

[Demo] NLP Dataset for Customer Service Automation

Company Type	Home Security and Alarm Companies
Inquiry Category	Requesting service or repairs
Inquiry Sub-Category	Power failures
Description	Customers experiencing power outages seek guidance on how to maintain the functionality of their alarm systems during such situations.
Data Size	8,310 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Home Security and Alarm Company" customer inquiry. (Purchased data will not be masked.)

_____ there _____ way _____ to maintain the functionality _____ my security system _____ _____ ?

How _____ I _____ security in _____ during a _____ outage?

_____ system _____ if _____ goes out?

_____ my _____ system be up and _____ the power _____ ?

Will _____ work without _____ ?

_____ to keep _____ thing running while the _____ off.

_____ I _____ my _____ during _____ power out?

_____ there _____ ensure robustness _____ home _____ the power goes out?

Can _____ keep _____ on during _____ ?

Can my _____ power?

_____ about _____ security system _____ an _____ ?

_____ a power interruption _____ I _____ on?

Is _____ to have an operational _____ a power _____ ?

Is _____ way _____ have _____ during a power _____ ?

_____ work _____ a power event?

In _____ event of a power _____ security equipment _____ ?

Is my home _____ when _____ lights go _____ ?

When _____ go _____ can I _____ my security _____ running?

Can a _____ system _____ power _____ ?

Is it possible to _____ system that _____ despite _____ ?

Is _____ security system _____ perform _____ power failure?

Is there a way _____ keep _____ during a _____ outage?

How _____ secure systems _____ power?

_____ my _____ work _____ a power _____ ?

Can you tell _____ way to maintain _____ system _____ ?

_____ my _____ system _____ working _____ power outage?

Can _____ my security system _____ protected _____ a _____ outage?

Can _____ my security system _____ during _____ failure?

_____ my _____ in the event _____ a power _____ ?

Can there _____ any solutions _____ the _____ of _____ security _____?

Is _____ to _____ my security _____ to _____ a power _____?

Is _____ anything _____ can _____ systems _____ power?

Can _____ my security _____ when _____ is _____ failure?

Does the _____ work while _____ failure?

_____ wondering if it's possible _____ security system _____ the _____.

Is _____ possible _____ my _____ system _____ keep functioning in _____ power _____?

_____ there alternative _____ maintaining _____ without power?

Is there _____ way _____ security during _____?

Is _____ any way to _____ function of _____ the power _____?

_____ possible to keep _____ during a power outage?

_____ a power _____ need ways _____ keep my _____ working.

In _____ outage, _____ my security system _____?

Is it _____ my _____ system running when _____ out?

Is _____ security _____ keep _____ during a power _____?

I would _____ to know _____ I _____ on full _____ when _____ goes _____.

Will my security _____ functioning after the _____?

Do the _____ go _____ security?

_____ there an _____ systems without power?

When there is no _____ security system _____ active?

Could security _____ failure?

_____ any way to retain the _____ of _____ security _____ power goes _____?

Can my security system work _____ the _____?

Can _____ security system function _____ is _____ outage?

_____ to _____ security system running in _____ of a _____?

Is _____ possible _____ power _____ my security's function?

The _____ cut out, _____ my security _____ still _____?

_____ there _____ way to _____ security system during _____ failure?

_____ to make sure _____ active when there's no _____.

I _____ know _____ security system _____ work _____ power outage.

Is there a _____ to retain the _____ during a _____?

_____ work if there's _____ power problem?

_____ it possible _____ security _____ to _____ despite a power _____?

Can _____ during a _____ blip?

Can _____ to _____ security on _____ power goes out?

How do you _____ security system _____ of a _____?

Will _____ to _____ the security system _____ the power _____?

_____ work _____ a power failure?

_____ keep _____ security on during _____ power _____?

_____ my _____ system _____ a power _____?

_____ to maintain the _____ of my security _____ an _____?

_____ can I _____ my _____ up in _____ a power _____?

If power _____ security _____ work?

_____ possible _____ my security system works _____ power _____?

_____ it _____ for our safety _____ function during _____ power _____?

Is there _____ make _____ works during a power failure?

I _____ how the _____ can maintain _____ with this here _____ junk _____ the power _____.

_____ it possible _____ my _____ to _____ during power _____?

_____ my security system's _____ in a _____ failure?

Can my _____ me _____ during a _____ failure?

_____ to keep the security system operational _____ electrical _____?

Is it _____ protect my _____ function _____ power _____?

Will I _____ able to maintain _____ if the _____ out?

_____ system work _____ a _____ failure?

_____ the power goes out, _____ security system _____?

_____ the _____ system be _____ during _____?

Is _____ that my security's function _____ by _____ loss?

Can _____ security system be _____ during _____?

_____ I keep my security on _____ is _____?

Can _____ keep _____ on _____ during a _____ cut?

Is it _____ keep my _____ running _____ a _____?

Will _____ keep running in _____ of _____ power _____?

What do _____ do _____ keep _____ during _____ time of _____?

_____ the _____ out can _____ system _____?

_____ the security system _____ if _____ is _____?

Can my _____ the dark?

_____ a _____ of _____ I do to _____ my _____ going?

_____ my _____ system _____ without _____?

Will security equipment keep _____ there _____ power _____?

How can I _____ security _____ dark?

Does _____ setup when the lights go _____?

When the lights _____ able _____ security thing running?

Can _____ help me _____ my _____ running when _____ electricity?

Can my _____ system continue _____ in a _____?

Should _____ equipment continue to _____ event of _____ failure?

Is _____ possible to keep the _____ on _____ power _____.

Is _____ for me to keep _____ security _____ and running _____ a _____?

_____ are ways to _____ a power failure.

What _____ keep the security _____ the power _____ out?

During _____ power _____ security _____ continue?

_____ security _____ the power goes _____?

_____ my security kept _____ power _____?

_____ keep my _____ system working _____ a power cut?

Does my security _____ power _____ out?

_____ possible _____ an _____ security system _____ a power outage?

Is there _____ blackout interruptions _____ my _____ system?

Is my _____ still _____ when the power _____?

How can _____ make _____ work _____?

Is there a _____ my _____ running during _____ power _____?

_____ system _____ in _____ event _____ a power failure?

Can the _____ system work _____ out?

Can the _____ system _____ a power outage?

When _____ power failure, does _____ work?

Can _____ security system _____ when there _____?

_____ outage can _____ my security _____.

How _____ I _____ works without _____?

_____ if _____ outage, am I supposed _____ keep my _____?

What's _____ way _____ with black outs _____ keeping _____ functional?

_____ there _____ way _____ keep my _____ a power failure?

What _____ I _____ do _____ security _____ during a _____ of darkness?

_____ system work during _____ outage?
 _____ to keep _____ on during a power _____?
 _____ power _____ my security system _____?
 _____ possible to maintain the _____ security setup _____ the _____?
 Can the _____ security system _____ a power failure?
 When _____ can you _____ my _____ system stay active?
 _____ possible _____ have an _____ system when there _____ no _____?
 Is _____ have an _____ security system _____ the _____ of _____ power cut?
 _____ security _____ during a power-out?
 I need to _____ my _____ active when _____ no electricity.
 _____ power cut, _____ about _____ security _____?
 Any way to keep the _____ system _____ of _____ power _____?
 _____ my _____ work _____ is a power cutoff?
 Can _____ me _____ I can keep _____ junk when _____ a power cut?
 How can my _____ system _____ cut?
 Is it _____ my security system _____ during _____?
 Is my _____ capable _____ during a _____ cut?
 Is _____ work _____ the _____ goes out?
 Is _____ for secur syst _____ an outage?
 Can _____ make _____ in the dark?
 _____ security work _____ the dark?
 Is _____ system _____ operational in case of a _____ failure?
 _____ there a way _____ security _____ it _____ down?
 _____ anyone know _____ way to maintain the _____ in _____?
 _____ do I _____ to keep my _____ operational _____ darkness?
 _____ there _____ way _____ keep _____ device _____ even if the _____ down?
 Can _____ keep _____ my _____ when _____ are no power?
 When _____ power goes _____ my security _____?
 Can I keep my _____ running _____ off?
 How can _____ maintain the _____ in _____ power failure?
 _____ security _____ if power goes _____?
 _____ there anything you _____ make sure that foul _____ won't _____ my _____?
 Can security _____ kept _____ when _____ goes _____?
 Is _____ functional when there's _____ interruption?
 Is _____ to _____ the security system _____ there _____ no _____?
 _____ we _____ the _____ system in _____ power failure?
 Can _____ security _____ in _____ cut?
 Is it _____ to have _____ security system _____ a power _____?
 I don't know _____ can _____ full _____ even during _____ failure.
 Is it possible _____ keep the _____ on _____?
 Is it possible to prevent _____ in _____ security's _____ loss?
 _____ my _____ without power?
 _____ it _____ my security system _____ in _____ a power cut?
 _____ it _____ to retain _____ function _____ setup during the _____?
 During a _____ can _____ system stay _____?
 _____ it _____ Secur _____ carries on during _____ outage?
 _____ my security _____ keep _____ during a _____?
 _____ security _____ still work _____ case of a _____?
 _____ an electrical failure, _____ to maintain the _____ status of _____?
 Will my _____ after the _____ goes off?

Is _____ to _____ robustness _____ monitoring after power _____ out?

Is it possible _____ the _____ of _____ setup in _____ darkness?

_____ there be a _____ the _____ in the dark?

_____ it _____ to _____ function _____ security setup in _____ dark?

How can I _____ up if _____ is a _____?

_____ there any _____ Secur Syst can _____ an _____?

Is _____ possible for a _____ to _____ power failure?

It's _____ to keep my _____ the lights _____ off.

_____ it possible for _____ system to _____ failures?

_____ can _____ keep _____ up during _____ lack _____ power?

_____ I keep _____ of my _____ event _____ a power failure?

Will _____ system _____ if there _____ power interruption?

What _____ I _____ to _____ my _____ going _____ of darkness?

Is _____ keep my security _____ power cuts?

_____ the security _____ work _____ power _____?

_____ a _____ retain the _____ of _____ security system during a _____?

_____ security system work _____ when _____ power goes _____?

_____ be alternative solutions _____ secure systems without _____?

Will my _____ work in _____ of _____ failure?

Is there _____ security system _____ during a power failure?

Is _____ security _____ functional _____ failure?

Will my _____ system _____ the _____ off?

_____ need to _____ make _____ security work without _____.

If a _____ failure _____ the _____ to operate?

_____ possible for _____ security's _____ disrupted during power loss?

_____ way to maintain the security _____ during _____ failure.

When _____ any _____ for keeping the alarm _____?

Is _____ a way _____ in the _____ of _____ failure?

Is _____ equipment _____ work _____ case of a _____ failure?

_____ downtime be _____ my _____ system?

Will my security _____ the _____ out?

When the _____ off, _____ want _____ my _____ thing running.

When _____ lights _____ off, _____ way to _____ the security _____ running?

_____ there _____ way _____ an operational security system during a _____?

Is _____ possible to _____ my _____ functional _____ is no _____?

_____ if there's a _____ cut?

Can my security _____ on _____ cut?

Is there a _____ keep the security on _____ there _____?

_____ it possible _____ the function of my _____ dark?

Is it _____ to prevent _____ disruptions _____?

Is _____ way to retain the _____ of _____ system _____ power _____?

_____ can I _____ my security up _____ a _____ time?

Will _____ if there's a power _____?

I _____ know _____ the _____ I can maintain _____ this _____ junk _____ a _____ failure.

_____ it _____ for me _____ keep my security _____ in case _____ power _____?

_____ security _____ when there is a power _____.

_____ there a way to maintain my security _____?

_____ the security system _____ outage?

Can _____ system continue _____ during _____ power interruption?

_____ it possible for my _____ setup _____ in _____?

_____ about my _____ system _____ the power _____ ?
 Is _____ possible for _____ to _____ period of darkness?
 If _____ security _____ goes down, _____ I _____ functioning?
 Is there a _____ to _____ the _____ when the _____ off?
 Can _____ security _____ work _____ electrical _____ ?
 _____ there alternatives for _____ power?
 Is _____ a _____ the _____ if the power goes _____ ?
 Will my _____ during the _____ out?
 Is _____ way to _____ my _____ a power _____ ?
 Is there _____ alternative solution _____ secure _____ without _____ ?
 Will _____ with no power?
 _____ my security system _____ if the _____ out?
 _____ my security system ready _____ ?
 Will the _____ equipment _____ if _____ is a _____ ?
 _____ security system _____ there is a power _____ ?
 _____ security system _____ there is a black _____ ?
 I _____ know how I can keep _____ this _____ is _____ outage.
 _____ I _____ up _____ security during a power _____ ?
 If _____ power goes out, _____ my _____ ?
 Will it _____ to keep _____ system on _____ outage?
 _____ my security _____ power _____ out?
 _____ it possible _____ keep the security _____ during _____ interruption?
 _____ the _____ system _____ kept _____ if _____ power _____ out?
 _____ my security systems _____ outage?
 How _____ I make sure _____ security _____ power?
 _____ there a _____ to maintain _____ of my _____ during a _____ ?
 _____ need a way to _____ my _____ power.
 _____ keep the security up _____ a _____ out?
 _____ electricity, _____ you make sure _____ system stays active?
 Is _____ a way _____ of my security system _____ a _____ ?
 Can the _____ system _____ during _____ ?
 How do _____ my _____ works _____ a period _____ darkness?
 Is _____ functional in the _____ a _____ failure?
 _____ you help me _____ sure _____ system stays _____ there's _____ electricity?
 I need _____ sure my security _____ .
 _____ my security _____ during a power cut?
 _____ security setup _____ when the _____ go _____ ?
 Will my security system _____ if there _____ ?
 How _____ keep my _____ a power outage?
 Can _____ work if _____ is _____ ?
 Is there _____ function of my _____ system during _____ power _____ ?
 _____ any way _____ retain _____ of my security _____ during _____ power _____ ?
 Is there _____ to have an _____ system _____ a _____ ?
 _____ help _____ keep my security _____ going _____ there's no _____ ?
 _____ my _____ a power failure?
 Can _____ security system work _____ ?
 _____ a power out, _____ work?
 If the power _____ out, _____ system work _____ ?
 Can my _____ work _____ there _____ a power _____ ?
 Is there any _____ to retain function _____ system in _____ failure?

Can ____ system ____ power goes ____?
 ____ the ____ goes out, will ____ security ____ working?
 ____ can ____ ensure that ____ security ____ a time of darkness?
 ____ keep my security ____ during a ____ out?
 ____ possible ____ my security's function ____ be ____ amid ____ loss?
 ____ my ____ without power?
 ____ security ____ to ____ if the ____ goes out?
 Will ____ able ____ keep ____ security system working ____ goes out?
 ____ it possible ____ maintain ____ this ____ alarm junk amidst ____ power outage?
 ____ make ____ that my security system ____ up ____ running when ____ electricity?
 ____ the ____ system ____ during a power ____?
 ____ security ____ functioning when the power ____ out?
 ____ to keep my security ____ during ____ of darkness?
 How do ____ security ____ work ____ a ____ outage?
 Can anyone ____ a way to keep ____ security ____ go off?
 Can ____ help me ____ system ____ active ____ there's no electricity?
 Can ____ me make ____ is running ____ there is ____ electricity?
 ____ there a ____ a security ____ when the ____ is ____?
 I ____ know if I ____ on ____ home ____ power ____ off.
 Is there ____ way to maintain ____ system ____ a ____?
 ____ there ____ do to ____ security system during a ____ outage?
 Is it possible ____ prevent ____ security's ____ power loss?
 Is ____ to ____ my ____ system running in ____ of ____ cut?
 ____ there a way ____ when ____ are power cuts?
 ____ possible for our ____ gear to function when there ____?
 ____ there ____ way ____ my security system up-to-date ____ outage?
 Can ____ security system ____ functioning ____ power ____?
 ____ an option ____ gear ____ function if there ____ a power ____?
 ____ system last when there's ____ failure?
 ____ a way ____ my security ____ during a ____ outage?
 ____ my security system keep ____ a ____?
 ____ my ____ system during ____ outage?
 Is ____ possible ____ my security ____ and ____ in ____ of a ____?
 ____ help me make ____ my security ____ is up ____ running ____ no ____?
 ____ power ____ off, will my security ____?
 ____ it possible ____ the ____ security despite being offline?
 Can I ____ security ____ running ____ the ____ out?
 ____ to maintain my ____ system ____ there is ____ power ____?
 ____ security ____ work when there is ____ blip?
 Is ____ possible to ____ security system ____?
 Should security ____ continue ____ operate ____ a ____ failure?
 Can the ____ system ____ power goes out?
 ____ the security ____ work during ____?
 ____ there ____ way ____ secure ____ without electricity?
 Can ____ security ____ work ____ power is ____?
 How ____ sure ____ security system ____ the grid ____ down?
 ____ be disrupted ____ power cuts?
 ____ security system ____ there's ____ out?
 ____ possible for ____ security system ____ work ____ power ____?
 ____ my ____ system reliable when ____?

Is my ____ system ____ during ____?

____ security ____ still running after ____ outage?

Is ____ to retain ____ system in ____ event of ____ failure?

How do ____ make ____ security ____ during power ____?

____ I make ____ security work ____.

Is there ____ for ____ secure ____ power?

When ____ power goes off, ____ have ____ way ____ keep the ____?

____ I ____ same security ____ there ____ no lights?

Is ____ security ____ still effective ____ the power ____?

____ possible that my security's ____ can be affected ____?

____ case ____ a power ____ will the ____ continue ____ operate?

____ there a ____ keep my security ____ functioning ____ a ____?

____ security ____ work when ____ goes ____?

____ my security ____ when ____ power ____ out?

Will the ____ equipment ____ even if ____ out?

Is there ____ to retain the ____ security ____ while ____ power ____ out?

Can ____ keep ____ on ____ of a power ____?

____ the power ____ should I ____ safety device?

What ____ security system ____ power ____.

____ it possible ____ the effectiveness of my ____ an outage?

____ possible to ____ my ____ system ____ in case of a ____?

Does ____ security system work ____?

____ a way to ____ the security on ____ power ____ out?

Can the functions ____ my ____ system be ____ in ____?

____ there any ____ ways to ____ systems without ____?

Can you ____ my security ____ active with ____?

____ security system able ____ work ____ a ____ failure?

____ system work during ____ power go ____?

____ system still ____ after ____ power goes off?

____ for keeping the alarm ____ electricity?

Does ____ system work when ____ a ____ outage?

____ solutions for maintaining secure ____ without ____?

Will my security ____ out?

Can ____ me make sure ____ security ____ there isn't electricity?

____ to ____ security system ____ in an event of ____ failure?

____ the ____ function safe during ____ power ____?

Is it possible to ____ interruptions in ____ power ____?

I ____ trick ____ my ____ system ____ the lights go off.

____ the ____ off, ____ you have a ____ keeps my ____ thing ____?

____ you ____ my security system is active ____ no power?

____ an alternative ____ for keeping secure ____ without ____?

Is ____ have ____ security system when there's ____?

How ____ we ____ system ____ the dark?

Will the ____ operating in the ____ a power ____?

Can there ____ alternatives for ____ secure ____?

Is it ____ my security system ____ during ____ power ____?

Can I prevent ____ disrupting ____?

____ it possible for ____ to be ____ by ____ loss.

I need your help ____ make my ____ system ____ active ____.

Is it possible ____ operational ____ system ____ power ____?

Is _____ to _____ system up to date _____ power failure?
 _____ it _____ my _____ system to be up and _____ if _____ out?
 Can you _____ sure _____ security system _____ active when _____ no _____?
 _____ the security _____ in _____ of a _____ failure?
 Is there a way to _____ security when _____?
 _____ possible for _____ system _____ work during _____ power outage?
 _____ to power my _____ during a power outage.
 _____ security _____ without power?
 _____ property _____ protected with no _____?
 _____ way to have _____ security system _____ power disruptions?
 Should security equipment continue _____ of a _____ failure?
 _____ don't know _____ I _____ system running _____ the dark.
 In a power outage, _____ system _____?
 Can I _____ my security system _____ power loss?
 _____ my _____ system _____ during _____ failure?
 _____ there alternatives for _____ power?
 Is it _____ to _____ security system _____ the _____ goes out?
 _____ the _____ system during _____ cut?
 _____ I keep _____ function of my _____ during _____ failure?
 _____ there a _____ that _____ syst continues during _____?
 _____ we have an _____ for our safety _____ to _____ a power _____?
 _____ home _____ up affected when the _____ off?
 Will my _____ system _____ case of _____ failure?
 Is _____ possible to _____ security system _____ the _____ go _____?
 Is my _____ system _____ out?
 Is _____ security _____ able _____ functional during _____ power _____?
 _____ way _____ security _____ there is a power failure?
 Do _____ know how to _____ my _____ active when there's _____?
 Will _____ security system _____ there's _____ power _____?
 _____ there a _____ my _____ gizmo _____ if there _____ an outage?
 Can _____ my _____ be preserved _____ a power failure?
 Is _____ able _____ work _____ power _____?
 _____ of _____ power failure, _____ the security _____ work?
 Is _____ possible _____ prevent disruptions _____ my security's _____ out?
 _____ security on _____ a power failure.
 _____ system operate during _____ outage?
 _____ my _____ due to power _____?
 Is there a _____ security _____ during a power failure?
 Is _____ to _____ my security system _____ and _____ a dark _____?
 Is it _____ to keep _____ during _____ outs?
 _____ way to ensure _____ security _____ without power?
 Does the _____ system _____ functional _____ a _____?
 _____ do _____ do to _____ security going during a _____?
 I don't know _____ can _____ setup _____ the dark.
 Is it possible to _____ security system _____?
 _____ of a _____ will security equipment operate?
 I need _____ sure _____ security _____ when there's _____ electricity.
 Will my _____ when _____ out?
 Is the security _____ there is _____ power _____?
 How _____ be maintained _____ event of a _____ failure?

Will _____ system remain functioning after the _____?
 _____ I be able _____ system if the _____ goes _____?
 _____ it possible to prevent my _____ shutting _____ power _____?
 _____ security equipment _____ to operate if _____ is _____ failure?
 Will my security _____ the power _____ out?
 _____ my security system keep _____ loss?
 _____ a _____ for me _____ keep my _____ up and _____ power out?
 _____ security system work when the _____?
 _____ system _____ after _____ power goes out?
 What about _____ system _____ there is _____ cut?
 Can _____ system continue _____ after _____ power _____ out?
 Can _____ security system _____ outage?
 Is _____ a _____ our _____ work without the power?
 Can the _____ system's _____ be _____ in a _____?
 Can my _____ work _____ goes out?
 _____ my _____ in the dark?
 Is _____ way _____ make my security _____ without _____?
 Will my _____ system still _____ the _____ out?
 _____ it _____ to _____ the operational status _____ the _____ system _____ an _____?
 _____ system still _____ in _____ event of _____ electrical failure?
 _____ security system during _____ loss of _____?
 _____ anyone _____ a way _____ maintain the _____ in _____ of a power _____?
 Can I _____ my security _____ break?
 Can _____ keep _____ on in _____ event of a _____?
 _____ the _____ off is my _____ disrupted?
 _____ system work _____ power is _____?
 Can _____ functioning _____ the power goes out?
 Is _____ possible _____ have _____ work during a _____ failure?
 _____ possible that my _____ power?
 Will _____ be able to _____ the _____ functioning _____ the _____ goes _____?
 _____ security _____ capable _____ power?
 _____ want _____ solution to power my _____ a _____ cut.
 _____ during a power cut?
 Is the security system _____ a _____?
 _____ security system be _____ work _____ power?
 I _____ keep my _____ system _____ when _____ lights _____ off.
 I don't _____ if I _____ on _____ home _____ when _____ is _____.
 Is _____ possible for _____ function _____ the power goes _____?
 Is _____ a _____ to keep _____ up-to-date _____ a power _____?
 _____ security _____ operate in _____ power failure?
 Can I _____ running even if _____ power goes _____?
 _____ a _____ to _____ my _____ thing running after the lights _____.
 _____ there _____ other way to _____ secure systems _____?
 If _____ is off, can _____ security _____?
 Is my _____ system able to _____ a _____?
 _____ there an _____ maintaining secured systems without _____?
 Can _____ keep _____ the power outage?
 _____ it possible _____ an operational security _____ power _____?
 What _____ supposed to do to _____ operate _____ a period _____?
 Can _____ security _____ be _____ power failure?

_____ how I can maintain _____ this _____ junk _____ the power is _____.

How can my _____ work _____?

_____ is _____ power outage, can my security _____?

_____ my security _____ continue to _____ if _____ power _____?

Is _____ possible _____ my security _____ during the power _____?

Is it _____ keep _____ of my _____ system _____ an electrical _____?

Is _____ possible _____ an _____ security system when _____ is _____?

_____ a way _____ the function of _____ security _____ when there _____ cuts?

Is _____ system working _____ power _____?

Is _____ to have _____ security system _____ are power _____?

_____ it _____ to keep _____ security system _____ power _____?

How _____ maintain my _____ during _____ power _____?

Can my _____ system _____ a _____?

_____ there _____ alternative _____ securing _____ without power?

Will _____ to _____ if the power goes out?

_____ it _____ keep my _____ running during a _____?

Can _____ my _____ system active when _____ no power?

_____ the _____ still function _____ power goes out?

Is _____ to maintain secure systems _____?

Is it _____ my security _____ in _____ dark?

Is _____ any way _____ retain _____ function of _____ security system _____?

_____ the function of my security system _____ a _____?

_____ my security system _____ the _____ out

Is _____ way to preserve the _____ my _____ the dark.

Is the _____ during _____ power outage?

_____ power goes _____ can _____ security _____ still _____ its job?

_____ a _____ keep the security up when _____ power _____?

_____ my security _____ without power?

How _____ keep _____ systems _____ power?

_____ the function of _____ system not be _____ outage?

Is _____ a _____ to maintain the security _____ there _____?

Is there _____ way _____ maintain the functions _____ my _____ interruption?

_____ a _____ maintain _____ security _____ in a power cut?

Will _____ be affected _____ the lights go _____?

_____ a solution to power _____ security system _____ shortage.

_____ the _____ system functional during _____?

Is it possible _____ system _____ despite a _____ failure?

_____ way for _____ to _____ functional in the dark?

_____ do I _____ security system work _____ the _____ out?

_____ possible _____ maintain the security _____ the power _____ out?

_____ keep _____ security on _____ a power interruption?

_____ secure _____ without power?

_____ security system still _____ a power _____?

Can you help _____ figure _____ how _____ with this here alarm _____ the _____?

Should I _____ security on during _____?
