

[Demo] NLP Dataset for Customer Service Automation

Company Type	Home Appliance Manufacturers
Inquiry Category	Product performance and efficiency questions
Inquiry Sub-Category	Water Efficiency
Description	Customers inquire about the water usage and conservation features of our appliances, such as dishwashers and washing machines.
Data Size	5,011 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Home Appliance Manufacturer" customer inquiry. (Purchased data will not be masked.)

Do any _____ appliances have _____ adjusts water _____ based on _____ size _____ soil level?

Which appliances _____ water _____ use for different _____ of dirt?

Are your _____ of _____ usage depending on _____ and _____?

Is there anything _____ appliance _____ water _____ on _____ and _____?

_____ possible _____ appliances to adapt _____ based _____ or size?

_____ you _____ sensor _____ technology that _____ water _____ on _____ or soil?

_____ for your appliances to adjust _____ water usage _____ a _____ and _____?

_____ modify _____ use by soil or load?

If you've _____ any _____ that uses _____ that _____ based _____ load _____ or _____ level

Do your appliances have _____ adjusts _____ use _____ and levels _____ dirt?

_____ appliances have _____ sensors, _____ water _____ in adherence to _____ and soil _____

Did your appliances have technology _____ on _____ and soil _____ basis?

Do _____ have any _____ adjusting _____ based on _____ or _____ your appliances?

Do _____ appliances _____ or sensor _____ usage based on load or _____?

_____ appliances _____ that adjusts _____ to load or soil level?

Does any _____ adjust _____ in your appliances _____ load _____?

Do _____ sensors _____ adjust _____ use for _____ load sizes _____ levels _____ dirt?

Which appliances have _____ adjust _____ dirt _____ load?

_____ you've installed _____ appliance _____ has a _____ the water _____ on _____ load or _____ level

Do _____ have _____ usage _____ on load _____ level?

Have _____ used technology that adjusts _____ a _____ size and soil _____?

Have _____ used _____ the water _____ according to load _____ soil?

_____ your _____ to adjust _____ water usage _____ a load size _____ level?

Do your _____ technology _____ the _____ usage _____ on _____ size _____ soil level?

If you _____ any _____ a technology that adjusts water usage based _____

_____ there any tech that can _____ for load _____?

Do any of _____ their water _____ dirt levels?

Should _____ use _____ water usage _____ on _____ load _____ soil level?

_____ of your devices can _____ to _____ dirtiness levels?

_____ you _____ your appliances use technology _____ adjusts the water _____ load size _____ level?
 Is it possible _____ usage based on _____ and _____ appliances?
 Do your _____ tech that _____ water _____ sizes _____ levels of dirt?
 _____ your appliances equipped _____ based on the load and _____ of the _____?
 Do _____ of your _____ technology that adjusts water _____ based _____ or _____?
 Any tech _____ appliances that adjusts the _____ size _____?
 Are your _____ able to modify _____ usage _____ or _____?
 Are _____ appliances using _____ water usage based on _____ and level _____?
 _____ your appliances _____ technology that _____ the water _____ size and _____ level _____?
 Will your _____ water based on _____ size _____?
 _____ appliances have _____ tech that can _____ the water use _____ different load _____ of _____?
 Do your _____ have _____ tech _____ can adjust _____ use _____ levels _____?
 Do you have _____ water _____ based on _____ and _____?
 _____ appliances have technology _____ adjusts _____ water usage on a _____ size _____?
 _____ for appliances to sense/load _____ and _____ water use?
 Are _____ appliances _____ changing _____ usage _____ and dirt level?
 _____ of your _____ a way of _____ water _____ dirt?
 Do _____ appliances _____ technology _____ adjusts water usage _____ on _____ and _____ land?
 Is _____ device _____ to _____ water use by _____?
 Does _____ have sensors or _____ that adjusts _____ for load _____ dirt _____?
 If any appliances have _____ sensor, _____ adherence to load _____ and _____.
 _____ there _____ that can _____ water _____ to load _____ soil _____?
 Please _____ smart _____ amending water usage in _____ to _____ sizes and _____.
 Is _____ sense/load weight/soil level to adjust water _____?
 _____ adjust water usage _____ load and dirt level?
 _____ any _____ adjust _____ usage in your appliances _____ to the _____?
 Which _____ appliances has _____ that adjusts _____ use for dirt _____?
 _____ for appliances to _____ water based _____ load or soil _____?
 _____ if _____ products _____ with _____ adjusts water _____ based _____ load and dirtiness?
 Did your _____ use _____ that _____ the water _____ load _____ soil _____?
 _____ appliances _____ for adjusting water use _____ different _____ and levels of _____?
 _____ of _____ appliances have _____ adjusts water _____ upon _____ or soil level?
 If you've _____ appliance that has _____ technology _____ adjusts _____ on _____ size or _____ level
 Do your appliances _____ flow _____ size or _____?
 _____ sense/load weight/soil _____ to adjust water _____?
 Devices _____ adjust water _____ or the _____?
 Does _____ appliances _____ technology _____ based on load size _____ soil level?
 Does _____ water usage _____ according _____ load or _____?
 How do _____ use _____ to _____ and soil _____?
 _____ products come _____ technology that _____ water usage _____ on load _____?
 Do _____ use less water by adjusting their _____ dirt?
 _____ technology _____ water use by soil or load?
 Do you have _____ that _____ water use _____ load size _____?
 Does _____ adjust _____ in appliances _____ load and soil?
 _____ any of _____ adapt _____ to load _____ dirtiness?
 Do _____ appliances have technology that adjusts _____ based on load _____?
 _____ your appliances used technology _____ adjusts _____ usage _____ load size _____ soil _____?
 Is there any _____ adapt water _____ to load _____ soil _____?
 Is there any _____ adapt _____ and soil levels?
 _____ appliances _____ water use for load and dirt _____?

Is _____ your appliance that adjusts _____ based _____ or _____?

_____ your _____ have _____ water _____ on the load _____ level _____ the earth?

_____ sensor-equipped _____ adjust water usage based _____ soil?

If _____ with _____ that adjusts _____ usage according _____ load _____ or soil level

Devices _____ adjust _____ use by _____?

Do any _____ your appliances have _____ that adjusts water _____ size?

_____ your appliances _____ to adjust _____ usage based _____ load and _____ earth?

_____ your appliances _____ to _____ use for load _____ or _____?

Do _____ appliances _____ to _____ or dirt?

_____ your appliances _____ water _____ on _____ dirt?

_____ your appliance used _____ technology _____ usage based on the _____ soil _____?

Does _____ change _____ usage _____ on _____ or soil?

_____ technology _____ adjusts water usage _____ on _____ load _____ level _____ the ground?

_____ it possible _____ appliances to _____ on size _____ dirt?

_____ if _____ come with technology _____ adjusts _____ according to _____ dirtiness levels?

Is _____ water usage by _____ or soil?

Is _____ anything in your _____ adjusts _____ based _____ and _____?

Does any _____ adjust _____ usage in _____ load or _____?

_____ your _____ use technology _____ adjusts the water usage according _____ or _____?

_____ appliance feature technology _____ use for _____ or dirt level?

Is there any technology that adjusts _____ use _____?

Is _____ device which adjusts _____ the load or _____?

Do you _____ that adjusts water usage _____ load _____?

Does _____ smart _____ that _____ water use _____ different loads and _____ of _____?

Do _____ technology that _____ the water use _____ load _____ level?

Do your _____ that adjusts _____ water usage based _____ load and _____?

Has _____ appliances _____ a technology _____ adjusts water _____ based _____ and _____ of the _____?

_____ you know if _____ appliances use technology _____ adjusts water use _____ level _____ the _____?

How _____ with _____ that _____ water use by _____ soil?

If _____ installed any appliance _____ has _____ technology _____ adjusts water usage based _____ level

If _____ have smart _____ amend _____ in _____ load and _____ conditions.

Does _____ adjust _____ usage in _____ appliances _____ or soil?

If _____ appliances _____ smart _____ usage in _____ load sizes and _____.

_____ the smart _____ on your appliances _____ water _____ to _____ and _____?

If any _____ have _____ usage in _____ load sizes and soil _____

Is _____ any _____ in your _____ can adapt _____ soil conditions?

_____ any appliances _____ smart _____ we should amend _____ usage _____ accordance _____ sizes _____ soil _____.

_____ it be _____ your products to _____ water _____ on _____ and _____?

_____ any appliances have _____ must amend water _____ in line _____ sizes and _____.

_____ your appliances use _____ on load _____ level?

Do _____ gadgets with _____ features _____ water by _____ load size _____?

Any tech that _____ to _____ and soil?

_____ appliances have smart _____ amending water _____ in adherence _____ sizes and _____ conditions

_____ your _____ smart _____ that change _____ load and dirt level?

_____ installed _____ technology that _____ the _____ of _____ based on load or soil level ,

_____ your _____ capable of _____ by load _____ soil?

If _____ have _____ sensors, _____ usage in adherence _____ load _____ and _____ conditions.

_____ appliance use a _____ that _____ the load or soil level?

Is there _____ technology _____ will _____ water _____ based _____ size or _____?

_____ there _____ in _____ appliance that can _____ water levels or _____?

Does ____ appliances have water usage ____ level?

____ your ____ technology that ____ the ____ on a load ____ soil level ____?

____ your devices measure ____ load ____ soil?

____ of ____ appliances have sensor ____ different loads ____ levels of dirt?

Does ____ adjust water use according ____ soil?

____ any appliances have smart ____ amending ____ should ____ done ____ adherence to ____ sizes ____ soil ____.

____ your ____ smart enough to ____ use ____ load ____ soil level?

Which of your devices ____ water use ____?

____ there ____ that adjusts ____ usage based on ____ soil?

Do your ____ use water ____ or dirt ____?

____ possible that your ____ use ____ for load ____?

____ it possible for ____ to adapt water ____ soil?

____ appliances use technology that ____ water usage based on ____ of ____?

____ appliances ____ that adjust the water ____ different ____ of ____?

Is it ____ for your appliances to ____ and ____ of dirt?

Are your appliances ____ technology ____ water usage on ____ size ____ level ____?

Does your appliances ____ flow ____ size or ____?

____ your ____ technology that adjusts ____ according ____ size or the soil?

Do ____ your ____ have technology that adjusts ____ use based ____ soil?

____ any technology ____ use to ____ and soil levels?

____ you have ____ that can modify ____ based ____ and ____?

____ your ____ ability to maximize water ____ on ____ size ____ soiling?

Do ____ have the ability ____ modify ____ based ____ load or ____?

____ is possible that your ____ come ____ that ____ usage ____ load and ____.

Do your appliances have the ability to ____?

____ adapt to water based ____ size or ____?

Which of your appliances has ____ different loads and ____?

____ your devices use ____ to ____ consumption to load ____ levels?

____ your devices ____ of ____ water ____ or load?

____ your appliances ____ adjust water ____ according ____ and dirt?

Do ____ appliances use a ____ water ____ on the ____ level of the earth?

Have your appliances ____ technology to ____ water ____ based ____ the ____ the ____?

Does ____ appliance ____ technology ____ adjusts water ____ on ____ load ____ of the ground?

____ any ____ adjust water usage in ____ appliance ____ soil?

____ have appliances that ____ into account load ____ soiling?

____ there ____ or technology that ____ based on load ____ soil?

____ appliances ____ smart ____ that adjust water ____ according to the ____ dirt ____?

____ your appliance use technology ____ based on ____ and ____ of the ____?

____ appliances ____ technology ____ the water usage in ____ to load ____?

____ your ____ weight/soil level ____ water utilization?

____ your appliances use technology ____ usage based on ____ load ____?

Do ____ save water ____ adjusting use ____ load size ____?

Does your ____ have ____ adjusts water use ____ size ____ dirt ____?

Is there an appliance that ____ according ____ soil ____?

Is it ____ for ____ according ____ load ____ soil levels?

Is ____ possible ____ your ____ to save ____ adjusting ____ usage for ____ and ____?

If you've ____ has ____ that adjusts water usage ____ on ____ or Soil level ____

____ affect water ____ according to load or ____?

____ your appliances ____ technology ____ use on a ____ size and ____ level ____?

____ your appliances used ____ the water ____ size or ____ level?

Does _____ sense load/soil _____ and adjust _____?

Does _____ appliance _____ water use for load size or _____?

_____ your appliances _____ smart _____ to _____ use for different loads _____?

Do _____ have water usage _____ or level?

Do _____ use _____ to adjust _____ water usage based _____ load _____ soil _____?

Is _____ any device _____ water _____ by _____ soil?

_____ appliances are playing with load _____ adapt H2O flow?

_____ appliance _____ a sensor _____ adjusts _____ usage based _____ load or _____ level?

_____ capable of modifying _____ by load _____ soil?

Any _____ technology that adjusts _____ usage _____ load and dirtiness?

_____ appliances have _____ features that change water usage _____ levels?

Is there _____ sensor _____ adjusts water _____ based on _____ and _____?

_____ know what _____ technology in _____ is doing _____ based on _____ and soil?

Do your _____ use depending on _____ size and dirt?

Do any _____ your devices _____ use to _____ and _____?

_____ of your _____ use _____ technology to _____ consumption to _____ dirt levels?

Do you _____ any _____ with _____ size _____ dirt level _____?

Did your _____ adjusts water usage based on _____ soil?

Do you have _____ or technology _____ the water usage based _____?

_____ you _____ if any _____ your appliances _____ technology _____ water usage _____ load _____ soil?

Are _____ appliances _____ of adapting _____ use _____ load _____ dirt?

_____ of _____ adjust water _____ to _____ and dirtiness?

_____ your appliances have _____ that adjusts _____ use _____ dirt _____?

Is _____ adjusted by load size or soil _____?

Can _____ use _____ based on _____ load _____ soil _____?

Is _____ a _____ usage by _____ or soil?

_____ your appliances have _____ usage based on load and _____?

_____ your appliances _____ technology _____ adjust the _____ usage based _____ or _____ levels?

Did _____ technology that _____ water usage _____ load _____ or _____ level?

Do your _____ use _____ the _____ usage according to load _____?

_____ in _____ that can adapt _____ to load and soil?

Did your _____ adjusts water _____ size or soil level?

_____ your appliance _____ water _____ on _____ or _____ level?

_____ modify water usage in _____ according _____ or soil?

Have _____ used technology that adjusts _____ usage _____ size _____ soil level _____?

_____ installed _____ that uses a technology to _____ water _____ load size or _____ level

Is there _____ that adjusts water usage _____ soil _____?

If you have installed any appliance _____ has _____ usage _____ on load size _____

What about _____ use by _____ or soil?

_____ any technology adjust _____ usage _____ load and _____?

_____ there _____ technology that adjusts _____ based on the _____ level?

Do _____ technology adjust _____ in your appliances _____ to _____?

_____ device _____ water usage based on _____ or load?

_____ your appliances _____ technology or _____ sensor that _____ usage based _____ load _____?

Is there _____ in your _____ that _____ to soil or _____?

If _____ appliances have _____ water usage in _____ with load _____ and _____ conditions.

_____ appliance used technology _____ adjusts _____ usage based _____ the _____ and _____ of the earth?

If you've _____ an _____ with _____ adjusts _____ use based _____ load _____ soil _____

Is _____ any tech _____ appliances _____ adapt water _____ to _____?

Do your appliances _____ technology _____ the _____ to _____ or soil levels?

Have _____ that adjusts the _____ usage for load _____ soil _____?

Have _____ appliances _____ a technology _____ usage _____ on load size _____ levels?

Do _____ appliances have tech that _____ use _____ load _____ or _____?

_____ any device that will _____ based on _____ or _____?

Do your _____ features that adapt _____ usage to _____ dirt _____?

Do your _____ for loads and _____?

_____ have installed any appliance _____ a _____ that _____ water _____ based _____ load or soil _____.

_____ technology or sensor _____ water usage _____ on load _____ level of the _____?

Which _____ you devices _____ use to _____ dirtiness?

Is there _____ device _____ water _____ by _____ load?

_____ a _____ that _____ water _____ based on the load and _____ of the _____?

_____ devices can _____ use according to load _____?

Were _____ appliances able _____ modify _____ on load _____ soil?

_____ your appliances _____ that reduce water usage _____ to _____ dirt _____?

_____ it possible for your _____ use _____ on load or _____?

_____ devices that _____ use by load _____ soil?

_____ appliances _____ a technology _____ adjusts _____ usage based _____ or soil _____?

Do your _____ changes _____ H2O _____ on load _____ or _____?

_____ using technology _____ adjusts water usage based _____ the _____ and _____ the _____?

Is _____ any technology _____ appliance _____ adapt to soil _____ levels?

_____ have smart sensors, _____ water usage in _____ load sizes and _____?

Is _____ your appliance _____ adapt water based _____ size _____?

_____ your appliances have smart _____ water use for different _____ and _____?

If _____ sensors, amend water usage _____ adherence _____ load and _____.

_____ it _____ for your _____ to adjust _____ by _____ and soil _____?

Is _____ in _____ that adjusts water _____ to _____ and _____?

Does _____ technology adjust _____ or soil?

_____ appliances used technology that adjusts _____ water _____ to _____ size or _____?

Does any of your _____ dirt levels?

_____ your _____ a _____ adjusts _____ usage _____ on _____ load or soil level?

_____ appliances _____ technology that _____ the _____ depending on load _____ soil levels?

_____ your appliances have _____ water use for _____ load?

_____ tell _____ if your _____ come with technology that adjusts _____ based _____ dirtiness?

Does any technology _____ according _____ load or _____?

_____ products _____ with technology that _____ water use _____ load _____ dirtiness?

_____ it possible _____ your _____ based _____ the load or soil _____?

_____ any _____ a _____ that _____ water _____ on load size or soil level

Do your _____ for load size _____ dirt level?

_____ anyone _____ your products _____ with technology _____ water _____ depending on _____ dirtiness?

_____ any technology that adjusts water usage _____ load _____ or _____ your _____?

Do _____ of your _____ consumption _____ dirtiness and _____?

Is there anything _____ appliances _____ water based _____ dirt _____?

_____ you _____ vary water usage _____ on _____ and soiling?

Does your appliances _____ adjust water _____?

_____ your appliances work _____ tech to _____ water _____ different _____ levels of _____?

Is _____ save _____ by adjusting the _____ size _____ dirt _____ your _____?

Do _____ appliances _____ to _____ based _____ size or soils?

_____ your appliances _____ the water _____ a _____ size and soil level basis?

_____ you _____ if _____ is _____ water _____ and soil in your appliances?

Did your _____ use technology that _____ for _____ or soil _____?

Have ____ appliances ____ that ____ usage based on load ____ the earth?
 ____ technology ____ water ____ your appliances according to ____ or ____?

If ____ any appliance that ____ a ____ water ____ load or soil level

Does ____ technology ____ your ____ usage ____ load ____ soil?

If ____ have ____ a technology ____ adjusts water usage ____ on load ____ the soil level
 ____ your appliances ____ that adjusted the ____ on ____ load size ____ soil ____?
 ____ you ____ appliances that can ____ your water ____ depending ____ soil?

Do your ____ flow ____ load ____ or soils?

Please ____ if ____ appliances have smart ____ water usage ____ on ____ conditions.

Does your ____ have smart tech ____ use ____ sizes and ____ of ____?

Do your ____ utilize ____ that ____ the ____ usage ____ size and ____ level?

Do ____ appliances use ____ that adjusts the ____ on ____ and ____?

Is ____ possible ____ water use ____ appliances ____ soil levels?

Is there any sensor ____ tech in your appliance that ____?

____ according to ____ load or soil of your appliance?

____ your ____ have technology ____ adjusts water use ____ size ____ level?

Do ____ sense/load ____ and adjust ____ utilization?

Is your water usage adjusted ____ soil level in ____?

____ appliances have ____ that adjusts ____ based on load size ____ level?

Do your ____ use technology ____ water ____ load size ____ soil level?

Devices ____ that ____ water use ____ load or ____?

Which ____ your devices adjust ____ to ____ or ____?

Are ____ technology that adjusts ____ a ____ size and soil level?

If ____ installed any ____ that ____ a technology that ____ use ____ on ____ or soil ____

Does ____ have ____ its water usage based on load ____ or ____?

Are ____ with ____ adjusts the water usage on a ____ and ____ level ____?

Did ____ appliances ____ technology ____ water usage ____ to load ____ soil level?

Do you have appliances ____ to ____ size ____ soiling?

Are your ____ to sense/load weight/soil ____ adjust ____?

Does ____ usage based on the ____ or ____ level?

Is there ____ technology ____ adjusts water ____ load ____ or ____ appliance?

If ____ have ____ sensors, ____ water ____ in accordance with load sizes ____ soil ____.

____ your ____ using technology ____ the water ____ load ____ soil level?

____ there ____ or ____ water usage based ____ load or soil?

____ for appliances to ____ based ____ a ____ or soil level?

Do ____ appliances have ____ usage based ____ the ____ and dirt level?

____ know ____ your appliance uses technology ____ the water ____ on ____ size and ____ level ____?

Does ____ technology ____ on appliances ____ to load ____ soil?

Do your appliances use technology ____ water usage on ____ soil ____?

____ there ____ technology ____ use ____ to load and soil ____?

Have your appliances ____ adjusts ____ usage ____ on the load and ____?

____ appliances ____ that adjusts ____ usage based ____ or soil?

____ you know ____ your appliances have technology ____ adjusts ____ and ____ level?

____ any ____ change ____ use based on ____ or ____?

Is there ____ technology in ____ water ____ and soil levels?

How about ____ adjust ____ by load ____ soil?

____ you've installed an ____ a technology ____ water ____ based ____ load ____ or ____ level

Is ____ anything in ____ adjusts water based ____ size or ____?

Does ____ technology ____ amount of ____ used according ____ or ____?

____ appliances able to adjust water usage ____ level?

_____ your _____ technology _____ adjusts _____ usage _____ to _____ size _____ soil level?
 Did your gadgets _____ water _____ usage for _____ and _____?
 _____ your appliances _____ usage based _____ load or _____?
 Did _____ appliances _____ technology that _____ water _____ the load _____ level _____ the _____?
 Is there _____ tech that _____ adapt water _____ load _____ soil _____?
 _____ your devices adapt water _____ for _____ and dirtiness _____?
 _____ your _____ able to adapt _____ consumption to _____ and _____ levels?
 Do you _____ appliances _____ maximize _____ depending on _____ soil?
 Do _____ appliances have _____ can adjust _____ for different load _____ of _____?
 Do _____ adapt _____ flow _____ load size or _____?
 _____ devices adapt water _____ load _____ dirtiness?
 _____ sensors or _____ that _____ water _____ and soil levels?
 _____ you have _____ technology that adjusts _____ on _____ or _____?
 Do you _____ that _____ water usage _____ load _____ or _____?
 _____ smart tech that adjusts _____ use for _____ sizes and _____?
 Does your _____ adapt _____ due to the _____ soils?
 What _____ appliances _____ water _____ size or dirt?
 Does your _____ water _____ based _____ load or soil level?
 _____ your appliances _____ technology that can _____ use _____ different _____ levels _____ dirt?
 Which of your appliances _____ adjusts _____ different _____ and levels of _____?
 Is _____ anything _____ your _____ adapt water _____ size _____ dirt?
 Do your _____ use _____ based on _____ dirt?
 _____ usage can be amended in adherence _____ load _____ soil _____ if _____ has _____.
 _____ appliances have smart _____ that adjusts _____ for _____ loads _____ levels of _____?
 _____ any of _____ devices adapt water consumption _____ different _____?
 Which _____ that adjust _____ for different levels _____ dirt?
 Is _____ sensor-equipped _____ water usage by load or _____?
 Which _____ have _____ that adjusts water use for _____ loads _____?
 Can _____ use _____ based on _____ load or _____?
 Have your appliances used _____ that _____ water _____ based _____ size _____ soil _____?
 Is _____ that can _____ load and soil levels?
 _____ any _____ adjust _____ usage in _____ appliance according _____ and _____?
 _____ any _____ sensors, _____ water usage in adherence to load _____ conditions is _____.
 _____ smart features that _____ modify _____ usage according _____ load _____ dirt _____?
 _____ enough to _____ water usage _____ on load size _____ soil level?
 _____ appliance _____ uses _____ adjusts water usage based on load _____ soil level.
 Do your devices adapt _____ and dirtiness?
 Do your appliances have technology _____ sensor _____ adjusts _____ the _____ or _____?
 _____ appliance _____ any technology _____ water levels or soil _____?
 _____ appliances _____ ability to adjust the _____ use _____ different _____ sizes and _____ of _____?
 Do _____ appliances use _____ adjusts _____ usage according _____ load or _____?
 Please tell us if _____ have _____ water _____ in adherence to load _____ and _____.
 _____ you have _____ modify water _____ on _____ and soil?
 _____ your appliances _____ that can _____ water _____ according _____ the _____ and dirt _____?
 Is there any _____ in _____ adapt water _____ load _____ levels?
 Did _____ use _____ that _____ the water _____ to load _____ or soil _____?
 If _____ installed any appliance _____ technology that adjusts _____ usage _____ on the load _____
 Are _____ that adjusts _____ water usage on a load _____ level?
 _____ of your appliances can adjust _____ loads and _____?
 _____ in your _____ adjusts _____ based on size or _____?

Do your _____ use technology _____ usage _____ load _____ and soil level?
 Is _____ way to _____ usage _____ load _____ soil level in _____ appliances?
 _____ appliances use technology _____ adjust the _____ usage in response _____ levels?
 Have _____ used technology _____ water usage on _____ and soil _____ basis?
 _____ your appliance _____ a technology that adjusts _____ usage based _____ load _____ level _____?
 Is _____ possible for appliances _____ load or soil _____?
 Do _____ appliances have tech that _____ use for _____ level?
 _____ your _____ have _____ that modify water _____ load and dirt _____?
 Does your appliances _____ that _____ water usage according to _____?
 Have your appliances used _____ that adjusts _____ water usage _____ level?
 Is _____ anything _____ your _____ that _____ water usage by _____ level?
 Do _____ devices use _____ technology to _____ load _____ dirtiness levels?
 Do you have _____ vary _____ usage by load _____?
 Is _____ possible to adjust _____ based _____ size _____ soil in _____?
 Does _____ appliance have technology _____ water usage based _____ load _____ or _____?
 Do your _____ use advanced technology _____ adjust _____ dirtiness _____?
 Is _____ a _____ for appliances to _____ water _____ and soil _____?
 _____ there _____ technology in appliances that _____ to _____ and _____ levels?
 _____ have technology _____ water usage based _____ load and level _____?
 Does _____ use _____ technology _____ sensor that adjusts _____ usage based _____ level?
 Are your appliances using a _____ or _____ that _____ water _____ based _____ the _____ the _____?
 _____ any _____ your appliances have _____ usage _____ on load or _____ level?
 Have _____ gadgets with smart features _____ water _____ adjusting _____ load _____?
 Is _____ a chance _____ your _____ come with _____ adjusts _____ usage based _____ dirt?
 _____ sense/load weight/soil _____ and adjusts water _____?
 Have _____ appliances used _____ that _____ water _____ soil level basis?
 _____ appliances smart _____ change _____ usage _____ on _____ and soil level?
 _____ any appliances _____ smart _____ they should amend _____ to _____ and soil _____.
 Is there a tech that _____ size _____ level?
 _____ appliances have smart _____ adjusts _____ different _____ and _____ of dirt?
 Does _____ water usage _____ on load _____ soil?
 Is _____ adjusted _____ load _____ or soil level _____ your _____?
 _____ your water _____ adjusted _____ load _____ or _____ your appliances?
 Are _____ appliances using a technology that _____ the load and level _____?
 What about _____ that _____ water _____ load _____ soil _____?
 _____ your devices _____ modify _____ by _____ or soil?
 _____ technology _____ use in _____ based on _____ or soil?
 Have your appliances _____ usage based _____ load or soil _____?
 _____ appliances have smart _____ that modify _____ load and dirt level?
 Is _____ made to _____ water _____ for _____ dirt level?
 Do your appliances _____ sensors _____ load sizes and levels of _____?
 Did your appliance _____ technology that adjusts water _____ based _____ soil _____?
 _____ it _____ your _____ to _____ based on _____ load or level _____ the _____?
 _____ appliances _____ that adjusts _____ usage on load size _____ level?
 Did your _____ that adjusts water _____ on the _____ or _____?
 _____ that _____ water _____ by load and dirt level?
 Is _____ to _____ water _____ according to load _____ soil _____?
 Do _____ appliances _____ adjusts _____ use to load and _____?
 Do _____ appliances _____ features to _____ water usage _____ and dirt _____?
 Does your appliance _____ adjusts _____ use based on the _____ and _____ of _____?

_____ any appliances _____ water usage in _____ to load _____ and soil _____.

_____ be able _____ modify water _____ based on _____ soil?

_____ that _____ the water usage _____ response to load _____ soil levels?

If any appliances _____ be able to amend water _____ to _____ and soil conditions.

_____ appliances have _____ that _____ water _____ for _____ levels of dirt?

Is it possible _____ have technology _____ usage based _____ or soil _____?

_____ your _____ have features _____ water _____ to load _____ dirt levels?

_____ possible to adjust water usage in _____ according _____ soil?

Should _____ appliances have smart _____ modify _____ usage according to _____?

_____ you have appliances that can change _____ usage _____ on _____?

_____ your appliances _____ a sensor _____ adjusts _____ based on _____ level?

Can your _____ water based _____ load or _____?

_____ water usage based on load size _____ in _____ appliance?

_____ your _____ consumption to _____ and dirt levels?

Do your _____ the _____ modify water _____ by _____ or _____?

_____ have _____ features that use less _____ according to _____ dirt _____?

Have you used technology _____ adjusts _____ water _____ a _____ and _____?

Have _____ technology that adjusts the _____ on _____ load size _____ level?

Does the _____ adjust water _____ according _____ soil?

Which _____ that _____ water use _____ different levels of dirt?

Does _____ adapt _____ flow due to _____ or _____?

Have _____ used _____ to adjust water _____ on the _____ soil _____?

Does _____ change _____ usage on appliances according _____ load _____?

Do your _____ consumption to _____ and dirtiness _____?

Is there technology that adjusts water _____ for _____?

Did your appliance use technology _____ the _____ size _____ soil levels?

Will your _____ come _____ that adjusts _____ usage _____ load and _____?

Any _____ your products will come _____ technology _____ adjusts _____ based _____ dirtiness?

Is it _____ use _____ usage by _____ size or _____ level?

Do your appliances _____ that _____ use _____ on _____ the soil level?

_____ clarify if any _____ smart _____ and amend _____ usage based on _____ soil _____.

Have your _____ using technology _____ adjusts the water usage _____ load _____ and _____?

Do _____ know _____ any of _____ appliances have technology _____ adjusts water _____ based _____ and _____?

Is _____ in your _____ adjusts water based on _____ dirt?

_____ your appliances have smart _____ that _____ use based _____ load _____?

Do _____ appliances that can _____ use _____ load _____ and soiling?

Is _____ any _____ usage according to the load _____ level?

_____ know _____ your products come _____ technology _____ adjusts _____ based on _____ dirt?

There _____ a _____ come with _____ that adjusts water _____ depending on _____.

_____ there any _____ in _____ appliances that _____ based on size _____?

_____ your products _____ with technology _____ water usage depending _____ and _____.

_____ appliances have sensor that adjust _____ use for _____ dirt _____?

_____ you _____ any technology _____ adjust water _____ based _____ load or _____?

_____ appliances _____ technology that adjusts the _____ load size or soil _____?

_____ adjust the water _____ on _____ load size and soil level?

_____ products come _____ technology that adjusts _____ usage _____ load _____ dirtiness?

If you've _____ that has a technology _____ water _____ based on _____ size _____

_____ appliances _____ technology _____ adjusts water use on a _____ soil _____ basis?

Do _____ appliances use technology _____ that _____ water _____ the _____ soil level?

Which _____ appliances has _____ that adjust _____ use _____ loads and levels _____?

_____ usage may be adjusted by _____ your appliances.

If _____ an appliance with a _____ that adjusts water _____ or _____ level

Does _____ appliance _____ adjust the water usage _____ load size or _____?

_____ your _____ monitor water use _____ or dirt _____?

_____ any tech to _____ water use according _____ and _____?

Does your _____ sensor _____ adjusts water use _____ load _____ or _____?

Devices that _____ use _____ soil?

_____ installed any _____ that _____ adjusts _____ usage _____ on the load or soil level.

Do _____ appliances come with _____ that adjusts water _____ for _____ and _____?

Is _____ a device _____ use by _____ soil?

_____ that your _____ water _____ for load or soil?

If appliances _____ sensors, _____ should amend water usage _____ sizes _____ conditions.

Do your appliances have _____ that _____ usage in _____ size or _____?

Do _____ have _____ to adjust _____ use for _____ and _____ levels?

Does _____ smart tech _____ for different load sizes and _____ of _____?

If you've _____ any _____ that has a technology _____ based on _____ or _____

_____ have _____ that _____ use according to _____ and dirt level?

_____ any sensor-equipped _____ that adjusts water usage _____ load _____ soil?

_____ your _____ have _____ to modify _____ use _____ load or _____?

_____ appliances used a technology _____ the _____ usage on a _____ and _____ level _____?

Is your appliances smart enough to _____ usage _____ soil _____?

Which _____ your appliances has _____ system for _____ water _____ and _____?

Are _____ appliances _____ technology _____ adjusts _____ water _____ based on _____ and _____ the earth?

_____ it possible that _____ can _____ use _____ or load?

_____ your device _____ change _____ use _____ load or _____?

Have your appliances used _____ adjusts water _____ load _____ soil _____?

_____ have _____ that _____ water _____ on _____ load size and soil level?

_____ any _____ have _____ that _____ use based _____ load and soil?

_____ appliances have smart _____ that modify _____ load and dirt?

Did your _____ a technology _____ adjusts the water usage _____ soil _____?

Do you _____ adjust _____ based on load and _____?

_____ there a _____ that _____ based on _____ load _____ soil?

Does any _____ adjust water _____ soil or _____?

Do _____ appliances _____ smart tech _____ adjust water use _____ and _____ dirt?

Do _____ have _____ usage based on the load _____ or soil level?

Do your _____ have technology that adjusts _____ or _____ levels?

Is there _____ technology _____ adapting _____ to load _____ soil?

_____ any of your _____ have _____ technology that _____ usage _____ or soil level?

Do _____ of _____ appliances have technology _____ water usage _____ load size _____?

_____ appliances work with _____ to _____ load sizes and levels of dirt?

Do your _____ have _____ adjusts _____ use _____ size or _____ levels?

Do your _____ water _____ to load _____?

Do _____ appliances adjust the _____ load _____ soil?

_____ your appliances _____ based on the load and level _____ the _____?

Is it possible to _____ usage _____ load _____ soil _____ your _____?

_____ your appliance _____ technology that _____ usage based _____ load _____ and _____ level?

_____ able to change _____ usage based _____ load _____ soil?

If you've installed _____ appliance that _____ a technology _____ based _____ size or _____ level

Is _____ that _____ based on _____ load or soil?

_____ of _____ that adjusts water use for different loads _____ of _____?

Is your _____ water usage _____ load _____ soil level?

Does _____ appliance _____ sensor _____ water _____ load size or _____ level?

Is _____ any _____ adjusts _____ use based on _____ in _____ appliances?

Do your appliances _____ smart tech _____ the _____ use for _____?

Does any technology use load _____ soil _____ adjust _____?

Has your appliances _____ adjusts the _____ usage _____ on _____ size _____ levels?

Do any _____ technology _____ adjusts the water _____ based on load _____ level?

_____ there _____ that can _____ water usage _____ on _____ or soil?

_____ your _____ have smart tech to _____ use based _____ load _____?

Does _____ appliance have _____ that adjusts _____ use based _____ soil _____?

Is _____ appliances _____ of modifying _____ to the _____ and dirt _____?

Do you know if _____ in _____ using _____ based _____ load _____ soil?

_____ devices _____ water use according to load _____?

If _____ have _____ any appliance _____ technology that adjusts water _____ based on _____ size or _____

Is _____ that _____ adapt _____ due _____ load _____ or soils?

_____ any of your _____ have _____ that _____ usage _____ load size _____ the soil _____?

_____ appliance _____ adjusts _____ water usage _____ a load size and _____ level?

_____ that adjusts water use based _____ load or _____?

Is there any device _____ can _____ based _____ load _____?

_____ know what the technology _____ use _____ load and soil in _____?

_____ of _____ has a sensor _____ adjusts water use for _____?

_____ appliance _____ the water _____ on a _____ and soil level basis?

_____ your _____ adapt _____ usage to _____ and _____?

Do your _____ smart _____ water _____ usage _____ load size and _____?

Is _____ or sensor _____ adjusts water usage based on _____ or _____?

_____ appliances _____ technology that adjusts the water _____ based _____ the _____ or _____?

Have _____ used _____ the water _____ on load size or _____ level?

Please clarify if _____ smart sensors, _____ water _____ to load sizes _____ conditions

Is _____ for your appliances _____ water use for different loads _____?

_____ appliances use _____ to adjust your _____ based _____ the _____ and _____ of the _____?

_____ appliances _____ sensors _____ adjust the _____ use for _____ and levels _____ dirt?

Has your appliance used _____ technology _____ usage on _____ size and soil _____?

Do your _____ water use for _____ loads _____ levels of _____?

_____ appliances _____ technology that adjusts the water _____ according _____ soil?

Can your appliances _____ technology to _____ water _____ on a _____ size _____?

Is _____ smart enough to _____ based on _____ and _____ level?

What _____ appliances that _____ water _____ according _____ and _____ levels?

_____ you have _____ sensors _____ adjust _____ based _____ load _____ soil?

Do _____ appliances have _____ for load size or dirt _____?

_____ appliances _____ sensors _____ adjust _____ use for _____ and _____ of dirt?

_____ appliance have _____ that _____ water _____ for _____ level?

Do _____ know if your _____ technology _____ adjusts _____ a load size _____ level?

_____ any of _____ appliances have a way _____ based on _____ or _____ level?

_____ any technology _____ usage _____ your _____ based on _____ soil?

_____ your _____ able to sense/load _____ adjust _____ usage?

Do _____ of _____ have _____ adjusts water usage _____ load or soil _____?

_____ can be _____ in adherence to load sizes _____ the appliance has _____.

Is _____ possible for _____ to _____ water based on size _____?

_____ appliances _____ tech that _____ water use for _____?

Do _____ devices that change _____ soil or _____?

_____ there _____ that adjusts water usage _____ load or _____?
 _____ your _____ technology that adjusts _____ for _____ size or _____ level?
 If _____ possess smart _____ amend water _____ adherence to load sizes _____.
 _____ it possible that your _____ adjust water _____ by _____ or _____?
 _____ of your appliances _____ a system that adjusts _____ for _____?
 _____ installed any _____ has a technology _____ based on load _____ or soil level
 _____ appliance use _____ water usage _____ load or soil level?
 _____ that _____ water use by _____ or _____?
 Does _____ appliances _____ water _____ on _____ load _____ level?
 _____ been using _____ to adjust _____ usage on a _____ size _____ soil level _____?
 _____ any sensor or _____ adjust _____ load or soil?
 _____ you've _____ has a technology that adjusts water usage _____ the _____ of the ground.
 _____ your appliances _____ smart _____ to adjust _____ for different _____ sizes _____ dirt _____?
 If any appliances _____ smart sensors, _____ water usage _____ sizes _____ soil _____
 Do any _____ technology to _____ use based on _____ soil level?
 Do your appliances _____ or sensor _____ adjusts water _____ on _____ and level _____?
 Does any technology change _____ amount of water _____ soil?
 Are _____ any _____ that _____ water usage based _____ load _____?
 _____ smart _____ that _____ adjust _____ use for _____ loads and dirt?
 Do _____ devices _____ that changes water use _____ soil _____?
 Is _____ a tech _____ water use according _____ soil _____?
 How about devices _____ change _____ load or _____?
 _____ appliances _____ that adjusts _____ use _____ on the _____ level _____ the earth?
 Is there _____ adapt water use according to _____ soil _____?
 _____ your _____ use _____ water usage based _____ level of the earth?
 _____ it _____ for your appliances to _____ on _____ dirt?
 _____ chance your products _____ technology that _____ water usage according _____?
 _____ any _____ water usage depending on load _____?
 Does _____ sensor-equipped _____ adjust water _____ based _____ soil?
 _____ there any technology that _____ water usage _____ soil?
 _____ have _____ that _____ water use for load type or _____?
 _____ appliances use water based _____ load _____ dirt _____?
 _____ use water differently _____ load or dirt _____?
 Which _____ your _____ water use according _____ or _____?
 _____ any sensor-equipped devices _____ based _____ load or soil?
 _____ you know _____ your _____ load size _____ level sensitive _____?
 Is _____ adjusts water use _____ on _____ load or _____?
 Do your appliances _____ to adjust the _____ usage on _____?
 _____ chance your products have _____ that _____ water _____ on _____ and _____?
 _____ your appliance _____ adjusts water _____ based on _____ or soil _____?
 Does _____ technology change _____ use _____ your appliance _____ soil?
 Does your _____ a _____ sensor _____ adjusts _____ based on the _____ or soil _____?
 _____ there _____ sensor-equipped _____ that _____ water _____ based _____ load _____ soil?
 _____ your appliances have _____ affect _____ usage by _____ and _____ level?
 _____ that has a _____ adjusts water usage based on load _____ the level of _____
 _____ how much water _____ use _____ on load _____ soil level?
 _____ any technology _____ use in _____ to load _____ soil?
 _____ appliances have smart _____ we _____ usage in accordance _____ load sizes and _____.
 Are your appliances _____ smart tech _____ use _____ and levels _____ dirt?
 _____ appliance _____ a _____ that adjusts water usage _____ or soil _____?

Do ____ appliances use a ____ adjusts water usage based ____ load and ____ ?

____ you know if ____ products come ____ adjusts ____ based on ____ and ____ ?

Are ____ appliances ____ the water ____ load ____ and soil level basis?

____ any technology ____ water usage ____ load ____ ?

____ if ____ of your appliances ____ load ____ or ____ level sensitive ____ ?

____ your appliance ____ smart ____ that ____ usage based ____ and dirt ____ ?

Does ____ your water ____ to load or ____ ?

____ appliances have sensor that adjust ____ for different ____ and ____ ?

Do your ____ load or soil?

Are ____ appliances capable ____ based on a ____ level?

Do ____ devices ____ their ____ consumption ____ dirt ____ loads?

____ appliances ____ technology that ____ the water ____ size and soil levels?

Can ____ use ____ based ____ the load or ____ .

____ any appliances have smart ____ can ____ usage in adherence ____ load ____ soil ____ ?

____ use technology that adjusts ____ water usage ____ to ____ or soil ____ ?

____ of ____ have a system that ____ water ____ levels of ____ ?

____ it possible that your appliances ____ water ____ or ____ ?

Can ____ use water ____ on load or ____ ?

Do ____ adjust ____ usage ____ appliances according to load ____ ?

If ____ appliances ____ they should amend ____ usage ____ accordance ____ and soil conditions.

Have ____ ever ____ technology that adjusts ____ water usage ____ a ____ size ____ level ____ ?

____ you ____ appliances that ____ water ____ on ____ and soil?

Do your appliances have ____ adjusts ____ based ____ the load and ____ of the ____ ?

Do your ____ smart features ____ use less ____ the ____ and dirt ____ ?

____ appliances ____ tech ____ adjusts ____ water use for different ____ and dirt ____ ?

Do your ____ features ____ adjust water ____ according to ____ level?

____ there ____ that adjusts water ____ on ____ or soil?

Are your ____ usage based on load and ____ level?

Do ____ appliances ____ tech ____ water use ____ load and dirt?

____ any ____ your appliances ____ can ____ to water ____ or soil?

Are your appliances ____ to ____ the ____ on ____ load ____ soil level?

____ there ____ adjust the water usage ____ load size ____ level basis?

Do ____ adapt water ____ load ____ dirtiness levels?

If you've installed ____ a ____ adjusts water ____ according ____ load size or ____ level

Do ____ products have ____ adjusts water usage depending ____ and dirt?

____ you've ____ has a technology that adjusts ____ usage ____ on load ____ or ____ Level

____ you've installed ____ has a ____ that ____ water usage ____ to load or ____ .

Is ____ in your appliances that ____ usage ____ load size ____ level?

Do ____ have ____ that ____ maximize ____ usage ____ load size ____ ?

____ technology ____ water usage ____ appliances according to ____ load and ____ ?

Have your appliances used ____ usage by the ____ and ____ of ____ ?

____ any technology use load ____ soil ____ water ____ ?

____ your appliance ____ that adjusts water usage based ____ the ____ level?

____ that adjusts ____ usage according to load or ____ ?

____ there any device ____ usage according ____ the load ____ ?

Is any ____ to adjust ____ according to load ____ ?

Do ____ that adjusts water ____ load or dirt ____ ?

If ____ installed any appliance ____ has a technology that adjusts ____ based on ____ soil ____

____ any sensor-equipped ____ can adjust water usage ____ on ____ soil?

Is it ____ to ____ by ____ size and ____ on your ____ ?

Is your _____ water use for _____ or _____ dirt level?
 _____ there _____ that _____ water _____ based on _____ and soil?

Which of _____ a _____ for adjusting _____ use for _____?

Did your appliances use _____ adjusted _____ water _____ on _____ load _____?
 _____ appliances _____ H2O flow _____ size or soils?

Are _____ of adjusting water use _____ size and _____?
 _____ any _____ water usage _____ according _____ load or soil?
 _____ appliances have smart _____ that can _____ the water _____ for _____ and _____?
 _____ your _____ to change _____ usage _____ on _____ size or soil _____?
 _____ if any appliances have _____ sensors, amending _____ in _____ with load _____ soil _____

Is _____ anything _____ your appliance that _____ the _____ based _____ dirt?
 _____ your appliances _____ technology _____ water usage based on _____ size _____ soil?
 _____ your _____ able _____ modify water use _____ soil or _____?
 _____ have features that _____ water _____ according to load and _____?

Does _____ appliance have _____ ability _____ adjust _____ usage _____ soil level?
 _____ of your _____ system for adjusting _____ use for _____ dirt?
 _____ your appliances _____ technology that adjusts _____ water use _____ size _____?

Did your _____ use _____ adjusts _____ on load _____ level _____ earth?

Is _____ any _____ that can _____ according to _____ and soil _____?
 _____ of your appliances have technology that adjusts _____ usage _____ soil?

Which appliances have _____ that adjusts _____ use _____ dirt?

Do _____ the ability _____ water use for different _____ and levels _____?
 _____ your appliance _____ of _____ water _____ and dirt level?
 _____ your appliances _____ that _____ water usage _____ load _____ soil level?
 _____ if your appliances adapt _____ on size _____ dirt?

Do your devices _____ technology _____ use _____ or soil?

Do _____ have _____ adjusts water _____ load size and _____?
 _____ your _____ water by adjusting _____ load _____ and dirt?
 _____ capable _____ altering water _____ by _____ or load?
 _____ your appliances _____ technology _____ water _____ to _____ load _____ level of _____ earth?

Do you _____ technology _____ the _____ use for _____ or dirt _____?
 _____ you have _____ that can _____ water _____ load _____ and soiling?

Does your appliance have _____ that _____ based _____ load _____ soil _____?

There is a chance _____ your _____ come _____ that _____ based _____ load and _____.

Do you know _____ the _____ in your _____ water _____ based _____ load _____?
 _____ you've _____ any _____ that has a technology that _____ use based _____ load size _____
 _____ your _____ used _____ that _____ water use _____ a _____ soil level?

Did your _____ use technology _____ adjusts the _____ a _____ and _____?
 _____ adjust the water usage in your _____ according _____ or _____?
 _____ devices capable of _____ by load or _____?

_____ any of your _____ come with technology _____ water usage based _____ load _____?

Is it _____ adjust water usage _____ on load _____ appliances?

Is _____ to have _____ use water _____ or soil level?
 _____ you've installed _____ that uses _____ technology that adjusts _____ usage _____ load _____ or soil _____
 _____ your _____ water based on the load _____?

_____ of your household appliances _____ technology that adjusts _____ based _____ load _____ level?
 _____ of your appliances have _____ adjust _____ use _____ dirt _____?
