

[Demo] NLP Dataset for Customer Service Automation

Company Type	Electricity Suppliers
Inquiry Category	Restoration timeline after an outage
Inquiry Sub-Category	Large-scale outage communication
Description	Customers seek information on major outages affecting a wide area, requesting updates on the overall progress, expected time for complete restoration and any restoration priorities set by the electricity supplier.
Data Size	7,460 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Electricity Supplier" customer inquiry. (Purchased data will not be masked.)

Are ____ any ____ by ____ supplier for restoring ____ this ____ outage?

When ____ power failure occurs, ____ priorities?

____ might have ____ priority areas when ____ power.

____ the energy ____ preferential ____ for restoring ____ during ____ event?

____ have a ____ for ____ electricity?

Does ____ company follow a ____ restore ____ a ____ power failure?

Any ____ plan ____ action ____ providers ____ is a ____ failure?

Can ____ understand the ____ used to ____ power?

What's the ____ plan ____ this ____?

____ any important power-recovery plans ____ supplier?

Can there ____ any ____ bring back ____?

____ there ____ specific priority ____ bringing ____ that ____ suppliers have?

Can ____ electric company ____ restore power?

Can ____ tell ____ if ____ any prioritizations ____ out by the ____ company ____ supply?

When restoring power, has ____ electric ____ defined ____?

Are there ____ for restoring ____ the ____ supplier has ____?

What ____ electric ____ for this ____?

____ the energy ____ planning ____ restart ____?

Do ____ company ____ a priority ____ electricity?

Is ____ a set ____ at certain locations first?

____ there any specific ____ for restoring ____?

____ plans from suppliers?

____ a ____ of ____ electricity suppliers have for bringing ____ power?

Is a ____ list ____ priority areas ____ reinstating ____ approach ____ have taken?

____ electricity providers using a ____ things?

____ do electricity ____ when to restore ____ after a ____?

Could ____ tell me about ____ supplier's priorities ____ this outage?
