

[Demo] NLP Dataset for Customer Service Automation

Company Type	Auto Repair and Maintenance Shops
Inquiry Category	Broken power windows
Inquiry Sub-Category	Glass shattered or cracked
Description	Customers reach out to us when their power window glass breaks, cracks, or shatters, usually caused by impact, vandalism, or extreme temperature changes.
Data Size	6,856 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Auto Repair and Maintenance Shop" customer inquiry. (Purchased data will not be masked.)

Will ____ temperature changes cause ____ power ____?

Is it true that ____ windows tend ____ cracks ____?

Do ____ windows ____ temp ____?

Is ____ possible that extreme ____ swings could ____ windows?

Power window ____ be ____ by ____ or cold.

Power ____ can ____ temperature changes.

____ cracks on ____ windows ____ result of temperature changes?

____ can ____ by abrupt temperature differences.

____ can cause power window ____.

____ power windows ____ to cracks ____?

Do ____ to extreme ____ fluctuations?

Extreme ____ fluctuations result ____ power ____.

____ it possible for ____ crack ____ temperature shifts?

____ power ____ have ____ from sudden temperature ____?

Will ____ crack ____ lot because ____ drastic temperatures?

Is ____ for extreme ____ to cause cracks ____ power ____?

____ it ____ cold or hot will result ____ Power ____?

Do ____ windows ____ by frequent ____?

____ temperature fluctuations ____ power ____?

____ power windows ____ due to ____.

____ cracked ____ windows ____ by rapid ____?

Are ____ vulnerable to ____ the temperature goes ____?

____ power ____ cracked frequently due ____ temperatures?

Power ____ excessive temperature fluctuations.

Are ____ window ____ thermal shifts?

____ power ____ cracked easily ____ temps?

____ variations, are ____ windows ____ to ____?

____ or the heat ____ window cracking?

Power _____ in _____ temperature changes.

_____ on _____ windows _____ be caused by _____.

Can _____ crack _____ to _____ heat?

Should _____ windows _____ to cracking _____ variations?

Does the _____ in _____ window _____?

Crack _____ change temperature?

_____ power _____ cracking _____ or cold?

_____ windows _____ be _____ from frequent _____ in temperature.

Is power _____ susceptible _____ from _____ swings?

_____ hot and _____ can _____ damage to my power _____?

_____ cracks may _____ due _____ swings.

Power window _____ can be _____ to _____.

_____ power windows may _____ cracks _____ the high _____.

_____ it _____ that extreme _____ will _____ Power _____ cracking?

Can _____ occurrence _____ extreme temperatures cause cracks _____?

Is it possible _____ cause _____ windows to _____?

Is _____ windows _____ with changing _____?

_____ windows may crack _____ shifts.

_____ in temperature cause _____ on _____?

_____ it _____ for extreme temperature variations _____ break _____?

_____ power _____ with extreme _____?

Is _____ that temperature _____ lead _____ power _____ cracks?

Is it possible that _____ windows _____ of _____ temperature _____?

Is _____ extreme _____ swings _____ power windows?

Will _____ windows _____ temperature changes?

_____ power _____ vulnerable to cracking _____?

Is _____ windows vulnerable _____ of _____ shifts?

Is power windows _____ to _____ sudden _____?

_____ cracked due to _____ shifts in temperatures?

_____ for extreme _____ to crack power windows?

_____ cracking in _____ windows caused by temperature _____?

Is it _____ that _____ temperature _____ cause _____ cracks?

Power window _____ can arise _____ temperature.

_____ possible that temperature _____ cause power _____ to _____?

Is _____ windows _____ develop cracks due _____ changes _____ temperature?

Is _____ that heat _____ cold _____ in power window _____?

_____ power windows sometimes _____ cracks _____ sudden _____?

_____ crack _____ due to bad _____?

_____ window cracks from _____?

_____ excessive _____ swings _____ cause of power _____?

Can _____ window cracks occur _____ temperature _____?

_____ power windows _____ to _____ from _____ temperature?

_____ a good idea _____ my _____ windows _____ crack from drastic _____?

_____ possible _____ windows to crack _____ to extreme _____?

Will power _____ to cracks _____ extreme _____ changes?

Is _____ window cracks result from temp _____?

I _____ temperature _____ damage power _____.

_____ that the hot _____ cold _____ wreck my power _____?

_____ cracks may be _____ temperature swings.

Is it _____ extreme _____ power windows?

____ the frequent ____ changes cause cracks ____ ____ ____?
 ____ can ____ due ____ temperature shifts.
 Power windows can ____ to ____ of temperature.
 Can ____ window cracks ____ a ____ of ____ swings?
 Can the power ____ be cracked ____ ____ ____?
 ____ power ____ vulnerable ____ when ____ change?
 Does ____ crack ____ windows?
 ____ it unusual ____ power ____ to ____ extreme temperature variations?
 Is ____ possible ____ temperatures will cause ____ power ____?
 ____ the power ____ to cracks from ____?
 ____ window cracks can happen ____ abrupt temperature ____ ____.
 Is it ____ windows ____ break due ____ temperatures?
 Will ____ in temperature result ____ cracked ____ windows?
 ____ may lead to ____ in ____ windows.
 ____ a link between ____ and excessive temperature ____?
 ____ temp ____ power windows?
 ____ changes can lead to ____ cracks.
 ____ it normal ____ variation to crack ____ windows?
 Is it ____ that hot or ____ in ____ cracking?
 Power windows can ____ by cracks ____ frequent ____ ____.
 Are frequent cracks in ____ to ____ temperatures?
 Will the ____ shift ____ temperature ____ power ____?
 ____ it ____ extreme temperature ____ to ____ in cracks on ____?
 ____ do power ____ develop ____ due ____ temperature changes?
 Is frequent temperature ____ bad ____ ____?
 Are ____ cause of power window ____?
 Power ____ broken ____ temperature swings.
 Think about how ____ and ____ can ____ power ____ to ____?
 Is ____ crack power ____ to weather changes?
 ____ the fluctuations ____ cause cracks on ____ power ____?
 ____ on power ____ by the ____ occurrence of ____ temperatures?
 ____ window ____ the temperature goes up?
 ____ it likely ____ thermal shifts ____ power ____ damage?
 ____ window cracks may occur ____ to ____ ____.
 ____ power ____ busted ____ extreme temperature ____?
 ____ power windows can be caused ____ temperature ____.
 The ____ on power ____ be caused ____ extreme ____ ____.
 ____ window ____ caused ____ temperature swings?
 ____ cracking ____ power windows ____ by frequent ____ ____?
 ____ temperature ____ may result ____ cracks ____ windows.
 Can ____ temperatures ____ on power ____?
 Does ____ frequent occurrence ____ cracks on power ____?
 ____ that power window cracks occur ____ to ____ changes?
 ____ power ____ that ____ with temp ____.
 Will ____ often be ____ by extreme ____ changes?
 ____ power window cracks ____ temperature changes.
 Is ____ for power ____ to ____ cracks due to ____?
 Power ____ cracks ____ be ____ by sudden ____ ____.
 Is cracked ____ caused ____ changes?
 Can ____ windows ____ to ____ change?

_____ it normal _____ power windows to _____ cracks _____ to _____?

_____ develop cracks from sudden temperature changes?

Power window cracks can _____ fluctuations of _____.

Is it _____ will cause _____ power windows?

_____ mean broken _____ windows _____ changes?

Do cracks _____ windows occur as a _____ of _____?

Will _____ changes _____ power windows?

Do power _____ develop _____ when _____?

Is broken _____ windows _____ of a sharp _____?

Power _____ cracks _____ often?

Power _____ be caused by abrupt _____.

_____ it possible to _____ power _____ in _____?

Is _____ possible that _____ crack _____ extreme weather?

Is it _____ frequent _____ in temperature to _____ window _____?

Are _____ to _____ due to _____?

Will _____ damage _____ caused _____ temperature _____?

Power window _____ caused _____ excessively hot temperature _____.

_____ there _____ on power _____ when _____ change?

_____ it _____ temps to crack _____?

Does _____ crack when _____?

Is it normal _____ temperature _____ to result _____ window _____?

Will Power _____ cracking happen when _____ gets _____?

_____ possible that temperature changes _____ cause _____ power _____?

_____ the extreme _____ cracks in power _____?

Are _____ windows vulnerable to cracks _____ temperature _____?

_____ do extreme _____ cause cracks _____ power windows?

How _____ thermal _____ cause power _____?

Is it _____ for _____ windows to _____ when _____ temperature _____?

Power _____ be cracked _____ frequent _____ of _____.

Is _____ power windows to _____ cracks _____ to _____ temperatures?

_____ windows can _____ by _____ temperature _____.

_____ high temperatures cause _____?

Might _____ window cracks?

_____ cracks on _____ windows because of _____ in _____?

Is power _____ vulnerable to _____ due _____?

_____ on power _____ happen due _____ extreme temperature _____?

Will the rapid temperature _____?

Are the cracks _____ windows _____ regular _____ extreme temperatures?

Does the _____ crack _____ temp _____?

_____ changes _____ temperature result _____ power window _____?

Is _____ a link between _____ and power _____?

_____ rapid _____ temperature _____ to _____ power windows?

Will power windows _____ with _____?

Will _____ or _____ power _____ cracking?

Will _____ windows _____ a lot _____ extreme _____?

Power windows _____ be _____ temperature _____.

Does power windows often develop _____ temperature _____?

_____ common for _____ due to _____ temperature fluctuations?

_____ windows _____ due to _____ temperature change?

Power _____ likely to _____ by abrupt _____ changes.

Are ____ cracks ____ caused by ____ temperatures?

Power ____ are ____ cracking at ____.

____ can be caused by ____ in temperature.

Will ____ weather cause my ____ to ____?

____ possible that ____ swings can cause ____ crack?

____ it ____ that power ____ to excessive temperature ____?

____ rapid changes in ____ result ____ cracked power ____?

Are cracks ____ caused ____ in temperature?

____ it ____ that extreme ____ fluctuations ____ cracks ____ windows?

____ can cause power windows ____.

____ sudden ____ changes ____ to ____ cracks?

____ power windows suffer ____ to extreme ____ changes?

____ windows crack frequently ____ shifts?

____ window cracking can ____ due ____ heat ____ cold.

Is ____ cracking during hot ____?

Are ____ cracks caused by ____?

Damage to ____ windows ____ be caused ____ temperature.

Is it ____ window cracks to be ____ by ____?

Is it ____ that ____ on power windows ____ extreme ____?

How likely is ____ that ____ damage ____ be ____ shifts?

____ extreme ____ crack ____ windows?

Is ____ in temperature a cause of ____?

Will ____ windows ____ to excessive ____ fluctuations?

Power ____ crack ____ different ____.

Will ____ or ____ window cracks?

____ windows crack a lot ____ extreme ____?

Crack power windows ____?

____ is possible in ____ heat or ____.

____ cracks ____ usually ____ by extreme temperature fluctuations?

Are cracks on ____ windows caused ____?

____ power windows ____ if temperatures ____?

Does abrupt temperature ____ window ____?

____ the power window ____ of ____?

Will the ____ to ____ windows?

____ windows crack frequently due ____ extreme ____?

The cracks ____ power windows ____ be caused ____.

____ be cracked because of ____ fluctuations?

____ extreme ____ to cause cracks ____ power ____?

____ can be ____ extreme temperatures.

____ the temperatures ____ the cracks ____?

____ the extreme temperatures ____ crack ____?

____ power windows prone ____ cracks ____ temperature changes?

____ windows crack as ____ weather ____?

____ windows ____ due to temperature shifts?

Is it ____ of ____ temperatures causes ____ in power windows?

Power windows ____ vulnerable to cracks ____.

____ cracked ____ windows be a result ____ changes ____?

____ extreme temperatures cause ____?

Is it ____ for ____ to ____ cracks when ____ temperature ____?

Extreme weather ____ cause ____ to ____ frequently.

____ it ____ that power windows ____ to high temperatures?
 Will ____ be vulnerable ____ sudden temperature shifts?
 ____ the occurrence ____ temperatures cause ____ in power ____?
 ____ on power windows be ____ by ____?
 ____ windows have ____ from ____ temperature ____?
 ____ hot ____ cause my ____ windows to ____ lot?
 Is ____ windows ____ by ____ temperature ____?
 ____ get ____ due ____ extreme temperature changes?
 ____ a ____ in cracks ____ the power window?
 ____ do ____ during extreme ____ swings?
 Can ____ crack ____ extreme ____ shifts?
 Power ____ are ____ by sudden temperature ____.
 Power windows ____ different ____ variations.
 ____ it possible that ____ windows ____ temperature shifts?
 Can there ____ frequent ____ in temperature ____ Power ____?
 Is frequent ____ in ____ windows ____ by ____?
 Will the ____ cracks ____ windows?
 Power ____ crack ____ because of ____.
 ____ power ____ crack occasionally ____ extreme ____?
 Can ____ develop cracks ____ extreme ____?
 ____ power window cracked because of ____?
 ____ it ____ that power windows ____ to changing ____?
 Is it possible ____ crack power ____?
 ____ power ____ crack ____ there are ____ changes?
 ____ window ____ can ____ related ____ temperature ____.
 ____ the power ____ a lot?
 Is ____ windows ____ develop cracks when ____ changes?
 Is ____ susceptible to ____ from ____ changes?
 ____ when ____ is a drastic temperature shift?
 Are ____ windows prone ____ have cracks ____ sudden ____?
 ____ temperature ____ lead ____ power window ____?
 ____ power windows prone ____ cracking ____ the ____?
 ____ the temperatures ____ windows to ____?
 Will ____ power ____ from ____ temperatures?
 ____ power window ____ often caused ____ extreme ____?
 Is ____ common ____ to crack from high ____?
 Is it ____ sudden ____ changes to lead ____ window ____?
 Will ____ extreme ____ or cold cause ____ window ____?
 ____ windows crack a ____ from the ____?
 Will the ____ cause ____ the power ____?
 Power windows ____ cracked if ____ temperature fluctuations.
 Do extreme changes ____ temperature cause ____?
 Extreme ____ changes may ____ window ____.
 ____ temperature ____ damage power ____?
 Do ____ think ____ cold can ruin ____ windows?
 Is it possible that ____ cause cracking ____?
 ____ have ____ to cracks from ____ shifts?
 Is ____ a ____ between sudden ____ and power ____?
 ____ for power windows to ____ due ____ extreme temperatures?
 ____ are prone ____ cracking with ____ variations?

_____ cause power window _____?

Power window damage _____ be _____.

Should power _____ damaged by _____?

What _____ fluctuations _____ cracks on _____ windows?

_____ is the _____ thermal _____ cause power _____ damage?

_____ the power window _____ changes?

Power window _____ often _____ by _____ swings.

_____ possible for _____ swings _____ cause _____ window cracks?

_____ damaged by frequent temperature _____?

_____ of power window cracks?

_____ window cracks _____ abrupt temperature _____.

Will _____ days _____ windows?

_____ frequent _____ temperature cause Power _____?

Can power windows _____ when _____ are extreme _____?

Is it possible _____ windows _____ due to _____ temperature?

_____ on _____ occur _____ a result of _____ changes?

Do _____ to power window _____?

_____ windows _____ by extreme _____ swings?

_____ of _____ temperatures cause _____ in power windows?

Change _____ cause cracks _____ windows.

_____ power _____ crack _____ or cold?

Power _____ can experience cracks _____.

_____ it unusual for _____ crack because _____ temperature variations?

Will _____ windows be _____ frequently _____ extreme _____ changes?

Are _____ shifts _____ cause of _____ damage?

Power _____ can be _____ abrupt _____ fluctuations.

_____ you _____ hot and cold can _____ power _____?

Is it _____ power _____ frequently from drastic _____ changes?

Is _____ power _____ due to drastic temp _____?

Is _____ possible _____ damage power _____?

Is it _____ the frequent _____ extreme _____ to _____ cracks in _____?

Cracks _____ power _____ be _____ by regular _____ of _____ temperatures.

_____ temperature changes cause _____ windows?

Are power _____ thermal _____ frequently?

_____ power window cracks could be _____ temperature _____.

Power window _____ come _____ swings.

Are _____ cause _____ window cracks?

_____ temperature fluctuations _____ power windows _____?

Is _____ temperature _____ a _____ power _____ cracks?

_____ can _____ easily cracked _____ temperatures.

_____ possible that the _____ can _____ cracks _____ power _____?

Will the _____ cause cracks _____ power _____?

Is _____ that power windows can _____ due _____ extreme _____?

Is power _____ to cracking _____ temp _____?

Will _____ temperatures _____ in _____ power _____?

The _____ be _____ by excessive temperature _____.

Will cracks on _____ windows _____ about _____ extreme _____?

_____ I expect my power _____ to crack _____ weather _____?

_____ that _____ hot _____ cold can _____ power _____?

Are _____ to extreme weather?

Do extreme temperatures ____ power ____ ____ ?

Does ____ ____ that extreme ____ ____ bust ____ windows?

Are ____ shifts ____ ____ cause ____ to the power ____?

Power ____ cracking ____ result ____ ____ heat ____ cold.

____ power ____ crack ____ ____ variations?

Will the ____ temperatures crack ____ power ____ ____ ?

____ ____ may ____ power window ____.

Are ____ cracks in ____ ____ windows caused by ____ ____?

Will extreme ____ cause cracks ____ ____ ____ ?

Is ____ power windows ____ ____ cracks ____ sudden ____ in temperature?

____ ____ ____ for ____ ____ to ____ cracks due to the extreme ____?

Is power window ____ ____ ____ changes?

____ power ____ get ____ from ____ temperature ____?

Are there frequent ____ in power ____ ____ extreme ____?

Is ____ windows very ____ ____ ____ temperature shifts?

Is it ____ that ____ ____ can ____ cracked ____ to extreme ____?

____ the power windows ____ ____ cracking due ____ ____ variations?

____ power ____ ____ because of rapid ____ ____?

____ ____ normal ____ ____ window cracks ____ occur due ____ extreme temperature ____?

____ the ____ ____ prone to ____ during temp ____?

Can ____ windows ____ ____ because ____ extreme ____?

Extreme ____ swings can ____ ____ cracking ____ ____ windows.

____ it possible that excessive ____ ____ ____ power ____ to crack?

____ power windows ____ ____ ____ to the extreme temperatures.

____ likely were thermal ____ ____ cause power ____ ____?

____ temperature changes ____ to power ____ ____?

____ ____ possible ____ frequent ____ swings could cause windows ____ ____?

Are power windows ____ ____ ____ from ____ temperature ____?

____ ____ ____ change ____ to power ____ cracks?

Is ____ possible that excessive ____ ____ ____ cause ____ window ____?

Extreme ____ ____ ____ cracks ____ appear in power ____.

____ ____ windows prone ____ cracks ____ temperature ____?

____ my ____ ____ crack ____ of extreme ____?

Will broken ____ windows ____ caused ____ rapid ____ in ____?

____ that hot ____ cold can ____ ____ to power ____?

Cracks ____ power ____ ____ ____ caused by ____ temperatures.

Is ____ ____ damage ____ result of frequent ____ ____?

____ ____ possible that cracks on power ____ ____ ____ ____ ____ occurrence of extreme temperatures?

____ sudden temperature changes ____ ____ windows ____ ____ cracks?

Can high ____ easily ____ ____ ____?

Will power ____ ____ cracked from ____ ____ ____?

Is it ____ ____ cracks in power ____ due ____ ____ ____?

Are ____ ____ ____ to ____ cracks when the ____ goes ____?

Are power ____ ____ ____ ____ ____ temp changes?

____ windows ____ ____ bust during ____ ____ swings?

Will cracks ____ on ____ ____ ____ to extreme ____ changes?

Is there frequent ____ in power ____ caused ____ ____ ____?

Will ____ or ____ ____ cause ____ ____ cracking?

____ windows ____ crack ____ fluctuations ____ temperature.

How ____ ____ ____ ____ ____ cause power window damage?

____ power ____ susceptible ____ cracks ____ to extreme ____.
 ____ the ____ of ____ cause cracks ____ power windows?
 ____ heat ____ cause power windows ____?
 Is ____ possible ____ windows ____ frequently during ____ weather ____?
 Do ____ cracks ____ sudden changes ____ temperature?
 Is power window ____ thermal ____?
 Is ____ cracks on power ____ due ____ extreme ____?
 ____ Crack power ____?
 Are ____ to cracks ____ sudden temperature changes?
 Is it ____ temperature swings ____?
 Will ____ temperature changes ____ power ____?
 ____ window ____ come from ____ temperature ____.
 Power ____ are ____ likely ____ crack ____ variations.
 The ____ on ____ may be caused ____ changes.
 ____ cracks from ____ frequently?
 Power ____ crack because of ____.
 ____ weather affect ____ integrity frequently?
 ____ frequent cracking in ____ due ____ temperature swings?
 Power ____ can ____ caused by ____ changes ____ temperature.
 ____ the ____ cracks on the ____?
 ____ can ____ from ____ variations.
 Does ____ temperatures bust ____?
 Is ____ cracking ____ power windows ____ by extreme ____?
 Is ____ prone to ____ cracks from ____?
 ____ changes ____ temperature cause ____ on ____ power windows?
 ____ power windows have ____ due ____ fluctuations?
 Is ____ problem ____ extreme ____ swings bust ____ windows?
 Is ____ possible that ____ develop cracks from ____?
 Is it likely that ____ changes ____ cracks ____ power ____?
 ____ can ____ cracked ____ during ____ temperatures.
 Does ____ temperature change ____ window ____?
 Will ____ result ____ rapid ____ in temperature?
 ____ window cracks ____ potentially be ____ by excessive ____.
 ____ windows ____ when the temperature ____?
 ____ damage ____ power windows caused ____ fluctuations of ____?
 ____ power ____ susceptible to ____ fluctuations ____ temperature?
 ____ power windows ____ because ____ extreme ____?
 ____ temperature swings cause ____ windows?
 Do extreme ____ windows to ____?
 ____ extreme temperatures ____ cracks ____ power windows?
 Is ____ windows to have ____ high/low temperatures?
 Power ____ can ____ temperature goes ____.
 ____ power ____ cracks can be ____ temperature changes.
 ____ can cause ____ to crack occasionally.
 ____ possible ____ temperature swings will cause cracking in ____?
 ____ there ____ cracked ____ windows due to ____ changes?
 Is ____ possible ____ frequent ____ cause windows to ____?
 Is it normal for power ____ develop ____?
 ____ possible ____ cracks in power windows due to ____?
 Power ____ cracks ____ resulted from ____ temperature _____.

____ power ____ break during ____ swings?
 ____ it common for power ____ due ____ low temperatures?
 ____ power windows ____ cracking ____ temperature ____?
 Are ____ cracks caused by extreme ____?
 ____ windows crack ____ to temp ____?
 How ____ power window damage ____ by ____?
 Is ____ that ____ changes cause cracks ____ windows?
 ____ cracks on power windows?
 Are ____ windows vulnerable ____ sudden ____ changes?
 The ____ occurrence ____ extreme temperatures could cause ____.
 ____ windows vulnerable to ____ from ____ temperature shifts?
 Is ____ windows ____ vulnerable to ____ shifts?
 ____ the power window ____ from ____?
 Will power ____ if ____ is ____ fluctuations?
 ____ power windows ____ with ____?
 ____ windows prone ____ crack ____ temperature shifts?
 ____ swings ____ power window cracks?
 Will ____ cracks ____ power windows?
 Do ____ think ____ the hot and ____ power windows?
 ____ it possible ____ temperatures ____ cracks on ____ windows?
 ____ it possible ____ the temperature ____ cracks ____ the ____ windows?
 Are ____ to developing cracks ____ the temperature ____?
 Can power ____ in ____ heat?
 Will rapid shifts ____ in ____ power ____?
 Is frequent ____ of Power ____ damage?
 Is Power ____ caused ____ frequent ____?
 ____ windows ____ extreme temperatures can ____.
 Will ____ of temperatures cause cracks ____?
 Is ____ possible ____ windows bust ____ extreme ____ swings?
 ____ hot and ____ can ____ damage to ____ power ____?
 Will power windows ____ shifts?
 ____ windows be ____ to ____ from drastic ____ shifts?
 Is ____ windows more susceptible to ____ from ____?
 ____ are vulnerable ____ temp variations.
 Extreme ____ cause cracks ____ windows.
 Can ____ crack when ____ moves?
 Will power ____ crack because ____ in ____?
 Is ____ prone ____ cracking ____ temperatures?
 Power ____ can ____ of ____ weather ____.
 Are ____ windows prone ____ due to ____ temperatures?
 ____ power ____ crack frequently due ____?
 Can ____ temperature ____ windows ____ crack?
 ____ windows can ____ damaged if ____ is ____ fluctuations ____.
 Will ____ cause cracks ____ windows?
 Is ____ windows to be cracked during ____ temperature ____?
 ____ temperature ____ cause ____ on power ____?
 Extreme ____ power windows ____ crack ____.
 I ____ heat or ____ will ____ window cracking.
 Will ____ happen ____ there ____ extreme ____ or cold?
 ____ it ____ for power ____ to develop ____ sudden changes ____?

_____ cracks _____ power windows _____ by _____ change?

Is it _____ that _____ window _____ due _____ excessive _____ swings?

Power window damage _____ caused by _____.

Does temperature swings _____ window

Is _____ windows _____ frequent _____ due to the extreme _____?

Is power windows _____ to cracking _____?

Is it possible _____ cracking in _____ to _____ temperature swings?

_____ power _____ vulnerable to _____ variations?

_____ power windows have _____ due to _____?

Is _____ will lead to _____ window cracks?

How _____ the _____ window cracks _____ temperature _____?

Does it _____ to _____ cracks _____ temperatures are high?

Is _____ possible _____ temperatures _____ windows to crack?

Does it _____ frequent temperature _____ power _____?

Is _____ in power _____ from sudden changes in _____?

_____ windows can crack _____.

Are power windows _____ by _____?

Temp _____ power _____ crack.

_____ possible _____ power window _____ from _____ temp changes?

_____ power windows be cracked a _____ extreme _____?

_____ cracks _____ be _____ from excessive _____ swings.

Are _____ by drastic _____ changes?

Does _____ cause _____ in _____ windows?

_____ it _____ in temperature _____ Power Window damage?

_____ power _____ to cracking due _____ temperature swings?

How _____ power _____ damage caused by _____.

_____ the _____ extreme _____ cracks on power windows?

Power window _____ frequently?

_____ temperature changes _____ power _____ cracks?

_____ temperatures can _____ cracks in power _____.

_____ in _____ result _____ power window cracks.

_____ it _____ for _____ to crack _____ windows?

_____ to cracks _____ hot weather?

_____ changes may cause _____ window _____.

Power windows _____ are prone _____.

Does hot _____ affect _____ window _____?

Power _____ on _____ weather changes.

_____ possible _____ extreme _____ to _____ power _____ to crack?

Is _____ damaged _____ temperature shifts?

Will _____ fluctuations _____ power windows?

_____ windows can _____ from _____ temperature _____.

_____ is _____ extreme temperature _____ bust power _____.

Will _____ Power window cracking?

Is it _____ power _____ are _____ due to _____?

Is it _____ for temperature _____ windows?

Are power windows _____ by _____?

_____ cracked _____ windows _____ rapid temperature changes?

Frequent _____ can _____ windows.

Power _____ can _____ during _____.

_____ cracks on _____ be caused by extreme _____?

_____ it possible _____ temperature _____ cause cracks _____ windows?

Too much temperature _____ power _____.

_____ cracks on _____ power _____ caused by the _____ extreme temperatures?

Is power _____ susceptible _____ from _____?

Is _____ to get cracks from high _____?

_____ occurrence of extreme temperatures _____ cause cracks _____.

Will power _____ cracked _____ of _____ shifts in _____?

Will power _____ because _____ extreme _____ changes?

Is _____ possible _____ cold will cause _____ window cracking?

Is _____ possible _____ to have frequent _____ to _____ temperatures?

_____ it normal for power windows to _____ cracks _____?

Is _____ for _____ temps _____ crack _____ windows?

Does it _____ cracks from high temp?

_____ hot _____ crack _____ windows?

_____ tendency _____ windows to _____ cracks _____ sudden temperature changes?

Surges in power _____ cracks can be _____.

Are _____ vulnerable to _____ due _____ fluctuations in _____?

_____ there _____ cracks on power windows _____ temperatures _____?

_____ power _____ prone to _____ due _____ sudden _____ in temperature?

_____ window cracks are more _____ to be _____ changes.

Does the _____ temperature _____ in _____ on _____?

Is _____ that _____ cause power window _____?

_____ power _____ due to temperature _____?

_____ power windows _____ due to _____ changes?

_____ temperatures cause cracks in power windows?

_____ window cracks that can be caused by _____.

Do frequent _____ in _____ power _____?

Can rapid _____ cracked _____ windows?

Will _____ cracks _____ power _____ when _____ temperature changes?

Do cracks _____ windows _____ due _____ temperature _____?

_____ it possible _____ crack _____ windows?

_____ power windows cracked due _____?

Does hot _____ window _____?

Power _____ occur _____ drastic _____ changes.

_____ extreme _____ changes cause _____ window?

_____ windows _____ by _____ and hot?

Is _____ temperatures responsible _____ cracks _____ power windows?

Does extreme temperature _____ power _____?

Are power windows susceptible _____ cracks _____ to _____?

Will _____ result in cracked _____?

Will _____ temperatures _____ power windows to _____ a _____?

Can temperature swings _____ window _____?

_____ windows _____ extreme weather.

Will the frequent _____ changes cause _____?

_____ fluctuations _____ temperature _____ power windows?

_____ power windows _____ by extreme _____ fluctuations.

_____ swings _____ window cracks?

_____ windows _____ changes in temperature?

Is it possible _____ temperature _____ power _____?

_____ it possible that _____ will _____ windows a lot?

_____ of extreme _____ cause cracks on _____ windows.

_____ power window cracks _____ temperature swings?

Power windows _____ to _____ temperatures.

_____ I expect _____ power _____ crack _____ weather changes?

_____ power windows _____ by temperature _____?

Can _____ problems with power _____?

Power _____ occur as _____ result of _____ temperature _____.

Power _____ cracking _____ occur _____ or cold.

_____ power _____ caused by _____ swings?

Is _____ windows vulnerable to _____ temperature shifts?

_____ Window _____ caused _____ frequent temperatures?

_____ it _____ for the _____ of _____ temperatures to _____ cracks _____ windows?

Are the _____ in _____ by _____ temperature fluctuations?

Will high _____ my _____ windows _____?

_____ power window _____ might _____ by temperature _____.

Will _____ window damage _____ caused _____?

_____ the heat _____ power _____ on a regular _____?

Power _____ cracks _____ temperature swings?

Is _____ windows prone to _____ high _____?

Is _____ temperature variations to cause cracks _____?

_____ broken power _____ because _____ sharp temp _____?

Will hotter _____ windows?

Did you know _____ can crack _____ variations?

_____ it _____ heat _____ crack _____ windows?

Is it possible _____ power _____ cracks can _____ swings?

Will cracks _____ be _____ by _____ in temperatures?

Power _____ could _____ damaged _____ extreme _____.

_____ is _____ likelihood of thermal _____ power _____ damage?

Do _____ window cracks _____ temp _____?

Are there _____ windows _____ temperature fluctuations?

Can _____ be _____ excessive _____ fluctuations?

Can _____ power _____ to crack?

_____ for power windows to crack _____ high _____?

Power windows _____ occasionally _____ to extreme _____.

Is _____ power window _____ to _____ temp changes?

_____ temperature _____ cause power _____ cracks?

_____ power windows _____ damaged _____ frequent fluctuations _____?

_____ in _____ can _____ power windows.

_____ power windows _____ to _____ to _____ changes _____ temperature?

Will the heat _____ cold _____ to crack?

Does _____ often develop _____ because _____ in temperature?

Can power _____ crack _____ to extreme _____?

Does frequently _____ cracks _____ power _____?

Power windows can _____ temp _____.

_____ normal for _____ fluctuations _____ power windows?

_____ window _____ may occur _____ drastic _____.

_____ a lot of cracks _____ windows _____ extreme _____ fluctuations?

Power _____ cracked due to _____ fluctuations.

_____ cause cracks to be _____ windows.

_____ it possible _____ extreme temperature _____ can _____ windows?

Is _____ swings can cause power _____ crack?
 _____ normal to _____ cracks _____ power _____ from high _____?
 _____ cause power _____ cracks?
 _____ extreme heat or _____ cause cracks _____ Power _____?
 _____ be cracks _____ power _____ caused _____ extreme temperature _____?
 _____ temperature _____ frequently cause _____ power _____?
 _____ power _____ prone to developing _____ sudden _____ changes?
 Are excessive _____ a _____ power _____ cracks?
 Is it not _____ extreme _____ crack _____ windows?
 Will the changes _____ temperature cause _____?
 I _____ extreme temperature _____ cracks on _____ windows.
 Can the _____ because _____ weather?
 Is _____ possible that power windows _____ due _____ hot _____?
 _____ in temperature _____ cracked power windows?
 Will _____ often _____ to temperature _____?
 _____ extreme temperature _____ caused _____ windows?
 Will _____ change often cause _____ power _____?
 Are power _____ prone _____ temperatures _____?
 Power window _____ occur _____ changes.
 _____ it _____ thermal shifts _____ to power windows?
 Will _____ crack _____ extreme temperatures?
 _____ there _____ on _____ by changing temperatures?
 Do heat _____ power _____?
 Will _____ temperature _____ power _____ to crack?
 Power window _____ may _____ a result _____ temperature _____.
 _____ windows _____ to cracking _____ weather?
 Does it _____ often _____ caused _____ sharp temperature changes?
 Does _____ from temperature changes _____?
 Is _____ possible to see _____ power _____ temperatures?
 _____ power windows prone to _____?
 _____ swing _____ power window _____?
 _____ cracks on power _____ caused _____ occurrence _____ extreme temperatures?
 _____ windows _____ excessive temperature fluctuations _____.
 _____ temperature shifts cause _____ crack?
 Do _____ cracks occur due _____ temperature _____?
 Power windows can _____ easily _____.
 The _____ Window may _____ by _____ shifts _____ temperature.
 _____ the temperature _____ windows _____ crack?
 _____ window cracks _____ happen from _____.
 _____ windows can _____ damaged due _____ frequent _____ temperature.
 Do power windows _____ extreme _____?
 Wonder _____ are _____ to cracking with temp _____?
 Power _____ may _____ from _____ temperature _____.
 Can extreme _____ variations _____ windows _____?
 _____ window _____ extreme temperature changes?
 _____ it possible that _____ can _____ due to _____.
 _____ power _____ damaged by high _____?
 _____ it possible _____ become cracked due _____ temperatures?
 _____ power _____ due to extreme _____?
 _____ power windows crack due _____.

Does temperature change _____ damage?

_____ power _____ cracks due to sudden temperature _____?

_____ often _____ power window cracks _____ from _____ changes?

_____ temperatures cause _____ on _____ windows?

_____ temperature changes _____ cracks _____ the power _____?

_____ windows can _____ excessive _____ fluctuations.

_____ windows _____ from extreme weather _____.

Is _____ possible _____ windows are damaged _____ frequent fluctuations _____?

Are the _____ window _____ changes?

_____ window _____ by hot or _____ weather?

_____ extreme temperature _____ on _____ windows?

_____ due _____ extreme temperature changes.

_____ normal for _____ windows _____ frequently due to _____?

Is _____ possible that _____ crack power _____?

_____ the temperatures _____ cracks _____ power _____?

Is power _____ to _____ temperature changes?

Does heat _____ occasionally?

Are the cracks on power _____ extreme _____?

_____ windows _____ from _____ temperature changes?

Is _____ possible that _____ can _____ power _____?

_____ sudden _____ often lead to _____ cracks?

Can _____ windows get _____ extreme _____?

_____ damage to _____ windows caused _____ frequent _____ temperature?

Is _____ in power _____ extreme temperatures?

_____ power windows _____ damaged _____ temperature _____?

Is it _____ lead to power window _____?

_____ windows _____ cracking _____ warm weather?

_____ cracks _____ power windows due _____ fluctuations?

Is power windows vulnerable _____ changes?

Is _____ true _____ extreme _____ swings can _____ power _____?

_____ that _____ cold can _____ my power windows?

_____ cracks _____ be caused by _____ swings.

Does _____ temperature changes _____ window _____?

_____ extreme _____ cause _____ to crack?

_____ temperatures _____ cause _____ windows _____ fail?

Can _____ swings _____ to cracking _____ windows?

Is it possible _____ temperature _____ on power _____.

Power windows _____ be _____ temperature _____.
