage?

The ____ of ____ during ____ development.

Can ____ give ____ an ____ on ____ a ____ setup ____ a construction site?

What ____ with ____ an ____ connection while constructing?

How ____ does ____ require ____?

I want ____ up electricity ____ my building site.

What ____ the ____ for a ____ on a ____ site?

____ much would ____ cost for ____ connections while ____ contracting ____ are ____?

Are ____ charges for setting ____ electricity ____ job ____ construction?

Re: ____ electrical ____?

____ much do ____ for temporary electrical service ____?

How ____ an electricity ____ at ____ development site ____?

____ a construction project ____ what ____ the ____ for temporary electricity ____?

____ know what fees are ____ in setting ____ temporary ____ at ____?

____ charge for access to ____ during construction ____.

____ cost of ____ connection?

Can you give an ____ during ____ building ____?

____ there ____ idea ____ expenses associated ____ wiring ____ construction sites?

The ____ of ____ 4 ____ construct.

____ is it ____ electric during a ____?

____ project ____ underway, ____ the expenses ____ for temporary electricity connection?

Can you show me ____ costs of hooking ____?

____ there ____ pricing structure associated with ____ electricity during ____?

____ you ____ for a temporary ____ connection while ____?

____ tag ____ electric during ____

____ a ____ access to ____ term electricity during construction ____?

Is ____ cost to get ____ temporary electrical ____?

Were there ____ structures ____ during construction assignments?

____ it costs to ____ and ____ electrical service during construction?

What ____ the ____ a ____ during a construction ____?

____ the ____ electrical in construction ____?

The ____ of ____ 4 temp ____ a construction ____?

____ the ____ of the electricity ____ construction?

____ for connecting ____ temporary ____ during ____.

____ do you ____ for ____ temporary power ____ for ____?

How ____ you ____ for a ____ connection?

____ are ____ charges ____ connections in ____?

____ construction project is ____ expenses be for temporary ____ connection?

How ____ spend to ____ and operate ____ temporary ____ outlet ____ a ____ site?

____ you tell ____ for ____ power hookup ____ a ____ site?

How much ____ it ____ build a ____ electricity ____?

____ breakdown the costs ____ up electricity ____ my ____ site?

What ____ will I ____ electricity link during ____ process?

____ is ____ with temporarily wiring ____ construction sites?

____ much is the charge for ____ during ____?

How about connecting ____ you're building?

____ is the ____ of electricity ____ zone?

____ any fees ____ up temporary ____ at job sites ____?

____ to ____ much it'll ____ to juice up my site ____.

____ to ____ electricity ____ building?

____ much ____ the ____ fee ____ construction?

_____ connection _____ build stage?

_____ the cost _____ getting a _____ when constructing?

Short-term electricity _____ during _____ expensive.

_____ do _____ it _____ to get _____ during building work?

_____ it _____ a lot to _____ a _____ electricity _____ development _____?

Is _____ to _____ information for _____ power supply?

_____ is _____ of getting _____ electricity _____ construction?

How _____ does _____ Cost to get _____ for _____?

What is _____ pay for _____ service _____ construction?

_____ pricing _____ installing temporary electricity during construction _____?

How _____ does it _____ to get _____ electrical connection _____ out _____?

_____ costs of obtaining and operating _____ at a _____ site?

_____ a pricing _____ for installing _____ during construction _____?

Is there a _____ for _____ to _____?

How much is _____ to get temporary _____?

_____ connection during a _____ project are unknown.

_____ expenses _____ I have _____ the electricity _____ the _____ process?

_____ do _____ charge for _____ during the building _____?

Is there any _____ a temporary electricity _____ construction _____?

_____ construction, _____ are _____ costs _____ electricity?

_____ will be _____ expenses regarding _____ the building process?

Costs _____ electricity _____ construction?

_____ price for a _____ is _____ to construction.

How _____ it cost _____ hook up _____ my _____ site?

Are _____ construction electricity connection?

_____ for hooking _____ supply of _____ during construction

_____ it _____ to get _____ electricity connections _____ general contracting projects?

Are _____ pricing structures for _____ temporary _____ assignments?

_____ cost of getting temporary _____ installation _____ constructions?

_____ is it to use _____ for _____?

How _____ would _____ interim electricity _____ whilst _____ general contracting projects?

_____ any fee _____ obtaining makeshift _____ supply _____ sites?

The _____ electricity _____ building work?

How _____ electricity _____ construction cost?

There _____ costs _____ a _____ electricity connection _____ a construction project _____.

_____ about _____ hookup?

Are _____ temporarily wiring _____ construction _____?

_____ of obtaining an electrical connection while _____ is unknown.

_____ you _____ with a _____ power connection for construction _____?

_____ there _____ price for electricity _____.

Can you tell _____ about the _____ power links _____.

What _____ the fee to _____ electricity _____ construction?

_____ I _____ how much _____ it cost _____ have an _____?

_____ much is _____ electricity connections during _____?

_____ price estimate for _____ power _____ build process?

What _____ are associated with _____ electrical outlet at _____?

_____ you _____ for _____ power _____ in construction zones?

_____ is the _____ to get temporary _____ installation _____?

_____ a construction project is _____ be incurred for a _____?

Do _____ any figures on the costs _____ readily _____ when _____?

I was _____ charge for a _____ link.
 _____ a price estimate for power _____ process?
 How _____ will _____ get electricity _____ construction?
 Can you _____ how much electricity _____ for _____?
 How much _____ a _____ hookup _____ construction site?
 _____ obtaining _____ supply at _____ construction site connected to _____?
 Can you _____ about the _____ of temporary _____ in _____?
 I'm curious, _____ does _____ cost to _____ some juice _____?
 Short-term _____ what _____ the _____ construction?
 Construction _____ can _____ short-term electricity connections _____.
 Is _____ access short-term electricity during _____?
 How _____ it _____ temporary power _____ construction?
 _____ expensive _____ it to get _____ construction?
 Which financial implications do _____ face _____ I _____ electrical _____ in _____?
 _____ much _____ it _____ get _____ temporary _____ connection while constructing?
 Do you know _____ the costs _____ for _____ electrification _____ available _____?
 I want to _____ price _____ a _____ on _____ construction site.
 _____ temporary electricity _____ how much _____?
 _____ price _____ on temp _____ during _____?
 _____ you _____ price for _____ temporary power hookup _____ a _____ site.
 How _____ it cost _____ electrical service _____ construction period?
 _____ charges _____ settings _____ short-term electrical connections.
 _____ you _____ an estimate on _____ of the _____ at _____ site?
 Can you _____ an estimate for _____ construction _____?
 _____ to _____ some _____ during a building _____?
 _____ much does _____ to bring _____?
 The _____ chg _____ temp power during _____ construction _____?
 Can you _____ about the _____ temporary power _____ construction _____?
 Do you have _____ figures _____ involved in _____ for _____?
 What is _____ associated with _____ wiring _____ construction _____?
 Can you _____ pricing _____ construction power _____?
 _____ costs _____ set up temporary electricity _____ job sites _____ construction _____?
 _____ cost of construction _____?
 _____ may _____ a _____ for accessing short-term _____ construction.
 How _____ is _____ to _____ a _____ electric _____ while _____?
 How much is _____ to cost _____ electricity on _____ build _____?
 The _____ a _____ a _____ site is a mystery.
 Is securing interim _____ for construction _____ is?
 There _____ for short-term electricity supply during _____.
 _____ to _____ costs of _____ up _____ my build site.
 _____ is it for _____ service during _____?
 How _____ is it _____ get electricity _____ a _____?
 What _____ with _____ wiring up _____ sites?
 _____ cost of _____ service _____ a _____ is unknown.
 The _____ of a temporary _____.
 _____ construction is compared _____ terms of _____.
 A _____ a _____ supply at _____ development site?
 _____ a price for temporary _____ during the _____?
 _____ for a temporary _____ during a construction project?
 _____ electricity for construction _____ against other expenses?

Can ____ tell ____ of ____ links ____ construction zones?

The charge ____ power ____ unknown.

How ____ should a person ____ service ____ construction?

How much does ____ secure and ____ temporary electrical ____?

How ____ it cost ____ up ____ during a building?

What are ____ the electricity ____ the ____ process?

Interim ____ at ____ can be ____.

____ is ____ connection for construction?

____ want to ____ financial ____ electrical supply ____ construction sites.

Are ____ a ____ electricity during ____?

____ help me ____ the costs ____ hooking up electricity on ____?

Is it ____ to ____ the ____ temporary ____ connection during ____ building project?

____ give an estimated cost ____ electric connection ____ a ____ project?

Can you ____ about ____ costs ____ up electricity ____ my ____ site?

What ____ of ____ service during construction ____?

Are there ____ power ____ the building process?

Are ____ expenses for a ____ construction project ____ underway?

____ there ____ expenses ____ with temporarily wiring ____ sites?

What ____ per unit cost of ____ and ____ construction periods?

I ____ know ____ structure associated with installing ____ during ____ assignments.

Is there ____ the ____ for ____ temporary ____ connection during building ____?

How ____ do you ____ of ____ temporary ____ during building projects?

____ of ____ temp electric ____ while a ____

____ costs ____ a ____ power connection for construction work?

Can you give ____ price ____ for ____ during ____?

____ is ____ for a temporary power connection during ____?

There ____ expenses ____ wiring ____ construction site.

What is the ____ of ____ power ____ building ____?

How ____ to ____ juice ____ my construction site?

What's ____ cost of the ____?

____ to install power ____ constructions?

How much do you charge ____ supply during ____ construction ____?

____ a ____ what ____ for a temporary electricity connection?

What ____ the ____ be ____ interim electricity ____ completing general contracting ____?

Is there ____ fee ____ makeshift power supply ____.

____ electrical connection ____ construction ____.

I want ____ know ____ it will cost to ____ up ____ my ____.

The price for ____ interim electricity connections ____ is ____ known.

____ is ____ for ____ power for ____?

____ cost ____ a ____ electric connection ____ constructing.

____ much will ____ a ____ cost?

____ will it cost ____ to ____ an electric connection ____ build?

I was ____ about expenses ____ wiring up ____.

____ for a temporary ____ connection during ____ construction project?

Do you have ____ for ____ involved ____ getting electricity ____ the ____?

____ cost to ____ temporary ____ for ____?

____ much will ____ for a temporary electricity ____ while ____ project ____ on?

____ much would it ____ interim electricity ____ whilst ____ general contracting ____?

____ costs ____ get some electricity ____ building work?

How much do I ____ temp energy ____ while ____?

_____ electrical supply in _____ what _____ implications are there?

_____ does _____ interim electricity _____ construction _____ to other _____?

How much to _____ for _____ temporary electrical _____?

_____ the _____ will my _____ be _____ a _____ electricity link?

How _____ does _____ provide electricity _____ work?

_____ general contracting projects, _____ price _____ interim electricity connections?

I am curious _____ the _____ service during _____.

_____ the charge _____ power link _____?

_____ much _____ it for _____ temp _____ hook _____ while _____?

_____ much is _____ power _____ on a construction site?

_____ cost of securing _____ operating _____ electrical _____ periods.

How _____ cost _____ have an _____ while building?

_____ you give me an estimate _____ how _____ setup _____ construction site?

The fee _____ construction is a mystery.

_____ much does it cost _____ to a _____ site?

_____ is _____ a temporary electricity connection _____ a _____ project?

_____ are _____ electrical _____ during construction?

_____ for a temporary power connection _____ construction?

_____ price _____ securing and operating _____ service _____ periods?

What _____ temporary _____ while _____ construction project is underway?

I _____ wondering _____ expenses _____ with _____ wiring _____ constructions sites.

_____ you _____ me an estimate _____ the costs _____ the _____ setup _____ the _____?

_____ much does _____ power link _____ during _____ project?

_____ am curious about the _____ with a _____ for construction _____.

_____ charges for _____ connection _____ settings.

Is _____ expense associated with _____ wiring _____ construction _____?

Do _____ have _____ figures _____ the costs involved _____ electricity _____ your _____?

What _____ the cost _____ temporary electricity _____ construction?

_____ with a temporary power _____ to the _____ work?

The _____ temporary _____ connection _____ construction

Was _____ associated _____ installing _____ electricity during construction assignments?

_____ there _____ price for _____ building _____?

_____ you _____ of the costs _____ a temporary electric _____ a _____ project?

_____ expenses, _____ does securing interim _____ for _____ cost?

Are _____ price estimate _____ temporary power during _____ building process?

How _____ set up an _____ electricity supply _____ our construction _____?

What is the cost _____ temp _____ while _____?

What _____ my expenses be for the _____ the _____?

_____ construction, _____ does it cost to _____ power connection?

How much _____ a building _____ being _____?

How _____ cost to get an _____ when _____ property?

Is _____ a _____ to _____ electricity _____?

_____ are the fees _____ an _____ connection _____ constructing?

Do you _____ the costs _____ in getting _____ readily available when _____?

_____ hooking _____ a temporary electricity _____ during construction.

How _____ it _____ to _____ during the _____ work?

_____ much _____ it _____ to connect _____ I _____?

_____ fee _____ a _____ connection _____ construction

_____ per-unit _____ securing _____ operating temporary electrical _____ construction periods?

_____ is _____ to have temporary electricity _____?

_____ much is it _____ power _____?

How much does _____ to _____ an _____ connection _____ some _____?

_____ interim electricity for construction _____?

When arranging short _____ electrical supply _____ sites, what _____ do _____?

Any _____ the costs associated _____ temporarily _____ up _____?

_____ associated with temporarily _____ up _____?

While completing _____ projects, what _____ cost _____ to _____ interim _____ connections?

How _____ a _____ electricity connection _____ construction _____?

_____ temporary _____ for construction, _____ much _____ it _____?

_____ are the _____ for _____ a temporary _____ building?

_____ much _____ it _____ to _____ temporary _____ for a project?

How _____ it _____ use _____ service during construction?

Do _____ if _____ fees associated with _____ power _____ construction sites?

how _____ does it _____ an _____ connection _____ property development _____

_____ much _____ during build?

_____ of electricity _____ building _____?

_____ you pay _____ have electricity for _____?

_____ idea of _____ for _____ wiring up _____ sites?

_____ for power _____ construction?

Do _____ know _____ costs _____ for _____ electrification readily available _____ a project _____?

What expenses will _____ for _____ electricity link _____ building _____?

How _____ is _____ electrical service _____ construction?

Can _____ tell me _____ much _____ to get _____ for _____?

How _____ is _____ charge for _____ building work?

Is there an idea _____ with temporarily _____ up _____?

_____ expensive to get electricity _____?

How _____ does _____ to _____ service _____ construction activities?

_____ there _____ for temp _____ during _____?

Can _____ give _____ estimate for temporary _____ during the _____?

What _____ do _____ when arranging short-term _____ in _____ sites?

_____ much does _____ cost _____ get electricity _____ construction _____?

The _____ for procuring _____ connections during construction _____.

The cost _____ setting _____ electric _____ during _____ building is not _____.

Is it possible to tell _____ with temporary _____ construction _____?

What's _____ price for _____ construction _____?

The price _____ a _____ hookup on _____

_____ construction's _____ hook-up _____ has charges _____.

Is _____ price estimate _____ during the construction _____?

_____ do _____ a construction power link?

_____ there costs _____ with temporary _____ in _____ zone?

_____ an estimate of _____ associated _____ a _____ electric _____ during building projects?

Is _____ fee _____ access short-term electricity _____?

_____ have electricity for construction?

_____ about _____ construction electric _____?

_____ the costs of having _____ electricity connection _____?

_____ is _____ temporary power _____ for constructions?

Do _____ know _____ costs _____ set _____ temporary electricity _____ job sites?

_____ it _____ for a _____ electricity connection _____?

_____ are _____ costs to _____ temporary electrical outlet _____ construction _____?

I _____ the costs associated with _____ construction sites.

_____ construction _____ what costs _____ incurred for _____ temporary electricity _____?
 How much _____ cost _____ a _____ electric connection while _____?
 _____ much do _____ charge for _____ temporary electrical _____ while _____?
 Costs _____ a _____ supply during a _____ project.
