

[Demo] NLP Dataset for Customer Service Automation

Company Type	Online Banks and FinTech Companies
Inquiry Category	Password and login problems
Inquiry Sub-Category	Two-Factor Authentication (2FA)
Description	Customers may seek assistance with enabling, disabling, or troubleshooting two-factor authentication methods, such as app-based authenticators, email verification, or phone call authentication.
Data Size	8,075 paraphrases
Want to buy data?	Please contact nlp-data@gross.me via your business email address.

Masked sample paraphrases of one "Online Bank and FinTech Company" customer inquiry. (Purchased data will not be masked.)

Is it possible _____ use _____ One-Time Passwords _____ authentication via _____?

Can _____ stick _____ One-Time Passwords _____ not _____ having dual _____ with mobile _____?

Can't _____ just _____ Passwords, instead of using _____ dual _____?

Is it possible to _____ just One-Time _____ opposed _____ dual _____ with _____?

_____ possible to only _____ Passwords without implementing _____ factor security on _____?

Is _____ possible to _____ dual factor _____ time passwords?

Is it _____ passwords _____ dual factor security _____ mobile devices?

Is _____ possible to _____ to go _____ dual _____?

Is _____ to _____ dual factor with _____ time _____ apps?

Is it possible _____ only _____ one-time _____ instead _____?

_____ it _____ use One-Time passwords _____ using _____ factor _____ on mobile _____?

_____ it possible to use one _____ of _____ on _____?

_____ it be possible _____ passwords for _____ devices?

Is _____ to switch from _____ app _____ time _____ verification only?

_____ is a _____ can use only _____ instead of _____ Mobile _____ factor.

Is it _____ to _____ use _____ use Mobile App _____ factor?

Is it _____ to _____ instead of performing dual _____ devices?

_____ it _____ to use One-Time Passwords instead _____ in mobile _____ and _____?

Do _____ Passwords _____ need _____ dual-factor for _____ devices?

_____ we just _____ one-time _____ instead _____ using _____ devices?

Can we _____ to _____ instead _____ using the dual _____?

Is _____ possible to _____ One-Time Passwords instead _____ applications and devices?

_____ it possible to _____ only _____ Passwords instead _____ dual factor _____ via _____?

Can _____ use _____ passwords _____ on _____?

_____ possible to use _____ one-time _____ without using _____ on _____ devices?

_____ it possible _____ just One-Time _____ instead of using dual _____ Devices/Applications?

Is it _____ passwords _____ the need _____ dual-factor Authentication?

Is it _____ to use _____ Passwords instead of _____ password _____?

_____ possible _____ eliminate dual-layer security _____ applications through exclusive _____ on One _____ Passwords?

Is _____ dual-factor verification in favor _____ use codes _____?

Is it possible _____ use one time _____ rather _____?

Would _____ possible _____ Passwords instead _____ using dual factor?

_____ we _____ One-Time Passwords _____ Mobile _____ dual factor?

_____ it _____ to switch _____ Password verification from _____ App _____ factor?

_____ it be _____ one-time passwords without the _____ dual factor?

_____ possible _____ solely use OTPs instead _____ on apps?

_____ one-time passwords for mobile devices and applications?

One-Time Passwords _____ a better _____ than _____ setup _____ devices.

_____ possible _____ use one-time passwords _____ using _____ factor?

Is it possible to use _____ using dual _____ passwords _____ Mobile _____?

_____ possible to _____ only one-time _____ negates _____ necessity _____ dual-factor authentication?

Is it _____ make use _____ without the _____ for _____ authentication?

Is _____ possible to have _____ for mobile _____ and _____?

Can _____ on _____ Passwords instead _____ dual-factor _____?

_____ it _____ to _____ to _____ Passwords _____ not _____ dual factorAuthentication?

_____ possible _____ use _____ using dual factor passwords with mobile devices?

Is _____ only _____ one _____ passwords instead of _____ on _____?

Can _____ dual _____ only one-time passwords?

_____ possible _____ One-Time Passwords rather than the dual-factor _____?

Is it possible _____ just One-time passwords _____ with _____?

Is it possible to _____ passwords rather _____ dual-factors _____?

Is _____ possible _____ use One-Time passwords _____ perform _____ security _____ devices?

_____ we _____ over to One-Time Passwords _____ with _____ factor?

_____ single-use passwords _____ the need _____ mobile devices?

_____ use one-time password _____ of a _____ app _____ dual-factor auth?

Is it possible _____ one-time _____ instead _____ factor _____?

Can't we just _____ on _____ not have _____ use _____ Devices _____ dual _____?

_____ it _____ to _____ Passwords and _____ use the _____ factor on _____ devices?

It _____ remove dual-authentication _____ favor _____ sole reliance _____ passwords via mobile _____.

Would it be _____ to use _____ One-Time _____ factor on _____?

_____ we just stick _____ using _____ Passwords instead of using _____?

_____ a _____ One-Time Passwords instead of _____ the _____ on mobile devices?

_____ possible to _____ authentication to using only one-time _____?

_____ you switch from _____ App _____ One-Time _____ verification?

_____ you _____ it is _____ to _____ dual _____ via mobile _____?

_____ it possible _____ only use _____ two-factor on applications?

_____ to use _____ One-Time password _____ an _____ to _____ a _____ factor password?

Is relying _____ passwords satisfactory without using _____ in _____?

_____ it _____ possible to use only _____ without _____ factorAuthentication _____ devices?

Is _____ to remove dual _____ apps?

_____ it _____ use One-Time _____ instead _____ implementing _____ factor?

_____ use One-Time _____ as _____ alternative to use _____ factor _____ mobile devices?

Is it _____ to _____ dual-authentication _____ rely _____ on _____ passwords via _____?

Is it _____ use One-time passwords as an _____ performing dual _____?

Is _____ over to _____ without using _____ dual factor?

_____ it _____ to use _____ one-time passwords _____ dual _____ Authentication via _____ Devices?

_____ it possible _____ only _____ time passwords _____ dual factor?

Is it possible that _____ on One-Time Passwords _____ of _____?

OTPs ____ be ____ instead ____ apps.

____ sole ____ on one-time ____ via mobile apps ____ approach?

Is it ____ to ____ one-time ____ instead ____ dual-factor?

Is it possible to rely solely on ____ using ____?

Can ____ use one-time ____ to ____ App ____ factor?

____ it ____ Passwords instead of the dual-factor setup on ____?

____ only use One-Time Passwords ____ we ____ to ____ factor?

Do single-use ____ as ____ alternative ____ factor using mobile ____?

Is ____ possible ____ one-time passwords ____ using mobile ____?

____ replace the ____ Authentication with just ____ passwords?

____ it possible ____ dual-factor with ____?

Is ____ appropriate ____ use One-Time ____ and not ____ the ____ App ____?

____ we ____ rely ____ One-Time ____ of ____ factor authenticating?

____ use ____ passwords ____ mobile ____ and devices?

____ eliminate the ____ Authentication involving mobile devices ____ applications?

____ switch from two-factor app verification ____ only one ____?

Can ____ use ____ passwords for mobile ____ and ____?

Can we ____ just one-time ____?

Is it ____ to ____ on ____ instead of ____ in ____ apps ____ devices?

Is it ____ to ____ One- Time passwords ____ dual factor?

Is exclusive ____ One ____ eliminating ____ for ____ on mobile devices?

____ it ____ only use One-Time Passwords ____ mobile ____ dual factor security?

Is it ____ to ____ only ____ One-Time Passwords when ____?

____ possible to just ____ using ____ Time ____ instead of using ____?

Is there a ____ Passwords rather than ____ on mobile devices?

____ it ____ to just use ____ passwords ____ of ____ ones?

Is ____ use ____ Passwords instead ____ factor security ____ my mobile?

Is it possible for ____ only one-time ____ dual ____?

____ possible to rely ____ One- Time ____ of using ____ factor?

Is it ____ rely ____ One-Time Passwords ____ apps?

Is it ____ to switch from ____ Passwords?

____ to change from ____ app dual ____ to ____ verification?

Is ____ to ____ factor in ____ applications ____ we only ____ passwords?

____ it possible ____ not ____ factor via mobile ____?

____ we use one-time passwords ____ factor ____ mobile devices?

____ it ____ to ____ instead of ____ Authentication on mobile devices?

Is ____ One-Time Passwords instead of dual ____ using ____ apps?

____ it possible to rely on One-Time ____ factor passwords ____?

____ possible to ____ single-use passwords in ____ of ____?

Can ____ just ____ passwords, instead ____ factor?

Is it ____ to only ____ dual factor auth?

____ the dual ____ with ____ password?

____ a chance we can ____ only One-Time ____ using ____ dual ____ Authentication?

Is ____ way to ____ mobile ____ with One-time ____?

____ a chance ____ can choose ____ instead of using Mobile ____ FactorAuthentication?

Is it ____ use one-time password instead ____?

Is it ____ to ____ Passwords ____ of ____ factor ____ via mobile ____?

____ possible to ____ only One-Time Passwords ____ of ____ factor auth ____?

Is ____ to ____ using mobile ____ just ____ one-time passwords?

Can ____ stop ____ dual ____ authentication if ____ one-time passwords?

Is it possible to eliminate dual-authentication _____ sole _____ on _____ ?

Can _____ only on one-time _____ instead _____ ?

_____ it _____ rely _____ just one-time _____ without dual-factoring _____ mobile _____ ?

Can _____ only _____ using mobile devices?

Would _____ be possible _____ only one _____ using dual factor _____ ?

_____ it _____ rely _____ on _____ Passwords using mobile _____ ?

_____ it _____ to _____ dual-authentication and _____ one-time _____ mobile apps?

Is it possible _____ only _____ Passwords instead _____ using _____ ?

Is it safe _____ switch from Mobile _____ dual _____ to _____ ?

_____ One-Time _____ without implementing dual _____ authentication _____ mobile devices?

_____ it _____ to _____ One-Time _____ factorAuthentication on Mobile Devices?

Is _____ possible _____ just use One-Time _____ of _____ factor _____ mobile?

_____ choose only one _____ can _____ eliminate _____ factor?

_____ think _____ is a way to _____ use one-time passwords _____ ?

Is _____ possible to use _____ Passwords _____ two-factor app _____ ?

Is it _____ to switch _____ to One-time Passwords _____ use _____ on _____ ?

Is _____ possible _____ a _____ an _____ to dual factor security?

_____ solution that _____ only _____ passwords _____ using the dual-factor setup?

_____ we just use _____ instead of _____ for dual factor _____ ?

Is it _____ use _____ One-Time Passwords _____ Mobile App _____ security?

Is _____ possible to _____ over _____ not use dual _____ mobile devices?

_____ possible _____ switch over _____ One-Time Passwords and _____ dual _____ for Mobile _____ ?

Is it _____ to _____ One-Time passwords _____ of using _____ mobile _____ ?

Is it possible to _____ Passwords _____ of _____ with mobile _____ ?

_____ it possible _____ eliminate _____ only _____ one-time passwords _____ mobile _____ ?

_____ possible to switch _____ One- Time Passwords and not _____ factor _____ ?

_____ we _____ One- Time _____ instead _____ mobile devices for _____ factor?

Is it _____ to rely only _____ using mobile _____ ?

Is reliance on _____ passwords satisfactory without _____ systems _____ ?

Is _____ possible _____ one-time passwords _____ dual factor?

_____ possible to rely _____ one-time _____ instead _____ factor auth?

_____ we just use _____ passwords _____ factor security?

_____ use one-time passwords _____ of dual factor _____ using _____ apps?

_____ it _____ to _____ over _____ One-Time Passwords _____ use dual factorAuthentication on _____ ?

_____ it _____ to use _____ instead _____ using _____ factor _____ mobile devices?

_____ could _____ the _____ app dual factor with _____ .

Is _____ to switch over _____ not _____ factor authentication through _____ devices?

Is _____ possible _____ only rely on One- _____ using _____ ?

Is _____ possible _____ can _____ only _____ Passwords instead of _____ Mobile App _____ ?

_____ possible to solely _____ OTPs, _____ two-factor _____ apps?

Is _____ possible to only use _____ using _____ factor _____ ?

Is it _____ to _____ just _____ instead of _____ dual _____ ?

_____ it _____ solely use _____ instead of two-factor _____ ?

Can't _____ one-time passwords instead _____ Mobile Devices/APPS for _____ ?

_____ just one-time _____ on _____ applications?

Is _____ a way _____ use _____ of using dual-factor?

_____ a way _____ use _____ Passwords _____ of dual _____ security?

Can _____ stick to One-Time Passwords _____ of having _____ Mobile _____ ?

_____ it _____ to use _____ Passwords _____ than _____ dual _____ with mobile _____ .

Do _____ Passwords eliminate the _____ for mobile _____ applications?

____ we ____ one-time passwords, ____ eliminate dual factor ____ mobile ____?
 ____ just stick to one-time ____ the dual ____ thing?
 ____ choose One-Time Passwords, ____ dual factor ____?
 ____ we ____ one-time passwords ____ of ____ security?
 Is it ____ use ____ one-time passwords and ____ use ____ factor?
 ____ possible to only use One-Time ____ dual ____ security on ____?
 Would it ____ possible ____ use ____ Passwords ____ using dual factor ____ Devices?
 Is ____ safe ____ from mobile app ____ to ____ only?
 ____ it ____ only One-Time Passwords instead ____ dual factor ____ apps?
 Would it ____ possible ____ without using ____ factor in ____ devices?
 ____ use one-time passwords, ____ using dual factor?
 ____ possible to ____ to ____ One-Time Passwords instead of ____?
 Is ____ possible ____ skip ____ with ____ apps?
 Is ____ possible ____ eliminate dual-authentication ____ passwords via ____ apps?
 ____ it possible to ____ the ____ of using ____ devices ____ dual factor ____ one-time ____?
 ____ it ____ use just ____ Passwords instead ____ dual ____ for mobile ____ applications?
 Does ____ of ____ Time password trump ____ Two-step ____ by ____ technology?
 Can ____ use One-Time Passwords ____ of using ____?
 Would it be ____ choose ____ using dual factor ____?
 We ____ use just ____ passwords ____ factor for ____ devices.
 ____ we just rely ____ One-Time ____ factor?
 ____ it possible ____ One-Time ____ use the Mobile ____ dual factor?
 Is it possible to use just ____ passwords ____ dual ____ for ____ devices ____?
 Is ____ possible to ____ just one-time passwords as ____?
 ____ using ____ passwords ____ using ____ check ____ in Mobile Devices?
 Is ____ to stick ____ using One-Time ____ factor security on ____ phone?
 ____ to eliminate dual-authentication in ____ of ____ use passwords ____ apps?
 ____ it possible ____ use ____ instead of ____ on ____ devices?
 ____ it ____ to use One-Time ____ instead of using ____ factor ____ mobile ____?
 Can One-Time Passwords ____ used ____ devices and ____?
 ____ there ____ can use only ____ Passwords instead of ____ App dual ____?
 It ____ possible ____ One-Time Passwords ____ using the ____ on mobile devices.
 ____ possible ____ use ____ passwords instead ____ dual factor accounts ____ mobile ____?
 ____ One-Time Passwords ____ instead of ____ dual-factor ____ mobile devices/apps?
 Is ____ possible to only ____ One-Time Passwordsm ____ losing ____ app?
 ____ use ____ passwords instead of ____ Mobile ____ dual factor?
 ____ it ____ could ____ only One-Time Passwords ____ of using ____ App ____ factor ____?
 Is ____ to switch over entirely to ____ and ____ in applications?
 ____ it ____ dual-authentication ____ favor of sole reliance on one-time passwords ____?
 ____ using ____ password possible instead ____ dual-factor ____ verification?
 ____ only use ____ Passwords, ____ of using ____ factor access?
 Is ____ possible to replace dual-factorAuthentication ____ on mobile ____?
 ____ we ____ only one time passwords, ____ we eliminate ____?
 Is ____ to ____ One-Time passwords as an ____ doing dual ____ devices?
 Can ____ One-Time Passwords ____ of using dual ____?
 ____ it ____ to ____ solely ____ Passwords, ____ of using ____ apps?
 Is ____ to use single-use ____ secondary ____ systems in mobile ____?
 ____ it possible ____ solely ____ One-Time ____ of dual-factoring?
 Is ____ to use one-time ____ instead of ____ apps?
 Is ____ possible ____ use ____ Passwords ____ dual factor security ____ devices?

Could one-time passwords be _____ setup _____ mobile devices?
 _____ possible _____ from two-factor _____ authentication to _____ OTPs?
 Is _____ use _____ One-Time Passwords _____ not _____ Mobile _____ dual _____ Authentication?
 Is it possible to _____ instead _____?
 _____ we _____ Passwords instead _____ dual factor _____ in mobile _____?
 _____ could _____ One-Time _____ instead _____ dual factor _____.
 Is _____ to use One-Time _____ instead of _____ dual _____ devices?
 Is _____ possible to _____ two-factor on apps?
 _____ there a _____ that _____ One-Time Passwords _____ employing the _____ setup?
 Do _____ mean relying _____ one-time passwords, not _____ mobile _____?
 _____ it _____ use One-Time _____ of using _____ factor _____ device security?
 Is _____ that _____ negates _____ need for dual-factor Authentication?
 Is it possible _____ only one-time _____ used if _____ not _____?
 Would it _____ only use _____ without using _____ factor _____?
 _____ single _____ passwords _____ need for _____ on Mobile devices?
 _____ better _____ only _____ One Time password _____ verification supported _____ mobile _____?
 _____ to _____ for _____ passwords without using dual factor _____?
 Is it possible _____ use One-Time Passwords _____ apps?
 _____ there _____ to _____ Passwords _____ of using _____ dual-factor _____ on mobile devices?
 _____ it _____ use only one-time passwords if _____ dual-factor _____?
 _____ it _____ to _____ verification in favor _____ codes from mobile _____?
 _____ we replace _____ authentication, which _____ with a _____ authorization _____ One-Time passwords?
 Is _____ possible to switch _____ One-Time Passwords _____ factor _____?
 Is _____ eliminate dual-authentication in favor of _____ one- time passwords _____?
 Is _____ dual-factor _____ in favor _____ usage of _____ mobile devices _____?
 Could _____ switch to _____ Passwords instead _____ using _____?
 Is _____ switch over to _____ and not use _____ factor _____?
 _____ need for dual-factor _____ applications and mobile devices?
 _____ we _____ time _____ instead _____ dual factor passwords?
 _____ could be possible _____ only _____ using the dual-factor setup.
 Is it _____ on _____ Passwords _____ of using _____ mobile apps?
 _____ to _____ for only _____ Passwords without _____ dual factor?
 Is it _____ the _____ App dual _____ one-time passwords.
 If we _____ one-time _____ we eliminate _____ factor?
 Is it _____ to use _____ Passwords _____ the dual _____?
 Is _____ possible to _____ on _____ Passwords instead _____ factor password _____ apps?
 Would it _____ to _____ mobile device _____ with a _____ password?
 _____ it _____ use One-Time Passwords instead _____ factor _____?
 Would it _____ use One-Time _____ dual factor authentication?
 _____ we just _____ instead of using dual _____?
 If we _____ One-Time Passwords, _____ we _____ rid of _____?
 _____ there _____ to use OTPs _____ of two-factor _____?
 _____ make sense to use _____ time _____ instead of _____ app _____?
 Is it _____ dual factor to one-time passwords?
 Is it possible _____ use _____ passwords _____ to _____ factor security in _____?
 _____ it _____ use _____ instead _____ using dual _____ for mobile apps _____ devices?
 Is _____ possible to _____ rely on _____ dual-factor?
 _____ it _____ switch over to One-Time _____ instead of using _____?
 Is _____ possible _____ use just _____ instead _____ authentication?
 Is it _____ to _____ One-Time passwords on _____?

Is it possible _____ use only _____ and not _____ the _____ app _____?

_____ have one-time passwords for _____?

_____ dual _____ on mobile apps if we only _____ passwords?

Is _____ to _____ one _____ passwords _____ of dual _____.

Can we just _____ instead _____ the whole Mobile Device/ _____?

Does _____ One-time passwords suffice _____ for _____ with mobile _____?

Is it possible to _____ over to _____ and _____ factorAuthentication _____?

Is _____ only rely _____ Passwords, instead of _____ dual _____?

Can we _____ only on _____ Passwords _____ using _____?

Is it _____ to _____ in _____ of only one _____ mobile _____?

Is _____ possible to not _____ mobile _____ use one-time _____ for _____?

_____ one-time passwords _____ of _____ factor codes in _____?

_____ switch from _____ app dual _____ to one time _____ verification _____?

_____ it _____ to skip the _____ of _____ mobile _____ for _____ security and use _____?

Is _____ a way to _____ use _____ passwords _____ using _____?

Is it _____ one-time _____ instead of _____ factor authenticating on _____?

Is _____ a _____ replace Mobile _____ one-time _____ for _____ Authentication?

If _____ choose only one-time _____ can dual _____ mobile _____?

Is _____ a way _____ use _____ using a _____ app?

Do single _____ eliminate _____ need for _____ for _____ devices?

_____ it possible _____ stick to using _____ Passwords _____ of _____ security _____ my _____?

Is _____ possible _____ Time passwords as an alternative _____ factor _____?

Is it _____ eliminate _____ by relying on _____ mobile _____.

Does _____ One-time passwords suffice _____ mobile _____ devices?

Is it possible _____ passwords _____ instead _____ using _____ factor?

_____ to use only _____ Passwords _____ of _____ dual factor _____ with _____ devices?

_____ in _____ sole reliance on one-time _____ via mobile apps?

Is _____ possible _____ use _____ instead of _____ on apps?

_____ to rely solely on _____ Passwords _____ applications?

Is _____ to _____ dual _____ through mobile _____?

Can _____ One-Time Passwords?

_____ possible to _____ dual factor _____ through mobile apps if _____ use _____?

Is _____ possible _____ use One-Time Passwords instead _____ on _____ Devices?

_____ it possible to _____ only One-Time _____ instead of _____ devices?

Is _____ to _____ stick to _____ Passwords _____ of using _____ factor with _____?

Is _____ possible to _____ only _____ instead _____?

Is _____ solely _____ One _____ instead of _____ on apps?

_____ to _____ use one-time password with mobile _____?

_____ it possible to use _____ passwords _____ performing _____ mobile devices?

Is _____ to _____ instead of _____ factor on apps?

Is _____ possible to _____ on One-Time _____ the _____ method?

Do _____ think _____ to _____ only one-time _____ instead _____ using _____ factor?

_____ One-Time Passwords instead of _____ Mobile Devices/APPS?

_____ it _____ eliminate dual-authentication in _____ of _____ on one time _____ apps?

_____ possible to eliminate _____ factor _____ mobile _____ if _____ only use _____ passwords?

Is _____ one-time passwords _____ using dual factor security _____ mobile _____?

_____ we _____ from _____ one-time Password?

Couldn't _____ One-Time _____ instead of _____ Mobile _____ dual factor?

_____ possible _____ of _____ Mobile Devices for dual _____ security _____ rely on One-Time Passwords?

_____ it _____ use _____ One-Time Passwords _____ of _____ dual _____ through mobile _____ devices?

Is ____ possible to use ____ one-time ____ instead ____ ?

____ possible to forgo dual ____ using ____ apps?

Would ____ for ____ adequate ____ the ____ factor for mobile devices?

Is it ____ to ____ on One-Time Passwordsm ____ Factor Auth ____ ?

____ possible ____ use ____ passwords as an ____ to dual ____ authentication ____ mobile ____ ?

Is it possible ____ rely ____ One-Time ____ instead ____ factor ____ mobile apps?

Can we ____ on ____ applications?

____ possible to ____ One-Time Passwords instead ____ factor security via ____ ?

Is ____ in favor of ____ of single-use codes ____ mobile ____ ?

Is ____ possible ____ use one-time ____ factor Authentication?

____ rely on One-Time Passwords ____ of ____ factor authentication via ____ ?

____ it possible ____ use ____ password for ____ Authentication?

Is ____ possible ____ instead of ____ dual ____ authentication via mobile apps ____ ?

____ possible to only use ____ losing ____ factor auth ____ ?

____ possible to use ____ instead of ____ dual factor ____ mobile devices and ____ ?

____ I just stick with ____ passwords ____ dual ____ and ____ mobile ____ ?

____ we ____ a ____ instead ____ a dual factor ____ ?

____ we just ____ passwords ____ mobile ____ ?

Is it possible to ____ use ____ Time ____ two-factor ____ ?

Is it ____ to ____ instead ____ on apps?

____ possible to ____ instead of ____ dual factor?

Is it ____ to ____ use ____ of two-factor ____ the ____ ?

____ it possible ____ use ____ one-time ____ and not ____ Mobile ____ dual ____ authentication?

If we choose ____ can ____ factor in ____ apps?

Can ____ One-Time Passwords ____ dual factor ____ ?

Is it possible ____ on ____ Passwords ____ mobile apps?

____ passwords eliminate the need ____ dual-factoring ____ mobile ____ applications?

____ to eliminate dual factor with mobile ____ use ____ Passwords?

Is it ____ to use ____ on apps.

Do ____ think ____ one-time passwords instead of ____ app credentials?

____ to ____ use One-Time ____ instead of ____ dualfactor?

____ approach could be ____ eliminate ____ in ____ one-time passwords via mobile apps.

Is ____ use one-time passwords when ____ a ____ app?

____ the necessity for dual-factor security ____ devices ____ applications?

Can we ____ passwords ____ mobile ____ ?

____ it possible to ____ one-time passwords as ____ alternative ____ factor ____ ?

Is ____ possible ____ switch from two-factor ____ one-time ____ ?

____ on one-time passwords ____ dual-factoring with ____ applications and ____ ?

Do you think ____ possible to ____ only ____ dual factor security?

____ it possible to ____ only on One-Time ____ dual factor ____ ?

Is ____ to ____ only One-Time ____ dual ____ security on mobile ____ ?

____ be possible to ____ only ____ Passwords without ____ dual ____ on Mobile ____ ?

____ possible to switch ____ app ____ to ____ only one ____ ?

____ it possible ____ password instead of ____ factor on ____ ?

Forgo dual ____ apps?

Can ____ rely ____ One-Time ____ of using ____ factor?

____ to replace using Mobile device/app ____ dual-authentication with ____ ?

____ be possible to use ____ One-Time ____ using ____ Authentication?

____ possible ____ stick ____ One-Time Passwords ____ of using dual factor ____ Mobile ____ ?

Is ____ adequate to ____ One-Time ____ using dual ____ ?

____ it possible ____ eliminate dual-authentication ____ favor ____ only one-time passwords ____ ____ ____?
 ____ ____ ____ to only ____ one- ____ passwords ____ mobile apps?
 Is there ____ way to ____ ____ instead of ____ ____ setup?
 Is ____ possible ____ ____ security ____ one-time passwords?
 ____ ____ ____ to use one ____ ____ of ____ factor on apps?
 ____ it ____ to ____ only ____ Passwords ____ of ____ dual-factor on mobile ____?
 Can ____ use ____ ____ mobile apps and devices?
 ____ there a ____ ____ opt for ____ Passwords instead of using Mobile ____ ____ ____?
 Is it ____ to ____ ____ to One-Time Passwords ____ ____ the ____ factor for ____ ____?
 Can ____ stick ____ using ____ Passwords?
 ____ it ____ ____ use One ____ Passwords ____ of two-factor on ____?
 Is it ____ to remove ____ ____ favor ____ ____ one-time ____ via ____ apps?
 Is it ____ to opt ____ only ____ ____ using ____ factor?
 ____ it ____ to ____ only ____ passwords, ____ using dual-factor ____?
 ____ it possible to just ____ One-time ____ instead ____ using dual ____ with ____ ____?
 Is ____ a ____ we can ____ ____ Passwords?
 Is there a ____ we can ____ only ____ instead ____ App ____ Factor ____?
 ____ it possible to use ____ ____ ____ factor auth?
 ____ we just rely ____ ____ Passwords instead ____ using ____ ____ for dual ____?
 Is ____ possible to ____ ____ ____ alone ____ of ____ dual factor security?
 ____ ____ just ____ on ____ passwords instead ____ dual-factor?
 Is it ____ to ____ ____ Passwords ____ of using dual ____?
 ____ safe ____ ____ from mobile ____ dual ____ to one ____ password verification?
 Is it ____ use ____ ____ instead of ____ ____ factor method?
 ____ there a ____ we ____ use ____ One-Time Passwords instead ____ using ____ App ____ ____?
 ____ it ____ for ____ One-Time ____ to ____ used instead of ____ ____ factor?
 ____ it ____ idea to ____ dual-factor ____ with ____ passwords?
 ____ it possible to use One-Time ____ as ____ ____ ____ Authentication?
 Is ____ possible ____ only use ____ passwords ____ mobile ____?
 Can I ____ ____ instead of ____ mobile devices?
 Is ____ possible ____ use a one ____ password ____ dual-factor?
 Is it ____ ____ to One-Time Passwords ____ on dual ____?
 Do ____ passwords ____ the need ____ dual-factor for ____ Mobile ____?
 ____ it ____ use ____ passwords instead of ____ dual ____?
 ____ we just have ____ ____ on mobile ____ devices?
 ____ using only one ____ ____ instead of ____ authentication?
 Is ____ possible ____ One-Time Passwords instead ____ ____ factor access?
 ____ ____ just stick to ____ One-Time ____ instead ____ using dual ____ on ____?
 ____ ____ passwords eliminate the ____ ____ dual-factor security on ____ devices?
 ____ ____ rely on ____ Passwords ____ ____ dual factor ____ mobile apps and devices?
 ____ it be ____ switch ____ app ____ factor ____ one ____ password verification?
 Is it possible ____ Mobile ____ use ____ Passwords?
 ____ ____ replace mobile ____ factor with one-time ____.
 ____ ____ possible ____ ____ to ____ rely on One-Time Passwords ____ of ____ dual-factor?
 ____ ____ can ____ ____ instead of ____ dual factor codes.
 Does ____ use ____ password ____ ____ for Two step verification supported ____ ____ technology?
 ____ we ____ ____ with one-time ____?
 Can ____ ditch ____ factor ____ if ____ ____ rely on ____ passwords?
 ____ ____ feasible to ____ use One-Time ____ over ____ ____ dual factor?
 Can we ____ ____ one-time passwords ____ ____ ____?

Is it ____ to ____ of using ____ factor security for Mobile ____?

____ we ____ One-Time Passwords instead of ____ mobile ____ factor?

Is it ____ just stick to ____ instead ____ factor thing with ____?

Is it ____ to exclusively ____ relying on ____ factor ____ via ____ apps?

____ we ____ use One-Time ____ mobile applications?

Is it ____ passwords for mobile ____?

____ single-use passwords ____ the need for dual-factor ____ applications?

Is ____ uses One-Time Passwords ____ of using ____ on mobile devices?

____ to only ____ Passwords ____ not use ____ App dual factor Authentication?

____ to use just One-time passwords without ____ with ____?

Is ____ use ____ passwords ____ of ____ on apps?

____ possible ____ use just ____ Passwords instead ____ using ____ factor ____ with mobile ____?

Can we just ____ one-time ____ of ____ factor ____?

Is ____ possible ____ from ____ app authentication ____ only one ____?

Is ____ way to only use One-time ____ for ____?

Is ____ to ____ exclusively ____ of ____ factor passwords on ____ devices?

Do ____ eliminate ____ need ____ dual-factor ____ for applications ____ devices?

____ to ____ Passwords, instead of ____ dual ____ on mobile devices?

Can ____ switch from ____ to ____?

____ we ____ Passwords instead of using dual ____?

Is it ____ we can ____ using One-Time Passwords ____ of using ____?

____ possible to ____ one-time Passwords instead of ____.

Is ____ over to One-time ____ not use ____ factor Authentication?

____ it ____ use only one-time ____ mobile ____ and applications?

Is it possible ____ replace ____ Authentication ____ only ____?

Is it ____ use ____ of ____ factor with ____ apps?

Is it ____ rely on ____ using dual factor?

Is ____ to ____ to One-Time Passwords and not ____ Authentication ____ mobile ____?

Is it ____ to replace ____ App ____ with ____?

Is ____ possible ____ solely on ____ password instead ____?

Is it possible ____ have ____ One-Time ____ of employing ____ dual-factor ____ on ____?

Could we ____ use One-Time Passwords instead ____ factor?

____ possible ____ just ____ Passwords and ____ use the Mobile ____ factorAuthentication?

____ only use One-Time Passwords, ____ we ____ dual factor ____?

If ____ choose ____ can ____ dual ____ security from mobile apps?

____ it possible to ____ stick to One- Time Passwords ____?

Is it ____ to use only ____ instead of ____ on ____ devices?

Is ____ to use ____ passwords instead ____ dual ____ security ____ mobile ____?

____ we ____ only ____ Passwords, is ____?

Is ____ only ____ without the necessity of ____ verification?

Is it possible to use ____ factor ____ mobile applications?

____ it possible to ____ to One-Time ____ dual factor security?

____ it ____ to ____ utilize One-Time Passwords instead ____ relying on ____?

____ we ____ to One-Time Passwords instead ____ relying ____?

If ____ choose to ____ One-Time ____ factor be eliminated?

Is it ____ to ____ sole reliance ____ one-time passwords ____ mobile applications?

____ it ____ to using one-time passwords ____ dual factor?

____ it possible to stick to ____ Passwords ____ security?

____ usage ____ One ____ password trump ____ for Two ____ verification ____ by ____ technology?

Is ____ to ____ One-Time ____ instead of ____ a dual ____ system?

_____ possible to _____ in favor of using _____ in mobile _____?

Is _____ dual-authentication _____ sole reliance on one-time passwords using mobile _____?

Is it _____ to _____ use _____ Passwords _____ using _____ authentication?

_____ possible _____ use One- _____ Passwords over relying _____ dual _____?

_____ it _____ only one-time passwords are used _____ authentication?

Can we use _____ One Time _____ instead _____?

_____ make sense _____ one _____ rather than dual app credentials?

_____ it possible to _____ factor _____ if we _____ use _____?

Is _____ only _____ One-Time Passwords, _____ dual factor?

Is _____ to _____ one- time _____ without _____ for dual-factor authentication?

_____ it possible to _____ One-Time _____ of _____ factor authentication with Mobile _____?

Is it _____ passwords instead _____ dual factor auth?

Is it possible to _____ Passwords _____ using _____ dual-factor _____ devices?

Is it possible to _____ one-time _____ of _____ on _____ devices?

Is _____ a way _____ use only _____ passwords _____ having _____ use _____?

_____ we just use one-time passwords _____ of _____ Mobile _____?

_____ possible _____ use _____ passwords _____ opposed _____ using dual factor?

Is _____ possible to use _____ one-time _____ instead _____ dual _____?

_____ possible to _____ One-Time _____ and not _____ the _____ dual Factor?

_____ it _____ to _____ one-time _____ instead of two-factor on _____?

_____ Passwords instead _____ using Mobile Devices for _____ factor security?

Is _____ possible _____ eliminate _____ security _____ apps if we _____ use _____ passwords?

Is _____ possible _____ one-time _____ instead of _____ dual-factor on _____ devices?

Is there _____ we can use One-Time Passwords _____ using _____?

Is it possible to have _____ dual-factor setup _____ mobile _____?

Is _____ exclusively _____ One-Time Passwords instead _____ relying _____ factor authentication _____ mobile _____?

Is it _____ to use only _____ passwords _____ dual-factor _____ required _____?

_____ rely _____ passwords instead _____ dual-factor authentication?

_____ Passwords _____ the _____ for _____ security on _____ devices?

_____ it _____ use One-Time Passwords without _____ factor?

_____ it _____ to use one-time _____ dual factor access _____ apps?

_____ usage _____ One Time _____ the need for _____ supported by _____ technology?

Is it possible _____ on One-Time _____ instead _____ dual _____ access?

_____ have _____ on mobile apps?

_____ eliminate the need for _____ security with _____?

_____ it feasible to _____ an alternative to dual _____?

_____ it possible to _____ use _____ Time _____ over _____ on _____?

Is _____ to _____ solely on one-time passwords _____ of dual _____ mobile _____?

Is _____ possible _____ only _____ passwords rather than using _____ devices?

_____ One-Time _____ using Mobile Devices for dual factor?

Would it be _____ to _____ a _____ device _____ one-time _____?

_____ it possible to use just _____ Time _____ use _____ App dual _____?

_____ it plausible to _____ instead _____ dual app credentials?

_____ it be possible to only _____ One-Time _____ on mobile _____?

Is _____ possible _____ rely _____ Passwords instead _____ dual _____ access?

Is _____ possible _____ rely solely _____ Passwords _____ dualfactor?

Is it _____ to switch _____ dual _____ authentication _____ one-time password _____?

_____ we _____ Passwords _____ of Mobile App dual _____?

Is _____ possible _____ solely _____ One-Time Passwords _____ of _____ security?

_____ possible _____ rely on one-time _____ without _____ dual-factoring with _____?

____ it possible ____ use just ____ instead of employing dual factor ____ ____ ____ ?
 Is ____ dual-authentication ____ favor of ____ passwords via ____ applications?
 Can ____ passwords for ____ app?
 Can we ____ passwords ____ dual ____ ?
 Can ____ use ____ instead ____ factor password?
 ____ we ____ One-Time ____ on mobile ____ ?
 ____ be possible ____ one-time passwords ____ of two-factor ____ apps?
 ____ it ____ to ____ just one-time passwords instead ____ dual factor ____ ____ ?
 ____ it ____ to ____ only ____ of using ____ in mobile apps?
 ____ it possible ____ choose ____ use ____ passwords ____ than using dual ____ ?
 ____ eliminate dual ____ mobile apps?
 ____ we ____ only ____ One-Time Passwords instead ____ ?
 Can we just ____ instead of the ____ factor ____ ?
 Is it possible ____ could exclusively ____ using dual ____ ?
 ____ to use just ____ of using ____ factor ____ with Mobile Devices/Applications?
 ____ it ____ just one-time ____ for mobile devices?
 ____ it ____ to only use OTPs ____ the two-factor ____ ?
 Do you think ____ possible ____ use ____ Passwords without ____ dual ____ ?
 ____ to ____ just ____ passwords without using dual-factoring?
 Is it possible ____ use One-Time passwords as ____ Authentication?
 ____ possible ____ switch ____ to ____ Passwords ____ of ____ dual factor for ____ devices?
 ____ it ____ eliminate dual-layer security using ____ and ____ through ____ reliance on One ____ ?
 ____ it possible ____ rely on ____ factor use of ____ apps?
 Is it possible to only ____ two-factor on ____ ?
 ____ it ____ hassle of using ____ devices for ____ security and rely ____ time passwords?
 ____ there a ____ we ____ use ____ Passwords instead ____ dual Factor Authentication?
 ____ it okay ____ Passwords and not ____ the Mobile App ____ ?
 ____ only ____ on ____ as opposed to ____ factor?
 Is ____ a good idea ____ use just ____ opposed ____ dual ____ ?
 ____ it enough ____ use One-Time Passwords ____ using ____ ?
 ____ we ____ for mobile applications?
 ____ we ____ One-Time Passwords?
 ____ possible ____ One-Time ____ instead of ____ the ____ setup on mobile devices?
 ____ it ____ to only use ____ mobile apps and ____ ?
 ____ it possible ____ using ____ one-time passwords negates the ____ ?
 Do ____ think ____ One-Time Passwords would be ____ without ____ ?
 Is ____ to use only ____ and ____ use the ____ dual ____ ?
 ____ it possible to ____ with one-time passwords?
 ____ there ____ only use one-time ____ for dual-factor Authentication ____ mobile ____ ?
 ____ it possible ____ on One-Time ____ instead ____ using dual ____ devices?
 ____ be possible to ____ One-Time ____ without ____ dual ____ Authentication via ____ Devices/Applications?
 Is ____ over to One-Time ____ and not ____ dual ____ applications?
 ____ possible to ____ use ____ Passwords instead ____ relying ____ dual ____ authentication ____ apps?
 Is it possible ____ dual ____ by ____ mobile ____ ?
 ____ it ____ to ____ on One-time Passwords instead of ____ apps?
 ____ it possible ____ Mobile ____ and ____ stick with One- ____ Passwords?
 Is it ____ One-Time ____ instead of ____ dual factor ____ on ____ ?
 Is ____ possible to ____ Passwords ____ of ____ factor ____ through mobile ____ ?
 Is it possible to ____ instead ____ factor?
 ____ it be ____ to ____ One-Time Passwords without ____ factor ____ ?

____ it ____ to only ____ implementing dual factor?
 ____ just use One-Time Passwords instead of ____ for dual ____?
 ____ we only use ____ time ____ mobile ____?
 Can't ____ just use One-Time ____ instead ____ a ____ device for ____?
 Is ____ possible ____ have ____ passwords for mobile apps ____?
 ____ to only use one-time Passwords through ____?
 Is it possible ____ on ____ Passwords ____ factor Authentication?
 Is ____ to ____ one-time passwords without ____ dual ____ on mobile ____?
 Is it possible ____ rely on ____ Passwords instead ____ dual ____?
 Can't we just ____ One-Time ____ not ____ about using ____ Devices?
 ____ possible ____ to One-Time ____ and not ____ dual factor ____ through ____ applications?
 ____ be ____ to ____ One-Time Passwords instead ____ the dual-factor setup on ____?
 ____ it ____ to eliminate ____ security ____ through exclusive reliance ____ Time Passwords?
 ____ it possible ____ rely ____ One-Time Passwords instead ____ authentication via ____?
 Is ____ just one-time passwords and ____ to ____ dual-factor authentication?
 Is it possible to just ____ Passwords ____ dual factor ____ with ____?
 ____ possible to switch over ____ and not ____ dual factor ____ mobile ____?
 ____ we use only one-time passwords instead ____?
 It ____ eliminate ____ favor of sole reliance ____ one-time passwords ____ apps.
 ____ it ____ to use one-time passwords as an ____ factor password ____?
 Is there a way ____ one-time ____ instead of ____ devices?
 ____ we ____ one-time ____ of ____ factor?
 ____ we only ____ passwords, ____ we ____ dual factor?
 ____ possible ____ switch ____ One-Time ____ use dual factor ____ on mobile devices?
 ____ it ____ use ____ passwords ____ dual ____ auth with mobile apps?
 ____ a ____ uses One-Time ____ rather than ____ dual-factor setup ____ mobile devices?
 ____ use only ____ passwords on ____ apps and ____?
 Is ____ possible to ____ One-Time ____ of using dual ____?
 Does just one-time ____ without ____ with ____?
 ____ it possible ____ just ____ One-Time Passwords instead ____ factor ____?
 ____ a chance that we ____ One-Time Passwords instead ____ using ____ App dual ____?
 Can ____ one- ____ of ____ App dual factor?
 ____ single-use passwords ____ need ____ logins for mobile ____?
 Is it possible ____ use One-Time Passwords ____ rather ____ factor ____ devices?
 ____ it possible to ____ favor ____ one time passwords ____ apps?
 ____ there a solution ____ uses ____ rather than ____ dual-factor ____ mobile devices?
 Is ____ to ____ One-time ____ for dual-factor authentication?
 Is there a solution to only ____ of ____ dual-factor ____?
 ____ using ____ passwords suffice ____ dual-factoring ____ mobile ____ devices?
 ____ it possible to ____ one-time passwords ____ dual factor ____ devices?
 Could ____ switch to exclusive ____ Passwords ____ on dual factor?
 ____ we just ____ using One-Time Passwords instead of ____?
 ____ possible to eliminate dual-authentication and ____ rely ____ passwords through ____?
 Could ____ use ____ Passwords ____ using dual factor?
 ____ it ____ only one-time ____ and not ____ dual-factor authentication ____ mobile ____?
 Can't ____ Passwords ____ of using Mobile Devices ____ dual factor ____?
 Is ____ possible to ____ One-Time ____ an alternative to ____ dual ____ mobile ____?
 ____ to ____ use one-time password instead of ____?
 Would ____ for one-time passwords ____ without ____ mobile devices ____ factor ____?
 Is ____ to use ____ Passwords instead of ____ dual ____ apps?

_____ possible to use only _____ passwords _____ dual _____?
 _____ only One-Time Passwords without _____ use of dual factor?
 Is there _____ chance _____ opt for One-Time _____ instead _____ Mobile _____ Authentication?
 _____ switch over to One-Time Passwords _____ not _____ dual _____ Authentication _____ mobile _____?
 Can _____ instead _____ dual-factor passwords?
 Does _____ One _____ password trump Two _____ verification _____ by mobile _____?
 Should _____ One-Time _____ be used instead of _____ setup _____ devices?
 Is _____ possible _____ use _____ passwords without the use _____?
 Is _____ possible _____ in favor _____ sole reliance _____ one- time _____ via _____.
 Can _____ one-time passwords instead _____ mobile _____ factor?
 _____ it possible to _____ one-time _____ which _____ need for dual-factor _____?
 Is _____ possible _____ rely _____ Passwords instead _____ factor using _____ apps?
 _____ relying only _____ without _____ with mobile applications?
 _____ only _____ passwords _____ using dual factor passwords for mobile devices?
 _____ we _____ to _____ Passwords, can dual _____ be eliminated?
 _____ it possible to rely _____ on _____ instead _____ via mobile apps?
 _____ we choose to _____ time _____ can we _____ factor?
 _____ possible to _____ just one-time _____ on _____ applications?
 _____ to _____ have dual factor via _____ apps?
 Is _____ that _____ use _____ Passwords _____ of dual factor?
 _____ possible to switch _____ to _____ not use dual factor _____?
 Is it _____ to _____ Passwords losing _____ factor _____ via app?
 Is _____ possible _____ use _____ passwords _____ alternative _____ performing dual factor _____ mobile _____?
 Is it possible to use _____ devices?
 _____ we choose only _____ eliminate dual _____ by using mobile _____?
 _____ we _____ stick _____ using _____ instead _____ factor _____ on my phone?
 Can we _____ One-Time _____ dual _____?
 Is _____ use _____ Passwords, not dual factor.
 Is it possible to _____ just _____ on _____ applications _____?
 Can _____ just stick to using one-time _____ of _____?
 Is _____ possible _____ use only One-time Passwords instead _____ dual-factor _____ mobile _____?
 _____ we _____ App _____ factor with one-time _____.
 Is _____ use _____ exclusively _____ using a dual factor password?
 Is _____ One-Time _____ adequate _____ dual factor Authentication?
 _____ it possible _____ passwords instead _____ dual factor _____ on _____ devices?
 Is it _____ stick _____ using One-Time Passwords _____ using dual _____?
 Is it _____ use _____ Passwords _____ using _____ factor security on mobile _____?
 Is it _____ to switch _____ dual factor _____ time password _____?
 _____ possible _____ could _____ to _____ One-Time _____ relying on dual factor?
 Is there _____ to switch over to _____ dual _____?
 If we only use _____ dual factor?
 Is there _____ we can _____ One-Time _____ of _____ App _____ factor?
 We _____ to One-Time _____ instead of _____ factor thing _____ mobile _____.
 _____ One _____ trump the need for Two-step _____ by mobile technology?
 _____ it _____ rely _____ on One-Time Passwords _____ using dual-factor _____?
 _____ possible that we _____ rely on One-Time Passwords _____?
 _____ choose only One- Time Passwords, _____ factor?
 _____ it _____ to switch _____ passwords and not use dual _____?
 Do single-Use Passwords eliminate the need _____?
 Can we _____ dual _____ one _____?

_____ One-Time _____ on mobile apps and devices?

Is it _____ to _____ from _____ App _____ Factor _____ to _____ Password _____?

_____ it possible _____ eliminate _____ in _____ apps if we _____ only one _____?

_____ single-use passwords _____ dual-factor for applications and mobile _____?

Would it be _____ to _____ One-Time _____ without _____ dual _____.

Is _____ to switch _____ mobile app _____ factor _____ to _____ password _____?

_____ only use One-Time Passwords over _____ on _____ factor _____ devices?

_____ we rely solely _____ Time _____?

Is it _____ to stick to One-Time _____ of _____ factor thing _____?

_____ switch over _____ One-Time Passwords and not _____ factor _____ mobile _____?

Is it _____ only use _____ through _____ apps?

Can we _____ One-Time _____?

Can _____ password instead _____ factor?

Is it _____ to _____ devices _____ use one time _____ dual factornication?

_____ use _____ one-time passwords _____ of dual-factor Authentication on mobile _____?

_____ it _____ using mobile _____ and just _____ for dual factornication?

Is it _____ to _____ single-use passwords _____ dual factor _____ devices?

_____ it _____ use _____ one-time passwords _____ mobile devices?

_____ possible _____ use a _____ an alternative _____ dual factor?

_____ One-Time Passwords instead of relying _____ dual _____?

Is _____ safe to switch _____ verification _____ mobile _____?

Is _____ one-time passwords _____ mobile devices?

Do _____ think _____ to forgo dual _____ via _____?

_____ we just use _____ of _____ mobile devices?

Could _____ solution _____ made with only One-Time _____ using _____ dual-factor _____?

_____ there _____ we _____ use only One-Time Passwords instead of _____ dual _____?

_____ it possible _____ passwords using mobile devices?

_____ from _____ to _____ one-time passwords?

_____ it _____ to _____ stick to One- _____ of _____ dual _____ thing?

Is _____ way _____ use OTPs _____ two-factor on apps?

Is _____ possible _____ only use _____ instead _____ factor codes _____ mobile _____?

_____ Passwords instead of _____ factor?

_____ possible to use only _____ passwords instead of _____ on _____?

_____ you think _____ only use _____ without using dual _____?

Is _____ to rely _____ one-time passwords _____ instead _____ using _____?

_____ to eliminate dual-authentication _____ order _____ use one-time passwords _____ mobile _____?

_____ we _____ One-Time _____ with _____ apps?

Do _____ need dual-factoring with mobile _____ rely _____ passwords?

Could using _____ instead _____ work?

_____ it possible _____ only _____ one-time Passwords _____ using _____?

_____ to just have _____ on mobile apps _____ devices?

_____ it possible _____ replace _____ dual _____ with one time _____.

_____ it a viable option _____ passwords instead _____ dual _____?

Is there _____ to forgo _____ in mobile _____?

If we choose _____ can _____ dual factor _____ mobile _____?

Is _____ possible _____ use _____ passwords and not use _____ mobile _____ dual _____?

Is _____ could switch to _____ One-Time Passwords _____ on _____ factor?

Will it _____ possible if _____ used _____ of _____ authentication?

_____ we make _____ Passwords instead of using mobile _____ factor?

_____ be bypassed via mobile _____?

_____ just stick _____ One-Time Passwords instead of _____ dual _____ mobile devices?
 _____ single-use passwords eliminate _____ need _____ Authentication _____ mobile devices _____?
 There is _____ option to rely _____ Passwordsm _____ via App.
 _____ possible _____ on _____ instead of implementing dual factor through mobile _____?
 Is it _____ to _____ only one-time _____ instead _____?
 Should we _____ dual-factor _____ which _____ apps, _____ single layer authorization _____ one-time _____?
 Is _____ to stick to _____ instead _____ factor with mobile _____?
 Is it possible _____ one-time passwords _____ of dual _____ mobile _____?
 Is it _____ to only _____ one _____ Passwordsm _____ of _____ apps?
 _____ it _____ Mobile App dual _____ with _____ time password?
 Can _____ get _____ only One-Time passwords on _____?
 Can I not _____ mobile devices _____ use _____ factornication?
 Is it possible _____ only _____ Passwordsm _____ Auth via app?
 Would it _____ to only _____ without _____ dual factor?
 _____ there _____ way to _____ one-time passwords _____ Authentication?
 Does _____ to use single-use passwords for dual _____ mobile _____?
 _____ to _____ Passwords and not use the _____ App dual _____?
 It's _____ that we _____ use _____ Passwords _____ of using _____ App _____ Authentication.
 _____ it _____ to _____ one time _____ dual factor passwords _____ devices?
 Is _____ on _____ passwords _____ using _____ check systems _____ mobile devices?
 Is it _____ only use _____ instead _____ dual _____?
 _____ it _____ to _____ only one-time passwords _____ using dual _____?
 _____ possible _____ use _____ time _____ of two factor on apps?
 Is _____ to _____ One-Time _____ without the _____ dual factor?
 It is safe _____ from _____ app _____ factor to _____ password _____.
 Can't we just _____ passwords _____ using Mobile _____ for dual _____?
 _____ using single-use passwords _____ without _____ check systems _____ mobile _____?
 Is _____ possible to _____ mobile _____ factor with _____ passwords.
 _____ possible to use _____ passwords _____ dual factor _____ mobile devices and _____?
 _____ it _____ possible _____ One-Time Passwords without _____ Mobile Devices/Applications?
 _____ to opt for _____ passwords _____ using dual factor?
 _____ it _____ to _____ One-Time Passwords _____ of using _____ factor security _____ mobile _____?
 Is _____ to use _____ One-Time _____ not _____ the _____ dual factor?
 Is _____ to switch over to _____ Passwords _____ use dual factoraauthentication _____?
 Do single-use passwords eliminate _____ for dual-factor _____ and _____?
 Would it be _____ to _____ use _____ using _____ security?
 Is it _____ as _____ alternative to dual factor Authentication _____ mobile _____?
 Is _____ possible to rely on One-Time _____ of _____ factor _____?
 _____ it possible _____ alone rather _____ using dual factor _____ devices?
 _____ it _____ to have _____ One-Time passwords _____ mobile _____?
 Is _____ we could use _____ instead of _____ on dual _____?
 Is it possible _____ one-time _____ instead _____ dual factor one?
 _____ it _____ to switch _____ two-factor _____ to only one-time _____?
 _____ replace _____ with One-time passwords for dual-factor security?
 Is it _____ to _____ on One-Time _____ instead _____ using _____?
 Is it possible _____ to rely _____ dual factor.
 Can we _____ use One-Time _____?
 _____ to _____ one-time _____ instead _____ dual-factor passwords on mobile devices?
 _____ just stick to _____ of _____ dual factor passwords?
 _____ we just _____ one-time _____ of _____ factor on _____ phone?

____ it ____ to use One-Time ____ only ____ mobile ____?
 ____ there a solution ____ One-Time ____ instead of ____ dual-factor ____?
 Is ____ to ____ instead of using dual-factor for ____ devices?
 Could we ____ one-time ____?
 Can ____ stick ____ One-Time ____ instead ____ using a ____ system?
 ____ it possible to ____ to only one-time password?
 Do ____ passwords ____ need ____ dual-factor ____ applications and ____ devices?
 Is it ____ only ____ One-Time ____ and not use ____ factor?
 ____ possible to use ____ One-Time ____ not use the ____ dual factor ____?
 Is ____ to rely ____ One-Time Passwords ____ of dual ____ in ____?
 Would it be possible ____ use one-time ____ without ____ factor ____ on ____?
 Is ____ to use ____ passwords as ____ dual Factor?
 It ____ be possible ____ dual-authentication ____ favor of ____ on ____ passwords via ____.
 Should ____ dual-factor authentication, which uses ____ with one-time ____?
 Do you think ____ should ____ authentication ____ single ____ by one-time ____?
 ____ possible ____ eliminate ____ favor of sole reliance on one-time ____?
 Is there ____ chance ____ use ____ One-Time ____ instead ____ Mobile ____ factor Authentication?
 ____ single-use ____ eliminate ____ need for ____ authentication ____ Mobile ____ and ____?
 Can ____ use ____ one-time passwords ____ mobile ____ and ____?
 Is ____ a chance ____ use One-Time Passwords ____ App ____ Factor Authentication?
 ____ a ____ we can ____ One-Time Passwords instead of ____ App ____ Authentication?
 Is ____ to only use ____ of using dual ____?
 ____ it ____ rely ____ One-Time Passwords instead of using ____ dual ____?
 ____ it ____ to use ____ instead of dual ____ Authentication ____ Devices?
 Is ____ possible ____ rely only on ____ instead ____ dual ____ mobile apps?
 ____ use ____ passwords without the necessity of dual-factor ____?
 Is it possible to ____ One-Time ____ using ____?
 Have ____ using single-use passwords instead ____?
 Can ____ use one ____ passwords instead ____ dual ____?
 Can ____ just ____ passwords ____ of ____ factor passwords?
 Would opting for one-time ____ be ____ the ____ dual factor ____?
 ____ we able to ____ instead of dual ____?
 ____ replace ____ dual ____ with ____ passwords?
 ____ there a ____ use ____ Passwords instead ____ factor Authentication?
 ____ it ____ to ____ only One-Time ____ of ____ the dual-factor setup ____ mobile ____?
 Is ____ to ____ use ____ apps instead of two-factor?
 Is ____ way to use only ____ Passwords instead of ____ on ____?
 ____ could replace ____ App dual ____ one-time ____.
 ____ to use One-time ____ without using dual-factoring ____ applications?
 ____ it possible ____ eliminate ____ of ____ on one-time ____ via mobile ____.
 ____ it ____ to only rely ____ Passwords ____ dual ____ Authentication?
 ____ it possible to ____ only on one-time ____ using ____?
 ____ simply use One-Time Passwords instead ____ Devices/APPS ____ factor?
 ____ possible ____ we can ____ One-Time ____ instead ____ using Mobile ____ dual ____ Authentication?
 ____ it possible to avoid ____ mobile ____?
 ____ choose only One-Time Passwords, can ____ mobile apps?
 Is ____ possible ____ on ____ instead of dual-factor ____ for ____ devices?
 ____ using ____ one-time passwords ____ dual-factor authentication, ____ that possible?
 Can we only ____ One-Time ____ devices ____ applications?
 ____ rely on ____ Passwords instead ____ dual factor security?

Is it possible to _____ Passwords _____ security via mobile _____?

Is _____ possible to _____ use one-time _____ instead _____ in _____ applications?
 _____ we just _____ on _____ phones?

Is _____ safe to switch _____ mobile _____ factor _____ one-time password _____?

_____ Single-Use Passwords _____ need _____ dual-factor on _____ devices?
 _____ usage _____ One _____ the _____ for _____ verification by mobile technology?
 _____ we _____ choose _____ can _____ be eliminated through _____ apps?

Is _____ possible _____ use _____ One-Time _____ instead of using dual _____ devices?
 _____ it _____ to switch _____ One-Time Passwords over _____ on _____ security?

Is it _____ eliminate _____ access through mobile _____ if _____ only use _____?

Do _____ it would be _____ opt for only _____?

_____ it possible _____ use _____ passwords instead _____ dual-factor _____ mobile devices?
 _____ possible to _____ one-time _____ perform dual factor _____ mobile devices?

Could _____ to using One-Time Passwords _____ using _____?

Is it _____ use _____ of the _____ method?
 _____ it possible to replace dual-factor _____ on _____?
 _____ use _____ passwords instead of _____ factor _____ mobile _____?
 _____ there a way _____ only use _____ for _____ with _____ Apps?
 _____ possible to use OTPs _____ of _____ in _____?

Is it _____ rely _____ on One-Time Passwords _____ of _____?

Does _____ on _____ without the need _____ with _____ applications/devices?
 _____ just use _____ Passwords instead _____ using _____ factor?
 _____ I just _____ with _____ Passwords _____ not use _____ mobile _____ or _____?

Is _____ feasible _____ eliminate dual-authentication in _____ of _____ passwords via _____ apps?

Is _____ possible _____ One-Time _____ an alternative to performing dual _____ on _____ mobile _____?
 _____ possible _____ use OTPs instead of two-factor _____.

_____ possible to _____ One-Time Passwords _____ Mobile _____?

Can we _____ from _____ to _____ one-time password?

Is _____ switch from two-factor _____ only _____ password?

If _____ use _____ passwords, can _____ factor be _____?

_____ possible to _____ passwords _____ an alternative to _____ factor Authentication?

Is _____ possible _____ use only One-Time _____ the dual-factor _____?

Does using _____ one-time passwords _____ need for dual-factoring _____?
 _____ it _____ to _____ single-use _____ instead of _____ device-based solutions?

Could we _____ just _____ Passwords instead of _____ dual _____ on _____?
 _____ it _____ use _____ passwords _____ of _____ on mobile devices?

Is it _____ to eliminate dual-authentication _____ passwords via mobile _____?
 _____ to switch _____ One-Time Passwords and not use dual factor _____?
 _____ Single-Use Passwords _____ the need _____ authentication _____ and applications?
 _____ possible to have just One-Time _____ for _____?
 _____ it possible _____ on one-time passwords instead _____ dual _____?

Is there _____ only _____ instead _____ employing the dual-factor setup?

Can we _____ have _____ passwords for _____ apps _____?

_____ it possible to _____ only _____ passwords _____ verification?

Is it _____ just one-time _____ of _____ dual _____ for mobile _____ applications?

Is _____ way _____ use One-Time _____ than using dual _____ security _____ apps?

Wouldn't _____ to use One-Time _____ instead of using _____ on _____ devices?
 _____ feasible _____ only use One-Time _____ not _____ factor?

Is _____ possible _____ use One-Time _____ without _____ authentication?
 _____ it possible _____ use _____ than _____ on mobile devices?

____ it possible to only rely ____ Passwords losing ____ via ____?
 ____ just ____ One-Time ____ Mobile Devices for dual factor?
 Is ____ option ____ use ____ Passwords ____ dual ____ via app?
 Can ____ have ____ mobile apps?
 Can we ____ using ____ instead of dual ____?
 ____ it ____ to use ____ single-use ____ instead of the ____?
 ____ to use ____ apps ____ forgo dual factor?
 ____ it possible to ____ only one-time passwords ____ dual ____?
 Is it ____ switch ____ mobile app ____ password verification?
 It's possible to use just one-time ____ not ____ the ____.
 ____ it possible ____ use only One-Time Passwords instead ____?
 Do ____ eliminate the need ____ dual-factor ____ and ____ devices?
 Is it ____ to ____ passwords and ____ the mobile ____ factor?
 Is ____ to switch ____ app ____ only one-time Passwords?
 Is it ____ use only one-time ____ on ____?
 ____ possible ____ One-Time ____ instead of ____ factor on my mobile ____?
 ____ to just stick ____ Passwords ____ mobile ____ and applications?
 Is it ____ One-Time Passwords over relying ____ factor passwords via ____?
 ____ possible to only ____ One-Time ____ instead of dual ____ through ____?
 ____ use ____ one-time ____ and not have to use dual-factor ____?
 Does it ____ only ____ passwords, ____ than dual ____ credentials?
 ____ eliminate the ____ dual-factor authentication in mobile ____ applications?
 Can we just ____ One-Time Passwords, instead ____ thing with ____?
 Is ____ use One-Time Passwords ____ the ____ App dual factor?
 ____ it ____ to ____ use one ____ Passwords ____ two-factor ____ apps?
 Is it ____ to ____ an alternative to ____ factor in mobile ____?
 We ____ be ____ to use only ____ Passwords ____ using ____ dual ____ Authentication.
 Is there ____ could use ____ One-Time ____ instead ____ Mobile ____ dual FactorAuthentication?
 Is ____ to use One-Time Passwords ____ Mobile App ____ factor?
 Is ____ to ____ one-time password on apps ____ two-factor?
 ____ it possible ____ use ____ instead ____ factor security ____ mobile applications?
 Would ____ eliminate dual-authentication in favor of ____ passwords via ____?
 ____ I just ____ with One-Time ____ without using mobile ____?
 Is it possible ____ switch ____ One-Time ____ dual factor in ____?
 ____ exclusive usage ____ password make up ____ verification supported ____ technology?
 Is opting ____ One-Time ____ adequate ____ dual factor ____?
 ____ it ____ to use ____ one-time passwords, without ____ dual-factor ____?
 ____ possible to ____ One-Time Passwords, ____ dual factor ____?
 Is ____ possible ____ solely ____ One-Time Passwords ____ of ____ factor?
 Is ____ to use ____ one-time ____ not ____ the Mobile ____ dual factor ____?
 Is ____ to switch ____ security to one-time ____ security?
 ____ we ____ rely ____ Passwords when using ____ Devices/Applications?
 ____ switch from two-factor to ____ one-timepassword?
 ____ it ____ to ____ single-use ____ instead ____ dual factor?
 Is ____ password ____ of dual ____ for mobile devices?
 ____ to use just One-Time ____ of employing ____ factor passwords ____ devices?
 ____ only one time ____ possible instead ____?
 Is it ____ rely ____ Passwords ____ of dual-factorAuthentication?
 ____ to ____ to ____ one-time Passwords instead of ____ factor?
 ____ to eliminate ____ on ____ we choose only one-time passwords?

Is _____ to _____ on One-Time _____ instead of dual factor _____ ?
_____ it be _____ use One-Time Passwords _____ using _____ on mobile _____ ?
Is it _____ ditch _____ Mobile _____ App _____ and just _____ one-time _____ ?
Is there a _____ we can _____ Passwords _____ of _____ App _____ Factor _____ ?
_____ we _____ one-time passwords _____ using mobile _____ for dual _____ ?
_____ you _____ with mobile applications and _____ from _____ on One-time passwords?
_____ there an _____ to using _____ dual-factor setup _____ ?
Is _____ exclusively use _____ instead of relying on _____ ?
_____ it _____ use only one-time _____ and _____ need _____ use dual-factor _____ ?
_____ it _____ to use One-Time _____ through mobile devices?
Is it possible _____ use only _____ Passwords instead of _____ and _____ ?
_____ we just use One-Time _____ of _____ Mobile _____ App setup?
_____ it possible to _____ just _____ passwords _____ mobile _____ ?
Is _____ possible _____ on One-Time Passwords instead _____ ?
_____ we _____ stick _____ using One-Time _____ using _____ factor security on my _____ ?
_____ switch to One-Time _____ verification from _____ app _____ factor?
Is _____ where _____ Passwords _____ used _____ of the dual-factor _____ ?
Is _____ use single-use _____ of dual factor with _____ ?
Is it safe _____ switch from _____ App _____ authentication to _____ ?
_____ to use _____ passwords _____ of dual factor?
_____ only _____ instead _____ setup, a solution could be found.
_____ it possible to _____ alone _____ dual factor _____ on mobile devices?
Is _____ solely _____ Passwords instead of using _____ apps?
_____ a single _____ password instead of _____ dual factor one?
_____ possible _____ use one-time passwords _____ using dual _____ ?
Do _____ have a chance _____ One-Time _____ instead of using _____ App _____ ?
_____ it possible to _____ One-Time _____ instead _____ factor _____ on my _____ ?
One-Time _____ be _____ than _____ dual-factor setup on mobile _____ .
Is _____ passwords alone instead _____ using _____ factor Authentication?
_____ it _____ to use _____ using dual _____ passwords on mobile devices?
_____ it be _____ to _____ without dual _____ apps?
_____ to _____ dual factor _____ a mobile app?
_____ possible to rely _____ of dual factorAuth _____ mobile apps?
Is it possible _____ only _____ One-Time _____ dual-factor?
_____ it possible to forgo _____ on _____ ?
_____ it _____ to _____ only One-Time Passwords _____ mobile _____ applications?
Is it possible _____ rely _____ Passwordsm _____ factor Auth?
_____ it _____ to _____ on One-time _____ of dual _____ using _____ apps?
_____ way to only use _____ losing dual factor _____ app?
_____ it _____ to switch from Mobile _____ One- Time Password _____ ?
_____ single-use _____ the need for dual-factor _____ applications _____ mobile _____ ?
_____ it possible _____ switch over _____ One-Time _____ using _____ factor _____ mobile devices?
Is _____ possible _____ eliminate _____ sole reliance _____ single-time passwords _____ mobile apps?
_____ it _____ use _____ without _____ with mobile applications?
_____ it possible to _____ to using _____ instead of _____ on my _____ ?
Is _____ to _____ stick to _____ instead _____ using _____ dual factor _____ ?
_____ solely _____ on _____ Passwords instead of dual-factoring?
_____ it possible _____ Passwords instead of dual-factorauthentication?
_____ feasible to only _____ instead of using dual _____ ?
Is _____ to use One-Time _____ of _____ factor authentication via _____ ?

_____ it _____ switch over to One- Time Passwords _____ dual factor _____ ?

_____ it _____ mobile app _____ factor _____ one-time passwords?

_____ to eliminate _____ favor of _____ reliance _____ one _____ via mobile apps?

_____ possible _____ use One-Time Passwords _____ Mobile App dual _____ security?

_____ single-use passwords eliminate _____ to _____ for _____ devices _____ applications?

Is _____ a _____ only use _____ passwords for dual-factor security _____ ?

Is it _____ one-time passwords instead of _____ devices?

Is _____ safe to _____ from _____ app _____ to password _____ ?

_____ to _____ just _____ passwords instead _____ dual factor _____ on Mobile Devices/Applications?

Is it _____ to _____ one-time _____ of using dual factor _____ devices _____ applications?

Can using _____ passwords _____ of _____ and _____ make sense?

_____ we _____ use One-Time _____ for _____ ?

_____ only _____ One-Time Passwords?

Does _____ to forgo dual factor _____ apps?

_____ we _____ One-Time Passwords _____ of _____ Mobile Devices/Applications?

Can't _____ One-Time _____ and not have to use _____ ?

Is _____ use One-Time Passwords _____ factor security _____ mobile apps?

_____ just rely _____ One Time _____ ?

Is it _____ to _____ Mobile _____ factor with one _____ .

_____ it _____ swap dual factor _____ for _____ passwords?

_____ possible _____ to One-Time Passwords instead of using _____ factor with _____ devices _____ ?

Is _____ possible to _____ dual-authentication in _____ using _____ via _____ apps?
